A BILL

To amend the Federal Water Pollution Control Act to authorize the Administrator of the Environmental Protection Agency to make grants to address waste water needs of the residents of colonias in the southwest region of the United States, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Colonia Waste Water
5 Treatment Act of 1993”.

2 Congress finds that—

3 (1) there is currently a severe lack of potable
4 water and waste water treatment facilities in the
5 southwest region of the United States;

6 (2) the lack of facilities has caused the pollution
7 of the region's rivers and ground water; and

8 (3) this pollution presents a grave threat to
9 public health, due to the proliferation of infectious
10 diseases under such conditions.

11 **SEC. 3. GRANTS TO COLONIAS.**

12 Title II of the Federal Water Pollution Control Act
13 (33 U.S.C. 1281–1299 et seq.) is amended by adding the
14 following new section:

22 “(2) a county, municipality, or other political
23 subdivision of such State acting on behalf of a
24 colonia that meets the requirements of subsection
25 (b).

1 “(b) ELIGIBLE COLONIAS.—A colonia which meets
2 the requirements of this subsection is a community that—

4 of objective criteria, which may include the lack of
5 a potable water supply, lack of adequate sewage sys-
6 tems, or lack of decent, safe, and sanitary housing;

7 “(2) is located in the United States within 100
8 kilometers of the international boundary between
9 Mexico and the United States; and

10 “(3) was in existence as a colonia before No-
11 vember 27, 1990.

12 “(c) USE OF GRANT.—A grant made under this sec-
13 tion may be used for the planning, design, and construc-
14 tion, including the extension, improvement, alteration, or
15 reconstruction of facilities for the treatment of waste
16 water or the disposal of waste water by surface or under-
17 ground methods, or both.

18 “(d) GRANT AMOUNT.—The amount of a grant made
19 under this section shall not exceed 100 percent of the costs
20 of the project that is the subject of the grant.
