1 FINDINGS AND DECLARATION OF PURPOSE

2 SEC. 2. (a) The Congress finds that—

3 (1) the health of the Nation's people is the
4 foundation of our Nation's strength, productivity,
5 and wealth;

6 (2) the assurance of adequate medical care to
7 all of our people is essential to the general welfare
8 and to the Nation's security;

9 (3) since the tremendous advances in medical
10 science in recent years have necessarily meant great
11 advances in the cost of health services, our archaic
12 system of paying for medical care—based on public
13 and private charity for the poor, on unpredictable
14 and often unbearable costs to the otherwise self-sup-
15 porting, and on disproportionate charges for the
16 well-to-do—has resulted in the following conditions:

17 (A) the inability of the vast majority of our
18 people to meet the shattering cost of serious or
19 chronic illness;

1 (B) the inability of most of our people to
2 benefit from modern preventive medicine; and

3 (C) wholly inadequate provision for the
4 health needs of our farm families and agricul-
5 tural workers;

6 (4) the conditions described in the preceding
7 paragraph cannot effectively be remedied under the
8 present system of payment for medical care, or
9 under any voluntary insurance system; and

10 (5) a medical dole as an answer to this problem
11 is repugnant to the American people and would cer-
12 tainly result in a system of state medicine, paid for
13 from tax funds and rendered by regimented doctors.

14 (b) The Congress declares the purposes of this Act
15 to be to provide a sound economic foundation for our free
16 system of medicine and to correct the maldistribution of
17 health personnel and facilities by establishing a system of
18 prepaid personal health insurance on the principle of social
19 insurance.

20 SEC. 3. In establishing a system of national health
21 insurance, it is the policy of this Act that those persons
22 and their dependents who are insured under the provisions
23 of the Act shall be assured full freedom to choose their
24 physicians and to change their choice as they may desire;
25 that physicians and other professions furnishing services

1 in accordance with the provisions of this Act shall be as-
2 sured full freedom in the practice of their professions, in-
3 cluding the right to accept or reject patients except as this
4 right may be restricted by their own professional ethics
5 or by the laws of the several States; and that the adminis-
6 tration of this Act shall be based upon the American prin-
7 ciple of decentralization.

8 SEC. 4. In carrying out these policies, it is the inten-
9 tion of Congress that the major administrative responsibil-
10 ities be placed in the hands of local bodies representing
11 both those who pay for and receive services and those who
12 render services, and operating within the framework of
13 plans made by the several States, and approved by the
14 Federal agency; that the National Health Care Trust
15 Fund created by this Act shall be allotted equitably among
16 the several States and by the States to their local areas;
17 that voluntary as well as governmental organizations shall
18 be recognized and utilized; and that all eligible individuals
19 and their dependents as specified in this Act shall be enti-
20 tled to its benefits without discrimination because of race,
21 color, or creed.

22 TITLE I—BENEFITS AND ELIGIBILITY

23 CLASSES OF PERSONAL HEALTH SERVICES

24 SEC. 101. (a) The personal health services to be made
25 available as benefits to eligible individuals as provided in

1 this title are medical services, dental services, podiatric
2 services, home-nursing services, hospital services, and aux-
3 iliary services. Each class of services shall be provided by
4 persons (including individuals, partnerships, corporations,
5 associations, consumer cooperatives, and other organiza-
6 tions) who are authorized by applicable State law, and who
7 are qualified under title II of this Act, to do so.

8 (b) Medical services consist of (1) general medical
9 services such as can be rendered by a physician engaged
10 in the general or family practice of medicine, including
11 preventive, diagnostic, and therapeutic care and periodic
12 medical examinations; and (2) specialist services rendered
13 by a physician who is a specialist in the class of services
14 rendered, as defined in section 201 of this Act. Such
15 services may be rendered at the office, home, hospital,
16 or elsewhere, as necessary.

17 (c) Dental services consist of (1) general dental serv-
18 ices rendered by a dentist engaged in the general practice
19 of dentistry, including preventive, diagnostic, and thera-
20 peutic care, and periodic dental examinations; and (2) spe-
21 cialist services rendered by a dentist who is a specialist
22 in the class of services rendered, as defined in section 201
23 of this Act. Such services may be rendered at the office,
24 home, hospital, or elsewhere, as necessary.

1 (d) Podiatric services consist of those professional
2 services of a podiatrist who is legally authorized to per-
3 form such services in the State in which he practices.

4 (e) Home-nursing services consist of nursing care of
5 the sick rendered in the home by a registered professional
6 nurse or a qualified practical nurse.

7 (f) Hospital services consist of hospitalization, includ-
8 ing necessary nursing services, and such physician, labora-
9 tory, ambulance, and other services in connection with
10 hospitalization as the National Health Insurance Board
11 (hereinafter in this Act referred to as the "Board"), after
12 consultation with the National Advisory Medical Policy
13 Council (hereinafter in this Act referred to as the "Advi-
14 sory Council"), by regulation designates as essential to
15 good hospital care, for a maximum of sixty days in any
16 benefit year; but hospital services shall not include hos-
17 pitalization in a mental disease hospital or institution, or
18 hospitalization for any day more than thirty days following
19 the diagnosis of a psychosis. Whenever the Board, after
20 consultation with the Advisory Council, finds that moneys
21 in the account (established by section 701) are adequate
22 and that facilities are available, it may by regulation in-
23 crease the maximum days of hospitalization in any benefit
24 year.

1 (g) Auxiliary services consist of such chemical, bac-
2 teriological, pathological, diagnostic X-ray and related lab-
3 oratory services; X-ray, radium, and related therapy; phys-
4 iotherapy; services of optometrists; and prescribed drugs
5 which are unusually expensive, special appliances, and eye-
6 glasses; as the Board, after consultation with the Advisory
7 Council, by regulation designates as auxiliary services on
8 the basis of its finding that their provision under this Act
9 is practicable and is essential to good health care.

