

104TH CONGRESS  
2D SESSION

# H. R. 3201

To amend the Federal Food, Drug, and Cosmetic Act to facilitate the development, clearance, and use of devices to maintain and improve the public health and quality of life of the citizens of the United States.

---

## IN THE HOUSE OF REPRESENTATIVES

MARCH 29, 1996

Mr. BARTON of Texas (for himself, Mr. GREENWOOD, Mr. RICHARDSON, Mr. BILIRAKIS, Mr. HALL of Texas, Mr. GORDON, Mr. BURR, Ms. ESHOO, Mr. COBURN, Mr. BREWSTER, Mr. KLUG, Mr. DOOLEY of California, Mr. GANSKE, Mr. MCHALE, Mr. BILBRAY, Mr. PAYNE of Virginia, Mr. OXLEY, Mr. HOLDEN, Mr. FIELDS of Texas, Mr. PAXON, Mr. SCHAEFER, Mr. TAUZIN, Mr. FOX of Pennsylvania, Mr. UPTON, Mr. CAMPBELL, Mr. MCINTOSH, Mr. COX of California, Mr. DREIER, Mr. HEINEMAN, Mr. FUNDERBURK, Mr. WELDON of Florida, Mr. HOSTETTLER, Mr. SHAYS, Mr. HASTERT, Mr. NORWOOD, Mr. BURTON of Indiana, Mr. FRAZER, Mr. STEARNS, Mr. FRISA, Mr. RAMSTAD, Mr. MARTINI, and Ms. DUNN of Washington) introduced the following bill; which was referred to the Committee on Commerce

---

## A BILL

To amend the Federal Food, Drug, and Cosmetic Act to facilitate the development, clearance, and use of devices to maintain and improve the public health and quality of life of the citizens of the United States.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE; REFERENCE; TABLE OF CON-**  
 2 **TENTS.**

3 (a) **SHORT TITLE.**—This Act may be cited as the  
 4 “Medical Device Reform Act of 1996”.

5 (b) **REFERENCE.**—Whenever in this Act an amend-  
 6 ment or repeal is expressed in terms of an amendment  
 7 to, or repeal of, a section or other provision, the reference  
 8 shall be considered to be made to a section or other provi-  
 9 sion of the Federal Food, Drug, and Cosmetic Act (21  
 10 U.S.C. 301 et seq.).

11 (c) **TABLE OF CONTENTS.**—The table of contents is  
 12 as follows:

- Sec. 1. Short title; reference; table of contents.
- Sec. 2. FDA mission and annual report.
- Sec. 3. Dispute resolution.
- Sec. 4. Investigational device exemptions.
- Sec. 5. Special review for certain devices.
- Sec. 6. Expanding humanitarian use of devices.
- Sec. 7. Performance standards.
- Sec. 8. Effectiveness determination.
- Sec. 9. Premarket notification.
- Sec. 10. Classification panels.
- Sec. 11. Premarket approval.
- Sec. 12. Accreditation of third parties.
- Sec. 13. Reclassification of preamendment devices.
- Sec. 14. Device tracking.
- Sec. 15. Postmarket surveillance.
- Sec. 16. Harmonization.
- Sec. 17. Good manufacturing practice inspections.
- Sec. 18. Use of scientific and medical information.
- Sec. 19. Reports.
- Sec. 20. G.M.P. and device reports.
- Sec. 21. Civil penalties.
- Sec. 22. Information system.
- Sec. 23. Environmental impact review.
- Sec. 24. Informal agency statements.
- Sec. 25. Research and education; practice of medicine.
- Sec. 26. Publication of notice of deviation.

1 **SEC. 2. FDA MISSION AND ANNUAL REPORT.**

2 (a) MISSION.—Section 903 (21 U.S.C. 393) is  
3 amended by redesignating subsections (b) and (c) as sub-  
4 sections (c) and (d), respectively, and by adding after sub-  
5 section (a) the following:

6 “(b) MISSION.—The Food and Drug Administration  
7 shall protect the public health and safety and promptly  
8 and efficiently review and approve clinical research and  
9 marketing of products in a manner that does not unduly  
10 impede innovation or product availability. The Food and  
11 Drug Administration shall participate with other countries  
12 to reduce the burden of regulation, harmonize regulatory  
13 requirements, and achieve appropriate reciprocal arrange-  
14 ments.”

15 (b) ANNUAL REPORT.—Section 903 (21 U.S.C. 393),  
16 as amended by subsection (a), is amended by adding at  
17 the end the following:

18 “(e) ANNUAL REPORT.—The Secretary shall, simul-  
19 taneously with the submission each year of the budget for  
20 the Food and Drug Administration, submit to the Com-  
21 mittee on Commerce of the House of Representatives and  
22 the Committee on Labor and Human Resources of the  
23 Senate an annual report which shall—

24 “(1) review the performance of the Food and  
25 Drug Administration in meeting its mission and the

1 development of Food and Drug Administration poli-  
2 cies to implement such mission;

3 “(2) review the performance of the Food and  
4 Drug Administration in meeting its own perform-  
5 ance standards, including its own outcome measure-  
6 ments and statutory deadlines for the approval of  
7 products or for other purposes contained in this Act;

8 “(3) describe the staffing and resources of the  
9 Food and Drug Administration and list those per-  
10 sons and organizations accredited to conduct inves-  
11 tigations under section 505(1), product approvals  
12 under sections 505 and 506, and to perform good  
13 manufacturing practice reviews under section  
14 505(d)(3) and 520(f);

15 “(4) describe the goals, activities, and accom-  
16 plishments of the Food and Drug Administration in  
17 bilateral and multinational meetings that addressed  
18 methods and approaches to reduce the burden of  
19 regulation, harmonize regulation, and to seek appro-  
20 priate reciprocal arrangements, list each such meet-  
21 ing, and list pending issues specifying those that are  
22 not consistent with or are contrary to the provisions  
23 of this Act; and

24 “(5) compare the performance of the Food and  
25 Drug Administration in approving innovative prod-

1       ucts with that of the most successful agencies per-  
2       forming similar functions in other countries and  
3       compare the resources used by such agencies.”.

4       **SEC. 3. DISPUTE RESOLUTION.**

5       Chapter V is amended by adding after section 522  
6       the following:

7                               “DISPUTE RESOLUTION

8       “SEC. 523. (a) At any time before the issuance of  
9       the notice under section 510(k) or an exemption for inves-  
10      tigational use under section 520(g) for a device, the appli-  
11      cant may, in writing, notify the Secretary that an impasse  
12      exists in the review of the application for a device under  
13      section 515 or the submission for such an exemption with  
14      respect to a specifically identified issue.

15      “(b) On receipt of the notification from the applicant,  
16      the Secretary shall refer the disputed issue—

17                               “(1) to an existing (as of the date of the notifi-  
18      cation) scientific advisory panel having expertise re-  
19      lated to the issue;

20                               “(2) to a special Government employee, as de-  
21      fined in section 202(a) of title 18, United States  
22      Code, or to a non-governmental person qualified to  
23      mediate or arbitrate the substance of such impasse  
24      who is acceptable to the Secretary and the applicant.

