

the legislation; and on behalf of the people of South Dakota, I thank my colleagues.

Mr. GEORGE MILLER of California. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of the committee amendment to H.R. 297, the bill to authorize the Lewis and Clark Rural Water System.

The Lewis and Clark Rural Water System is designed to provide replacement or supplemental water supplies from the Missouri River to areas in southeastern South Dakota, northwestern Iowa, and southwestern Minnesota serving up to about 180,000 people.

This region has seen substantial growth and development in recent years, and we know that future water needs in the area will be significantly greater than the current available supply. Many residents in the project area have water of such poor quality it does not meet present or proposed standards for drinking water. Many communities rely on shallow aquifers as the primary source of drinking water, aquifers which are very vulnerable to contamination by surface activities, including large hog farms. Why do we not clean up the hog farms?

Lewis and Clark Rural Water System will provide a reliable source for supplemental drinking water. I urge my colleagues to support the authorization of this project with a "yes" vote on H.R. 297.

Mr. Speaker, the committee amendment includes several additional provisions affecting water resource activities of the Bureau of Reclamation in Northern California. I have no objection to these provisions.

In fact, I want to thank the committee for including title 3, the "Treatment of Project Costs For Sly Park Unit," which will provide for the Secretary to exclude these costs in excess to be repaid by the Sly Park Unit beneficiaries from the pooled reimbursable costs of the Central Valley Project until such time as the facilities are integrated into the water supply yield to the Central Valley project.

This will provide a correction of an inadvertent oversight that could prove costly to a number of urban water districts in California. I think that this is a proper resolution of this issue.

Mr. MINGE. Mr. Speaker, I rise today to urge my colleagues to support H.R. 297, the Lewis and Clark Rural Water System Act, which has been reported out of the House Committee on Resources.

The Lewis and Clark Rural Water System Act will serve a number of communities in Minnesota, Iowa and South Dakota. Currently these communities are served by shallow aquifers that are vulnerable to contamination. Many of these towns have tried repeatedly to dig new wells. Unfortunately, they have had little luck.

The area that would be served by H.R. 297 is currently experiencing a drought with no immediate relief in sight. This bill will not alleviate the current crisis but protect the region

from the water level uncertainties associated with shallow aquifers in the future. That certainty not only lends peace of mind to local citizens, but is also crucial to the area's economic development plans. The business climate cannot flourish when the water supply is questionable.

The Senate has already passed legislation authorizing the Lewis and Clark Rural Water System Act. Time is of the essence for this project and it is my hope that any differences with the Senate can be quickly resolved.

Mr. Speaker, I again ask my colleagues to support H.R. 297.

Mr. GEORGE MILLER of California. Mr. Speaker, I yield back the balance of my time.

Mr. DOOLITTLE. Mr. Speaker, I urge passage of the bill, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. EWING). The question is on the motion offered by the gentleman from California (Mr. DOOLITTLE) that the House suspend the rules and pass the bill, H.R. 297, as amended.

The question was taken.

Mr. GEORGE MILLER of California. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

GENERAL LEAVE

Mr. DOOLITTLE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 297, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

SENSE OF HOUSE REGARDING RAISING OF UNITED STATES FLAG IN AMERICAN SAMOA

Mr. DOOLITTLE. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 443), expressing the sense of the House of Representatives with regard to the centennial of the raising of the United States flag in American Samoa, as amended.

The Clerk read as follows:

H. RES. 443

Whereas the people of American Samoa have inhabited Tutuila and the Manu'a Islands for at least 3,000 years and developed a unique and autonomous seafaring and agrarian culture, governing themselves through their own form of government;

Whereas in 1722, Dutch explorer Jacob Roggeveen became the first European to sight—but not land on—the shores of the Samoan Islands, islands which remained isolated for another 46 years because Roggeveen miscalculated their location;

Whereas in 1768, French explorer Louis Antoine de Bougainville, the second European to sight the Samoan islands, became so impressed with the sailing skills of the natives he

named the islands "L'Archipel des Navigateurs," and for generations thereafter the entire Samoan island group was known to the Western World as the "Navigator Islands";

Whereas in 1787, Frenchman Jean Francois La Perouse landed on the shores of these islands and thus began the "opening" of Samoa to the West, with American whalers as the principal group to engage the people of Samoa in trade and commerce, followed from 1830 on by English missionaries;

Whereas in 1839, as part of a congressionally authorized trip to the Pacific, United States Navy commander Charles Wilkes visited the island of Tutuila and later reported favorably in support of establishing a structured relationship between the island and the United States;

Whereas on March 2, 1872, Richard Meade, commander of the U.S.S. Narragansett, visited Pago Pago, and, on his own responsibility, made an agreement with High Chief Mauga entitled "Commercial Regulations, etc.," which was submitted to, but never ratified by, the Senate;

Whereas on February 13, 1878, a "treaty of friendship and commerce with the people of Samoa" was proclaimed ratified;

Whereas on June 14, 1889, a treaty known as the General Act of 1889, between the United States, Germany, and Great Britain, and assented to by the Samoan Government, "to provide for the security of the life, property and trade of the citizens and subjects of their respective Governments residing in, or having commercial relations with the Islands of Samoa," was concluded and later ratified;

Whereas on December 2, 1899, a tripartite treaty between the United States, Germany, and Great Britain, which provided for the division of the several islands of Samoa, was signed by the three parties in Washington, D.C.;

Whereas on April 17, 1900, by treaty of cession, the traditional chiefs of the South Pacific Islands of Tutuila and Aunu'u agreed to become a part of the United States in return for protection of their land and culture, and the United States flag was raised on what is now known as the United States Territory of American Samoa;

Whereas on July 14, 1904, by treaty of cession, His Majesty the King of Manu'a and his traditional chiefs from the Islands of Ta'u, Ofu, and Olosega, agreed to become part of the United States in return for the protection of their land and culture;

Whereas since that time, the residents of American Samoa have been proud of their affiliation with this great Nation and have demonstrated their loyalty and patriotism in countless ways;

Whereas April 17 is known as Flag Day in American Samoa and is the biggest holiday in the territory, and is celebrated not only in American Samoa, but throughout the United States wherever there is a sizable Samoan community;

Whereas American Samoans in Hawaii, California, Nevada, Utah, Alaska, Washington, and other parts of the United States pause each year on this important date to celebrate this monumental occasion in American Samoa's history;

Whereas the per capita rate of enlistment in the Armed Forces among American Samoans is among the highest in the United States, with hundreds of American Samoans enlisting annually;

Whereas for decades American Samoa served as a Naval coaling station for United States ships in the Pacific, providing the Nation with what is commonly referred to as the best deep-water harbor in the entire Pacific—a harbor where American ships are protected from severe and sudden tropical storms by natural, high, sloping mountains—a harbor which, in the Nation's youth, served as a critical and crucial refueling and replenishing port for military and commercial interests, enabling the United States to pursue its foreign and commercial policies, logistically unrestrained, throughout the Asian Pacific region;
