

103^D CONGRESS
2^D SESSION

H. R. 5307

To amend title 28, United States Code, with respect to photographing,
recording, and broadcasting court proceedings.

IN THE HOUSE OF REPRESENTATIVES

NOVEMBER 29, 1994

Mr. SCHUMER introduced the following bill; which was referred to the
Committee on the Judiciary

A BILL

To amend title 28, United States Code, with respect to
photographing, recording, and broadcasting court pro-
ceedings.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. FINDINGS.**

4 The Congress finds that—

5 (1) the right to public trials and other court
6 proceedings is protected by the First and Sixth
7 Amendments to the Constitution;

8 (2) while members of the public once commonly
9 attended trials in person, today they must rely on

1 the print and electronic media to learn about court
2 proceedings;

3 (3) Americans' understanding of the courts and
4 their important work, as well as respect for the judi-
5 cial system, is enhanced when photographic and elec-
6 tronic media coverage is permitted;

7 (4) while 47 States now allow photographic and
8 electronic media coverage of some or all of their
9 courts, Federal courts have been entirely closed to
10 such coverage, aside from a limited experimental
11 program;

12 (5) the presence of cameras and microphones in
13 the courtroom does not deny litigants due process of
14 law, or interfere with the fundamental fairness of
15 the trial, as the Supreme Court recognized more
16 than a decade ago in *Chandler v. Florida*; and

17 (6) photographic and electronic media coverage
18 of the courts does not, when appropriately regulated,
19 either disrupt the proceedings or undermine the fair
20 administration of justice.

21 **SEC. 2. MEDIA COVERAGE OF COURT PROCEEDINGS.**

22 Chapter 111 of title 28, United States Code, is
23 amended by adding at the end the following new section:

24 **“§ 1659. Media coverage of court proceedings**

2 Conference shall, within 1 year after the effective
3 date of this section, authorize an experimental pro-
4 gram in which the presiding judge of a court of the
5 United States may, in his or her discretion, and sub-
6 ject to the provisions of this section, permit photo-

23 by virtue of this section, for the benefit of the media
24 in providing photographic or electronic media cov-

3 for permission to use photographic or electronic
4 media coverage of a court proceeding under this sec-

16 such coverage shall contain any restrictions imposed
17 by the judge on the photographic or electronic media
18 coverage and shall contain a statement advising the
19 parties that any violation of the rules of the court
20 with respect to such permission may be punished by
21 the court as a contempt thereof. A decision of the
22 court under this paragraph to grant or deny a re-
23 quest for photographic or electronic media coverage

25 an abuse of discretion.

2 ference shall be held in each case in which photo-
3 graphic or electronic media coverage of a proceeding

5 public.

7 the request of a witness in any criminal proceeding
8 for which photographic or electronic media coverage
9 is permitted under this section, the presiding judge
10 may, for good cause shown based on the cir-
11 cumstances of that witness, order that the visual
12 image of the witness be obscured.

13 “(d) EQUIPMENT AND PERSONNEL.—The court may
14 require media personnel to demonstrate that equipment
15 proposed to be used for photographic or electronic media
16 coverage under this section complies with this section. The

2 “(1) CREATION.—There shall be created a com-
3 mittee to evaluate whether photographic or elec-
4 tronic media coverage of criminal court proceedings
