“(1) is exempt from any requirement of form, formality, or recording before probate that is provided for testamentary instruments under the laws of a State; and

“(1) is executed in accordance with subsection (c) by (or on behalf of) a person, as a testator, who is eligible for military legal assistance;

“(2) makes a disposition of property of the testator; and

“(3) takes effect upon the death of the testator.

“(c) REQUIREMENTS FOR EXECUTION OF MILITARY TESTAMENTARY INSTRUMENTS.—An instrument is valid as a military testamentary instrument only if—

“(1) the instrument is executed by the testator (or, if the testator is unable to execute the instrument personally, the instrument is executed in the presence of, by the direction of, and on behalf of the testator);

“(2) the instrument is executed in the presence of a military legal assistance counsel acting as presiding attorney;

“(3) the instrument is executed in the presence of at least two disinterested witnesses (in addition to the presiding attorney), each of whom attests to witnessing the testator’s execution of the instrument by signing it; and
“(4) the instrument is executed in accordance with such additional requirements as may be provided in regulations prescribed under this section.

“(d) Self-Proving Military Testamentary Instruments.—(1) If the document setting forth a military testamentary instrument meets the requirements of paragraph (2), then the signature of a person on the document as the testator, an attesting witness, a notary, or the presiding attorney, together with a written representation of the person’s status as such and the person’s military grade (if any) or other title, is prima facie evidence of the following:

“(A) That the signature is genuine.

“(C) That the signature was executed in compliance with the procedures required under the regulations prescribed under subsection (f).

“(2) A document setting forth a military testamentary instrument meets the requirements of this paragraph if it includes (or has attached to it), in a form and content required under the regulations prescribed under subsection (f), each of the following:

SEC. 575. SENSE OF CONGRESS ON THE COURT-MARTIAL

CONVICTION OF CAPTAIN CHARLES BUTLER McVAY, COMMANDER OF THE U.S.S. INDIANAPOLIS, AND ON THE COURAGEOUS SERVICE OF ITS CREW.

(a) FINDINGS.—Congress makes the following findings:

(1) Shortly after midnight on the morning of July 30, 1945, the United States Navy heavy cruiser U.S.S. Indianapolis (CA–35) was torpedoed and sunk by the Japanese submarine I–58 in what became the worst sea disaster in the history of the United States Navy.

(2) Although approximately 900 of the ship’s crew of 1,196 survived the actual sinking, only 316 of those courageous sailors survived when rescued after four and a half days adrift in the open sea.

(3) Nearly 600 of the approximately 900 men who survived the sinking perished from battle wounds, drowning, predatory shark attacks, exposure to the elements, and lack of food and potable water.

(4) Rescue came for the remaining 316 sailors when they were spotted by chance by Navy Lieutenant Wilbur C. Gwinn while flying a routine naval air patrol mission.
(5) After the end of World War II, the commanding officer of the U.S.S. Indianapolis, Captain Charles Butler McVay, who was rescued with the other survivors, was court-martialed for "suffering a vessel to be hazarded through negligence" by failing to zigzag (a naval tactic employed to help evade submarine attacks), and was convicted even though—

(A) the choice to zigzag was left to Captain McVay's discretion in his orders; and

(B) Motchisura Hashimoto, the commander of the Japanese submarine that sank the U.S.S. Indianapolis, and Glynn R. Donaho, a United States Navy submarine commander highly decorated for his service during World War II, both testified at Captain McVay's court-martial trial that the Japanese submarine could have sunk the U.S.S. Indianapolis whether or not it had been zigzagging, an assertion that the Japanese submarine commander has since reaffirmed in a letter to the Chairman of the Committee on Armed Services of the Senate.

(6) Although not argued by Captain McVay's defense counsel in the court-martial trial, poor visibility on the night of the sinking (as attested in sur-
viving crew members’ handwritten accounts recently discovered at the National Archives) justified Captain McVay’s choice not to zigzag as that choice was consistent with the applicable Navy directives in force in 1945, which stated that, “During thick weather and at night, except on very clear nights or during bright moonlight, vessels normally cease zigzagging.”

(7) Naval officials failed to provide Captain McVay with available support that was critical to the safety of the U.S.S. Indianapolis and its crew on what became its final mission by—

(A) disapproving a request made by Captain McVay for a destroyer escort for the U.S.S. Indianapolis across the Philippine Sea as being “not necessary”; 

(B) not informing Captain McVay that naval intelligence sources, through signal intelligence (the Japanese code having been broken earlier in World War II), had become aware that the Japanese submarine I-58 was operating in the area of the U.S.S. Indianapolis’ course (as disclosed in evidence presented in a hearing of the Committee on Armed Services of the Senate); and
(C) not informing Captain McVay of the sinking of the destroyer escort U.S.S. Underhill by a Japanese submarine within range of the course of the U.S.S. Indianapolis four days before the U.S.S. Indianapolis departed Guam on its fatal voyage.

(8) Captain McVay’s court-martial initially was opposed by his immediate command superiors, Fleet Admiral Chester Nimitz (CINCPAC) and Vice Admiral Raymond Spruance of the 5th fleet, for which the U.S.S. Indianapolis served as flagship, but, despite their recommendations, Secretary of the Navy James Forrestal ordered the court-martial, largely on the basis of the recommendation of Admiral King, Chief of Naval Operations.

