

*Spending subject to appropriation*

The Canadian River Municipal Water Authority pays 100 percent of the cost of operating and maintaining the Canadian River project dam, reservoir, pipeline, and related facilities. The Bureau of Reclamation reimburses the authority for about 26 percent of the cost of operating and maintaining the

project dam and reservoir. The 1998 appropriated amount for this purpose was about \$30,000. Enacting H.R. 3687 would eliminate this annual federal cost as early as 1999.

Pay-as-you-go considerations: The Balanced Budget and Emergency Deficit Control Act sets up pay-as-you-go procedures for legislation affecting direct spending or receipts.

The net changes in outlays that are subject to pay-as-you-go procedures are shown in the following table. For the purposes of enforcing pay-as-you-go procedures, only the effects in the budget year and the succeeding four years are counted. Enacting H.R. 3687 would not affect governmental receipts.

	By fiscal years, in millions of dollars—									
	1999	2000	2001	2002	2003	2004	2005	2006	2007	2008
Changes in outlays .....	-35	0	3	3	3	3	3	3	3	3
Changes in receipts .....					Not applicable					

Estimated impact on State, local, and tribal governments: H.R. 3687 contains no intergovernmental mandates as defined in UMRA. The conveyance authorized by this legislation would be voluntary on the part of the authority, and any costs incurred as a result would be accepted by them on that basis. As conditions of the conveyance, H.R. 3687 would require the authority to prepay its outstanding obligations to the federal government and to assume all responsibility for the operations and maintenance costs of the project. The act would impose no other costs on state, local, or tribal governments.

Estimated impact on the private sector: This act would impose no new private-sector mandates as defined in UMRA.

Estimate prepared by: Federal Costs: Gary Brown. Impact on State, Local, and Tribal Governments: Marjorie Miller.

Estimate approved by: Paul N. Van de Water, Assistant Director for Budget Analysis.
