### A BILL

- To designate certain lands in the California Desert as wilderness, to establish the Death Valley and Joshua Tree National Parks and the Mojave National Monument, and for other purposes.
  - 1 Be it enacted by the Senate and House of Representa-
  - 2 tives of the United States of America in Congress assembled,
  - 3 That this Act may be cited as the "California Desert Protec-

4 tion Act of 1994".

5

- FINDINGS AND POLICY
- 6 SEC. 2. (a) The Congress finds and declares that—

(1) the federally owned desert lands of Southern California constitute a public wildland resource of extraordinary and inestimable value for this and future

4 generations;

1

2

3

5 (2) these desert wildlands display unique scenic,
6 historical, archeological, environmental, ecological,
7 wildlife, cultural, scientific, educational, and rec8 reational values used and enjoyed by millions of
9 Americans for hiking and camping, scientific study
10 and scenic appreciation;

(3) the public land resources of the California
desert now face and are increasingly threatened by
adverse pressures which would impair, dilute, and destroy their public and natural values;

(4) the California desert, embracing wilderness
lands, units of the National Park System, other Federal lands, State parks and other State lands, and
private lands, constitutes a cohesive unit posing
unique and difficult resource protection and management challenges;

(5) through designation of national monuments
by Presidential proclamation, through enactment of
general public land statutes (including section 601 of
the Federal Land Policy and Management Act of
1976, 90 Stat. 2743, 43 U.S.C. 1701 et seq.) and

3

through interim administrative actions, the Federal 1 2 Government has begun the process of appropriately providing for protection of the significant resources of 3 the public lands in the California desert; and 4 (6) statutory land unit designations are needed 5 to afford the full protection which the resources and 6 public land values of the California desert merit. 7 (b) In order to secure for the American people of this 8 and future generations an enduring heritage of wilderness, 9 national parks, and public land values in the California 10 desert, it is hereby declared to be the policy of the Congress 11 that— 12 (1) appropriate public lands in the California 13 desert shall be included within the National Park 14 System and the National Wilderness Preservation 15 16 System, in order to— 17 (A) preserve unrivaled scenic, geologic, and 18 wildlife values associated with these unique nat-19 ural landscapes; 20 (B) perpetuate in their natural state significant and diverse ecosystems of the California 21 22 desert: (C) protect and preserve historical and cul-23 tural values of the California desert associated 24 with ancient Indian cultures, patterns of western 25

exploration and settlement, and sites exemplify-1 2 ing the mining, ranching and railroading history of the Old West; 3 4 (D) provide opportunities for compatible outdoor public recreation, protect and interpret 5 ecological and geological features and historic, 6 7 paleontological, and archeological sites, maintain wilderness resource values, and promote public 8 understanding and appreciation of the Califor-9 10 nia desert: and (E) retain and enhance opportunities for 11 scientific research in undisturbed ecosystems. 12 TITLE I—WILDERNESS ADDITIONS 13 14 FINDINGS 15 SEC. 101. The Congress finds and declares that— (1) wilderness is a distinguishing characteristic 16 17 of the public lands in the California desert, one which 18 affords an unrivaled opportunity for experiencing 19 vast areas of the Old West essentially unaltered by 20 man's activities, and which merits preservation for the benefit of present and future generations; 21 22 (2) the wilderness values of desert lands are increasingly threatened by and especially vulnerable to 23 impairment, alteration, and destruction by activities 24

5

3 (3) preservation of desert wilderness necessarily
4 requires the highest forms of protective designation
5 and management.