(9) There is no explanation on the public record for Secretary Forestal’s overruling of the recommendations made by Admirals Nimitz and Spruance.

(10) Captain McVay was the only commander of a United States Navy vessel lost in combat to enemy action during World War II who was subjected to a court-martial trial for such a loss, even though several hundred United States Navy ships
were lost in combat to enemy action during World War II.

(11) The survivors of the U.S.S. Indianapolis overwhelmingly conclude that McVay was not at fault and have dedicated their lives to vindicating their Captain, Charles McVay, but time is running out for the 130 remaining members of the crew in their united and steadfast quest to clear their Captain’s name.

(12) Although Captain McVay was promoted to Rear Admiral upon retirement from the Navy, he never recovered from the stigma of his post-war court-martial and in 1968, tragically, took his own life.

(13) Captain McVay was a graduate of the United States Naval Academy, was an exemplary career naval officer with an outstanding record (including participation in the amphibious invasions of North Africa, the assault on Iwo Jima, and the assault on Okinawa where he survived a fierce kamikaze attack), was a recipient of the Silver Star earned for courage under fire during the Solomon Islands campaign, and, with his crew, had so thoroughly demonstrated proficiency in naval warfare that the Navy entrusted Captain McVay and the
crew with transporting, on their fatal cruise, the
components necessary for assembling the atomic
bombs that were exploded over Hiroshima and Na-
gasaki to end the war with Japan.

(b) SENSE OF CONGRESS.—(1) It is the sense of Con-
gress, on the basis of the facts presented in a public hear-
ing conducted by the Committee on Armed Services of the
Senate on September 14, 1999, including evidence not
available at the time of Captain Charles Butler McVay’s
court-martial, and on the basis of extensive interviews and
questioning of witnesses and knowledgeable officials and
a review of the record of the court-martial for and in that
hearing, that—

(A) recognizing that the Secretary of the Navy
remitted the sentence of the court-martial and that
Admiral Nimitz, as Chief of Naval Operations, re-
stored Captain McVay to active duty, the American
people should now recognize Captain McVay’s lack
of culpability for the tragic loss of the U.S.S. Indi-
anapolis and the lives of the men who died as a re-
result of her sinking; and

(B) knowing that vital information was not
available to the court-martial board and that, as a
result, Captain McVay was convicted, Captain
McVay’s military record should now reflect that he is exonerated for the loss of the ship and its crew.

(2) It is, further, the sense of Congress that Congress strongly encourages the Secretary of the Navy to award a Navy Unit Commendation to the U.S.S. Indianapolis and its final crew.

(2) Major General Walter C. Short, formerly the Commander of the United States Army Hawaiian Department, had an excellent and unassailable record throughout his career in the United States Army prior to the December 7, 1941, attack on Pearl Harbor.

(3) Numerous investigations following the attack on Pearl Harbor have documented that Admiral
Kimmel and Lieutenant General Short were not pro-
vided necessary and critical intelligence that was
available, that foretold of war with Japan, that
warned of imminent attack, and that would have
alerted them to prepare for the attack, including
such essential communiques as the Japanese Pearl
Harbor Bomb Plot message of September 24, 1941,
and the message sent from the Imperial Japanese
Foreign Ministry to the Japanese Ambassador in the
United States from December 6 to 7, 1941, known
as the Fourteen-Part Message.

(4) On December 16, 1941, Admiral Kimmel
and Lieutenant General Short were relieved of their
commands and returned to their permanent ranks of
rear admiral and major general.

(5) Admiral William Harrison Standley, who
served as a member of the investigating commission
known as the Roberts Commission that accused Ad-
miral Kimmel and Lieutenant General Short of
“dereliction of duty” only six weeks after the attack
on Pearl Harbor, later disavowed the report main-
taining that “these two officers were martyred” and
“If they had been brought to trial, both would have
been cleared of the charge.”
(6) On October 19, 1944, a Naval Court of Inquiry exonerated Admiral Kimmel on the grounds that his military decisions and the disposition of his forces at the time of the December 7, 1941, attack on Pearl Harbor were proper “by virtue of the information that Admiral Kimmel had at hand which indicated neither the probability nor the imminence of an air attack on Pearl Harbor”; criticized the higher command for not sharing with Admiral Kimmel “during the very critical period of November 26 to December 7, 1941, important information . . . regarding the Japanese situation”; and, concluded that the Japanese attack and its outcome was attributable to no serious fault on the part of anyone in the naval service.

(7) On June 15, 1944, an investigation conducted by Admiral T. C. Hart at the direction of the Secretary of the Navy produced evidence, subsequently confirmed, that essential intelligence concerning Japanese intentions and war plans was available in Washington but was not shared with Admiral Kimmel.

(8) On October 20, 1944, the Army Pearl Harbor Board of Investigation determined that Lieutenant General Short had not been kept “fully advised
of the growing tenseness of the Japanese situation which indicated an increasing necessity for better preparation for war”; detailed information and intelligence about Japanese intentions and war plans were available in “abundance” but were not shared with the General Short’s Hawaii command; and General Short was not provided “on the evening of December 6th and the early morning of December 7th, the critical information indicating an almost immediate break with Japan, though there was ample time to have accomplished this”.

