PROCEEDINGS AND DEBATES OF THE 106th CONGRESS, SECOND SESSION

Vol. 146

WASHINGTON, FRIDAY, OCTOBER 13, 2000

No. 128

House of Representatives

The House was not in session today. Its next meeting will be held on Monday, October 16, 2000, at 2 p.m.

Senate

FRIDAY, OCTOBER 13, 2000

(Legislative day of Friday, September 22, 2000)

The Senate met at 10 a.m., on the expiration of the recess, and was called to order by the President pro tempore [Mr. THURMOND].

PRAYER

The Chaplain, Dr. Lloyd John Ogilvie, offered the following prayer:

Almighty God, Sovereign of our beloved Nation, we thank You for the women and men who serve in the United States Navy. Today, we celebrate the 225th birthday of the Navy with them, veterans of naval service, and the Members of this Senate who hold cherished memories of their own service in the Navy. We remember the words of John Paul Jones, the father of the Navy, "Sir, I have not yet begun to fight." He defied defeat and surrender on that day in 1779 and gave the Navy not only a motto for heroism but an example of courage that has remained strong during war as well as in peacetime service to our Nation.

Yet, Lord, our celebration of this birthday of the Navy is mingled with grief for the sailors of the U.S.S. *Cole*

who were killed, injured, or are missing as a result of an explosion in the destroyer as it was pulling into Aden, Yemen. Dear Father, be with the sailors' families and friends at this time of loss.

Lord, our minds drift back to the gallantry of the Navy in American history. May the men and women of the Navy know of the profound gratitude and esteem this Senate has for them.

And Lord, we could not celebrate the Navy's birthday without a special expression of thanks to You for our own friend and doctor, Admiral John Eisold, the physician for the Members and officers of the Congress. Bless him and all of the Navy personnel on this special day. Amen.

PLEDGE OF ALLEGIANCE

The Honorable TED STEVENS, a Senator from the State of Alaska, led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

The PRESIDENT pro tempore. The able Senator from Mississippi.

SCHEDULE

Mr. COCHRAN. Mr. President, in behalf of the majority leader, I am pleased to announce that today the Senate will begin debate on the conference report to accompany the Agriculture appropriations bill.

Under a previous order, debate on the conference report is limited to today's session, the session on Tuesday, and a brief period on Wednesday morning.

The vote on the Agriculture appropriations conference report is scheduled to occur at 11:30 a.m. on Wednesday.

Although no votes are scheduled for Tuesday at this time, votes could occur on Tuesday, if necessary.

The Senate may also consider any legislative or Executive Calendar items available for action during today's session.

NOTICE

Effective January 1, 2001, the subscription price of the Congressional Record will be \$393 per year or \$197 for six months. Individual issues may be purchased for \$4.00 per copy. The cost for the microfiche edition will remain \$141 per year with single copies remaining \$1.50 per issue. This price increase is necessary based upon the cost of printing and distribution.

RESERVATION OF LEADER TIME

The PRESIDING OFFICER (Mr. SPECTER). Under the previous order, the leadership time is reserved.

AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCY PROGRAMS APPROPRIATIONS ACT, 2001—CONFERENCE REPORT

The PRESIDING OFFICER. Under the previous order, the Senate will now proceed to the consideration of the conference report to accompany H.R. 4461, which the clerk will report.

The legislative clerk read as follows:

The committee on conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill, H.R. 4461, making appropriations for Agriculture, Rural Development, the Food and Drug Administration, and related agency programs for the fiscal year ending September 30, 2001, and for other purposes, having met, have agreed that the House recede from its disagreement of the Senate amendment, and the Senate agree to the same, signed by a majority of the conferees on the part of the House.

The PRESIDING OFFICER. Without objection, the Senate will proceed to the consideration of the conference report.

(The conference report is printed in the RECORD of Friday, October 6, 2000.)

Mr. COCHRAN. Mr. President, I ask unanimous consent that my prepared remarks describing the provisions of this conference report be printed at this point in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. COCHRAN. Mr. President, I am very pleased to announce to the Senate that we successfully completed action in our conference committee and brought back to the Senate a bill that has already been approved by the other body by a substantial vote of support, and indications are that the President is prepared to sign this conference report.

I am pleased to make that announcement because during the development of this legislation and the markup sessions that we held here in the Senate, and discussions of the bill on the floor of the Senate, there were some very contentious and controversial issues that were debated and considered. We didn't achieve all of the successes that Senators wanted to achieve, as is usually the case in the situation where you are negotiating compromise with the other body and dealing with views and opinions reflected in the policies of the administration. But, taken together, given the expressions of support and interest in the Senate for the provisions that are in the bill, I am confident that most Senators will be very pleased with this result.

This is a good bill. It deserves the support of the Senate.

It provides a restrained approach to funding the activities of the Agencies

and Departments of Government that are funded in this bill.

The total dollar amount for new budget authority, for example, is less than the fiscal year 2000 enacted level. It is less than the level requested by the President. It is less than the House-passed bill level, and it is less than the Senate-passed bill level.

The fact is, every effort was made during consideration of this bill to be restrained and responsible in the allocation of funds that are available to this subcommittee under the budget resolution.

The conference agreement provides total new budget authority of \$74.5 billion for programs and activities of the United States Department of Agriculture (except for the Forest Service which is funded by the Interior Appropriations bill), the Food and Drug Administration, and the Commodity Futures Trading Commission. This is approximately \$1.1 billion less than the fiscal year 2000 enacted level and \$2.3 billion less than the level requested by the President. It is \$651 million less than the House-passed bill level, and \$859 million less than the Senate-passed bill level.

This conference report also includes an additional \$3.6 billion in emergency appropriations to compensate agricultural producers for losses suffered due to drought, fires, and other natural disasters; to meet conservation needs; and to provide relief to rural communities.

Including Congressional budget scorekeeping adjustments and prior-year spending actions, this conference agreement provides total non-emergency discretionary spending for fiscal year 2001 of just over \$15 billion in budget authority and outlays.

I am pleased to report that this conference report provides funding at the President's request level, an increase of nearly \$58 million from the fiscal year 2000 level, for activities and programs in this bill which are part of the Administration's "Food Safety Initiative."

The conference report provides adequate funding in our view for the Food Safety and Inspection Service, which has the responsibility of conducting inspections and monitoring the safety of our Nation's food supply to ensure that the food that is consumed by Americans and produced and processed here is fit for human consumption, and free from contamination.

This is a big challenge. It is a big worry all over the country because there have been instances where there have been problems in this area. We think this conference report responds to those concerns and that will have a very positive influence in helping to solve problems in this area of food safety.

Let me also point out the emphasis in this conference report on agricultural research and education programs. We have to maintain a high level of technological sophistication in order to continue to produce an adequate

amount of food and fiber for our country at reasonable prices, and to do so in a way that permits a level of profit for those engaged in farming operations to stay in business. It is very difficult in many areas of the country now for farmers and ranchers to make ends meet. They are confronted with a wide range of difficulties.

We have to invest in research to try to find new ways of improving yields for the crops that are produced in our country, and to do so in a way that is not threatening to the environment or to the citizens of our country. We have a heightened awareness of problems that can occur in this area.

There is almost a near hysteria in Europe over this issue. We are confronting difficulties in trade because we are having problems getting licenses for commodities and foods that are produced in the United States because they have genetically modified organisms—GMOs—which is a big issue in the U.K. particularly. The tabloids have been fanning the flames of the hysteria that has taken hold there. The European Union has been very hesitant and difficult to deal with in approving licenses from exporters who would like to sell what they are producing in the European market. In my view, many of these practices are unfair and not based on sound science.

But we need to have a regiment of research and development that is beyond question in terms of its impact on human health and our environment. That is why it is as important this year, more important than ever before, to have a robust research and education program that is supported by the Department of Agriculture. In colleges and universities and in Agricultural Research Service laboratories all around the country, there are funds that will be made available to help achieve the goals in this area.

This conference agreement provides increased appropriations for agriculture research and education programs. Total appropriations of nearly \$2 billion are provided for the Agriculture Research Service and the Cooperative State Research, Education, and Extension Service, \$126 million more than the fiscal year 2000 level and \$62 million more than the Senate-passed bill level. In addition, as requested by the President and provided in the Senate bill, \$120 million in fiscal year 2000 funding will be available in fiscal year 2001 to fund the Initiative for Future Agriculture and Food Systems.

Approximately \$34 billion, close to 46 percent of the total new budget authority provided by this conference report, is for domestic food programs administered by the U.S. Department of Agriculture. These include food stamps; commodity assistance; the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC); the school lunch and breakfast programs; and the school breakfast pilot program, which is funded at \$6 million. Included in this amount is the Senate-

passed bill level of \$4.052 billion for the WIC program, including \$20 million for the WIC farmers' market nutrition program.

The WIC program is a very important nutrition program and health program for women, infants, and children. Everybody is aware of the importance of school lunch and breakfast programs to help equip our children with the nutrition they need as they are at school so they can learn and do a good job at school.

We also have a Food Stamp Program that is funded in this bill. In my view, these are funded at adequate levels to meet the demands and needs we have in our country. We have been very fortunate in this time of economic expansion and growth for jobs to be created so those who want to work can find work. We have people coming into the country now under special visa requirements because we have an inadequate labor supply, or at least an inadequately trained supply of labor to do many of the jobs that have to be done in this country. Many entry level positions are now being filled by those who are newly coming into the country, many just for the purpose of working on farms because people who live here and who have been here for a while either don't want to do the work or for some reason are unavailable to those who need help on their farms.

This is a challenge. The point I am making in connection with the food and nutrition programs is we have been able to reduce the costs of some of these programs, particularly the Food Stamp Program, because of the expansion in the economy and the availability of jobs. We need to make sure through our budget policies that we continue to have an environment economically for job growth and expansion.

For farm assistance programs, the conference report provides \$1.3 billion in appropriations. Included in this amount is the full increase of \$89 million above the fiscal year 2000 level requested by the Administration for Farm Service Agency salaries and expenses, as well as appropriations which, together with available carry-over balances, will fund the fiscal year 2001 farm operating and farm ownership loan levels included in the President's budget request.

Appropriations for conservation programs administered by the Natural Resources Conservation Service total \$873 million, \$69 million more than the fiscal year 2000 level, and approximately \$6 million more than the level recommended by the Senate.

Conservation programs, in my view, are some of the less well advertised programs of the Department of Agriculture. We have increased the amount of acreage available for the Wetlands Reserve Program by 100,000 acres.

We have also worked hard on these programs to ensure they help improve wildlife habitat on farms and on the lands that are owned by American citi-

zens. We have incentive programs, not just mandatory programs, but programs that encourage the management of land so that conservation is enhanced, and the protection of soil and water resources is enhanced by the way landowners use and care for their lands.

We found that to be a very popular way of helping to encourage and obtain the best possible land management practices, rather than having a Federal Government come in with threats and other sanctions that can be imposed on landowners. It is better to do it in a way that is educational and nonthreatening and based on incentives rather than sanctions, fines, and penalties from the Federal Government.

We also see in this bill something that is important to every rural community: development programs, housing programs, water and sewer system programs. They are all important in rural America. Many of these communities have some of the lowest income families in America and therefore they don't have the economic base to pay the costs that would be required for utilities and other lifestyle enhancements that are available in the larger towns or the cities of our country. These programs are very important in States, such as mine and others, which have to depend upon Federal assistance to make sure they have safe drinking water, they have sewer systems, they have electric lights, they have telephone service access. These programs are funded in this bill this year.

For rural economic and community development programs, the conference report provides appropriations of \$2.5 billion to support a total loan level of \$8.8 billion. Included in this amount is \$763 million for the Rural Community Advancement Program, \$680 million for the rental assistance program, and a total rural housing loan program level of \$5.1 billion.

A total of \$1.1 billion is provided for foreign assistance and related programs of the Department of Agriculture, including \$115 million in new budget authority for the Foreign Agricultural Service and total appropriations of \$973 million for the P.L. 480 Food for Peace Program, \$31 million above the fiscal year 2000 level, and the same as the President's request and Senate bill levels.

Total new budget authority for the Food and Drug Administration is \$1.1 billion, \$74 million more than the fiscal year 2000 level and \$24 million more than the Senate-passed bill level. The conference report also makes available an additional \$149 million in Prescription Drug User Fee Act collections. The increase in new budget authority, together with the redirection of base funds, provides FDA with an additional \$130 million from the fiscal year 2000 level for funding requirements identified in the President's fiscal year 2001 budget request. These include the full increases requested in the budget of \$30 million for food safety, \$20 million for

construction of the Los Angeles laboratory, and \$22.9 million for premarket review. Also included is a portion of the increased funding requested for FDA to enforce Internet drug sales, enhance inspections, improve existing adverse events reporting systems, and continue counter-bioterrorism activities.

In addition, the conference report appropriates, contingent on a budget request, the \$23 million FDA has identified it needs for fiscal year 2001 to carry out the Medicine Equity and Drug Safety Act of 2000. The FDA said it needed this amount for this next fiscal year to carry out the provisions of this conference report that provides these new responsibilities, to guarantee safety and efficacy of drugs in this new era, so that is included in this report.

For the Commodity Futures Trading Commission, \$68 million is provided; and a limitation of \$35.8 million is established on administrative expenses of the Farm Credit Administration.

As my colleagues recall, as passed by the Senate, this bill included not only the regular fiscal year 2001 appropriations bill, but a "Division B" providing supplemental appropriations, rescissions, and other emergency provisions relating not only to programs and activities under this Subcommittee's jurisdiction but to various other Departments and agencies of government. Provisions outside this Subcommittee's jurisdiction have been deleted by the conference committee and will be addressed, as appropriate, on other bills.

Funding for emergency assistance for farmers and landowners who have been affected by drought, fires, and other natural disasters that have occurred this year is now included as Title VIII of this conference report. The total assistance package has been scored by the Congressional Budget Office at \$3.6 billion.

The Secretary of Agriculture is authorized to use such sums as necessary of the Commodity Credit Corporation to compensate farmers for crop and quality losses at the same rates as have been used in previous years. However, unlike years past, there is no limit on the amount of funds available for this assistance, thus eliminating proration of producers' payments and hopefully expediting payments.

Other assistance provided by the bill includes \$490 million for the livestock assistance program, \$473 million for dairy producers, and \$328 million for producers of certain specialty crops.

The agreement provides needed conservation funding by making \$35 million in technical assistance available for the Conservation Reserve Program and the Wetlands Reserve Program, and providing an additional \$110 million for the Emergency Watershed Program of the Natural Resources Conservation Service.

Senators worked very hard in the conference on this issue, and other

issues as well. We have expanded the opportunities to sell what we produce in the international marketplace in this conference report as a result of changes in sanctions policy. There have been many initiatives introduced on this subject. I know the Senator from Indiana, Mr. LUGAR, has a wide, sweeping, and very thoughtful approach to this sanctions issue reflected in a bill he has introduced. I hope we can pass legislation in this area that sets new policies and establishes a new way of going about deciding when and where to impose sanctions that tie the hands of our exporters and have an adverse impact on our ability to sell what we produce on the international marketplace.

I am not saying sanctions are bad. We have to use them in certain cases. They have proven to be very effective in certain cases. Normally, this is when we have the cooperation of other countries. But when we just unilaterally impose sanctions, in many cases that ends up being more hurtful and harmful to our farmers and ranchers and businesses than to anybody else. We have to be careful how we approach this whole issue.

I think the conference committee exercised good judgment and an awareness of concerns throughout our country on this issue when it made the changes that are reflected here. I am hopeful with the emergency assistance provisions that are in the bill, the other programs that have been funded, the Senate will be able to enthusiastically support and approve the work that this conference committee has done.

This conference report carries a number of other legislative provisions adopted by the conference committee, including the Continued Dumping and Subsidy Offset Act; the Conservation of Farmable Wetland Act; and the Hass Avocado Promotion, Research, and Information Act.

Mr. President, we are already well beyond the October 1 start of the new fiscal year. This conference agreement is the product of two lengthy sessions of the conference committee. The conference report was filed last Friday night, October 6, and was adopted by the House of Representatives on October 11 by a vote of 340 to 75. Senate passage of this conference report today is the final step necessary to send this fiscal year 2001 appropriations bill to the President for signature into law.

Senator KOHL is the ranking Democrat on the subcommittee. It has been a pleasure to work with him throughout the hearing phase of the development of our factual basis for writing this bill. In all the discussions we have had in working on challenges before the subcommittee, I could not have asked for more cooperation or careful and thoughtful assistance than Senator KOHL provided to me and to the committee as a whole.

The full committee, of course, had a role to play in this, all members of our

subcommittee and full committee, too. I want to express my appreciation to all of them. It was a pleasure working in conference with Chairman JOE SKEEN, from New Mexico, who is serving in his last year as chairman of the subcommittee. This is his sixth year in that capacity. The House has term limits on subcommittee chairmen. It effectively prohibits his service beyond this year as chairman of the subcommittee. But he has really been a hard-working leader in the House on the development of this legislation and this appropriations bill. We will miss working with him as chairman. We hope to be able to continue working with him closely in the years ahead, though, as a fellow member of the Appropriations Committee in the House.

MARCY KAPTUR, from Ohio, is the distinguished ranking Democrat on the House committee. It is always a pleasure working with her. She was very helpful in the development of this bill during our consideration of it in conference with the House.

I know none of this excellent work product would have been possible without the outstanding assistance and hard work that has been turned in by our able staff members: Rebecca Davies, who is the chief clerk on this committee, Hunt Shipman, Martha Scott Poindexter, Les Spivey, and with the wise counsel and influence of my chief of staff, Mark Keenum, and with others who participated in the development of this bill. I say thank you. It would not have been possible without their help. This is an outstanding work product. We appreciate your excellent effort. I do not want to leave out Galen Fountain either. He is the chief clerk on the Democratic side of our subcommittee. He has been a very helpful person to work with, and we appreciate very much his outstanding assistance, too.

I know of no Senators who have asked to be recognized at this point, but I repeat what the majority leader provided by way of information to the Senate in the opening announcements this morning. We have time reserved today, we have time reserved on Tuesday, and a short period of time on Wednesday for discussion of this bill, and then a vote will occur at 11:30 on Wednesday morning. I hope Senators will take advantage of these opportunities if they have questions or if they have statements they want to make in connection with the bill.

I yield the floor.

The PRESIDING OFFICER (Mr. JEFFORDS). The Senator from Pennsylvania.

Mr. SPECTER. Mr. President, I have sought recognition to commend the distinguished Senator from Mississippi for his leadership in producing a very sound Agriculture Appropriations bill. I have served with the Senator from Mississippi on that subcommittee for almost 20 years now and have participated in the conference just concluded which has produced this bill. I can per-

sonally attest to the professionalism, courtesy, and, perhaps most of all, the patience displayed by the Senator from Mississippi in presiding over those proceedings.

The public has little opportunity to know what goes on in the legislative process generally, but they do hear about the introduction of bills and they do see, on C-SPAN and otherwise, the committee meetings and the questioning of witnesses, and to some extent they see on C-SPAN II, to the extent anybody watches, what happens on the Senate floor. But the conferences are largely unseen by the public. That is crunch time, when the work is concluded. Everything else which is done is really of much less significance than the conferences, where the final touches are put on legislation which constitutes the laws of the country.

There are very long sessions. A week ago last night was illustrative of the point. The speeches tend to go very long. The presiding chairman has to have great patience, to have the proper balance between allowing every member to speak and getting the work completed. That conference had some very difficult issues, issues which related to relieving sanctions on Cuba, to allow more importations of food, and it went into an issue which is highly sensitive, where there really ought to be an evaluation as to our relations with Cuba. We did take a step in the right direction on releasing the sanctions as to food—really, largely as an economic matter for America's farmers.

In the foreign operations bill there is a provision, which this Senator introduced, to try to get more cooperation on drug interdiction, which the Cuban Government is willing to do. Then we had important provisions on reimportation of drugs, on which the distinguished Senator from Vermont, Mr. JEFFORDS, who is now presiding, was the leader.

It has come to pass that the appropriations bills, now, are the principal legislative vehicles, so to speak, for getting substantive legislation because it is only the appropriations bills, ultimately, which pass. So much of that is done in conference as opposed to amendments on the floor, which is the prescribed way.

The senior Senator from Mississippi presided at that conference, and we produced a very important bill. As I have heard him report on it today, I am struck by its promise and its importance for the American people under his leadership.

In the absence of any other Senator seeking recognition, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. COCHRAN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. JEFFORDS). Without objection, it is so ordered.

Mr. COCHRAN. Mr. President, I first express my appreciation to the distinguished Senator from Pennsylvania, Mr. SPECTER, for his generous comments about my efforts in behalf of this legislation as chairman of the subcommittee. He also put in a lot of time and effort during the conference with the House and also during the development of this legislation in our subcommittee. He has been an outstanding member of the Appropriations Committee and, of course, chairs the Labor-HHS Subcommittee of the Appropriations Committee in the Senate and does an excellent job in that capacity. I thank him for his very generous statements.

I also commend, as he did, the Senator from Vermont, who is chairing the Senate this morning, for his leadership on the drug importation issue. I don't think this would have been included in this legislation—I know it would not—were it not for the leadership of Senator JEFFORDS. It was this amendment that was included in the bill when the bill was on the floor of the Senate.

As the occupant of the chair remembers, we had a very heated debate. It was contentious. It was a matter of a lot of controversy surrounding it. I offered an amendment to the Jeffords amendment, which was adopted as it turned out, helping protect the safety and efficacy of drugs that would be imported under the provision of the Jeffords amendment. Then in conference with the House, everybody got involved, not just the conferees but the leadership of the House and the leadership of the Senate. Everybody, it seemed, had an opinion or a viewpoint on how that language should be changed or modified or improved.

As it turned out, the end result is something in which the Senator from Vermont can take a great deal of pride. His influence will always be remembered on this issue. I thank him for his courtesies during the handling of the issue and his good advice and counsel all along the way.

Mr. President, the crop disaster provisions in this bill take a somewhat different approach to compensating producers who may have suffered significant quality losses during 2000 caused by bad weather, insects, or other natural occurrences. The bill authorizes the Secretary of Agriculture to compensate producers for quantity, quality, and severe economic losses. Loss thresholds for quantity and quality losses are separated in this bill, whereas they have been combined in previous disaster bills. Different crops have different values associated with declines in quality. The report language accompanying the conference report takes care to discuss special rules that should be considered for cotton, for example.

The conferees were concerned that this new calculation might have some

unintended consequences and provided the Secretary of Agriculture with additional flexibility in devising an appropriate loss compensation program. Because there are crops, like cotton, that rarely have quality losses that are not accompanied by quantity losses, this bifurcated approach could have unintended detrimental consequences. The Secretary could use his authority to compensate for severe economic losses and calculate losses for cotton and other similar commodities in the manner done in 1999, when quality and quantity losses were combined to determine whether a producer had met the loss thresholds.

The Secretary could also use the authority provided him to provide assistance for severe economic losses to provide appropriate compensation to producers that incur the necessary expense to bring their 2000 crop all the way to harvest.

Mr. President, the distinguished Senator from Montana is on the floor.

The PRESIDING OFFICER. The Senator from Montana is recognized.

Mr. BAUCUS. Mr. President, when we finally vote on the Agriculture appropriations conference report, I intend to vote for it essentially because the bill provides so much that helps so many people, many of whom are in dire straits. I am referring specifically to a lot of the people living and working in farm communities in my State of Montana and throughout the Nation.

I am especially pleased the bill provides \$3.6 billion for weather-related disasters. The droughts and fires in my State, as well as other parts of the Nation, have been quite severe and, in many areas, devastating. This bill will help our citizens get through the most difficult times. I commend the Senator from Mississippi and others who have worked to help pass this bill.

I want to mention a couple of points of this bill which I think are erroneous. I object strenuously to the provisions in the bill with respect to restrictions on food and medicine sales to Cuba and restrictions on the right of American citizens to travel to Cuba.

Last July, I flew to Havana, along with my colleagues, Senator ROBERTS and Senator AKAKA. It was a brief trip, but I returned from Havana more convinced than ever that it was time to end our outdated cold war policy toward Cuba. For example, I believe we should have normal trade relations with Cuba. We do not. The President just a day ago signed permanent normal trade relations with China, a Communist country which certainly presents more of a national security threat to the United States than Cuba, but yet we do not have normal trade relations with Cuba. It makes no sense.

As a consequence, we Americans, the Congress, and the Federal Government, prevent our farmers and ranchers from exporting their products to Cuba. But our Japanese, European, and Canadian competitors have no constraints. They fill the gap. The result, obviously, is it

helps those countries, it helps the Cubans, but it hurts Americans. Also, our policy has no impact on those Cuban policies that we would like to see changed—none whatsoever.

Most Members in the Senate and House have also recognized the absurdity of this policy. Earlier this year, the Senate and the House agreed to end the ban on food and medicine sales to Cuba. We had overwhelming majorities in the Senate and the House. Those votes expressed the will of the Congress. The votes clearly reflected the will of the American people.

Yet the Republican conferees simply overturned those House and Senate votes. The Republican conferees thwarted the will of the American people. The result is that there will be restrictions on the sale of food and medicine to Cuba. These restrictions guarantee that there will be few such sales, and those few that do occur will be done only by major companies, shutting out the small farmer. That is not the way law is supposed to be made in a democracy.

To rub salt in the wounds, the Republican conferees agreed to codify in law the current administrative restrictions on travel to Cuba. That action removed the flexibility of this President and future Presidents to liberalize or not to liberalize, depending upon what seems to make the most sense. The result is a further infringement on the right of Americans to travel freely. It also diminishes the right of Cuban Americans to visit family members in Cuba.

An overwhelming majority of the Congress recognizes we must end the anachronistic cold war policy toward Cuba. That policy harms the average Cuban. Clearly, it harms the average American. The current policy against Castro is a foil. It helps prop him up. Were we to lift the bans that would take away that foil, it would make it more difficult for him to stay in power. It is amazing how foolhardy our policy is. It is also a policy that hurts the American public. It is a great danger.

Once the resistance of the Castro regime begins—think of that for a minute. We have to think very carefully about how to help manage the transition that occurs in Cuba from the current-Castro regime to the post-Castro regime. Of course, the Cubans must make that decision. The nature of that transition has a very direct bearing upon this country. We have to be very careful.

Clearly, if we were to open up now, we could help influence a transition that is more in America's national interest. Current policy also clearly abridges the freedoms of Americans to travel. If we had to vote separately on these Cuban provisions, I would work hard to defeat them, but the other provisions in the bill are so overwhelming important for the health and prosperity of Americans that I will vote in favor of the Agriculture appropriations bill. But I repeat, the Cuba provisions are a serious step backward.

