SEC. 3005. PETROGLYPH NATIONAL MONUMENT. (a) SHORT TITLE.—This section may be cited as the “Petroglyph National Monument Boundary Adjustment Act”.

(b) FINDINGS.—Congress finds that—
(1) the purposes for which Petroglyph National Monument (referred to in this section as “the monument”) was established continue to be valid;
(2) it is of mutual benefit to the trustee institutions of the New Mexico State Trust lands and the National Park Service for land exchange negotiations to be completed with all due diligence, resulting in the transfer of all State Trust lands within the boundaries of the monument to the United States in accordance with State and Federal law;
(3) because the city of Albuquerque, New Mexico, has acquired substantial acreage within the monument boundaries, purchased with State and municipal funds, the consolidation of land ownership and jurisdiction under the National Park Service will require the consent of the city of Albuquerque, and options for National Park Service acquisition that are not currently available;
(4) corridors for the development of Paseo del Norte and Unser Boulevard are depicted on the map referred to in section 102(a) of the Petroglyph National Monument Establishment Act of New Mexico. 16 USC 431 note.
Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note), and the alignment of the roadways was anticipated by Congress before the date of enactment of the Act;

(5) it was the expectation of the principal proponents of the monument, including the cities of Albuquerque and Rio Rancho, New Mexico, and the National Park Service, that passage of the Petroglyph National Monument Establishment Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note) would allow the city of Albuquerque—

(A) to utilize the Paseo del Norte and Unser Boulevard corridors through the monument; and

(B) to design and construct infrastructure within the corridors with the cultural and natural resources of the monument in mind;

(6) the city of Albuquerque has not provided for the establishment of rights-of-way for the Paseo del Norte and Unser Boulevard corridors under the Joint Powers Agreement (JPANO 78–521.81–277A), which expanded the boundary of the monument to include the Piedras Marcadas and Boca Negra units, pursuant to section 104 of the Petroglyph National Monument Establishment Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note);

(7) the National Park Service has identified the realignment of Unser Boulevard, depicted on the map referred to in section 102(a) of the Petroglyph National Monument Establishment Act of 1990 (Public Law 101–313; 16 U.S.C. 431 note), as serving a park purpose in the General Management Plan/Development Concept Plan for Petroglyph National Monument;

(8) the establishment of a citizens' advisory committee prior to construction of the Unser Boulevard South project, which runs along the eastern boundary of the Atrisco Unit of the monument, allowed the citizens of Albuquerque and the National Park Service to provide significant and meaningful input into the parkway design of the road, and that similar proceedings should occur prior to construction within the Paseo del Norte corridor;

(9) parkway standards approved by the city of Albuquerque for the construction of Unser Boulevard South along the eastern boundary of the Atrisco Unit of the monument would be appropriate for a road passing through the Paseo del Norte corridor;

(10) adequate planning and cooperation between the city of Albuquerque and the National Park Service is essential to avoid resource degradation within the monument resulting from storm water runoff, and drainage conveyances through the monument should be designed and located to provide sufficient capacity for effective runoff management; and

(11) the monument will best be managed for the benefit and enjoyment of present and future generations with cooperation between the city of Albuquerque, the State of New Mexico, and the National Park Service.

(c) PLANNING AUTHORITY.—

(1) STORM WATER DRAINAGE.—Not later than 180 days after the date of enactment of this Act, the Secretary of the Interior, acting through the Director of the National Park Service (referred to in this section as the “Secretary”), and the city of Albuquerque, New Mexico, shall enter into negotiations to
provide for the management of storm water runoff and drainage within the monument, including the design and construction of any storm water corridors, conveyances, and easements within the monument boundaries.

(2) ROAD DESIGN.—

(A) If the city of Albuquerque decides to proceed with the construction of a roadway within the area excluded from the monument by the amendment made by subsection (d), the design criteria shall be similar to those provided for the Unser Boulevard South project along the eastern boundary of the Atrisco Unit, taking into account topographic differences and the lane, speed and noise requirements of the heavier traffic load that is anticipated for Paseo del Norte, as referenced in section A–2 of the Unser Middle Transportation Corridor Record of Decision prepared by the city of Albuquerque dated December 1993.

(B) At least 180 days before the initiation of any road construction within the area excluded from the monument by the amendment made by subsection (d), the city of Albuquerque shall notify the Director of the National Park Service (hereinafter “the Director”), who may submit suggested modifications to the design specifications of the road construction project within the area excluded from the monument by the amendment made by subsection (d).

(C) If after 180 days, an agreement on the design specifications is not reached by the city of Albuquerque and the Director, the city may contract with the head of the Department of Civil Engineering at the University of New Mexico, to design a road to meet the design criteria referred to in subparagraph (A). The design specifications developed by the Department of Civil Engineering shall be deemed to have met the requirements of this paragraph, and the city may proceed with the construction project, in accordance with those design specifications.

(d) ACQUISITION AUTHORITY; BOUNDARY ADJUSTMENT; ADMINISTRATION AND MANAGEMENT OF THE MONUMENT.—