10 AVAILABILITY OF BENEFITS

11 SEC. 102. (a) Medical services, hospital services, and,
12 except as otherwise provided in subsection (b) of this sec-
13 tion, all other personal health services specified in section
14 101 shall be made available (subject to section 701) as
15 benefits to eligible individuals in all health-service areas
16 within the United States as rapidly and as completely as
17 possible having regard for the availability of the profes-
18 sional and technical personnel and the hospital and other
19 facilities needed to provide such services. To this end the
20 resources and needs of each State shall be surveyed and
21 a program developed in each State to assure the maximum
22 participation and use of health personnel and facilities in
23 the provision of benefits, and to encourage improvement
24 in the number and distribution of such personnel and fa-
25 cilities throughout the State. Additional surveys shall be

1 undertaken as required, and the program in the State
2 from time to time modified on the basis thereof.

3 (b) If the Board, after consultation with the Advisory
4 Council, finds that the personnel or facilities or funds that
5 are or can be made available are inadequate to insure the
6 provision of all services included as dental, home-nursing,
7 or auxiliary services under section 101 of this Act, it may
8 by regulation limit for a specified period the services which
9 may be provided as benefits, or modify the extent to which,
10 or the circumstances under which, they will be provided
11 to eligible individuals. Any such restriction or limitation
12 shall be reduced or withdrawn as rapidly as may be prac-
13 ticable; and, in the case of dental services, priority in the
14 reduction or withdrawal of any such restriction or limita-
15 tion shall be given to children.

16 (c) The Board shall have the duty of studying and
17 making recommendations as to needed services and facili-
18 ties for the care of the chronic sick afflicted with physical
19 ailments, and for the care of individuals afflicted with
20 mental or nervous diseases, and as to needed provisions
21 for the prevention of chronic physical diseases and of men-
22 tal or nervous diseases; and of making reports from time
23 to time, with recommendations as to legislation, but the
24 first such report shall be made not later than two years
25 after benefits under this Act first become available.

1 HOW BENEFITS OBTAINED: FREE CHOICE BY PATIENT

2 SEC. 103. Every individual eligible for personal
3 health services available under this Act may freely select
4 the physician, dentist, podiatrist, nurse, medical group,
5 hospital, or other person of his choice to render such serv-
6 ices, and may change such selection if the practitioner,
7 medical group, hospital, or other person has agreed under
8 title II of this Act to furnish the class of services required
9 and consents to furnish such services to the individual.
10 General medical, dental, and podiatric services may be ob-
11 tained by request made by the individual directly to the
12 practitioner of the individual's choice. Specialist, home-
13 nursing, hospital, and auxiliary services shall be obtained
14 from the specialist, nurse, hospital, or other person of the
15 individual's choice, whenever the practitioner from whom
16 he is receiving medical or dental services as benefits under
17 this Act refers him for specialist, home-nursing, hospital,
18 or auxiliary services upon determining that such services
19 are required in the proper care of his particular case; or
20 whenever, upon request of the individual, an administra-
21 tive medical officer, upon a like determination, refers him
22 for such services. The Board, by regulation, shall dispense
23 with the necessity of referral in cases of emergency, and
24 may dispense with the necessity of referral under specified
25 circumstances or as respects specified classes of services,

1 or both, if it finds, after consultation with the Advisory
2 Council, that such action will be conducive to the provision
3 of a more adequate amount and quality of health care and
4 will not unreasonably increase the expenditures from the
5 account for such services.

6 ELIGIBILITY FOR BENEFITS

7 SEC. 104. (a) Subject to section 701, every individual
8 shall be eligible for benefits under this Act throughout any
9 benefit year if—

10 (1) he has received (or, in the case of income
11 from self-employment, has accrued)—

12 (A) not less than \$2,000 in wages during
13 the first four of the last six calendar quarters
14 preceding the beginning of the benefit year; or

15 (B) not less than \$1,500 in wages in each
16 of six calendar quarters during the first twelve
17 of the last fourteen calendar quarters preceding
18 the beginning of the benefit year (not counting
19 as one of such fourteen calendar quarters any
20 quarter in any part of which the individual was
21 under a total disability which continued for six
22 months or more);

23 (2) he is entitled, for the first month in the
24 benefit year, to a benefit under title II of the Social
25 Security Act or to an annuity under subchapter III

1 (relating to civil service retirement) of chapter 83
2 of title 5, United States Code; or

3 (3) he is on the first day of the benefit year a
4 dependent of an individual who is eligible under
5 paragraph (1) or paragraph (2).

6 (b) Subject to section 701, every individual, not eligi-
7 ble therefor under subsection (a), shall be eligible for bene-
8 fits under this Act during the remainder of a benefit year,
9 beginning with—

10 (1) the first day of any calendar quarter in
11 such benefit year, if he has received (or, in the case
12 of income from self-employment, has accrued) not
13 less than \$150 in wages during the first four of the
14 last six calendar quarters preceding the beginning of
15 such calendar quarter;

16 (2) the first day of the first month in such ben-
17 efit year for which he is entitled to a benefit or an-
18 nuity referred to in subsection (a)(2); or

19 (3) the first day in such benefit year on which
20 he is or becomes a dependent of an individual who
21 is eligible for benefits under subsection (a) (1) or (2)
22 under paragraph (1) or (2) of this subsection.

