

106TH CONGRESS
1ST SESSION

S. 746

To provide for analysis of major rules, to promote the public's right to know the costs and benefits of major rules, and to increase the accountability and quality of Government.

IN THE SENATE OF THE UNITED STATES

MARCH 25, 1999

Mr. LEVIN (for himself, Mr. THOMPSON, Mr. VOINOVICH, Mr. ROBB, Mr. ABRAHAM, Mr. ROCKEFELLER, Mr. ROTH, Mr. DASCHLE, Mr. STEVENS, Mr. MOYNIHAN, Mr. COCHRAN, Mr. BREAUX, Mr. FRIST, Mr. ENZI, Mr. GRAMS, Mr. GRASSLEY, and Mrs. LINCOLN) introduced the following bill; which was read twice and referred to the Committee on Governmental Affairs

A BILL

To provide for analysis of major rules, to promote the public's right to know the costs and benefits of major rules, and to increase the accountability and quality of Government.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Regulatory Improve-
5 ment Act of 1999”.

1 **SEC. 2. FINDINGS.**

2 Congress finds the following:

3 (1) Effective regulatory programs provide im-
4 portant benefits to the public, including improving
5 the environment, worker safety, and public health.
6 Regulatory programs also impose significant costs
7 on the public, including individuals, businesses, and
8 State, local, and tribal governments.

9 (2) Improving the ability of Federal agencies to
10 use scientific and economic analysis in developing
11 regulations should yield increased benefits and more
12 effective protections while minimizing costs.

13 (3) Cost-benefit analysis and risk assessment
14 are useful tools to better inform agencies in devel-
15 oping regulations, although such analyses and as-
16 sessments do not replace the need for good judgment
17 and consideration of values.

18 (4) The evaluation of costs and benefits must
19 involve the consideration of the relevant information,
20 whether expressed in quantitative or qualitative
21 terms, including factors such as social values, dis-
22 tributional effects, and equity.

23 (5) Cost-benefit analysis and risk assessment
24 should be presented with a clear statement of the
25 analytical assumptions and uncertainties, including
26 an explanation of what is known and not known and

1 what the implications of alternative assumptions
2 might be.

3 (6) The public has a right to know about the
4 costs and benefits of regulations, the risks ad-
5 dressed, the risks reduced, and the quality of sci-
6 entific and economic analysis used to support deci-
7 sions. Such knowledge will promote the quality, in-
8 tegrity and responsiveness of agency actions.

9 (7) The Administrator of the Office of Informa-
10 tion and Regulatory Affairs should oversee regu-
11 latory activities to raise the quality and consistency
12 of cost-benefit analysis and risk assessment among
13 all agencies.

14 (8) The Federal Government should develop a
15 better understanding of the strengths, weaknesses,
16 and uncertainties of cost-benefit analysis and risk
17 assessment and conduct the research needed to im-
18 prove these analytical tools.

19 **SEC. 3. REGULATORY ANALYSIS.**

20 (a) IN GENERAL.—Chapter 6 of title 5, United
21 States Code, is amended by adding at the end the fol-
22 lowing:

1 “SUBCHAPTER II—REGULATORY ANALYSIS

2 “§ 621. Definitions

3 “For purposes of this subchapter the definitions
4 under section 551 shall apply and—

5 “(1) the term ‘Administrator’ means the Ad-
6 ministrator of the Office of Information and Regu-
7 latory Affairs of the Office of Management and
8 Budget;

9 “(2) the term ‘benefit’ means the reasonably
10 identifiable significant favorable effects, quantifiable
11 and nonquantifiable, including social, health, safety,
12 environmental, economic, and distributional effects,
13 that are expected to result from implementation of,
14 or compliance with, a rule;

15 “(3) the term ‘cost’ means the reasonably iden-
16 tifiable significant adverse effects, quantifiable and
17 nonquantifiable, including social, health, safety, envi-
18 ronmental, economic, and distributional effects, that
19 are expected to result from implementation of, or
20 compliance with, a rule;

21 “(4) the term ‘cost-benefit analysis’ means an
22 evaluation of the costs and benefits of a rule, quan-
23 tified to the extent feasible and appropriate and oth-
24 erwise qualitatively described, that is prepared in ac-
25 cordance with the requirements of this subchapter at

1 the level of detail appropriate and practicable for
2 reasoned decisionmaking on the matter involved,
3 taking into consideration uncertainties, the signifi-
4 cance and complexity of the decision, and the need
5 to adequately inform the public;

6 “(5) the term ‘Director’ means the Director of
7 the Office of Management and Budget, acting
8 through the Administrator of the Office of Informa-
9 tion and Regulatory Affairs;

10 “(6) the term ‘flexible regulatory options’
11 means regulatory options that permit flexibility to
12 regulated persons in achieving the objective of the
13 statute as addressed by the rule making, including
14 regulatory options that use market-based mecha-
15 nisms, outcome oriented performance-based stand-
16 ards, or other options that promote flexibility;

17 “(7) the term ‘major rule’ means a rule that—

18 “(A) the agency proposing the rule or the
19 Director reasonably determines is likely to have
20 an annual effect on the economy of
21 \$100,000,000 or more in reasonably quantifi-
22 able costs; or

