---

## A BILL

To amend title 49, United States Code, to establish the National Motor Carrier Administration in the Department of Transportation, to improve the safety of commercial motor vehicle operators and carriers, to strengthen commercial driver's licenses, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

Sec. 209. Study of commercial motor vehicle crash causation and data improvement.

1 **SEC. 2. FINDINGS.**

2 Congress makes the following findings:

3 (1) The current rate, number, and severity of  
4 crashes involving motor carriers in the United States  
5 are unacceptable.

6 (2) The number of Federal and State commer-  
7 cial motor vehicle and operator inspections is too low  
8 and the number and size of civil penalties for viola-  
9 tors must be sufficient to establish a credible deter-  
10 rent to future violations.

11 (3) The Department of Transportation takes  
12 too long to complete statutorily mandated rule-  
13 making proceedings on motor carrier safety and, in  
14 some significant safety rulemaking proceedings, in-

1 including driver hours-of-service regulations, extensive  
2 periods have elapsed without progress toward resolu-  
3 tion or implementation.

4 (4) Too few motor carriers undergo compliance  
5 reviews and the Department's data bases and infor-  
6 mation systems require substantial improvement to  
7 enhance the Department's ability to target inspec-  
8 tion and enforcement resources toward the most se-  
9 rious safety problems and to improve States' ability  
10 to keep dangerous drivers off the roads.

11 (5) There needs to be a substantial increase in  
12 appropriate facilities and personnel in international  
13 border areas to ensure that commercial motor vehi-  
14 cles, drivers, and carriers comply with United States  
15 safety standards.

16 (6) The Department should rigorously avoid  
17 conflicts of interest in research awards in Federally  
18 funded research.

19 (7) Unless meaningful measures to improve  
20 safety are implemented expeditiously, projected in-  
21 creases in vehicle-miles traveled will raise the number  
22 of crashes, injuries, and fatalities even higher.

23 (8) Wisely used additional funding and per-  
24 sonnel are essential to the Department's ability to  
25 improve its research, rulemaking, oversight, and en-

1 enforcement activities related to commercial motor ve-  
2 hicles, operators, and carriers.

3 **SEC. 3. PURPOSES.**

4 The purposes of this Act are—

5 (1) to improve the administration of the Fed-  
6 eral motor carrier safety program and to establish a  
7 National Motor Carrier Administration in the De-  
8 partment of Transportation; and

9 (2) to reduce the number and severity of large-  
10 truck involved crashes through more commercial  
11 motor vehicle and operator inspections and motor  
12 carrier compliance reviews, stronger enforcement  
13 measures against violators, expedited completion of  
14 rulemaking proceedings, scientifically sound re-  
15 search, and effective commercial driver's license test-  
16 ing, recordkeeping and sanctions.
