IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 12, 2000

Mr. HUTCHINSON (for himself, Mr. GREEN of Texas, Mr. ROGAN, and Mr. BILBRAY) introduced the following bill; which was referred to the Committee on Commerce, and in addition to the Committee on the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend title 18, United States Code, to impose criminal and civil penalties for false statements and failure to file reports concerning defects in foreign motor vehicle products, and to require the timely provision of notice of such defects, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Transportation Infor-
5 mation Recall Enhancement Act”.

1 **SEC. 2. FINDINGS AND PURPOSE.**

2 (a) FINDINGS.—Congress finds that—

3 (1) in an interview with ABC News on Sep-
4 tember 3, 2000, Secretary of Transportation Rodney
5 Slater stated that he thinks there should be a law
6 requiring that the United States be immediately no-
7 tified of a foreign recall, “especially in the global
8 economy when you’ve got U.S. goods really being
9 used by individuals around the world. We should
10 know when there’s a problem someplace else.”;

11 (2) as of the date of enactment of this Act,
12 there is no legal requirement for manufacturers of
13 motor vehicles and their components to notify
14 United States agencies of a recall issued in a foreign
15 country;

16 (3) between August 1999 and spring 2000,
17 Ford Motor Company replaced Firestone tires on
18 46,912 vehicles in Saudi Arabia, Thailand, Malaysia,
19 and South America;

20 (4)(A) on May 2, 2000, the National Highway
21 Traffic Safety Administration opened a preliminary
22 evaluation into Firestone ATX, ATX II, and Wilder-
23 ness AT tires after receiving 90 complaints, pri-
24 marily from consumers in the Southeast and South-
25 west, about tread separations or blowouts;

1 (B) as of September 2000, the National High-
2 way Traffic Safety Administration has received over
3 1,400 complaints, including reports of more than
4 250 injuries and 88 deaths; and

5 (C) some of the complaints date back to the
6 early 1990s, and 797 of the complaints report that
7 a tire failure took place between August 1, 1999,
8 and August 9, 2000; and

9 (5)(A) on August 9, 2000, Bridgestone/Fire-
10 stone announced a United States recall of 6,500,000
11 ATX, ATX II, and Wilderness AT tires; and

12 (B) that date was 3 months after the National
13 Highway Traffic Safety Administration commenced
14 its investigation and nearly 9 months after Ford
15 Motor Company initiated the replacement of the
16 tires in foreign countries.

17 (b) PURPOSE.—The purpose of this Act is to ensure
18 that defects in motor vehicles or replacement equipment
19 in foreign countries are quickly, accurately, and truthfully
20 reported to the United States Secretary of Transportation
21 in cases in which—

22 (1) the motor vehicles or replacement equip-
23 ment is manufactured for export to the United
24 States; or

1 (2) the motor vehicles or replacement equip-
2 ment is manufactured in the United States using a
3 manufacturing process that is the same as, or simi-
4 lar to, the manufacturing process used in the foreign
5 country, with the result that the motor vehicles or
6 replacement equipment manufactured in the United
7 States may also be defective.

14 “(B) the gravity of the violation.

15 “(4) DEDUCTION OF AMOUNT OF PENALTY.—