25      “(c) The applicant and representatives of the Sec-  
26      retary may consult with the panel, special Government em-

1 ployee, or non-governmental person on the matter re-  
2 ferred. The panel, special Governmental employee, or non-  
3 governmental person shall submit to the Secretary and the  
4 applicant a report containing recommendations (including  
5 a statement of reasons for the recommendations) regard-  
6 ing the matter not later than 60 days after the date of  
7 the referral, or not later than 90 days after the date of  
8 the referral if the panel, special Governmental employee,  
9 or non-governmental person considers the additional 30  
10 days to be necessary. Not later than 30 days after the  
11 date of receiving the report, the Secretary shall, in writing,  
12 confirm or modify the recommendations received, provid-  
13 ing reasons and reference to data before the panel, special  
14 Governmental employee, or non-governmental person for  
15 any modification. If the Secretary fails to act on such a  
16 recommendation within 30 days of its receipt, the rec-  
17 ommendation of the panel, special Government employee,  
18 or non-governmental person shall be deemed to be the rec-  
19 ommendation of the Secretary.

20 “(d) The Federal Advisory Committee Act shall not  
21 apply to any scientific advisory panel acting under this  
22 section.”.

23 **SEC. 4. INVESTIGATIONAL DEVICE EXEMPTIONS.**

24 Section 520(g) (21 U.S.C. 360j(g)) is amended by  
25 adding at the end the following:

1       “(6) The Secretary shall, by regulation and within  
2 120 days of the date of the enactment of this paragraph,  
3 update the procedures and conditions under which devices  
4 intended for human use may upon application be granted  
5 an exemption from certain requirements of this Act. Such  
6 regulation shall—

7           “(A) permit the use of investigational devices,  
8       outside of an investigational protocol, in the diag-  
9       nosis or treatment of diseases or conditions that are  
10      life-threatening or could be irreversibly debilitating  
11      when the risk of not using the investigational device  
12      exceeds the probable risk of using such device as de-  
13      termined by the treating physician;

14          “(B) ensure that prior to submitting an appli-  
15      cation to the Secretary or to an institutional review  
16      board, any person intending to investigate the safety  
17      or effectiveness of a class III device or an implant  
18      device will have the opportunity to submit an inves-  
19      tigational plan, including a clinical protocol, to the  
20      Secretary for review;

21          “(C) within 30 days of receipt of an investiga-  
22      tional plan under subparagraph (B), require the Sec-  
23      retary to respond in writing to the submitter identi-  
24      fying each deficiency with the plan and such other

1 information that will facilitate the review and ap-  
2 proval of an application;

3 “(D) provide a submitter who disputes the Sec-  
4 retary’s response under subparagraph (C) a right to  
5 appear before a classification panel constituted  
6 under section 513(b), at the next scheduled panel  
7 meeting, and obtain the review by the panel of the  
8 investigational plan and the Secretary’s evaluation of  
9 such plan;

10 “(E) permit developmental changes in devices  
11 in response to information gathered during the  
12 course of an investigation without requiring an addi-  
13 tional approval of an application for an investiga-  
14 tional device exemption, or the approval of a supple-  
15 ment to such an application, if such changes do not  
16 constitute a significant change in design or a signifi-  
17 cant change in basic principles of operation; and

18 “(F) without additional approval of an applica-  
19 tion for an investigational device exemption, or the  
20 approval of a supplement to such an application,  
21 permit changes or modifications to clinical protocols  
22 that do not affect the validity of data or information  
23 resulting from the completion of an approved proto-  
24 col and do not alter the relationship of likely patient  
25 risk to benefit relied upon to approve a protocol.”.

1 **SEC. 5. SPECIAL REVIEW FOR CERTAIN DEVICES.**

2 Section 515(d) is amended by adding at the end the  
3 following:

4 “(4) In order to better treat or diagnose life-threaten-  
5 ing or irreversibly debilitating diseases or conditions of  
6 man, the Secretary shall promulgate a regulation to create  
7 review priority for devices—

8 “(A) representing breakthrough technologies,

9 “(B) for which no approved alternatives exist,

10 “(C) which offer significant advantages over ex-  
11 isting approved alternatives, or

12 “(D) the availability of which is in the best in-  
13 terest of the public health.

14 Such regulation shall include, among other things, criteria  
15 identifying devices which merit preferential review, speci-  
16 fying procedures for implementing such reviews, and iden-  
17 tifying substantive review criteria appropriate to making  
18 prompt and efficient review of such devices. The Secretary  
19 shall publish in the Federal Register a proposed regulation  
20 to create such review priority no later than 6 month after  
21 the date of the enactment of this paragraph, allowing 60  
22 days for comment. The Secretary will publish a final regu-  
23 lation no later than 60 days after the last day of the com-  
24 ment period.”.

25 **SEC. 6. EXPANDING HUMANITARIAN USE OF DEVICES.**

26 Section 520(m) (21 U.S.C. 360j(m)) is amended—

1 **SEC. 8. EFFECTIVENESS DETERMINATION.**

2 Section 513(a)(3) (21 U.S.C. 360c(a)(3)) is amend-  
3 ed—

4 (1) in subparagraph (A), by inserting “one or  
5 more” after “on the basis of” and by striking “clinical  
6 investigations” and inserting “a clinical inves-  
7 tigation”; and

8 (2) by adding at the end of subparagraph (A)  
9 the following: “A well-controlled clinical investiga-  
10 tion—

11 “(i) shall not be considered appropriate unless  
12 the Secretary determines, after consultation with a  
13 classification panel established under subsection (b),  
14 that such investigation is necessary to demonstrate  
15 that the device will have the effect it purports or is  
16 represented to have under the conditions of use pre-  
17 scribed, recommended, or suggested in the labeling  
18 of the device; and

19 “(ii) shall only include methods of control that  
20 are appropriate to the disease or condition for which  
21 a device is intended as prescribed, recommended, or  
22 suggested in the labeling of the device.

23 Any person may submit a well-controlled clinical investiga-  
24 tion to the Secretary to demonstrate that a device will  
25 have the effect it purports or is represented to have under  
26 the conditions of use prescribed, recommended, or sug-

1 gested in the labeling of the device and, without reliance  
2 on a classification panel, the Secretary may determine that  
3 such studies are appropriate for such purpose.”; and

4 (3) by adding at the end the following:

5 “(C) For purposes of this paragraph, the determina-  
6 tion of effectiveness shall not include any of the following:

7 “(i) The evaluation of clinical outcomes if the  
8 use of a device provides a medical contribution to  
9 the diagnosis or treatment of the persons for whom  
10 the device is intended unless the labeling of the de-  
11 vice represents that it provides a therapeutic effect  
12 to the persons for whom the device is intended.

13 “(ii) The evaluation of relative effectiveness un-  
14 less the performance of a device is compared to that  
15 of another device through labeling or other represen-  
16 tations by the person legally responsible for the la-  
17 beling of the device.

