

activities, was a dedicated homemaker and a member of several social clubs composed of young matrons of the city.

On May 9, 1931, she gave birth to Clarence Watson, Jr., and in November of that same year the Watsons moved to a new house at 3003 Cherry Street, where Mrs. Watson would live for some 59 years thereafter. On June 2, 1951, Mrs. Watson began a second career. Mr. Watson's failing health contributed to the need and desire for Mrs. Watson to once again enter the work force. She was placed in charge of the tuberculosis unit of the Jefferson County, AK, health unit. She remained employed in that position until her retirement in January 1958. Mr. Watson died September 11, 1958.

Mrs. Watson continues to maintain interest in the affairs of her church as well as city, State, and national affairs. She also remains a devoted Arkansas Razorback football and basketball fan. In late 1993 she moved to Trinity Village but continues to maintain her Cherry Street home for occasional use. Her son, C.E. Watson, and his wife Frances live in San Diego, CA. She has two grandchildren, Kevin Scott Watson, of California, and Leslie Claire Watson, of Florida.

In short Mr. Speaker, Mrs. Watson is an extraordinary woman whose life can be looked at as an example of what America is all about. Through the good times and the bad times she has shown love and dedication to her family and community, and by so doing has made this world a better place in which to live.

Mr. Speaker, today I ask my colleagues to join me in paying tribute to Mrs. Virlin Millee Watson as she and her loved ones celebrate the reaching of yet another milestone in her life.

#### PERSONAL RESPONSIBILITY ACT OF 1995

SPEECH OF

#### HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday March 23, 1995*

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 4) to restore the American family, reduce illegitimacy, control welfare spending and reduce welfare dependence:

Ms. PELOSI. Mr. Chairman, I rise today in support of the Deal substitute to the Personal Responsibility Act.

The Deal alternative, unlike the legislation before us, was crafted to make good on the promise of moving people from welfare to work. It ensures the welfare recipients will be better off economically by taking a job rather than staying on welfare.

While the Republican welfare proposal offers no real resources for able-bodied recipients to find work, the Deal substitute engages each AFDC recipient in an individual responsibility plan detailing the ways in which he or she can find work and how the State can assist in this goal.

This morning, the front page of the Washington Post told us that the Congressional Budget Office estimates that none of the States will be able to meet the Republican welfare proposal's work requirements. We see

now that the Republican majority has given us a bill that is not only mean, but also completely unworkable.

The Deal substitute works in partnership with State and local governments to ensure that special situations receive adequate resources and flexibility and that the goal of getting people off welfare into work can be met.

Individuals can begin a job search with the assistance of a Work First program and resources for child care. They have the option of starting or continuing education. This plan acknowledges that, in order to get people to work and to keep working, we must assist them with their individual needs. No one situation is the same, and this substitute addresses that dilemma.

Further, the Deal substitute explicitly states that all savings from the bill will be applied to deficit reduction, not to pay for tax cuts for the wealthy.

And most importantly, the Deal substitute does not in any way attempt welfare reform at the expense of poor children.

Mr. Chairman, I urge my colleagues to support the Deal substitute. It is a realistic and responsible means by which to end the cycle of welfare dependency by focusing on work.

#### THE 50TH ANNIVERSARY OF RICH PRODUCTS CORP.

#### HON. JACK QUINN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 28, 1995*

Mr. QUINN. Mr. Speaker, I rise today in recognition of the 50th anniversary of Rich Products Corp., the Nation's largest family-owned frozen foods manufacturer founded and headquartered in Buffalo, NY.

Rich Products has had a long-standing tradition of teamwork, innovation, and a commitment to excellence.

This all began in 1945 when Robert E. Rich, Sr., founder and chairman of the board, directed a laboratory team to find a vegetable-based replacement for whip cream from the new source known as the soybean. They discovered that the soybean substance could be frozen, thawed, and whipped.

This new, revolutionary product was named Rich's Whip Topping and served to open and define the new world of nondairy products to the frozen food industry. It also made Rich Products the leader and innovator in the industry.

Since this time, Rich's Products Corp. has introduced innovative products like Coffee Rich, the Nation's first nondairy creamer. It is the only nationally distributed creamer on the market that is truly 100 percent cholesterol free and low in saturated fats.

Rich Products continued to expand both in size and its product line. Frozen baked goods were soon added to Rich's lineup. This was followed by the additions of frozen dough, frozen seafood specialties, soup bases, gravy mixes, powdered coffee creamers, frozen Italian pasta and meat, frozen fruit and barbecue and specialty meat products.

Rich's also opened a new area in the industry with another innovation known as freeze flo. This is an all natural process that allows foods to remain soft while frozen.

Rich Products Corp. now employs over 7,000 people nationally and internationally with manufacturing sites and field offices throughout North America and the world. Rich's is headquartered on the banks of the Niagara River in Buffalo, NY with sales now exceed \$940 million annually.

Throughout all its history, Rich Products Corp. has maintained a strong commitment to the western New York community. Rich's and its president, Robert E. Rich, Jr., demonstrated this with their effort to keep baseball in Buffalo. Bob Rich took a failing franchise and brought it to the forefront of professional baseball in many ways including breaking the million mark in attendance for 5 straight years. Bob Rich, Jr., also serves on numerous boards throughout the western New York community.

Rich Products Corp. is also the parent company for Rich Communications which runs two radio stations in the western New York broadcast market.

Robert E. Rich, Sr., has also demonstrated his commitment to the community by serving on the boards of over 30 organizations in western New York including the University of Buffalo, Buffalo General Hospital, and the United Fund of Buffalo and Erie County just to name a few.

Mr. Speaker, I am proud to honor the Rich Products Corp.; the chairman of the board, Robert E. Rich, Sr.; and the president, Robert E. Rich, Jr. I salute their 50-year history and the lifelong commitment of both these citizens to the western New York community. I wish them continued success into the next century.

#### FIFTIETH ANNIVERSARY OF SCRANTON PREPARATORY SCHOOL

#### HON. JOSEPH M. McDADE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 28, 1995*

Mr. McDADE. Mr. Speaker, I rise today to commemorate the 50th anniversary of Scranton Preparatory School, the high school founded by the Society of Jesus in Scranton, PA.

Scranton Prep has achieved great success in providing a value-oriented education to young men and women. Its curriculum, based on the Jesuit tradition of classical studies, is intended to prepare students for the challenges of the modern world.

Besides traditional academic pursuits, Scranton Prep fosters cooperation, respect, and responsibility through community service and opportunities for personal religious growth. One of the ways in which Scranton Prep aids in the fulfillment of these goals is through summer volunteer service projects in Mexico and Appalachia.

The importance of academic excellence at Scranton Prep is evinced by the fact that 99 percent of its graduate go on to college. Students are prepared for their college careers through advanced placement classes and a strong emphasis on classical education including the study of Latin and Greek.

I have had the great pleasure of witnessing the growth of this school from its original student body of 120 young men into an accredited institution which now enrolls 790 young women and men from throughout the region.
