

104TH CONGRESS
1ST SESSION

S. 1144

To reform and enhance the management of the National Park System, and
for other purposes.

IN THE SENATE OF THE UNITED STATES

AUGUST 10 (legislative day, JULY 10), 1995

Mr. MURKOWSKI introduced the following bill; which was read twice and
referred to the Committee on Energy and Natural Resources

A BILL

To reform and enhance the management of the National
Park System, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “National Park Service
5 Enhancement Act”.

6 **TITLE I—CONCESSION REFORM**

7 **SEC. 101. FINDINGS.**

8 In addition to the findings and policy stated in Public
9 Law 89–249 (79 Stat. 969; 16 U.S.C. 20–20g), entitled
10 “An Act relating to the establishment of concession poli-

1 cies in the areas administered by the National Park Serv-
2 ice, and for other purposes” (hereinafter referred to as
3 the “1965 Act”), the Congress finds that—

4 (1) provision of accommodations, facilities, and
5 services to the public in units of the National Park
6 System by concessioners and commercial use con-
7 tractors, as defined in section 102(a), will be en-
8 hanced by revising the existing policies and proce-
9 dures for soliciting proposals for concession and
10 commercial use contracts, selecting bidders, and
11 evaluating concession and commercial use oper-
12 ations;

13 (2) such revisions will result in quality accom-
14 modations, services, and facilities for public use and
15 enjoyment at reasonable rates if there are proper in-
16 centives for capital investment in the construction,
17 rehabilitation, and maintenance of those facilities
18 and equipment in the national parks which are for
19 the primary use of concessioners operating therein
20 and that such investment should be provided by pri-
21 vate funds to the maximum extent practicable; and

22 (3) encouragement of such private capital in-
23 vestment requires that a concessioner be accorded a
24 compensable possessory interest in such facilities
25 and equipment.

1 **SEC. 102. AMENDMENTS TO THE 1965 ACT.**

2 (a) DEFINITIONS.—Section 2 of the 1965 Act (Public
3 Law 89–249, 79 Stat. 969; 16 U.S.C. 20a) is renumbered

4 terior, unless otherwise noted;

5 “(k) ‘selected bidder’ means the bidder selected

17 to exceed fair market value.”.

18 (b) Section 3 of the 1965 Act (Public Law 89–249,
19 79 Stat. 969; 16 U.S.C. 20a), is further amended by strik-
20 ing “and corporations (hereinafter referred to as ‘conces-
21 sioners’)” and replacing it with “, corporations and other
22 entities”.

23 (c) Existing section 3(a) is amended by renumbering
24 it as section 4(a) and by striking “may” from the first
25 and second sentences and replacing it with “shall”.

1 (d) Section 3(b) is renumbered as section 4(b).

2 (e) RATES AND CHARGES TO THE PUBLIC.—Section
3 3(c) of the 1965 Act (Public Law 89–249, 79 Stat. 969;
4 16 U.S.C. 20b(c)) is renumbered as section 4(c) and
5 amended to read as follows:

6 “(c) In general, rates and charges to the public shall
7 be set by the concessioner or commercial use contractor.
8 A concessioner’s or commercial use contractor’s rates and
9 charges to the public shall be subject to the approval of
10 the Secretary only in those instances where the Secretary
11 determines that sufficient competition for such facilities
12 and services does not exist within or in close proximity
13 to the park in which the concessioner or commercial use
14 contractor operates. In those instances, the contract shall
15 state that the reasonableness of the concessioner’s or com-
16 mercial use contractor’s rates and charges to the public
17 shall be reviewed and approved by the Secretary primarily
18 by comparison with those rates and charges for facilities
19 and services of comparable character under similar condi-
20 tions, with due consideration for length of season, seasonal
21 variations, average percentage of occupancy, accessibility,
22 availability and costs of labor and materials, type of pa-
23 tronage, and other factors deemed significant by the Sec-
24 retary.”.

1 (f) METHOD OF DETERMINING FRANCHISE FEES.—
2 Section 3(d) of the 1965 Act (Public Law 89–249, 79
3 Stat. 969; 16 U.S.C. 20b(d)) is renumbered as section
4 4(d) and amended to read as follows:

5 “(d) Franchise fees, however stated, shall be fixed at
6 the time of commencement of the contract as stated in
7 the selected proposal. The Secretary shall determine the
8 suggested minimum franchise fee in any prospectus in a
9 manner that will provide the concessioner or commercial
10 use contractor with a reasonable opportunity to realize a
11 profit under the contract taken as a whole, commensurate
12 with the capital invested and the obligations assumed. The
13 Secretary may temporarily or permanently reduce fran-
14 chise fees under a contract if the Secretary determines
15 that such reduction is equitable under the cir-
16 cumstances.”.

17 (g) NEW OR ADDITIONAL SERVICES.—Section 4 of
18 the 1965 Act (Public Law 89–249, 79 Stat. 969; 16
19 U.S.C. 20c) is renumbered as section 5 and amended by
20 striking “, other than the concessioner holding a pref-
21 erential right,” from the last sentence.