23 “(B) is otherwise designated a major rule
24 by the Director on the ground that the rule is
25 likely to adversely affect, in a material way, the

1 economy, a sector of the economy, including
2 small business, productivity, competition, jobs,
3 the environment, public health or safety, or
4 State, local or tribal governments, or commu-
5 nities;

6 “(8) the term ‘reasonable alternative’ means a
7 reasonable regulatory option that would achieve the
8 objective of the statute as addressed by the rule
9 making and that the agency has authority to adopt
10 under the statute granting rule making authority,
11 including flexible regulatory options;

12 “(9) the term ‘risk assessment’ means the sys-
13 tematic, objective process of organizing hazard and
14 exposure information, based on a careful analysis of
15 the weight of the scientific evidence, to estimate the
16 potential for specific harm to an exposed population,
17 subpopulation, or natural resource including, to the
18 extent feasible, a characterization of the distribution
19 of risk as well as an analysis of uncertainties,
20 variabilities, conflicting information, and inferences
21 and assumptions;

22 “(10) the term ‘rule’ has the same meaning as
23 in section 551(4), and shall not include—

24 “(A) a rule exempt from notice and public
25 comment procedure under section 553;

1 “(B) a rule that involves the internal rev-
2 enue laws of the United States, or the assess-
3 ment or collection of taxes, duties, or other
4 debts, revenue, or receipts;

5 “(C) a rule of particular applicability that
6 approves or prescribes for the future rates,
7 wages, prices, services, corporate or financial
8 structures, reorganizations, mergers, acquisi-
9 tions, accounting practices, or disclosures bear-
10 ing on any of the foregoing;

11 “(D) a rule relating to monetary policy
12 proposed or promulgated by the Board of Gov-
13 ernors of the Federal Reserve System or by the
14 Federal Open Market Committee;

15 “(E) a rule relating to the operations, safe-
16 ty, or soundness of federally insured depository
17 institutions or any affiliate of such an institu-
18 tion (as defined in section 2(k) of the Bank
19 Holding Company Act of 1956 (12 U.S.C.
20 1841(k)); credit unions; the Federal Home
21 Loan Banks; government-sponsored housing en-
22 terprises; a Farm Credit System Institution;
23 foreign banks, and their branches, agencies,
24 commercial lending companies or representative
25 offices that operate in the United States and

1 any affiliate of such foreign banks (as those
2 terms are defined in the International Banking
3 Act of 1978 (12 U.S.C. 3101)); or a rule relat-
4 ing to the payments system or the protection of
5 deposit insurance funds or Farm Credit Insur-
6 ance Fund;

7 “(F) a rule relating to the integrity of the
8 securities or commodities futures markets or to
9 the protection of investors in those markets;

10 “(G) a rule issued by the Federal Election
11 Commission or a rule issued by the Federal
12 Communications Commission under sections
13 312(a)(7) and 315 of the Communications Act
14 of 1934 (47 U.S.C. 312(a)(7) and 315);

15 “(H) a rule required to be promulgated at
16 least annually pursuant to statute;

17 “(I) a rule or agency action relating to the
18 public debt or fiscal policy of the United States;
19 or

20 “(J) a rule or agency action that author-
21 izes or bars the introduction into or removal
22 from commerce, or recognizes or cancels rec-
23 ognition of the marketable status, of a product
24 under the Federal Food, Drug and Cosmetic
25 Act (21 U.S.C. 301 et seq.); and

1 “(11) the term ‘substitution risk’—

2 “(A) means a reasonably identifiable sig-
3 nificant increased risk to health, safety, or the
4 environment expected to result from a regu-
5 latory option; and

6 “(B) shall not include risks attributable to
7 the effect of an option on the income of individ-
8 uals.

9 **“§ 622. Applicability and effect**

10 “(a) Except as provided in section 623(f), this sub-
11 chapter shall apply to all proposed and final major rules.

12 “(b) Nothing in this subchapter shall be construed
13 to alter or modify—

14 “(1) the substantive standards applicable to a
15 rule making under other statutes;

16 “(2)(A) the range of regulatory options that an
17 agency has the authority to adopt under the statute
18 authorizing the agency to promulgate the rule; or

19 “(B) the deference otherwise accorded to the
20 agency in construing such statute; or

21 “(3) any opportunity for judicial review made
22 applicable under other statutes.

23 **“§ 623. Regulatory analysis**

24 “(a)(1) Before publishing a notice of a proposed rule
25 making for any rule, each agency shall determine whether

1 the rule is or is not a major rule covered by this sub-
2 chapter.

3 “(2) The Director may designate any rule to be a
4 major rule under section 621(7)(B), if the Director—

5 “(A) makes such designation not later than 30
6 days after the close of the comment period for the
7 rule; and

8 “(B) publishes such designation in the Federal
9 Register, together with a succinct statement of the
10 basis for the designation, within 30 days after such
11 designation.

12 “(b)(1)(A) When an agency publishes a notice of pro-
13 posed rule making for a major rule, the agency shall—

14 “(i) prepare and place in the rule making file
15 an initial regulatory analysis; and

16 “(ii) include a summary of such analysis con-
17 sistent with subsection (e) in the notice of proposed
18 rule making.