(9) The reports by both the Naval Court of Inquiry and the Army Pearl Harbor Board of Investigation were kept secret, and Rear Admiral Kimmel and Major General Short were denied their requests to defend themselves through trial by court-martial.

(10) The joint committee of Congress that was established to investigate the conduct of Admiral Kimmel and Lieutenant General Short completed, on May 31, 1946, a 1,075-page report which included the conclusions of the committee that the two officers had not been guilty of dereliction of duty.

(11) The then Chief of Naval Personnel, Admiral J. L. Holloway, Jr., on April 27, 1954, recommended that Admiral Kimmel be advanced in
rank in accordance with the provisions of the Officer Personnel Act of 1947.

(12) On November 13, 1991, a majority of the members of the Board for the Correction of Military Records of the Department of the Army found that Lieutenant General Short “was unjustly held responsible for the Pearl Harbor disaster” and that “it would be equitable and just” to advance him to the rank of lieutenant general on the retired list.

(13) In October 1994, the then Chief of Naval Operations, Admiral Carlisle Trost, withdrew his 1988 recommendation against the advancement of Admiral Kimmel and recommended that the case of Admiral Kimmel be reopened.

(14) Although the Dorn Report, a report on the results of a Department of Defense study that was issued on December 15, 1995, did not provide support for an advancement of Rear Admiral Kimmel or Major General Short in grade, it did set forth as a conclusion of the study that “responsibility for the Pearl Harbor disaster should not fall solely on the shoulders of Admiral Kimmel and Lieutenant General Short, it should be broadly shared”.

(15) The Dorn Report found that “Army and Navy officials in Washington were privy to inter-
cepted Japanese diplomatic communications . . . which provided crucial confirmation of the imminence of war”; that “the evidence of the handling of these messages in Washington reveals some ineptitude, some unwarranted assumptions and misestimations, limited coordination, ambiguous language, and lack of clarification and followup at higher levels”; and, that “together, these characteristics resulted in failure . . . to appreciate fully and to convey to the commanders in Hawaii the sense of focus and urgency that these intercepts should have engendered”.

(16) On July 21, 1997, Vice Admiral David C. Richardson (United States Navy, retired) responded to the Dorn Report with his own study which confirmed findings of the Naval Court of Inquiry and the Army Pearl Harbor Board of Investigation and established, among other facts, that the war effort in 1941 was undermined by a restrictive intelligence distribution policy, and the degree to which the commanders of the United States forces in Hawaii were not alerted about the impending attack on Hawaii was directly attributable to the withholding of intelligence from Admiral Kimmel and Lieutenant General Short.
(17) The Officer Personnel Act of 1947, in establishing a promotion system for the Navy and the Army, provided a legal basis for the President to honor any officer of the Armed Forces of the United States who served his country as a senior commander during World War II with a placement of that officer, with the advice and consent of the Senate, on the retired list with the highest grade held while on the active duty list.

(18) Rear Admiral Kimmel and Major General Short are the only two eligible officers from World War II who were excluded from the list of retired officers presented for advancement on the retired lists to their highest wartime ranks under the terms of the Officer Personnel Act of 1947.

(19) This singular exclusion from advancement on the retired list serves only to perpetuate the myth that the senior commanders in Hawaii were derelict in their duty and responsible for the success of the attack on Pearl Harbor, a distinct and unacceptable expression of dishonor toward two of the finest officers who have served in the Armed Forces of the United States.

(20) Major General Walter Short died on September 23, 1949, and Rear Admiral Husband Kim-
mel died on May 14, 1968, without the honor of
having been returned to their wartime ranks as were
their fellow veterans of World War II.

(21) The Veterans of Foreign Wars, the Pearl
Harbor Survivors Association, the Admiral Nimitz
Foundation, the Naval Academy Alumni Association,
the Retired Officers Association, and the Pearl Har-
bor Commemorative Committee, and other associa-
tions and numerous retired military officers have
called for the rehabilitation of the reputations and
honor of Admiral Kimmel and Lieutenant General
Short through their posthumous advancement on the
retired lists to their highest wartime grades.

(b) ADVANCEMENT OF REAR ADMIRAL KIMMEL AND
MAJOR GENERAL SHORT ON RETIRED LISTS.—(1) The
President is requested—

(A) to advance the late Rear Admiral Husband
E. Kimmel to the grade of admiral on the retired list
of the Navy; and

(B) to advance the late Major General Walter
C. Short to the grade of lieutenant general on the
retired list of the Army.

(2) Any advancement in grade on a retired list re-
quested under paragraph (1) shall not increase or change
the compensation or benefits from the United States to

S 2550 ES
which any person is now or may in the future be entitled based upon the military service of the officer advanced.

(c) Sense of Congress Regarding the Professional Performance of Admiral Kimmel and Lieutenant General Short.—It is the sense of Congress that—

(1) the late Rear Admiral Husband E. Kimmel performed his duties as Commander in Chief, United States Pacific Fleet, competently and professionally, and, therefore, the losses incurred by the United States in the attacks on the naval base at Pearl Harbor, Hawaii, and other targets on the island of Oahu, Hawaii, on December 7, 1941, were not a result of dereliction in the performance of those duties by the then Admiral Kimmel; and

(2) the late Major General Walter C. Short performed his duties as Commanding General, Hawaiian Department, competently and professionally, and, therefore, the losses incurred by the United States in the attacks on Hickam Army Air Field and Schofield Barracks, Hawaii, and other targets on the island of Oahu, Hawaii, on December 7, 1941, were not a result of dereliction in the performance of those duties by the then Lieutenant General Short.