22 (h) REPEAL OF EXISTING RENEWAL PREF-
23 ERENCE.—Section 5 of the 1965 Act (Public Law 89–249,
24 79 Stat. 969; 16 U.S.C. 20d) is repealed: *Provided*, That
25 the renewal of contracts entered into before enactment of

1 this title (including the renewal of expired contracts where
2 the concessioner or commercial use contractor has contin-
3 ued to operate under a temporary extension) shall be sub-
4 ject to such section 5 for the first renewal which becomes
5 effective after the date of enactment of this title.

6 (i) PROTECTION OF CONCESSIONER'S POSSESSORY
7 INTEREST.—Section 6 of the 1965 Act (Public Law 89-
8 249, 79 Stat. 969; 16 U.S.C. 20e) is amended by—

9 (1) replacing the fifth sentence with “Just com-
10 pensation shall be an amount equal to the sound
11 value of such structure, fixture, or improvement at
12 the time of taking by the United States or expiration
13 of the contract.”; and

14 (2) striking the last sentence and designating
15 the existing text as subsection (a) and by adding the
16 following subsection (b):

17 “(b) Not less than twelve months before the expira-
18 tion of any contract which recognizes a possessory inter-
19 est, if the amount of compensation shall not have pre-
20 viously been agreed between the Secretary and the conces-
21 sioner, the concessioner shall submit to the Secretary an
22 independent appraisal of the sound value of the structures,
23 fixtures, or improvements in which the concessioner has
24 an investment interest. Such appraisal must be performed
25 by an appraiser with significant experience in the ap-

1 praisal of assets similar to those valued thereunder, and
2 be conducted and dated as of a date not earlier than eight-
3 een months before the expiration of the concession con-
4 tract or as of the date of taking, if earlier. In determining
5 the fair market value of any such structure, fixture, or
6 improvement which is primarily used for the production
7 of income, such appraiser shall employ the income ap-
8 proach to valuation in a manner consistent with the proce-
9 dures and assumptions then generally employed for similar
10 income-producing assets by appraisers who are members
11 of the American Institute of Real Estate Appraisers or
12 the Society of Real Estate Appraisers: *Provided*, That
13 such appraisal shall assume a future franchise fee equal
14 to the average annual franchise fee payable by the conces-
15 sioner during the term of such concessioner's existing con-
16 tract. With respect to any structure, fixture, or improve-
17 ment which is not primarily used for the production of
18 income, the fair market value shall be equal to the recon-
19 struction cost of such structure, fixture, or improvement,
20 less depreciation evidenced by its condition and prospec-
21 tive serviceability in comparison with a new unit of like
22 kind. Any structures, fixtures, or improvements acquired
23 or constructed after the date of such appraisal in which
24 the concessioner holds an investment interest shall be
25 deemed to have sound value as of the date of such acquisi-

1 tion or construction equal to the concessioner's original
2 cost. The amount to be paid to the concessioner for the
3 concessioner's investment interest on the date of taking
4 by the United States or at the expiration of the contract
5 shall equal the appraised sound value or the concessioner's
6 original cost for newly constructed or acquired structures,
7 fixtures, or improvements, as applicable, increased by the
8 percentage increase in the Consumer Price Index—All
9 Urban Consumers reported by the United States Depart-
10 ment of Labor from the month including the date of such
11 appraisal (or the date of construction or acquisition of
12 structures, fixtures, or improvements acquired or con-
13 structed after the date of such appraisal) to and including
14 the month prior to the date of taking by the United States
15 or expiration of the contract. If the Secretary disagrees
16 with the appraisal submitted by the concessioner, he may
17 present the concessioner with an independent appraisal
18 performed by an appraiser with significant experience in
19 the appraisal of assets similar to those valued thereunder,
20 dated as of the same date as the concessioner's appraisal
21 and prepared in a manner consistent with the manner of
22 preparation of the concessioner's appraisal, as specified
23 above, not less than three months after receipt of the con-
24 cessioner's appraisal. If the concessioner and the Sec-
25 retary are unable to agree on the sound value of the con-

1 cessioner's possessory interest, the Secretary and the con-
2 cessioner may agree to direct the Secretary's appraiser
3 and the concessioner's appraiser to choose a third ap-
4 praiser, who shall recommend either the concessioner's ap-
5 praisal or the Secretary's appraisal as the more accurate
6 appraisal of such sound value to the Secretary. The con-
7 cessioner shall pay the cost of the concessioner's appraiser
8 and the United States shall pay the cost of the Secretary's
9 appraiser, if any. If a third appraiser is selected as pro-
10 vided above, the cost of such appraiser shall be shared
11 equally by the concessioner and the United States."

12 (j) TECHNICAL AMENDMENTS.—The 1965 Act (Pub-
13 lic Law 89–249, 79 Stat. 969; 16 U.S.C. 20) is amended
14 by renumbering existing sections 7 through 9 as sections
15 11 through 13 accordingly.

