Whereas transplantation has become an element of mainstream medicine that prolongs and enhances life;

Whereas the first two National Donor Days raised a total of nearly 17,000 units of blood, added over 2,400 potential donors to the National Marrow Donor Program Registry, and distributed tens of thousands of organ and tissue pledge cards;

Whereas National Donor Day is America's largest one-day organ, tissue, bone marrow, and blood donation event; and

Whereas a number of businesses, foundations, health organizations, and the Department of Health and Human Services have designated February 12, 2000, as National Donor Day: Now, therefore, be it
