PURPOSE AND SUMMARY

The purpose of H.R. 1141 is to amend the Act popularly known as the "Sikes Act" to enhance fish and wildlife conservation and natural resources management programs on military installations. The bill also authorizes appropriations for titles I and II of the Act through fiscal year 1998.

BACKGROUND

The Sikes Act was enacted by Congress in 1960 and amended in 1968, 1974, 1978, 1982, and 1986. Hearings were held in the 103rd Congress by the House Merchant Marine and Fisheries Committee and a reauthorization bill, H.R. 3300, passed the House of Representatives on September 12, 1994, but no action on the bill was taken in the United States Senate before the end of the 103rd Congress.

The Sikes Act originally authorized the Secretary of Defense to implement on military lands natural resource management plans mutually agreed upon by the Secretary of Defense, the Secretary of the Interior, and the appropriate State agency where the military installation is located. In 1968 the Act authorized appropriations for the first time to the Secretaries of Defense and Interior to carry out the purposes of the Act, and the Act was broadened

to include public outdoor recreation programs on military installations. Congress amended the Act again in 1974 to require that the plans provide for fish and wildlife habitat management, range rehabilitation, and the control of off-road vehicle traffic. In 1982 the Act was amended to provide adequate protection for threatened and endangered species of fish, wildlife, and plants. The Act was most recently amended in 1986 to require that the Department of Defense (DOD): (1) utilize a State/Federal cooperative plan as the fish and wildlife component of each multi-use natural resource plan; (2) use professionals trained in fish and wildlife management; and (3) regularly review the fish and wildlife plans.

DOD manages nearly 25 million acres of fish and wildlife habitat on approximately 900 military installations in the United States. In addition, the National Guard and Reserve components manage approximately one million acres on over 80 sites in 54 States and Territories. These lands are vital for defense purposes and also contain valuable natural resources. The Sikes Act provides a mechanism for cooperative wildlife management on these military installations. Specifically, the Act authorizes the Secretary of Defense, pursuant to a "cooperative plan" with the Secretary of the Interior and appropriate State fish and wildlife agencies, to carry out a program to plan, develop, maintain, and coordinate fish and wildlife conservation efforts on lands managed by DOD.

Although current DOD regulations stipulate that fish and wildlife management plans be maintained for military installations where appropriate, natural resource management as envisioned in the Sikes Act is far from a reality on many military installations. Unlike many other environmental laws that affect DOD, failure to comply with the Sikes Act does not carry any penalties. As a result, resource management plans are not being fully prepared or implemented as envisioned in current law at some military installations. In some cases, resource management plans have not been properly coordinated with an installation's military mission, which has led to a diminution of the ability of the lands' suitability for military training.

The committee is concerned about the often haphazard application of current law by the Department of Defense. This legislation will make a number of improvements in the Sikes Act which should result in improved conservation, enhancement, and utilization of vital fish, wildlife, and other natural resources that exist on military installations while ensuring the continuation of crucial military operations.

LEGISLATIVE HISTORY

H.R. 1141 was introduced on March 6, 1996 by Congressmen Don Young, Jim Saxton, and Gerry Studds and was referred to the Committee on Resources. On March 16, 1995 the Subcommittee on Fisheries, Wildlife and Oceans held a hearing on H.R. 1141. On March 30, 1995 the subcommittee considered H.R. 1141. An amendment was offered to ensure that the Secretary of Defense shall manage each installation to provide for the conservation of fish and wildlife, to allow multi-purpose uses of those resources, and to reduce by 50 percent certain authorization levels for the Department of Agriculture and Interior in the bill. This amendment

was adopted by voice vote. The bill, as amended, was then approved by voice vote.

The Committee on Resources met on April 5, 1995 to consider H.R. 1141. An amendment to restore the separate authorization of appropriations for programs on military installations that was inadvertently deleted by the Subcommittee on Fisheries, Wildlife and Oceans was adopted by voice vote. No other amendments were offered, and the bill as amended, a quorum being present, was then ordered favorably reported to the House.

The Committee on National Security requested sequential referral of H.R. 1141, which was granted on May 1, 1995. On May 17, 1995 the Subcommittee on Military Installations and Facilities met to consider H.R. 1141, as amended by the Committee on Resources. The subcommittee approved an amendment in the nature of a substitute to H.R. 1141 incorporating the amendments adopted by the Committee on Resources.