16 (k) COMPETITIVE SELECTION PROCESS, CONTRACTS,
17 AND PERFORMANCE EVALUATION.—The 1965 Act (Pub-
18 lic Law 89–249, 79 Stat. 969; 16 U.S.C. 20) is amended
19 by adding new sections 7, 8, 9, and 10 as follows:

20 "SEC. 7. (a) Except as provided in subsections (b)
21 and (c), and consistent with the provisions of subsection
22 (h), any contract entered into pursuant to the National
23 Park Service Enhancement Act shall be awarded to the
24 person, corporation or other entity submitting the best
25 proposal as determined by the Secretary, through a com-

1 petitive selection process. Within one hundred and eighty
2 days after the date of enactment of the National Park
3 Service Enhancement Act, the Secretary shall promulgate
4 appropriate regulations establishing such process. The
5 regulations shall include provisions for establishing a
6 method or procedure for the resolution of disputes between
7 the Secretary and a concessioner or commercial use con-
8 tractor in those instances where the Secretary has been
9 unable to meet conditions or requirements or provide such
10 services, if any, as set forth in a prospectus as described
11 below.

12 “SEC. 7. (b) The provisions in this Act shall be sub-
13 ject to any limitation or special provision contained in the
14 Alaska National Interest Lands Conservation Act (16
15 U.S.C. 3101 et seq.). Subject to the provisions of section
16 1307 of the Alaska National Interest Lands Conservation
17 Act (16 U.S.C. 3197), a priority shall be given to commer-
18 cial use contractors operating cruise ships (defined as
19 motor vessels at or over 6,000 gross tonnage (Inter-
20 national Convention System), providing overnight accom-
21 modations for all passengers, and operating with itin-
22 eraries of 3 or more days) who provide tours in Glacier
23 Bay National Park which originate in Southeast Alaska.

24 “(c) Notwithstanding the provisions of subsection (a),
25 the Secretary may award on a noncompetitive basis—

1 “(1) a temporary contract for a term of not
2 more than two years if the Secretary determines
3 such an award to be necessary in order to avoid
4 interruption of services to the public at a park, or

5 “(2) a contract which the Secretary estimates
6 will result in annual gross receipts of no more than
7 \$2,000,000, if the Secretary determines that con-
8 tinuity and quality of service, administrative savings,
9 or the lack of potential bidders do not require the
10 solicitation of proposals. Prior to making a deter-
11 mination to award a temporary contract, the Sec-
12 retary shall take all reasonable and appropriate
13 steps to consider alternative actions to avoid inter-
14 ruption of services.

15 “(d) Prior to making a solicitation for a contract,
16 other than a contract subject to the provisions of sub-
17 section (c) of this section, the Secretary shall prepare a
18 prospectus for such solicitation, shall publish a notice of
19 its availability at least once in such local or national news-
20 papers or trade publications as the Secretary determines
21 appropriate, and shall make such prospectus available
22 upon request to all interested parties. The suggested mini-
23 mum requirements for such contract, including the mini-
24 mum suggested fee, which shall provide the selected bidder
25 with a reasonable opportunity to realize a profit on the

1 selected bidder's operation under the contract; the terms
2 and conditions of the existing contract awarded for such
3 park, if any, including all fees and other forms of com-
4 pensation provided to the United States by the conces-
5 sioner or commercial use contractor; other authorized fa-
6 cilities or services which may be included in the proposal;
7 facilities and services to be provided by the Secretary to
8 the concessioner or commercial use contractor, if any, in-
9 cluding, but not limited to, public access, utilities, and
10 buildings; minimum public services to be offered within a
11 park by the Secretary, including but not limited to, inter-
12 pretive programs, campsites, and visitor centers; and such
13 other information related to the concession operation or
14 commercial use activity available to the Secretary which
15 is not privileged or otherwise exempt from disclosure
16 under Federal law, as the Secretary determines is nec-
17 essary to allow for the submission of competitive propos-
18 als.

19 “(e) The Secretary may reject any proposal, notwith-
20 standing the amount of fees offered, even if such proposal
21 meets the minimum requirements established by the Sec-
22 retary, if he determines that the person, corporation, or
23 entity making such proposal is not qualified, or is likely
24 to provide unsatisfactory services, or that the proposal is
25 not sufficiently responsive to the objectives of protecting

1 and preserving park resources and of providing necessary
2 and appropriate facilities or services to the public at rea-
3 sonable rates. The Secretary may consider a proposal
4 made by a bidder which fails to meet the suggested mini-
5 mum requirements included in the prospectus, but shall
6 not award a contract to such a bidder if one or more other
7 proposals have met such minimum requirements unless all
8 such other proposals are rejected. If all proposals submit-
9 ted are rejected by the Secretary, he shall establish new
10 suggested minimum contract requirements and reinitiate
11 the competitive selection process.