19 “(B)(i) When the Director has published a designa-
20 tion that a rule is a major rule after the publication of
21 the notice of proposed rule making for the rule, the agency
22 shall—

23 “(I) promptly prepare and place in the rule
24 making file an initial regulatory analysis for the
25 rule; and

1 “(II) publish in the Federal Register a sum-
2 mary of such analysis consistent with subsection (e).

3 “(ii) Following the issuance of an initial regulatory
4 analysis under clause (i), the agency shall give interested
5 persons an opportunity to comment under section 553 in
6 the same manner as if the initial regulatory analysis had
7 been issued with the notice of proposed rule making.

8 “(2) Each initial regulatory analysis shall contain—

9 “(A) a cost-benefit analysis of the proposed rule
10 that shall contain—

11 “(i) an analysis of the benefits of the pro-
12 posed rule, including any benefits that cannot
13 be quantified, and an explanation of how the
14 agency anticipates that such benefits will be
15 achieved by the proposed rule, including a de-
16 scription of the persons or classes of persons
17 likely to receive such benefits;

18 “(ii) an analysis of the costs of the pro-
19 posed rule, including any costs that cannot be
20 quantified, and an explanation of how the agen-
21 cy anticipates that such costs will result from
22 the proposed rule, including a description of the
23 persons or classes of persons likely to bear such
24 costs;

1 “(iii) an evaluation of the relationship of
2 the benefits of the proposed rule to its costs, in-
3 cluding the determinations required under sub-
4 section (d), taking into account the results of
5 any risk assessment;

6 “(iv) an evaluation of the benefits and
7 costs of a reasonable number of reasonable al-
8 ternatives reflecting the range of regulatory op-
9 tions that would achieve the objective of the
10 statute as addressed by the rule making, includ-
11 ing, where feasible, alternatives that—

12 “(I) require no government action or
13 utilize voluntary programs;

14 “(II) provide flexibility for small enti-
15 ties under subchapter I and for State,
16 local, or tribal government agencies dele-
17 gated to administer a Federal program;

18 “(III) employ flexible regulatory op-
19 tions; and

20 “(IV) assure protection of sensitive
21 subpopulations, or populations exposed to
22 multiple and cumulative risks; and

23 “(v) a description of the scientific or eco-
24 nomic evaluations or information upon which
25 the agency substantially relied in the cost-ben-

1 efit analysis and risk assessment required under
2 this subchapter, and an explanation of how the
3 agency reached the determinations under sub-
4 section (d);

5 “(B) if required, the risk assessment in accord-
6 ance with section 624; and

7 “(C) when scientific information on substitution
8 risks to health, safety, or the environment is reason-
9 ably available to the agency, an identification and
10 evaluation of such risks.

11 “(c)(1) When the agency publishes a final major rule,
12 the agency shall prepare and place in the rule making file
13 a final regulatory analysis.

14 “(2) Each final regulatory analysis shall address each
15 of the requirements for the initial regulatory analysis
16 under subsection (b)(2), revised to reflect—

17 “(A) any material changes made to the pro-
18 posed rule by the agency after publication of the no-
19 tice of proposed rule making;

20 “(B) any material changes made to the cost-
21 benefit analysis or risk assessment; and

22 “(C) agency consideration of significant com-
23 ments received regarding the proposed rule and the
24 initial regulatory analysis, including regulatory re-
25 view communications under subchapter IV.

1 “(d)(1)(A) The agency shall include in the statement
2 of basis and purpose for a proposed or final major rule
3 a reasonable determination, based upon the rule making
4 record considered as a whole—

5 “(i) whether the rule is likely to provide bene-
6 fits that justify the costs of the rule;

7 “(ii) whether the rule is likely to substantially
8 achieve the rule making objective in a more cost-ef-
9 fective manner, or with greater net benefits, than
10 the other reasonable alternatives considered by the
11 agency; and

12 “(iii) whether the rule adopts a flexible regu-
13 latory option.

14 “(B) Consistent with section 621 (2) and (3), net
15 benefits analysis shall not be construed to be limited to
16 quantifiable effects.

17 “(2) If the agency head determines that the rule is
18 not likely to provide benefits that justify the costs of the
19 rule or is not likely to substantially achieve the rule mak-
20 ing objective in a more cost-effective manner, or with
21 greater net benefits, than the other reasonable alternatives
22 considered by the agency, the agency head shall—

23 “(A) explain the reasons for selecting the rule
24 notwithstanding such determination, including iden-

1 tifying any statutory provision that required the
2 agency to select such rule;

3 “(B) describe any reasonable alternative consid-
4 ered by the agency that would be likely to provide
5 benefits that justify the costs of the rule and be like-
6 ly to substantially achieve the rule making objective
7 in a more cost-effective manner, or with greater net
8 benefits, than the alternative selected by the agency;
9 and

10 “(C) describe any flexible regulatory option con-
11 sidered by the agency and explain why that option
12 was not adopted by the agency if that option was
13 not adopted.