SEC. 1027. REPORT ON SPARE PARTS AND REPAIR PARTS PROGRAM OF THE AIR FORCE FOR THE C-5 AIRCRAFT.

(a) FINDINGS.—Congress makes the following findings:

(1) There exists a significant shortfall in the Nation’s current strategic airlift requirement, even though strategic airlift remains critical to the national security strategy of the United States.

(2) This shortfall results from the slow phase-out of C-141 aircraft and their replacement with C-17 aircraft and from lower than optimal reliability rates for the C-5 aircraft.
(3) One of the primary causes of these reliability rates for C-5 aircraft, and especially for operational unit aircraft, is the shortage of spare repair parts. Over the past 5 years, this shortage has been particularly evident in the C-5 fleet.

(4) NMCS (Not Mission Capable for Supply) rates for C-5 aircraft have increased significantly in the period between 1997 and 1999. At Dover Air Force Base, Delaware, an average of 7 to 9 C-5 aircraft were not available during that period because of a lack of parts.

(5) Average rates of cannibalization of C-5 aircraft per 100 sorties of such aircraft have also increased during that period and are well above the Air Mobility Command standard. In any given month, this means devoting additional manhours to cannibalizations of C-5 aircraft. At Dover Air Force Base, an average of 800 to 1,000 additional manhours were required for cannibalizations of C-5 aircraft during that period. Cannibalizations are often required for aircraft that transit through a base such as Dover Air Force Base, as well as those that are based there.

(6) High cannibalization rates indicate a significant problem in delivering spare parts in a timely
manner and systemic problems within the repair and  
maintenance process, and also demoralize over-  
worked maintenance crews.

(7) The C–5 aircraft remains an absolutely crit-  
ical asset in air mobility and airlifting heavy equip-  
ment and personnel to both military contingencies  
and humanitarian relief efforts around the world.

(8) Despite increased funding for spare and re-  
pair parts and other efforts by the Air Force to miti-  
gate the parts shortage problem, Congress continues  
to receive reports of significant cannibalizations to  
airworthy C–5 aircraft and parts backlogs.

(b) REPORTS.—Not later than January 1, 2001, and  
September 30, 2001, the Secretary of the Air Force shall  
submit to the congressional defense committees a report  
on the overall status of the spare and repair parts program  
of the Air Force for the C–5 aircraft. The report shall  
include the following—

(1) a statement of the funds currently allocated  
to parts for the C–5 aircraft and the adequacy of  
such funds to meet current and future parts and  
maintenance requirements for that aircraft;

(2) a description of current efforts to address  
shortfalls in parts for such aircraft, including an as-
assessment of potential short-term and long-term effects of such efforts;

(3) an assessment of the effects of such shortfalls on readiness and reliability ratings for C–5 aircraft;

(4) a description of cannibalization rates for C–5 aircraft and the manhours devoted to cannibalizations of such aircraft; and

(5) an assessment of the effects of parts shortfalls and cannibalizations with respect to C–5 aircraft on readiness and retention.

(2) The roles that various Federal agencies currently play, and should play, in preparing for, and defending against, such an attack.

(3) The roles that State and local agencies and public health facilities currently play, and should play, in preparing for, and defending against, such an attack.

(4) The advisability of establishing an intergovernmental task force to assist in preparations for such an attack.

(5) The potential role of advanced communications systems in aiding domestic preparedness against such an attack.

(6) The potential for additional research and development in biotechnology to aid domestic preparedness against such an attack.

(7) Other measures that should be taken to aid domestic preparedness against such an attack.

(8) The financial resources necessary to support efforts for domestic preparedness against such an attack.

(9) The beneficial consequences of such efforts on—

(A) the treatment of naturally occurring infectious disease;
(B) the efficiency of the United States health care system;

(C) the maintenance in the United States of a competitive edge in biotechnology; and

(D) the United States economy.

SEC. 1030. MANAGEMENT REVIEW OF WORKING-CAPITAL FUND ACTIVITIES.

a more efficient and economical operation of those activities.

(b) REVIEW TO INCLUDE CARRYOVER POLICY.—The review shall include a review of practices under the Department of Defense policy that authorizes funds available for working-capital fund activities for one fiscal year to be obligated for work to be performed at such activities within the first 90 days of the next fiscal year (known as “carryover”). On the basis of the review, the Comptroller General shall determine the following:

(1) The extent to which the working-capital fund activities of the Department of Defense have complied with the 90-day carryover policy.

(2) The reasons for the carryover authority under the policy to apply to as much as a 90-day quantity of work.

(3) Whether applying the carryover authority to not more than a 30-day quantity of work would be sufficient to ensure uninterrupted operations at the working-capital fund activities early in a fiscal year.

(4) What, if any, savings could be achieved by restricting the carryover authority so as to apply to a 30-day quantity of work.
SEC. 1031. REPORT ON SUBMARINE RESCUE SUPPORT VESSELS.