18 “(iii) The evaluation of cost effectiveness rep-  
19 resentations unless the labeling specifically includes  
20 a statement about the cost effectiveness.

21 “(iv) The evaluation of any indication for use  
22 not included in the labeling of a device unless the  
23 person legally responsible for the labeling of the de-  
24 vice promotes such indications for use.”.

1 **SEC. 9. PREMARKET NOTIFICATION.**

2 (a) SECTION 510.—Section 510 (21 U.S.C. 360) is  
3 amended—

4 (1) in subsection (k), by inserting after “a de-  
5 vice intended for human use” the following: “(other  
6 than any device classified into class I under section  
7 513 or 520 or any device classified into class II  
8 under section 513 or 520 if such class II device has  
9 been exempted from the requirements of this sub-  
10 section under subsection (l))”;

11 (2) in subsection (k), by striking “report to the  
12 Secretary” and inserting “have the option of report-  
13 ing to the Secretary or any person who is not an em-  
14 ployee of the United States and who is accredited  
15 under section 712(a)”;

16 (3) by adding the following after subsection (k):  
17 “(l) Within 30 days after the date of the enactment  
18 of this subsection, the Secretary shall publish in the Fed-  
19 eral Register a list of each type of class II device that  
20 does not require a report under subsection (k) to provide  
21 reasonable assurance of safety and effectiveness. Each  
22 type of class II device listed by the Secretary shall be ex-  
23 empt from the requirement to file a report under sub-  
24 section (k) as of the date of the publication of the list  
25 in the Federal Register. Beginning on the date that is 1  
26 day after the date of the publication of the list, any person

1 may petition the Secretary to exempt a type of class II  
2 device from the reporting requirement of subsection (k).  
3 If the Secretary fails to respond to a petition within 120  
4 days of receiving it, the petition shall be deemed to be  
5 granted.”.

6 (b) INITIAL CLASSIFICATION.—Section 513(f) (21  
7 U.S.C. 360c(f)) is amended—

8 (1) in the second sentence of paragraph (1) by  
9 striking the period at the end and inserting the fol-  
10 lowing: “unless within 30 days of receiving an order  
11 classifying the device into class III the individual  
12 who submits a report under section 510(k) for such  
13 device requests review and recommendation with re-  
14 spect to the classification of the device by a classi-  
15 fication panel established under subsection (b) and  
16 a final order of classification from the Secretary.  
17 After the request, a device classified into class III  
18 under this paragraph shall not be deemed to be fi-  
19 nally classified until a classification panel established  
20 under subsection (b) reviews the request with re-  
21 spect to the classification of the device and, within  
22 60 days of the date of receiving the request, rec-  
23 ommends to the Secretary a classification for the de-  
24 vice based on the classification criteria set forth in  
25 subparagraphs (A) through (C) of subsection (a)(1).

1       Thereafter, the Secretary shall have 10 days to de-  
2       termine by order the final classification of the device  
3       by applying such criteria. If the Secretary fails to  
4       issue such an order within such 10 days, the rec-  
5       ommendation of the classification panel shall be  
6       deemed to be the order of final classification of the  
7       device issued by the Secretary.”.

8               (2) by adding at the end the following:

9       “(4)(A) Within 90 days of receiving a report required  
10      under section 510(k) for devices identified as being sub-  
11      stantially equivalent to a class II device, a person accred-  
12      ited under section 712 to conduct reviews of such report  
13      shall determine the initial classification under paragraph  
14      (1)(A) of any such device which was not introduced or de-  
15      livered for introduction into interstate commerce for com-  
16      mercial distribution before the date of the enactment of  
17      this subparagraph and shall submit such determination to  
18      the Secretary. The accredited person shall immediately, by  
19      registered mail, provide to the submitter of such report  
20      a copy of the recommendation to the Secretary for an  
21      order classifying the device. Such determination shall be  
22      considered to be an order of the Secretary initially  
23      classifying the device. If the accredited person determines  
24      that the device should be classified into class III, such per-

1 son shall, immediately upon making such determination,  
2 refer the report to the Secretary.

3       “(B) Within 60 days of receiving a report required  
4 under section 510(k) for a device identified as being sub-  
5 stantially equivalent to a class III device, a person accredited  
6 ited under section 712 to conduct reviews of such report  
7 shall make a determination of the initial classification  
8 under paragraph (1)(A) of any such device which was not  
9 introduced or delivered for introduction into interstate  
10 commerce for commercial distribution before the date of  
11 the enactment of this subparagraph, and within such time  
12 period submit a recommendation to the Secretary and to  
13 the submitter of the report which contains such deter-  
14 mination. The recommendation by such person of initial  
15 classification of a device shall be considered to be an order  
16 of the Secretary unless the Secretary, within 30 calendar  
17 days of receipt of the recommendation, finds that the de-  
18 vice is not substantially equivalent to a predicate device  
19 and issues an order under this subsection initially  
20 classifying the device. Such order shall be based on the  
21 criteria in this subsection and subsection (i) and provide  
22 a detailed explanation and justification for the basis of the  
23 Secretary’s disagreement, if any, with the accredited per-  
24 son’s recommendation. If, within 90 days from the date  
25 of receipt of the report, the Secretary does not issue an

1 order that differs from the recommendation of the accred-  
2 ited person, the Secretary shall promptly send by reg-  
3 istered mail to the submitter of the report such rec-  
4 ommendation as the Secretary's order of initial classifica-  
5 tion. If the Secretary does not provide the submitter such  
6 recommendation by registered mail as specified, the rec-  
7 ommendation of classification provided to the submitter  
8 of the report shall become the Secretary's order of initial  
9 classification of the device. Such classification may only  
10 be changed pursuant to the procedures specified in para-  
11 graph (2) of this subsection.

12 “(5) the Secretary may not withhold a determination  
13 of the initial classification of a device under paragraph (1)  
14 because of a failure to comply with any provision of this  
15 Act unrelated to a substantial equivalence decision, includ-  
16 ing a finding that the facility in which the device is manu-  
17 factured is not in compliance with good manufacturing re-  
18 quirements as set forth in regulations of the Secretary  
19 under section 520(f).”.

20 (c) SECTION 513(i).—Section 513(i) (21 U.S.C.  
21 360e(i)) is amended—

22 (1) in paragraph (1)(A)(ii)(I), by striking “clin-  
23 ical data” and inserting “either appropriate clinical  
24 or scientific data” and by inserting “or a person ac-  
25 credited under section 712” after “Secretary”;

1           (2) in paragraph (1)(A)(ii)(II), by striking “ef-  
2           ficacy” and inserting “effectiveness”; and

3           (3) by adding at the end of paragraph (1) the  
4           following:

5           “(C) For purposes of subparagraph (A), the term ‘le-  
6           gally marketed device’ includes any device introduced into  
7           interstate commerce for commercial distribution before  
8           May 28, 1976, and any device found substantially equiva-  
9           lent to such device, which has not been removed from the  
10          market by an order of the Secretary or a judicial order  
11          because it is unsafe or ineffective.

