TITLE III—MISCELLANEOUS PROVISIONS

Sec. 301. Report.

1 **SEC. 2. FINDINGS AND DECLARATION OF POLICY.**

2 (a) FINDINGS.—Congress finds the following:

3 (1) The economic, security, and humanitarian  
4 interests of the United States and the nations of  
5 sub-Saharan Africa would be enhanced by sustain-  
6 able, broad-based public and private sector agricul-  
7 tural and rural development in each of the African  
8 nations. The United States should support such de-  
9 velopment.

10 (2) According to the Food and Agriculture Or-  
11 ganization, the number of undernourished people in  
12 Africa has more than doubled, from approximately  
13 100,000,000 in the late 1960s to 215,000,000 in  
14 1998, and is projected to increase to 265,000,000 by  
15 the year 2010. According to the Food and Agri-

1 culture Organization, the term “under nutrition”  
2 means inadequate consumption of nutrients, often  
3 adversely affecting children’s physical and mental  
4 development, undermining their future as productive  
5 and creative members of their communities.

6 (3)(A) Currently, agricultural production in Af-  
7 rica employs about two-thirds of the workforce but  
8 produces less than one-fourth of the gross domestic  
9 product in sub-Saharan Africa, according to the  
10 World Bank Group.

11 (B) Africa’s food imports are projected to rise  
12 from less than 8,000,000 metric tons in 1990 to  
13 more than 25,000,000 metric tons by the year 2020.

14 (4) African women produce up to 80 percent of  
15 the total food supply in Africa according to the  
16 International Food Policy Research Institute.

17 (5) The most effective way to improve condi-  
18 tions of the poor is to increase the productivity of  
19 the agricultural sector. Productivity increases can be  
20 fostered by increasing research and education in ag-  
21 riculture and rural development.

22 (6)(A) In November 1996, the World Food  
23 Summit set a goal of reducing hunger worldwide by  
24 50 percent by the year 2015 and encouraged na-

1 tional governments to develop domestic food plans  
2 and to support international aid efforts.

3 (B) Since then, several agencies of the United  
4 Nations, including the International Fund for Agri-  
5 cultural Development (IFAD), whose mission is to  
6 provide the rural poor and women in the developing  
7 world with cost-effective ways of overcoming hunger,  
8 poverty, and malnutrition, have undertaken a coop-  
9 erative initiative on Africa.

10 (7) Although the World Bank Group recently  
11 has launched a major initiative to support agricul-  
12 tural and rural development, only 10 percent, or  
13 \$1,200,000,000, of its total lending to sub-Saharan  
14 Africa for fiscal years 1993 to 1997 was devoted to  
15 agriculture.

16 (8)(A) The future prosperity of the United  
17 States food processing and agricultural sector is in-  
18 creasingly dependent on exports and the liberaliza-  
19 tion of global trade.

20 (B) Africa represents a huge potential market  
21 for United States food and agricultural products.

22 (9)(A) Increased private sector investment in  
23 African countries and expanded trade between the  
24 United States and Africa can greatly help African

1 countries achieve food self-sufficiency and graduate  
2 from dependency on international assistance.

3 (B) Development assistance, technical assist-  
4 ance, and training from bilateral governmental and  
5 multilateral entities, as well as nongovernmental or-  
6 ganizations and land-grant universities, can facilitate  
7 and encourage commercial development in Africa,  
8 such as improving rural roads, agricultural research  
9 and extension, and providing access to credit and  
10 other resources.

11 (10)(A) Several United States private voluntary  
12 organizations have demonstrated success in empow-  
13 ering Africans through direct business ownership  
14 and helping African agricultural producers more effi-  
15 ciently and directly market their products.

16 (B) Rural business associations, owned and  
17 controlled by farmer shareholders, also greatly aid  
18 agricultural producers to increase their household in-  
19 comes.

20 (11)(A) Over a decade ago, the Development  
21 Fund for Africa (DFA) was enacted into law “to  
22 help the poor majority of men and women in sub-  
23 Saharan Africa to participate in a process of long-  
24 term development through economic growth that is

1 equitable, participatory, environmentally sustainable,  
2 and self-reliant.”.