23 (c) No individual shall be deemed eligible for any per-
24 sonal health services as a benefit under this Act which
25 are required by reason of any injury, disease, or disability

1 on account of which any medical, dental, home-nursing,
2 hospital, or auxiliary service is being received, or upon ap-
3 plication therefor would be received, under a workmen's
4 compensation law of the United States or of any State,
5 unless equitable reimbursements to the fund for the provi-
6 sion of such services as benefits have been made or as-
7 sured under section 105 of this Act. In any case in which
8 an individual receives any personal health service as a ben-
9 efit under this Act with respect to any such injury, dis-
10 ease, or disability, for which no reimbursement to the fund
11 has been made or assured, the United States shall to the
12 extent permitted by State law be subrogated to all rights
13 of such individual, or of the person who furnished such
14 service, to be paid or reimbursed, pursuant to such work-
15 men's compensation law, for the cost of furnishing such
16 service.

17 PROVISION OF BENEFITS FOR NONINSURED NEEDY AND
18 OTHER INDIVIDUALS

19 SEC. 105. (a) Subject to section 701, any or all bene-
20 fits provided under this Act to individuals eligible for such
21 benefits may be furnished to individuals (including the
22 needy) not otherwise eligible therefor, for any period for
23 which equitable reimbursements to the account on behalf
24 of such needy or other individuals have been made, or for
25 which reasonable assurance of such reimbursements have

1 been given, by public agencies of the United States, the
2 several States, or any of them or of their political subdivi-
3 sions, such reimbursements to be in accordance with
4 agreements and working arrangements negotiated with
5 such public agencies. Services furnished to such needy or
6 other individuals as benefits shall be of the same quality,
7 be furnished by the same methods, and be paid for
8 through the same arrangements, as services furnished to
9 individuals eligible for benefits under this Act.

10 (b) Federal grants to States under title XIX, and
11 part A of title IV, of the Social Security Act, and Federal
12 grants to States for aid or assistance under other provi-
13 sions of such Act, shall be available to the States for provi-
14 sion of personal-health services for noninsured needy indi-
15 viduals in accordance with the provisions of subsection (a)
16 of this section.

17 TITLE II—PARTICIPATION OF PHYSICIANS,
18 DENTISTS, NURSES, HOSPITALS, AND OTHERS

19 PHYSICIANS AND DENTISTS; SPECIALISTS

20 SEC. 201. Any individual who is a physician, dentist,
21 or podiatrist legally authorized in a State to render any
22 services included as general medical, dental, or podiatric
23 services shall be deemed qualified to render such services
24 in that State as benefits under this Act. Any such individ-
25 ual who is found to possess skill and experience of a degree

1 and kind sufficient to meet standards established for a
2 class of specialist services shall be deemed qualified to re-
3 ceive compensation for specialist services of such class as
4 benefits under this Act. The Board, after consultation
5 with the Advisory Council, shall establish standards as to
6 the special skills and experience required to qualify an in-
7 dividual to render each such class of specialist services as
8 benefits under this Act, and to receive compensation for
9 such specialist services. In establishing such standards
10 and in determining whether individuals qualify there-
11 under, standards and certifications developed by profes-
12 sional agencies shall be utilized as far as is consistent with
13 the purposes of this Act, and regard shall be had for the
14 varying needs and the available resources in professional
15 personnel of the States and of local health-service areas.

16

NURSES

17 SEC. 202. Any individual shall be deemed qualified
18 to render home-nursing services in a State as benefits
19 under this title if such individual is (a) a professional
20 nurse registered in such State, or (b) a practical nurse

1 (1) who is qualified as such under State standards or re-
2 quirements, or, in the absence of State standards or re-
3 quirements, is found to be qualified under standards es-
4 tablished by the Board after consultation with the Advi-
5 sory Council and with nursing agencies, and (2) who fur-
6 nishes nursing care under the direction or supervision of
7 the State health agency, the health agency of a political
8 subdivision of the State, or an organization supplying and
9 supervising the services of registered professional nurses
10 in the State.

11 HOSPITALS

12 SEC. 203. Any hospital or other institution shall be
13 deemed qualified to furnish all or particular classes of hos-
14 pital services as benefits under this Act if it is qualified
15 to furnish such services under State standards or require-
16 ments for the maintenance and operation of hospitals
17 which apply to the class or classes of services to be fur-
18 nished, or if, in the absence of such State standards or
19 requirements, it is found to afford professional services,
20 personnel, and equipment adequate to promote the health
21 and safety of individuals requiring the class or classes of
22 hospital services to be furnished, according to standards
23 which the Board shall establish after consultation with the
24 Advisory Council.

1 and each of whom has agreed or has authorized an agree-
2 ment to be made on his behalf with the State agency that
3 he will furnish such services in accordance with this Act
4 and with regulations prescribed thereunder. Each such in-
5 dividual or person shall be responsible, both to the State
6 agency and (in accordance with applicable State law) to
7 individuals eligible for personal health services as benefits,
8 for carrying out such agreement made by him or on his
9 behalf.

10 PROVISIONS COMMON TO ALL AGREEMENTS

11 SEC. 207. (a) Each agreement made under this title
12 shall specify the class or classes of services to be furnished
13 or provided pursuant to its terms, shall contain an under-
14 taking to comply with this Act and with regulations pre-
15 scribed thereunder, shall be made upon terms and condi-
16 tions consistent with the efficient and economical adminis-
17 tration of this Act, and shall continue in force for such
18 period and be terminable upon such notice as may be
19 agreed upon.

20 (b) No agreement under section 206, and no designa-
21 tion of an agent, shall for more than one year preclude
22 any individual or person qualified to furnish personal
23 health services from exercising such rights as he would
24 otherwise have under this title (1) to negotiate and enter
25 into an agreement directly with the State agency, or (2)

1 to designate another agent for such negotiation, or (3) to
2 participate in another agreement under section 206.

3 (c) No agreement made under this title shall confer
4 upon any individual or other person, or any group or other
5 organization, the right of furnishing or providing personal
6 health services as benefits, to the exclusion in whole or
7 in part of other individuals, persons, groups, or organiza-
8 tions qualified to furnish or provide such services.