I yield the floor and suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. CONRAD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CONRAD. Mr. President, we are now considering the Agriculture appropriations conference report. It is critically important to a number of our States. It certainly is critically important to mine.

We are faced with one of the toughest downturns in the agricultural markets in the history of our country. We currently have the lowest real prices for farm commodities in 50 years, and we are in a very serious situation as a result. Literally, thousands of farm families will be forced off the land if there is not an adequate Federal response to this crisis.

A number of years ago we passed a new farm bill. That farm bill is not working. I think the proof is abundantly clear. The fact is, we have had to write disaster bills every year for the last 3 years to try to deal with this collapse in farm prices.

The situation now is even more grave as we have dealt not only with collapsed prices but also with what I call the triple whammy of bad prices, bad policy, and bad weather.

In my State, as in many others, farmers have not only had to cope with very low prices but, in addition to that, weather conditions that have dramatically reduced the value of the crop even from these very low prices.

I just had a farmer stop me when I was home and tell me he was offered 75 cents a bushel for his grain—75 cents a bushel.

A lot of people wonder, what is a bushel? We talk about these things in farm terms. I think many people in the country have no idea what a bushel represents. A bushel is almost 60 pounds. Can you imagine getting 75 cents for that product? That is ruinous. That is confiscatory. And it will drive thousands of farm families into bankruptcy if there is not a response.

Thankfully, each of the last 3 years, there has been a Federal response. Three years ago, I am proud to say, the first amendment was mine, offered with Senator DORGAN, to begin to respond to this crisis of collapsed prices. That developed into a \$6 billion assistance package.

Last year, we had another package. Senator GRASSLEY of Iowa and I offered the only bipartisan package of assistance, and it formed the basis for what was agreed to, an \$8.7 billion package. This year, for the third year in a row, we have already passed, and the President has signed into law, a package of \$7.2 billion of assistance, again to offset these collapsed prices. But since that package was passed and signed

into law, we also have these weather disasters across the country. In my State, overly wet conditions have led to an outbreak of a disease called scab that has dramatically lowered the value of the crop. In other parts of the country, there has been devastating drought, a situation where farmers have not received any rain throughout the growing season. As a result, they have almost total losses.

In this bill we will vote on next week, there is an additional \$3.5 billion of assistance, including provisions to address the quality loss affecting my State's farmers; \$500 million to address the quality loss circumstance in which farmers go to the elevator and in some cases the people at the elevator say, we won't buy your grain at any price because it is so loaded with this fungus called scab. That is the nature of the crisis.

It is so important that next week we pass that bill. It is so important that this aid start to flow. It is so important that we say to farm families across America, we are not going to let you fail because of a failed farm policy written in Washington. We are not going to let you face a circumstance just because our major competitors, the Europeans, are outspending us 10 to 1 in their support for their producers, that we let our people fall by the wayside. We are not going to say to our producers, just because the Europeans account for 84 percent of all the world's agriculture export subsidy—we only account for 1.4 percent—just because they are outgunning us 60 to 1 on that measure of support, we are not going to let you go under because of a failed policy out of Washington.

These are critical times. Our major competitors, the Europeans, have done everything they can to support their producers. I am not being critical. I admire them. They have stood up for their people. They understand that if you just abandon them to this world market, where we see catastrophic prices, what that will mean is an exodus from the rural parts of Europe, just as we are seeing that kind of circumstance in America. We are seeing thousands of farm families leave the land because the economics just don't work.

We obviously need this rescue package. We need this assistance. More than that, we need a new farm policy, one for the longer term, one that recognizes what is happening in world agriculture, one that understands the Europeans are supporting their producers at a rate of \$300 an acre on average while we support our producers at a rate of \$30 an acre on average. It is no wonder that Europe is moving up in world market share and we are moving down because our friends in Europe are doing it the old-fashioned way—they are going out and buying markets that have traditionally been ours. They have a strategy; they have a plan. Their plan is to dominate world agricultural trade. They are putting the money up to do it.

The harsh reality is that USDA now tells us for the first time in as long as anyone can remember, Europe is poised to surpass us in world market share. Let me repeat that: This year USDA tells us for the first time in memory Europe is poised to pass us in world market share for agricultural products. That ought to be a warning to all of us of what is happening. It is happening because the Europeans have spent tens of billions of dollars a year, nearly \$50 billion a year, supporting their producers, paying for export subsidies so they can buy markets that have traditionally been ours. Shame on us if we allow them to take us out of world markets that have been ours for decades. That would be a serious mistake.

When I ask the Europeans, how is it you are able to convince your people to step up and support your producers in the way that you do, they say, it is very simple: we have been hungry twice in Europe. We never intend to be hungry again. We are not going to rely on outside food sources to feed our people. We just are not going to do it.

I hope next year we will begin the debate on a new farm policy, and we will recognize that unilateral disarmament does not work. It doesn't work in military affairs; it doesn't work in an agricultural trade confrontation. It hasn't worked with this new Federal farm policy. It has been a disaster. I don't know of any better proof for that than the simple fact we have had to write disaster bills the last 3 years to try to cope with the wreckage that is represented by this Federal farm policy: the lowest prices in 50 years; thousands of farmers being pushed off the land; an agricultural economy that is in deep trouble.

I hope next week, when we take a vote on the Agriculture appropriations bill, there will be strong bipartisan support for that package, and then when we convene next year we will begin the debate on a new Federal farm policy, one that recognizes that our major competitors are on the move. They are on the march. They have a strategy. They have a plan. They have an intention to dominate world agricultural trade, and we have an obligation to fight back, to give our producers, our farmers a fair fighting chance.

So far we have said to our farmers, you go out there and compete against the French farmer or the German farmer. And while you are at it, you take on the French Government and the German Government, too. That is not a fair fight. Our producers can compete against any producers anywhere in the world, but only if they have a level playing field, only if it is a fair fight. They can't win if the deck is stacked against them. That is precisely what is happening now. The deck is stacked against our producers in a way that is devastating.

It reminds me of the cold war, where we built up to build down. I believe we have to follow that same principle in

this trade confrontation with Europe. We have to add resources to force them to the table to negotiate to level the playing field so our producers are not at this extraordinary disadvantage where Europe spends \$300 an acre on average to support their producers while we spend \$30, where the Europeans account for 84 percent of all the world's agricultural export subsidy while we account for only 1.4 percent, outgunned 60 to 1. It is pretty hard to win a fight when you are outgunned 60 to 1 or 10 to 1. It makes it virtually impossible for our very efficient producers, very hard-working people, to have any kind of a chance.

These are the harsh realities of what is occurring in world agriculture. I hope next week, when that bill comes before the Chamber, we will stand up and vote aye. I hope when we start next year the debate and discussion about a new farm bill, we will recognize the harsh realities of what is happening in these world agricultural markets.

I yield the floor and suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. JEFFORDS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. BENNETT). Without objection, it is so ordered.

Mr. JEFFORDS. Mr. President, I come to the floor today to urge my colleagues to support the Agriculture appropriations conference report that will be considered by this body in the next few days. I think it is a good bill with a number of desperately needed aid provisions for our Nation's farmers. The provisions included in the bill for prescriptions are also desirable.

First, though, I want to talk a little about my own family history and why I am so proud and honored to be the author of the legislation with respect to prescription drugs and pharmacies. My family, on the Jeffords side, came to Vermont back in 1794. At least, that is the first time they bought a piece of land. They settled in the northern part of Vermont up on the Canadian border. Gradually, they moved down to a community a little further south, about 20, 30 miles from the Canadian border. The family ran a drugstore in Enosberg Falls called Jeffords Drug Store for over a hundred years.

I remember the summers so vividly. We always spent 2 weeks in Enosberg Falls, spent a week on the family farm, and then spent a week down in town with Roger Pratt and Cora Pratt, my uncle and aunt who ran the drugstore. I remember some wonderful times there. I could go up to the soda fountain, without having to do anything, and I could get a soda. Sometimes, I would be given the job of trying to swat the flies and keep the flies away. That was before we had insecticides. I know sometimes I would probably get a

little annoying when I was 8 or 9 years old while swatting them too close to the patrons sitting at the little tables where they got sodas. Later, I had the great thrill of being able to stand behind the pharmacy's soda fountain and make sundaes and all sorts of things. It was a wonderful experience.

But what I learned more than anything else was the importance of a pharmacy to a small town. In those days, it was probably as much of the health care plan as you could get, along with the local doctor. The pharmacy was your health care, unless you got really sick and you would go to the hospital. But more people came in to get advice from the pharmacist as to what they should take for this or for that. Things went along very fine for many years.

As time went on, my uncle died. My aunt, who was not a pharmacist, was working the drugstore and she had to hire a pharmacist to do that work. Unfortunately, she died. When she died, the question was, Who is going to get the drugstore and the property? I took the position that I would be willing to sell it to the pharmacist. I got it appraised, and a price was set. He said, "I'm sorry, but I'm going to go down the street and open a pharmacy and I will run you out of business." I said, "Okay, go right ahead"—because I am a stubborn Vermonter—"I will run you out of business." So I had to go around the State and find a pharmacist. So we kept the competition going.

I finally sold the drugstore for twice what he wanted to pay, and I learned important things such as if you want a generic aspirin, you can look right next to the Bayer aspirin, and you will find an aspirin that is identical but in a different bottle, and it is cheaper. I have used that knowledge all through the years to save a buck on aspirin and other things. Many useful lessons have come from that experience.

What I also understood by being near the Canadian border was what it meant to that pharmacist in recent years. The drugs his pharmacy purchased cost twice as much as the pharmacist paid across the border in Canada.

It is more than just a casual knowledge that led me to become deeply involved in the bill which we now have as part of the appropriations bill.

I thank Senator SPECTER and Chairman COCHRAN for their very kind words about me and my work in this area. I deeply appreciate that.

Mr. JEFFORDS. Mr. President, I come to the floor today to urge my colleagues to support the Agriculture Appropriations Conference Report that will be considered by this body within the next few days. I think it is a good bill, with a number of desperately needed aid provisions for our nation's farmers. But today I would like to address the Prescription Drug Importation provision included in the bill.

We are all familiar with the problem. The cost of drugs, as a percentage of our health care dollar, is skyrocketing

to the point of unaffordability for average Americans. During a time when we are experiencing unprecedented economic growth, it is not uncommon to hear of patients who cut pills in half, or skip dosages in order to make prescriptions last longer, because they can't afford the refill. Prescription medicines have revolutionized the treatment of certain diseases, but they are only effective if patients have access to the medicines that their doctors prescribe. The fact is, failure to take certain medicine can be just as deadly as taking the wrong pill.

Today we are confounded by the question: Why do drugs cost so much more in the U.S. than in Canada or abroad? It's a good question—one for which the drug companies don't have any good answers.

It's true that these companies are making some miraculous breakthroughs. But why must Americans have to shoulder seemingly the entire burden of paying for research, development and a healthy return to shareholders?

I believe it is time we put an end to this unfair burden. I don't think it is fair to expect Americans, especially your senior citizens living on fixed incomes, to pay the highest costs in the world for prescription medicines, many of which are manufactured within our borders.

That's why more than a year ago I started working with the Food and Drug Administration (FDA), the agency responsible for overseeing the safety of the drug supply in this country, to see if there were a way we could safely reimport prescription medicines into our country.

In July, on an overwhelming vote of 74-21, the United States Senate agreed to an amendment I offered, based on S. 2520, cosponsored by Senators WELLSTONE, DORGAN, SNOWE, COLLINS, and others, to do just that. Importantly, for the first time, we had developed and passed a proposal that did not, in the eyes of FDA, present public health and safety concerns. This was critical to me, because we have the gold standard in the U.S. when it comes to drug safety, and I don't want to do anything to undermine it.

Over the past few months, the drug companies have waged a furious campaign against my amendment, taking out advertisements and sending legions of lobbyists to Capitol Hill to argue that it would undermine safety. I don't think my amendment will undermine safety, but I do think it will undermine the price Americans pay for prescription drugs.

I was heartened by the positive movement in the Clinton administration over the past few weeks, from neutrality in July to outright support for my amendment, provided Congress gave enough money—\$23 million this year—to FDA to carry out its responsibilities. Congress has agreed to do so, and if my proposal works out as I hope, it will be a small price to pay on the

potential billions of dollars that Americans will save on prescription drug costs.

The negotiators for the House and Senate on the agriculture appropriations bill have completed their work. Unfortunately, the process used in reaching this agreement was marred by partisanship. But the product is as strong as the one endorsed by the Clinton administration, and even stronger in some respects.

The proposal before Congress, while slightly different from my plan, is a strong and workable proposal. Critics have argued that the proposal has been weakened because it allows drug companies to frustrate the intent through manipulations of sales contracts. The fact is, this bill is stronger than either the House-passed or Senate-passed versions because it includes a clear prohibition of such agreements—something that was missing in the House and Senate bills.

Critics have claimed that the latest version of the bill contains a loophole regarding the labeling requirements. The fact is, the bill requires manufacturers to provide all necessary labeling information, and gives the FDA very broad power to write any other rules necessary to accomplish the intent of the provision. How much stronger can we get than that.

Critics have claimed that the bill unfairly restricts the countries from which these products may come. The fact is that the bill lists 23 countries to start the process, and lets the FDA expand the list at any time.

Critics have complained that this bill will expire after about 7 years.

The fact is that this is a vast improvement over the House-passed version which would have expired after only one year. As we all know, major legislation is frequently required to be reauthorized on 5 year cycles in order to force Congress to make improvements, and popular laws always survive this process.

This bill, like any other, is not perfect. But critics are wrong to suggest that it is weaker than the original Jeffords amendment. I ought to know. And so should John Rector, senior vice president for the National Community Pharmacists Association who has been a leader in the effort to reimport lower cost drugs and whose members would be responsible for making this proposal work.

Mr. Rector recently took the position that the bill, "will result in the importation of far less expensive drugs."

Might the drug companies try to evade the spirit of this legislation? Some probably will. Have we anticipated every action they might take? Of course not.

But I am confident that our proposal will work, and that the process has improved it. That is why the pharmaceutical industry is fighting this tooth and nail—they know it will work. They would like nothing more than to see us defeat this bill. That should tell you

something about what they think the effect will be of this provision.

Mr. President, I must say—I am disappointed with how partisan this issue has become, and I am disappointed that the White House has moved the goal posts on this issue. In fact, I'd like to quote from the letter that President Clinton sent to Speaker HASTERT and Majority Leader LOTT less than 3 weeks ago. In that letter, he said "I support the Medicine Equity and Drug Safety Act of 2000 which the Senate passed" and "I urge you to send me the Senate legislation—with full funding." Mr. President, that is exactly what we are doing, except that the bill we are sending the President is even stronger than the original language.

But I am glad that the President has said he will sign the bill. I think this is because he knows that, at the end of the day, this provision will work, despite all of the political rhetoric.

I urge my colleagues to support this provision and support this Agriculture appropriations conference report.

I also would like to discuss the chart that is behind me that very succinctly asks and answers questions about the differences between the House amendment, the Senate amendment, and the conference agreement.

I think you will find by just looking at the complete list on the conference agreement, the important improvements that were made as it wandered through the normal legislative process which we all have to follow.

I ask unanimous consent a letter from the White House of September 25 be printed in the RECORD.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

THE WHITE HOUSE,
Santa Fe, September 25, 2000.

DEAR MR. SPEAKER: (DEAR MR. LEADER:) In your letter, you outlined a number of health care issues that you indicated could be resolved before Congress adjourns. I want to be equally clear about my priorities and hopes for progress this fall. As the days dwindle in this session of Congress, I am seriously concerned about the lack of movement on some of our most important issues. I am, however, encouraged to learn from your letter that the Republican leadership is now committed to providing Americans with access to prescription drugs available at lower cost from other countries.

As you know, our people are growing more and more concerned that the pharmaceutical industry often sells the same drugs for a much higher price in the United States than it does in other countries, even when those drugs are manufactured here at home. This forces some of our most vulnerable citizens, including seniors and people with disabilities, to pay the highest prices for prescription drugs in the world. This is simply unacceptable.

That is why I support the "Medicine Equity and Drug Safety Act of 2000," which the Senate passed by an overwhelming vote of 74 to 21. This important legislation would give Americans access to quality medications at the lower prices paid by citizens in other nations. The Senate bill, sponsored by Senators JEFFORDS, WELLSTONE, DORGAN and others, would allow wholesalers and pharmacists to import FDA-approved prescription drugs and

would establish a new safety system intended to track these imports and test them for authenticity and degradation. Before this provision could take effect, the Secretary of Health and Human Services would be required to certify that the regulations would, first, pose no risk to the public health; and, second, significantly decrease prices paid by consumers. With these protections in place and the \$23 million necessary to implement them, this legislation would meet the test that we both believe is crucial—preserving the safety of America's drug supply.

Although your letter implies support for legislation similar to the Senate-passed bill, I am concerned by its statement that seniors would "buy lower-priced drugs in countries like Canada" [emphasis added]. Of course, few seniors live near the Canadian or Mexican borders and even fewer can afford to cross the border in search of lower-price drugs. Moreover, policies like the House's Coburn amendment would strip the FDA of all of its ability to monitor safety and prevent seniors from buying counterfeit drugs, putting their health in danger and their finances at risk.

I urge you to send me the Senate legislation—with full funding—to let wholesalers and pharmacists bring affordable prescription drugs to the neighborhoods where our seniors live. Though this initiative does not address seniors' most important need—meaningful insurance to cover the costs of expensive medications—it still has real potential to allow consumers to access prescription drug discounts.

I remain concerned that with less than one week left in this fiscal year, Congress has not passed eleven of thirteen appropriations bills; Congress has not raised the minimum wage; and Congress has not passed a strong, enforceable patients' bill of rights. And, according to your letter, the congressional leadership has given up on passing a meaningful, affordable and optional Medicare prescription-drug benefit.

I am extremely disappointed by your determination that it is impossible to pass a voluntary Medicare prescription-drug benefit this year. I simply disagree. There is indeed time to act, and I urge you to use the final weeks of this Congress to get this important work done. It is the only way we can ensure rapid, substantial and much-needed relief from prescription drug costs for all seniors and people with disabilities, including low-income beneficiaries.

On the issue of the Medicare lock-box, I have endorsed the Vice President's initiative, which has been effectively embodied in Senator Conrad's amendment that passed on the Labor-Health and Human Services appropriations bill. I am therefore encouraged by your commitment to passing this legislation; but we must still make all efforts to ensure that the Medicare payroll taxes in the lockbox are used solely for Medicare.

Similarly, I am pleased to learn of your commitment to pass a greatly-needed package of Medicare and Medicaid health care provider payment and beneficiary refinements. As you know, I proposed such refinements in my budget and in my June Mid-Session Review. This includes payment increases for hospitals, home health agencies, nursing homes and other providers as well as access to Medicaid for legal immigrants, certain uninsured women with breast cancer, and children with disabilities; extended Medicare coverage for people with disabilities; an extension of the Balanced Budget Act's diabetes provisions; and full funding for the Ricky Ray Trust Fund.

Again, I am pleased to learn of your commitment to providing Americans with access to high-quality, lower cost prescription drugs from other nations. There is no reason

There being no objection, the material was ordered to be printed in the RECORD, as follows:

As a representative for a Northern border state, I have been privy to issues surrounding drug prices. Everyday Americans pay 50 percent, 60 percent, 70 percent or more for prescription drugs than our neighbors in Canada, in Mexico and for that matter most of the rest of the world. Who does

this affect most? Those who take the most prescription drugs—typically seniors, and those without any kind of prescription drug coverage from their insurance. But all Americans pay more whether through higher prices at the drugstore counter or higher insurance premiums.

Why does this problem exist? American pharmaceutical companies sell the exact same prescription drugs overseas, drugs developed and manufactured here in the U.S., for a fraction of the price they demand from American citizens. Other countries have implemented price control policies that successfully tempt manufacturers to discriminate against American consumers with higher drug prices. Our drug companies agree because the costs of manufacturing are nominal, and they can make some profit overseas by simply charging Americans all of the high costs of research and development.

This bill takes a first step towards solving this problem. It allows wholesalers and pharmacists to go to Canada and other countries where prescription drugs are sold at deep discounts and bring the same FDA-approved, FDA-manufactured products back to the U.S. in order to pass the discounts on to American consumers.

It is important to note that safety is a priority in this bill. Only products that have been determined to be safe and effective can be brought into the United States. The importer is required to test for authenticity and degradation. And importers can only bring in these products from countries that the Secretary of HHS has determined have an appropriate regulatory infrastructure to ensure the safety of prescription drugs.

This provision should give our American families access to lower cost prescription drugs that are safe and effective.

Is it perfect? Probably not. But, I hope it will work and I hope it results in lower prices for consumers in the U.S. and eventually puts pressure on drug companies to end price discrimination in the U.S. Critics say the bill has loopholes and drug companies will find a way around it. Let me be clear—if they do I will be back to make sure this provision is even stronger. I hope that is not necessary, that drug companies will simply end the current discrimination against Americans by charging fair prices here in the United States.

This is not my favorite idea for dealing with price discrimination. It is a much more complicated solution than I would prefer.

My idea is straightforward and based on a law that has applied to every product sale in the U.S. since 1935—the Robinson-Patman Act. This law simply says that manufacturers can't use price to discriminate among buyers. If that principle is applied to prescription drug sales overseas—drug companies would no longer be allowed to discriminate against their best customers—American families.

But this bill is something that can be done this year to lower prices for American consumers. I believe it represents a genuine step forward to lower prescription drug costs for all Americans.

With all that said, the bill before the Senate not only represents a response to the core needs of agriculture, but signifies a profound shift in sanctions reform, and puts the drug companies on notice. While I have indicated that neither proposal represents perfection, what each does signify is the goal of Congress to address issues vital to those we represent. I sincerely hope my colleagues will work to pass this bill without hesitation.

Mr. JEFFORDS. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. LOTT. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. LOTT. Mr. President, we do have a number of items that have been cleared for consideration, including in this package a series of energy bills that Senator DASCHLE and I talked about yesterday on the floor. There are a number of Senators who have been involved in this effort. I thank them all. This is important legislation.

We do have a number of other unanimous consent requests we will need to go through. It will take a few minutes. There are a lot of very important issues here. Most of them have been cleared on both sides. There may be a couple here that there will be objections to, but there is a necessity to make that request.

UNANIMOUS CONSENT REQUEST— H.R. 4292

Mr. LOTT. I ask unanimous consent that the Senate now proceed to the consideration of H.R. 4292, the Born Alive Infant Protection Act of 2000.

Mr. LOTT. I further ask consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Is there objection?

Mr. CONRAD. There are Members on our side who would like to offer amendments, and on their behalf I am constrained to object at this point.

The PRESIDING OFFICER. The objection is heard.

UNANIMOUS CONSENT REQUEST— H.R. 4201

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 779, H.R. 4201, the Noncommercial Broadcasting Freedom of Expression

bill, and I further ask consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and any statements related to the bill be printed in the RECORD.

The PRESIDING OFFICER. Is there objection?

Mr. CONRAD. Again, there are Members on this side who would like to offer amendments to that legislation, and on their behalf I am constrained to object.

The PRESIDING OFFICER. The objection is heard.

Mr. LOTT. On this bill, Mr. President, we will continue working to see if we can come to some sort of agreement on how it might be considered. I have a special interest in this one because a former staff member of mine—now an outstanding Member of the House of Representatives—Congressman CHARLES “CHIP” PICKERING of Laurel, has been working on this and got it passed through the House. I will continue to see if we can find some way to get it passed before we leave.

CALENDAR

Mr. LOTT. Mr. President, with regard to the energy bills and water-related package, I ask unanimous consent that the Senate proceed en bloc to the following bills reported by the Energy Committee: Calendar No. 710, S. 2425; Calendar No. 774, H.R. 2348; Calendar No. 776, H.R. 3468; Calendar No. 849, S. 2594; Calendar No. 853, S. 2951; Calendar No. 856, H.R. 3236; Calendar No. 857, H.R. 3577; Calendar No. 882, S. 1848; Calendar No. 883, S. 2195; Calendar No. 884, S. 2301; Calendar No. 900, S. 2877; Calendar No. 929, S. 3022; Calendar No. 935, S. 1697; and Calendar No. 938, S. 2882.

I further ask unanimous consent that the committee amendments be agreed to, the bills be read the third time and passed, any amendments to the title be agreed to as necessary, the motion to reconsider be laid upon the table, and statements relating to any of these measures be printed in the RECORD, and all proceedings occur en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered.

BEND FEED CANAL PIPELINE PROJECT ACT OF 2000

The Senate proceeded to consider the bill (S. 2425) to authorize the Bureau of Reclamation to participate in the planning, design, and construction of the Bend Feed Canal Pipeline Project, Oregon, and for other purposes, which had been reported from the Committee on Energy and Natural Resources, with an amendment; as follows:

(Omit the part in boldface brackets.)
S. 2425

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Bend Feed Canal Pipeline Project Act of 2000”.

SEC. 2. FEDERAL PARTICIPATION.

(a) The Secretary of the Interior, in cooperation with the Tumalo Irrigation District (referred to in this section as the "District"), is authorized to participate in the planning, design, and construction of the Bend Feed Canal Pipeline Project, Oregon.

(b) The Federal share of the costs of the project shall not exceed 50 per centum of the total, and shall be non-reimbursable. The District shall receive credit from the Secretary toward the District's share of the project for any funds the District has provided toward the design, planning or construction prior to the enactment of this Act.

(c) Funds received under this Act shall not be considered a supplemental or additional benefit under the Act of June 17, 1902 (82 Stat. 388) and all Acts amendatory thereof or supplementary thereto.

(d) Title to facilities constructed under this Act will be held by the District.

(e) Operations and maintenance of the facilities will be the responsibility of the District.

(f) There are authorized to be appropriated \$2.5 million for the Federal share of the activities authorized under this Act.

[(g) The Bureau of Reclamation shall not charge the District more than one percent of the project cost for carrying out administrative or oversight activities under this Act.]

The committee amendment was agreed to.

The bill (S. 2425), as amended, was read the third time, and passed, as follows:

S. 2425

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Bend Feed Canal Pipeline Project Act of 2000".

MANCOS WATER CONSERVANCY DISTRICT

The Senate proceeded to consider a bill (S. 2594) to authorize the Secretary of the Interior to contract with the Mancos Water Conservancy District to use the Mancos Project facilities for impounding, storage, diverting, and carriage of nonproject water for the purpose of irrigation, domestic, municipal, industrial, and any other beneficial purposes, which had been reported from the Committee on Energy and Natural Resources, with an amendment; as follows:

[Omit the part in bold face brackets.]

