1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

1 **TITLE I—AUTOMOBILE NA-**  
2 **TIONAL HERITAGE AREA OF**  
3 **MICHIGAN**

4 **SEC. 101. SHORT TITLE.**

5 This title may be cited as the “Automobile National  
6 Heritage Area Act”.

7 **SEC. 102. FINDINGS AND PURPOSES.**

8 (a) FINDINGS.—The Congress finds that—

9 (1) the industrial, cultural, and natural heritage  
10 legacies of Michigan’s automobile industry are na-  
11 tionally significant;

12 (2) in the areas of Michigan including and in  
13 proximity to Detroit, Dearborn, Pontiac, Flint, and  
14 Lansing, the design and manufacture of the auto-  
15 mobile helped establish and expand the United  
16 States industrial power;

17 (3) the industrial strength of automobile manu-  
18 facturing was vital to defending freedom and democ-  
19 racy in 2 world wars and played a defining role in  
20 American victories;

21 (4) the economic strength of our Nation is con-  
22 nected integrally to the vitality of the automobile in-  
23 dustry, which employs millions of workers and upon  
24 which 1 out of 7 United States jobs depends;

1           (5) the industrial and cultural heritage of the  
2           automobile industry in Michigan includes the social  
3           history and living cultural traditions of several gen-  
4           erations;

5           (6) the United Auto Workers and other unions  
6           played a significant role in the history and progress  
7           of the labor movement and the automobile industry;

8           (7) the Department of the Interior is respon-  
9           sible for protecting and interpreting the Nation’s  
10          cultural and historic resources, and there are signifi-  
11          cant examples of these resources within Michigan to  
12          merit the involvement of the Federal Government to  
13          develop programs and projects in cooperation with  
14          the Automobile National Heritage Area Partnership,  
15          Incorporated, the State of Michigan, and other local  
16          and governmental bodies, to adequately conserve,  
17          protect, and interpret this heritage for the edu-  
18          cational and recreational benefit of this and future  
19          generations of Americans;

20          (8) the Automobile National Heritage Area  
21          Partnership, Incorporated would be an appropriate  
22          entity to oversee the development of the Automobile  
23          National Heritage Area; and

24          (9) 2 local studies, “A Shared Vision for Metro-  
25          politan Detroit” and “The Machine That Changed

1 the World”, and a National Park Service study,  
2 “Labor History Theme Study: Phase III; Suitability-  
3 Feasibility”, demonstrated that sufficient historical  
4 resources exist to establish the Automobile National  
5 Heritage Area.

6 (b) PURPOSE.—The purpose of this title is to estab-  
7 lish the Automobile National Heritage Area to—

8 (1) foster a close working relationship with all  
9 levels of government, the private sector, and the  
10 local communities in Michigan and empower commu-  
11 nities in Michigan to conserve their automotive her-  
12 itage while strengthening future economic opportuni-  
13 ties; and

14 (2) conserve, interpret, and develop the histori-  
15 cal, cultural, natural, and recreational resources re-  
16 lated to the industrial and cultural heritage of the  
17 Automobile National Heritage Area.

23 Field to serve in America’s African-American Air  
24 Force units during World War II and those men and

1 today, who are represented by Tuskegee Airmen,  
2 Inc.

3 (4) TUSKEGEE UNIVERSITY.—The term  
4 “Tuskegee University” means the institution of  
5 higher education by that name located in the State  
6 of Alabama and founded by Booker T. Washington  
7 in 1881, formerly named Tuskegee Institute.

8 **SEC. 302. FINDINGS AND PURPOSES.**

9 (a) FINDINGS.—The Congress finds the following:

10 (1) The struggle of African-Americans for  
11 greater roles in North American military conflicts  
12 spans the 17th, 18th, 19th, and 20th centuries. Op-  
13 portunities for African-American participation in the  
14 United States military were always very limited and  
15 controversial. Quotas, exclusion, and racial discrimi-  
16 nation were based on the prevailing attitude in the  
17 United States, particularly on the part of the United  
18 States military, that African-Americans did not pos-  
19 sess the intellectual capacity, aptitude, and skills to  
20 be successful fighters.

21 (2) As late as the 1940’s these perceptions con-  
22 tinued within the United States military. Key lead-  
23 ers within the United States Army Air Corps did not  
24 believe that African-Americans possessed the capac-  
25 ity to become successful military pilots. After suc-

1 cumbing to pressure exerted by civil rights groups  
2 and the black press, the Army decided to train a  
3 small number of African-American pilot cadets  
4 under special conditions. Although prejudice and dis-  
5 crimination against African-Americans was a na-  
6 tional phenomenon, not just a southern trait, it was  
7 more intense in the South where it had hardened  
8 into rigidly enforced patterns of segregation. Such  
9 was the environment where the military chose to lo-  
10 cate the training of the Tuskegee Airmen.