(b) CONTENT.—The report shall include a discussion of the following:

(1) The requirement for submarine rescue support vessels through fiscal year 2007, including experience in changing from the provision of such vessels from dedicated platforms to the provision of such vessels through vessel of opportunity services and charter vessels.

(2) The resources required, the risks to submariners, and the operational impacts of the following:

(A) Chartering submarine rescue support vessels for terms of up to five years, with options to extend the charters for two additional five-year periods.

(B) Providing submarine rescue support vessels using vessel of opportunity services.
(C) Providing submarine rescue support services through other means considered by the Navy.

SEC. 1032. REPORTS ON FEDERAL GOVERNMENT PROGRESS IN DEVELOPING INFORMATION ASSURANCE STRATEGIES.

(a) FINDINGS.—Congress makes the following findings:

(1) The protection of our Nation’s critical infrastructure is of paramount importance to the security of the United States.

(2) The vulnerability of our Nation’s critical sectors—such as financial services, transportation, communications, and energy and water supply—has increased dramatically in recent years as our economy and society have become ever more dependent on interconnected computer systems.

(3) Threats to our Nation’s critical infrastructure will continue to grow as foreign governments, terrorist groups, and cyber-criminals increasingly focus on information warfare as a method of achieving their aims.

(4) Addressing the computer-based risks to our Nation’s critical infrastructure requires extensive co-
ordination and cooperation within and between Federal agencies and the private sector.

(5) Presidential Decision Directive No. 63 (PDD–63) identifies 12 areas critical to the functioning of the United States and requires certain Federal agencies, and encourages private sector industries, to develop and comply with strategies intended to enhance the Nation’s ability to protect its critical infrastructure.

(6) PDD–63 requires lead Federal agencies to work with their counterparts in the private sector to create early warning information sharing systems and other cyber-security strategies.

(7) PDD–63 further requires that key Federal agencies develop their own internal information assurance plans, and that these plans be fully operational not later than May 2003.

(b) REPORT REQUIREMENTS.—(1) Not later than July 1, 2001, the President shall submit to Congress a comprehensive report detailing the specific steps taken by the Federal Government as of the date of the report to develop infrastructure assurance strategies as outlined by Presidential Decision Directive No. 63 (PDD–63). Subtitle F—Other Matters

SEC. 1051. COMMEMORATION OF THE FIFTIETH ANNIVERSARY OF THE UNIFORM CODE OF MILITARY JUSTICE.

(a) FINDINGS.—Congress makes the following findings:

(1) The American military justice system predates the United States itself, having had a continuous existence since the enactment of the first American Articles of War by the Continental Congress in 1775.

(2) Pursuant to article I of the Constitution, which explicitly empowers Congress “To make Rules for the Government and Regulation of the land and naval Forces”, Congress enacted the Articles of War and an Act to Govern the Navy, which were revised on several occasions between the ratification of the Constitution and the end of World War II.
(3) Dissatisfaction with the administration of military justice in World War I and World War II led both to significant statutory reforms in the Articles of War and to the convening of a committee, under Department of Defense auspices, to draft a uniform code of military justice applicable to all of the Armed Forces.

(4) The committee, chaired by Professor Edmund M. Morgan of Harvard Law School, made recommendations that formed the basis of bills introduced in Congress to establish such a uniform code of military justice.

(5) After lengthy hearings and debate on the congressional proposals, the Uniform Code of Military Justice was enacted into law on May 5, 1950, when President Harry S. Truman signed the legislation.

(6) President Truman then issued a revised Manual for Courts-Martial implementing the new code, and the code became effective on May 31, 1951.

(7) One of the greatest innovations of the Uniform Code of Military Justice was the establishment of a civilian court of appeals within the military justice system. That court, the United States Court of
Military Appeals (now the United States Court of Appeals for the Armed Forces), held its first session on July 25, 1951.

(8) Congress enacted major revisions of the Uniform Code of Military Justice in 1968 and 1983 and, in addition, has amended the code from time to time over the years as practice under the code indicated a need for updating the substance or procedure of the law of military justice.

(9) The evolution of the system of military justice under the Uniform Code of Military Justice may be traced in the decisions of the Courts of Criminal Appeals of each of the Armed Forces and the decisions of the United States Court of Appeals for the Armed Forces. These courts have produced a unique body of jurisprudence upon which commanders and judge advocates rely in the performance of their duties.

(10) It is altogether fitting that the fiftieth anniversary of the Uniform Code of Military Justice be duly commemorated.

(b) COMMEMORATION.—The Congress—

(1) requests the President to issue a proclamation commemorating the fiftieth anniversary of the Uniform Code of Military Justice; and
(2) calls upon the Department of Defense, the
Armed Forces, and the United States Court of Ap-
peals for the Armed Forces to commemorate the oc-
casion with ceremonies and activities befitting its
importance.

(B) U.S.S. Dwight D. Eisenhower (CVN–
69).

(C) U.S.S. Carl Vinson (CVN–70).

SEC. 1061. AEROSPACE INDUSTRY BLUE RIBBON COMMISSION.

(a) FINDINGS.—Congress makes the following findings:

(1) The United States aerospace industry, composed of manufacturers of commercial, military, and business aircraft, helicopters, aircraft engines, missiles, spacecraft, materials, and related components and equipment, has a unique role in the economic and national security of our Nation.

