AMENDMENT TO H.R. 3597

OFFERED BY Mr. Norman

At the end of the bill add the following:

SEC. 7. SENSE OF CONGRESS.

It is the sense of Congress that in order to reduce emissions and meet 100 percent of the power demand in the United States through clean, renewable, or zero-emission energy sources, the Secretary must prioritize research and development for all innovative energy technologies, including research to develop and improve the efficiency of fossil and nuclear power technologies.