9 (d) If the State agency after investigation finds that
10 an individual or other person under agreement to furnish
11 or provide personal health services as benefits is no longer
12 qualified to furnish or provide such services, or has com-
13 mitted a substantial breach of the agreement, it shall no-
14 tify such person of its findings, together with the reasons
15 therefor, and in the absence of a request for a hearing
16 by such person under title VI, or in the event of a final
17 decision sustaining its findings after any hearing and fur-
18 ther review provided under title VI, may terminate the
19 agreement and withdraw the person's name from the list
20 published pursuant to title III. After an agreement has
21 been so terminated, no new agreement shall be entered
22 into with such person under this Act unless and until such
23 person gives reasonable assurances to the State agency of

1 his or its ability and willingness to discharge all obliga-
2 tions and responsibilities under a new agreement satisfac-
3 torily in accordance with its provisions.

4 METHODS OF PAYMENTS FOR SERVICES

5 SEC. 208. (a) Agreements for the furnishing of medi-
6 cal, dental, or podiatric services (other than specialist
7 services) as benefits under this Act shall provide for pay-
8 ment—

9 (1) on the basis of fees for services rendered as
10 benefits, according to a fee schedule;

11 (2) on a per capita basis, the amount being ac-
12 cording to the number of individuals eligible for ben-
13 efits who are on the practitioner's list;

14 (3) on a salary basis, whole time or part time;
15 or

16 (4) on such combinations or modifications of
17 these bases, including separate provision for travel
18 and related expenses, as may be approved by the
19 State agency;

20 according in each health-service area as the majority of
21 the medical practitioners or of the dental practitioners, re-
22 spectively, under agreement to furnish such services shall
23 elect. Provision shall be made for another method or meth-
24 ods of payment (from among the methods listed in this

1 subsection) to those medical practitioners or to those den-
2 tal practitioners who do not elect the method of such ma-
3 jority, when it is found that such alternative method of
4 making payments contributes to carrying out the provi-
5 sions of section 305 of this Act or otherwise promotes the
6 efficient and economical provision of medical or dental
7 services in the area.

8 (b) Agreements for the furnishing of specialist serv-
9 ices as benefits under this Act may provide for payments
10 on the basis of fee for service, per case, per session, per
11 capita, on salary (whole time or part time), or other basis,
12 or combination thereof.

13 (c) Any of the methods of making payments from
14 among the methods listed in subsection (a) or subsection
15 (b) may be used in making payments to groups or practi-
16 tioners or organizations or other agencies which undertake
17 to provide specialist services as well as general medical or
18 general dental services.

19 (d) Agreements for the furnishing of hospital services
20 as benefits under this Act shall provide for payment on
21 the basis of the reasonable costs of hospitalization fur-
22 nished as benefits. The Board, after consultation with the
23 Advisory Council and with representatives of interested
24 hospital organizations, may by regulation prescribe maxi-
25 mum rates for hospitalization furnished as benefits under

1 this Act, and such maximum rates may be varied accord-
2 ing to classes of localities or types of service. Payments
3 to hospitals shall be based on the least expensive multiple-
4 bed accommodations available in the hospital unless the
5 patient's condition makes the use of private accommoda-
6 tions essential for his proper medical care. An agreement
7 made for furnishing such services shall not affect the right
8 of the hospital or other person with whom the agreement
9 is made to require payments from patients with respect
10 to the additional cost of more expensive facilities occupied
11 at the request of the patient, or with respect to services
12 not included as benefits under this Act.

13 (e) Agreements for the furnishing of home-nursing
14 services or auxiliary services as benefits under this Act
15 shall provide for payment in accordance with such meth-
16 ods as the State agency may approve from among those
17 set forth in regulations prescribed pursuant to this Act.

18 (f) In any health-service area where agreements for
19 the furnishing of general medical or general dental serv-
20 ices provide for payment only on a per capita basis, the
21 per capita payments with respect to those individuals re-
22 siding in the area who have failed to select a practitioner
23 or other person to furnish such services to them shall be
24 made on a pro rata basis among the practitioners and

1 other persons under agreement to furnish such services
2 in the area.

3 AMOUNT OF PAYMENTS FOR SERVICES

4 SEC. 209. (a) Rates or amounts of payment for par-
5 ticular services or classes of services furnished as benefits
6 under this Act shall be adapted to take account of relevant
7 regional, State, or local conditions and practices. In arriv-
8 ing at the payments to be made for services of general
9 medical and dental practitioners, specialists, professional
10 and practical nurses, or other practitioners, regard shall
11 be had for the annual income or its equivalent which the
12 payments will provide, and consideration shall be given to
13 degree of specialization, and to the skill, experience, and
14 responsibility involved in rendering the services. Such pay-
15 ments, together with the other terms and conditions of the
16 agreements made under this title, shall be adequate to

14 the administration of such benefits, shall promote impar-

21 health services to all eligible individuals.

22 (b) Each local area committee shall consist of not less
23 than eight nor more than sixteen members. The members

21 to the Board.

22 LOCAL PROFESSIONAL COMMITTEES

23 SEC. 304. Local committees representative of the per-

21 with the merit system provided for in the State plan of
22 operations; local administrative committees shall be ap-

 2 the local health-service areas shall be those so designated
 3 in such plan; and members of local advisory committees
 4 and of local professional committees shall be selected in
 5 accordance with methods set forth in such plan.

6 (c) In exercising their functions and discharging their
 7 responsibilities under this Act, local administrative officers
 8 and communities, local advisory committees, and local pro-

 10 Act, and of regulations prescribed thereunder, and of any
 11 regulations, standards, and procedures prescribed by the
 12 State agency.