(2) In 1999, the aerospace industry continued to produce, at $37,000,000,000, the largest trade surplus of any industry in the United States economy.

(3) The United States aerospace industry employs 800,000 Americans in highly skilled positions associated with manufacturing aerospace products.
(4) United States aerospace technology is pre-eminent in the global marketplace for both defense and commercial products.

(5) History since World War I has demonstrated that a superior aerospace capability usually determines victory in military operations and that a robust, technically innovative aerospace capability will be essential for maintaining United States military superiority in the 21st century.

(6) Federal Government policies concerning investment in aerospace research and development and procurement, controls on the export of services and goods containing advanced technologies, and other aspects of the Government-industry relationship will have a critical impact on the ability of the United States aerospace industry to retain its position of global leadership.

(7) Recent trends in investment in aerospace research and development, in changes in global aerospace market share, and in the development of competitive, non-United States aerospace industries could undermine the future role of the United States aerospace industry in the national economy and in the security of the Nation.
(8) Because the United States aerospace industry stands at an historical crossroads, it is advisable for the President and Congress to appoint a blue ribbon commission to assess the future of the industry and to make recommendations for Federal Government actions to ensure United States pre-eminence in aerospace in the 21st century.

(b) ESTABLISHMENT.—There is established a Blue Ribbon Commission on the Future of the United States Aerospace Industry.

(i) the adequacy of the current acquisition process of Federal agencies; and

(ii) the procedures for developing and fielding aerospace systems incorporating new technologies in a timely fashion.

(C) The policies, procedures, and methods for the financing and payment of government contracts.

(D) Statutes and regulations governing international trade and the export of technology, particularly with a view to assessing—

(i) the extent to which the current system for controlling the export of aerospace goods, services, and technologies reflects an adequate balance between the need to protect national security and the need to ensure unhindered access to the global marketplace; and
(ii) the adequacy of United States and multilateral trade laws and policies for maintaining the international competitiveness of the United States aerospace industry.

(E) Policies governing taxation, particularly with a view to assessing the impact of current tax laws and practices on the international competitiveness of the aerospace industry.

(F) Programs for the maintenance of the national space launch infrastructure, particularly with a view to assessing the adequacy of current and projected programs for maintaining the national space launch infrastructure.

(2) The report shall include the following:

(A) The Commission’s findings and conclusions.

(B) Recommendations for actions by Federal Government agencies to support the maintenance of
a robust aerospace industry in the United States in
the 21st century.

(C) A discussion of the appropriate means for
implementing the recommendations.

57 of title 5, United States Code, while away from their 
homes and places of business in the performance of serv-

Such report shall, at a minimum—

(1) determine for the period since the enactment of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104–193; 110 Stat. 2105)—

(A) whether the rate of child poverty in the United States has increased;

(B) whether the children who live in poverty in the United States have gotten poorer;

and

(C) how changes in the availability of cash and non-cash benefits to poor families have affected child poverty in the United States;

(2) identify alternative methods for defining child poverty that are based on consideration of factors other than family income and resources, includ-

the extent or severity of child poverty in the United States
has increased to any extent, the Secretary shall include
with the report to Congress required under subsection (a)

SEC. 1064. SENSE OF THE SENATE REGARDING TAX TREATMENT OF MEMBERS RECEIVING SPECIAL PAY.

It is the sense of the Senate that members of the Armed Forces who receive special pay for duty subject to hostile fire or imminent danger (37 U.S.C. 310) should receive the same tax treatment as members serving in combat zones.

SEC. 1065. DEPARTMENT OF DEFENSE PROCESS FOR DECISIONMAKING IN CASES OF FALSE CLAIMS.

Not later than February 1, 2001, the Secretary of Defense shall submit to Congress a report describing the policies and procedures for Department of Defense decisionmaking on issues arising under sections 3729 through 3733 of title 31, United States Code, in cases of claims submitted to the Department of Defense that are suspected or alleged to be false. The report shall include a discussion of any changes that have been made in the policies and procedures since January 1, 2000.

SEC. 1066. SENSE OF THE SENATE CONCERNING LONG-TERM ECONOMIC DEVELOPMENT AID FOR COMMUNITIES REBUILDING FROM HURRICANE FLOYD.

(a) FINDINGS.—The Senate finds that—
(1) during September 1999, Hurricane Floyd ran a path of destruction along the entire eastern seaboard from Florida to Maine;

(2) Hurricane Floyd was the most destructive natural disaster in the history of the State of North Carolina and most costly natural disaster in the history of the State of New Jersey;

(3) the Federal Emergency Management Agency declared Hurricane Floyd the eighth worst natural disaster of the past decade;

(4) although the Federal Emergency Management Agency coordinates the Federal response to natural disasters that exceed the capabilities of State and local governments and assists communities to recover from those disasters, the Federal Emergency Management Agency is not equipped to provide long-term economic recovery assistance;

(5) it has been 9 months since Hurricane Floyd and the Nation has hundreds of communities that have yet to recover from the devastation caused by that disaster;