12 “(f) In selecting the best proposal, the Secretary shall
13 consider the following primary factors: the responsiveness
14 of the proposal to the objectives of protecting and preserv-
15 ing park resources, of providing high quality service to the
16 public, and of providing necessary and appropriate accom-
17 modations, facilities and services to the public at reason-
18 able rates; the experience and related background of the
19 bidder, including, but not limited to, such bidder’s per-
20 formance and expertise in providing the same or similar
21 accommodations, facilities or services, in each case taking
22 into account the experience and related background of any
23 entities which are affiliated with the bidder; and the finan-
24 cial capability of the bidder submitting the proposal. The
25 Secretary may also consider such secondary factors as the

1 Secretary deems appropriate, including the proposed fran-
2 chise fee: *Provided*, That consideration of revenue to the
3 United States shall be subordinate to the primary factors
4 as set forth above.

5 “(g) The Secretary shall submit any proposed con-
6 tract with anticipated annual gross receipts in excess of
7 \$5,000,000 or a duration in excess of ten years to the
8 Committee on Energy and Natural Resources of the
9 United States Senate and the Committee on Resources of
10 the United States House of Representatives. The Sec-
11 retary shall not ratify any such proposed contract until
12 at least sixty days subsequent to the submission thereof
13 to both committees.

14 “(h) To provide proper incentives for concessioners
15 and commercial use contractors to operate in a manner
16 which exceeds the minimum performance requirements of
17 the contract, each concessioner or commercial use contrac-
18 tor who meets the requirements set forth below shall re-
19 ceive an automatic credit of an additional 10 percent of
20 the maximum points which are available to be awarded
21 by the Secretary to any proposal which is submitted in
22 response to a solicitation for the renewal of such contract
23 or license. In order to receive this renewal incentive, the
24 concessioner or commercial use contractor must have re-
25 ceived a performance rating of ‘good’ pursuant to section

1 9(a) for at least 50 percent of the years of the contract
2 term and must not have received an unsatisfactory rating
3 under such contract during any of the five years prior to
4 the renewal thereof. Concessioners and commercial use
5 contractors operating under temporary contract, license or
6 permit extensions granted by the Secretary after expira-
7 tion of their original contract, license or permit term at
8 the time of enactment of this section shall retain any re-
9 newal incentive described above earned under the original
10 contract.

11 “(i) Notwithstanding the provisions of subsection (h),
12 the Secretary shall grant a preferential right of renewal
13 to a commercial use contractor for a contract which pri-
14 marily authorizes a such contractor to provide outfitting,
15 guide, river running, or other similar services within a
16 park, and which the Secretary estimates will have annual
17 gross revenues of no more than \$1,000,000: *Provided,*
18 That the commercial use contractor has received a per-
19 formance rating of ‘good’ pursuant to section 9(a) for at
20 least 50 percent of the years of the contract term and
21 must not have received an unsatisfactory rating under
22 such contract during the any of the five years prior to
23 the renewal thereof. Commercial use contractors operating
24 under temporary contract, license or permit extensions
25 granted by the Secretary after expiration of their original

1 contract, license or permit term at the time of enactment
2 of this section shall retain any preferential right of re-
3 newal described above earned under the original contract.

4 “SEC. 8. (a) A contract entered into subsequent to
5 enactment of the National Park Service Enhancement Act
6 shall be awarded for a term not to exceed ten years except
7 that the Secretary may award a contract for a longer
8 term, not to exceed thirty years, if the Secretary deter-
9 mines that it is in the public interest. Where a conces-
10 sioner or commercial use contractor is required to make
11 substantial investments in structures, fixtures, or improve-
12 ments in the park, the Secretary shall provide for a con-
13 tract term that is commensurate with such investments.

14 “(b) No contract may be transferred, assigned, sold,
15 or otherwise conveyed by a concessioner or commercial use
16 contractor without prior written notification to, and ap-
17 proval of, the Secretary, who shall not unreasonably with-
18 hold or delay such approval but shall not approve the
19 transfer, assignment, sale, or conveyance of a contract to
20 any individual, corporation or other entity if the Secretary
21 determines that—

22 “(1) such individual, corporation or entity is, or
23 is likely to be, unable to completely satisfy all of the
24 requirements, terms, and conditions of the contract,
25 or

1 “(2) such transfer, assignment, sale, or convey-
2 ance is not consistent with the objectives of protect-
3 ing and preserving park resources, providing high
4 quality service to the public, and of providing nec-
5 essary and appropriate facilities or services to the
6 public at reasonable rates. If the Secretary decides
7 to approve a transfer, assignment, sale, or other con-
8 veyance of a contract with gross receipts for the
9 most recently completed calendar year in excess of
10 \$5,000,000, or with a remaining term in excess of
11 ten years, he shall notify the Committee on Energy
12 and Natural Resources of the United States Senate
13 and the Committee on Resources of the United
14 States House of Representatives of the request, in-
15 cluding, but not limited to, the names of the parties
16 involved in the request. The approval by the Sec-
17 retary shall not take effect until sixty days subse-
18 quent to the notification of both committees.

19 “(c) A successor concessioner or commercial use con-
20 tractor to whom a contract has been transferred, assigned,
21 sold or conveyed shall be entitled to the benefit of any
22 ‘good’ ratings received by the prior concessioner or com-
23 mercial use contractor during the term of the contract.