On May 24, 1995 the Committee on National Security agreed by voice vote to favorably report H.R. 1141, as amended, to the House.

DEPARTMENTAL POSITION

The committee understands the Department of Defense supports H.R. 1141

COMMITTEE POSITION

On May 24, 1995, the Committee on National Security, a quorum being present, approved H.R. 1141, as amended, by voice vote.

CONGRESSIONAL BUDGET OFFICE ESTIMATE

In compliance with clause 2(l)(3)(C) of rule XI of the Rules of the House of Representatives, the cost estimate prepared by the Congressional Budget Office and submitted pursuant to section 403 of the Congressional Budget Act of 1974 is as follows:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, May 31, 1995.

Hon. FLOYD D. SPENCE,
*Chairman, Committee on National Security
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN:

The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 1141, the Sikes Act Improvement Amendments of 1995

Enacting H.R. 1141 would not affect direct spending or receipts. Therefore, pay-as-you-go procedures would not apply to the bill.

If you wish further details on this estimate, we will be pleased to provide them.

Sincerely,

JUNE E. O'NEILL,
Director.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

1. Bill number: H.R. 1141.
2. Bill title: Sikes Act Improvement Amendments of 1995.
3. Bill status: As ordered reported by the House Committee on National Security on May 24, 1995.

4. Bill purpose: H.R. 1141 would reauthorize wildlife management programs carried out on military reservations and other public lands under the Sikes Act. For each of fiscal years 1995 through 1998, the bill would authorize appropriations of \$13.5 million for this purpose, allocating \$1.5 million to the Department of Defense, \$7 million to the Department to the Interior, and \$5 million to the Department of Agriculture.

Other provisions of H.R. 1141 would amend various provisions of the Sikes Act, with no significant budget impact.

5. Estimated cost to the Federal Government: Assuming that H.R. 1141 is enacted in fiscal year 1995 and that the full amounts authorized for each fiscal year are appropriated, \$13.5 million a year would be provided for Sikes Act programs through 1998. Outlays have been estimated on the basis of historical spending for similar programs.

[By fiscal year, in millions of dollars]

	1995	1996	1997	1998	1999	2000
Authorization of appropriations	13.5	13.5	13.5	13.5
Estimated outlays	0	13.5	13.5	13.5	10.1	3.4

The costs of this bill fall within budget function 300.

6. Comparison with spending under current law: No funds have ever been appropriated specifically for Sikes Act programs, although agencies do receive funds under several other authorizing statutes for similar activities.

7. Pay-as-you-go considerations: None.

8. Estimated cost to State and local governments: None.

9. Estimate Comparison: None.

10. Previous CBO estimate: On April 6, 1995, CBO prepared an estimate for H.R. 1141 as ordered reported by the House Committee on Resources on April 5, 1995. The two estimates are identical.

11. Estimate prepared by: Deborah Reis.

12. Estimate approved by: Paul N. Van de Water, Assistant Director for Budget Analysis.

COMMITTEE COST ESTIMATE

The committee generally concurs with the estimate as contained in the report of the Congressional Budget Office.

INFLATION IMPACT STATEMENT

Pursuant to clause 2(l)(4) of rule XI of the Rules of the House of Representatives, the committee concludes that the bill would have no significant inflationary impact.

OVERSIGHT FINDINGS

With reference to clause 2(l)(3)(A) of rule XI of the Rules of the House of Representatives, this legislation results from hearings and other oversight activities conducted by the committee pursuant to clause 2(b)(1) of rule X.

With respect to clause 2(l)(3)(B) of rule XI of the Rules of the House of Representatives, this legislation does not include any new budget, spending, or credit authority, nor does it provide for any increase or decrease in tax revenues or expenditures.

With respect to clause 2(l)(3)(D) of rule XI of the Rules of the House of Representatives, the committee has not received a report from the Committee on Government Reform and Oversight pertaining to the subject matter of H.R. 1141.

ROLL CALL VOTES

In accordance with clause 2(l)(2)(B) of rule XI of the Rules of the House of Representatives, the committee notes that no rollcall votes were taken with respect to H.R. 1141.

The committee ordered H.R. 1141 reported favorably to the House by voice vote.