14 “(e) Each agency shall include an executive summary
15 of the regulatory analysis, including any risk assessment,
16 in the regulatory analysis and in the statement of basis
17 and purpose for the proposed and final major rule. Such
18 executive summary shall include a succinct presentation
19 of—

20 “(1) the benefits and costs expected to result
21 from the rule and any determinations required under
22 subsection (d);

23 “(2) if applicable, the risk addressed by the rule
24 and the results of any risk assessment;

1 “(3) the benefits and costs of reasonable alter-
2 natives considered by the agency; and

3 “(4) the key assumptions and scientific or eco-
4 nomic information upon which the agency relied.

5 “(f)(1) A major rule may be adopted without prior
6 compliance with this subchapter if—

7 “(A) the agency for good cause finds that con-
8 ducting the regulatory analysis under this sub-
9 chapter before the rule becomes effective is impracti-
10 cable or contrary to an important public interest;
11 and

12 “(B) the agency publishes the rule in the Fed-
13 eral Register with such finding and a succinct expla-
14 nation of the reasons for the finding.

15 “(2) If a major rule is adopted under paragraph (1),
16 the agency shall comply with this subchapter as promptly
17 as possible unless the Director determines that compliance
18 would be clearly unreasonable.

19 “(g) Each agency shall develop an effective process
20 to permit elected officers of State, local, and tribal govern-
21 ments (or their designated employees with authority to act
22 on their behalf) to provide meaningful and timely input
23 in the development of regulatory proposals that contain
24 significant Federal intergovernmental mandates. The
25 process developed under this subsection shall be consistent

1 with section 204 of the Unfunded Mandates Reform Act
2 of 1995 (2 U.S.C. 1534).

3 **“§ 624. Principles for risk assessments**

4 “(a)(1)(A) Subject to paragraph (2), each agency
5 shall design and conduct risk assessments in accordance
6 with this subchapter for—

7 “(i) each proposed and final major rule the pri-
8 mary purpose of which is to address health, safety,
9 or environmental risk; or

10 “(ii) any risk assessment that is not the basis
11 of a rule making that the Director—

12 “(I) reasonably anticipates is likely to have
13 an annual effect on the economy of
14 \$100,000,000 or more in reasonably quantifi-
15 able costs; and

16 “(II) determines shall be subject to the re-
17 quirements of this section.

18 “(B)(i) Risk assessments conducted under this sub-
19 chapter shall be conducted in a manner that promotes ra-
20 tional and informed risk management decisions and in-
21 formed public input into and understanding of the process
22 of making agency decisions.

23 “(ii) The scope and level of analysis of such a risk
24 assessment shall be commensurate with the significance
25 and complexity of the decision and the need to adequately

1 inform the public, consistent with any need for expedition,
2 and designed for the nature of the risk being assessed.

3 “(2) If a risk assessment under this subchapter is
4 otherwise required by this section, but the agency deter-
5 mines that—

6 “(A) a final rule subject to this subchapter is
7 substantially similar to the proposed rule with re-
8 spect to the risk being addressed;

9 “(B) a risk assessment for the proposed rule
10 has been carried out in a manner consistent with
11 this subchapter; and

12 “(C) a new risk assessment for the final rule is
13 not required in order to respond to comments re-
14 ceived during the period for comment on the pro-
15 posed rule,

16 the agency may publish such determination along with the
17 final rule in lieu of preparing a new risk assessment for
18 the final rule.

19 “(b) Each agency shall consider in each risk assess-
20 ment all relevant, reliable, and reasonably available sci-
21 entific information and shall describe the basis for select-
22 ing such scientific information.

23 “(c)(1) When a risk assessment involves a choice of
24 assumptions, the agency shall, with respect to significant
25 assumptions—

1 “(A) identify the assumption and its scientific
2 and policy basis, including the extent to which the
3 assumption has been validated by, or conflicts with,
4 empirical data;

5 “(B) explain the basis for any choices among
6 assumptions and, where applicable, the basis for
7 combining multiple assumptions; and

8 “(C) describe reasonable alternative assump-
9 tions that—

10 “(i) would have had a significant effect on
11 the results of the risk assessment; and

12 “(ii) were considered but not selected by
13 the agency for use in the risk assessment.

14 “(2) Significant assumptions used in a risk assess-
15 ment shall incorporate all reasonably available, relevant,
16 and reliable scientific information.

17 “(d) The agency shall inform the public when the
18 agency is conducting a risk assessment subject to this sec-
19 tion and, to the extent practicable, shall solicit relevant
20 and reliable data from the public. The agency shall con-
21 sider such data in conducting the risk assessment.

22 “(e) Each risk assessment under this subchapter
23 shall include, as appropriate, each of the following:

24 “(1) A description of the hazard of concern.

1 “(2) A description of the populations or natural
2 resources that are the subject of the risk assess-
3 ment.

4 “(3) An explanation of the exposure scenarios
5 used in the risk assessment, including an estimate of
6 the corresponding population or natural resource at
7 risk and the likelihood of such exposure scenarios.

8 “(4) A description of the nature and severity of
9 the harm that could reasonably occur as a result of
10 exposure to the hazard.

