Federal grants, cooperative agreements, and contracts where The Dow Chemical Company or subsidiary is a recipient of funds.

Source of Funds	Funding Organization	Lead Organization	Program Title	Funding Awarded to Dow ($)
			2019	
			None	
			2018	
US-DOE	RAPID	Texas A&M	Synthesis of Operable Process Intensification Systems (SYNOPSIS)	$80,000
US-DOE	RAPID	Dow	Optimization modeling for advanced syngas to olefin reactive systems	$239,000
US-DOD	DMDII	Dow	An Analytics Based Supply Chain Risk and Event Management Decision Support Framework	$176,511
			2017	
US-DOD	DMDII	Dow	Integrated Scheduling and Control for Real-Time Optimization of Factory Operations	$760,107

Foreign grants, cooperative agreements, and contracts where The Dow Chemical Company or subsidiary is a recipient of funds.

Source of Funds	Funding Organization	Funding Program	Program Title	Funding Awarded to Dow ($)
			2019	
European Union	INTERREG	2 Seas	Alternative FRESH water resources for saline Coastal Areas (FRESH4Cs)	$68,489
			2018	
Dutch National	SenterNovem/RVO	TKI	Feasibility study subsurface fresh water storage in Braakman South region	$29,250
Dutch National	SenterNovem/RVO	TKI JIP	Valorization of post consumer LDPE into higher end circular packaging material (Prolyfex)	$20,441
Dutch National	SenterNovem/RVO	TKI	Steel to Chemicals - on the road to large-scale CO2 emission reduction in a circular economy	$3,387,017
			2017	
European Union	European Commission	H2020	Formulations & Computational Engineering (FORCE)	$484,989
European Union	European Commission	H2020	Advanced Composite Material Selection Platform with a Seamless Integration of Material Models and multidisciplinary Design framework (COMPOSELECTOR)	$236,141
European Union	European Commission	H2020	Compressed Natural Gas Transport System (GASVESSEL)	$1,673,815
Dutch National	INTERREG	2 Seas	Development and demonstration of low CARBON technologies to transform CO2 and CO streams from the steel industry inTO new VALUE chains (CARBON2VALUE)	$1,023,123
European Union	European Commission	H2020	Lignin oxidation technology for versatile lignin dispersants (LigniOx)	$298,375
European Union	European Commission	H2020	Impact of air pollutants on cutaneous responses in both healthy and compromised skin barrier, and innovative solutions to protect skin against urban pollution (CITYCARE)	$294,850