S. 2594

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CARRIAGE OF NONPROJECT WATER BY THE MANCOS PROJECT, COLORADO.

(a) SALE OF EXCESS WATER.—

(1) IN GENERAL.—In carrying out the Act of August 11, 1939 (commonly known as the "Water Conservation and Utilization Act") (16 U.S.C. 590y et seq.), if storage or carrying capacity has been or may be provided in excess of the requirements of the land to be irrigated under the Mancos Project, Colorado (referred to in this Act as the "project"), the Secretary of the Interior may, on such terms as the Secretary determines to be just and equitable, contract with the Mancos Water Conservancy District and any of its member unit contractors for impounding, storage, diverting, or carriage of nonproject water for irrigation, domestic, municipal, industrial, and any other beneficial purposes, to an extent not exceeding the excess capacity.

(2) INTERFERENCE.—A contract under paragraph (1) shall not impair or otherwise interfere with any authorized purpose of the project.

(3) COST CONSIDERATIONS.—In fixing the charges under a contract under paragraph (1), the Secretary shall take into consideration—

(A) the cost of construction and maintenance of the project, by which the nonproject water is to be diverted, impounded, stored, or carried; and

(B) the canal by which the water is to be carried.

(4) NO ADDITIONAL CHARGES.—The Mancos Water Conservancy District shall not impose a charge for the storage, carriage, or delivery of the nonproject water in excess of the charge paid to the United States, except to such extent as may be reasonably necessary to cover—

(A) a proportionate share of the project cost; and

(B) the cost of carriage and delivery of the nonproject water through the facilities of the Mancos Water Conservancy District.

(b) WATER RIGHTS OF UNITED STATES NOT ENLARGED.—Nothing in this Act enlarges or

attempts to enlarge the right of the United States, under existing law, to control any water in any State.

[(c) FUNDS RECEIVED AVAILABLE FOR OPERATION AND MAINTENANCE.—

(1) IN GENERAL.—Any funds received by the United States under a contract under subsection (a) shall be available for expenditure for operation and maintenance of the project without further Act of appropriation.

[(2) REVENUE.—Any amount of funds received by the United States under a contract under subsection (a) that is in excess of the amount of funds needed for operation and maintenance of the project shall be applied against the repayment contract of the project.]

The committee amendment was agreed to.

The bill (S. 2594), as amended, was read the third time, and passed, as follows:

S. 2594

SALMON CREEK WATERSHED OF THE UPPER COLUMBIA RIVER STUDY

The Senate proceeded to consider the bill (S. 2951) to authorize the Secretary

of the Interior to conduct a study to investigate opportunities to better manage the water resources in the Salmon Creek watershed of the upper Columbia River, which had been reported from the Committee on Energy and Natural Resources, with an amendment as follows:

(Omit the part in boldface brackets and insert the part printed in italic.)

S. 2951

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SALMON CREEK WATERSHED, WASHINGTON, WATER MANAGEMENT STUDY.

(a) IN GENERAL.—[The Commissioner of Reclamation] *The Secretary of the Interior* may conduct a study to investigate the opportunities to better manage the water resources in the Salmon Creek Watershed, a tributary to the Upper Columbia River system, Okanagoan County, Washington, so as to restore and enhance fishery resources (especially the endangered Upper Columbia Spring Chinook and Steelhead), while maintaining or improving the availability of water supplies for irrigation practices vital to the economic well-being of the county.

(b) PURPOSE.—The purpose of the study under subsection (a) shall be to derive the benefits of and further the objectives of the comprehensive, independent study commissioned by the Confederated Tribes of the Colville Reservation and the Okanagoan Irrigation District, which provides a credible basis for pursuing a course of action to simultaneously achieve fish restoration and improved irrigation conservation and efficiency.

(c) COST SHARE.—*The Federal government's cost share for the feasibility study shall not exceed 50 percent.*

Amend the title to read as follows: "To authorize the Secretary of the Interior to conduct a study to investigate opportunities to better manage the water resources in the Salmon Creek watershed of the upper Columbia River."

The committee amendment was agreed to.

The bill (S. 2951), as amended, was read the third time, and passed, as follows:

This Act may be cited as the "Burnt, Malheur, Owyhee, and Powder River Basin Water Optimization Feasibility Study Act of 2000".

SEC. 2. STUDY.

The Secretary of the Interior may conduct [a feasibility study] *feasibility studies* on water optimization in the Burnt River basin, Malheur River basin, Owyhee River basin, and Powder River basin, Oregon.

SEC. 3. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The committee amendment was agreed to.

The bill (S. 2877), as amended, was read the third time and passed, as follows:

S. 2877

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Burnt, Malheur, Owyhee, and Powder River Basin Water Optimization Feasibility Study Act of 2000".

SEC. 2. STUDY.

The Secretary of the Interior may conduct feasibility studies on water optimization in the Burnt River basin, Malheur River basin, Owyhee River basin, and Powder River basin, Oregon.

SEC. 3. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The title was amended so as to read: "A bill to authorize the Secretary of the Interior to conduct feasibility studies on water optimization in the Burnt River basin, Malheur River basin, Owyhee River basin, and Powder River basin, Oregon."

NAMPA AND MERIDIAN CONVEYANCE ACT

The Senate proceeded to consider a bill (S. 3022) to direct the Secretary of the Interior to convey certain irrigation facilities to the Nampa and Meridian Irrigation District, which had been reported from the Committee on Energy and Natural Resources, with an amendment, as follows:

[Strike out all after the enacting clause and insert the part printed in italic.]

SECTION 1. SHORT TITLE.

This Act may be cited as the "Nampa and Meridian Conveyance Act".

SEC. 2. CONVEYANCE OF FACILITIES.

The Secretary of the Interior (in this Act referred to as the "Secretary") shall, as soon as practicable after the date of enactment of this Act, convey facilities to the Nampa and Meridian Irrigation District (in this Act referred to as the "District") in accordance with all applicable laws and pursuant to the terms of the Memorandum of Agreement (contract No. 1425–99MA102500, dated 7 July 1999) between the Secretary and the District. The conveyance of facilities shall include all right, title, and interest of the United States in and to any portion of the canals, laterals, drains, and any other portion of the water distribution and drainage system that is operated or maintained by the District for delivery of water to and drainage of water from lands within the boundaries of the District.

SEC. 3. LIABILITY.

Except as otherwise provided by law, effective on the date of conveyance of facilities under this Act, the United States shall not be liable for

damages of any kind arising out of any act, omission, or occurrence based on its prior ownership or operation of the conveyed property.

SEC. 4. EXISTING RIGHTS NOT AFFECTED.

Nothing in this Act affects the rights of any person except as provided in this Act. No water rights shall be transferred, modified, or otherwise affected by the conveyance of facilities and interests to the Nampa and Meridian Irrigation District under this Act. Such conveyance shall not affect or abrogate any provision of any contract executed by the United States or State law regarding any irrigation district's right to use water developed in the facilities conveyed.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 3022), as amended, was read the third time and passed.

This title may be cited as the "Reclamation Reform Refund Act of 2000".

SEC. 2. REFUND OF CERTAIN AMOUNTS RECEIVED UNDER RECLAMATION REFORM ACT OF 1982.

(a) **REFUND REQUIRED.**—*Subject to the availability of appropriations, the Secretary of the Interior is authorized and directed to refund fully amounts received by the United States as payments for charges assessed by the Secretary before January 1, 1994, for failure to file or properly file certain certification or reporting forms pursuant to sections 206 and 224(c) of the Reclamation Reform Act of 1982 (43 U.S.C. 390ff, 390ww(c)) prior to the receipt of irrigation water. Such refunds shall be made regardless of whether such payments were required by the United States, were made pursuant to a compromise or settlement (whether court approved or otherwise), or were otherwise received by the United States. Any refund issued pursuant to this subsection shall include the amount of associated interest assessed by the Secretary and paid to the United States pursuant to section 224(i) of that Act (43 U.S.C. 390ww(i)).*

(b) **AUTHORIZATION OF APPROPRIATIONS.**—*There are authorized to be appropriated to carry out this section such sums as necessary.*

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 1697), as amended, was read the third time and passed.

KLAMATH BASIN WATER SUPPLY ENHANCEMENT ACT OF 2000

Mr. LOTT. I ask unanimous consent the Senate proceed to the immediate consideration of Calendar No. 938, S. 2882.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 2882) to authorize the Bureau of Reclamation to conduct certain feasibility studies to augment water supplies for the Klamath Project, Oregon and California, and for other purposes.

There being no objection, the Senate proceeded to consider the bill, which

had been reported from the Committee on Energy and Natural Resources, with an amendment, as follows:

[Strike out all after the enacting clause and insert the part printed in italic.]

SECTION 1. SHORT TITLE.

This Act may be cited as the "Klamath Basin Water Supply Enhancement Act of 2000".

SEC. 2. AUTHORIZATION TO CONDUCT FEASIBILITY STUDIES.

In order to help meet the growing water needs in the Klamath River basin, to improve water quality, to facilitate the efforts of the State of Oregon to resolve water rights claims in the Upper Klamath River Basin including facilitation of Klamath tribal water rights claims, and to reduce conflicts over water between the Upper and Lower Klamath Basins, the Secretary of the Interior (hereafter referred to as the "Secretary") is authorized and directed, in consultation with affected state, local and tribal interests, stakeholder groups and the interested public, to engage in feasibility studies of the following proposals related to the Upper Klamath Basin and the Klamath Project, a federal reclamation project in Oregon and California:

(1) Increasing the storage capacity, and/or the yield of the Klamath Project facilities while improving water quality, consistent with the protection of fish and wildlife.

(2) The potential for development of additional Klamath Basin groundwater supplies to improve water quantity and quality, including the effect of such groundwater development on non-project lands, groundwater and surface water supplies, and fish and wildlife.

(3) The potential for further innovations in the use of existing water resources, or market-based approaches, in order to meet growing water needs consistent with state water law.

SEC. 3. ADDITIONAL STUDIES.

(a) NON-PROJECT LANDS.—The Secretary may enter into an agreement with the Oregon Department of Water Resources to fund studies relating to the water supply needs of non-project lands in the Upper Klamath Basin.

(b) SURVEYS.—To further the purposes of this Act, the Secretary is authorized to compile information on native fish species in the Upper Klamath River Basin, upstream of Upper Klamath Lake. Wherever possible, the Secretary should use data already developed by Federal agencies and other stakeholders in the Basin.

(c) HYDROLOGIC STUDIES.—The Secretary is directed to complete ongoing hydrologic surveys in the Klamath River Basin currently being conducted by the U.S. Geological Survey.

(d) REPORTING REQUIREMENTS.—The Secretary shall submit the findings of the studies conducted under section 2 and Section 3(a) of this Act to the Congress within 90 days of each study's completion, together with any recommendations for projects.

SEC. 4. LIMITATION.

Activities funded under this Act shall not be considered a supplemental or additional benefit under the Act of June 17, 1902 (82 Stat. 388) and all Acts amendatory thereof or supplementary thereto.

SEC. 5. WATER RIGHTS.

Nothing in this Act shall be construed to—

(1) create, by implication or otherwise, any reserved water right or other right to the use of water;

(2) invalidate, preempt, or create any exception to State water law or an interstate compact governing water;

(3) alter the rights of any State to any appropriated share of the waters of any body or surface or groundwater, whether determined by past or future interstate compacts or by past or future legislative or final judicial allocations;

(4) preempt or modify any State or Federal law or interstate compact dealing with water quality or disposal; or

(5) confer upon any non-Federal entity the ability to exercise any Federal right to the waters of any stream or to any groundwater resources.

SEC. 6. AUTHORIZATION OF APPROPRIATIONS.

There are authorized such sums as necessary to carry out the purposes of this Act. Activities conducted under this Act shall be non-reimbursable and nonreturnable.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 2882), as amended, was read the third time and passed.

UNANIMOUS CONSENT AGREEMENT—S. 623 AND S. 1474

Mr. LOTT. I ask unanimous consent the Senate proceed to the consideration en bloc of Calendar No. 359, S. 623, and Calendar No. 709, S. 1474. I further ask unanimous consent amendment No. 4317 to S. 623 and amendment No. 4318 to S. 1474 be agreed to, the committee amendments be agreed to, the bills be read the third time and passed, with the motion to reconsider laid upon the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

DAKOTA WATER RESOURCES ACT OF 1999

The Senate proceeded to consider the bill (S. 623) to amend Public Law 89-108 to increase authorization levels for State and Indian tribal, municipal, rural, and industrial water supplies, to meet current and future water quantity and quality needs of the Red River Valley, to deauthorize certain project features and irrigation service areas, to enhance natural resources and fish and wildlife habitat, and for other purposes, which had been reported from the Committee on Energy and Natural Resources, with amendments, as follows:

(The parts of the bill intended to be stricken are shown in boldface brackets and the parts of the bill intended to be inserted are shown in italic.)

S. 623

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Dakota Water Resources Act of 1999".

SEC. 2. PURPOSES AND AUTHORIZATION.

Section 1 of Public Law 89-108 (79 Stat. 433; 100 Stat. 418) is amended—

(1) in subsection (a)—

(A) in paragraph (2), by striking "of" and inserting "within";

(B) in paragraph (5), by striking "more timely" and inserting "appropriate"; and

(C) in paragraph (7), by striking "federally-assisted water resource development project providing irrigation for 130,940 acres of land" and inserting "multipurpose federally assisted water resource project providing irrigation, municipal, rural, and industrial water systems, fish, wildlife, and other natural resource conservation and development, recreation, flood control, ground water recharge, and augmented stream flows";

(2) in subsection (b)—

(A) by inserting ", jointly with the State of North Dakota," after "construct";

(B) by striking "the irrigation of 130,940 acres" and inserting "irrigation";

(C) by striking "fish and wildlife conservation" and inserting "fish, wildlife, and other natural resource conservation";

(D) by inserting "augmented stream flows, ground water recharge," after "flood control,"; and

(E) by inserting "(as modified by the Dakota Water Resources Act of 1999)" before the period at the end;

(3) in subsection (e), by striking "terminated" and all that follows and inserting "terminated,"; and

(4) by striking subsections (f) and (g) and inserting the following:

"(f) COSTS.—

"(1) ESTIMATE.—The Secretary shall estimate—

"(A) the actual construction costs of the facilities (including mitigation facilities) in existence as of the date of enactment of the Dakota Water Resources Act of 1999; and

"(B) the annual operation, maintenance, and replacement costs associated with the used and unused capacity of the features in existence as of that date.

"(2) REPAYMENT CONTRACT.—An appropriate repayment contract shall be negotiated that provides for the making of a payment for each payment period in an amount that is commensurate with the percentage of the total capacity of the project that is in actual use during the payment period.

"(3) OPERATION AND MAINTENANCE COSTS.—The Secretary shall be responsible for the costs of operation and maintenance of the proportionate share attributable to the capacity of the facilities (including mitigation facilities) that remain unused."

"(3) OPERATION AND MAINTENANCE COSTS.—Except as otherwise provided in this Act or Reclamation Law—

"(A) The Secretary shall be responsible for the costs of operation and maintenance of the proportionate share of unit facilities in existence on the date of enactment of the Dakota Water Resources Act of 1999 attributable to the capacity of the facilities (including mitigation facilities) that remain unused;

"(B) The State of North Dakota shall be responsible for costs of operation and maintenance of the proportionate share of existing unit facilities that are used and shall be responsible for the full costs of operation and maintenance of any facility constructed after the date of enactment of the Dakota Water Resources Act of 1999; and

"(C) The State of North Dakota shall be responsible for the costs of providing energy to authorized unit facilities.

"(g) AGREEMENT BETWEEN THE SECRETARY AND THE STATE.—The Secretary shall enter into 1 or more agreements with the State of North Dakota to carry out this Act, including operation and maintenance of the completed unit facilities and the design and construction of authorized new unit facilities by the State.

"(h) BOUNDARY WATERS TREATY OF 1909.—

"(1) DELIVERY OF WATER INTO THE HUDSON BAY BASIN.—Water systems constructed under this Act may deliver Missouri River water into the Hudson Bay basin only after the Secretary, in consultation with the Secretary of State and the Administrator of the Environmental Protection Agency, determines that adequate treatment has been provided to meet the requirements of the Treaty Between the United States and Great Britain relating to Boundary Waters Between the United States and Canada, signed at Washington January 11, 1909 (36 Stat. 2448; TS 548) (commonly known as the 'Boundary Waters Treaty of 1909')."

"(1) DELIVERY OF WATER INTO THE HUDSON BAY BASIN.—Prior to construction of any water

systems authorized under this Act to deliver Missouri River water into the Hudson Bay basin, the Secretary, in consultation with the Secretary of State and the Administrator of the Environmental Protection Agency, must determine that adequate treatment can be provided to meet the requirements of the Treaty between the United States and Great Britain relating to Boundary Waters Between the United States and Canada, signed at Washington, January 11, 1909 (26 Stat. 2448; TS 548) (commonly known as the Boundary Waters Treaty of 1909).

“(2) COSTS.—All costs of construction, operation, maintenance, and replacement of water treatment and related facilities authorized by this Act and attributable to meeting the requirements of the treaty referred to in paragraph (1) shall be non-reimbursable.”.

SEC. 3. FISH AND WILDLIFE.

Section 2 of Public Law 89-108 (79 Stat. 433; 100 Stat. 419) is amended—

(1) by striking subsections (b), (c), and (d) and inserting the following:

“(b) FISH AND WILDLIFE COSTS.—All fish and wildlife enhancement costs incurred in connection with waterfowl refuges, waterfowl production areas, and wildlife conservation areas proposed for Federal or State administration shall be nonreimbursable.

“(c) RECREATION AREAS.—

“(1) COSTS.—If non-Federal public bodies continue to agree to administer land and water areas approved for recreation and agree to bear not less than 50 percent of the separable costs of the unit allocated to recreation and attributable to those areas and all the costs of operation, maintenance, and replacement incurred in connection therewith, the remainder of the separable capital costs so allocated and attributed shall be non-reimbursable.

“(2) APPROVAL.—The recreation areas shall be approved by the Secretary in consultation and coordination with the State of North Dakota.

“(d) NON-FEDERAL SHARE.—The non-Federal share of the separable capital costs of the unit allocated to recreation shall be borne by non-Federal interests, using the following methods, as the Secretary may determine to be appropriate:

“(1) Services in kind.

“(2) Payment, or provision of lands, interests therein, or facilities for the unit.

“(3) Repayment, with interest, within 50 years of first use of unit recreation facilities.”;

(2) in subsection (e)—

(A) by redesignating paragraphs (1) and (2) as paragraphs (2) and (3), respectively;

(B) by inserting “(1)” after “(e)”;

(C) in paragraph (2) (as redesignated by subparagraph (A))—

(i) in the first sentence—

(I) by striking “within ten years after initial unit operation to administer for recreation and fish and wildlife enhancement” and inserting “to administer for recreation”; and

(II) by striking “which are not included within Federal waterfowl refuges and waterfowl production areas”; and

(ii) in the second sentence, by striking “or fish and wildlife enhancement”; and

(D) in the first sentence of paragraph (3) (as redesignated by subparagraph (A))—

(i) by striking “, within ten years after initial operation of the unit,”; and

(ii) by striking “paragraph (1) of this subsection” and inserting “paragraph (2)”;

(3) in subsection (f), by striking “and fish and wildlife enhancement”; and

(4) in subsection (j)—

(A) in paragraph (1), by striking “prior to the completion of construction of Lonetree Dam and Reservoir”; and

(B) by adding at the end the following:

“(4) TAAVER RESERVOIR.—Taayer Reservoir is deauthorized as a project feature. The Secretary, acting through the Commissioner of Reclamation, shall acquire (including acquisition through donation or exchange) up to 5,000 acres in the Kraft and Pickell Slough areas and to manage the area as a component of the National Wildlife Refuge System giving consideration to the unique wildlife values of the area. In acquiring the lands which comprise the Kraft and Pickell Slough complex, the Secretary shall acquire wetlands in the immediate vicinity which may be hydrologically related and nearby uplands as may be necessary to provide for proper management of the complex. The Secretary shall provide for appropriate visitor access and control at the refuge.

“(5) DEAUTHORIZATION OF LONETREE DAM AND RESERVOIR.—The Lonetree Dam and Reservoir is deauthorized, and the Secretary shall designate the lands acquired for the former reservoir site as a wildlife conservation area. The Secretary shall enter into an agreement with the State of North Dakota providing for the operation and maintenance of the wildlife conservation area as an enhancement feature, the costs of which shall be paid by the Secretary. If the features selected under section 8 include a buried pipeline and appurtenances between the McClusky Canal and New Rockford Canal, the use of the wildlife conservation area and Sheyenne Lake National Wildlife Refuge for such route is hereby authorized.”.

SEC. 4. INTEREST CALCULATION.

Section 4 of Public Law 89-108 (100 Stat. 435) is amended by adding at the end the following: “Interest during construction shall be calculated only until such date as the Secretary declares any particular feature to be substantially complete, regardless of whether the feature is placed into service.”.

SEC. 5. IRRIGATION FACILITIES.

Section 5 of Public Law 89-108 (100 Stat. 419) is amended—

(1) by striking “SEC. 5. (a)(1)” and all that follows through subsection (c) and inserting the following:

“SEC. 5. IRRIGATION FACILITIES.

“(a) IN GENERAL.—

“(1) AUTHORIZED DEVELOPMENT.—In addition to the 5,000-acre Oakes Test Area in existence on the date of enactment of the Dakota Water Resources Act of 1999, the Secretary may develop irrigation in—

“(A) the Turtle Lake service area (13,700 acres);

“(B) the McClusky Canal service area (10,000 acres); and

“(C) if the investment costs are fully reimbursed without aid to irrigation from the Pick-Sloan Missouri Basin Program, the New Rockford Canal service area (1,200 acres).

“(2) DEVELOPMENT NOT AUTHORIZED.—None of the irrigation authorized by this section may be developed in the Hudson Bay/Devils Lake Basin.

“(3) NO EXCESS DEVELOPMENT.—The Secretary shall not develop irrigation in the service areas described in paragraph (1) in excess of the acreage specified in that paragraph, except that the Secretary shall develop up to 28,000 acres of irrigation in other areas of North Dakota (such as the Elk/Charbonneau, Mon-Dak, Nesson Valley, Horsehead Flats, and Oliver-Mercer areas) that are not located in the Hudson Bay/Devils Lake drainage basin or James River drainage basin.

“(4) PUMPING POWER.—Irrigation development authorized by this section shall be considered authorized units of the Pick-Sloan Missouri Basin Program and eligible to receive project pumping power.

“(5) PRINCIPLE SUPPLY WORKS.—The Secretary shall complete and maintain the prin-

ciple supply works as identified in the 1984 Garrison Diversion Unit Commission Final Report dated December 20, 1984 as modified by the Dakota Water Resources Act of 1999.”;

“(5) PRINCIPAL SUPPLY WORKS.—The Secretary shall maintain the Snake Creek Pumping Plant, New Rockford Canal, and McClusky Canal features of the principal supply works. As appropriate, the Secretary shall rehabilitate or complete such features consistent with the purposes of this Act. Subject to the provisions of sections (8)(c) and (8)(d)(1) of this Act, the Secretary shall select a preferred alternative to implement the Dakota Water Resources Act of 1999. In making this section, one of the alternatives the Secretary shall consider is whether to connect the principal supply works in existence on the date of enactment.”;

(2) by redesignating subsections (d), (e), and (f) as subsections (b), (c), and (d), respectively;

(3) in the first sentence of subsection (b) (as redesignated by paragraph (2)), by striking “(a)(1)” and inserting “(a)”;

(4) in the first sentence of subsection (c) (as redesignated by paragraph (2)), by striking “Lucky Mound (7,700 acres), Upper Six Mile Creek (7,500 acres)” and inserting “Lucky Mound (7,700 acres) and Upper Six Mile Creek (7,500 acres), or such other lands at Fort Berthold of equal acreage as may be selected by the tribe and approved by the Secretary.”; and

(5) by adding at the end the following:

“(e) IRRIGATION REPORT TO CONGRESS.—

“(1) IN GENERAL.—The Secretary shall investigate and prepare a detailed report on the undesignated 28,000 acres in subsection (a)(3) as to costs and benefits for any irrigation units to be developed under Reclamation law.

“(2) FINDING.—The report shall include a finding on the economic, financial and engineering feasibility of the proposed irrigation unit, but shall be limited to the undesignated 28,000 acres.

“(3) AUTHORIZATION.—If the Secretary finds that the proposed construction is feasible, such irrigation units are authorized without further Act of Congress.

“(4) DOCUMENTATION.—No expenditure for the construction of facilities authorized under this section shall be made until after the Secretary, in cooperation with the State of North Dakota, has prepared the appropriate documentation in accordance with section 1 and pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) analyzing the direct and indirect impacts of implementing the report.”.

SEC. 6. POWER.

Section 6 of Public Law 89-108 (79 Stat. 435; 100 Stat. 421) is amended—

(1) in subsection (b)—

(A) by striking “Notwithstanding the provisions of” and inserting “Pursuant to the provisions of”; and

(B) by striking “revenues,” and all that follows and inserting “revenues.”; and

(2) by striking subsection (c) and inserting the following:

“(c) NO INCREASE IN RATES OR AFFECT ON REPAYMENT METHODOLOGY.—In accordance with the last sentence of section 302(a)(3) of the Department of Energy Organization Act (42 U.S.C. 7152(a)(3)), section 1(e) shall not result in any reallocation of project costs and shall not result in increased rates to Pick-Sloan Missouri Basin Program customers. Nothing in the Dakota Water Resources Act of 1999 alters or affects in any way the repayment methodology in effect as of the date of enactment of that Act for other features of the Pick-Sloan Missouri Basin Program.”.

SEC. 7. MUNICIPAL, RURAL, AND INDUSTRIAL WATER SERVICE.