24 “SEC. 9. (a) Within one hundred and eighty days
25 after the date of enactment of the National Park Service

1 Enhancement Act, the Secretary shall publish regulations
2 establishing reasonable general standards and criteria for
3 evaluating the performance of a concessioner or commer-
4 cial use contractor on its overall operation under a con-
5 tract which shall provide for ratings of ‘unsatisfactory’,
6 ‘satisfactory’, and ‘good’. The evaluation regulations shall
7 address both operational performance and contract com-
8 pliance and shall identify both positive and negative as-
9 pects of the operation. The standards and criteria for a
10 good rating shall require a level of performance which
11 clearly exceeds the minimum requirements under the con-
12 tract but which is reasonably attainable by a competent
13 concessioner or commercial use contractor based upon the
14 nature of such concessioner’s or commercial use contrac-
15 tor’s operation. Prior to entering into a contract, the Sec-
16 retary and selected bidder will jointly develop rating cri-
17 teria and standards for each rating under the contract,
18 consistent with such regulations, against which the conces-
19 sioner or commercial use contractor will be evaluated an-
20 nually.

21 “(b) The Secretary shall annually conduct an evalua-
22 tion of each concessioner and commercial use contractor
23 operating under a contract and shall assign an overall rat-
24 ing for each concessioner or commercial use contractor for
25 each year. The procedure for any performance evaluation

1 shall be provided in advance to each concessioner and com-
2 mercial use contractor, and each shall be entitled to a com-
3 plete explanation of any rating given. If the Secretary's
4 performance evaluation for any year results in an unsatis-
5 factory rating of the concessioner or commercial use con-
6 tractor, the Secretary shall so notify the concessioner or
7 commercial use contractor in writing, and shall provide the
8 concessioner or commercial use contractor with a list of
9 the minimum requirements necessary to receive a rating
10 of satisfactory. The Secretary may terminate a contract
11 if the concessioner or commercial use contractor fails to
12 correct and meet the minimum requirements identified by
13 the Secretary within the limitations established by the Sec-
14 retary at the time notice of the unsatisfactory rating is
15 provided to the concessioner or commercial use contractor.
16 If the Secretary terminates a contract pursuant to this
17 section, the outgoing concessioner may be required to pay
18 for costs incurred by the Secretary associated with pro-
19 spectus development and bidder proposal evaluation, as
20 well as the difference between the new contract's franchise
21 fee and that paid by the outgoing concessioner, if the new
22 franchise fee is lower.

23 “(c) The Secretary shall notify the Committee on En-
24 ergy and Natural Resources of the United States Senate
25 and the Committee on Resources of the United States

1 House of Representatives of each unsatisfactory rating
2 and of each contract terminated pursuant to this section.

3 “SEC. 10. Notwithstanding any other provision of
4 law, each contract awarded by the Department of the Inte-

9 **TITLE III—SKI AREA PERMITS ON**
10 **NATIONAL FOREST SYSTEM LANDS**

11 **SEC. 301. FINDINGS AND PURPOSE.**

12 (a) FINDINGS.—The Congress finds that:

13 (1) Although ski areas occupy less than one-
14 twentieth of 1 percent of National Forest System
15 lands nationwide, in many rural areas of the United
16 States, ski areas and investments by ski area per-
17 mittees on National Forest System lands form the
18 backbone of the local economy and a preponderance
19 of the employment base.

20 (2) Ski area operations and their attendant
21 communities provide revenues to the United States
22 in the form of permit fees, income taxes, and other
23 revenues which are extremely significant in propor-
24 tion to the limited Federal acreage and Forest Serv-

1 ice administration and contractual obligations re-
2 quired to support such operations.

3 (3) In addition to alpine skiing, many ski area
4 permittees provide multiseason facilities and en-
5 hanced access to National Forest System lands, that
6 result in greater public use and enjoyment of such
7 lands than would otherwise occur;

8 (4) Unlike many other private sector users of
9 Federal lands, ski areas in almost all cases assume
10 the risk to finance, construct, maintain, and market
11 all recreational facilities and improvements on such
12 lands.

13 (5) Many ski areas on National Forest System
14 lands operate in an extremely competitive environ-
15 ment with similar facilities located on private or
16 State lands, which requires ski area permittees to
17 maintain a high level of capital investment to up-
18 grade existing facilities and install new facilities
19 (such as lifts, trails, snowmaking and trail grooming
20 equipment, restaurants, and day care centers) to
21 serve the public.

22 (6) Despite an outward appearance of economic
23 well-being resulting from an intensive capital infra-
24 structure, many ski area operations are marginally
25 profitable due to the competition and capital invest-

1 ments referred to in paragraph (5), weather condi-
2 tions, insurance premiums, the national economy,
3 and other factors beyond the control of the ski area
4 permittee.

5 (7) Because of the contributions of ski areas to
6 the economies of the United States and the rural
7 communities in which they are located, and the en-
8 hanced use and enjoyment of National Forest Sys-
9 tem lands resulting from ski areas, it is in the na-
10 tional interest for the United States, where consist-
11 ent with national forest management objectives, to
12 take actions to promote the long-term economic
13 health and stability of ski areas and associated com-
14 munities.

