106TH CONGRESS 2D Session

[Report No. 106-462]

IN THE SENATE OF THE UNITED STATES

SEPTEMBER 13, 2000

Received; read twice and referred to the Committee on Environment and Public Works

OCTOBER 2 (legislative day, SEPTEMBER 22), 2000 Reported by Mr. SMITH of New Hampshire, without amendment

AN ACT

To establish the Red River National Wildlife Refuge.

1 Be it enacted by the Senate and House of Representa-

2 tives of the United States of America in Congress assembled,

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the "Red River National5 Wildlife Refuge Act".

6 SEC. 2. FINDINGS.

7 The Congress finds the following:

8 (1) The area of Louisiana known as the Red
9 River Valley, located along the Red River Waterway

1 in Caddo, Bossier, Red River, Natchitoches, and De 2 Soto Parishes, is of critical importance to over 350 3 species of birds (including migratory and resident 4 waterfowl, shore birds, and neotropical migratory 5 birds), aquatic life, and a wide array of other species 6 associated with river basin ecosystems. 7 (2) The bottomland hardwood forests of the 8 Red River Valley have been almost totally cleared. 9 Reforestation and restoration of native habitat will 10 benefit a host of species. 11 (3) The Red River Valley is part of a major 12 continental migration corridor for migratory birds 13 funneling through the mid continent from as far 14 north as the Arctic Circle and as far south as South 15 America. 16 (4) There are no significant public sanctuaries 17 for over 300 river miles on this important migration 18 corridor, and no significant Federal, State, or pri-19 vate wildlife sanctuaries along the Red River north 20 of Alexandria, Louisiana. 21 (5) Completion of the lock and dam system as-22 sociated with the Red River Waterway project up to 23 Shreveport, Louisiana, has enhanced opportunities

24 for management of fish and wildlife.

1	(6) The Red River Valley offers extraordinary
2	recreational, research, and educational opportunities
3	for students, scientists, bird watchers, wildlife ob-
4	servers, hunters, anglers, trappers, hikers, and na-
5	ture photographers.
6	(7) The Red River Valley is an internationally
7	significant environmental resource that has been ne-
8	glected and requires active restoration and manage-
9	ment to protect and enhance the value of the region
10	as a habitat for fish and wildlife.