(6) in the past, Congress has responded to natural disasters by providing additional economic community development assistance to communities recovering from those disasters, including
$250,000,000 for Hurricane Georges in 1998, $552,000,000 for Red River Valley floods in North Dakota in 1997, $25,000,000 for Hurricanes Fran and Hortense in 1996, and $725,000,000 for the Northridge Earthquake in California in 1994;

(7) additional assistance provided by Congress to communities recovering from natural disasters has been in the form of community development block grants administered by the Department of Housing and Urban Development;

(8) communities affected by Hurricane Floyd are facing similar recovery needs as have victims of other natural disasters and will need long-term economic recovery plans to make them strong again; and

(9) on April 7, 2000, the Senate passed amendment number 3001 to S. Con. Res. 101, which amendment would allocate $250,000,000 in long-term economic development aid to assist communities rebuilding from Hurricane Floyd, including $150,000,000 in community development block grant funding and $50,000,000 in rural facilities grant funding.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—
(1) communities devastated by Hurricane Floyd should know that, in the past, Congress has responded to natural disasters by demonstrating a commitment to helping affected States and communities to recover;

(2) the Federal response to natural disasters has traditionally been quick, supportive, and appropriate;

(3) recognizing that communities devastated by Hurricane Floyd are facing tremendous challenges as they begin their recovery, the Federal agencies that administer community and regional development programs should expect an increase in applications and other requests from these communities;

(4) community development block grants administered by the Department of Housing and Urban Development, grant programs administered by the Economic Development Administration, and the Community Facilities Grant Program administered by the Department of Agriculture are resources that communities have used to accomplish revitalization and economic development following natural disasters; and

(5) additional community and regional development funding, as provided for in amendment number
3001 to S. Con. Res. 101, as passed by the Senate on April 7, 2000, should be appropriated to assist communities in need of long-term economic development aid as a result of damage suffered by Hurricane Floyd.

(2) The amendments referred to in paragraph (1) shall not apply in the case of the grave for any individual who died before November 1, 1990, for which the Administrator of Veterans’ Affairs provided reimbursement in lieu of furnishing a headstone or marker under subsection (d) of section 906 of title 38, United States Code, as such subsection was in effect after September 30, 1978, and before November 1, 1990.

SEC. 1070. SENSE OF THE SENATE ON THE MODERNIZATION OF AIR NATIONAL GUARD F-16A UNITS.

(a) Findings.—Congress finds that:
(1) Certain United States Air Force Air National Guard fighter units are flying some of the world’s oldest and least capable F–16A aircraft which are approaching the end of their service lives.

(2) The aircraft are generally incompatible with those flown by the active force and therefore cannot be effectively deployed to theaters of operation to support contingencies and to relieve the high operations tempo of active duty units.

(3) The Air Force has specified no plans to replace these obsolescent aircraft before the year 2007 at the earliest.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that in light of these findings the Air Force should, by February 1, 2001, provide the Congress with a plan to modernize and upgrade the combat capabilities of those Air National Guard units that are now flying F–16As so they can deploy as part of Air Expeditionary Forces and assist in relieving the high operations tempo of active duty units.

SEC. 1210. SENSE OF CONGRESS REGARDING THE USE OF
CHILDREN AS SOLDIERS.

(a) FINDINGS.—Congress finds that—

(1) in the year 2000 approximately 300,000 in-
dividuals under the age of 18 are participating in
armed conflict in more than 30 countries worldwide;

(2) many of these children are forcibly con-
scripted through kidnapping or coercion, while oth-
ers join military units due to economic necessity, to
avenge the loss of a family member, or for their own
personal safety;

(3) many military commanders frequently force
child soldiers to commit gruesome acts of ritual
killings or torture against their enemies, including
against other children;

(4) many military commanders separate chil-
dren from their families in order to foster depend-
ence on military units and leaders, leaving children
vulnerable to manipulation, deep traumatization, and
in need of psychological counseling and rehabilita-
tion;

(5) child soldiers are exposed to hazardous con-
ditions and risk physical injuries, sexually trans-
mitted diseases, malnutrition, deformed backs and
shoulders from carrying overweight loads, and res-
piratory and skin infections;

(6) many young female soldiers face the addi-
tional psychological and physical horrors of rape and
sexual abuse, being enslaved for sexual purposes by
militia commanders, and forced to endure severe so-
cial stigma should they return home;

(7) children in northern Uganda continue to be
kidnapped by the Lords Resistance Army (LRA),
which is supported and funded by the Government of Sudan and which has committed and continues to commit gross human rights violations in Uganda;

(8) children in Sri Lanka have been forcibly recruited by the opposition Tamil Tigers movement and forced to kill or be killed in the armed conflict in that country;

(9) an estimated 7,000 child soldiers have been involved in the conflict in Sierra Leone, some as young as age 10, with many being forced to commit extrajudicial executions, torture, rape, and amputations for the rebel Revolutionary United Front;

(10) on January 21, 2000, in Geneva, a United Nations Working Group, including representatives from more than 80 governments including the United States, reached consensus on an optional protocol on the use of child soldiers;

(11) this optional protocol will raise the international minimum age for conscription and direct participation in armed conflict to age eighteen, prohibit the recruitment and use in armed conflict of persons under the age of eighteen by non-governmental armed forces, encourage governments to raise the minimum legal age for voluntary recruits above the current standard of 15 and, commits gov-
ernments to support the demobilization and rehabilitation of child soldiers, and when possible, to allocate resources to this purpose;