15 (8) The National Forest Ski Area Permit Act
16 of 1986 (U.S.C. 497b) has been of assistance to ski
17 area operations on National Forest System lands by
18 providing longer term lease tenure and contractual
19 stability to ski area permittees, but further adjust-
20 ments and policy direction are warranted to address
21 problems related to permit fees and fee calculations
22 and conflicts with certain mineral activities.

23 (b) PURPOSE.—In light of the findings of subsection
24 (a), it is the purpose of this title—

1 (1) to legislate a ski area permit fee that re-
 2 turns fair market value to the United States and at
 3 the same time—

4 (A) provides ski area permittees and the
 5 United States with a simplified, consistent, pre-
 6 dictable, and equitable fee formula that is com-
 7 mensurate with long-term planning, financing,
 8 and operational needs of ski areas; and

9 (B) simplifies bookkeeping and other ad-
 10 ministrative burdens on ski area permittees and
 11 Forest Service personnel; and

12 (2) to prevent future conflicts between ski area
 13 operations and mining and mineral leasing programs
 14 by withdrawing lands within ski area permit bound-
 15 aries from the operation of mining and mineral leas-
 16 ing laws.

17 **SEC. 302. SKI AREA PERMIT FEES AND WITHDRAWAL OF**
 18 **SKI AREAS FROM OPERATION OF MINING**
 19 **LAWS.**

20 The National Forest Ski Area Permit Act of 1986
 21 (16 U.S.C. 497b) is amended by adding at the end the
 22 following new sections:

23 **“SEC. 4. SKI AREA PERMIT FEES.**

24 “(a) SKI AREA PERMIT FEE.—After the date of en-
 25 actment of this section, the fee for all ski area permits

1 on National Forest System lands shall be calculated,
2 charged, and paid only as set forth in subsection (b) in
3 order to—

4 “(1) return fair market value to the United
5 States and provide ski area permittees and the Unit-
6 ed States with a simplified, consistent, predictable,
7 and equitable permit fee;

8 “(2) simplify administrative, bookkeeping, and
9 other requirements currently imposed on the Sec-
10 retary of Agriculture and ski area permittees on na-
11 tional forest lands; and

12 “(3) save costs associated with the calculation
13 of ski area permit fees.

14 “(b) METHOD OF CALCULATION.—

15 “(1) DETERMINATION OF ADJUSTED GROSS
16 REVENUE SUBJECT TO FEE.—The Secretary of Agri-
17 culture shall calculate the ski area permit fee
18 (SAPF) to be charged a ski area permittee by first
19 determining the permittee’s adjusted gross revenue
20 (AGR) to be subject to the permit fee. The permit-
21 tee’s adjusted gross revenue (AGR) is equal to the
22 sum of the following:

23 “(A) The permittee’s gross revenues from
24 alpine lift ticket and alpine season pass sales
25 plus revenue from alpine ski school operations

1 (LTA+SSA), with such total multiplied by the
 2 permittee's slope transport feet percentage
 3 (STFP) on National Forest System lands.

4 "(B) The permittee's gross revenues from
 5 Nordic ski use pass sales and Nordic ski school
 6 operations (LTN+SSN), with such total multi-
 7 plied by the permittee's percentage (NR) of
 8 Nordic trails on National Forest System lands.

9 "(C) The permittee's gross revenues from
 10 ancillary facilities (GRAF) physically located on
 11 National Forest System lands, including all per-
 12 mittee or subpermittee lodging, food service,
 13 rental shops, parking, and other ancillary oper-
 14 ations.

15 "(2) DEPICTION OF FORMULA.—Utilizing the
 16 abbreviations indicated in paragraph (1), the cal-
 17 culation of the adjusted gross revenue (AGR) of a
 18 ski area permittee is illustrated by the following for-
 19 mula:

20 "AGR= ((LTA+SSA) x STFP)+ ((LTN+SSN) x
 21 NR) + GRAF

22 "(3) DETERMINATION OF SKI AREA PERMIT
 23 FEE.—The Secretary shall determine the ski area
 24 permit fee (SAPF) to be charged a ski area permit-
 25 tee by multiplying adjusted gross revenue deter-

1 mined under paragraph (1) for the permittee by the
2 following percentages for each revenue bracket and
3 adding the total for each revenue bracket:

4 “(A) 1.5 percent of all adjusted gross reve-
5 nue below \$3,000,000.

6 “(B) 2.5 percent for adjusted gross reve-
7 nue between \$3,000,000 and \$15,000,000.

8 “(C) 2.75 percent for adjusted gross reve-
9 nue between \$15,000,000 and \$50,000,000.

10 “(D) 4.0 percent for the amount of ad-
11 justed gross revenue that exceeds \$50,000,000.

12 “(4) SLOPE TRANSPORT FEET PERCENTAGE.—

13 In cases where ski areas are only partially located on
14 National Forest System lands, the slope transport
15 feet percentage on national forest land referred to in
16 paragraph (1) is hereby determined to most accu-
17 rately reflect the percent of an alpine ski area per-
18 mittee’s total skier service capacity which is located
19 on National Forest System land. It shall be cal-
20 culated as generally described in the Forest Service
21 Manual in effect as of January 1, 1992.

