1 *Be it enacted by the Senate and House of Representa-*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Border Improvement
3 and Immigration Act of 1999”.

4 **SEC. 2. AMENDMENT OF THE ILLEGAL IMMIGRATION RE-**
5 **FORM AND IMMIGRANT RESPONSIBILITY ACT**
6 **OF 1996.**

7 (a) IN GENERAL.—Section 110(a) of the Illegal Im-
8 migration Reform and Immigrant Responsibility Act of
9 1996 (8 U.S.C. 1221 note) is amended to read as follows:

10 “(a) SYSTEM.—

11 “(1) IN GENERAL.—Subject to paragraph (2),
12 not later than 2 years after the date of enactment
13 of this Act, the Attorney General shall develop an
14 automated entry and exit control system that will—

15 “(A) collect a record of departure for every
16 alien departing the United States and match
17 the record of departure with the record of the
18 alien’s arrival in the United States; and

19 “(B) enable the Attorney General to iden-
20 tify, through on-line searching procedures, law-
21 fully admitted nonimmigrants who remain in
22 the United States beyond the period authorized
23 by the Attorney General.

24 “(2) EXCEPTION.—The system under para-
25 graph (1) shall not collect a record of arrival or
26 departure—

1 (b) CONTENTS OF REPORT.—Such report shall—

2 (1) assess the costs and feasibility of various
3 means of operating such an automated entry-exit
4 control system, including exploring—

5 (A) how, if the automated entry-exit con-
6 trol system were limited to certain aliens arriv-
7 ing at airports, departure records of those
8 aliens could be collected when they depart
9 through a land border or seaport; and

10 (B) the feasibility of the Attorney General,
11 in consultation with the Secretary of State, ne-
12 gotiating reciprocal agreements with the gov-
13 ernments of contiguous countries to collect such
14 information on behalf of the United States and
15 share it in an acceptable automated format;

16 (2) consider the various means of developing
17 such a system, including the use of pilot projects if
18 appropriate, and assess which means would be most
19 appropriate in which geographical regions;

20 (3) evaluate how such a system could be imple-
21 mented without increasing border traffic congestion
22 and border crossing delays and, if any such system
23 would increase border crossing delays, evaluate to
24 what extent such congestion or delays would in-
25 crease; and

1 (4) estimate the length of time that would be
2 required for any such system to be developed and
3 implemented.

4 **SEC. 4. ANNUAL REPORTS ON ENTRY-EXIT CONTROL AND**
5 **USE OF ENTRY-EXIT CONTROL DATA.**

6 (a) ANNUAL REPORTS ON IMPLEMENTATION OF
7 ENTRY-EXIT CONTROL AT AIRPORTS.—Not later than 30
