11 TITLE I—PREDISASTER HAZARDS **12 MITIGATION**

13 SEC. 101. FINDINGS AND PURPOSE.

14 (a) FINDINGS.—The Congress finds that—

15 (1) natural disasters, including earthquakes,
 16 tsunamis, tornadoes, hurricanes, and flooding, cause

1 great danger to human life and to property through-
2 out the United States;

3 (2) greater emphasis needs to be placed on
4 identifying and assessing the risks to State and local
5 communities and on implementing adequate meas-
6 ures to reduce losses from such disasters, and to en-
7 sure that communities' critical public infrastructure
8 and facilities will continue to function after a dis-
9 aster;

10 (3) expenditures for postdisaster assistance are
11 increasing without commensurate reductions in the
12 likelihood of future losses from such natural disas-
13 ters;

14 (4) high priority in the expenditure of Federal
15 funds under this Act should be given to mitigate
16 hazards for existing and new construction at the
17 local level;

18 (5) with a unified effort of economic incentives,
19 awareness and education, technical assistance, and
20 demonstrated Federal support, States and local com-
21 munities can form effective community-based part-
22 nerships for hazard mitigation purposes, implement
23 effective hazards mitigation measures that reduce
24 the existing disaster potential, ensure continued
25 functionality of communities' critical public infra-

1 structure, leverage additional non-Federal resources
2 into their disaster resistance goals, and make com-
3 mitments to long-term mitigation efforts in new and
4 existing construction.

5 (b) PURPOSE.—It is the purpose of this Act to estab-
6 lish a national disaster mitigation program that—

7 (1) reduces the loss of life and property, human
8 suffering, economic disruption, and disaster assist-
9 ance costs resulting from natural hazards, and

10 (2) provides a source of predisaster mitigation
11 funding that will assist States and local governments
12 in implementing effective mitigation measures that
13 are designed to ensure the continued functionality of
14 their critical facilities and public infrastructure after
15 a natural disaster.

16 **SEC. 102. PREDISASTER HAZARD MITIGATION.**

17 (a) Title II of the Act is amended by adding new sec-
18 tion 203 as follows:

19 **“SEC. 203. PREDISASTER HAZARD MITIGATION.**

20 **“(a) GENERAL AUTHORITY.—**The Director may es-
21 tablish a program of technical and financial assistance to
22 States and local governments that implement predisaster
23 mitigation measures in order to reduce injuries and loss
24 of life and damage and destruction of property, including
25 damage to their critical public infrastructure and facilities.

1 “(b) APPROVAL BY DIRECTOR.—If the Director finds
2 that a State or local government has identified all natural
3 disaster hazards in its jurisdiction and has demonstrated
4 its ability to form effective public/private disaster mitiga-
5 tion partnerships, he may provide financial assistance to
6 the State or local government for such purposes from the
7 fund established under subsection (d) of this section.

8 “(c) PURPOSE OF GRANTS.—(1) The financial assist-
9 ance shall be used principally by States and local govern-
10 ments to implement the predisaster hazard mitigation
11 measures contained in proposals approved by the Director.
12 Funding may also be used to support effective public/pri-
13 vate partnerships, to ensure that new community growth
14 and construction is disaster resistant, and to improve the
15 assessment of a community’s natural hazards
16 vulnerabilities or to set a community’s mitigation prior-
17 ities.

18 “(2) The Director shall take into account the fol-
19 lowing when establishing priorities for predisaster mitiga-
20 tion grants:

21 “(A) The level and nature of the risks to be
22 mitigated.

23 “(B) Grantee commitment to reduce damages
24 from future disaster.

1 “(C) Commitment by the State or local govern-
 2 ment to support ongoing non-Federal support for
 3 the mitigation measures to be undertaken.

4 “(d) NATIONAL PREDISASTER MITIGATION FUND.—
 5 To carry out the predisaster mitigation program author-
 6 ized in subsection (a), the Director may establish in the
 7 United States Treasury a National Predisaster Mitigation
 8 Fund (“Fund”), which shall be available without fiscal
 9 year limitation for grants to States and local governments
 10 under subsection (b) of this section.

11 “(e) FUNDS FOR THE ACCOUNT.—The Fund shall be
 12 credited with:

13 “(1) funds appropriated by the Congress for the
 14 purposes of this section, which funds shall be avail-
 15 able until expended; and

16 “(2) sums available from bequests, gifts, or do-
 17 nations of service, money, or property, real, per-
 18 sonal, or mixed, tangible, or intangible, given for
 19 purposes of predisaster mitigation.

20 “(f) FEDERAL SHARE.—Subject to the provisions of
 21 subsections (g) and (h) of this section, grants from the
 22 Fund shall be not more than 75 percent of the total costs
 23 of the mitigation proposal(s) approved by the Director.

24 “(g) LIMIT ON GRANTS.—No grants shall be made
 25 in excess of the money available in the Fund.

1 “(h) RULES GOVERNING THE ACCOUNT.—The Direc-
2 tor shall publish rules to carry out the provisions of this
3 section.”.

4 (b) EFFECTIVE DATE.—Subsection (a) of this section
5 shall take effect on the date of enactment of the Disaster
6 Mitigation Act of 1999.

 14 to protect property through self-insurance or
 15 adequate mitigation measures if the appropriate
 16 State insurance commissioner makes the certifi-

 18 before the major disaster; and

19 “(ii) in conformity with current appli-
 20 cable codes, specifications, and standards
 21 (including floodplain management and haz-

7 actual cost of repairing, restoring, reconstructing, or
8 replacing a facility under this section is more than