22 “(5) ANNUAL ADJUSTMENT OF ADJUSTED
23 GROSS REVENUE.—In order to insure that the ski
24 area permit fee set forth in this subsection remains
25 fair and equitable to both the United States and ski

1 area permittees, the Secretary shall adjust, on an
2 annual basis, the adjusted gross revenue figures for
3 each revenue bracket in subparagraphs (A) through
4 (D) of paragraph (3) by the percent increase or de-
5 crease in the national Consumer Price Index for the
6 preceding calendar year.

7 “(c) MINIMUM RENTAL FEE.—In cases where an
8 area of National Forest System land is under a ski area
9 permit but the permittee does not have revenue or sales
10 qualifying for fee payment pursuant to subsection (a), the
11 permittee shall pay an annual minimum rental fee of \$2
12 for each acre of National Forest System land under per-
13 mit. Rental fees imposed under this subsection shall be
14 paid at the time specified in subsection (d).

15 “(d) TIME FOR PAYMENT.—Unless otherwise mutu-
16 ally agreed to by the ski area permittee and the Secretary,
17 the ski area permit set forth in subsection (b) shall be
18 paid by the permittee by August 31 of each year and cover
19 all applicable revenues received during the twelve-month
20 period ending on June 30 of that year. To simplify book-
21 keeping and fee calculation burdens on the permittee and
22 the Forest Service, the Secretary shall no later than
23 March 15 of each year provide each ski area permittee
24 with a standardized form and worksheets (including an-

1 nual fee calculation brackets and rates) to be used for fee
2 calculation and submitted with the fee payment.

3 “(e) EXCLUSION OF REVENUE OBTAINED OUTSIDE
4 OF NATIONAL FOREST LANDS.—Under no circumstances
5 shall ski area permittee revenue or subpermittee revenue
6 (other than lift ticket, area use pass, or ski school sales)
7 obtained from operations physically located on non-na-
8 tional forest land be included in the ski area permit fee
9 calculation

10 “(f) DEFINITIONS.—To simplify bookkeeping and ad-
11 ministrative burdens on ski area permittees and the For-
12 est Service, as used in this section, the terms ‘revenue’
13 and ‘sales’ shall mean actual income from sales. Such
14 terms shall not include sales of operating equipment, re-
15 funds, rent paid to the permittee by sublessees, sponsor
16 contributions to special events or any amounts attrib-
17 utable to employee gratuities, discounts, complimentary
18 lift tickets, or other goods or services (except for bartered
19 goods) for which the permittee does not receive money.

20 “(g) EFFECTIVE DATE FOR FEES.—The ski area
21 permit fees required by this section shall become effective
22 on July 1, 1995 and cover receipts retroactive to July 1,
23 1994. If a ski area permittee has paid fees for the 12-
24 month period ending on June 30, 1995, under the grad-
25 uated rate fee system formula in effect prior to the date

1 of the enactment of this section, such fees shall be credited
2 toward the new ski area permit fee due for that period
3 under this section.

4 “(h) TRANSITIONAL SKI AREA PERMIT FEES.—

5 “(1) DETERMINATION OF AVERAGE FEES.—In
6 order to minimize in any one year the effect of con-
7 verting individual ski areas from the fee system in
8 existence on the date of enactment of this section to
9 the ski area permit fee required by subsection (a),
10 each ski area permittee subject to the new fee shall
11 determine the permittee’s average existing fees
12 (AEF) for each year of the three-year period ending
13 on June 30, 1994, and the permittee’s proforma av-
14 erage ski area permit fee (ASF) under subsection
15 (a) for each year of that period. Both (AEF) and
16 (ASF) shall be determined by adding together the
17 fee payment made by the ski area or the estimated
18 payment that would have been paid under subsection
19 (a) for each year of that period and dividing by
20 three.

21 “(2) DETERMINATION OF TRANSITIONAL
22 FEES.—To calculate the ski area permit fee required
23 by subsection (a) for each year in the five-year pe-
24 riod ending on June 30, 1999, the Secretary of Ag-
25 riculture shall divide the ski area permit fee required

1 by subsection (a) by the ASF and then multiply by
2 the AEF. The resulting fee shall be called the Ad-
3 justed Base Fee (ABF). After June 30, 1999, all ski
4 areas will pay the ski area permit fee required by
5 subsection (a) without regard to previous fees or
6 rates paid.

7 “(3) EFFECT OF LOW ABF.—Should the ABF
8 be less than the ski area permit fee required by sub-
9 section (a), the ski area permittee shall pay the less-
10 er of the fee required by subsection (a) or the ABF,
11 which shall be adjusted by multiplying the ABF
12 by—

13 “(A) 1.1 for the fee required to be paid by
14 August 31, 1995;

15 “(B) 1.2 for the fee required to be paid by
16 August 31, 1996;

17 “(C) 1.3 for the fee required to be paid by
18 August 31, 1997;

19 “(D) 1.4 for the fee required to be paid by
20 August 31, 1998; and

10 Act to improve the Administration of the National Park
11 System by the Secretary of the Interior, and to clarify the

24 subsection (a) as subsection (e) and inserting in
25 such sentence before the words “For the purposes of

1 carrying” the following: “(e) AUTHORIZATION OF
2 APPROPRIATIONS.—”.

