A BILL

To establish a program to facilitate development of high-speed rail transportation in the United States, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 *This Act may be cited as the “High-Speed Rail Devel-*
3 *opment Act of 1993”.*

4 **SEC. 2. FINDINGS.**

5 *The Congress finds that—*

6 *(1) high-speed rail may offer a safe and efficient*
7 *alternative to aviation and motor vehicle travel for*
8 *intercity transportation in certain corridors linking*
9 *major metropolitan areas in the United States;*

10 *(2) high-speed rail may have environmental ad-*
11 *vantages over certain other forms of intercity trans-*
12 *portation;*

13 *(3) Amtrak’s Metroliner service between Wash-*
14 *ington, District of Columbia, and New York, New*
15 *York, the United States premier high-speed rail serv-*
16 *ice, has shown that Americans will use high-speed*
17 *rail when that transportation option is available;*

18 *(4) high-speed rail may help relieve congestion*
19 *experienced in densely travelled corridors;*

20 *(5) high-speed rail should be developed in those*
21 *intercity corridors where such service is appropriate;*

22 *(6) new high-speed rail service should not receive*
23 *Federal subsidies for operating and maintenance ex-*
24 *penses;*

1 (7) *State and local governments should take the*
2 *prime responsibility for the implementation of high-*
3 *speed rail service;*

4 (8) *the private sector should participate in fund-*
5 *ing the development of high-speed rail systems;*

6 (9) *in some intercity corridors, Federal financial*
7 *capital assistance is required to supplement the fi-*
8 *nancial commitments of State and local governments*
9 *and the private sector to ensure the development of the*
10 *infrastructure required for high-speed rail systems;*

11 (10) *new technologies can facilitate the develop-*
12 *ment of high-speed rail in the United States;*

13 (11) *the development of these technologies can ex-*
14 *pand the competitiveness of United States industry in*
15 *this country and overseas; and*

16 (12) *Federal assistance is required for research*
17 *and development of high-speed rail technologies for*
18 *commercial application in high-speed rail service in*
19 *the United States.*

1 **TITLE I—HIGH-SPEED RAIL**
2 **DEVELOPMENT**

3 **SEC. 101. NATIONAL HIGH-SPEED RAIL ASSISTANCE PRO-**
4 **GRAM.**

5 (a) *AMENDMENT.*—*The Railroad Revitalization and*
6 *Regulatory Reform Act of 1976 (45 U.S.C. 801 et seq.) is*
7 *amended by adding at the end the following new title:*

8 **“TITLE X—HIGH-SPEED RAIL**
9 **ASSISTANCE**

10 **“SEC. 1001. DESIGNATION OF CORRIDORS.**

11 “(a) *PETITION.*—*The Governor or Governors of a State*
12 *or States that substantially encompass a proposed corridor*
13 *may petition the Secretary for designation under this sec-*
14 *tion.*

15 “(b) *CONTENTS.*—*Any petition submitted pursuant to*
16 *subsection (a) shall include such information as the Sec-*
17 *retary determines by regulation to be necessary to evaluate*
18 *the merits of that corridor. Any such petition shall also des-*
19 *ignate a public agency, for each petitioning State, that is*
20 *authorized by the State to be responsible for coordination*
21 *of activities under the proposed high-speed rail program,*
22 *and authorized to receive financial assistance under sec-*
23 *tions 1002 or 1003.*

24 “(c) *CRITERIA FOR DESIGNATION.*—*The Secretary is*
25 *authorized to designate as a designated corridor any cor-*

1 *ridor where the Secretary determines that high-speed rail*
2 *offers the potential for cost-effective intercity passenger*
3 *transportation as part of the Nation's transportation sys-*
4 *tem. Such designation shall be based on such criteria as*
5 *the Secretary considers appropriate, including—*

6 “(1) *the integration of the designated corridor*
7 *into Statewide and metropolitan area transportation*
8 *planning undertaken pursuant to sections 134 and*
9 *135 of title 23, United States Code;*

10 “(2) *the interconnection of the proposed high-*
11 *speed rail service with other parts of the Nation's*
12 *transportation system, including the relationship of*
13 *the proposed service to intermodal terminals;*

14 “(3) *the effect of the proposed high-speed rail*
15 *service on the congestion of other modes of transpor-*
16 *tation;*

17 “(4) *the effect of the proposed service on State*
18 *and local governments' efforts to attain compliance*
19 *with the Clean Air Act;*

20 “(5) *the past and proposed financial commit-*
21 *ments and other support of State and local govern-*
22 *ments and the private sector to the proposed high-*
23 *speed rail program, including the acquisition of roll-*
24 *ing stock;*

25 “(6) *the estimated level of ridership;*

1 “(7) the estimated capital cost of the proposal;

2 “(8) the expected ability of the projected revenues
3 of the proposed service, along with any financial com-
4 mitments of State or local governments and the pri-
5 vate sector, to cover capital costs and operating and
6 maintenance expenses;

7 “(9) the support and cooperation of any owners
8 and operators of existing rail facilities proposed for
9 improvement in developing the high-speed rail service;
10 and

11 “(10) the effect of the proposed high-speed rail
12 service on other transportation services in operation
13 or under development.

14 “(d) *ADDITIONAL DESIGNATIONS.*—(1) The Secretary
15 shall, upon the written request of the Governor or Governors
16 of the State or States that substantially encompass the pro-
17 posed corridor, designate as a designated corridor—

18 “(A) any intercity rail corridor designated as a
19 high-speed rail corridor by the Secretary under sec-
20 tion 104(d)(2) of title 23, United States Code; or

21 “(B) any discrete portion of such a corridor.