3 (B) In recent years, political change and eco-  
4 nomic recovery in Africa have amplified the impor-  
5 tance of this policy objective while generating new  
6 opportunities for its advancement.

7 (C) Despite these developments, funding for the  
8 Development Fund for Africa has declined from a  
9 high of \$811,000,000 for 1993 to approximately  
10 \$635,000,000 for 1997.

11 (12)(A) United States bilateral development  
12 and humanitarian assistance to sub-Saharan Africa  
13 is approximately one-tenth of 1 percent of the total  
14 annual budget of the United States Government.

15 (B) Funding for agricultural development  
16 worldwide by the United States Agency for Inter-  
17 national Development has declined from 36 percent  
18 of its total budget in 1988 to 15 percent in 1997.

19 (13) The United States Agency for Inter-  
20 national Development has initiated an Africa Food  
21 Security Initiative in an effort to improve child nu-  
22 trition and increase agricultural income in Africa.

23 (b) DECLARATION OF POLICY.—It is the policy of the  
24 United States, consistent with title XII of part I of the  
25 Foreign Assistance Act of 1961, to support governments

1 of sub-Saharan African countries, United States and Afri-  
2 can nongovernmental organizations, universities, busi-  
3 nesses, and international agencies, to help ensure the  
4 availability of basic nutrition and economic opportunities  
5 for individuals in sub-Saharan Africa, through sustainable  
6 agriculture and rural development.

8 **SAHARAN AFRICA**

9 **SEC. 101. AFRICA FOOD SECURITY INITIATIVE.**

10 (a) ADDITIONAL REQUIREMENTS IN CARRYING OUT  
11 THE INITIATIVE.—In providing development assistance  
12 under the Africa Food Security Initiative, or any com-  
13 parable or successor program, the Administrator of the  
14 United States Agency for International Development—

15 (1) shall emphasize programs and projects that  
16 improve the food security of infants, young children,  
17 school-age children, women and food-insecure house-  
18 holds, or that improve the agricultural productivity,  
19 incomes, and marketing of the rural poor in Africa;

20 (2) shall solicit and take into consideration the  
21 views and needs of intended beneficiaries and pro-  
22 gram participants during the selection, planning, im-  
23 plementation, and evaluation phases of projects; and

24 (3) shall ensure that programs are designed  
25 and conducted in cooperation with African and

1 United States organizations and institutions, such as  
2 private and voluntary organizations, cooperatives,  
3 land-grant and other appropriate universities, and  
4 local producer-owned cooperative marketing and  
5 buying associations, that have expertise in address-  
6 ing the needs of the poor, small-scale farmers, entre-  
7 preneurs, and rural workers, including women.

8 (b) SENSE OF CONGRESS.—It is the sense of Con-  
9 gress that, if there is an increase in funding for sub-Saha-  
10 ran programs, the Administrator of the United States  
11 Agency for International Development should proportion-  
12 ately increase resources to the Africa Food Security Initia-  
13 tive, or any comparable or successor program, for fiscal  
14 year 2000 and subsequent fiscal years in order to meet  
15 the needs of the countries participating in such Initiative.

21 microcredit assistance to improve the capacity and effi-  
22 ciency of agriculture production in sub-Saharan Africa of  
23 small-scale farmers and small rural entrepreneurs. In pro-  
24 viding assistance, the Administrator should take into con-  
25 sideration the needs of women, and should use the applied

1 research and technical assistance capabilities of United  
2 States land-grant universities.

3 (b) MULTILATERAL ASSISTANCE.—

4 (1) IN GENERAL.—The Administrator of the  
5 United States Agency for International Development

9 enterprises and shall develop a comprehensive and  
10 coordinated strategy for providing microenterprise  
11 assistance for sub-Saharan Africa.

12 (2) ADDITIONAL REQUIREMENT.—In carrying  
13 out paragraph (1), the Administrator should encour-

24 sub-Saharan Africa to participate in national and

1 international private markets and to promote rural  
2 development in sub-Saharan Africa;