11 “(5) A description of the major uncertainties in
12 each component of the risk assessment and their in-
13 fluence on the results of the assessment.

14 “(f) To the extent scientifically appropriate, each
15 agency shall—

16 “(1) express the estimate of risk as 1 or more
17 reasonable ranges and, if feasible, probability dis-
18 tributions that reflects variabilities, uncertainties,
19 and lack of data in the analysis;

20 “(2) provide the ranges and distributions of
21 risks, including central and high end estimates of
22 the risks, and their corresponding exposure scenarios
23 for the potentially exposed population and, as appro-
24 priate, for more highly exposed or sensitive sub-
25 populations; and

1 “(3) describe the qualitative factors influencing
2 the ranges, distributions, and likelihood of possible
3 risks.

4 “(g) When scientific information that permits rel-
5 evant comparisons of risk is reasonably available, each
6 agency shall use the information to place the nature and
7 magnitude of a risk to health, safety, or the environment
8 being analyzed in relationship to other reasonably com-
9 parable risks familiar to and routinely encountered by the
10 general public. Such comparisons should consider relevant
11 distinctions among risks, such as the voluntary or involun-
12 tary nature of risks, well understood or newly discovered
13 risks, and reversible or irreversible risks.

14 **“§ 625. Peer review**

15 “(a) Each agency shall provide for an independent
16 peer review in accordance with this section of—

17 “(1) a cost-benefit analysis of a major rule that
18 the agency or Director reasonably anticipates is like-
19 ly to have an annual effect on the economy of
20 \$500,000,000 in reasonably quantifiable costs; and

21 “(2) a risk assessment required by this sub-
22 chapter.

23 “(b)(1) Peer review required under subsection (a)
24 shall—

1 “(A) be conducted through panels, expert bod-
2 ies, or other formal or informal devices that are
3 broadly representative and involve participants—

4 “(i) with expertise relevant to the sciences,
5 or analyses involved in the regulatory decisions;
6 and

7 “(ii) who are independent of the agency;

8 “(B) be governed by agency standards and
9 practices governing conflicts of interest of non-
10 governmental agency advisors;

11 “(C) provide for the timely completion of the
12 peer review including meeting agency deadlines;

13 “(D) contain a balanced presentation of all con-
14 siderations, including minority reports and an agen-
15 cy response to all significant peer review comments;
16 and

17 “(E) provide adequate protections for confiden-
18 tial business information and trade secrets, including
19 requiring panel members or participants to enter
20 into confidentiality agreements.

21 “(2) Each agency shall provide a written response to
22 all significant peer review comments. All peer review com-
23 ments and any responses shall be made—

24 “(A) available to the public; and

1 “(B) part of the rule making record for pur-
2 poses of judicial review of any final agency action.

3 “(3) If the head of an agency, with the concurrence
4 of the Director, publishes a determination in the rule mak-
5 ing file that a cost-benefit analysis or risk assessment, or
6 any component thereof, has been previously subjected to
7 adequate peer review, no further peer review shall be re-
8 quired under this section for such analysis, assessment,
9 or component.

10 “(c) For each peer review conducted by an agency
11 under this section, the agency head shall include in the
12 rule making record a statement by a Federal officer or
13 employee who is not an employee of the agency rule mak-
14 ing office or program—

15 “(1) whether the peer review participants re-
16 flect the independence and expertise required under
17 subsection (b)(1)(A); and

18 “(2) whether the agency has adequately re-
19 sponded to the peer review comments as required
20 under subsection (b)(2).

21 “(d) The formality of the peer review conducted
22 under this section shall be commensurate with the signifi-
23 cance and complexity of the subject matter.

1 “(e) The peer review required by this section shall
2 not be subject to the Federal Advisory Committee Act (5
3 U.S.C. App.).

4 “(f) A member of an agency advisory board (or com-
5 parable organization) established by statute shall be con-
6 sidered independent of the agency for purposes of sub-
7 section (b)(1)(A)(ii).

8 “(g) The status of a person as a contractor or grantee
9 of the agency conducting the peer review shall not, in and
10 of itself, exclude such person from serving as a peer re-
11 viewer for such agency because of the requirement of sub-
12 section (b)(1)(A)(ii).

13 “(h) Nothing in this section shall require more than
14 one peer review of a cost-benefit analysis or a risk assess-
15 ment during a rule making. A peer review required by this
16 section shall occur to the extent feasible before the notice
17 of proposed rule making.

18 **“§ 626. Deadlines for rule making**

19 “(a) All statutory deadlines that require an agency
20 to propose or promulgate any major rule during the 2-
21 year period beginning on the effective date of this section
22 shall be suspended until the earlier of—

23 “(1) the date on which the requirements of this
24 subchapter are satisfied; or

1 “(2) the date occurring 180 days after the date
2 of the applicable deadline.

3 “(b) In any proceeding involving a deadline imposed
4 by a court of the United States that requires an agency
5 to propose or promulgate any major rule during the 2-
6 year period beginning on the effective date of this section,
7 the United States shall request, and the court may grant,
8 an extension of such deadline until the earlier of—

9 “(1) the date on which the requirements of this
10 subchapter are satisfied; or

11 “(2) the date occurring 180 days after the date
12 of the applicable deadline.