22 “(2) The Secretary shall, upon the written request of
23 the Governor or Governors of the State or States that sub-
24 stantially encompass the proposed corridor, designate as a
25 designated corridor any intercity rail corridor, other than

1 *the main line of the Northeast Corridor between Washing-*
2 *ton, District of Columbia, and Boston, Massachusetts, that*
3 *includes a substantial segment where regularly scheduled*
4 *rail passenger service operates at speeds in excess of 100*
5 *miles per hour as of the date of enactment of the High-*
6 *Speed Rail Development Act of 1993.*

7 “(3) Any request under this subsection shall include
8 the designation of a public agency, for each requesting
9 State, that is authorized by the State to be responsible for
10 coordination of activities under the proposed high-speed rail
11 program, and authorized to receive financial assistance
12 under sections 1002 or 1003.

13 “(e) *ADMINISTRATIVE EXPENSES.*—The Secretary
14 may provide financial assistance to a public agency des-
15 ignated under subsection (b) for up to 80 percent of the
16 administrative expenses incurred by such agency, and de-
17 termined eligible by the Secretary, in carrying out its re-
18 sponsibilities in connection with the development of a des-
19 ignated corridor. The Secretary shall establish a formula
20 for the allocation of assistance under this subsection.

21 **“SEC. 1002. CORRIDOR MASTER PLANS.**

22 “(a) *REQUIREMENT.*—An applicant shall prepare and
23 submit to the Secretary, and may periodically amend, a
24 corridor master plan for a corridor, subject to the approval
25 of the Secretary.

1 “(b) *CONTENTS.*—A corridor master plan prepared
2 under subsection (a) shall identify a coordinated program
3 of improvements to advance the establishment of high-speed
4 rail service in the corridor, including those improvements
5 not eligible for financial assistance under this title. Such
6 plan shall include—

7 “(1) identification of how the proposed high-
8 speed rail service relates to State and metropolitan
9 area transportation plans of the affected States and
10 metropolitan areas;

12 comprise the program to achieve the high-speed rail
13 service, including their estimated costs, schedules,
14 timing, and relationship with other transportation
15 projects;

16 “(3) identification of the transportation benefits
17 expected to be derived from each element, including
18 reductions in trip times and increases in speeds;

19 “(4) identification of specific improvements that
20 comprise each element, a representation of the extent
21 to which such improvements are eligible for financial

4 completed and for each element undertaken to achieve
5 high-speed service, including estimates of any operat-
6 ing subsidies that would be required and the sources
7 of such subsidies;

8 “(6) an operating plan identifying the proposed
9 schedule and frequency of the high-speed rail service
10 and the coordination of such service with any other
11 rail operations on the corridor; and

13 by the Secretary.

14 “(c) *PLAN PREPARATION ASSISTANCE.*—The Sec-
15 retary, by regulation and to the extent the Secretary consid-
16 ers reasonable, may provide financial assistance to an ap-
17 plicant preparing a corridor master plan for up to 50 per-
18 cent of the costs associated with preparation of such plan
19 incurred after the date of enactment of the High-Speed Rail
20 Development Act of 1993, including the costs of design, en-
21 vironmental and route selection analysis, and preliminary
22 engineering necessary to support such analyses. The Sec-
23 retary shall not provide financial assistance under this sub-
24 section in an amount that exceeds the amount provided by
25 State and local governments for such preparation costs.

1 **“SEC. 1003. FINANCIAL ASSISTANCE FOR DESIGNATED COR-**
2 **RIDORS.**

3 “(a) *AUTHORITY.*—*The Secretary may provide finan-*
4 *cial assistance to an applicant to fund improvements eligi-*
5 *ble under subsection (c) of this section. No financial assist-*
6 *ance shall be provided under this section—*

7 “(1) *for improvements to the main line of the*
8 *Northeast Corridor, between Washington, District of*
9 *Columbia, and Boston, Massachusetts; or*

10 “(2) *for improvements relating to a designated*
11 *corridor in a State where the State prohibits the ex-*
12 *penditure of State funds for such improvements.*

13 “(b) *TERMS, CONDITIONS, AND PROCEDURES.*—*The*
14 *Secretary shall establish appropriate terms, conditions, and*
15 *procedures for the provision of financial assistance under*
16 *this section.*

17 “(c) *ELIGIBLE IMPROVEMENTS.*—*Improvements eligi-*
18 *ble for financial assistance under subsection (a) shall be*

20 *stock, that are necessary to facilitate the development of*
21 *high-speed rail service, including—*

22 “(1) *final engineering and design;*

23 “(2) *site specific environmental analyses and en-*

17 *by State and local governments to fund any increases in*
18 *the operating deficit of the National Railroad Passenger*
19 *Corporation with respect to that Corporation’s operation*
20 *over the designated corridor that result from the completion*
21 *of the element, and such other information as the Secretary*
22 *considers appropriate.*

23 “(h) *EARLY ASSISTANCE.—The Secretary may provide*
24 *financial assistance under subsection (a) for an element not*
25 *contained in a corridor master plan prepared under section*

1 1002 only if such financial assistance is provided, with re-
2 spect to a designated corridor, before the expiration of 30
3 months after the date of enactment of the High-Speed Rail
4 Development Act of 1993.

4 *“For purposes of this title—*

5 *“(1) the term ‘applicant’ means a public agency*