Section 7 of Public Law 89-108 (100 Stat. 422) is amended—

(1) in subsection (a)(3)—
(A) in the second sentence—
(i) by striking “The non-Federal share” and inserting “Unless otherwise provided in this Act, the non-Federal share”;

(ii) by striking “each water system” and inserting “water systems”;

(iii) by inserting after the second sentence the following: “The State may use the Federal and non-Federal funds to provide grants or loans for municipal, rural, and industrial water systems. The State shall use the proceeds of repaid loans for municipal, rural, and industrial water systems. *Proceeds from loan repayments and any interest thereon shall be treated as Federal funds.*”; and

(iv) by striking the last sentence and inserting the following: “The Southwest Pipeline Project, the Northwest Area Water Supply Project, the Red River Valley Water Supply Project, and other municipal, industrial, and rural water systems in the State of North Dakota shall be eligible for funding under the terms of this section. Funding provided under this section for the Red River Valley Water Supply Project shall be in addition to funding for that project under section 10(a)(1)(B). The amount of non-Federal contributions made after May 12, 1986, that exceeds the 25 percent requirement shall be credited to the State for future use in municipal, rural, and industrial projects under this section.”; and

(2) by striking subsections (b), (c), and (d) and inserting the following:

“(b) **WATER CONSERVATION PROGRAM.**—The State of North Dakota may use funds provided under subsections (a) and (b)(1)(A) of section 10 to develop and implement a water conservation program. The Secretary and the State shall jointly establish water conservation goals to meet the purposes of the State program and to improve the availability of water supplies to meet the purposes of this Act. If the State achieves the established water conservation goals, the non-Federal cost share for future projects under subsection (a)(3) shall be reduced to 24.5 percent.

“(c) **NONREIMBURSABILITY OF COSTS.**—With respect to the Southwest Pipeline Project, the Northwest Area Water Supply Project, the Red River Valley Water Supply Project, and other municipal, industrial, and rural water systems in North Dakota, the costs of the features constructed on the Missouri River by the Secretary of the Army before the date of enactment of the Dakota Water Resources Act of 1999 shall be nonreimbursable.

“(d) **INDIAN MUNICIPAL RURAL AND INDUSTRIAL WATER SUPPLY.**—The Secretary shall construct, operate, and maintain such municipal, rural, and industrial water systems as the Secretary determines to be necessary to meet the economic, public health, and environmental needs of the Fort Berthold, Standing Rock, Turtle Mountain (including the Trenton Indian Service Area), and Fort Totten Indian Reservations and adjacent areas.”.

SEC. 8. SPECIFIC FEATURES.

(a) **IN GENERAL.**—Public Law 89-108 (100 Stat. 423) is amended by striking section 8 and inserting the following:

“SEC. 8. SPECIFIC FEATURES.

“(a) **RED RIVER VALLEY WATER SUPPLY PROJECT.**—

“(1) **IN GENERAL.**—The Secretary shall construct a feature or features to deliver Missouri River water to the Sheyenne River water supply and release facility or such

other feature or features as are selected under subsection (d).

“(2) **DESIGN AND CONSTRUCTION.**—The feature shall be designed and constructed to meet only the water delivery requirements of the irrigation areas, municipal, rural, and industrial water supply needs, ground water recharge, and streamflow augmentation (as described in subsection (b)(2)) authorized by this Act.

“(3) **COMMENCEMENT OF CONSTRUCTION.**—The Secretary may not commence construction on the feature until a master repayment contract or water service agreement consistent with this Act between the Secretary and the appropriate non-Federal entity has been executed.

“(b) **REPORT ON RED RIVER VALLEY WATER NEEDS AND DELIVERY OPTIONS.**—

“(1) **IN GENERAL.**—Pursuant to section 1(g), not later than 90 days after the date of enactment of the Dakota Water Resources Act of 1999, the Secretary and the State of North Dakota shall jointly submit to Congress a report on the comprehensive water quality and quantity needs of the Red River Valley and the options for meeting those needs, including the delivery of Missouri River water to the Red River Valley.

“(2) **NEEDS.**—The needs addressed in the report shall include such needs as—

“(A) augmenting streamflows;

“(B) ground water recharge; and

“(C) enhancing—

“(i) municipal, rural, and industrial water supplies;

“(ii) water quality;

“(iii) aquatic environment; and

“(iv) recreation.

“(3) **STUDIES.**—Existing and ongoing studies by the Bureau of Reclamation on Red River Water Supply needs and options shall be deemed to meet the requirements of this section.

“(c) **ENVIRONMENTAL IMPACT STATEMENTS.**—

“(1) **DRAFT.**—

“(A) **DEADLINE.**—Pursuant to an agreement between the Secretary and the State of North Dakota as authorized under section 1(g), not later than 1 year after the date of enactment of the Dakota Water Resources Act of 1999, the Secretary and the State of North Dakota shall jointly prepare and complete a draft environmental impact statement concerning all feasible options to meet the comprehensive water quality and quantity needs of the Red River Valley and the options for meeting those needs, including possible alternatives for delivering Missouri River water to the Red River Valley.

“(B) **REPORT ON STATUS.**—If the Secretary and State of North Dakota cannot prepare and complete the draft environmental impact statement within 1 year after the date of enactment of the Dakota Water Resources Act of 1999, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

“(2) **FINAL.**—

“(A) **DEADLINE.**—Not later than 1 year after filing the draft environmental impact statement, a final environmental impact statement shall be prepared and published.

“(B) **REPORT ON STATUS.**—If the Secretary and State of North Dakota cannot prepare and complete a final environmental impact statement within 1 year of the completion of the draft environmental impact statement, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

“(d) **PROCESS FOR SELECTION.**—

“(1) **IN GENERAL.**—After reviewing the final report required by subsection (b)(1) and complying with subsection (c), the Secretary, in consultation and coordination with the State of North Dakota in coordination with affected local communities, shall select 1 or more project features described in subsection (a) that will meet the comprehensive water quality and quantity needs of the Red River Valley.

“(2) **AGREEMENTS.**—Not later than 180 days after the record of decision has been executed, the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features selected.

“(e) **SHEYENNE RIVER WATER SUPPLY AND RELEASE OR ALTERNATE FEATURES.**—The Secretary shall construct, operate, and maintain a Sheyenne River water supply and release feature (including a water treatment plant) capable of delivering 100 cubic feet per second of water or any other amount determined in the reports under this section, for the cities of Fargo and Grand Forks and surrounding communities, or such other feature or features as may be selected under subsection (d).”.

SEC. 9. OAKES TEST AREA TITLE TRANSFER.

Public Law 89-108 (100 Stat. 423) is amended by striking section 9 and inserting the following:

“SEC. 9. OAKES TEST AREA TITLE TRANSFER.

“(a) **IN GENERAL.**—Not later than 2 years after execution of a record of decision under section 8(d) on whether to use the New Rockford Canal as a means of delivering water to the Red River Basin as described in section 8, the Secretary shall enter into an agreement with the State of North Dakota, or its designee, to convey title and all or any rights, interests, and obligations of the United States in and to the Oakes Test Area as constructed and operated under Public Law 99-294 (100 Stat. 418) under such terms and conditions as the Secretary believes would fully protect the public interest.

“(b) **TERMS AND CONDITIONS.**—The agreement shall define the terms and conditions of the transfer of the facilities, lands, mineral estate, easements, rights-of-way and water rights including the avoidance of costs that the Federal Government would otherwise incur in the case of a failure to agree under subsection (d).

“(c) **COMPLIANCE.**—The action of the Secretary under this section shall comply with all applicable requirements of Federal, State, and local law.

“(d) **FAILURE TO AGREE.**—If an agreement is not reached within the time limit specified in subsection (a), the Secretary shall dispose of the Oakes Test Area facilities under the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.).”.

SEC. 10. AUTHORIZATION OF APPROPRIATIONS.

Section 10 of Public Law 89-108 (100 Stat. 424; 106 Stat. 4669, [4739]) 4739) is amended—

(1) in subsection (a)—

(A) by striking “(a)(1) There are authorized” and inserting the following:

“(a) **WATER DISTRIBUTION FEATURES.**—

“(1) **IN GENERAL.**—

“(A) **MAIN STEM SUPPLY WORKS.**—There is authorized”;

(B) in paragraph (1)—

(i) in the first sentence, by striking “\$270,395,000 for carrying out the provisions of section 5(a) through 5(c) and section 8(a)(1) of this Act” and inserting “\$164,000,000 to carry out section 5(a)”;

(ii) by inserting after subparagraph (A) (as designated by clause (i)) the following:

“(B) **RED RIVER VALLEY WATER SUPPLY PROJECT.**—There is authorized to be appropriated to carry out section 8(a)(1) \$200,000,000.”; and

(iii) by striking "Such sums" and inserting the following:

"(C) AVAILABILITY.—Such sums"; and

(C) in paragraph (2)—

(i) by striking "(2) There is" and inserting the following:

"(2) INDIAN IRRIGATION.—

"(A) IN GENERAL.—There is";

(ii) by striking "for carrying out section 5(e) of this Act" and inserting "to carry out section 5(c)"; and

(iii) by striking "Such sums" and inserting the following:

"(B) AVAILABILITY.—Such sums";

(2) in subsection (b)—

(A) by striking "(b)(1) There is" and inserting the following:

"(b) MUNICIPAL, RURAL, AND INDUSTRIAL WATER SUPPLY.—

"(1) STATEWIDE.—

"(A) INITIAL AMOUNT.—There is";

(B) in paragraph (1)—

(i) by inserting before "Such sums" the following:

"(B) ADDITIONAL AMOUNT.—In addition to the amount under subparagraph (A), there is authorized to be appropriated to carry out section 7(a) [\$300,000,000.] \$200,000,000."; and

(ii) by striking "Such sums" and inserting the following:

"(C) AVAILABILITY.—Such sums"; and

(C) in paragraph (2)—

(i) by striking "(2) There are authorized to be appropriated \$61,000,000" and all that follows through "Act." and inserting the following:

"(2) INDIAN MUNICIPAL, RURAL, AND INDUSTRIAL AND OTHER DELIVERY FEATURES.—

"(A) INITIAL AMOUNT.—There is authorized to be appropriated—

"(i) to carry out section 8(a)(1), \$40,500,000; and

"(ii) to carry out section 7(d), \$20,500,000.";

(ii) by inserting before "Such sums" the following:

"(B) ADDITIONAL AMOUNT.—

"(i) IN GENERAL.—In addition to the amount under subparagraph (A), there is authorized to be appropriated to carry out section 7(d) \$200,000,000.

"(ii) ALLOCATION.—The amount under clause (i) shall be allocated as follows:

"(I) \$30,000,000 to the Fort Totten Indian Reservation.

"(II) \$70,000,000 to the Fort Berthold Indian Reservation.

"(IV) \$80,000,000 to the Standing Rock Indian Reservation.

"(V) \$20,000,000 to the Turtle Mountain Indian Reservation."; and

(ii) by striking "Such sums" and inserting the following:

"(C) AVAILABILITY.—Such sums";

(3) in subsection (c)—

(A) by striking "(c) There is" and inserting the following:

"(c) RESOURCES TRUST AND OTHER PROVISIONS.—

"(1) INITIAL AMOUNT.—There is"; and

(B) by striking the second and third sentences and inserting the following:

"(2) ADDITIONAL AMOUNT.—In addition to amount under paragraph (1), there are authorized to be appropriated—

"(A) \$6,500,000 to carry out recreational projects; and

"(B) an additional \$25,000,000 to carry out section 11;

to remain available until expended.

"(3) RECREATIONAL PROJECTS.—Of the funds authorized under paragraph (2) for recreational projects, up to \$1,500,000 may be used to fund a wetland interpretive center in the State of North Dakota.

"(4) OPERATION AND MAINTENANCE.—

"(A) IN GENERAL.—There are authorized to be appropriated such sums as are necessary for operation and maintenance of the unit

(including the mitigation and enhancement features).

"(B) AUTHORIZATION LIMITS.—Expenditures for operation and maintenance of features substantially completed and features constructed before the date of enactment of the Dakota Water Resources Act of 1999, including funds expended for such purposes since the date of enactment of Public Law 99-294, shall not be counted against the authorization limits in this section.

"(5) MITIGATION AND ENHANCEMENT LAND.—On or about the date on which the features authorized by section 8(a) are operational, a separate account in the Natural Resources Trust authorized by section 11 shall be established for operation and maintenance of the mitigation and enhancement land associated with the unit."; and

(4) by striking subsection (e) and inserting the following:

"(e) INDEXING.—The [\$300,000,000] \$200,000,000 amount under subsection (b)(1)(B), the \$200,000,000 amount under subsection (a)(1)(B), and the funds authorized under subsection (b)(2) shall be indexed as necessary to allow for ordinary fluctuations of construction costs incurred after the date of enactment of the Dakota Water Resources Act of 1999 as indicated by engineering cost indices applicable for the type of construction involved. All other authorized cost ceilings shall remain unchanged.

"(f) FOUR BEARS BRIDGE.—There is authorized to be appropriated, for demolition of the existing structure and construction of the Four Bears Bridge across Lake Sakakawea within the Fort Berthold Indian Reservation, \$40,000,000.".]

SEC. 11. NATURAL RESOURCES TRUST.

Section 11 of Public Law 89-108 (100 Stat. 424) is amended—

(1) by striking subsection (a) and inserting the following:

"(a) CONTRIBUTION.—

"(1) INITIAL AUTHORIZATION.—

"(A) IN GENERAL.—From the sums appropriated under section 10 for the Garrison Diversion Unit, the Secretary shall make an annual Federal contribution to a Natural Resources Trust established by non-Federal interests in accordance with subsection (b) and operated in accordance with subsection (c).

"(B) AMOUNT.—The total amount of Federal contributions under subparagraph (A) shall not exceed \$12,000,000.

"(2) ADDITIONAL AUTHORIZATION.—

"(A) IN GENERAL.—In addition to the amount authorized in paragraph (1), the Secretary shall make annual Federal contributions to the Natural Resources Trust until the amount authorized by section 10(c)(2)(B) is reached, in the manner stated in subparagraph (B).

"(B) ANNUAL AMOUNT.—The amount of the contribution under subparagraph (A) for each fiscal year shall be the amount that is equal to 5 percent of the total amount that is appropriated for the fiscal year under subsections (a)(1)(B) and (b)(1)(B) of section 10.

"(C) LIMITATION ON AVAILABILITY OF FUNDS.—Of the amount authorized by section 10(c)(2)(B), not more than \$10,000,000 shall be made available until the date on which the features authorized by section 8(a) are operational and meet the objectives of section 8(a), as determined by the Secretary and the State of North Dakota.".]

(2) in subsection (b), by striking "Wetlands Trust" and inserting "Natural Resources Trust"; and

(3) in subsection (c)—

(A) by striking "Wetland Trust" and inserting "Natural Resources Trust";

(B) by striking "are met" and inserting "is met";

(C) in paragraph (1), by inserting ", grassland conservation and riparian areas" after "habitat"; and

(D) in paragraph (2), by adding at the end the following:

"(C) The power to fund incentives for conservation practices by landowners."

The committee amendments were agreed to.

The amendment (No. 4317) was agreed to, as follows:

On page 10, beginning on line 14, strike the sentence that begins "If the features selected under section 8".

On page 13, line 2, strike the sentence that begins "As appropriate, the Secretary shall rehabilitate or complete".

On page 13, line 5, strike "Sections 8(c) and 8(d)(1)" and insert "section 8".

Beginning on Page 18, strike line 17 and all that follows through Page 23, line 4, and insert the following:

SEC. 8. SPECIFIC FEATURES.

(a) SYKESTON CANAL.—Sykeston Canal is hereby deauthorized.

(b) IN GENERAL.—Public Law 89-108 (100 Stat. 423) is amended by striking section 8 and inserting the following:

"SEC. 8. SPECIFIC FEATURES.

"(a) RED RIVER VALLEY WATER SUPPLY PROTECT.—

"(1) IN GENERAL.—Subject to the requirements of this section, the Secretary shall construct a feature or features to provide water to the Shenyenne River water supply and release facility or such other feature or features as are selected under subsection (d).

"(2) DESIGN AND CONSTRUCTION.—The feature or features shall be designed and constructed to meet only the following water supply requirements as identified in the report prepared pursuant to subsection (b) of this section: municipal, rural, and industrial water supply needs; ground water recharge; and streamflow augmentation.

"(3) COMMENCEMENT OF CONSTRUCTION.—

"(A) If the Secretary selects a project feature under this section that would provide water from the Missouri River or its tributaries to the Shenyenne River water supply and release facility or from the Missouri River or its tributaries to such other conveyance facility as the Secretary selects under this section, no later than 90 days after the completion of the final environmental impact statement, the Secretary shall transmit to Congress a comprehensive report which provides—

"(i) a detailed description of the proposed project feature;

"(ii) a summary of major issues addressed in the environmental impact statement;

"(iii) likely effects, if any, on other States bordering the Missouri River and on the State of Minnesota; and

"(iv) a description of how the project feature complies with the requirements of section 1(h)(1) of this Act (relating to the Boundary Waters Treaty of 1909).

"(B) No project feature or features that would provide water from the Missouri River or its tributaries to the Shenyenne River water supply and release facility or from the Missouri River or its tributaries to such other conveyance facility as the Secretary selects under this section shall be constructed unless such feature is specifically authorized by an Act of Congress approved subsequent to the Secretary's transmittal of the report required in paragraph (A). If, after complying with subsections (b) through (d) of this section, the Secretary selects a feature or features using only in-basin sources of water to meet the water needs of the Red River Valley identified in subsection (b), such features are authorized without further

Act of Congress. The Act of Congress referred to in this subparagraph must be an authorization bill, and shall not be a bill making appropriations.

(C) The Secretary may not commence construction on the feature until a master repayment contract or water service agreement consistent with this Act between the Secretary and the appropriate non-Federal entity has been executed."

(b) REPORT ON RED RIVER VALLEY WATER NEEDS AND OPTIONS.—

(1) IN GENERAL.—The Secretary of the Interior shall conduct a comprehensive study of the water quality and quantity needs of the Red River Valley in North Dakota and possible options for meeting those needs.

(2) NEEDS.—The needs addressed in the report shall include such needs as—

(A) municipal, rural, and industrial water supplies;

(B) water quality;

(C) aquatic environment;

(D) recreation; and

(E) water conservation measures.

(3) PROCESS.—In conducting the study, the Secretary through an open and public process shall solicit input from gubernatorial designees from states that may be affected by possible options to meet such needs as well as designees from other federal agencies with relevant expertise. For any option that includes an out-of-basin solution, the Secretary shall consider the effect of the option on other states that may be affected by such option, as well as other appropriate considerations. Upon completion, a draft of the study shall be provided by the Secretary to such states and federal agencies. Such states and agencies shall be given not less than 120 days to review and comment on the study method, findings and conclusions leading to any alternative that may have an impact on such states or on resources subject to such federal agencies' jurisdiction. The Secretary shall receive and take into consideration any such comments and produce a final report and transmit the final report to Congress.

(4) LIMITATION.—No design or construction of any feature or features that facilitate an out-of-basin transfer from the Missouri River drainage basin shall be authorized under the provisions of this subsection.

(c) ENVIRONMENTAL IMPACT STATEMENT.—

(1) IN GENERAL.—Nothing in this section shall be construed to supersede any requirements under the National Environmental Policy Act or the Administrative Procedures Act.

(2) DRAFT.—

(A) DEADLINE.—Pursuant to an agreement between the Secretary and State of North Dakota as authorized under section 1(g), not later than 1 year after the date of enactment of the Dakota Water Resources Act of 2000, the Secretary and the State of North Dakota shall jointly prepare and complete a draft environmental impact statement concerning all feasible options to meet the comprehensive water quality and quantity needs of the Red River Valley and the options for meeting those needs, including the delivery of Missouri River water to the Red River Valley.

(B) REPORT ON STATUS.—If the Secretary and State of North Dakota cannot prepare and complete the draft environmental impact statement within 1 year after the date of enactment of the Dakota Water Resources Act of 2000, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

(3) FINAL.—

(A) DEADLINE.—Not later than 1 year after filing the draft environmental impact statement, a final environmental impact statement shall be prepared and published.

(B) REPORT ON STATUS.—If the Secretary and State of North Dakota cannot prepare and complete a final environmental impact statement within 1 year of the completion of the draft environmental impact statement, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

(d) PROCESS FOR SELECTION.—

(1) IN GENERAL.—After reviewing the final report required by subsection (b)(1) and complying with subsection (c), the Secretary, in consultation and coordination with the State of North Dakota in coordination with affected local communities, shall select 1 or more project features described in subsection (a) that will meet the comprehensive water quality and quantity needs of the Red River Valley. The Secretary's selection of an alternative shall be subject to judicial review.

(2) AGREEMENTS.—If the Secretary selects an option under subparagraph (1) that uses only in-basin sources of water, not later than 180 days after the record of decision has been executed, the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features selected. If the Secretary selects an option under subparagraph (1) that would require a further act of Congress under the provisions of subsection (a), not later than 180 days after the date of enactment of legislation required under subsection (a) the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features authorized by that legislation.

(e) SHEYENNE RIVER WATER SUPPLY AND RELEASE OR ALTERNATE FEATURES.—The Secretary shall construct, operate, and maintain a Sheyenne River water supply and release feature (including a water treatment plant) capable of delivering 100 cubic feet per second of water or any other amount determined in the reports under this section, for the cities of Fargo and Grand Forks and surrounding communities, or such other feature or features as may be selected under subsection (d).

(f) DEVILS LAKE.—No funds authorized under this Act may be used to carry out the portion of the feasibility study of the Devils Lake basin, North Dakota, authorized under the Energy and Water Development Appropriations Act of 1993 (Public Law 102-377), that addresses the needs of the area for stabilized lake levels through inlet controls, or to otherwise study any facility or carry out any activity that would permit the transfer of water from the Missouri River drainage basin into Devils Lake, North Dakota.

Mr. DORGAN. Mr. President, I am pleased that today the Senate has

passed S. 623, the Dakota Water Resources Act. My colleague from North Dakota, Senator KENT CONRAD, and I have worked on this legislation for quite some time. We have worked closely with others who have an interest in this bill and passage of S. 623 today is a result of tireless negotiation between our delegation and the downstream states, especially Missouri and Minnesota. The compromise that the Senate adopted today strikes an important balance between meeting the water needs of North Dakota and protecting the needs of other states.

This bill is essential to meeting the water needs of North Dakota. The bill, as amended, will provide authorization for the development of municipal, rural, and industrial water projects across the State of North Dakota. The bill would also help to meet the water needs of the four Indian Reservations in the state.

The Dakota Water Resources Act authorizes \$631.5 million. This includes a \$200 million authorization for municipal, rural and industrial water development and another \$200 million authorization to meet the critical water needs of the four Indian reservations in the state. The Red River Valley water supply needs will also receive a \$200 millions authorization. The bill includes \$25 million for a natural resources trust and \$6.5 million for recreation projects in North Dakota. Mr. President, the Dakota Water Resources Act represents a responsible way for the federal government to fulfill their role in the state. It also represents a serious compromise on the part of North Dakota, while still meeting our highest priority water supply needs.

The bill clearly lays out the process for meeting the water needs for the Red River Valley in eastern North Dakota. First, the Secretary of the Interior will identify these water needs and evaluate options for meeting them. The Department must submit a report on the needs and suggest possible solutions to the Congress. The Secretary is also required to complete an environmental impact statement, EIS, on the Red River Valley project and select the best option.

In the event that the Secretary of the Interior determines that the best option includes a transfer of Missouri River water to meet the Red River Valley needs, then a further act of Congress authorizing that option must occur before construction of that feature or features could begin. This is a key provision that will allow all of our colleagues downstream to have input on such a proposal. However, if an in-basin source of water is chosen, then no further action is needed from Congress.

This is a good bill that reflects hard work and compromise of many stakeholders all along the Missouri River. I am pleased that we were able to develop a win-win solution, that allows us to move forward in meeting the needs of North Dakotans while protecting the interests of those who are

downstream. I am confident that this bill can be signed into law this year, and look forward to working with our friends in the other body to pass this bill and send it to the President for his signature.

• **Mr. WELLSTONE.** Mr. President, I rise to speak about S. 623, the Dakota Water Resources Act of 2000, as amended by this critical amendment currently pending before the Senate.

Over the last two years, I have worked to preserve and protect Minnesota's precious water rights and resources, in consultation with a number of my Republican and Democratic colleagues, and to ensure that the concerns expressed about the original bill by those in my state were taken into account as this legislation was developed. While it does not resolve the roughest underlying issues—indeed it does not even attempt to resolve them—I believe this amendment takes into account those concerns, and I appreciate the willingness of my distinguished colleagues from North Dakota to accommodate their neighbors to the east.

It is clear this legislation, as amended by Senators BOND, CONRAD, and DORGAN, is a very different bill than the one which was originally introduced. While I, along with the State of Minnesota, had serious reservations about the original version, in the past year my office has conducted extensive consultations and discussions with Minnesota Department of Natural Resources water officials, who have indicated that the amended version of this legislation—at least the sections which apply to Minnesota interests—is a reasonable measure which meets their concerns. I agree that the key elements of this legislation, in which I have been most interested, will now simply provide for a comprehensive and unbiased review of the water quality and quantity needs of the Red River Valley, and of the environmental implications of any proposed water transfers—either within the basin or on an inter-basin basis—and thus I have not objected, as I did to earlier requests, to bringing it to the Senate floor for consideration. There are other parts of the bill, as amended, which primarily affect existing or planned facilities in North Dakota, which have not raised concerns in my state.

The amended bill does not pose the same concerns about biota transfer, inter-basin transfer, and water quality that I, and the State of Minnesota, had raised in forceful objection to the original legislation. In fact, it explicitly requires prior Congressional action and approval before any inter-basin transfer can be made. Under the bill, only after careful, reasoned study by the Secretary of the Interior—including extensive consultation with all of the interested stakeholders on the water quality and quantity needs of the Red River Valley, the various portions for meeting those needs, and the environmental implications of any fur-

ther steps to address them—would Congress even consider an inter-basin transfer of water, which I and others would continue to oppose. Let me restate that, because it's important: this legislation would preclude any transfer of water from the Missouri River or its tributaries to the Red River Valley, unless specifically authorized by a future Act of Congress, thus allowing concerns of biota transfer, inter-basin transfers and water quality to be discussed and fairly resolved by all the parties involved beforehand.

As many of my colleagues know, I have long opposed the original version of this legislation. I would continue to oppose any attempts to transfer water into the basin without adequate safeguards—if such safeguards can be devised, which is not at all clear. Many of my original concerns, and those of the state of Minnesota, including especially the Department of Natural Resources, remain about the detrimental environmental effects and potential adverse precedents of an inter-basin transfer. Even so, I recognize the real needs of our neighbors in North Dakota to resolve their continuing water problems, and I believe that the study provided for in this bill may help to further that effort. I believe this legislation represents a reasonable effort to move the process forward, while protecting the rights and resources of those in my state and elsewhere in the Upper Midwest. I commend my colleagues for their hard work and determination over these many years. •

The bill (S. 623), as amended, was read the third time and passed, as follows:

S. 623

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Dakota Water Resources Act of 2000”.

SEC. 2. PURPOSES AND AUTHORIZATION.