13 “(c) In any case in which the failure to promulgate
14 a major rule by a deadline occurring during the 2-year
15 period beginning on the effective date of this section would
16 create an obligation to regulate through individual adju-
17 dications, the deadline shall be suspended until the earlier
18 of—

19 “(1) the date on which the requirements of this
20 subchapter are satisfied; or

21 “(2) the date occurring 180 days after the date
22 of the applicable deadline.

23 **“§ 627. Judicial review**

24 “(a) Compliance by an agency with the provisions of
25 this subchapter shall be subject to judicial review only—

1 “(1) in connection with review of final agency
2 action;

3 “(2) in accordance with this section; and

4 “(3) in accordance with the limitations on tim-
5 ing, venue, and scope of review imposed by the stat-
6 ute authorizing judicial review.

7 “(b) Any determination of an agency whether a rule
8 is a major rule under section 621(7)(A) shall be set aside
9 by a reviewing court only upon a showing that the deter-
10 mination is arbitrary or capricious.

11 “(c) Any designation by the Director that a rule is
12 a major rule under section 621(7), or any failure to make
13 such designation, shall not be subject to judicial review.

14 “(d) The cost-benefit analysis, cost-benefit deter-
15 mination under section 623(d), and any risk assessment
16 required under this subchapter shall not be subject to judi-
17 cial review separate from review of the final rule to which
18 such analysis or assessment applies. The cost-benefit anal-
19 ysis, cost-benefit determination under section 623(d), and
20 any risk assessment shall be part of the rule making
21 record and shall be considered by a court to the extent
22 relevant, only in determining under the statute granting
23 the rule making authority whether the final rule is arbi-
24 trary, capricious, an abuse of discretion, or is unsupported

1 by substantial evidence where that standard is otherwise
2 provided by law.

3 “(e) If an agency fails to perform the cost-benefit
4 analysis, cost-benefit determination, or risk assessment, or
5 to provide for peer review, a court may, giving due regard
6 to prejudicial error, remand or invalidate the rule. The
7 adequacy of compliance with the specific requirements of
8 this subchapter shall not otherwise be grounds for re-
9 manding or invalidating a rule under this subchapter. If
10 the court allows the rule to take effect, the court shall
11 order the agency to promptly perform such analysis, deter-
12 mination, or assessment or provide for such peer review.

13 **“§ 628. Guidelines, interagency coordination, and re-**
14 **search**

15 “(a)(1) Not later than 270 days after the date of en-
16 actment of this section, the Director, in consultation with
17 the Council of Economic Advisors, the Director of the Of-
18 fice of Science and Technology Policy, and relevant agency
19 heads, shall issue guidelines for cost-benefit analyses, risk
20 assessments, and peer reviews as required by this sub-
21 chapter. The Director shall oversee and periodically revise
22 such guidelines as appropriate.

23 “(2) As soon as practicable and not later than 18
24 months after issuance of the guidelines required under
25 paragraph (1), each agency subject to section 624 shall

1 adopt detailed guidelines for risk assessments as required
2 by this subchapter. Such guidelines shall be consistent
3 with the guidelines issued under paragraph (1). Each
4 agency shall periodically revise such agency guidelines as
5 appropriate.

6 “(3) The guidelines under this subsection shall be de-
7 veloped following notice and public comment. The develop-
8 ment and issuance of the guidelines shall not be subject
9 to judicial review, except in accordance with section
10 706(1).

11 “(b) To promote the use of cost-benefit analysis and
12 risk assessment in a consistent manner and to identify
13 agency research and training needs, the Director, in con-
14 sultation with the Council of Economic Advisors and the
15 Director of the Office of Science and Technology Policy,
16 shall—

17 “(1) oversee periodic evaluations of Federal
18 agency cost-benefit analysis and risk assessment;

19 “(2) provide advice and recommendations to the
20 President and Congress to improve agency use of
21 cost-benefit analysis and risk assessment;

22 “(3) utilize appropriate interagency mechanisms
23 to improve the consistency and quality of cost-ben-
24 efit analysis and risk assessment among Federal
25 agencies; and

1 “(4) utilize appropriate mechanisms between
2 Federal and State agencies to improve cooperation
3 in the development and application of cost-benefit
4 analysis and risk assessment.

5 “(c)(1) The Director, in consultation with the head
6 of each agency, the Council of Economic Advisors, and the
7 Director of the Office of Science and Technology Policy,
8 shall periodically evaluate and develop a strategy to meet
9 agency needs for research and training in cost-benefit
10 analysis and risk assessment, including research on model-
11 ling, the development of generic data, use of assumptions
12 and the identification and quantification of uncertainty
13 and variability.

14 “(2)(A) Not later than 180 days after the date of
15 enactment of this section, the Director, in consultation
16 with the Director of the Office of Science and Technology
17 Policy, shall enter a contract with an accredited scientific
18 institution to conduct research to—

19 “(i) develop a common basis to assist risk com-
20 munication related to both carcinogens and non-
21 carcinogens; and

22 “(ii) develop methods to appropriately incor-
23 porate risk assessments into related cost-benefit
24 analyses.

