

105<sup>TH</sup> CONGRESS  
2<sup>D</sup> SESSION

# H. RES. 519

Concerning Iraqi development of weapons of mass destruction.

---

## IN THE HOUSE OF REPRESENTATIVES

AUGUST 6, 1998

Mr. PAPPAS (for himself, Mr. MCINTOSH, and Mr. GRAHAM) submitted the following resolution; which was referred to the Committee on International Relations

---

## RESOLUTION

Concerning Iraqi development of weapons of mass  
destruction.

Whereas the development of weapons of mass destruction by  
rogue states is one of the greatest threats to world peace  
and stability;

Whereas Iraq has attacked 4 sovereign nations in blatant vio-  
lation of international law;

Whereas Iraq has developed and used chemical weapons and  
ballistic missiles;

Whereas the United Nations Security Council imposed sanc-  
tions against Iraq and authorized teams of international  
inspectors to supervise the destruction of Iraqi weapons  
and the dismantling of Iraqi weapons of mass destruction  
programs;

Whereas 7 years after Iraq agreed to Security Council demands to dismantle its nuclear weapons program, these inspectors continue to suspect Iraq still is hiding its nuclear weapons capabilities;

Whereas the government of Iraq has repeatedly tried to hinder the work of these inspection teams and is refusing to provide information about key aspects of its nuclear program;

Whereas the Security Council has extended the sanctions regimes based on evidence of Iraqi noncompliance collected by these inspectors;

Whereas without these inspections, there is little doubt that Iraq would continue these weapons programs unabated;

Whereas the Security Council will meet in October to consider reauthorizing all United Nations inspections in Iraq;

Whereas several nations, including France, Russia, and China, are eager to end the sanctions on Iraq; and

Whereas proposals to relax the current international inspections regime would allow Iraq to move forward on these weapon programs, posing devastating consequences for international security: Now, therefore, be it

1       *Resolved,*

2       SECTION 1. It is the sense of the House of Represent-  
3 atives that—

4           (1) the international agencies charged with in-  
5       spections in Iraq—the International Atomic Energy  
6       Agency (IAEA) and the United Nations Special  
7       Commission (UNSCOM)—must continue to main-

1       tain complete inspections, including surprise inspec-  
2       tions, within Iraq; and

3               (2) the United States Representative to the  
4       United Nations should vehemently oppose any ef-  
5       forts to weaken the inspections regimes on Iraq as  
6       long as there is evidence that the government of Iraq  
7       is seeking to develop or acquire weapons of mass de-  
8       struction and the means of delivering them.

9       SEC. 2. The Clerk of the House of Representatives  
10   is directed to provide a copy of this resolution to rep-  
11   resentatives of all countries that are members of the  
12   United Nations Security Council.