11 (3) The military selected Tuskegee Institute  
12 (now known as Tuskegee University) as a civilian  
13 contractor for a variety of reasons. These included  
14 the school's existing facilities, engineering and tech-  
15 nical instructors, and a climate with ideal flying con-  
16 ditions year round. Tuskegee Institute's strong in-  
17 terest in providing aeronautical training for African-  
18 American youths was also an important factor. Stu-  
19 dents from the school's civilian pilot training pro-  
20 gram had some of the best test scores when com-  
21 pared to other students from programs across the  
22 Southeast.

23 (4) In 1941 the United States Army Air Corps  
24 awarded a contract to Tuskegee Institute to operate  
25 a primary flight school at Moton Field. Tuskegee In-

1       stitute (now known as Tuskegee University) chose  
2       an African-American contractor who designed and  
3       constructed Moton Field, with the assistance of its  
4       faculty and students, as the site for its military pilot  
5       training program. The field was named for the  
6       school's second president, Robert Russa Moton. Con-  
7       sequently, Tuskegee Institute was one of a very few  
8       American institutions (and the only African-Amer-  
9       ican institution) to own, develop, and control facili-  
10      ties for military flight instruction.

11           (5) Moton Field, also known as the Primary  
12      Flying Field or Airport Number 2, was the only pri-  
13      mary flight training facility for African-American  
14      pilot candidates in the United States Army Air  
15      Corps during World War II. The facility symbolizes  
16      the entrance of African-American pilots into the  
17      United States Army Air Corps, although on the  
18      basis of a policy of segregation that was mandated  
19      by the military and institutionalized in the South.  
20      The facility also symbolizes the singular role of  
21      Tuskegee Institute (Tuskegee University) in provid-  
22      ing leadership as well as economic and educational  
23      resources to make that entry possible.

24           (6) The Tuskegee Airmen were the first Afri-  
25      can-American soldiers to complete their training suc-

1       cessfully and to enter the United States Army Air  
2       Corps. Almost 1,000 aviators were trained as Ameri-  
3       ca's first African-American military pilots. In addi-  
4       tion, more than 10,000 military and civilian African-  
5       American men and women served as flight instruc-  
6       tors, officers, bombardiers, navigators, radio techni-  
7       cians, mechanics, air traffic controllers, parachute  
8       riggers, electrical and communications specialists,  
9       medical professionals, laboratory assistants, cooks,  
10      musicians, supply, firefighting, and transportation  
11      personnel.

12           (7) Although military leaders were hesitant to  
13      use the Tuskegee Airmen in combat, the Airmen  
14      eventually saw considerable action in North Africa  
15      and Europe. Acceptance from United States Army  
16      Air Corps units came slowly, but their courageous  
17      and, in many cases, heroic performance earned them  
18      increased combat opportunities and respect.

19           (8) The successes of the Tuskegee Airmen  
20      proved to the American public that African-Ameri-  
21      cans, when given the opportunity, could become ef-  
22      fective military leaders and pilots. This helped pave  
23      the way for desegregation of the military, beginning  
24      with President Harry S. Truman's Executive Order  
25      9981 in 1948. The Tuskegee Airmen's success also

1       helped set the stage for civil rights advocates to con-  
2       tinue the struggle to end racial discrimination dur-  
3       ing the civil rights movement of the 1950's and  
4       1960's.

5               (9) The story of the Tuskegee Airmen also re-  
6       flects the struggle of African-Americans to achieve  
7       equal rights, not only through legal attacks on the  
8       system of segregation, but also through the tech-  
9       niques of nonviolent direct action. The members of  
10      the 477th Bombardment Group, who staged a non-  
11      violent demonstration to desegregate the officer's  
12      club at Freeman Field, Indiana, helped set the pat-  
13      tern for direct action protests popularized by civil  
14      rights activists in later decades.

15      (b) PURPOSES.—The purposes of this title are the  
16      following:

17               (1) To inspire present and future generations to  
18       strive for excellence by understanding and appreciat-  
19       ing the heroic legacy of the Tuskegee Airmen,  
20       through interpretation and education, and the pres-  
21       ervation of cultural resources at Moton Field, which  
22       was the site of primary flight training.

23               (2) To commemorate and interpret—

24                       (A) the impact of the Tuskegee Airmen  
25                       during World War II;

1 (B) the training process for the Tuskegee  
2 Airmen, including the roles played by Moton  
3 Field, other training facilities, and related sites;

4 (C) the African-American struggle for  
5 greater participation in the United States  
6 Armed Forces and more significant roles in de-  
7 fending their country;

8 (D) the significance of successes of the  
9 Tuskegee Airmen in leading to desegregation of  
10 the United States Armed Forces shortly after  
11 World War II; and

12 (E) the impacts of Tuskegee Airmen ac-  
13 complishments on subsequent civil rights ad-  
14 vances of the 1950's and 1960's.

15 (3) To recognize the strategic role of Tuskegee  
16 Institute (now Tuskegee University) in training the  
17 airmen and commemorating them at this historic  
18 site.