12          “(D) Any change or modification to a device, other  
13          than a major change (including any major modification)  
14          in the intended use, shall not require an additional submis-  
15          sion under section 510(k) if such change or modification  
16          is supported by appropriate data or information and the  
17          change or modification can be shown to not adversely af-  
18          fect the safety or effectiveness of the device which was in-  
19          troduced in interstate commerce before May 28, 1976 or  
20          initially classified under subsection (f). All data or infor-  
21          mation relied upon to document that a change to (includ-  
22          ing any modification of) such a device does not require  
23          an additional report under section 510(k) shall be made  
24          available to the Secretary upon request and maintained

1 for a period of time equal to at least the commercial life  
2 of the device.

3 “(E) For the purpose of determining the intended use  
4 of a predicate device under subparagraph (A), each use  
5 reasonably included within a general use for the predicate  
6 device shall be deemed a legally marketed use of the predi-  
7 cate device and shall be available for use in premarket re-  
8 ports required under section 510(k).

9 “(F) For the purpose of determining substantial  
10 equivalence, the Secretary shall not consider any uses or  
11 indications for use of a device that are not specifically  
12 identified in a premarket market notification under section  
13 510(k).

14 “(G) For the purpose of determining substantial  
15 equivalence the Secretary shall accept certification of com-  
16 pliance with nationally or internationally recognized con-  
17 sensus standards to resolve any substantial equivalence  
18 issue which such standards address. To the extent that  
19 a substantial equivalence issue is resolved by such stand-  
20 ards, additional information shall not be required to fur-  
21 ther address such an issue.”.

22 **SEC. 10. CLASSIFICATION PANELS.**

23 Section 513(b) (21 U.S.C. 360c(b)) is amended by  
24 adding at the end the following:

1       “(5) Classification panels covering each type of device  
2 shall be scheduled to meet at least 6 times each calendar  
3 year to consider, among other things, the approval of ap-  
4 plications submitted to the Secretary under section 515.  
5 Such meetings shall, to the extent possible, be scheduled  
6 at equal intervals throughout the year. Such meetings  
7 shall be held with the physical presence of panel members  
8 at least 3 times each calendar year. Other meetings of the  
9 panel may be held using electronic communication to con-  
10 vene the meeting.

11       “(6) Each member of a panel shall publically disclose  
12 all conflicts of interest that member may have with the  
13 work to be undertaken by the panel. No member of a panel  
14 may vote on any matter where the member could gain fi-  
15 nancially from the advice given to the Secretary. The Sec-  
16 retary may grant a waiver of any conflict of interest upon  
17 public disclosure of such conflict of interest if such waiver  
18 contributes to the ability of a panel to contribute to the  
19 public health, except that the Secretary may not grant a  
20 waiver for a member of a panel when the member’s own  
21 scientific work is involved.

22       “(7) The Secretary shall provide education and train-  
23 ing to each new panel member before such member partici-  
24 pates in a panel’s activities. Such education and training  
25 shall include a familiarization with certain requirements

1 under this Act and any related regulation of the Secretary  
2 and the administrative process and procedures related to  
3 panel meetings.

4 “(8) The Secretary shall take whatever action is nec-  
5 essary to ensure that regular meetings are held by sci-  
6 entific advisory panels, at appropriate intervals and for a  
7 sufficient length of time, so that any matter to be reviewed  
8 by any such panel shall be presented to the panel not more  
9 than 60 days after the matter is ready for review by the  
10 panel. The meetings shall occur not less than 6 times each  
11 year unless there are compelling reasons for fewer meet-  
12 ings. Such meetings shall be held with the physical pres-  
13 ence of panel members at least 3 times each calendar year.  
14 Other meetings of the panel may be held using electronic  
15 communication to convene the meeting.

16 “(9)(A) All persons, including employees of the Sec-  
17 retary, shall have the same rights and responsibilities re-  
18 garding—

19 “(i) the submission of data and information to,  
20 and contact and discussion with, a classification  
21 panel;

22 “(ii) the participation of the persons at meet-  
23 ings of the panel; and

24 “(iii) access to data and information submitted  
25 to a classification panel (except for data and infor-

1           mation that are not available for public disclosure  
2           under section 552 of title 5, United States Code).

3           “(B) In a case in which a classification panel reviews  
4 a submission under section 510(k), all related data and  
5 information that are not available for public disclosure  
6 under section 552 of title 5, United States Code, shall be  
7 exchanged between the person who submitted such notice  
8 and the Food and Drug Administration at the time the  
9 data and information are submitted to such panel but  
10 shall not otherwise be publicly disclosed.

11           “(C) Any meetings of a classification panel shall pro-  
12 vide adequate time for initial presentations and for re-  
13 sponse to any differing views and shall encourage free and  
14 open participation by all interested persons.

15           “(10) Within 30 days after the date a classification  
16 panel makes its conclusions and recommendations on any  
17 matter under review by the panel, the Food and Drug Ad-  
18 ministration official responsible for the matter shall review  
19 the conclusions and recommendations of the panel, shall  
20 make a final decision on the matter, and shall notify the  
21 affected persons of the decision in writing and, if the deci-  
22 sion differs from the conclusions and recommendations of  
23 the panel, shall include the reasons for the difference.

24           “(11) A scientific advisory panel under this sub-  
25 section shall not be subject to the annual chartering and

1 annual report requirements of the Federal Advisory Com-  
2 mittee Act. Such a panel shall make an annual report of  
3 its activities to the Secretary.”.

4 **SEC. 11. PREMARKET APPROVAL.**

5 (a) SECTION 515(c).—Section 515(c) (21 U.S.C.  
6 360e(c)) is amended—

7 (1) in the first sentence of paragraph (1), by  
8 inserting immediately before the period the follow-  
9 ing: “or may file such application with a person au-  
10 thorized to review applications for premarket ap-  
11 proval under section 712”; and

12 (2) by adding after paragraph (2) the following:

13 “(3)(A) The scope of review responsibilities of accred-  
14 ited persons authorized to conduct reviews of premarket  
15 approval applications under section 712 shall include—

16 “(i) the receipt and filing of applications for  
17 substantive review;

18 “(ii) the review of applications to determine  
19 whether there is a reasonable assurance that a de-  
20 vice is safe and effective for its labeled uses;

21 “(iii) the review of applications in accordance  
22 with the schedule for review identified in subsection  
23 (d)(2) unless such organization or person by con-  
24 tract with an applicant alters such schedule or elimi-

1 nates any item of review but not the review by a  
2 classification panel under paragraph (2);

3 “(iv) the presentation, when appropriate, of  
4 such applications to a classification panel constituted  
5 under section 513(b); and

6 “(v) the evaluation of classification panel rec-  
7 ommendations and premarket approval applications  
8 and the formulation of reports and recommendations  
9 to be submitted to the Secretary no later than 30  
10 days after receipt of a classification panel’s rec-  
11 ommendation.

12 Recommendations to the Secretary shall specify whether  
13 an application should be approved or denied and shall  
14 state the basis for the recommendation.