1 “(B) Not later than 2 years after the date of enact-
2 ment of this section, the results of the research conducted
3 under this paragraph shall be submitted to the Director
4 and Congress.

5 **“§ 629. Risk based priorities study**

6 “(a) Not later than 1 year after the date of enact-
7 ment of this section, the Director, in consultation with the
8 Director of the Office of Science and Technology Policy,
9 shall enter into a contract with an accredited scientific in-
10 stitution to conduct a study that provides—

11 “(1) a systematic comparison of the extent and
12 severity of significant risks to human health, safety,
13 or the environment (hereafter referred to as a com-
14 parative risk analysis);

15 “(2) a study of methodologies for using com-
16 parative risk analysis to compare dissimilar risks to
17 human health, safety, or the environment, including
18 development of a common basis to assist compara-
19 tive risk analysis related to both carcinogens and
20 noncarcinogens; and

21 “(3) recommendations on the use of compara-
22 tive risk analysis in setting priorities for the reduc-
23 tion of risks to human health, safety, or the environ-
24 ment.

1 “(b) The Director shall ensure that the study re-
2 quired under subsection (a) is—

3 “(1) conducted through an open process pro-
4 viding peer review consistent with section 625 and
5 opportunities for public comment and participation;
6 and

7 “(2) not later than 3 years after the date of en-
8 actment of this section, completed and submitted to
9 Congress and the President.

10 “(c) Not later than 4 years after the date of enact-
11 ment of this section, each relevant agency shall, as appro-
12 priate, use the results of the study required under sub-
13 section (a) to inform the agency in the preparation of the
14 agency’s annual budget and strategic plan and perform-
15 ance plan under section 306 of this title and sections
16 1115, 1116, 1117, 1118, and 1119 of title 31.

17 “(d) Not later than 5 years after the date of enact-
18 ment of this section, and periodically thereafter, the Presi-
19 dent shall submit a report to Congress recommending leg-
20 islative changes to assist in setting priorities to more effec-
21 tively and efficiently reduce risks to human health, safety,
22 or the environment.

23 “SUBCHAPTER III—EXECUTIVE OVERSIGHT

24 “§ 631. Definitions

25 “For purposes of this subchapter—

1 “(1) the definitions under sections 551 and 621
2 shall apply; and

3 “(2) the term ‘regulatory action’ means any one
4 of the following:

5 “(A) Advance notice of proposed rule mak-
6 ing.

7 “(B) Notice of proposed rule making.

8 “(C) Final rule making, including interim
9 final rule making.

10 **“§ 632. Presidential regulatory review**

11 “(a) This subchapter shall apply to all proposed and
12 final major rules and to any other rules designated by the
13 President for review.

14 “(b) The President shall establish a process for the
15 review and coordination of Federal agency regulatory ac-
16 tions. Such process shall be the responsibility of the Direc-
17 tor.

18 “(c) For the purpose of carrying out subsection (c),
19 the Director shall—

20 “(1) develop and oversee uniform regulatory
21 policies and procedures, including those by which
22 each agency shall comply with the requirements of
23 this chapter;

24 “(2) develop policies and procedures for the re-
25 view of regulatory actions by the Director; and

1 “(3) develop and oversee an annual govern-
2 mentwide regulatory planning process that shall in-
3 clude review of planned significant regulatory ac-
4 tions and publication of—

5 “(A) a summary of and schedule for pro-
6 mulgation of planned agency major rules;

7 “(B) agency specific schedules for review
8 of existing rules, including under section 610;

9 “(C) a summary of regulatory review ac-
10 tions undertaken in the prior year;

11 “(D) a list of major rules promulgated in
12 the prior year for which an agency could not
13 make the determinations that the benefits of a
14 rule justify the costs under section 623(d);

15 “(E) identification of significant agency
16 noncompliance with this chapter in the prior
17 year; and

18 “(F) recommendations for improving com-
19 pliance with this chapter and increasing the ef-
20 ficiency and effectiveness of the regulatory
21 process.

22 “(d)(1) The review established under subsection (b)
23 shall be conducted as expeditiously as practicable and shall
24 be limited to not more than 90 days.

1 “(2) A review may be extended longer than the 90-
2 day period referred to under paragraph (1) by the Direc-
3 tor or at the request of the rule making agency to the
4 Director. Notice of such extension shall be published
5 promptly in the Federal Register.