13 TITLE IV—STATE ADMINISTRATION

14 DECLARATION OF POLICY

15 SEC. 401. It is the intent of Congress that the bene-
 16 fits provided under this Act be administered wherever pos-
 17 sible by the several States, in accordance with plans of
 18 operations submitted and approved as provided in this
 19 title, and in each State insofar as feasible by the same
 20 State agency which administers, or supervises the admin-
 21 istration of, the State's general public health and maternal
 22 and child health programs.

23 STATE PLAN OF OPERATIONS

24 SEC. 402. (a) Any State desiring to assume respon-
 25 sibility for the administration in the State of the personal

1 health-service benefits provided under this Act to all indi-
2 viduals in the State who are eligible for such benefits, may
3 do so for the period beginning October 1, 1998 (when ben-

5 riod beginning October 1 of any succeeding year, if it has
6 undertaken, through its legislature, to administer such
7 benefits in accordance with the provisions of this Act and
8 with the provisions of regulations and standards pre-
9 scribed thereunder, and, at least twelve months in ad-
10 vance, has submitted and had approved a State plan of
11 operations which—

12 (1) designates as the sole agency for the state-
13 wide administration of benefits under this Act a sin-
14 gle State agency duly authorized under the law of
15 the State to administer such benefits within the
16 State in accordance with the provisions of this Act,
17 the provisions of regulations and standards pre-
18 scribed thereunder, and the provisions of the State
19 plan;

20 (2) provides for the designation of a State advi-
21 sory committee which shall include members who are
22 familiar with the needs for personal health services
23 in urban and rural areas, and who are representative
24 of the interests of individuals in the State who are
25 eligible for benefits, such members to constitute a

1 majority, and members chosen from the several pro-
2 fessions, hospitals, and other organizations in the
3 State by whom such benefits will be provided, to ad-
4 vise the State agency in carrying out the administra-
5 tion of such benefits in the State;

6 (3) provides for the decentralized administra-
7 tion of this Act in the State in accordance with title
8 III for the designation of local health-service areas,
9 and for such methods of selecting the members of
10 local advisory committees and of local professional
11 committees as are calculated to insure representa-
12 tion of the nature set forth in sections 303 and 304,
13 respectively;

14 (4) provides such methods of administration, in-
15 cluding methods relating to the establishment and
16 maintenance of personnel standards on a merit basis
17 (except that the Board shall exercise no authority
18 with respect to the selection, tenure of office, or
19 compensation of any individual employed in accord-
20 ance with such methods), as are found by the Board
21 to be necessary for the proper and efficient adminis-
22 tration of such benefits in the State;

23 (5) provides for the making of surveys of the
24 resources and needs of the State, in accordance with

1 section 102(a), and sets forth a program for the ad-
2 ministration of such benefits in the State which
3 gives reasonable assurance (A) that maximum use
4 will be made of all available health personnel and fa-
5 cilities desiring to participate in the provision of ben-
6 efits to eligible individuals, (B) that funds allotted to
7 the State for the several classes of benefits will be
8 allocated in such manner as to give reasonable as-
9 surance of the availability of services in all health-
10 service areas in the State, and (C) that any mal-
11 distribution or other inadequacies in the health per-
12 sonnel or facilities available for such purpose, or in
13 the quality of the services rendered, will be progres-
14 sively improved as rapidly as may be practicable;

15 (6) provides that the State agency will make
16 such reports in such form and containing such infor-

18 ably require, and give the Board, upon demand, ac-
19 cess to the records upon which such information is
20 based;

21 (7) provides that all Federal funds paid to the
22 State agency for purposes of carrying out this Act
23 in the State shall be properly safeguarded and ex-
24 pended solely for the purposes for which paid, and

1 provides for the repayment by the State to the Unit-
2 ed States of any such funds lost by the State agency
3 or diverted from the purposes for which paid; and

4 (8) provides for cooperation, including where
5 necessary entering into working agreements (with
6 any appropriate transfer of funds), with other public
7 agencies of the State or of its political subdivisions
8 concerned with programs related to the purposes of
9 this Act, and with appropriate agencies of other
10 States or of the United States administering this
11 Act, or benefits under this Act, in other States.

12 (b) The Board shall approve any State plan and any
13 modification thereof submitted by the State which it finds
14 complies with the provisions of subsection (a). No change
15 in a State plan shall be required within one year after
16 initial approval thereof, or within one year after any
17 change thereafter required therein, by reason of any
18 change in the regulations or standards prescribed pursu-
19 ant to this Act, except with the consent of the State or
20 in accordance with further action by Congress.

21 (c) In the event of its disapproval of any plan or any
22 modification therein submitted by a State pursuant to this
23 title, the Board shall notify the State of such disapproval
24 and shall, upon request of the State, afford it reasonable
25 notice and opportunity for a hearing on such disapproval.

1 (d) If a State has not prior to October 1, 1998, sub-
2 mitted and had approved a plan of operations, the Board
3 shall notify the Governor of the State that the Board will
4 be required to administer this Act in the State, commenc-
5 ing October 1, 1998. The Board shall provide for the pub-
6 lication of such notice in at least two newspapers of gen-
7 eral circulation in the State. If within sixty days after such
8 notification to the Governor the State has not submitted
9 an approvable plan, the Board shall continue such admin-
10 istration until one year after the submission and approval
11 of a plan of operations in accordance with this section.
12 The Board may waive the requirement that a State plan
13 must be submitted and approved one year prior to com-
14 mencement of State administration if it is satisfied in a
15 particular case that the substitution of a shorter pre-
16 paratory period will not prejudice the interests of eligible
17 individuals in the State.