15 “(B) The recommendation of an accredited person to  
16 approve or deny an application shall be considered to be  
17 an order of the Secretary unless the Secretary finds that  
18 there is a reasonable probability that the device is not safe  
19 or effective. In the event that the Secretary makes such  
20 a finding, the Secretary shall provide a detailed expla-  
21 nation of the basis of the finding.”.

22 (b) SECTION 515(d).—Section 515(d) (21 U.S.C.  
23 360e(d)) is amended by redesignating paragraphs (2) and  
24 (3) as paragraphs (5) and (6), respectively, by adding be-  
25 fore the semicolon at the end of paragraph (5)(B) (as so

1 redesignated) the following: “and for purposes of this sub-  
2 paragraph, the determination of a reasonable assurance  
3 that a device is effective under the conditions of use pre-  
4 scribed, recommended, or suggested in proposed labeling  
5 shall not include uses or indications for use not identified  
6 in the application”, and by adding after paragraph (1) the  
7 following:

8       “(2) Each application received under subsection (c)  
9 shall be reviewed in the following manner to achieve final  
10 action on such applications within 180 days of its receipt:

11           “(A) The Secretary shall determine, within 30  
12 days of the receipt of an application submitted under  
13 subsection (c), whether the application satisfies the  
14 content requirements of subsection (c)(1) and appli-  
15 cable regulations.

16           “(B) The Secretary shall meet with an appli-  
17 cant on request within 90 days of receipt of an ap-  
18 plication that has been accepted for filing to discuss  
19 the review status of the application. If the applica-  
20 tion does not appear in a form that would neces-  
21 sitate an approval under this subsection, the Sec-  
22 retary shall, in writing and prior to the meeting,  
23 present to the applicant a description of any defi-  
24 ciencies with the application and what information

1 would be necessary to bring the application into a  
2 form that would require an approval.

3 “(C) The Secretary shall refer an application to  
4 a classification panel established under section 513  
5 for review and an approval recommendation, unless  
6 a panel is not required under subsection (c)(2), with-  
7 in 30 days of the meeting referred to in subpara-  
8 graph (B). The application shall be reviewed at the  
9 next scheduled panel meeting.

10 “(D) The Secretary shall, within 15 days before  
11 the date of a panel review, provide to an applicant  
12 a statement of each view or position the Secretary  
13 has communicated or intends to communicate to a  
14 classification panel constituted under section 513(b)  
15 or any panel member regarding a premarket ap-  
16 proval application scheduled for a panel review. Ad-  
17 ditionally, at this time the Secretary shall provide to  
18 the applicant all information provided by the Sec-  
19 retary to such panel regarding the review of a pre-  
20 market application.

21 “(E) The Secretary shall meet not later than  
22 10 days after the panel review to present to an ap-  
23 plicant a description of all additional information  
24 necessary to require an approval of an application  
25 under paragraph (1)(A) if the Secretary has deter-

1       mined that the application appears to be in a form  
2       that would receive approval within 180 days of re-  
3       ceipt of such application. The applicant may waive  
4       such meeting and instead receive in writing from the  
5       Secretary such information within 30 days of the  
6       panel review.

7               “(F) The Secretary shall meet with the appli-  
8       cant not later than 15 days after the panel review  
9       if the Secretary has determined that the application  
10      is not in a form that would require approval under  
11      paragraph (1)(A). Prior to the meeting, the Sec-  
12      retary shall in writing present to the applicant each  
13      basis for denying approval of the application and the  
14      additional information necessary to bring the appli-  
15      cation into a form that would require an approval.

16              “(G) When the Secretary reviews an application  
17      and a classification panel review and recommenda-  
18      tion is not required under subsection (c)(2), the Sec-  
19      retary shall meet with the applicant no later than  
20      135 days after receipt of an application which has  
21      been accepted for filing under subsection (c)(1) and  
22      inform the applicant whether or not the application  
23      is in a form that would require approval under para-  
24      graph (1)(A). If the application is in such form, the  
25      Secretary shall, at or prior to the meeting, present

1 in writing a description of all additional information  
2 necessary to require an approval of an application  
3 under paragraph (1)(A). If the application is not in  
4 such form, the Secretary shall, prior to the meeting,  
5 present in writing to the applicant each basis for de-  
6 nying approval of the application and the additional  
7 information necessary to bring the application into  
8 a form that would require approval.

9 “(H) When an application is reviewed by an ac-  
10 credited person and a classification panel is not re-  
11 quired under subsection (c)(2) to review a premarket  
12 approval application, the accredited person shall, no  
13 later than 120 days after filing, or at such other  
14 designated time determined by the applicant and the  
15 accredited person, provide the Secretary with a re-  
16 port and recommendation.

17 “(I) The Secretary shall approve or deny an ap-  
18 plication reviewed by an accredited person within  
19 180 days of receipt of an application which has been  
20 accepted for filing under paragraph (1) unless the  
21 accredited person submits its report and rec-  
22 ommendation to the Secretary later than 150 days  
23 after such receipt. If the report and recommendation  
24 of an accredited person is submitted to the Secretary  
25 later than 150 days after receipt of an application

1       which has been accepted for filing under paragraph  
2       (1), the Secretary shall have 30 days from the date  
3       of receipt to approve or deny the application.

4       “(3)(A) The time for the Secretary’s review of an ap-  
5       plication under this subsection shall not be enlarged by  
6       any amendment to the application and shall take no more  
7       than 180 days.

8       “(B) The Secretary shall ensure that each time frame  
9       under paragraph (2) is met. For each instance in which  
10      a review requirement under paragraph (2) is not met, a  
11      report to the Commissioner and the Secretary is required  
12      no later than 10 days after the date of the scheduled event  
13      set forth in paragraph (2) fully explaining the reason that  
14      the scheduled time frame was not met. Within 10 days  
15      after receipt of such report, the Commissioner shall pro-  
16      vide an explanation to the applicant regarding the failure  
17      to comply with paragraph (2) and set the date for satisfy-  
18      ing the scheduled review program obligation.

19      “(C) On January 1 of each calendar year, the Sec-  
20      retary shall submit to the committees of Congress with  
21      substantive oversight responsibility for the Food and Drug  
22      Administration a report summarizing each instance in the  
23      previous fiscal year in which the requirements of para-  
24      graph (2) were not met. This report shall include reasons  
25      for the failures to meet the requirements of paragraph (2)

1 and proposals to ensure that such requirements will be  
2 met.”.

3 (c) REGULATIONS.—The Secretary of Health and  
4 Human Services shall revise, through notice and comment  
5 procedures, the regulations appearing in part 814 of title  
6 21 of the Code of Federal Regulations to conform to this  
7 section’s amendment of section 515 of the Federal Food,  
8 Drug, and Cosmetic Act and to eliminate premarket ap-  
9 proval of supplements which relate to manufacturing  
10 changes and other changes which do not actually affect  
11 device safety or effectiveness. The Secretary shall publish  
12 in the Federal Register such proposed regulation no later  
13 than 6 months after the date of the enactment of this Act,  
14 allowing 60 days for comment. The Secretary shall publish  
15 a final regulation no later than 60 days after the last day  
16 for the comment period.

