## **JOINT RESOLUTION**

Designating the weeks beginning May 23, 1993, and May 15, 1994, as “Emergency Medical Services Week”.

Whereas emergency medical services is a vital public service;

Whereas access to quality emergency care dramatically improves the survival and recovery rate of those who experience sudden illness or injury;

Whereas efforts to establish emergency medicine as a medical specialty began 25 years ago with the founding of the American College of Emergency Physicians in 1968;

Whereas the members of emergency medical services teams are ready to provide lifesaving care to those in need 24 hours a day, 7 days a week;

Whereas emergency medical services teams consist of emergency physicians, emergency nurses, emergency medical technicians, paramedics, firefighters, educators, administrators, and others;

Whereas approximately  $\frac{2}{3}$  of all emergency medical services providers are volunteers;

Whereas the members of emergency medical services teams, whether career or volunteer, engage in thousands of hours of specialized training and continuing education to enhance their lifesaving skills;

Whereas Americans benefit daily from the knowledge and skills of these highly trained individuals;

Whereas it is appropriate to recognize the value and the accomplishments of emergency medical services providers by designating Emergency Medical Services Week; and

Whereas the designation of Emergency Medical Services Week will serve to educate all Americans about injury prevention and how to respond to a medical emergency:  
Now, therefore, be it
