106TH CONGRESS 1ST SESSION

H. R. 2814

To amend chapter 55 of title 5, United States Code, to authorize equal overtime pay provisions for all Federal employees engaged in wildland fire suppression operations.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 8, 1999

Mr. Pombo (for himself, Mr. Condit, Mr. Doolittle, Mrs. Chenoweth, and Mr. Herger) introduced the following bill; which was referred to the Committee on Government Reform

A BILL

- To amend chapter 55 of title 5, United States Code, to authorize equal overtime pay provisions for all Federal employees engaged in wildland fire suppression operations.
 - 1 Be it enacted by the Senate and House of Representa-
 - 2 tives of the United States of America in Congress assembled,
 - 3 SECTION 1. SHORT TITLE.
 - 4 This Act may be cited as the "Wildland Firefighters
 - 5 Pay Equity Act of 1999".
 - 6 SEC. 2. FINDINGS AND PURPOSES.
 - 7 (a) FINDINGS.—Congress finds that—

- 1 (1) developing and maintaining skilled qualified 2 personnel in the Federal firefighting agencies (the 3 Bureau of Land Management, the Fish and Wildlife Service, the Bureau of Indian Affairs, and the Na-5 tional Park Service within the Department of the Interior and the Forest Service within the Department 6 7 of Agriculture) is an increasing problem that jeop-8 ardizes the safety and effectiveness of wildland fire 9 suppression operations across the Nation;
 - (2) the main reasons for the problem involve—
 - (A) a pay equity discrepancy which categorizes personnel assigned to wildland fire suppression operations in either non-exempt positions (such as firefighters and truck drivers) or exempt positions (such as supervisors and managers);
 - (B) compensation for overtime is calculated differently for these categories;
 - (C) non-exempt personnel are compensated for overtime at a rate of one and a one-half of their normal base pay;
 - (D) exempt personnel are compensated for overtime with a restriction at step 1 of GS-10 of the General Schedule, which may be below their normal base pay;

1	(E) some personnel with highly responsible
2	supervisory and management duties in a
3	wildland fire suppression operation, such as an
4	Incident Commander, being paid less than a
5	truck driver working on the same wildland fire
6	(F) a disparity in overtime pay compensa-
7	tion that results in discouraging firefighters
8	from advancing to supervisory and management
9	positions;
10	(G) discouragement to many dual career
11	family members from becoming qualified as
12	firefighters since income earned from wildland
13	fire suppression operations usually does not suf-
14	ficiently offset additional family care costs, such
15	as child care, incurred with the disrupted sched-
16	ules in fighting fires; and
17	(H) personnel shortages that are increas-
18	ing in senior fire suppression positions with the
19	aging and retirement of personnel without a
20	corresponding replacement by younger qualified
21	and skilled firefighters.
22	(b) Purposes.—The purposes of this Act are to—
23	(1) eliminate the pay equity problem in over-
24	time pay compensation between non-exempt and ex-

empt positions assigned to wildland fire suppression

- operations to provide equal formulas for calculating overtime pay for both positions;
- 3 (2) provide incentives for personnel to become 4 qualified as firefighters since overtime pay com-5 pensation will not be penalized with advancement;
 - (3) provide some financial relief for dual career families involved in wildland fire suppression operations to offset the additional costs of family care while fighting fires; and
- 10 (4) reduce personnel shortages in senior fire 11 suppression positions by increasing the numbers of 12 qualified firefighters seeking advancement.