18 (e) Whenever the Board, after reasonable notice and
19 opportunity for hearing to the State, finds that the State,
20 having submitted and had approved a plan of operations
21 under this title—

22 (1) is not complying substantially with the pro-
23 visions of such plan, or with the provisions of this
24 Act or any regulations or standards prescribed
25 thereunder, or

1 (2) has withdrawn its plan or failed to change
2 it when and as required by a change in this Act or
3 in regulations prescribed thereunder,
4 the Board shall notify the Governor of the State of such
5 findings, together with its reasons therefor and a state-
6 ment concerning the effect of such findings under this Act,
7 and shall provide for the publication of such notice in at
8 least two newspapers of general circulation in the State.
9 If within sixty days following such a notice the State has
10 not taken appropriate action to bring its plan or its admin-
11 istration thereof into conformity with this Act and regula-
12 tions and standards thereunder, the Board shall imme-
13 diately assume responsibility for the administration of this
14 Act in the State and shall administer the same in such
15 State for so long thereafter as the State fails to give rea-
16 sonable assurances of substantial compliance or fails to
17 submit an approvable plan, as the case may be.

18 (f) In any State in which the Board has assumed re-
19 sponsibility for the administration of benefits under this
20 Act as provided in subsections (d) and (e) of this section,
21 the Board shall have and discharge all authority and du-
22 ties, in accordance with the provisions of this Act, which
23 it finds necessary for that purpose, and the term “State
24 agency” wherever used in title II or title III of this Act
25 shall be deemed to refer to the Board.

1 (g) Nothing in this Act shall preclude any State or
2 any political subdivision thereof, whether or not the State
3 has assumed responsibility for the administration of bene-
4 fits under this Act, from furnishing, with funds available
5 from sources other than the account, any additional health
6 services to individuals who are eligible for benefits under
7 this Act or any or all health services to individuals who
8 are not so eligible.

21 DETERMINATIONS AS TO ELIGIBILITY FOR BENEFITS

22 SEC. 601. (a) The Secretary of Health and Human
23 Services through such units of the Department of Health
24 and Human Services as he may determine, shall upon his
25 own initiative or upon application of any individual make

1 determinations as to the eligibility of individuals for bene-
2 fits under this Act. Whenever requested by any individual
3 determined by the Secretary not to be eligible for benefits
4 for any period, or by a dependent of any such individual,
5 the Secretary shall give such individual or such dependent
6 reasonable notice and opportunity for a hearing with re-
7 spect to such determination and on the basis of the evi-
8 dence adduced at the hearing shall affirm, modify, or re-
9 verse his determination.

10 (b) In carrying out his responsibility under this sec-
11 tion, the Secretary shall have all the powers and duties
12 conferred upon him under sections 205 and 206 of the
13 Social Security Act. Such powers and duties shall be sub-
14 ject to the same limitations and rights of judicial review
15 as are contained in section 205 of such Act. Eligibility
16 for benefits under this title based on entitlement to an
17 annuity under subchapter III (relating to civil service re-
18 tirement) of chapter 83 of title 5, United States Code,
19 shall be determined on the basis of certification by the
20 Office of Personnel Management.

21 (c) Nothing in title IV of this Act shall be deemed
22 to require or authorize any assumption by the State agen-
23 cy, designated in accordance with an approved State plan

1 of operations approved under such title, of any of the Sec-
2 retary's responsibilities under this section, but the Sec-
3 retary may utilize existing facilities and services of any
4 such agency on the basis of mutual agreements with such
5 agency.

6 COMPLAINTS OF ELIGIBLE INDIVIDUALS AND OF
7 PERSONS FURNISHING BENEFITS

8 SEC. 602. (a) Any eligible individual aggrieved by
9 reason of his failure to receive any personal health-service
10 benefits to which he believes himself entitled, or dissatis-
11 fied with any service rendered him as a personal health-
12 service benefit, and any person who has entered into an
13 agreement to furnish services as personal health-service
14 benefits and who is aggrieved by the failure or alleged fail-
15 ure of a local or other administrative officer or a local
16 administrative committee to carry out the agreement in
17 accordance with its terms, may make a complaint to the
18 local administrative officer or local executive officer in the
19 area in which the action or inaction complained of oc-
20 curred, or to such other officer as may be provided in reg-
21 ulations. If the officer to whom such complaint is made
22 finds, after investigation, that the complaint is well found-
23 ed, he shall promptly take such steps as may be necessary

1 and appropriate to correct the action or inaction com-
2 plained of; and he shall notify the individual or other per-
3 son making the complaint of his disposition thereof. Any
4 such individual or other person dissatisfied with the action
5 taken may in writing request a hearing thereon and shall
6 be afforded opportunity for the same pursuant to sub-
7 section (b) of this section.

8 (b) Provision shall be made for the establishment of
9 necessary and sufficient impartial tribunals to afford hear-
10 ings to individuals and other persons entitled thereto
11 under subsection (a) of this section, or section 207(d) of
12 this Act, and for further review of the findings, conclu-
13 sions, and recommendations of such tribunals, in accord-
14 ance with regulations made by the Board, after consulta-
15 tion with the Advisory Council. With respect to any com-
16 plaint involving matters or questions of professional prac-
17 tice or conduct, the hearing body shall contain competent
18 and disinterested professional representation; and with re-
19 spect to any complaint involving only matters or questions
20 of professional practice or conduct the hearing body shall
21 consist exclusively of such professional persons.

22 (c) In administering this section in any State which
23 has not assumed responsibility for the administration of
24 benefits under this Act as provided in title IV, the Board
25 (subject to the provisions of section 501(b)) shall, insofar

1 as they are applicable to its functions under this Act, have
2 all the powers and duties conferred upon the Secretary
3 by sections 205 and 206 of the Social Security Act. Such
4 powers and duties shall be subject to the limitations and
5 rights of judicial review contained in section 205 of such
6 Act.