3 (4) By striking subsection (b).

4 (5) By inserting the following after subsection
5 (a):

6 “(b) STUDIES OF AREAS FOR POTENTIAL ADDI-

12 potential inclusion in the National Park System.

13 “(2) In developing the list to be submitted under this
14 subsection, the Secretary shall give consideration to those
15 areas that have the greatest potential to meet the estab-

17 sibility. The Secretary shall give special consideration to
18 themes, sites, and resources not already adequately rep-
19 resented in the National Park System as identified in the
20 National Park System Plan to be developed under title
21 IV, section 401 of the National Park Service Enhance-
22 ment Act. No study of the potential of an area for inclu-

8 in this section shall be construed to apply to or affect or
9 alter the study of any river segment for potential addition
10 to the national wild and scenic rivers system or to apply
11 to or to affect or alter the study of any trail for potential
12 addition to the national trails system.

13 “(c) REPORT.—The Secretary shall complete the
14 study for each area for potential inclusion into the Na-

18 tion shall be prepared with appropriate opportunity for
19 public involvement, including at least one public meeting
20 in the vicinity of the areas under study, and reasonable
21 efforts to notify potentially affected landowners and State
22 and local governments. In conducting the study, the Sec-
23 retary shall consider whether the area under study—

24 “(1) possesses nationally significant natural or
25 cultural resources, or outstanding recreational op-

1 portunities, and that it represents one of the most
2 important examples of a particular resource type in
3 the country;

4 “(2) is a suitable and feasible addition to the
5 system; and

6 “(3) what the additional fiscal and personnel
7 costs will be if the area were added to the system.

8 Each study shall consider the following factors with regard
9 to the area being studied: the rarity and integrity; whether
10 similar resources are already protected in the National
11 Park System or in other Federal, State or private owner-
12 ship; the public use potential; the interpretive and edu-
13 cational potential; cost associated with acquisition, devel-
14 opment and operation; the socioeconomic impacts of any
15 designation; the level of local and general public support;
16 and whether the unit is of appropriate configuration to
17 ensure long term resource protection and visitor use. Each
18 study shall also consider whether direct National Park
19 Service management or alternative protection by other
20 agencies or the private sector is appropriate for the area.
21 Each such study shall identify what alternative or com-
22 bination of alternatives would, in the professional judg-
23 ment of the Director of the National Park Service, be most
24 effective and efficient in protecting significant resources
25 and providing for public enjoyment. The letter transmit-

10 title and subsection (b) of section 5911) means the
11 existence, within thirty miles of the employee’s duty

22 **SEC. 503. SURVEY OF RENTAL QUARTERS.**

23 The Secretaries shall conduct a survey of the avail-
24 ability of quarters at field units under each Secretary’s
25 jurisdiction at least every five years. If such survey indi-

1 cates that government owned or suitable privately-owned
2 quarters are not available as defined in section 502(b)(1)
3 of this title for the personnel assigned to a specific duty
4 station, the Secretaries are authorized to provide suitable
5 quarters in accordance with the provisions of this title.
6 For the purposes of this section, the term “suitable quar-

8 to the individual and family needs of the employee.

9 **SEC. 504. SECONDARY QUARTERS.**

10 (a) If the Secretary of the Interior or the Secretary
11 of Agriculture determines that secondary quarters for em-
12 ployees who are permanently duty stationed at remote lo-

14 porary periods are necessary for the effective administra-
15 tion on an area under the jurisdiction of the respective
16 agency, such secondary quarters are authorized to be
17 made available to employees, either on or off public lands,
18 in accordance with the provisions of this title.

19 (b) Rental rates for such secondary facilities shall be
20 established so that the aggregate rental rate paid by an
21 employee for both primary and secondary quarters as a
22 percentage of the employee’s annual gross income shall
23 not exceed the Census Bureau American Housing Survey
24 median monthly housing cost for renters inclusive of utili-

3 **SEC. 505. SURVEY OF EXISTING FACILITIES.**

4 (a) HOUSING SURVEY.—Within two years after the
5 date of enactment of this title, the Secretaries shall survey
6 all existing government-owned employee housing facilities
7 under the jurisdiction of the Department of the Interior
8 and the Department of Agriculture, to assess the physical
9 condition of such housing and the suitability of such hous-
10 ing for the effective prosecution of the agency mission.
11 The Secretaries shall develop an agency-wide priority list-
12 ing, by structure, identifying those units in greatest need
13 of repair, rehabilitation, replacement or initial construc-

16 and Energy and Natural Resources of the United States
17 Senate and the Committees on Appropriations and Re-

19 (b) PRIORITY LISTING.—Unless otherwise provided
20 by law, expenditure of any funds appropriated for con-