Section 1 of Public Law 89-108 (79 Stat. 433; 100 Stat. 418) is amended—

(1) in subsection (a)—

(A) in paragraph (2), by striking “of” and inserting “within”;

(B) in paragraph (5), by striking “more timely” and inserting “appropriate”; and

(C) in paragraph (7), by striking “federally-assisted water resource development project providing irrigation for 130,940 acres of land” and inserting “multipurpose federally assisted water resource project providing irrigation, municipal, rural, and industrial water systems, fish, wildlife, and other natural resource conservation and development, recreation, flood control, ground water recharge, and augmented stream flows”;

(2) in subsection (b)—

(A) by inserting “, jointly with the State of North Dakota,” after “construct”;

(B) by striking “the irrigation of 130,940 acres” and inserting “irrigation”;

(C) by striking “fish and wildlife conservation” and inserting “fish, wildlife, and other natural resource conservation”;

(D) by inserting “augmented stream flows, ground water recharge,” after “flood control,”; and

(E) by inserting “(as modified by the Dakota Water Resources Act of 2000)” before the period at the end;

(3) in subsection (e), by striking “terminated” and all that follows and inserting “terminated.”; and

(4) by striking subsections (f) and (g) and inserting the following:

“(f) COSTS.—

“(1) ESTIMATE.—The Secretary shall estimate—

“(A) the actual construction costs of the facilities (including mitigation facilities) in existence as of the date of enactment of the Dakota Water Resources Act of 2000; and

“(B) the annual operation, maintenance, and replacement costs associated with the used and unused capacity of the features in existence as of that date.

“(2) REPAYMENT CONTRACT.—An appropriate repayment contract shall be negotiated that provides for the making of a payment for each payment period in an amount that is commensurate with the percentage of the total capacity of the project that is in actual use during the payment period.

“(3) OPERATION AND MAINTENANCE COSTS.—Except as otherwise provided in this Act or Reclamation Law—

“(A) The Secretary shall be responsible for the costs of operation and maintenance of the proportionate share of unit facilities in existence on the date of enactment of the Dakota Water Resources Act of 2000 attributable to the capacity of the facilities (including mitigation facilities) that remain unused;

“(B) The State of North Dakota shall be responsible for costs of operation and maintenance of the proportionate share of existing unit facilities that are used and shall be responsible for the full costs of operation and maintenance of any facility constructed after the date of enactment of the Dakota Water Resources Act of 2000; and

“(C) The State of North Dakota shall be responsible for the costs of providing energy to authorized unit facilities.

“(g) AGREEMENT BETWEEN THE SECRETARY AND THE STATE.—The Secretary shall enter into 1 or more agreements with the State of North Dakota to carry out this Act, including operation and maintenance of the completed unit facilities and the design and construction of authorized new unit facilities by the State.

“(h) BOUNDARY WATERS TREATY OF 1909.—

“(1) DELIVERY OF WATER INTO THE HUDSON BAY BASIN.—Prior to construction of any water systems authorized under this Act to deliver Missouri River water into the Hudson Bay basin, the Secretary, in consultation with the Secretary of State and the Administrator of the Environmental Protection Agency, must determine that adequate treatment can be provided to meet the requirements of the Treaty between the United States and Great Britain relating to Boundary Waters Between the United States and Canada, signed at Washington, January 11, 1909 (26 Stat. 2448; TS 548) (commonly known as the Boundary Waters Treaty of 1909).

“(2) COSTS.—All costs of construction, operation, maintenance, and replacement of water treatment and related facilities authorized by this Act and attributable to meeting the requirements of the treaty referred to in paragraph (1) shall be non-reimbursable.”.

SEC. 3. FISH AND WILDLIFE.

Section 2 of Public Law 89-108 (79 Stat. 433; 100 Stat. 419) is amended—

(1) by striking subsections (b), (c), and (d) and inserting the following:

“(b) FISH AND WILDLIFE COSTS.—All fish and wildlife enhancement costs incurred in connection with waterfowl refuges, waterfowl production areas, and wildlife conservation areas proposed for Federal or State administration shall be nonreimbursable.

“(c) RECREATION AREAS.—

“(1) COSTS.—If non-Federal public bodies continue to agree to administer land and water areas approved for recreation and agree to bear not less than 50 percent of the separable costs of the unit allocated to recreation and attributable to those areas and all the costs of operation, maintenance, and replacement incurred in connection therewith, the remainder of the separable capital costs so allocated and attributed shall be non-reimbursable.

“(2) APPROVAL.—The recreation areas shall be approved by the Secretary in consultation and coordination with the State of North Dakota.

“(d) NON-FEDERAL SHARE.—The non-Federal share of the separable capital costs of the unit allocated to recreation shall be borne by non-Federal interests, using the following methods, as the Secretary may determine to be appropriate:

“(1) Services in kind.

“(2) Payment, or provision of lands, interests therein, or facilities for the unit.

“(3) Repayment, with interest, within 50 years of first use of unit recreation facilities.”;

(2) in subsection (e)—

(A) by redesignating paragraphs (1) and (2) as paragraphs (2) and (3), respectively;

(B) by inserting “(1)” after “(e)”;

(C) in paragraph (2) (as redesignated by subparagraph (A))—

(i) in the first sentence—

(I) by striking “within ten years after initial unit operation to administer for recreation and fish and wildlife enhancement” and inserting “to administer for recreation”; and

(II) by striking “which are not included within Federal waterfowl refuges and waterfowl production areas”; and

(ii) in the second sentence, by striking “or fish and wildlife enhancement”; and

(D) in the first sentence of paragraph (3) (as redesignated by subparagraph (A))—

(i) by striking “, within ten years after initial operation of the unit,”; and

(ii) by striking “paragraph (1) of this subsection” and inserting “paragraph (2)”;

(3) in subsection (f), by striking “and fish and wildlife enhancement”; and

(4) in subsection (j)—

(A) in paragraph (1), by striking “prior to the completion of construction of Lonetree Dam and Reservoir”; and

(B) by adding at the end the following:

“(4) TAAYER RESERVOIR.—Taayer Reservoir is deauthorized as a project feature. The Secretary, acting through the Commissioner of Reclamation, shall acquire (including acquisition through donation or exchange) up to 5,000 acres in the Kraft and Pickell Slough areas and to manage the area as a component of the National Wildlife Refuge System giving consideration to the unique wildlife values of the area. In acquiring the lands which comprise the Kraft and Pickell Slough complex, the Secretary shall acquire wetlands in the immediate vicinity which may be hydrologically related and nearby uplands as may be necessary to provide for proper management of the complex. The Secretary shall provide for appropriate visitor access and control at the refuge.

“(5) DEAUTHORIZATION OF LONETREE DAM AND RESERVOIR.—The Lonetree Dam and Reservoir is deauthorized, and the Secretary shall designate the lands acquired for the former reservoir site as a wildlife conservation area. The Secretary shall enter into an agreement with the State of North Dakota providing for the operation and maintenance of the wildlife conservation area as an enhancement feature, the costs of which shall be paid by the Secretary.”.

SEC. 4. INTEREST CALCULATION.

Section 4 of Public Law 89-108 (100 Stat. 435) is amended by adding at the end the following: “Interest during construction shall be calculated only until such date as the Secretary declares any particular feature to be substantially complete, regardless of whether the feature is placed into service.”.

SEC. 5. IRRIGATION FACILITIES.

Section 5 of Public Law 89-108 (100 Stat. 419) is amended—

(1) by striking “SEC. 5. (a)(1)” and all that follows through subsection (c) and inserting the following:

“SEC. 5. IRRIGATION FACILITIES.

“(a) IN GENERAL.—

“(1) AUTHORIZED DEVELOPMENT.—In addition to the 5,000-acre Oakes Test Area in existence on the date of enactment of the Dakota Water Resources Act of 2000, the Secretary may develop irrigation in—

“(A) the Turtle Lake service area (13,700 acres);

“(B) the McClusky Canal service area (10,000 acres); and

“(C) if the investment costs are fully reimbursed without aid to irrigation from the Pick-Sloan Missouri Basin Program, the New Rockford Canal service area (1,200 acres).

“(2) DEVELOPMENT NOT AUTHORIZED.—None of the irrigation authorized by this section may be developed in the Hudson Bay/Devils Lake Basin.

“(3) NO EXCESS DEVELOPMENT.—The Secretary shall not develop irrigation in the service areas described in paragraph (1) in excess of the acreage specified in that paragraph, except that the Secretary shall develop up to 28,000 acres of irrigation in other areas of North Dakota (such as the Elk/Charbonneau, Mon-Dak, Nesson Valley, Horsehead Flats, and Oliver-Mercer areas) that are not located in the Hudson Bay/Devils Lake drainage basin or James River drainage basin.

“(4) PUMPING POWER.—Irrigation development authorized by this section shall be considered authorized units of the Pick-Sloan Missouri Basin Program and eligible to receive project pumping power.

“(5) PRINCIPAL SUPPLY WORKS.—The Secretary shall maintain the Snake Creek Pumping Plant, New Rockford Canal, and McClusky Canal features of the principal supply works. Subject to the provisions of section (8) of this Act, the Secretary shall select a preferred alternative to implement the Dakota Water Resources Act of 2000. In making this section, one of the alternatives the Secretary shall consider is whether to connect the principal supply works in existence on the date of enactment.”;

(2) by redesignating subsections (d), (e), and (f) as subsections (b), (c), and (d), respectively;

(3) in the first sentence of subsection (b) (as redesignated by paragraph (2)), by striking “(a)(1)” and inserting “(a)”;

(4) in the first sentence of subsection (c) (as redesignated by paragraph (2)), by striking “Lucky Mound (7,700 acres), Upper Six Mile Creek (7,500 acres)” and inserting “Lucky Mound (7,700 acres) and Upper Six Mile Creek (7,500 acres), or such other lands at Fort Berthold of equal acreage as may be selected by the tribe and approved by the Secretary.”; and

(5) by adding at the end the following:

“(e) IRRIGATION REPORT TO CONGRESS.—

“(1) IN GENERAL.—The Secretary shall investigate and prepare a detailed report on the undesignated 28,000 acres in subsection (a)(3) as to costs and benefits for any irrigation units to be developed under Reclamation law.

“(2) FINDING.—The report shall include a finding on the economic, financial and engi-

neering feasibility of the proposed irrigation unit, but shall be limited to the undesignated 28,000 acres.

“(3) AUTHORIZATION.—If the Secretary finds that the proposed construction is feasible, such irrigation units are authorized without further Act of Congress.

“(4) DOCUMENTATION.—No expenditure for the construction of facilities authorized under this section shall be made until after the Secretary, in cooperation with the State of North Dakota, has prepared the appropriate documentation in accordance with section 1 and pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) analyzing the direct and indirect impacts of implementing the report.”.

SEC. 6. POWER.

Section 6 of Public Law 89-108 (79 Stat. 435; 100 Stat. 421) is amended—

(1) in subsection (b)—

(A) by striking “Notwithstanding the provisions of” and inserting “Pursuant to the provisions of”; and

(B) by striking “revenues,” and all that follows and inserting “revenues.”; and

(2) by striking subsection (c) and inserting the following:

“(c) NO INCREASE IN RATES OR AFFECT ON REPAYMENT METHODOLOGY.—In accordance with the last sentence of section 302(a)(3) of the Department of Energy Organization Act (42 U.S.C. 7152(a)(3)), section 1(e) shall not result in any reallocation of project costs and shall not result in increased rates to Pick-Sloan Missouri Basin Program customers. Nothing in the Dakota Water Resources Act of 2000 alters or affects in any way the repayment methodology in effect as of the date of enactment of that Act for other features of the Pick-Sloan Missouri Basin Program.”.

SEC. 7. MUNICIPAL, RURAL, AND INDUSTRIAL WATER SERVICE.

Section 7 of Public Law 89-108 (100 Stat. 422) is amended—

(1) in subsection (a)(3)—

(A) in the second sentence—

(i) by striking “The non-Federal share” and inserting “Unless otherwise provided in this Act, the non-Federal share”;

(ii) by striking “each water system” and inserting “water systems”;

(iii) by inserting after the second sentence the following: “The State may use the Federal and non-Federal funds to provide grants or loans for municipal, rural, and industrial water systems. The State shall use the proceeds of repaid loans for municipal, rural, and industrial water systems. Proceeds from loan repayments and any interest thereon shall be treated as Federal funds.”; and

(iv) by striking the last sentence and inserting the following: “The Southwest Pipeline Project, the Northwest Area Water Supply Project, the Red River Valley Water Supply Project, and other municipal, industrial, and rural water systems in the State of North Dakota shall be eligible for funding under the terms of this section. Funding provided under this section for the Red River Valley Water Supply Project shall be in addition to funding for that project under section 10(a)(1)(B). The amount of non-Federal contributions made after May 12, 1986, that exceeds the 25 percent requirement shall be credited to the State for future use in municipal, rural, and industrial projects under this section.”; and

(2) by striking subsections (b), (c), and (d) and inserting the following:

“(b) WATER CONSERVATION PROGRAM.—The State of North Dakota may use funds provided under subsections (a) and (b)(1)(A) of section 10 to develop and implement a water conservation program. The Secretary and the State shall jointly establish water conservation goals to meet the purposes of the

State program and to improve the availability of water supplies to meet the purposes of this Act. If the State achieves the established water conservation goals, the non-Federal cost share for future projects under subsection (a)(3) shall be reduced to 24.5 percent.

“(c) **NONREIMBURSABILITY OF COSTS.**—With respect to the Southwest Pipeline Project, the Northwest Area Water Supply Project, the Red River Valley Water Supply Project, and other municipal, industrial, and rural water systems in North Dakota, the costs of the features constructed on the Missouri River by the Secretary of the Army before the date of enactment of the Dakota Water Resources Act of 2000 shall be nonreimbursable.

“(d) **INDIAN MUNICIPAL RURAL AND INDUSTRIAL WATER SUPPLY.**—The Secretary shall construct, operate, and maintain such municipal, rural, and industrial water systems as the Secretary determines to be necessary to meet the economic, public health, and environmental needs of the Fort Berthold, Standing Rock, Turtle Mountain (including the Trenton Indian Service Area), and Fort Totten Indian Reservations and adjacent areas.”

SEC. 8. SPECIFIC FEATURES.

(a) **SYKESTON CANAL.**—Sykeston Canal is hereby deauthorized.

(b) **IN GENERAL.**—Public Law 89-108 (100 Stat. 423) is amended by striking section 8 and inserting the following:

“SEC. 8. SPECIFIC FEATURES.

“(a) **RED RIVER VALLEY WATER SUPPLY PROJECT.**—

“(1) **IN GENERAL.**—Subject to the requirements of this section, the Secretary shall construct a feature or features to provide water to the Sheyenne River water supply and release facility or such other feature or features as are selected under subsection (d).

“(2) **DESIGN AND CONSTRUCTION.**—The feature or features shall be designed and constructed to meet only the following water supply requirements as identified in the report prepared pursuant to subsection (b) of this section: Municipal, rural, and industrial water supply needs; ground water recharge; and streamflow augmentation.

“(3) **COMMENCEMENT OF CONSTRUCTION.**—(A) If the Secretary selects a project feature under this section that would provide water from the Missouri River or its tributaries to the Sheyenne River water supply and release facility or from the Missouri River or its tributaries to such other conveyance facility as the Secretary selects under this section, no later than 90 days after the completion of the final environmental impact statement, the Secretary shall transmit to Congress a comprehensive report which provides—

“(i) a detailed description of the proposed project feature;

“(ii) a summary of major issues addressed in the environmental impact statement;

“(iii) likely effects, if any, on other States bordering the Missouri River and on the State of Minnesota; and

“(iv) a description of how the project feature complies with the requirements of section 1(h)(1) of this Act (relating to the Boundary Waters Treaty of 1909).

“(B) No project feature or features that would provide water from the Missouri River or its tributaries to the Sheyenne River water supply and release facility or from the Missouri River or its tributaries to such other conveyance facility as the Secretary selects under this section shall be constructed unless such feature is specifically authorized by an Act of Congress approved subsequent to the Secretary's transmittal of the report required in subparagraph (A). If, after complying with subsections (b) through

(d) of this section, the Secretary selects a feature or features using only in-basin sources of water to meet the water needs of the Red River Valley identified in subsection (b), such features are authorized without further Act of Congress. The Act of Congress referred to in this subparagraph must be an authorization bill, and shall not be a bill making appropriations.

“(C) The Secretary may not commence construction on the feature until a master repayment contract or water service agreement consistent with this Act between the Secretary and the appropriate non-Federal entity has been executed.

“(b) **REPORT ON RED RIVER VALLEY WATER NEEDS AND OPTIONS.**—

“(1) **IN GENERAL.**—The Secretary of the Interior shall conduct a comprehensive study of the water quality and quantity needs of the Red River Valley in North Dakota and possible options for meeting those needs.

“(2) **NEEDS.**—The needs addressed in the report shall include such needs as—

“(A) municipal, rural, and industrial water supplies;

“(B) water quality;

“(C) aquatic environment;

“(D) recreation; and

“(E) water conservation measures.

“(3) **PROCESS.**—In conducting the study, the Secretary through an open and public process shall solicit input from gubernatorial designees from states that may be affected by possible options to meet such needs as well as designees from other federal agencies with relevant expertise. For any option that includes an out-of-basin solution, the Secretary shall consider the effect of the option on other states that may be affected by such option, as well as other appropriate considerations. Upon completion, a draft of the study shall be provided by the Secretary to such states and federal agencies. Such states and agencies shall be given not less than 120 days to review and comment on the study method, findings and conclusions leading to any alternative that may have an impact on such states or on resources subject to such federal agencies' jurisdiction. The Secretary shall receive and take into consideration any such comments and produce a final report and transmit the final report to Congress.

“(4) **LIMITATION.**—No design or construction of any feature or features that facilitate an out-of-basin transfer from the Missouri River drainage basin shall be authorized under the provisions of this subsection.

“(c) **ENVIRONMENTAL IMPACT STATEMENT.**—

“(1) **IN GENERAL.**—Nothing in this section shall be construed to supersede any requirements under the National Environmental Policy Act or the Administrative Procedures Act.

“(2) **DRAFT.**—

“(A) **DEADLINE.**—Pursuant to an agreement between the Secretary and State of North Dakota as authorized under section 1(g), not later than 1 year after the date of enactment of the Dakota Water Resources Act of 2000, the Secretary and the State of North Dakota shall jointly prepare and complete a draft environmental impact statement concerning all feasible options to meet the comprehensive water quality and quantity needs of the Red River Valley and the options for meeting those needs, including the delivery of Missouri River water to the Red River Valley.

“(B) **REPORT ON STATUS.**—If the Secretary and State of North Dakota cannot prepare and complete the draft environmental impact statement within 1 year after the date of enactment of the Dakota Water Resources Act of 2000, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status

of this activity, including an estimate of the date of completion.

“(3) **FINAL.**—

“(A) **DEADLINE.**—Not later than 1 year after filing the draft environmental impact statement, a final environmental impact statement shall be prepared and published.

“(B) **REPORT ON STATUS.**—If the Secretary and State of North Dakota cannot prepare and complete a final environmental impact statement within 1 year of the completion of the draft environmental impact statement, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

“(d) **PROCESS FOR SELECTION.**—

“(1) **IN GENERAL.**—After reviewing the final report required by subsection (b)(1) and complying with subsection (c), the Secretary, in consultation and coordination with the State of North Dakota in coordination with affected local communities, shall select 1 or more project features described in subsection (a) that will meet the comprehensive water quality and quantity needs of the Red River Valley. The Secretary's selection of an alternative shall be subject to judicial review.

“(2) **AGREEMENTS.**—If the Secretary selects an option under paragraph (1) that uses only in-basin sources of water, not later than 180 days after the record of decision has been executed, the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features selected. If the Secretary selects an option under paragraph (1) that would require a further act of Congress under the provisions of subsection (a), not later than 180 days after the date of enactment of legislation required under subsection (a) the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features authorized by that legislation.

“(e) **SHEYENNE RIVER WATER SUPPLY AND RELEASE OR ALTERNATE FEATURES.**—The Secretary shall construct, operate, and maintain a Sheyenne River water supply and release feature (including a water treatment plant) capable of delivering 100 cubic feet per second of water or any other amount determined in the reports under this section, for the cities of Fargo and Grand Forks and surrounding communities, or such other feature or features as may be selected under subsection (d).

“(f) **DEVILS LAKE.**—No funds authorized under this Act may be used to carry out the portion of the feasibility study of the Devils Lake basin, North Dakota, authorized under the Energy and Water Development Appropriations Act of 1993 (Public Law 102-377), that addresses the needs of the area for stabilized lake levels through inlet controls, or to otherwise study any facility or carry out any activity that would permit the transfer of water from the Missouri River drainage basin into Devils Lake, North Dakota.”

SEC. 9. OAKES TEST AREA TITLE TRANSFER.

Public Law 89-108 (100 Stat. 423) is amended by striking section 9 and inserting the following:

“SEC. 9. OAKES TEST AREA TITLE TRANSFER.

“(a) **IN GENERAL.**—Not later than 2 years after execution of a record of decision under section 8(d) on whether to use the New Rockford Canal as a means of delivering water to the Red River Basin as described in section 8, the Secretary shall enter into an agreement with the State of North Dakota, or its designee, to convey title and all or any rights, interests, and obligations of the United States in and to the Oakes Test Area as constructed and operated under Public Law 99-

294 (100 Stat. 418) under such terms and conditions as the Secretary believes would fully protect the public interest.

“(b) TERMS AND CONDITIONS.—The agreement shall define the terms and conditions of the transfer of the facilities, lands, mineral estate, easements, rights-of-way and water rights including the avoidance of costs that the Federal Government would otherwise incur in the case of a failure to agree under subsection (d).

“(c) COMPLIANCE.—The action of the Secretary under this section shall comply with all applicable requirements of Federal, State, and local law.

“(d) FAILURE TO AGREE.—If an agreement is not reached within the time limit specified in subsection (a), the Secretary shall dispose of the Oakes Test Area facilities under the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.).”

SEC. 10. AUTHORIZATION OF APPROPRIATIONS.

Section 10 of Public Law 89-108 (100 Stat. 424; 106 Stat. 4669, 4739) is amended—

(1) in subsection (a)—

(A) by striking “(a)(1) There are authorized” and inserting the following:

“(a) WATER DISTRIBUTION FEATURES.—

“(1) IN GENERAL.—

“(A) MAIN STEM SUPPLY WORKS.—There is authorized”;

(B) in paragraph (1)—

(i) in the first sentence, by striking “\$270,395,000 for carrying out the provisions of section 5(a) through 5(c) and section 8(a)(1) of this Act” and inserting “\$164,000,000 to carry out section 5(a)”;

(ii) by inserting after subparagraph (A) (as designated by clause (i)) the following:

“(B) RED RIVER VALLEY WATER SUPPLY PROJECT.—There is authorized to be appropriated to carry out section 8(a)(1) \$200,000,000.”; and

(iii) by striking “Such sums” and inserting the following:

“(C) AVAILABILITY.—Such sums”;

(C) in paragraph (2)—

(i) by striking “(2) There is” and inserting the following:

“(2) INDIAN IRRIGATION.—

“(A) IN GENERAL.—There is”;

(ii) by striking “for carrying out section 5(e) of this Act” and inserting “to carry out section 5(c)”; and

(iii) by striking “Such sums” and inserting the following:

“(B) AVAILABILITY.—Such sums”;

(2) in subsection (b)—

(A) by striking “(b)(1) There is” and inserting the following:

“(b) MUNICIPAL, RURAL, AND INDUSTRIAL WATER SUPPLY.—

“(1) STATEWIDE.—

“(A) INITIAL AMOUNT.—There is”;

(B) in paragraph (1)—

(i) by inserting before “Such sums” the following:

“(B) ADDITIONAL AMOUNT.—In addition to the amount under subparagraph (A), there is authorized to be appropriated to carry out section 7(a) \$200,000,000.”; and

(ii) by striking “Such sums” and inserting the following:

“(C) AVAILABILITY.—Such sums”;

(C) in paragraph (2)—

PALMETTO BEND CONVEYANCE ACT

The Senate proceeded to consider the bill (S. 1474) providing for conveyance of the Palmetto Bend project to the State of Texas, which had been reported from the Committee on Energy and Natural Resources, with an amendment, as follows:

(Strike out all after the enacting clause and insert the part printed in italic.)

SECTION 1. SHORT TITLE.

This Act may be cited as the “Palmetto Bend Conveyance Act”.

SEC. 2. DEFINITIONS.

In this Act:

(1) PROJECT.—the term “Project” means the Palmetto Bend Reclamation Project in the State of Texas authorized under Public Law 90-562 (82 Stat. 999).

(2) SECRETARY.—The term “Secretary” means the Secretary of the Interior.

(3) STATE.—The term “State” means the State of Texas, acting through the Texas Water Development Board or the Lavaca-Navidad River Authority or both.

SEC. 3. CONVEYANCE.

(a) IN GENERAL.—The Secretary shall, as soon as practicable after the date of enactment of this Act and in accordance with all applicable law, and subject to the conditions set forth in sections 4 and 5, convey to the State all right, title and interest (excluding the mineral estate) in and to the Project held by the United States.

(b) REPORT.—If the conveyance under Section 3 has not been completed within 1 year and 180 days after the date of enactment of this Act, the Secretary shall submit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report that describes—

(1) the status of the conveyance;

(2) any obstacles to completion of the conveyance; and

(3) the anticipated date for completion of the conveyance.

SEC. 4. PAYMENT.

(a) *IN GENERAL.*—As a condition of the conveyance, the State shall pay the Secretary the adjusted net present value of current repayment obligations on the Project, calculated 30 days prior to closing using a discount rate equal to the average interest rate on 30-year U.S. Treasury notes during the preceding calendar month, which following application of the State's August 1, 1999 payment, is currently calculated to be \$45,082,675 using a discount rate of 6.070%. The State shall also pay interest on the adjusted net present value of current repayment obligations from the date of State's most recent annual payment until closing at the interest rate for constant maturity U.S. Treasury notes of an equivalent term.

(b) *OBLIGATION EXTINGUISHED.*—Upon payment by the State under subsection (a), the obligation of the State and the Bureau of Reclamation under the Bureau of Reclamation Contract No. 14-06-500-1880, as amended shall be extinguished. After completion of conveyance provided for in Section 3, the State shall assume full responsibility for all aspects of operation, maintenance and replacement of the Project.

(c) *ADDITIONAL COSTS.*—The State shall bear the cost of all boundary surveys, title searches, appraisals, and other transaction costs for the conveyance.

(d) *RECLAMATION FUND.*—All funds paid by the State to the Secretary under this section shall be credited to the Reclamation Fund in the Treasury of the United States.