7 (d) In any State which has assumed responsibility for
8 the administration of benefits under this Act as provided
9 in title IV the powers and duties of the State agency shall
10 be subject to such rights of judicial review in the courts
11 of the State as the law of the State may provide; subject,
12 however, to review by the Supreme Court of the United
13 States in such cases and in such manner as is provided
14 in section 1257 of title 28 of the United States Code.

15 TITLE VII—APPLICATION OF ACT TO INDIVID-
16 UALS COVERED UNDER MEDICARE PRO-
17 GRAM

18 ELIGIBILITY; BENEFITS AVAILABLE

19 SEC. 701. (a) In the case of any individual who is
20 entitled to hospital insurance benefits under part A of title
21 XVIII of the Social Security Act, or to supplementary
22 medical insurance benefits under the insurance program
23 established by part B of such title, during any benefit year
24 or part thereof in which he is otherwise eligible for benefits
25 under this Act in accordance with section 104 or would

1 otherwise be furnished such benefits in accordance with
2 section 105, the personal health services (specified in sec-
3 tion 101) which may be made available to him as benefits
4 under this Act shall be limited to those services (otherwise
5 available to him in accordance with section 102) for which
6 he is ineligible under part A or B of such title XVIII. For
7 purposes of the preceding sentence, an individual shall be
8 considered ineligible under part A or B of such title XVIII
9 if no payment is or can be made to him or on his behalf
10 thereunder with respect to the item or service involved,
11 whether because he is not entitled to benefits under which-
12 ever such part is applicable, because no payment is pro-
13 vided under either such part for the item or service in-
14 volved, or because he has exhausted his entitlement to
15 have payment made thereunder for items or services of
16 the type involved; and shall also be considered ineligible
17 under part A or B of such title XVIII with respect to any
18 item or service (for which he is otherwise entitled to have
19 payment made thereunder) to the extent that payment is
20 not made with respect to such item or service because of
21 the application of the deductible and coinsurance provi-
22 sions of sections 1813 and 1833 of the Social Security
23 Act.

1 (b) The Board, after consultation with the Advisory
2 Council, shall prescribe such regulations as may be nec-
3 essary or appropriate to insure, in the case of individuals
4 whose benefits under this Act are limited under subsection
5 (a), that the combination of benefits under this Act and
6 title XVIII of the Social Security Act will effectively carry
7 out (without duplication of benefits) the purpose of this
8 Act.

9 (c) The limitation under subsection (a) of an individ-
10 ual's benefits under this Act shall not be construed as af-
11 fecting the eligibility of his dependents for such benefits
12 in accordance with subsection (a)(3) or (b)(3) of section
13 104.

14 STUDY AND REPORT

15 SEC. 702. As soon as practicable after the enactment
16 of this Act the Secretary of Health and Human Services
17 shall undertake and carry out a full and complete study
18 of the interrelationship of the program of national health
19 insurance under this Act and the program of health insur-
20 ance for the aged under title XVIII of the Social Security
21 Act, in order to determine the way in which the latter pro-
22 gram may be most effectively and equitably transferred
23 to and incorporated in the program under this Act. In con-
24 ducting such study, the Secretary shall give particular at-
25 tention to the transitional problems which would result

1 from such a transfer, and shall consider in detail (with
2 respect to each such program) the benefits provided, the
3 standards of eligibility therefor, the standards and quali-
4 fications for participation by providers of services of var-
5 ious types, the methods of administration, the costs and
6 methods of financing, and any other matters which might
7 assist in making such determination and in insuring that
8 all desirable features of the program under title XVIII of
9 the Social Security Act will to the maximum extent fea-
10 sible be preserved with respect to the individuals covered
11 by that program (and, in appropriate cases, included in
12 the program under this Act for all individuals who are eli-
13 gible thereunder, without regard to any transfer). The
14 Secretary shall submit to the President and the Congress,
15 no later than one year after the date of the enactment
16 of this Act, a complete report of the study conducted
17 under this section together with his findings as to the most
18 effective and equitable way in which the transfer under
19 consideration could be effected and his detailed rec-
20 ommendations for legislative, administrative, and other ac-
21 tions to accomplish it.

1 TITLE VIII—FISCAL PROVISIONS

2 USE OF TRUST FUND

3 SEC. 801. (a) Funds in the National Health Care
4 Trust Fund shall be available for all expenditures nec-
5 essary or appropriate to carry out this Act; except that
6 (subject to the provisions of section 802(g)) only so much
7 of such funds shall be available for salaries or other ad-
8 ministrative expenses of any department or agency of the
9 United States as may be authorized in annual or other
10 appropriation Acts.

11 (b) Sums received as reimbursements to the account
12 pursuant to section 104(c) or section 105, or by virtue
13 of subrogation pursuant to section 104(c), shall be depos-
14 ited in the account and shall be available in accordance
15 with the provisions of subsection (a) of this section.

16 ALLOTMENT OF FUNDS

17 SEC. 802. (a) The Board, after consultation with the
18 Advisory Council, shall determine, as far in advance of the
19 beginning of each fiscal year as is possible, the sums which
20 shall be available from the Trust Fund for provision dur-
21 ing the fiscal year of all classes, and of each of the five
22 classes, of personal health-service benefits specified in sec-
23 tion 101(a). Such sums shall be determined, after taking
24 into consideration the estimated amount which will be in
25 the Trust Fund at the beginning of the fiscal year and

1 the anticipated income of the account thereafter, with a
2 view (1) to maintaining as nearly as practicable a uniform
3 rate of expenditure for personal health-service benefits in
4 successive fiscal years, except for appropriated allowance
5 on account of anticipated increase in the personnel and
6 facilities available to furnish personal health-service bene-
7 fits and on account of reduction or withdrawal of restric-
8 tions or limitations pursuant to section 102(b), and (2)
9 to establishing and maintaining a reserve in the Trust
10 Fund adequate to meet emergency demands in accordance
11 with subsection (d) of this section and adequate to main-
12 tain the rate of expenditure or to permit its gradual reduc-
13 tion if the income of the Trust Fund should fall below
14 the income which had been anticipated.

