

Chief Rosano's statewide and countywide service is renowned and endless. Chief among his local accomplishments are his implementation of a neighborhood oriented policing program to better address our community policing needs. His leadership also helped set in motion a gang enforcement program, developed a unique environmental crimes unit, and organized one of the few bomb and explosive device units in northern California.

With any good leader comes a road of hard knocks from those opposed to change. It's no surprise that Chief Rosano is no stranger to criticism for his outspoken support of gun controls and for initiating the city of Santa Rosa's gun exchange program. With almost 700 weapons exchanged, this event was the most successful gun exchange program in California. Recently, the Sonoma County Peace and Justice Center announced their plans to host the city's second gun exchange program in honor of the retiring chief. This program is a model for public-private partnerships between local businesses, the community, and law enforcement.

Chief Rosano's longstanding career of achievement earned him the California Peace Officers Association's Law Enforcement Professional of the Year, the most prestigious award in the law enforcement profession. Chief Rosano is also the longest-serving chief in the State of California, and the city of Santa Rosa is extremely grateful for the top service and protection he has provided the community.

I urge my colleagues to join me in congratulating Chief Rosano for his exemplary service over the past 38 years. As a nation, we are in debt to the efforts and dedication of individuals, who, like Chief Rosano, place the safety and well-being of others above their own safety. I salute Chief Rosano, and wish he and his family much success with their future plans.

17TH ANNUAL PORTUGAL DAY FESTIVAL

HON. ROBERT MENENDEZ

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 6, 1996

Mr. MENENDEZ. Mr. Speaker, I rise today to pay tribute to New Jersey's Luso-Americans, who are in the midst of celebrating 2 weeks of festivities honoring their heritage and history. The 2-week celebration in Newark's "Ironbound" is one of the largest Portuguese celebrations in the world. This extraordinary event will culminate with the Grande Parade to be held on June 9, 1996.

Over 1.5 million Luso-Americans have settled throughout the United States, with an estimated 200,000 Luso-Americans in the Garden State alone. In New Jersey, the largest concentration of Luso-Americans live in the "Ironbound" section of Newark. Through the years, they have turned an old neighborhood into a thriving and prosperous commercial and residential center. Their hard work and perseverance can be seen on the streets of Newark, especially Ferry Street, the heart of "Ironbound." Ferry Street is lined with many restaurants offering the delicate cuisine of Portugal. Luso-Americans have turned Ferry Street into a Portuguese city in miniature.

The annual Portugal Day festival is a time for Americans of different nationalities to savor

and enjoy the rich traditions of Portugal. Visitors from all over the country come to take part in the festivities, some of which are broadcast throughout the globe via satellite through Portugal's national TV, RTP1.

Seventeen years ago, Bernardino Coutinho founded the festival and has strived every year to make it a wonderful event. The Bernardino Coutinho Foundation was established on May 22, 1992, to assume responsibility for organizing this 2-week festival. The festival is a part of the foundation's commitment to enhancing the cultural and social development of the community.

I ask that my colleagues join me in honoring Luso-Americans throughout New Jersey as they celebrate their rich heritage. It is an honor to be representing such a remarkable group of people.

KEN HEREDIA HONORED FOR OUT- STANDING SERVICE TO SAN JOSE FIREFIGHTERS LOCAL 230

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 6, 1996

Ms. LOFGREN. Mr. Speaker, I rise today to recognize the noteworthy achievements of Ken Heredia of the San Jose Fire Department. Mr. Heredia has been the president of the San Jose Fire Fighters Union, Local 230, for the past 8 years. In addition, he has served 15 years on the fire department's union executive board.

During the years Mr. Heredia has served the San Jose firefighters, he has demonstrated an unselfish and much valued commitment to organized labor and the fire service. On June 8, 1996, a special barbecue will be held by the San Jose Firefighters Local 230 in honor of Mr. Heredia and his years of dedicated service to our community.

Mr. Heredia, a native of his community, was recently promoted to battalion chief of the San Jose Fire Department. Although he will be sorely missed as a leader of local 230, I would like to extend my congratulations and best wishes to Mr. Heredia as he takes on his new role in the department. I invite my colleagues to join me in recognizing this dedicated public servant.

A TRIBUTE TO AMERICAN LEGION AUXILIARY UNIT 284

HON. NORMAN SISISKY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 6, 1996

Mr. SISISKY. Mr. Speaker, I rise today to pay tribute to an American Legion auxiliary unit located in Colonial Heights, VA. Unit 284 administers many volunteer programs in my district, with special emphasis on veterans, children, and the community. Members also volunteer time to junior activities, Americanism, and educational programs.

By selflessly giving their time and energy to such worthy causes, the members of unit 284 have set an example from which we can all learn. Recently, in order to help prevent crime in their area, unit 284 joined with local civic or-

ganizations, and fire and police departments, to celebrate National Night Out. With the rise of crime in many areas, it is important for everyone to join together in order to ensure the safety of their communities. Unit 284 recognizes the significance of this effort, and through their work with National Night Out, they helped educate both children and adults on crime.

It is an honor to have such a giving organization as the American Legion Auxiliary Unit 284 in my district. Their work, as well as other American Legion auxiliary units throughout the country, have touched many lives. Mr. Speaker, on the occasion of the national organization's 75th anniversary, it is with great pride that I recognize American Legion Auxiliary Unit 284 for their outstanding service to the constituents in my district.

INTRODUCTION OF BREAST IMPLANT RESOLUTION

HON. BARBARA F. VUCANOVICH

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 6, 1996

Mrs. VUCANOVICH. Mr. Speaker, what are the facts on silicone breast implants? Are they safe? Do they lead to immune disorders in women? There are no clear answers to these questions, but conflicting information has been provided to American women—making it difficult for women to make important health decisions.

In 1992, the FDA Commissioner imposed significant restrictions on access to silicone breast implants, based on concerns that there may be a connection between immune disorders and women who have silicone breast implants. Recent scientific studies conducted by the Mayo Clinic and Harvard Medical School suggest that there is no evidence of a connection between silicone implants and autoimmune disease or classic autoimmune symptoms. Many women, however, have questioned the validity of these studies. The FDA has not issued a definitive statement on the relationship between silicone gel breast implants.

This indecisive action has caused many problems for women in the United States. Some women neglect to obtain proper breast care due to the fear and uncertainty surrounding the issue. For women with breast implants, adequate information on breast care is not readily available since the National Cancer Institute and other health agencies are waiting to develop information, pending FDA's action. This also means that very few postmastectomy breast cancer patients have access to silicone breast implants, since they must participate in clinical trials to obtain these devices. As a breast cancer survivor, I recognize the importance of breast health and the fear and confusion in determining the best treatment for the patient. Information about breast implants could help alleviate that fear.

Unfortunately, this also has a broader impact on the public by adversely affecting the supply of raw materials used in other lifesaving products such as pacemakers, heart valves, hip and knee joints, and artificial blood vessels.

Today, I am introducing a resolution which expresses the sense of the House that the