SEC. 5. FUTURE MANAGEMENT.

(a) *IN GENERAL.*—As a condition of the conveyance under section 3, the State shall agree that the lands, water, and facilities of the Project shall continue to be managed and operated for the purposes for which the Project was originally authorized; that is, to provide a dependable municipal and industrial water supply, to conserve and develop fish and wildlife resources, and to enhance recreational opportunities. In future management of the Project, the State shall, consistent with other project purposes and the provision of dependable municipal and industrial water supply:

(1) provide full public access to the Project's lands, subject to reasonable restrictions for purposes of Project security, public safety, and natural resource protection;

(2) not sell or otherwise dispose of the lands conveyed under Section 3;

(3) prohibit private or exclusive uses of lands conveyed under Section 3;

(4) maintain and manage the Project's fish and wildlife resource and habitat for the benefit and enhancement of those resources;

(5) maintain and manage the Project's existing recreational facilities and assets, including open space, for the benefit of the general public;

(6) not charge the public recreational use fees that are more than is customary and reasonable.

(b) *FISH, WILDLIFE, AND RECREATION MANAGEMENT.*—As a condition of conveyance under Section 3, management decisions and actions affecting the public aspects of the Project (namely, fish, wildlife, and recreation resources) shall be conducted according to a management agreement between all recipients of title to the Project and the Texas Parks and Wildlife Department and shall extend for the useful life of the Project that has been approved by the Secretary.

(c) *EXISTING OBLIGATIONS.*—The United States shall assign to the State and the State shall accept all surface use obligations of the United States associated with the Project existing on the date of the conveyance including contracts, easements, and any permits or license agreements.

SEC. 6. MANAGEMENT OF MINERAL ESTATE.

All mineral interests in the Project retained by the United States shall be managed consistent with Federal Law and in a manner that will not interfere with the purposes for which the Project was authorized.

SEC. 7. LIABILITY.

(a) *IN GENERAL.*—Effective on the date of conveyance of the Project, the United States shall be liable for damages of any kind arising out of any act, omission, or occurrence relating to the Project, except for damages caused by acts of negligence committed prior to the date of conveyance by—

(1) the United States; or

(2) an employee, agent, or contractor of the United States.

(b) *NO INCREASE IN LIABILITY.*—Nothing in this Act increases the liability of the United States beyond that provided for in the Federal Tort Claims Act, (28 U.S.C. 2671 et seq.).

SEC. 8. FUTURE BENEFITS.

(a) *DEAUTHORIZATION.*—Effective on the date of conveyance of the Project, the Project conveyed under this Act shall be deauthorized.

(b) *NO RECLAMATION BENEFITS.*—After deauthorization of the Project under subsection (a), the State shall not be entitled to receive any benefits for the Project under Federal reclamation law (the Act of June 17, 1902 (32 Stat. 388, chapter 1093), and Acts supplemental to and amendatory of that Act (43 U.S.C. 371 et seq.)).

The amendment (No. 4318) was agreed to, as follows:

In the Committee amendment:

In section 4(a), after "August 1, 1999 payment," strike "is currently" and insert "was, as of October, 1999,".

In section 5(b), strike "and shall extend for the useful life of the Project that has been approved by the Secretary." and insert "that has been approved by the Secretary and shall extend for the useful life of the Project.".

The committee amendment in the nature of a substitute, as amended, was agreed to.

The bill (S. 1474), as amended, was read the third time, and passed, as follows:

S. 1474

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Palmetto Bend Conveyance Act".

SEC. 2. DEFINITIONS.

In this Act:

(1) *PROJECT.*—the term "Project" means the Palmetto Bend Reclamation Project in the State of Texas authorized under Public Law 90-562 (82 Stat. 999).

(2) *SECRETARY.*—The term "Secretary" means the Secretary of the Interior.

(3) *STATE.*—The term "State" means the State of Texas, acting through the Texas Water Development Board or the Lavaca-Navidad River Authority or both.

SEC. 3. CONVEYANCE.

(a) *IN GENERAL.*—The Secretary shall, as soon as practicable after the date of enactment of this Act and in accordance with all applicable law, and subject to the conditions set forth in sections 4 and 5, convey to the State all right, title and interest (excluding the mineral estate) in and to the Project held by the United States.

(b) *REPORT.*—If the conveyance under Section 3 has not been completed within 1 year and 180 days after the date of enactment of this Act, the Secretary shall submit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report that describes—

(1) the status of the conveyance;

(2) any obstacles to completion of the conveyance; and

(3) the anticipated date for completion of the conveyance.

SEC. 4. PAYMENT.

(a) *IN GENERAL.*—As a condition of the conveyance, the State shall pay the Secretary the adjusted net present value of current repayment obligations on the Project, calculated 30 days prior to closing using a discount rate equal to the average interest rate on 30-year United States Treasury notes during the preceding calendar month, which following application of the State's August 1, 1999 payment, was, as of October 1999, calculated to be \$45,082,675 using a discount rate of 6.070 percent. The State shall also pay interest on the adjusted net present value of current repayment obligations from the date of the State's most recent annual payment until closing at the interest rate for constant maturity United States Treasury notes of an equivalent term.

(b) *OBLIGATION EXTINGUISHED.*—Upon payment by the State under subsection (a), the obligation of the State and the Bureau of Reclamation under the Bureau of Reclamation Contract No. 14-06-500-1880, as amended shall be extinguished. After completion of conveyance provided for in Section 3, the State shall assume full responsibility for all aspects of operation, maintenance and replacement of the Project.

(c) *ADDITIONAL COSTS.*—The State shall bear the cost of all boundary surveys, title searches, appraisals, and other transaction costs for the conveyance.

(d) *RECLAMATION FUND.*—All funds paid by the State to the Secretary under this section shall be credited to the Reclamation Fund in the Treasury of the United States.

SEC. 5. FUTURE MANAGEMENT.

(a) *IN GENERAL.*—As a condition of the conveyance under section 3, the State shall agree that the lands, water, and facilities of the Project shall continue to be managed and operated for the purposes for which the Project was originally authorized; that is, to provide a dependable municipal and industrial water supply, to conserve and develop fish and wildlife resources, and to enhance recreational opportunities. In future management of the Project, the State shall, consistent with other project purposes and the provision of dependable municipal and industrial water supply:

(1) provide full public access to the Project's lands, subject to reasonable restrictions for purposes of Project security, public safety, and natural resource protection;

(2) not sell or otherwise dispose of the lands conveyed under Section 3;

(3) prohibit private or exclusive uses of lands conveyed under Section 3;

(4) maintain and manage the Project's fish and wildlife resource and habitat for the benefit and enhancement of those resources;

(5) maintain and manage the Project's existing recreational facilities and assets, including open space, for the benefit of the general public;

(6) not charge the public recreational use fees that are more than is customary and reasonable.

(b) *FISH, WILDLIFE, AND RECREATION MANAGEMENT.*—As a condition of conveyance under Section 3, management decisions and actions affecting the public aspects of the Project (namely, fish, wildlife, and recreation resources) shall be conducted according to a management agreement between all recipients of title to the Project and the Texas Parks and Wildlife Department that has been approved by the Secretary and shall extend for the useful life of the Project.

(c) *EXISTING OBLIGATIONS.*—The United States shall assign to the State and the State shall accept all surface use obligations of the United States associated with the Project existing on the date of the conveyance including contracts, easements, and any permits or license agreements.

SEC. 6. MANAGEMENT OF MINERAL ESTATE.

All mineral interests in the Project retained by the United States shall be managed consistent with Federal Law and in a manner that will not interfere with the purposes for which the Project was authorized.

SEC. 7. LIABILITY.

(a) IN GENERAL.—Effective on the date of conveyance of the Project, the United States shall be liable for damages of any kind arising out of any act, omission, or occurrence relating to the Project, except for damages caused by acts of negligence committed prior to the date of conveyance by—

- (1) the United States; or
- (2) an employee, agent, or contractor of the United States.

(b) NO INCREASE IN LIABILITY.—Nothing in this Act increases the liability of the United States beyond that provided for in the Federal Tort Claims Act, (28 U.S.C. 2671 et seq.).

SEC. 8. FUTURE BENEFITS.

(a) DEAUTHORIZATION.—Effective on the date of conveyance of the Project, the Project conveyed under this Act shall be deauthorized.

(b) NO RECLAMATION BENEFITS.—After deauthorization of the Project under subsection (a), the State shall not be entitled to receive any benefits for the Project under Federal reclamation law (the Act of June 17, 1902 (32 Stat. 388, chapter 1093), and Acts supplemental to and amendatory of that Act (43 U.S.C. 371 et seq.).

EDUCATION LAND GRANT ACT

Mr. LOTT. Mr. President, I ask that the Chair lay before the Senate a message from the House of Representatives on the bill (S. 624).

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

Resolved, That the bill from the Senate (S. 624) entitled "An Act to authorize construction of the Fort Peck Reservation Rural Water System in the State of Montana, and for other purposes", do pass with the following amendment:

Strike out all after the enacting clause and insert:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Fort Peck Reservation Rural Water System Act of 2000".

SEC. 2. PURPOSES.

The purposes of this Act are—

- (1) to ensure a safe and adequate municipal, rural, and industrial water supply for the residents of the Fort Peck Indian Reservation in the State of Montana; and
- (2) to assist the citizens of Roosevelt, Sheridan, Daniels, and Valley Counties in the State, outside the Fort Peck Indian Reservation, in developing safe and adequate municipal, rural, and industrial water supplies.

SEC. 3. DEFINITIONS.

In this Act:

(1) ASSINIBOINE AND SIOUX RURAL WATER SYSTEM.—The term "Assiniboine and Sioux Rural Water System" means the rural water system within the Fort Peck Indian Reservation authorized by section 4.

(2) DRY PRAIRIE RURAL WATER SYSTEM.—The term "Dry Prairie Rural Water System" means the rural water system authorized by section 5 in the Roosevelt, Sheridan, Daniels, and Valley Counties of the State.

(3) FORT PECK RESERVATION RURAL WATER SYSTEM.—The term "Fort Peck Reservation Rural Water System" means the Assiniboine and Sioux Rural Water System and the Dry Prairie Rural Water System.

(4) FORT PECK TRIBES.—The term "Fort Peck Tribes" means the Assiniboine and Sioux Indian Tribes within the Fort Peck Indian Reservation.

(5) PICK-SLOAN.—The term "Pick-Sloan" means the Pick-Sloan Missouri River Basin Program (authorized by section 9 of the Act entitled "An Act authorizing the construction of certain public works on rivers and harbors for flood control, and for other purposes", approved December 22, 1944 (commonly known as the "Flood Control Act of 1944") (58 Stat. 891)).

(6) SECRETARY.—The term "Secretary" means the Secretary of the Interior.

(7) STATE.—The term "State" means the State of Montana.

SEC. 4. ASSINIBOINE AND SIOUX RURAL WATER SYSTEM.

(a) AUTHORIZATION.—The Secretary shall plan, design, construct, operate, maintain, and replace a municipal, rural, and industrial water system, to be known as the "Assiniboine and Sioux Rural Water System", as generally described in the report required by subsection (g)(2).

(b) COMPONENTS.—The Assiniboine and Sioux Rural Water System shall consist of—

- (1) pumping and treatment facilities located along the Missouri River within the boundaries of the Fort Peck Indian Reservation;
- (2) pipelines extending from the water treatment plant throughout the Fort Peck Indian Reservation;
- (3) distribution and treatment facilities to serve the needs of the Fort Peck Indian Reservation, including—

(A) public water systems in existence on the date of the enactment of this Act that may be purchased, improved, and repaired in accordance with the cooperative agreement entered into under subsection (c); and

(B) water systems owned by individual tribal members and other residents of the Fort Peck Indian Reservation;

- (4) appurtenant buildings and access roads;
- (5) all property and property rights necessary for the facilities described in this subsection;

(6) electrical power transmission and distribution facilities necessary for services to Fort Peck Reservation Rural Water System facilities; and

(7) such other pipelines, pumping plants, and facilities as the Secretary determines to be appropriate to meet the water supply, economic, public health, and environmental needs of the Fort Peck Indian Reservation, including water storage tanks, water lines, and other facilities for the Fort Peck Tribes and the villages, towns, and municipalities in the Fort Peck Indian Reservation.

(c) COOPERATIVE AGREEMENT.—

(1) IN GENERAL.—The Secretary shall enter into a cooperative agreement with the Fort Peck Tribal Executive Board for planning, designing, constructing, operating, maintaining, and replacing the Assiniboine and Sioux Rural Water System.

(2) MANDATORY PROVISIONS.—The cooperative agreement under paragraph (1) shall specify, in a manner that is acceptable to the Secretary and the Fort Peck Tribal Executive Board—

(A) the responsibilities of each party to the agreement for—

- (i) needs assessment, feasibility, and environmental studies;
- (ii) engineering and design;
- (iii) construction;
- (iv) water conservation measures; and
- (v) administration of contracts relating to performance of the activities described in clauses (i) through (iv);

(B) the procedures and requirements for approval and acceptance of the design and construction and for carrying out other activities described in subparagraph (A); and

(C) the rights, responsibilities, and liabilities of each party to the agreement.

(3) OPTIONAL PROVISIONS.—The cooperative agreement under paragraph (1) may include provisions relating to the purchase, improvement, and repair of water systems in existence on the date of the enactment of this Act, including systems owned by individual tribal members

and other residents of the Fort Peck Indian Reservation.

(4) TERMINATION.—The Secretary may terminate a cooperative agreement under paragraph (1) if the Secretary determines that—

(A) the quality of construction does not meet all standards established for similar facilities constructed by the Secretary; or

(B) the operation and maintenance of the Assiniboine and Sioux Rural Water System does not meet conditions acceptable to the Secretary that are adequate to fulfill the obligations of the United States to the Fort Peck Tribes.

(5) TRANSFER.—On execution of a cooperative agreement under paragraph (1), in accordance with the cooperative agreement, the Secretary may transfer to the Fort Peck Tribes, on a non-reimbursable basis, funds made available for the Assiniboine and Sioux Rural Water System under section 9.

(d) SERVICE AREA.—The service area of the Assiniboine and Sioux Rural Water System shall be the area within the boundaries of the Fort Peck Indian Reservation.

(e) CONSTRUCTION REQUIREMENTS.—The components of the Assiniboine and Sioux Rural Water System shall be planned and constructed to a size that is sufficient to meet the municipal, rural, and industrial water supply requirements of the service area of the Fort Peck Reservation Rural Water System.

(f) TITLE TO ASSINIBOINE AND SIOUX RURAL WATER SYSTEM.—Title to the Assiniboine and Sioux Rural Water System shall be held in trust by the United States for the Fort Peck Tribes and shall not be transferred unless a transfer is authorized by an Act of Congress enacted after the date of the enactment of this Act.

(g) LIMITATION ON AVAILABILITY OF CONSTRUCTION FUNDS.—The Secretary shall not obligate funds for construction of the Assiniboine and Sioux Rural Water System until—

(1) the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) are met with respect to the Assiniboine and Sioux Rural Water System;

(2) on or after the date that is 90 days after the date of submission to Congress of a final engineering report approved by the Secretary; and

(3) the Secretary publishes a written finding that the water conservation plan developed under section 7 includes prudent and reasonable water conservation measures for the operation of the Assiniboine and Sioux Rural Water System that have been shown to be economically and financially feasible.

(h) TECHNICAL ASSISTANCE.—The Secretary shall provide such technical assistance as is necessary to enable the Fort Peck Tribes to plan, design, construct, operate, maintain, and replace the Assiniboine and Sioux Rural Water System, including operation and management training.

(i) APPLICATION OF INDIAN SELF-DETERMINATION ACT.—Planning, design, construction, operation, maintenance, and replacement of the Assiniboine and Sioux Rural Water System within the Fort Peck Indian Reservation shall be subject to the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.).

(j) COST SHARING.—

(1) CONSTRUCTION.—The Federal share of the cost of construction of the Assiniboine and Sioux Rural Water System shall be 100 percent, and shall be funded through annual appropriations to the Bureau of Reclamation.

(2) OPERATION AND MAINTENANCE.—The Federal share of the cost of operation and maintenance of the Assiniboine and Sioux Rural Water System shall be 100 percent, and shall be funded through annual appropriations to the Bureau of Indian Affairs.

SEC. 5. DRY PRAIRIE RURAL WATER SYSTEM.

(a) PLANNING AND CONSTRUCTION.—

(1) AUTHORIZATION.—The Secretary shall enter into a cooperative agreement with Dry Prairie Rural Water Association Incorporated

(or any successor non-Federal entity) to provide Federal funds for the planning, design, and construction of the Dry Prairie Rural Water System in Roosevelt, Sheridan, Daniels, and Valley Counties, Montana, outside the Fort Peck Indian Reservation.

(2) **USE OF FEDERAL FUNDS.**—

(A) **FEDERAL SHARE.**—The Federal share of the cost of planning, design, and construction of the Dry Prairie Rural Water System shall be not more than 76 percent, and shall be funded with amounts appropriated from the reclamation fund. Such amounts shall not be returnable or reimbursable under the Federal reclamation laws.

(B) **COOPERATIVE AGREEMENTS.**—Federal funds made available to carry out this section may be obligated and expended only through a cooperative agreement entered into under subsection (c).

(b) **COMPONENTS.**—The components of the Dry Prairie Rural Water System facilities on which Federal funds may be obligated and expended under this section shall include—

(1) storage, pumping, interconnection, and pipeline facilities;

(2) appurtenant buildings and access roads;

(3) all property and property rights necessary for the facilities described in this subsection;

(4) electrical power transmission and distribution facilities necessary for service to Dry Prairie Rural Water System facilities; and

(5) other facilities customary to the development of rural water distribution systems in the State, including supplemental water intake, pumping, and treatment facilities.

(c) **COOPERATIVE AGREEMENT.**—

(1) **IN GENERAL.**—The Secretary, with the concurrence of the Assiniboine and Sioux Rural Water System Board, shall enter into a cooperative agreement with Dry Prairie Rural Water Association Incorporated to provide Federal assistance for the planning, design, and construction of the Dry Prairie Rural Water System.

(2) **MANDATORY PROVISIONS.**—The cooperative agreement under paragraph (1) shall specify, in a manner that is acceptable to the Secretary and Dry Prairie Rural Water Association Incorporated—

(A) the responsibilities of each party to the agreement for—

(i) needs assessment, feasibility, and environmental studies;

(ii) engineering and design;

(iii) construction;

(iv) water conservation measures; and

(v) administration of contracts relating to performance of the activities described in clauses (i) through (iv);

(B) the procedures and requirements for approval and acceptance of the design and construction and for carrying out other activities described in subparagraph (A); and

(C) the rights, responsibilities, and liabilities of each party to the agreement.

(d) **SERVICE AREA.**—

(1) **IN GENERAL.**—Except as provided in paragraph (2), the service area of the Dry Prairie Rural Water System shall be the area in the State—

(A) north of the Missouri River;

(B) south of the border between the United States and Canada;

(C) west of the border between the States of North Dakota and Montana; and

(D) east of the western line of range 39 east.

(2) **FORT PECK INDIAN RESERVATION.**—The service area shall not include the area inside the Fort Peck Indian Reservation.

(e) **LIMITATION ON AVAILABILITY OF CONSTRUCTION FUNDS.**—The Secretary shall not obligate funds for construction of the Dry Prairie Rural Water System until—

(1) the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) are met with respect to the Dry Prairie Rural Water System;

(2) on or after the date that is 90 days after the date of submission to Congress of a final engineering report approved by the Secretary; and

(3) the Secretary publishes a written finding that the water conservation plan developed under section 7 includes prudent and reasonable water conservation measures for the operation of the Dry Prairie Rural Water System that have been shown to be economically and financially feasible.

(f) **INTERCONNECTION OF FACILITIES.**—The Secretary shall—

(1) interconnect the Dry Prairie Rural Water System with the Assiniboine and Sioux Rural Water System; and

(2) provide for the delivery of water to the Dry Prairie Rural Water System from the Missouri River through the Assiniboine and Sioux Rural Water System.

(g) **LIMITATION ON USE OF FEDERAL FUNDS.**—

(1) **IN GENERAL.**—The operation, maintenance, and replacement expenses associated with water deliveries from the Assiniboine and Sioux Rural Water System to the Dry Prairie Rural Water System shall not be a Federal responsibility and shall be borne by the Dry Prairie Rural Water System.

(2) **FEDERAL FUNDS.**—The Secretary may not obligate or expend any Federal funds for the operation, maintenance, or replacement of the Dry Prairie Rural Water System.

(h) **TITLE TO DRY PRAIRIE RURAL WATER SYSTEM.**—Title to the Dry Prairie Rural Water System shall be held by Dry Prairie Rural Water Association, Incorporated.

SEC. 6. USE OF PICK-SLOAN POWER.

(a) **IN GENERAL.**—From power designated for future irrigation and drainage pumping for the Pick-Sloan Missouri Basin program, the Western Area Power Administration shall make available, at the firm power rate, the capacity and energy required to meet the pumping and incidental operational requirements of the Fort Peck Reservation Rural Water System.

(b) **QUALIFICATION TO USE PICK-SLOAN POWER.**—For as long as the Fort Peck Reservation rural water supply system operates on a not-for-profit basis, the portions of the water supply project constructed with assistance under this Act shall be eligible to receive firm power from the Pick-Sloan Missouri Basin program established by section 9 of the Act of December 22, 1944 (chapter 665; 58 Stat. 887), popularly known as the Flood Control Act of 1944.

(c) **RECOVERY OF EXPENSES.**—

(1) **ASSINIBOINE AND SIOUX RURAL WATER SYSTEM.**—In the case of the Assiniboine and Sioux Rural Water System, the Western Area Power Administration shall recover expenses associated with power purchases under subsection (a) through a separate power charge sufficient to cover such expenses. Such charge shall be paid fully through the annual appropriations to the Bureau of Indian Affairs.

(2) **DRY PRAIRIE RURAL WATER SYSTEM.**—In the case of the Dry Prairie Rural Water System, the Western Area Power Administration shall recover expenses associated with power purchases under subsection (a) through a separate power charge sufficient to cover expenses. Such charge shall be paid fully by the Dry Prairie Rural Water System.

(d) **ADDITIONAL POWER.**—If power in addition to that made available under subsection (a) is required to meet the pumping requirements of the Fort Peck Reservation Rural Water System, the Administrator of the Western Area Power Administration may purchase the necessary additional power at the best available rate. The costs of such purchases shall be reimbursed to the Administrator according to the terms identified in subsection (c).

SEC. 7. WATER CONSERVATION PLAN.

(a) **IN GENERAL.**—The Fort Peck Tribes and Dry Prairie Rural Water Association Incorporated shall develop a water conservation plan containing—

(1) a description of water conservation objectives;

(2) a description of appropriate water conservation measures; and

(3) a time schedule for implementing the measures and this Act to meet the water conservation objectives.

(b) **PURPOSE.**—The water conservation plan under subsection (a) shall be designed to ensure that users of water from the Assiniboine and Sioux Rural Water System and the Dry Prairie Rural Water System will use the best practicable technology and management techniques to conserve water.

(c) **PUBLIC PARTICIPATION.**—Section 210(c) of the Reclamation Reform Act of 1982 (43 U.S.C. 390j(c)) shall apply to an activity authorized under this Act.

SEC. 8. WATER RIGHTS.

(a) **IN GENERAL.**—This Act does not—

(1) impair the validity of or preempt any provision of State water law or any interstate compact governing water;

(2) alter the right of any State to any appropriated share of the water of any body of surface or ground water, whether determined by any past or future interstate compact or by any past or future legislative or final judicial allocation;

(3) preempt or modify any Federal or State law or interstate compact concerning water quality or disposal;

(4) confer on any non-Federal entity the authority to exercise any Federal right to the water of any stream or to any ground water resource;

(5) affect any right of the Fort Peck Tribes to water, located within or outside the external boundaries of the Fort Peck Indian Reservation, based on a treaty, compact, executive order, agreement, Act of Congress, aboriginal title, the decision in *Winters v. United States*, 207 U.S. 564 (1908) (commonly known as the "Winters Doctrine"), or other law; or

(6) validate or invalidate any assertion of the existence, nonexistence, or extinguishment of any water right held or Indian water compact entered into by the Fort Peck Tribes or by any other Indian tribe or individual Indian under Federal or State law.

(b) **OFFSET AGAINST CLAIMS.**—Any funds received by the Fort Peck Tribes pursuant to this Act shall be used to offset any claims for money damages against the United States by the Fort Peck Tribes, existing on the date of the enactment of this Act, for water rights based on a treaty, compact, executive order, agreement, Act of Congress, aboriginal title, the decision in *Winters v. United States*, 207 U.S. 564 (1908), or other law.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

(a) **ASSINIBOINE AND SIOUX RURAL WATER SYSTEM.**—There are authorized to be appropriated—

(1) to the Bureau of Reclamation over a period of 10 fiscal years, \$124,000,000 for the planning, design, and construction of the Assiniboine and Sioux Rural Water System; and

(2) to the Bureau of Indian Affairs such sums as are necessary for the operation and maintenance of the Assiniboine and Sioux Rural Water System.

(b) **DRY PRAIRIE RURAL WATER SYSTEM.**—There is authorized to be appropriated, over a period of 10 fiscal years, \$51,000,000 for the planning, design, and construction of the Dry Prairie Rural Water System.

(c) **COST INDEXING.**—The funds authorized to be appropriated may be increased or decreased by such amounts as are justified by reason of ordinary fluctuations in development costs incurred after October 1, 1998, as indicated by engineering cost indices applicable for the type of construction involved.

Mr. LOTT. I ask unanimous consent the Senate agree to the amendment of the house.

The PRESIDING OFFICER. Without objection, it is so ordered.

CONVEYING WATER FACILITIES TO THE NORTHERN COLORADO WATER CONSERVANCY DISTRICT

Mr. LOTT. I ask unanimous consent the Senate proceed to H.R. 4389, which was received from the House.

The PRESIDING OFFICER. The clerk will report by title.

The assistant legislative clerk read as follows:

A bill (H.R. 4389) to direct the Secretary of the Interior to convey certain water distribution facilities to the Northern Colorado Water Conservancy District.

There being no objection, the Senate proceeded to consider the bill.

Mr. LOTT. I ask unanimous consent the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 4389) was read the third time and passed.

MISSOURI RIVER BASIN PROJECT

PROSSER DIVERSION DAM

Mr. LOTT. I ask unanimous consent the Energy Committee be discharged from further consideration of H.R. 2984 and H.R. 3986. I further ask consent the Senate proceed en bloc to their consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the bills by title.

