the United States of America in Congress assembled,*

SECTION 1. ESTABLISHMENT.

(a) **PURPOSE AND ESTABLISHMENT.**—In order to conserve, protect, and restore the recreational, ecological, cultural, religious, and wildlife resource values of the Jemez Mountains, there is hereby established the Jemez National Recreational Area (hereinafter in this Act referred to as the “recreation area”), to be administered by the Secretary of Agriculture (hereinafter in this Act referred to as the “Secretary”).

(b) **AREA INCLUDED.**—The recreation area shall be comprised of approximately 57,000 acres of lands and interests in lands within the Santa Fe National Forest as generally depicted on the map entitled “Jemez National Recreation Area—Proposed” and dated September 1992. The map shall be on file and available for public inspection in the offices of the Chief of the Forest Service, Department of Agriculture, Washington, District of Columbia. The Secretary may from time to time, in consultation with local tribal leaders, make minor revisions in the boundary of the recreation area to promote management effectiveness and efficiency in furtherance of the purposes of this Act.

(c) **MAP AND DESCRIPTION.**—As soon as practicable after enactment of this Act, the Secretary shall file a map and legal description of the recreation area with the Committee on Natural Resources of the House of Representatives and with the Committee on Energy and Natural Resources and the Select Committee on Indian Affairs of the Senate. Such map and legal description shall have the same force and effect as if included in this Act, except that correction of clerical and typographical errors in such legal description and map may be made. Such map and legal description shall be on file and available for public inspection in the Office of the Chief of the Forest Service, Department of Agriculture.

(d) **NO ADDITIONAL LANDS.**—No lands or interests therein outside of the boundaries of the recreation area may be added to the recreation area without specific authorization by Congress.

SEC. 2. ADMINISTRATION.

(a) **IN GENERAL.**—The Secretary shall administer the recreation area in accordance with this Act and the laws, rules, and regulations applicable to National Forest System lands in a manner that will further the purposes of the recreation area. Management of the

natural resources within the recreation area shall be permitted only to the extent that such management is compatible with and does not impair the purposes for which the recreation area is established. Recreational activities within the recreation area shall include (but not be limited to) hiking, camping, hunting, fishing, skiing, backpacking, rock climbing, and swimming.

(b) MANAGEMENT PLAN.—The Secretary shall, no later than 5 years after the enactment of this Act, develop a management plan for the recreation area, as an amendment to the Santa Fe National Forest Land and Resource Management Plan, to reflect the establishment of the recreation area and to conform to the provisions of this Act. Nothing in this Act shall require the Secretary to revise the Santa Fe Forest Land and Resource Management Plan pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974. During development of the management plan for the recreation area, the Secretary shall study newly designated land within the recreation area, and adjacent national forest land.

(c) CULTURAL RESOURCES.—In administering the recreation area, the Secretary shall give particular emphasis to the preservation, stabilization, and protection of cultural resources located within the recreation area in furtherance of the Archaeological Resources Protection Act of 1979, the National Historic Preservation Act, and the Act of August 11, 1978 (42 U.S.C. 1991) (commonly referred to as the “American Indian Religious Freedom Act”).

(d) NATIVE AMERICANS.—(1) In recognition of the historic use of portions of the recreation area by Indian peoples for traditional cultural and customary uses, the Secretary shall, subject to the provisions of section 2(n) in consultation with local tribal leaders, ensure the protection of religious and cultural sites and provide access from time to time to those sites by Indian peoples for traditional cultural and customary uses. Such access shall be consistent with the purpose and intent of the Act of August 11, 1978 (42 U.S.C. 1991) (commonly referred to as the “American Indian Religious Freedom Act”). The Secretary, in accordance with such Act, upon request of an Indian tribe or pueblo, may from time to time temporarily close to general public use one or more specific portions of the recreational area in order to protect traditional and customary uses in such portions by Indian peoples.

(2) In preparing and implementing management plans for the recreation area, the Secretary shall request that the Governor of the Pueblo of Jemez and the chief executive officers of other appropriate Indian tribes and pueblos make recommendations on methods of—

- (A) assuring access to religious and cultural sites;
- (B) enhancing the privacy and continuity of traditional cultural and religious activities in the recreation area; and

the recreation area in accordance with applicable Federal and State law.

(g) **TIMBER HARVESTING.**—The Secretary may permit timber harvesting in the recreation area for commercial purposes, including (but not limited to) vigas, latillas, the gathering of fuelwood, and for purposes of public safety, recreation, wildlife, and administration, insofar as the harvesting is compatible with the purposes of the recreation area. Trees damaged or downed due to fire, disease, or insect infestation may be utilized, salvaged, or removed from the recreation area as authorized by the Secretary in furtherance of the purposes of this Act. Nothing in this Act shall be construed to affect the timber sales under contract on the date of enactment of this Act. Nothing in this Act shall be construed to effect the Los Griegos timber sale in the Los Griegos Diversity Unit number 0322 as shown on the West Half Diversity Unit map of the Santa Fe National Forest dated November 1991; except that the Secretary shall manage such sale using uneven aged management including the individual tree selection method.

(h) **GRAZING.**—The Secretary may permit grazing within the recreation area in accordance with regulations prescribed by the Secretary. Riparian areas shall be managed in such a manner as to protect their important resource values.

(i) **TRANSPORTATION PLAN.**—(1) Within 1 year after the date of enactment of this Act, the Secretary shall prepare a transportation plan that provides for the most efficient use of roads and trails to accomplish the purposes of this Act. The plan shall provide for a comprehensive trails system that provides for dispersed recreation while minimizing impact on significant archaeological and religious sites.

(2) The Secretary shall construct, maintain, and close roads within the recreation area after consultation with local tribal leaders and only in accordance with such plan.

(3) it is in the public interest that such corridor be located in the recreation area; and

(4) a plan to minimize harm to the resources of the recreation area has been developed.

(m) **SCIENTIFIC INVESTIGATIONS.**—The Secretary may permit scientific investigations within the recreation area upon the Sec-

retary's determination that such investigations are in the public interest and are compatible with the purposes of this Act.

(n) **RESOURCE PROTECTION.**—The Secretary may designate zones where, and establish periods when, any activity otherwise permitted in the recreation area will not be permitted for reasons of public safety, administration, fish and wildlife management, protection of archaeological or cultural resources, or public use and enjoyment. Except in emergencies such designations by the Secretary shall be put into effect only after consultation with the appropriate State agencies, appropriate tribal leaders, and other affected parties.

(d) **MINING CLAIM VALIDITY REVIEW.**—The Secretary of Agriculture shall undertake and complete within 3 years after the date of enactment of this Act an expedited program to examine all unpatented mining claims, including those for which a patent application has been filed, within the recreation area. Upon determination by the Secretary of Agriculture that the elements of a contest are present, the Secretary of the Interior shall immediately determine the validity of such claims. If a claim is determined to be invalid, the Secretary shall promptly declare the claim to be null and void.