15 (b) In accordance with regulations prescribed after
16 consultation with the State agencies, the Board, prior to
17 the beginning of each fiscal year shall allot to the several
18 States, for the fiscal years 1998, 1999, and 2000, 90 per-
19 cent, and for each fiscal year thereafter 95 percent of each
20 sum determined pursuant to subsection (a). Such regula-
21 tions shall provide for allotments on the basis of—

22 (1) the population in the several States eligible
23 for benefits under this Act;

24 (2) professional and other personnel, hospitals,
25 and other facilities, and supplies and commodities,

1 to be available in the several States in the provision
2 of such benefits; and

3 (3) the cost of reasonable and equitable com-
4 pensation to such personnel and facilities and for
5 such supplies and commodities.

6 Such allotments shall operate, to the maximum extent pos-
7 sible, both to assure provision to eligible individuals of
8 adequate personal health-service benefits in all States and
9 all local health-service areas, and also to increase the ade-
10 quacy of services where personnel and facilities are below
11 the national average.

12 (c) From time to time during each fiscal year, the
13 Board shall allot to the several States the remaining 10
14 percent or the remaining 5 percent, as the case may be,
15 of each sum determined pursuant to subsection (a). In
16 making allotments under this subsection, the Board shall
17 take into consideration the factors specified in subsection
18 (b), but shall, in addition, give special consideration to the
19 extent of which allotments under subsection (b) have
20 proved to be insufficient to permit provision of reasonably
21 adequate benefits under this Act.

22 (d) In addition to the sums determined pursuant to
23 subsection (a) to be available for the provision of personal
24 health-service benefits, the Board, after consultation with

1 the Advisory Council, is authorized to make emergency al-
2 lotments from the account if it finds that a disaster, epi-
3 demic, or other cause has substantially increased the vol-
4 ume of personal health-service benefits required in any
5 part of the United States over the volume anticipated
6 when the determinations pursuant to subsection (a) were
7 made. Allotments pursuant to this subsection shall be
8 made to such State or States, for such class or classes
9 of personal health-service benefits, and in such amounts,
10 as the Board may find necessary to meet the emergency.

11 (e) The Board shall from time to time determine the
12 amounts to be paid to each State from its allotments
13 under this section, and shall certify to the Secretary of
14 the Treasury the amounts so determined. The Secretary
15 shall thereupon, and prior to audit or settlement by the
16 General Accounting Office, pay to the State the amounts
17 so certified.

18 (f) Funds paid to a State for any class of personal
19 health-service benefits shall be used exclusively for the
20 provision of benefits of that class, except that the adminis-
21 trative costs of the State in administering personal health-
22 service benefits under this Act may be met from the allot-
23 ments to the State. Such administrative costs, which in
24 any fiscal year shall not exceed 5 percent of the aggregate

1 allotments to the State for such fiscal year, shall be appor-
2 tioned as between the several allotments in accordance
3 with the costs of administering the respective classes of
4 benefits; and such apportionment may be made in such
5 manner, and by such sampling, statistical, or other meth-
6 ods, as may be agreed upon between the Board and the
7 State agency.

8 (g) In any case in which the Board has assumed re-
9 sponsibility for the administration in a State of benefits
10 under this Act in accordance with section 402 (d) or (e),
11 all allotments or balances of allotments to such State shall
12 be available for expenditure by the Board for the provision
13 of personal health-service benefits in that State, and (until
14 the Congress shall make funds available therefor pursuant
15 to section 801(a)) for the costs of administration of such
16 benefits in such State. Expenditures authorized pursuant
17 to section 801(a) for such costs of administration shall
18 be charged against allotments to such State.

19 GRANTS-IN-AID FOR TRAINING AND EDUCATION

20 SEC. 803. (a) For the purpose of increasing the avail-
21 ability of training and education for professional and tech-
22 nical personnel engaged or undertaking to engage in the
23 provision or administration of personal health services as
24 benefits under this Act, and to carry out the policies of
25 section 209(a), the Board is authorized to make grants—

1 (1) to public or nonprofit institutions or agen-
2 cies engaging in undergraduate or postgraduate pro-
3 fessional, technical, or administration education or
4 training, for the cost (in whole or in part) of courses
5 or projects which the Board finds, after consultation
6 with the Advisory Council and appropriate Federal
7 departments and agencies, (A) cannot be carried out
8 without financial assistance under this section, and
9 (B) show promise of making valuable contributions
10 to the education, training, or retraining of profes-
11 sional or technical personnel engaged or undertaking
12 to engage in the provision or administration of bene-
13 fits, or

14 (2) to individuals who are professional or tech-
15 nical persons engaged or who undertake to engage
16 in the provision of personal health-service benefits,
17 or who are engaged or undertake to engage in the
18 administration of such benefits, for maintenance (in
19 whole or in part) while in attendance at courses or
20 projects assisted under paragraph (1) or approved
21 by the Board for similar training or education, and
22 for costs of necessary travel.

23 (b) Such grants, in such amounts and for payment
24 at such times as are approved by the Board, shall be cer-
25 tified for payment to the Secretary of the Treasury, who

1 shall pay them from the account to the designated individ-
2 uals, institutions, or agencies.

3 (c) For the purposes of this section there shall be
4 available for the fiscal year 1998 the sum of \$5,000,000,
5 for the fiscal year 1999 the sum of \$5,000,000, and for
6 each fiscal year thereafter an amount not to exceed one-
7 half of 1 percent of the amount expended for benefits
8 under this Act in the last preceding calendar year.