17 **SEC. 12. ACCREDITATION OF THIRD PARTIES.**

18 (a) AMENDMENT.—Subchapter A of chapter VII is  
19 amended by adding at the end the following:

20 “ACCREDITED PERSONS

21 “(a) SEC. 712. IN GENERAL.—The Secretary shall,  
22 within 180 days of the date of the enactment of this sec-  
23 tion, by regulation establish procedures for the accredita-  
24 tion of third parties for the purposes of—

25 “(1) reviewing applications under section 515,  
26 providing written reviews to the Secretary for the

1 Secretary's consideration, and making recommenda-  
2 tions on whether or not such applications should be  
3 approved; and

4       “(2) conducting good manufacturing practice  
5 inspections to determine the conformance of a facil-  
6 ity with regulations promulgated under section  
7 520(f).

8       “(b) ACCREDITATION.—

9       “(1) PROGRAMS.—The Secretary shall provide  
10 for such accreditation through programs adminis-  
11 tered by government agencies or by other qualified  
12 organizations.

13       “(2) IMPLEMENTATION.—The Secretary may  
14 designate one or more qualified non-government or-  
15 ganizations to implement such programs. Such orga-  
16 nizations shall implement such programs from fees  
17 charged to applicants for accreditation.

18       “(3) QUALIFICATIONS.—An accredited person  
19 shall meet the following requirements:

20       “(A) Such person shall be an independent  
21 organization which is not owned or controlled  
22 by manufacturer, supplier, or vendor of devices  
23 and which has no organizational, material, or  
24 financial affiliation with such a manufacturer,  
25 supplier, or vendor.

1           “(B) Such person shall be a legally con-  
2           stituted entity permitted to conduct the activi-  
3           ties for which it seeks accreditation.

4           “(C) Such person shall not engage in the  
5           design, manufacture, promotion, or sale of de-  
6           vices.

7           “(D) Such person shall be operated in ac-  
8           cordance with generally accepted professional  
9           and ethical business practices and shall agree in  
10          writing that as a minimum it will—

11                   “(i) certify that reported information  
12                   accurately reflects data reviewed;

13                   “(ii) limit work to that for which com-  
14                   petence and capacity are available;

15                   “(iii) treat information received,  
16                   records, reports, and recommendations as  
17                   proprietary information; and

18                   “(iv) promptly respond and attempt to  
19                   resolve complaints regarding its activities  
20                   for which it is accredited.”.

21          (b) CONFORMING AMENDMENT.—Section 301 (21  
22 U.S.C. 321) is amended by redesignating the second para-  
23 graph (u) as paragraph (v) and by adding after that para-  
24 graph the following:

25           “(w) in the case of a drug, device, or food—

1           “(A) the submission of a report or rec-  
2           ommendation by a person accredited under section  
3           712 that is false or misleading in any material re-  
4           spect;

5           “(B) the disclosure by a person accredited  
6           under section 712 of confidential commercial infor-  
7           mation or any trade secret without the express writ-  
8           ten consent of the person who submitted such infor-  
9           mation or secret to such person; or

10           “(C) the receipt by a person accredited under  
11           section 712 of a bribe in any form or the doing of  
12           any corrupt act by such person associated with a re-  
13           sponsibility delegated to such person under this  
14           Act.”.

15 **SEC. 13. RECLASSIFICATION OF PREAMENDMENT DEVICES.**

16           Section 515 (21 U.S.C. 360e) is amended by adding  
17           at the end the following:

18           “(j) The Secretary shall, within 18 months of the  
19           date of enactment of this subsection, publish in the Fed-  
20           eral Register a proposed regulation reclassifying all de-  
21           vices identified in subsection (i)(2) into class II except a  
22           device for which the Secretary has already published a  
23           proposed regulation required under subsection (i)(2). The  
24           Secretary shall provide 60 days for comment on such pro-  
25           posed regulation required by this subsection and shall pub-

1 lish a final regulation in the Federal Register within 60  
2 days after the last day for comment reclassifying into class  
3 II each such device not included in a proposed regulation  
4 required under subsection (i)(2) or maintaining, where ap-  
5 propriate, the original classification of such device.”.

6 **SEC. 14. DEVICE TRACKING.**

7 Subsection (e) of section 519 (21 U.S.C. 360i) is  
8 amended to read as follows:

9 “(e) DEVICE TRACKING.—The Secretary may by  
10 order require a manufacturer to adopt a method of track-  
11 ing a class II or class III device—

12 “(1) the failure of which would be life threaten-  
13 ing or have permanently debilitating effects; and

14 “(2) which is—

15 “(A) a permanently implantable device, or

16 “(B) a life sustaining or life supporting de-  
17 vice used outside a device user facility.”.

18 **SEC. 15. POSTMARKET SURVEILLANCE.**

19 Section 522 (21 U.S.C. 360l) is amended to read as  
20 follows:

21 “POSTMARKET SURVEILLANCE

22 “SEC. 522. (a) IN GENERAL.—The Secretary may by  
23 order require a manufacturer to conduct postmarket sur-  
24 veillance for any device of the manufacturer first intro-  
25 duced or delivered for introduction into interstate com-  
26 merce after January 1, 1991, which is a class II or class

1 III device the failure of which would be reasonably likely  
2 to have serious adverse health consequences and which  
3 is—

4 “(1) a permanently implantable device, or

5 “(2) a life-sustaining or life-supporting device  
6 used outside a device user facility.

7 “(b) SURVEILLANCE APPROVAL.—Each manufac-  
8 turer required to conduct a surveillance of a device shall,  
9 within 30 days of receiving notice from the Secretary that  
10 the manufacturer is required under this section to conduct  
11 such surveillance, submit, for the approval of the Sec-  
12 retary, a proposal for the required surveillance. The Sec-  
13 retary, within 60 days of the receipt of such proposal, shall  
14 determine if the person designated to conduct the surveil-  
15 lance has appropriate qualifications and experience to un-  
16 dertake such surveillance and if such proposal will result  
17 in information necessary to determine the occurrence of  
18 unforeseen events. Any order requiring a prospective  
19 postmarket surveillance shall not require a surveillance pe-  
20 riod greater than 18 months.”.

21 **SEC. 16. HARMONIZATION.**

22 (a) SECTION 520(f).—Section 520(f)(1)(B) (21  
23 U.S.C. 360j(f)(1)(B)) is amended by striking “and” at the  
24 end of clause (i), by striking the period at the end of

1 clause (ii) and inserting “; and” and by adding after  
2 clause (ii) the following:

3 “(iii) ensure that such regulation conforms, to  
4 the extent practicable, with the international stand-  
5 ards organization standards defining quality sys-  
6 tems, or parts thereof, for medical devices.”.

