5 (3) It is in the interest of the United States
6 that the Federal Government facilitate the economic
7 recovery of communities that experience adverse eco-
8 nomic circumstances as a result of the closure or re-
9 alignment of a military installation.

11 economic recovery of a community by preventing or
12 reducing the loss of jobs that might otherwise occur
13 as a result of such a closure or realignment.

15 that the Federal Government work with communities
16 that experience adverse economic circumstances as
17 the result of the closure of military installations to
18 identify and implement means of reutilizing or rede-
19 veloping such installations in a beneficial manner.

20 (6) The Federal Government may provide such
21 assistance by accelerating environmental restoration
22 at military installations to be closed, and by closing
23 such installations, in a manner that best ensures the
24 beneficial reutilization or redevelopment of such in-
25 stallations by such communities.

1 (7) The Federal Government may best ensure
2 such reutilization and redevelopment by making
3 available real and personal property of the closing