(12) on October 29, 1998, United Nations Secretary General Kofi Annan set minimum age requirements for United Nations peacekeeping personnel that are made available by member nations of the United Nations;

(13) United Nations Under-Secretary General for Peace-keeping, Bernard Miyet, announced in the Fourth Committee of the General Assembly that contributing governments of member nations were asked not to send civilian police and military observers under the age of 25, and that troops in national contingents should preferably be at least 21 years of age but in no case should they be younger than 18 years of age;

(15) in addressing the Security Council, the Special Representative of the Secretary General for Children and Armed Conflict, Olara Otunnu, urged the adoption of a global three-pronged approach to
combat the use of children in armed conflict, first to raise the age limit for recruitment and participation in armed conflict from the present age of 15 to the age of 18, second, to increase international pressure on armed groups which currently abuse children, and third to address the political, social, and economic factors which create an environment where children are induced by appeal of ideology or by socio-economic collapse to become child soldiers;

(16) the United States delegation to the United Nations working group relating to child soldiers, which included representatives from the Department of Defense, supported the Geneva agreement on the optional protocol;

(17) on May 25, 2000, the United Nations General Assembly unanimously adopted the optional protocol on the use of child soldiers;

(18) the optional protocol was opened for signature on June 5, 2000; and

(17) President Clinton has publicly announced his support of the optional protocol and a speedy process of review and signature.

(b) SENSE OF CONGRESS.—(1) Congress joins the international community in—
(A) condemning the use of children as soldiers 
by governmental and nongovernmental armed forces 
worldwide; and
(B) welcoming the optional protocol as a critical 
first step in ending the use of children as soldiers.

(2) It is the sense of Congress that—
(A) it is essential that the President consult 
closely with the Senate with the objective of building 
support for this protocol, and the Senate move for-
ward as expeditiously as possible.
(B) the President and Congress should work to-
gether to enact a law that establishes a fund for the 
rehabilitation and reintegration into society of child 
soldiers; and
(C) the Departments of State and Defense 
should undertake all possible efforts to persuade and 
encourage other governments to ratify and endorse 
the new optional protocol on the use of child sol-
diers.

This title and the amendments made by this title shall take effect 30 days after the date of enactment of this Act.

TITLE XV—LOCAL LAW ENFORCEMENT ENHANCEMENT ACT OF 2000

SEC. 1501. SHORT TITLE.

This title may be cited as the “Local Law Enforcement Enhancement Act of 2000”.

SEC. 1502. FINDINGS.

Congress makes the following findings:

(1) The incidence of violence motivated by the actual or perceived race, color, religion, national origin, gender, sexual orientation, or disability of the victim poses a serious national problem.

(2) Such violence disrupts the tranquility and safety of communities and is deeply divisive.

(3) State and local authorities are now and will continue to be responsible for prosecuting the overwhelming majority of violent crimes in the United States, including violent crimes motivated by bias.
These authorities can carry out their responsibilities more effectively with greater Federal assistance.

(4) Existing Federal law is inadequate to address this problem.

(5) The prominent characteristic of a violent crime motivated by bias is that it devastates not just the actual victim and the victim’s family and friends, but frequently savages the community sharing the traits that caused the victim to be selected.

(6) Such violence substantially affects interstate commerce in many ways, including—

(A) by impeding the movement of members of targeted groups and forcing such members to move across State lines to escape the incidence or risk of such violence; and

(B) by preventing members of targeted groups from purchasing goods and services, obtaining or sustaining employment or participating in other commercial activity.

(7) Perpetrators cross State lines to commit such violence.

(8) Channels, facilities, and instrumentalities of interstate commerce are used to facilitate the commission of such violence.
(9) Such violence is committed using articles that have traveled in interstate commerce.

(10) For generations, the institutions of slavery and involuntary servitude were defined by the race, color, and ancestry of those held in bondage. Slavery and involuntary servitude were enforced, both prior to and after the adoption of the 13th amendment to the Constitution of the United States, through widespread public and private violence directed at persons because of their race, color, or ancestry, or perceived race, color, or ancestry. Accordingly, eliminating racially motivated violence is an important means of eliminating, to the extent possible, the badges, incidents, and relics of slavery and involuntary servitude.

(11) Both at the time when the 13th, 14th, and 15th amendments to the Constitution of the United States were adopted, and continuing to date, members of certain religious and national origin groups were and are perceived to be distinct “races”. Thus, in order to eliminate, to the extent possible, the badges, incidents, and relics of slavery, it is necessary to prohibit assaults on the basis of real or perceived religions or national origins, at least to the extent such religions or national origins were re-
garded as races at the time of the adoption of the
13th, 14th, and 15th amendments to the Constitu-
tion of the United States.

(12) Federal jurisdiction over certain violent
crimes motivated by bias enables Federal, State, and
local authorities to work together as partners in the
investigation and prosecution of such crimes.

(13) The problem of crimes motivated by bias
is sufficiently serious, widespread, and interstate in
nature as to warrant Federal assistance to States
and local jurisdictions.

SEC. 1503. DEFINITION OF HATE CRIME.

In this title, the term “hate crime” has the same
