5 “(5) National discovery trails, established as
6 provided in section 5, which will be extended, contin-
7 uous, interstate trails so located as to provide for
8 outstanding outdoor recreation and travel and to
9 connect representative examples of America’s trails

12 nificant natural, cultural, and historic resources as-
13 sociated with each trail and should be so located as
14 to represent metropolitan, urban, rural, and back
15 country regions of the Nation. Any such trail may
16 be designated on federal lands and, with the consent
17 of the owner thereof, on any non federal lands.”.

18 (2) FEASIBILITY REQUIREMENTS; COOPERATIVE
19 MANAGEMENT REQUIREMENT.—Section 5(b) of such Act

21 following new paragraph:

22 “(12) For purposes of subsection (b), a trail
23 shall not be considered feasible and desirable for
24 designation as a national discovery trail unless it
25 meets all of the following criteria:

1 “(A) The trail must link one or more areas
2 within the boundaries of a metropolitan area
3 (as those boundaries are determined under sec-
4 tion 134(c) of title 23, United States Code). It

19 operation with at least one competent trailwide vol-
20 unteer-based organization. Where the designation of
21 discovery trail is aligned with other units of the Na-
22 tional Trails System, or State or local trails, the des-
23 ignation of a discovery trail shall not affect the pro-
24 tections or authorities provided for the other trail or
25 trails, nor shall the designation of a discovery trail

1 diminish the values and significance for which those
2 trails were established.”.

16 political jurisdictions, and local organizations maintaining
17 components of the trail. Components of the comprehensive