The legislative clerk read as follows:

A bill (H.R. 2984) to direct the Secretary of the Interior, through the Bureau of Reclamation, to convey to the Loup Basin Reclamation District, the Sargent River Irrigation District, and the Farwell Irrigation District, Nebraska, property comprising the assets of the Middle Loup Division of the Missouri River Basin Project, Nebraska;

A bill (H.R. 3986) to provide for a study of the engineering feasibility of a water exchange in lieu of electrification of the Chandler Pumping Plant at Prosser Diversion Dam, Washington.

There being no objection, the Senate proceeded to consider the bills.

Mr. GORTON. Mr. President, today, the Senate will pass H.R. 3986, a bill introduced by Representative DOC HASTINGS, R-Washington, that will authorize the Bureau of Reclamation to study the feasibility of moving the intake system for the Kennewick Irrigation District from the Yakima River to the Columbia River. I introduced a similar bill earlier this year, S. 2163, which was passed by the Senate Energy and Natural Resources Committee earlier this month. The Senate's action today sends this bill, critical to Central Washington's efforts to recover threatened and endangered salmon, to the President's desk—an achievement long sought by the Yakama Indian Nation and the irrigators of the Yakima River Basin.

Disputes over how to allocate and use water have always been contentious in the Pacific Northwest, and the disputes

have only become more difficult as the region has been forced to deal with the recovery of threatened and endangered salmon and steelhead species. Over the past year, however, I have been pleased to support a new era of cooperation among tribes and various irrigation districts in Eastern Washington. An area of consensus has developed around the concept of "pump exchanges," which move the intake systems of irrigation districts from over appropriated streams and rivers to rivers downstream with more water. In July, I introduced legislation that authorizes the study of a pump exchange for the Okanogan Irrigation District and the Confederated Tribes of the Colville Reservation. I hope this legislation will receive quick approval during the 107th Congress.

H.R. 3986 will amend the Yakima River Basin Water Enhancement Program, YRBWEP, first approved by Congress in 1994 (P.L. 103-434). That legislation established a comprehensive framework for increasing critical flows in the Yakima River in order to reverse a longstanding trend of declining salmon and steelhead runs. One portion of that legislation, Section 1208, authorized a specific project to electrify hydraulic turbines at the Chandler Pumping Plant near Prosser, Washington. By converting these pumps from hydraulic to electrical power, an additional 400 second feet of water would be added to a 12-mile stretch of the Yakima River below Prosser Dam called Chandler Reach. This project would increase survival rates and provide important new habitat for both the anadromous and resident fisheries in this critical section of the Yakima River. This electrification project is still a good approach to augmenting Yakima River flows, but early in its implementation an even better idea was developed that can nearly double the benefits projected from electrification.

The pump exchange approach proposed in H.R. 3986 could result in completely eliminating the need to divert water at Prosser Dam and Wanawish Dam for use by the Kennewick Irrigation District, K.I.D., and the Columbia River Irrigation District, C.I.D. This plan will require building a new pumping plant on the Columbia River and a pipeline to connect this new facility to K.I.D. This approach could add back to the Yakima River during critical flow periods the entire 749 second feet of water now diverted at Prosser Dam. This project might well be the key to the success of the rest of the YRBWEP program. For the extensive efforts being made farther upstream to be entirely successful, the lower sections of the Yakima River must provide the conditions necessary for salmon and steelhead to survive their journey to and from the upper river and its tributaries. The Chandler Reach and the lower Yakima must have sufficient water at the right time for anadromous fish to be able to transit this area. Without it, the programs upstream will be less effective.

The legislation passed today authorizes the Bureau of Reclamation to spend some of the funds previously authorized for the electrification project to develop this new approach. There are several studies and undertakings necessary to determine with certainty the efficacy and cost of this pump exchange project. These include carrying out a feasibility study, including an estimate of project benefits, an environmental impact analysis, and preparing a feasibility level design and cost estimates as well as securing critical right-of-way areas.

This change in approach to enhancing flows in the lower Yakima is enthusiastically supported by the resource agencies of the State of Washington, including the Washington State Department of Ecology, as well as by the Northwest Power Planning Council, the Bonneville Power Administration, National Marine Fisheries Service, and the United States Fish and Wildlife Service.

It is important to note that a change in the diversion for K.I.D. from the Yakima River to the Columbia River will completely change the current operational philosophy of the district. It will evolve from a relatively simple system relying on gravity to supply its customers to one of significant additional complexity involving a major pump station and pressure pipeline to the main feeder canals. This remodeling of K.I.D. will have significant impact on the existing system and its users during construction, startup, and transition. That is why it is essential for K.I.D. to be in a position to develop these facilities in a way that best fits their current and future operational goals and causes the least impact to the district water users. This legislation requires the Bureau of Reclamation to give K.I.D. substantial control over the planning and design work in this study with the Bureau, of course, having final approval. It is an approach that will continue local improvement and support, which is vital to the success of this project and other projects.

I thank Representative DOC HASTINGS for his leadership on this bill in the House of Representatives and appreciate the support of my colleagues in passing this bill that will provide a crucial component to the salmon recovery efforts in the Yakima Basin.

Mr. LOTT. I ask unanimous consent the bills be read the third time and passed, the motions to reconsider be laid upon the table, any statements be printed in the RECORD with the above occurring en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 2984) was read the third time and passed.

The bill (H.R. 3986) was read the third time and passed.

CORRECTING THE ENROLLMENT OF H.R. 2348

Mr. LOTT. I ask unanimous consent the Senate proceed to the consideration of S. Con. Res. 151, which is at the desk.

The PRESIDING OFFICER. The clerk will report the concurrent resolution by title.

The assistant legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 151) to make corrections in enrollment of the bill H.R. 2348 to authorize the Bureau of Reclamation to provide cost sharing for the endangered fish recovery implementation programs for the Upper Colorado and San Juan River Basins.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. LOTT. I ask unanimous consent the concurrent resolution be agreed to and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 151) was agreed to, as follows:

S. CON. RES. 151

Resolved by the Senate (the House of Representatives concurring). That, in the enrollment of the bill (H.R. 2348) to authorize the Bureau of Reclamation to provide cost sharing for the endangered fish recovery implementation programs for the Upper Colorado and San Juan River Basins, the Clerk of the House shall make the following correction: Strike section 4 and insert:

SEC. 4. EFFECT OF RECLAMATION LAW

Specifically with regard to the acreage limitation provisions of Federal reclamation law, any action taken pursuant to or in furtherance of this title will not:

(1) be considered in determining whether a district as defined in section 202(2) of the Reclamation Reform Act of 1982 (43 U.S.C. 390bb) has discharged its obligation to repay the construction cost of project facilities used to make irrigation water available for delivery to land in the district;

(2) serve as the basis for reinstating acreage limitation provisions in a district that has completed payment of its construction obligation; or

(3) serve as the basis for increasing the construction repayment obligation of the district and thereby extending the period during which the acreage limitation provisions will apply.

AUTHORIZING USE OF THE CAPITOL GROUNDS FOR THE MILLION FAMILY MARCH

Mr. LOTT. I ask unanimous consent the Senate proceed to the immediate consideration of H. Con. Res. 423, which is at the desk.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The assistant legislative clerk read as follows:

A concurrent resolution (H. Con. Res. 423) authorizing the use of the Capitol Grounds for the Million Family March.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. LOTT. I ask unanimous consent the resolution be agreed to and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (H. Con. Res. 423) was agreed to.

RAILS TO RESOURCES ACT OF 2000

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 718, S. 2253.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (S. 2253) to authorize the establishment of a joint United States-Canada commission to study the feasibility of connecting the rail system to Alaska to the North American continental rail system, and for other purposes.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Foreign Relations with an amendment, as follows:

(Strike out all after the enacting clause and insert the part printed in italic.)

SECTION 1. SHORT TITLE.

This Act may be cited as the "Rails to Resources Act of 2000".

SEC. 2. FINDINGS.

Congress finds that—

(1) rail transportation is an essential component of the North American intermodal transportation system;

(2) the development of economically strong and socially stable communities in the western United States and Canada was encouraged significantly by government policies promoting the development of integrated transcontinental, interstate and interprovincial rail systems in the states, territories and provinces of the two countries;

(3) United States and Canadian federal support for the completion of new elements of the transcontinental, interstate and interprovincial rail systems was halted before rail connections were established to the state of Alaska and the Yukon Territory;

(4) both public and private lands in Alaska, the Yukon Territory and northern British Columbia, including lands held by aboriginal peoples, contain extensive deposits of oil, gas, coal and other minerals as well as valuable forest products which presently are inaccessible, but which could provide significant economic benefit to local communities and to both nations if an economically efficient transportation system was available;

(5) rail transportation in otherwise isolated areas facilitates controlled access and reduced overall impact to environmentally sensitive areas;

(6) the extension of the continental rail system through northern British Columbia and the Yukon Territory to the current terminus of the Alaska Railroad would significantly benefit the U.S. and Canadian visitor industries by facilitating the comfortable movement of passengers over long distances while minimizing effects on the surrounding areas; and

(7) ongoing research and development efforts in the rail industry continue to increase the efficiency of rail transportation, ensure safety, and decrease the impact of rail service on the environment.

SEC. 3. AGREEMENT FOR A UNITED STATES-CANADA BILATERAL COMMISSION.

The President is authorized and urged to enter into an agreement with the Government of

Canada to establish a joint commission to study the feasibility and advisability of linking the rail system in Alaska to the nearest appropriate point on the North American continental rail system.

SEC. 4. COMPOSITION OF COMMISSION.

(a) MEMBERSHIP.—

(1) TOTAL MEMBERSHIP.—The Agreement should provide for the Commission to be composed of 20 members, of which 10 members are appointed by the President and 10 members are appointed by the Government of Canada.

(2) GENERAL QUALIFICATIONS.—The Agreement should provide for the membership of the Commission, to the maximum extent practicable, to be representative of—

(A) the interests of the local communities (including the governments of the communities), aboriginal peoples, and businesses that would be affected by the connection of the rail system in Alaska to the North American continental rail system; and

(B) a broad range of expertise in areas of knowledge that are relevant to the significant issues to be considered by the Commission, including economics, engineering, management of resources (such as minerals and timber), social sciences, fish and game management, environmental sciences, and transportation.

(b) UNITED STATES MEMBERSHIP.—If the United States and Canada enter into an agreement providing for the establishment of the Commission, the President shall appoint the United States members of the Commission as follows:

(1) Two members from among persons who are qualified to represent the interests of communities and local governments of Alaska.

(2) One member representing the State of Alaska, to be nominated by the Governor of Alaska.

(3) One member from among persons who are qualified to represent the interests of Native Alaskans residing in the area of Alaska that would be affected by the extension of rail service.

(4) Three members from among persons involved in commercial activities in Alaska who are qualified to represent commercial interests in Alaska, of which one shall be a representative of the Alaska Railroad Corporation.

(5) Three members with relevant expertise, at least one of whom shall be an engineer with expertise in subarctic transportation.

(c) CANADIAN MEMBERSHIP.—The Agreement should provide for the Canadian membership of the Commission to be representative of broad categories of interests of Canada as the Government of Canada determines appropriate, consistent with subsection (a)(2).

SEC. 5. GOVERNANCE AND STAFFING OF COMMISSION.

(a) CHAIRMAN.—The Agreement should provide for the Chairman of the Commission to be elected from among the members of the Commission by a majority vote of the members.

(b) COMPENSATION AND EXPENSES OF UNITED STATES MEMBERS.—

(1) COMPENSATION.—Each member of the Commission appointed by the President who is not an officer or employee of the Federal Government shall be compensated at a rate equal to the daily equivalent of the annual rate of basic pay prescribed for level IV of the Executive Schedule under section 5315 of title 5, United States Code, for each day (including travel time) during which such member is engaged in the performance of the duties of the Commission. Each such member who is an officer or employee of the United States shall serve without compensation in addition to that received for services as an officer or employee of the United States.

(2) TRAVEL EXPENSES.—The members of the Commission appointed by the President shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away

from their homes or regular places of business in the performance of services for the Commission.

(c) **STAFF.**—

(1) **IN GENERAL.**—The Agreement should provide for the appointment of a staff and an executive director to be the head of the staff.

(2) **COMPENSATION.**—Funds made available for the Commission by the United States may be used to pay the compensation of the executive director and other personnel at rates fixed by the Commission that are not in excess of the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

(d) **OFFICE.**—The Agreement should provide for the office of the Commission to be located in a mutually agreed location within the impacted areas of Alaska, the Yukon Territory, and northern British Columbia.

(e) **MEETINGS.**—The Agreement should provide for the Commission to meet at least biannually to review progress and to provide guidance to staff and others, and to hold, in locations within the affected areas of Alaska, the Yukon Territory and northern British Columbia, such additional informational or public meetings as the Commission deems necessary to the conduct of its business.

(f) **PROCUREMENT OF SERVICES.**—The Agreement should authorize and encourage the Commission to procure by contract, to the maximum extent practicable, the services (including any temporary and intermittent services) that the Commission determines necessary for carrying out the duties of the Commission. In the case of any contract for the services of an individual, funds made available for the Commission by the United States may not be used to pay for the services of the individual at a rate that exceeds the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of title 5, United States Code.

SEC. 6. DUTIES.

(a) **STUDY.**—

(1) **IN GENERAL.**—The Agreement should provide for the Commission to study and assess, on the basis of all available relevant information, the feasibility and advisability of linking the rail system in Alaska to the North American continental rail system through the continuation of the rail system in Alaska from its northeastern terminus to a connection with the continental rail system in Canada.

(2) **SPECIFIC ISSUES.**—The Agreement should provide for the study and assessment to include the consideration of the following issues:

- (A) Railroad engineering.
- (B) Land ownership.
- (C) Geology.
- (D) Proximity to mineral, timber, tourist, and other resources.
- (E) Market outlook.
- (F) Environmental considerations.
- (G) Social effects, including changes in the use or availability of natural resources.
- (H) Potential financing mechanisms.

(3) **ROUTE.**—The Agreement should provide for the Commission, upon finding that it is feasible and advisable to link the rail system in Alaska as described in paragraph (1), to determine one or more recommended routes for the rail segment that establishes the linkage, taking into consideration cost, distance, access to potential freight markets, environmental matters, and such other factors as the Commission determines relevant.

(4) **COMBINED CORRIDOR EVALUATION.**—The Agreement should also provide for the Commission to consider whether it would be feasible and advisable to combine the power transmission infrastructure and petroleum product pipelines of other utilities into one corridor with a rail extension of the rail system of Alaska.

(b) **REPORT.**—The Agreement should require the Commission to submit to Congress and the Secretary of Transportation and to the Minister of Transport of the Government of Canada, not later than 3 years after the Commission com-

mencement date, a report on the results of the study, including the Commission's findings regarding the feasibility and advisability of linking the rail system in Alaska as described in subsection (a)(1) and the Commission's recommendations regarding the preferred route and any alternative routes for the rail segment establishing the linkage.

SEC. 7. COMMENCEMENT AND TERMINATION OF COMMISSION.

(a) **COMMENCEMENT.**—The Agreement should provide for the Commission to begin to function on the date on which all members are appointed to the Commission as provided for in the Agreement.

(b) **TERMINATION.**—The Commission should be terminated 90 days after the date on which the Commission submits its report under section 6.

SEC. 8. FUNDING.

(a) **RAILS TO RESOURCES FUND.**—The Agreement should provide for the following:

(1) **ESTABLISHMENT.**—The establishment of an interest-bearing account to be known as the "Rails to Resources Fund".

(2) **CONTRIBUTIONS.**—The contribution by the United States and the Government of Canada to the Fund of amounts that are sufficient for the Commission to carry out its duties.

(3) **AVAILABILITY.**—The availability of amounts in the Fund to pay the costs of Commission activities.

(4) **DISSOLUTION.**—Dissolution of the Fund upon the termination of the Commission and distribution of the amounts remaining in the Fund between the United States and the Government of Canada.

(b) **AUTHORIZATION OF APPROPRIATIONS.**—There is authorized to be appropriated to any fund established as described in subsection (a)(1) \$6,000,000, to remain available until expended.

SEC. 9. DEFINITIONS.

In this Act:

(1) **AGREEMENT.**—The term "Agreement" means an agreement described in section 2.

(2) **COMMISSION.**—The term "Commission" means a commission established pursuant to any Agreement.

Mr. LOTT. Mr. President, I ask unanimous consent that the committee substitute be agreed to, the bill, as amended, be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 2253), as amended, was read the third time and passed.

ADJUSTMENT OF STATUS OF CERTAIN SYRIAN NATIONALS

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to consideration of H.R. 4681.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 4681) to provide for the adjustment of status of certain Syrian nationals.

There being no objection, the Senate proceeded to consider the bill.

Mr. SCHUMER. Mr. President, I rise today to applaud the passage of a bill that will grant permanent residency status to a small group of Syrian Jews who fled the brutal dictatorship of Hafez Assad almost a decade ago.

In 1992, through negotiations between our State Department and the Syrian regime, President Assad allowed the last remnants of Syria's Jewish community to leave Syria. For years, this community faced religious persecution, restrictions on the right to travel and emigrate, and other forms of harassment. When Assad finally agreed to let them go, he insisted that they come to this country as tourists, rather than as refugees fleeing religious tyranny, in order to avoid the appearance that his repression had driven out a considerable number of his own citizens. We permitted this fiction in order to rescue people desperate for freedom, but obviously, the 2000 Syrian Jews who came here in 1992 were never tourists—they were seeking a permanent home and a life free of religious and political oppression.

Once safely in the United States, the Syrian Jews had no choice but to request asylum, and asylum was granted. But because of the long delays that asylees face in obtaining permanent resident status, the Syrian Jews still have not become permanent residents and gotten green cards. If they had come to the United States as the refugees they truly were, instead of as tourists, they would have become permanent residents years ago because there is no annual cap on the number of refugees permitted to move to permanent residency.

The Syrian Jews have suffered for years because of this situation, imposed on them by the terms of the secret 1992 deal with Assad. Without green cards, those among them who are doctors and dentists, as many are, are unable to practice their professions under the New York State licensing system. As asylees, the Syrian Jews face restrictions on their right to travel abroad. Finally and most important, the Syrian Jews have been stalled for years in the efforts to become full citizens of our country, something all of them ardently want.

This legislation corrects this anomaly and directs the Attorney General to grant permanent resident status to the Syrian Jews who came here in 1992. This will give this small group of people the immigration status they should have had years ago, but for the fiction that they were coming to the United States as tourists. It will permit them to begin practicing their chosen professions and moving toward full citizenship. It will finally effectuate the agreement by which they emigrated from Syria in the first place. Most of all, it will guarantee the full blessings of liberty to people who want nothing more than to live in peace in a land where the government doesn't mistreat you simply because of your religion.

Mr. LOTT. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 4681) was read the third time and passed.

STEWART B. MCKINNEY HOMELESS ASSISTANCE ACT

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of H.R. 5417, which is at the desk.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 5417) to rename the Stewart B. McKinney Homeless Assistance Act as the "McKinney-Vento Homeless Assistance Act."

There being no objection, the Senate proceeded to consider the bill.

Mr. SARBANES. Mr. President, I rise today to ask the Senate to pass legislation that has been sent to us by the House of Representatives that would change the name of the Stewart B. McKinney Homeless Assistance Act to the McKinney-Vento Homeless Assistance Act. This is one, small step we can take to honor a colleague who devoted his life to public service, particularly service on behalf of the most disadvantaged Americans.

Bruce F. Vento has been one of the most effective advocates on behalf of homeless people throughout his career. Mr. Vento was one of the first Members of Congress to bring the plight of the nation's homeless to the public's attention. In 1982, Bruce introduced legislation in the House of Representatives to create the Emergency Shelter Grant Program. He attached an amendment to a housing bill to provide matching grants to repair vacant buildings to be used as temporary shelters. This became the first national legislation to provide federal assistance for emergency homeless shelters.

Throughout the 1980s, Mr. Vento worked repeatedly, with his colleagues on the House Banking Committee, to raise the profile of this issue and to build the coalitions necessary to enact comprehensive legislation to help the homeless across this nation. In early 1987, Representative Vento worked to pass an aid package that included \$100 million for a program of emergency shelter grants to help charitable organizations and state and local governments renovate buildings for the homeless and succeeded in enacting the legislation into law.

In that same year, Congressman Vento was an original author of a larger, more comprehensive measure that became known as the Stewart B. McKinney Homeless Assistance Act, the first and only coordinated federal initiative directed toward the problem of homelessness and the only social program that was passed during the Reagan era. The McKinney Act seeks to meet some of the immediate needs of the homeless: shelter, food, health care, education, job training services, and transitional housing through programs at HUD, FEMA, HHS, and the

Education and Labor Departments. This legislation continues to be at the heart of the federal government's response to the ongoing problem of homelessness in America.

It is indeed fitting to honor Bruce Vento by joining his name with that of his friend and colleague, Stewart B. McKinney, on this legislation. In 1987, after Representative McKinney's passing, Bruce took a leading role in seeking to name the programs that would serve persons who are homeless as the McKinney Act because of Stewart McKinney's "close association and concern and compassion that he espoused and reflected throughout his service" in Congress. We all recognize how well these very same words, which Mr. Vento used to describe Stewart McKinney, embody the work and career of Bruce F. Vento himself.

Shortly after taking office, President Clinton asked then-speaker of the House Tom Foley to organize a Task Force to look into the problem of homelessness. In February of that year, Mr. Vento was appointed as the Chairman of that Task Force, which issued a comprehensive, nationally recognized report to the Speaker one year later.

During the past few years, Mr. Vento continued to work hard on the McKinney Act. He added language that improved prevention planning and activities so that people do not become homeless due to lack of foresight or planning. The Vento prevention language added discharge planning requirements for persons who are discharged from publicly funded institutions, that is, mental health facilities, youth facilities and correctional facilities, so that people are not merely discharged to the streets.

Mr. Vento also introduced the "Stand Down Authorization Act." Created by several Vietnam veterans, Stand Downs are designed to give homeless veterans a brief respite from life on the streets. The Stand Down bill would, in conjunction with the grassroots community, expand the VA's role in providing outreach assistance to homeless veterans. In this Congress, H.R. 566 gained the strong support of over 100 bipartisan cosponsors, the VA, the American Legion, the Veterans of Foreign Wars (VFW) and the Disabled American Vets (DAV).

Bruce Vento worked throughout his entire career to improve and save the lives of homeless men, women and children around this nation. In the tradition of Minnesota's great leader, Hubert H. Humphrey, Bruce has always believed that we are elected to formulate and enact policies which improve the quality of life of our citizens. I have had the pleasure of working with him these many years to do just that. That is why I urge you to join me in enacting into law this legislation to rename our nation's fundamental homeless statute the McKinney-Vento Act. This act will duly honor a colleague who has worked long and hard for the

most vulnerable Americans, people who are without a home to call their own.

Mr. President, while this legislation deals with homelessness, I want to make it clear that Mr. Vento's interests and accomplishments go far beyond this important area. He was one of the strongest proponents of FHA in the Congress. He understood how FHA has been a crucial tool in helping millions of families attain the dream of homeownership in America.

Mr. Vento played an active role in helping craft the bipartisan public housing reform legislation that passed in 1998. He was a leader in the effort to preserve affordable housing that has been threatened by expiring use restrictions or rental assistance contracts. Important progress as made on this front last year. He was a strong supporter of the effort to increase and strengthen community-based non-profits in their efforts to develop affordable housing and revitalize our communities.

Mr. Vento has been a longstanding supporter of the Community Reinvestment Act, CRA, because he understood how access to capital for homeownership and small businesses is the key to ensuring equal opportunity for all Americans, regardless of the neighborhoods they live in or their economic status. I was privileged to work closely with him to preserve CRA during the debate on financial services modernization legislation.

Finally, Mr. Vento was a strong supporter of consumer protection laws, from the Fair Credit Reporting Act, to the Equal Credit Opportunity Act, to the Home Ownership Equity Protection Act.

Renaming the McKinney Act is one small way that all of us can honor Mr. Vento's memory. Mr. President, Bruce Vento will be sorely missed in the Congress of the United States. I want to join President Clinton, my colleagues, and many others in expressing my deepest sympathies to Mr. Vento's family and friends.

Mr. LOTT. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 5417) was read the third time and passed.

NATIONAL POLICE ATHLETIC LEAGUE YOUTH ENVIRONMENT ACT OF 2000

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of H.R. 3235, which is at the desk.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 3235) to improve academic and social outcomes for youth and reduce both

juvenile crime and the risk that youth will become victims of crime by providing productive activities conducted by law enforcement personnel during non-school hours.

There being no objection, the Senate proceeded to consider the bill.

(At the request of Mr. DASCHLE, the following statement was ordered to be printed in the RECORD.)

• Mrs. FEINSTEIN. Mr. President, I am pleased that the Senate today, by unanimous consent, passed H.R. 3235, the National Police Athletic League Youth Enrichment Act of 2000, a bill that will authorize the Department of Justice to provide grant money to police after-school programs to reduce crime and drug use. This bill is companion legislation to S. 1874, a bill introduced by Senator GRAHAM, Senator BINGAMAN, and myself. The Senate bill has a total of 22 cosponsors.

I want to thank my colleagues in this body, particularly my friend Senator HATCH, for their support of this legislation. I also want to thank Representative TOM BARRETT for his work on the bill, and Representatives CANADY and SCOTT for helping shepherd the legislation through the House.

I also want to acknowledge the tremendous efforts of the Police Athletic League in spreading the word about the bill. In particular, Ron Exley of the California Police Activities League labored tirelessly to build support for the legislation.

H.R. 3235 would create a program directing the Department of Justice's Office of Justice Programs to award grants to the Police Athletic League, PAL, to establish new PAL chapters to serve public housing projects and other distressed areas and to expand existing chapters to assist additional youth.

To do this, the bill would authorize \$16 million a year for 5 years beginning with fiscal year 2001. The money would be used to enhance the services provided by the existing 320 established PAL chapters and provide seed money for the establishment of an additional 250 chapters over 5 years.

The Police Athletic League was founded by police officers in New York City in 1914. Its mission is to offer an alternative to crime, drugs, and violence for our nation's most at-risk youth. In the last 75 years, PAL has become one of the largest youth-crime prevention programs in the nation, with a network of 1700 facilities serving more than 3000 communities and 1.5 million young people. Over one-third of existing PALs are in California, and these chapters serve more than 300,000 at-risk youth. Off-duty police officers staff local chapters, and PALs receive most of their funding from private sources.