7 (b) SECTION 803.—Section 803 (21 U.S.C. 383) is  
8 amended by adding at the end the following:

9 “(c)(1) The Secretary shall regularly and continu-  
10 ously participate in meetings with other countries to dis-  
11 cuss methods and approaches to reduce the burden of reg-  
12 ulation, harmonize regulatory requirements, and seek ap-  
13 propriate reciprocal arrangements. The Secretary shall,  
14 within 180 days of the date of enactment of this sub-  
15 section, make public a plan that establishes a framework  
16 for achieving mutual recognition of good manufacturing  
17 practices.

18 “(2) The Secretary shall report to the Committee on  
19 Commerce of the House of Representatives and the Com-  
20 mittee on Labor and Human Resources of the Senate at  
21 least 60 days before executing any bilateral or multilateral  
22 agreement under paragraph (1).”.

23 **SEC. 17. GOOD MANUFACTURING PRACTICE INSPECTIONS.**

24 (a) Section 704 (21 U.S.C. 374) is amended—

1           (1) in subsection (a)(1), by inserting “, or an  
2           accredited person to conduct good manufacturing  
3           practice inspections under section 712” after “Sec-  
4           retary”;

5           (2) in subsection (a)(3), by inserting “, or an  
6           accredited organization or individual under section  
7           712,” after “employee”;

8           (3) in subsection (b), by inserting “, or an ac-  
9           credited person under section 712,” after “em-  
10          ployee”;

11          (4) in subsection (b), by inserting “(1)” after  
12          “(b)”, by redesignating clauses (1) and (2) as  
13          clauses (A) and (B), respectively, and by adding at  
14          the end the following:

15          “(2) The Secretary shall provide, at least 10 days  
16          from the date of presentation of the report of conditions  
17          or practices identified in paragraph (1), for the person re-  
18          ceiving such report to respond. The Secretary shall take  
19          no regulatory action against a person or article identified  
20          in such a report until completing a review of such response  
21          which is timely submitted to the Secretary, except the Sec-  
22          retary may take immediate action when the Secretary  
23          finds that there is a reasonable probability that a device  
24          intended for human use would cause serious, adverse  
25          health consequences or death or that any regulated article

1 could present an unreasonable and substantial risk of in-  
2 jury or illness to the public health. The Secretary shall  
3 provide to the regulated person, within 30 days of receiv-  
4 ing a response to the report identified in paragraph (1),  
5 a written detailed assessment of the response.

6       “(3) At the time an accredited person completes an  
7 inspection under the authority of this section and section  
8 712, such person shall identify in writing to the person  
9 subject to the inspection each condition or practice ob-  
10 served during such inspection which suggests a deviation  
11 from requirements of this Act. However, such accredited  
12 person shall immediately submit to the Secretary the find-  
13 ings of the inspection when the device to which such find-  
14 ings relate is intended for human use and presents a rea-  
15 sonable probability that such device would cause serious,  
16 adverse health consequences or death or that such device  
17 could present an unreasonable and substantial risk of in-  
18 jury or illness to the public unless the person subject to  
19 the inspection—

20               “(A) immediately ceases distribution of the de-  
21 vice;

22               “(B) immediately notifies health professionals  
23 and device user facilities to instruct such profes-  
24 sionals and facilities to cease use of the device; and

1           “(C) immediately undertakes all corrections  
2           identified by the accredited person.

3   When such compliance is complete, the accredited person  
4   shall provide the inspected person a certification of compli-  
5   ance which includes the dates of inspections, a statement  
6   that the inspected facility is in compliance with the re-  
7   quirements of section 520(f), the date the compliance was  
8   achieved at the facility, and the signature of the accredited  
9   person attesting to the finding that the inspected facility  
10  is in good manufacturing practices compliance as defined  
11  by such section. When an accredited person has certified  
12  compliance with good manufacturing practices require-  
13  ments and provided the Secretary with a copy of the cer-  
14  tification within 10 days of its being made, the Secretary  
15  may not perform a good manufacturing practices inspec-  
16  tion of the person subject to an inspection for a period  
17  of 2 years after the date of the certification unless justified  
18  by good cause.”; and

19           (5) in subsection (c), by striking “or employee”  
20           and inserting “, employee, or accredited person”;

21           (6) in subsection (e), by striking “or employee”  
22           each place it occurs and inserting “, employee, or ac-  
23           credited person”; and

24           (7) by adding at the end the following:

1           “(f) Persons duly designated by the Secretary to con-  
2 duct inspections under this section shall not request any  
3 information not permitted under subsections (a) and (e)  
4 unless such person states with specificity and in writing  
5 the identification of the information subject to the request,  
6 the reason for the request, and that the written request  
7 seeks to obtain information not required to be produced  
8 under this section. Such request shall not include informa-  
9 tion related to sales (other than distribution), personnel,  
10 or pricing data.”.

11 **SEC. 18. USE OF SCIENTIFIC AND MEDICAL INFORMATION.**

12           Section 502(f) (21 U.S.C. 352(f)) is amended by add-  
13 ing at the end the following: “The dissemination of medi-  
14 cal texts, articles from peer-reviewed scientific publica-  
15 tions, information from Federal Government agencies, and  
16 presentations at medical and scientific meetings shall not  
17 form a basis to require adequate directions for use under  
18 clause (1) or information for use (or the equivalent there-  
19 of) under any exemption to clause (1) and shall not form  
20 a basis to require the filing of a report required under  
21 section 510(k) or the filing of an application under section  
22 505 or 515 unless such person, in addition to disseminat-  
23 ing the above-referenced information, encourages the un-  
24 approved use of a legally marketed device through label-  
25 ing, advertising, or other means of promotion. Mere

1 knowledge that a legally available device is used by li-  
2 censed practitioners for the treatment or diagnosis of dis-  
3 eases or conditions in individual patients shall not form  
4 a basis to require adequate directions for use under clause  
5 (1), or information for use (or the equivalent thereof)  
6 under any exemption to clause (1), and shall not form a  
7 basis to require either the filing of a notification required  
8 under section 510(k) or an application under section 515.  
9 The Secretary shall not consider the dissemination of med-  
10 ical texts, articles from peer review scientific publications,  
11 information from Federal Government agencies, presen-  
12 tations at medical and scientific meetings, and displays at  
13 trade shows relating to a device which is investigational  
14 within the meaning of section 520(g) to be activities pro-  
15 hibited under published regulations of the Secretary unless  
16 the sponsor of an investigation for the device, or an agent  
17 of such sponsor, in addition to the aforementioned activi-  
18 ties encourages the use of a device.”.

19 **SEC. 19. REPORTS.**

20 (a) **EXCLUSION OF REPORTS BY DISTRIBUTORS.**—  
21 Section 519 (21 U.S.C. 360i) is amended—

22 (1) in subsection (a), by striking “manufac-  
23 turer, importer, or distributor” and inserting “man-  
24 ufacturer or importer”;

1           (2) in paragraph (4) of subsection (a), by strik-  
2           ing “manufacturer, importer, or distributor” and in-  
3           serting “manufacturer or importer”;

4           (3) in paragraph (8) of subsection (a), by strik-  
5           ing “manufacturer, importer, or distributor” each  
6           place it occurs and inserting “manufacturer or im-  
7           porter”;

8           (4) in paragraph (8)(B)(i) of subsection (a), by  
9           striking “manufacturer, importer, or distributor”  
10          and inserting “manufacturer or importer”; and

11          (5) in subsection (a), by inserting “and” at the  
12          end of paragraph (7), by striking “; and” at the end  
13          of paragraph (8) and inserting a period, by striking  
14          paragraph (9).