6 **“§ 633. Public disclosure of information**

7 “(a) The Director, in carrying out section 632, shall
8 establish procedures to provide public and agency access
9 to information concerning review of regulatory actions
10 under this subchapter, including—

11 “(1) disclosure to the public on an ongoing
12 basis of information regarding the status of regu-
13 latory actions undergoing review;

14 “(2) disclosure to the public, not later than the
15 date of publication of a regulatory action, of—

16 “(A) all written correspondence relating to
17 the substance of a regulatory action, including
18 drafts of all proposals and associated analyses,
19 between the Administrator or employees of the
20 Administrator and the regulatory agency;

21 “(B) all written correspondence relating to
22 the substance of a regulatory action between
23 the Administrator or employees of the Adminis-
24 trator and any person not employed by the ex-
25 ecutive branch of the Federal Government; and

1 “(C) a list identifying the dates, names of
2 individuals involved, and subject matter dis-
3 cussed in significant meetings and telephone
4 conversations relating to the substance of a reg-
5 ulatory action between the Administrator or
6 employees of the Administrator and any person
7 not employed by the executive branch of the
8 Federal Government; and

9 “(3) disclosure to the regulatory agency, on a
10 timely basis, of—

11 “(A) all written correspondence relating to
12 the substance of a regulatory action between
13 the Administrator or employees of the Adminis-
14 trator and any person not employed by the ex-
15 ecutive branch of the Federal Government; and

16 “(B) a list identifying the dates, names of
17 individuals involved, and subject matter dis-
18 cussed in significant meetings and telephone
19 conversations relating to the substance of a reg-
20 ulatory action between the Administrator or
21 employees of the Administrator and any person
22 not employed by the executive branch of the
23 Federal Government.

24 “(b) Before the publication of any proposed or final
25 rule, the agency shall include in the rule making record—

1 “(1) a document identifying in a complete,
2 clear, and simple manner, the substantive changes
3 between the draft submitted to the Administrator for
4 review and the rule subsequently published;

5 “(2) a document identifying and describing
6 those substantive changes in the rule that were
7 made as a result of the regulatory review and a
8 statement if the Administrator suggested or rec-
9 ommended no changes; and

10 “(3) all written correspondence relating to the
11 substance of a regulatory action between the Admin-
12 istrator and the agency during the review of the
13 rule, including drafts of all proposals and associated
14 analyses.

15 “(c) In any meeting relating to the substance of a
16 regulatory action under review between the Administrator
17 or employees of the Administrator and any person not em-
18 ployed by the executive branch of the Federal Government,
19 a representative of the agency submitting the regulatory
20 action shall be invited.

21 **“§ 634. Judicial review**

22 “The exercise of the authority granted under this
23 subchapter by the President, the Director, or the Adminis-
24 trator shall not be subject to judicial review in any man-
25 ner.”.

1 (b) PRESIDENTIAL AUTHORITY.—Nothing in this Act
 2 shall limit the exercise by the President of the authority
 3 and responsibility that the President otherwise possesses
 4 under the Constitution and other laws of the United
 5 States with respect to regulatory policies, procedures, and
 6 programs of departments, agencies, and offices.

7 (c) TECHNICAL AND CONFORMING AMENDMENTS.—

8 (1) TABLE OF SECTIONS.—Part I of title 5,
 9 United States Code, is amended by striking the
 10 chapter heading and table of sections for chapter 6
 11 and inserting the following:

12 **“CHAPTER 6—THE ANALYSIS OF**
 13 **REGULATORY FUNCTIONS**

“SUBCHAPTER I—ANALYSIS OF REGULATORY FLEXIBILITY

“Sec.

“601. Definitions.

“602. Regulatory agenda.

“603. Initial regulatory flexibility analysis.

“604. Final regulatory flexibility analysis.

“605. Avoidance of duplicative or unnecessary analyses.

“606. Effect on other law.

“607. Preparation of analysis.

“608. Procedure for waiver or delay of completion.

“609. Procedures for gathering comments.

“610. Periodic review of rules.

“611. Judicial review.

“612. Reports and intervention rights.

“SUBCHAPTER II—REGULATORY ANALYSIS

“621. Definitions.

“622. Applicability and effect.

“623. Regulatory analysis.

“624. Principles for risk assessments.

“625. Peer review.

“626. Deadlines for rule making.

“627. Judicial review.

“628. Guidelines, interagency coordination, and research.

“629. Risk based priorities study.

“SUBCHAPTER III—EXECUTIVE OVERSIGHT

“631. Definitions.

“632. Presidential regulatory review.

“633. Public disclosure of information.

“634. Judicial review.”.

1 (2) SUBCHAPTER HEADING.—Chapter 6 of title
2 5, United States Code, is amended by inserting im-
3 mediately before section 601, the following sub-
4 chapter heading:

5 “SUBCHAPTER I—ANALYSIS OF REGULATORY
6 FLEXIBILITY”.

7 **SEC. 4. COMPLIANCE WITH THE UNFUNDED MANDATES RE-**
8 **FORM ACT OF 1995.**

9 Compliance with the requirements of subchapter II
10 of chapter 6 of title 5, United States Code (as added by
11 section 3 of this Act), shall constitute compliance with the
12 requirements pertaining to the costs and benefits of a Fed-
13 eral mandate to the private sector in sections 202,
14 205(a)(2), and 208 of the Unfunded Mandates Reform
15 Act of 1995 (2 U.S.C. 1532, 1535(a)(2), and 1538).

16 **SEC. 5. EFFECTIVE DATE.**

17 Except as otherwise provided in this Act, this Act
18 shall take effect 180 days after the date of enactment of
19 this Act, but shall not apply to any agency rule for which
20 a notice of proposed rule making is published on or before
21 60 days before the date of enactment of this Act.

○