19 **SEC. 303. ESTABLISHMENT OF TUSKEGEE AIRMEN NA-**  
20 **TIONAL HISTORIC SITE.**

19 thorized to acquire approximately 46 additional  
20 acres owned by Tuskegee University as generally de-  
21 picted on the map referenced in paragraph (1).  
22 Lands acquired by the Secretary pursuant to this  
23 paragraph shall be administered by the Secretary as  
24 part of the historic site.

1           (c) PROPERTY ACQUISITION.—The Secretary may ac-  
2     quire by donation, exchange, or purchase with donated or

6     University may be acquired only by donation. Property do-  
7     nated by Tuskegee University shall be used only for pur-  
8     poses consistent with the purposes of this title. The Sec-  
9     retary may also acquire by the same methods personal  
10    property associated with, and appropriate for, the inter-

12           (d) ADMINISTRATION OF HISTORIC SITE.—

13           (1) IN GENERAL.—The Secretary shall admin-  
14    ister the historic site in accordance with this title  
15    and the laws generally applicable to units of the Na-  
16    tional Park System, including the Act of August 25,  
17    1916 (commonly known as the National Park Serv-

23    Secretary shall consult with Tuskegee University as  
24    its principal partner in determining the organiza-

19 their efforts to raise funds for the development of  
20 visitor facilities and programs at the historic site.

21 (4) **DEVELOPMENT.**—Operation and develop-  
22 ment of the historic site shall reflect Alternative C,  
23 Living History: The Tuskegee Airmen Experience,

12 the tradition of the Tuskegee Airmen. The Secretary is  
13 authorized to permit the Tuskegee University Department

22 **SEC. 505. ROSIE THE RIVETER NATIONAL PARK SERVICE**  
23 **AFFILIATED SITE.**

24           (a) FINDINGS.—The Congress finds the following:

1           (1) The City of Richmond, California, is located  
2           on the northeastern shore of San Francisco Bay and  
3           consists of several miles of waterfront which have  
4           been used for shipping and industry since the begin-  
5           ning of the 20th century. During the years of World  
6           War II, the population of Richmond grew from 220  
7           to over 100,000.

8           (2) An area of Richmond, California, now  
9           known as Marina Park and Marina Green, was the  
10          location in the 1940's of the Richmond Kaiser Ship-  
11          yards, which produced Liberty and Victory ships  
12          during World War II.

13          (3) Thousands of women of all ages and  
14          ethnicities moved from across the United States to  
15          Richmond, California, in search of high paying jobs  
16          and skills never before available to women in the  
17          shipyards.

18          (4) Kaiser Corporation supported women work-  
19          ers by installing child care centers at the shipyards  
20          so mothers could work while their children were well  
21          cared for nearby.

22          (5) These women, referred to as "Rosie the  
23          Riveter" and "Wendy the Welder", built hundreds of  
24          liberty and victory ships in record time for use by  
25          the United States Navy. Their labor played a crucial

1       role in increasing American productivity during the  
2       war years and in meeting the demand for naval  
3       ships.

4           (6) In part the Japanese plan to defeat the  
5       United States Navy was predicated on victory occur-  
6       ring before United States shipyards could build up  
7       its fleet of ships.

8           (7) The City of Richmond, California, has dedi-  
9       cated the former site of Kaiser Shipyard #2 as  
10      Rosie the Riveter Memorial Park and will construct  
11      a memorial honoring American women’s labor dur-  
12      ing World War II. The memorial will be representa-  
13      tive of one of the Liberty ships built on the site dur-  
14      ing the war effort.

15          (8) The City of Richmond, California, is com-  
16      mitted to collective interpretative oral histories for  
17      the public to learn of the stories of the “Rosies” and  
18      “Wendys” who worked in the shipyards.

19          (9) The Rosie the Riveter Park is a nationally  
20      significant site because there tens of thousands of  
21      women entered the work force for the first time,  
22      working in heavy industry to support their families  
23      and the War effort. This was a turning point for the  
24      Richmond, California, area and the nation as a  
25      whole, when women joined the workforce and suc-

1       cessfully completed jobs for which previously it was  
2       believed they were incapable.

3       (b) STUDY.—

4             (1) IN GENERAL.—The Secretary of the Inte-  
5       rior shall conduct a feasibility study to determine  
6       whether—

7             (A) the Rosie the Riveter Park located in  
8       Richmond, California, is suitable for designa-  
9       tion as an affiliated site to the National Park  
10      Service; and

11            (B) the Rosie the Riveter Memorial Com-  
12      mittee established by the City of Richmond,  
13      California, with respect to that park is eligible  
14      for technical assistance for interpretative func-  
15      tions relating to the park, including preserva-  
16      tion of oral histories from former works at the  
17      Richmond Kaiser Shipyards.

18            (2) REPORTS.—Not later than 6 months after  
19      the date of the enactment of this Act, the Secretary  
20      shall complete the study under paragraph (1) and  
21      submit a report containing findings, conclusions, and  
22      recommendations from the study to the Committee  
23      on Resources of the House of Representatives and  
24      the Committee on Energy and Environment of the  
25      Senate.