15          (b) LIMITATION ON MALFUNCTION REPORTING.—  
16          Section 519(a)(1)(B) (21 U.S.C. 360i(a)(1)(B)) is amend-  
17          ed by inserting before the semicolon the following: “, ex-  
18          cept that information that a device failed to perform as  
19          labeled or in an acceptable manner shall not constitute a  
20          malfunction within the meaning of this subparagraph  
21          when the available information clearly shows that the de-  
22          vice failure was caused by improper servicing or mainte-  
23          nance to the device as determined exclusively by the device  
24          labeling which was provided to the user”.

1           (c) REGULATIONS.—Within 120 days after the date  
2 of enactment of this section, the Secretary of Health and  
3 Human Services shall delete the regulations of the Sec-  
4 retary appearing in part 800 of title 21 of the Code of  
5 Federal Regulations, requiring distributors, other than  
6 importers, to make reports of deaths, serious injuries or  
7 illness, and malfunctions related to devices and shall  
8 amend the regulations of the Secretary to conform to the  
9 change in malfunction reporting in section 519(a)(1)(B)  
10 of the Federal Food, Drug, and Cosmetic Act.

11           (d) USER REPORTS, CERTIFICATIONS, AND REPORTS  
12 OF REMOVALS AND CORRECTIONS.—Section 519 (21  
13 U.S.C. 360i) is amended by repealing subsections (b), (d),  
14 and (f).

15 **SEC. 20. G.M.P. AND DEVICE REPORTS.**

16           Section 303(c) is amended by inserting before the pe-  
17 riod at the end the following: “; or (6) for having violated  
18 subsection (a), (b), (c), or (k) of section 301 by failure  
19 to comply with either section 502(t)(2) or 501(h), or for  
20 having violated section 301(g)(1)(B) by failing to furnish  
21 material or information required under section 519(a), if  
22 such person acted in good faith, had no reason to believe  
23 that the person’s acts violated the law, and had no prior  
24 notice from the Secretary that the acts constituted viola-  
25 tions of the Act”.

1 **SEC. 21. CIVIL PENALTIES.**

2 Section 303 (21 U.S.C. 333) is amended—

3 (1) in subsection (g)(2)(C), by adding at the  
4 end the following: “Additionally, the Secretary may  
5 direct a person subject to a civil penalty under para-  
6 graph (1) to apply the monetary amount of the pen-  
7 alty to the correction of the violation that resulted  
8 in the penalty assessment in lieu of paying such  
9 moneys into the United States Treasury. Any person  
10 who undertakes correction of violations under this  
11 subparagraph must submit an independent audit of  
12 the corrections to the Secretary within a time speci-  
13 fied in the civil penalty order. A failure to submit  
14 such independent audit in a timely manner shall be  
15 deemed to be a violation of this Act.”; and

16 (2) in subsection (f)(2), by adding at the end  
17 “The person accused of a violation under this sub-  
18 section shall be entitled to reasonable discovery in  
19 accordance with the Federal Rules of Civil Proce-  
20 dure.”.

21 **SEC. 22. INFORMATION SYSTEM.**

22 Chapter IX, as amended by section 9, is amended by  
23 adding at the end the following:

24 **“SEC. 907. INFORMATION SYSTEM.**

25 “The Secretary shall establish and maintain an infor-  
26 mation system to track the status and progress of each

1 application or submission (including a petition, notifica-  
2 tion, or other similar form of request) submitted to the  
3 Food and Drug Administration requesting agency action.  
4 The system shall permit access by the applicant.”.

5 **SEC. 23. ENVIRONMENTAL IMPACT REVIEW.**

6 Chapter VII, as amended by section 13, is amended  
7 by adding at the end the following:

8 “SUBCHAPTER E—ENVIRONMENTAL IMPACT REVIEW  
9 **“SEC. 745. ENVIRONMENTAL IMPACT REVIEW.**

10 “No action by the Secretary pursuant to this Act  
11 shall require, with respect to an action to be taken by the  
12 Secretary, the preparation of an environmental impact  
13 statement under the National Environmental Policy Act  
14 of 1969 or an environmental assessment unless the Sec-  
15 retary demonstrates that—

16 “(1) because of extraordinary circumstances the  
17 action will have a significant effect on the human  
18 environment; and

19 “(2) the consideration of such significant effect  
20 on the human environment will directly affect the  
21 Secretary’s decision on the action.”

22 **SEC. 24. INFORMAL AGENCY STATEMENTS.**

23 Section 701 (21 U.S.C. 371) is amended by adding  
24 at the end the following:

1       “(h)(1) The Secretary shall not rely upon informal  
2 agency statements, including guidance documents, policy  
3 statements, points to consider documents, or any other  
4 statements that have not been promulgated in accordance  
5 with the rulemaking requirements of chapter V of title 5,  
6 United States Code, to require any action be taken to sat-  
7 isfy a requirement of this Act.

8       “(2) The Secretary shall publish notice in the Federal  
9 Register of the availability to the public of each type of  
10 statement identified in paragraph (1). Additionally, the  
11 Secretary shall undertake to make available all such state-  
12 ments by electronic or other similar means.

13 **SEC. 25. EDUCATION AND RESEARCH; PRACTICE OF MEDI-**  
14 **CINE.**

15       Chapter IX, as amended by section 23, is amended  
16 by adding at the end the following:

17 **“SEC. 908. EDUCATION AND RESEARCH.**

18       “(a) EDUCATION.—The Secretary shall conduct  
19 training and education programs for the employees of the  
20 Food and Drug Administration relating to the regulatory  
21 responsibilities and policies established by this Act, includ-  
22 ing programs for scientific training, administrative process  
23 and procedure, and integrity issues.

24       “(b) RESEARCH.—The Secretary, acting through the  
25 Food and Drug Administration, may conduct or contract

1 for scientific research only if it is directly related to the  
2 implementation of this Act.

3 **“SEC. 909. PRACTICE OF MEDICINE.**

4 “Nothing in this Act shall be construed to limit or  
5 interfere with the authority of a health care practitioner,  
6 licensed by law to administer drugs and devices, to pre-  
7 scribe or administer any legally marketed drug or device  
8 to a patient for any condition or disease within a legiti-  
9 mate health care practitioner-patient relationship.”.

10 **SEC. 26. PUBLICATION OF NOTICE OF DEVIATION.**

11 Section 705 (21 U.S.C 375) is amended by adding  
12 at the end the following:

13 “(c) The Secretary may make public or communicate  
14 to any person outside the Food and Drug Administration  
15 any information regarding a notice which informs a regu-  
16 lated person of a purported deviation from a requirement  
17 of this Act only after the Secretary has completed the in-  
18 vestigation of such deviation.”.