PALs currently provide kids with after-school recreational, educational, mentoring, and crime prevention programs. By keeping kids busy and out of trouble, PALs have significantly reduced juvenile crime and victimization in hundreds of communities across the country. One study found, for example,

that PALs have cut crime in Baltimore by 30 percent and decreased juvenile victimization there by 40 percent. Another study concluded that PAL reduced crime and gang activity in a HUD housing development in El Centro, California by 64 percent.

PAL programs involve close, positive interaction between kids and cops, encouraging youngsters to view the police in a favorable light and obey the law. The programs are generally held after school, during the prime hours that some youth turn to crime and other anti-social activities.

PAL programs more than pay for themselves, saving taxpayers millions of dollars in crime, drug, and dropout costs. The Department of Justice has found, for example, that each youngster who drops out of high school and turns to crime and drugs costs taxpayers a staggering \$2-3 million. Even so, the legislation requires any new chapter seeking a grant to explain the manner in which it will operate without additional direct federal assistance when the act is discontinued.

In short, this valuable legislation will help fight crime and benefit kids in California and across the country. It will now go to President Clinton's desk for signature. •

Mr. LOTT. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 3235) was read the third time and passed.

PRESIDENTIAL THREAT PROTECTION ACT OF 2000

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to Calendar No. 775, H.R. 3048.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 3048) to amend section 879 of title 18, United States Code, to provide clearer coverage over threats against former Presidents and members of their families, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

AMENDMENT NO. 4319

Mr. LOTT. Mr. President, Senator HATCH has an amendment at the desk, and I ask for its consideration.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Mississippi [Mr. LOTT], for Mr. HATCH, for himself, Mr. LEAHY, and Mr. THURMOND, proposes an amendment numbered 4319.

The amendment is as follows:

On page 3, strike lines 19 through 24 and insert the following:

"(e)(1) When directed by the President, the United States Secret Service is authorized to

participate, under the direction of the Secretary of the Treasury, in the planning, coordination, and implementation of security operations at special events of national significance, as determined by the President.

"(2) At the end of each fiscal year, the President through such agency or office as the President may designate, shall report to the Congress—

"(A) what events, if any, were designated special events of national significance for security purposes under paragraph (1); and

"(B) the criteria and information used in making each designation."

On page 7, line 6, after "offense" insert "or apprehension of a fugitive".

On page 8, strike lines 17 through 19.

On page 9, strike line 14 and insert the following:

"(11) With respect to subpoenas issued under paragraph (1)(A)(i)(III), the Attorney General shall issue guidelines governing the issuance of administrative subpoenas pursuant to that paragraph. The guidelines required by this paragraph shall mandate that administrative subpoenas may be issued only after review and approval of senior supervisory personnel within the respective investigative agency or component of the Department of Justice and of the United States Attorney for the judicial district in which the administrative subpoena shall be served."

At the end of the bill, insert the following:

SEC. 6. ADMINISTRATIVE SUBPOENAS TO APPREHEND FUGITIVES.

(a) AUTHORITY OF ATTORNEY GENERAL.—Section 3486(a)(1) of title 18, United States Code, as amended by section 5 of this Act is further amended in subparagraph (A)(i)—

(1) by striking "offense or" and inserting "offense,"; and

(2) by inserting "or (III) with respect to the apprehension of a fugitive," after "children,".

(b) ADDITIONAL BASIS FOR NONDISCLOSURE ORDER.—Section 3486(a)(6) of title 18, United States Code, as amended by section 5 of this Act, is further amended in subparagraph (B)—

(1) by striking "or" and the end of clause (iii);

(2) by striking the period at the end of clause (iv) and inserting "; or"; and

(3) by adding at the end the following:

"(v) otherwise seriously jeopardizing an investigation or undue delay of a trial."

(c) DEFINITIONS.—Section 3486 of title 18, as amended by section 5 of this Act, is further amended by adding at the end the following:

"(g) DEFINITIONS.—In this section—

"(1) the term 'fugitive' means a person who—

"(A) having been accused by complaint, information, or indictment under Federal law of a serious violent felony or serious drug offense, or having been convicted under Federal law of committing a serious violent felony or serious drug offense, flees or attempts to flee from, or evades or attempts to evade the jurisdiction of the court with jurisdiction over the felony;

"(B) having been accused by complaint, information, or indictment under State law of a serious violent felony or serious drug offense, or having been convicted under State law of committing a serious violent felony or serious drug offense, flees or attempts to flee from, or evades or attempts to evade, the jurisdiction of the court with jurisdiction over the felony;

"(C) escapes from lawful Federal or State custody after having been accused by complaint, information, or indictment of a serious violent felony or serious drug offense or having been convicted of committing a serious violent felony or serious drug offense; or

“(D) is in violation of subparagraph (2) or (3) of the first undesignated paragraph of section 1073;

“(2) the terms ‘serious violent felony’ and ‘serious drug offense’ shall have the meanings given those terms in section 3559(c)(2) of this title; and

“(3) the term ‘investigation’ means, with respect to a State fugitive described in subparagraph (B) or (C) of paragraph (1), an investigation in which there is reason to believe that the fugitive fled from or evaded, or attempted to flee from or evade, the jurisdiction of the court, or escaped from custody, in or affecting, or using any facility of, interstate or foreign commerce, or as to whom an appropriate law enforcement officer or official of a State or political subdivision has requested the Attorney General to assist in the investigation, and the Attorney General finds that the particular circumstances of the request give rise to a Federal interest sufficient for the exercise of Federal jurisdiction pursuant to section 1075.”

SEC. 7. FUGITIVE APPREHENSION TASK FORCES.

(a) IN GENERAL.—The Attorney General shall, upon consultation with appropriate Department of Justice and Department of the Treasury law enforcement components, establish permanent Fugitive Apprehension Task Forces consisting of Federal, State, and local law enforcement authorities in designated regions of the United States, to be directed and coordinated by the United States Marshals Service, for the purpose of locating and apprehending fugitives.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Attorney General for the United States Marshals Service to carry out the provisions of this section \$30,000,000 for the fiscal year 2001, \$5,000,000 for fiscal year 2002, and \$5,000,000 for fiscal year 2003.

(c) OTHER EXISTING APPLICABLE LAW.—Nothing in this section shall be construed to limit any existing authority under any other provision of Federal or State law for law enforcement agencies to locate or apprehend fugitives through task forces or any other means.

SEC. 8. STUDY AND REPORTS ON ADMINISTRATIVE SUBPOENAS.

(a) STUDY ON USE OF ADMINISTRATIVE SUBPOENAS.—Not later than December 31, 2001, the Attorney General, in consultation with the Secretary of the Treasury, shall complete a study on the use of administrative subpoena power by executive branch agencies or entities and shall report the findings to the Committees on the Judiciary of the Senate and the House of Representatives. Such report shall include—

(1) a description of the sources of administrative subpoena power and the scope of such subpoena power within executive branch agencies;

(2) a description of applicable subpoena enforcement mechanisms;

(3) a description of any notification provisions and any other provisions relating to safeguarding privacy interests;

(4) a description of the standards governing the issuance of administrative subpoenas; and

(5) recommendations from the Attorney General regarding necessary steps to ensure that administrative subpoena power is used and enforced consistently and fairly by executive branch agencies.

(b) REPORT ON FREQUENCY OF USE OF ADMINISTRATIVE SUBPOENAS.—

(1) IN GENERAL.—The Attorney General and the Secretary of the Treasury shall report in January of each year to the Committees on the Judiciary of the Senate and the House of Representatives on the number of administrative subpoenas issued by them under this

section, whether each matter involved a fugitive from Federal or State charges, and the identity of the agency or component of the Department of Justice or the Department of the Treasury issuing the subpoena and imposing the charges.

(2) EXPIRATION.—The reporting requirement of this subsection shall terminate in 3 years after the date of enactment of this section.

Mr. LEAHY. Mr. President, the Presidential Threat Protection Act, H.R. 3048, is a high priority for the Secret Service and the Service's respected Director, Brian Stafford, and I am pleased that this legislation is passing the Senate today, along with legislation that Senators THURMOND, HATCH and I have crafted to assist the U.S. Marshals Service in apprehending fugitives.

The Presidential Threat Protection Act, H.R. 3048, would expand or clarify the Secret Service's authority in four ways. First, the bill would amend current law to make clear it is a federal crime, which the Secret Service is authorized to investigate, to threaten any current or former President or their immediate family, even if the person is not currently receiving Secret Service protection and including those people who have declined continued protection, such as former Presidents, or have not yet received protection, such as major Presidential and Vice-Presidential candidates and their families.

Second, the bill would incorporate in statute certain authority, which is currently embodied in a classified Executive Order, PDD 62, clarifying that the Secret Service is authorized to coordinate, design, and implement security operations for events deemed of national importance by the President “or the President's designee.”

Third, the bill would establish a ‘National Threat Assessment Center’ within the Secret Service to provide training to State, local and other Federal law enforcement agencies on threat assessments and public safety responsibilities.

Finally, the bill authorizes the Secretary of the Treasury to issue administrative subpoenas for investigations of “imminent” threats made against an individual whom the service is authorized to protect. The Secret Service has requested that the Congress grant this administrative subpoena authority to expedite investigation procedures particularly in situations where an individual has made threats against the President and is en route to exercise those threats.

“Administrative subpoena” is the term generally used to refer to a demand for documents or testimony by an investigative entity or regulatory agency that is empowered to issue the subpoena independently and without the approval of any grand jury, court or other judicial entity. I am generally skeptical of administrative subpoena power. Administrative subpoenas avoid the strict grant jury secrecy rules and the documents provided in response to

such subpoenas are, therefore, subject to broader dissemination. Moreover, since investigative agents issue such subpoenas directly, without review by a judicial officer or even a prosecutor, fewer “checks” are in place to ensure the subpoena is issued with good cause and not merely as a fishing expedition.

H.R. 3048 addresses these general concerns with the following procedural safeguards, some of which would apply not only to the new administrative subpoena authority of the Secret Service but also to current administrative subpoena authority granted to the FBI to issue administrative subpoenas in cases involving child abuse, child sexual exploitation, and Federal health care offenses.

The new administrative subpoena authority in threat cases may only be exercised by the Secretary of the Treasury upon determination of the Director of the Secret Service that the threat is imminent, and the Secret Service must notify the Attorney General of the issuance of each subpoena. I should note that this requirement will help ensure that administrative subpoenas will be used in only the most significant investigations since obtaining the authorization for such a subpoena from senior Treasury and Secret Service personnel may take longer than simply going to the local U.S. Attorney's office to get a grand jury subpoena.

The bill would limit the scope of both current and new administrative subpoena authority of the FBI for obtaining records in child sex abuse and exploitation cases from Internet Service Providers to the name, address, local and long distance telephone billing records, telephone number or services used by a subscriber.

The bill would also expressly allow a person whose records are demanded pursuant to an administrative subpoena to contest the administrative subpoena by petitioning a federal judge to modify or set aside the subpoena.

The bill would authorize a court to order non-disclosure of the administrative subpoena for up to 90 days (and up to a 90 day extension) upon a showing that disclosure would adversely affect the investigation in an enumerated way.

Upon written demand, the agency must return the subpoenaed records or things if no case or proceedings arise from the production of records “within a reasonable time.”

The administrative subpoena may not require production in less than 24 hours after service so agencies may have to wait for at least a day before demanding production.

The Senate amendment to H.R. 3048 would modify the House-passed version, which provides that violation of the administrative subpoena is punishable by fine or up to five years' imprisonment. This penalty provision in the House version of the bill is both unnecessary and excessive since current law already provides that failure to comply with the subpoena may be punished as a contempt of court—which is

either civil or criminal. See 18 U.S.C. §3486(c). Under current law, the general term of imprisonment for some forms of criminal contempt is up to six months. See, e.g., 18 U.S.C. §402. The Senate amendment would strike that provision in the House bill.

Secret Service protective function Privilege. While passage of this legislation will assist the Secret Service in fulfilling its critical mission, this Congress is unfortunately coming to a close without addressing another significant challenge to the Secret Service's ability to fulfill its vital mission of protecting the life and safety of the President and other important persons. I refer to the misguided and unfortunately successful litigation of Special Counsel Kenneth Starr to compel Secret Service agents to answer questions about what they may have observed or overheard while protecting the life of the President.

As a result of Mr. Starr's zealous efforts, the courts refused to recognize a protective function privilege and required that at least seven Secret Service officers appear before a federal grand jury to respond to questions regarding President Clinton, and others. In *re Grand Jury Proceedings*, 1998 W.L. 272884 (May 22, 1998 D.C.), affirmed 1998 WL 370584 (July 7, 1998 D.C. Cir) (*per curiam*). These recent court decisions, which refused to recognize a protective function privilege, could have a devastating impact upon the Secret Service's ability to provide effective protection. The Special Counsel and the courts ignored the voices of experience—former Presidents, Secret Service Directors, and others—who warned of the potentially deadly consequences. The courts disregarded the lessons of history. We cannot afford to be so cavalier; the stakes are just too high.

In order to address this problem, I introduced the Secret Service Protective Privilege Act, S. 1360, on July 13, 1999, to establish a Secret Service protective function privilege so Secret Service agents will not be put in the position of revealing private information about protected officials as Special Prosecutor Kenneth Starr compelled the Secret Service to do with respect to President Clinton. Unfortunately, the Senate Judiciary Committee took no action on this legislation in this Congress.

Few national interests are more compelling than protecting the life of the President of the United States. The Supreme Court has said that the nation has "an overwhelming interest in protecting the safety of its Chief Executive and in allowing him to perform his duties without interference from threats of physical violence." *Watts v. United States*, 394 U.S. 705, 707 (1969). What is at stake is not merely the safety of one person: it is the ability of the Executive Branch to function in an effective and orderly fashion, and the capacity of the United States to respond to threats and crises. Think of the shock waves that rocked the world in

November 1963 when President Kennedy was assassinated. The assassination of a President has international repercussions and threatens the security and future of the entire nation.

The threat to our national security and to our democracy extends beyond the life of the President to those in direct line of the Office of the President—the Vice President, the President-elect, and the Vice President elect. By Act of Congress, these officials are required to accept the protection of the Secret Service—they may not turn it down. This statutory mandate reflects the critical importance that Congress has attached to the physical safety of these officials.

Congress has also charged the Secret Service with responsibility for protecting visiting heads of foreign states and foreign governments. The assassination of a foreign head of state on American soil could be catastrophic from a foreign relations standpoint and could seriously threaten national security.

The bill I introduced, S. 1360, would enhance the Secret Service's ability to protect these officials, and the nation, from the risk of assassination. It would do this by facilitating the relationship of trust between these officials and their Secret Service protectors that is essential to the Secret Service's protective strategy. Agents and officers surround the protectee with an all-encompassing zone of protection on a 24-hour-a-day basis. In the face of danger, they will shield the protectee's body with their own bodies and move him to a secure location.

That is how the Secret Service averted a national tragedy on March 30, 1981, when John Hinckley attempted to assassinate President Reagan. Within seconds of the first shot being fired, Secret Service personnel had shielded the President's body and maneuvered him into the waiting limousine. One agent in particular, Agent Tim McCarthy, positioned his body to intercept a bullet intended for the President. If Agent McCarthy had been even a few feet farther from the President, history might have gone very differently.

For the Secret Service to maintain this sort of close, unrelenting proximity to the President and other protectees, it must have their complete, unhesitating trust and confidence. Secret Service personnel must be able to remain at the President's side even during confidential and sensitive conversations, when they may overhear military secrets, diplomatic exchanges, and family and private matters. If our Presidents do not have complete trust in the Secret Service personnel who protect them, they could try to push away the Secret Service's "protective envelope" or undermine it to the point where it could no longer be fully effective.

This is more than a theoretical possibility. Consider what former President Bush wrote in April, 1998, after hearing of the independent counsel's efforts to compel Secret Service testimony:

The bottom line is I hope that [Secret Service] agents will be exempted from testifying before the Grand Jury. What's at stake here is the protection of the life of the President and his family and the confidence and trust that a President must have in the [Secret Service]. If a President feels that Secret Service agents can be called to testify about what they might have seen or heard then it is likely that the President will be uncomfortable having the agents nearby. I allowed the agents to have proximity first because they had my full confidence and secondly because I knew them to be totally discreet and honorable. . . . I can assure you that had I felt they would be compelled to testify as to what they had seen or heard, no matter what the subject, I would not have felt comfortable having them close in. . . . I feel very strongly that the [Secret Service] agents should not be made to appear in court to discuss that which they might or might not have seen or heard. What's at stake here is the confidence of the President in the discretion of the [Secret Service]. If that confidence evaporates the agents, denied proximity, cannot properly protect the President.

As President Bush's letter makes plain, requiring Secret Service agents to betray the confidence of the people whose lives they protect could seriously jeopardize the ability of the Service to perform its crucial national security function.

The possibility that Secret Service personnel might be compelled to testify about their protectees could have a particularly devastating affect on the Service's ability to protect foreign dignitaries. The mere fact that this issue has surfaced is likely to make foreign governments less willing to accommodate Secret Service both with respect to the protection of the President and Vice President on foreign trips, and the protection of foreign heads of state traveling in the United States.

The security of our chief executive officers and visiting foreign heads of state should be a matter that transcends all partisan politics and I regret that this legislation does not do more to help the Secret Service by providing a protective function privilege.

The Fugitive Apprehension Act. The Senate amendment to H.R. 3048 incorporates into the bill the substance of the Thurmond-Biden-Leahy substitute amendment to S. 2516, the Fugitive Apprehension Act, which passed the Senate unanimously on July 26, 2000. That substitute amendment reconciled the significant differences between S. 2516, as introduced, and S. 2761, "The Capturing Criminals Act," which I introduced with Senator KOHL on June 21, 2000. The Senate amendment to H.R. 3048 makes certain changes to S. 2516 to ensure that the authority granted is consistent with privacy and other appropriate safeguards.

As a former prosecutor, I am well aware that fugitives from justice are an important problem and that their capture is an essential function of law enforcement. According to the FBI, nearly 550,000 people are currently fugitives from justice on federal, state, and local felony charges combined. This means that there are almost as many

fugitive felons as there are citizens residing in my home state of Vermont.

The fact that we have more than one half million fugitives from justice, a significant portion of whom are convicted felons in violation of probation or parole, who have been able to flaunt court order and avoid arrest, breeds disrespect for our laws and poses undeniable risks to the safety of our citizens.

Our Federal law enforcement agencies should be commended for the job they have been doing to date on capturing federal fugitives and helping the states and local communities bring their fugitives to justice. The U.S. Marshals Service, our oldest law enforcement agency, has arrested over 120,000 federal, state and local fugitives in the past four years, including more federal fugitives than all the other federal agencies combined. In prior years, the Marshals Service spearheaded special fugitive apprehension task forces, called FIST Operations, that targeted fugitives in particular areas and was singularly successful in arresting over 34,000 fugitive felons.

Similarly, the FBI has established twenty-four Safe Streets Task Forces exclusively focused on apprehending fugitives in cities around the country. Over the period of 1995 to 1999, the FBI's efforts have resulted in the arrest of a total of 65,359 state fugitives.

Nevertheless, the number of outstanding fugitives is too large. The Senate amendment to H.R. 3028 will help make a difference by providing new but limited administrative subpoena authority to the Department of Justice to obtain documentary evidence helpful in tracking down fugitives and by authorizing the Attorney General to establish fugitive task forces.

Unlike initial criminal inquiries, fugitive investigations present unique difficulties. Law enforcement may not use grand jury subpoenas since, by the time a person is a fugitive, the grand jury phase of an investigation is usually over. Use of grand jury subpoenas to obtain phone or bank records to track down a fugitive would be an abuse of the grand jury. Trial subpoenas may also not be used, either because the fugitive is already convicted or no trial may take place without the fugitive.

This inability to use trial and grand jury subpoenas for fugitive investigations creates a gap in law enforcement procedures. Law enforcement partially fills this gap by using the All Writs Act, 28 U.S.C. §1651(a), which authorizes federal courts to "issue all writs necessary or appropriate in aid of their respective jurisdictions and agreeable to the usages and principles of law." The procedures, however, for obtaining orders under the Act, and the scope and non-disclosure terms of such orders, vary between jurisdictions. Authorizing administrative subpoena power will help bridge the gap in fugitive investigations by providing a uniform

mechanism for federal law enforcement agencies to obtain records useful for tracking a fugitive's whereabouts.

The Thurmond-Biden-Leahy substitute amendment, which previously passed the Senate, incorporated a number of provisions from the Leahy-Kohl "Capturing Criminals Act" and made significant and positive modifications to the original version of S. 2516. These improvements are largely incorporated into the current Hatch-Leahy-Thurmond amendments to H.R. 3048, which the Senate considers today. First, as introduced, S. 2516 would have limited use of an administrative subpoena to those fugitives who have been "indicted," and failed to address the fact that fugitives flee after arrest on the basis of a "complaint" and may flee after the prosecutor has filed an "information" in lieu of an amendment. The prior substitute amendment and the current Hatch-Leahy-Thurmond amendment to H.R. 3048, by contrast, would allow use of such subpoenas to track fugitives who have been accused in a "complaint, information or indictment."

Second, S. 2516, as introduced, would have required the U.S. Marshals Service to report quarterly to the Attorney General (who must transmit the report to Congress) on use of the administrative subpoenas. While a reporting requirement is useful, the requirement as described in the original S. 2516 was overly burdensome and insufficiently specific. The prior substitute amendment and the current Hatch-Leahy-Thurmond amendment to H.R. 3048 would require, as set forth in the Capturing Criminals Act, that the Attorney General report for the next three years to the Judiciary Committees of both the House and Senate on the following information about the use of administrative subpoenas in fugitive investigations: the number issued, by which agency, identification of the charges on which the fugitive was wanted and whether the fugitive was wanted on federal or state charges.

Third, although the original S. 2516 outlined the procedures for enforcement of an administrative subpoena, it was silent on the mechanisms for contesting the subpoena by the recipient. The procedures outlined in H.R. 3048 address this issue in a manner fully consistent with those I originally outlined in the Capturing Criminals Act by allowing a person, who is served with an administrative subpoena, to petition a court to modify or set aside the subpoena.

Fourth, the original S. 2516 set forth no procedure for the government to command a custodian of records to avoid disclosure or delay notice to a customer about the existence of the subpoena. This is particularly critical in fugitive investigations when law enforcement does not want to alert a fugitive that the police are on the person's trail. Both the prior substitute amendment to S. 2516, which passed the Senate last July, and H.R. 3048, which

the Senate considers today, provide express authority for law enforcement to apply for a court order directing the custodian of records to delay notice to subscribers of the existence of the subpoena on the same terms applicable in current law to other subpoenas issued, for example, to telephone companies and financial institutions. This procedure is consistent with provisions I originally proposed in the Capturing Criminals Act.

Fifth, S. 2516, as introduced, would have authorized use of an administrative subpoena in fugitive investigations upon a finding by the Attorney General that the documents are "relevant and material," which is further defined to mean that "there are articulable facts that show the fugitive's whereabouts may be discerned from the records sought." In my view, changing the standard for issuance of a subpoena from "relevancy" to a hybrid of "relevant and material" would set a confusing precedent. Accordingly, the current Hatch-Leahy-Thurmond amendment to H.R. 3048 amendment would authorize issuance of an administrative subpoena in fugitive investigations based on the same standard as for other administrative subpoenas, i.e., that the documents may be relevant to an authorized law enforcement inquiry.

Sixth, the original S. 2516 authorized the Attorney General to issue guidelines delegating authority for issuance of administrative subpoenas in fugitive investigations only to the Director of the U.S. Marshals Service, despite the fact that the FBI, and the Drug Enforcement Administration also want this authority to find fugitives on charges over which they have investigative authority. The substitute amendment to S. 2516, which previously passed the Senate, and the current Hatch-Leahy-Thurmond amendment to H.R. 3048, which we consider today, would authorize the Attorney General to issue guidelines delegating authority for issuance of administrative subpoenas to supervisory personnel within components of the Department. In addition, the current Hatch-Leahy-Thurmond amendment to H.R. 3048 would require that the Attorney General's guidelines require that administrative subpoenas in fugitive investigations be issued only upon the review and approval of senior supervisory personnel within the respective investigating agency and of the U.S. Attorney in the judicial district in which the subpoena would be served.

Seventh, the original S. 2516 did not address the issue that a variety of administrative subpoena authorities exist in multiple forms in every agency. The substitute amendment to S. 2516, which previously passed the Senate, and the Hatch-Leahy-Thurmond amendment to H.R. 3048, which we consider today, incorporates from the Capturing Criminals Act a requirement that the Attorney General provide a report on this issue.

Eighth, the current Hatch-Leahy-Thurmond amendment to H.R. 3048 would limit the use of administrative subpoenas in fugitive investigations to those fugitives who have been accused or convicted of serious violent felony or serious drug offenses.

Finally, as introduced, S. 2516 authorized the U.S. Marshal Service to establish permanent Fugitive Apprehension Task Forces. By contrast, the substitute amendment to S. 2516, which previously passed the Senate, and the Hatch-Leahy-Thurmond amendment to H.R. 3048, which we consider today, would authorize \$40,000,000 over three years for the Attorney General to establish multi-agency task forces (which will be coordinated by the Director of the Marshals Service) in consultation with the Secretary of the Treasury and the States, so that the Secret Service, BATF, the FBI and the States are able to participate in the Task Forces to find their fugitives.

The Hatch-Leahy-Thurmond amendment to H.R. 3048 will help law enforcement—with increased resources for regional fugitive apprehension task forces and administrative subpoena authority—to bring to justice both federal and state fugitives who, by their conduct, have demonstrated a lack of respect for our nation's criminal justice system.

I urge that the Senate pass H.R. 3048 with the Hatch-Leahy-Thurmond amendment without delay.

Mr. LOTT. Mr. President, I ask unanimous consent that the amendment be agreed to, the bill, as amended, be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 4319) was agreed to.

The bill (H.R. 3048), as amended, was read the third time and passed.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION AUTHORIZATION ACT OF 2000—CONFERENCE REPORT

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the conference report to accompany H.R. 1654, which is the NASA authorization conference report.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 1654) to authorize appropriations for the National Aeronautics and Space Administration for fiscal years 2000, 2001, and 2002, and for other purposes, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses this report, signed by all of the conferees.

The PRESIDING OFFICER. Without objection, the Senate will proceed to

the consideration of the conference report.)

(The conference report is printed in the House proceedings of the RECORD of September 12, 2000.)

Mr. HOLLINGS. Mr. President, I rise in support of H.R. 1654 which authorizes appropriations for the National Aeronautics and Space Administration for fiscal years 2000 to 2002.

We have taken a long road to reach this point. I particularly want to thank my fellow conferees, Senators MCCAIN, FRIST, STEVENS, and BREAUX. You and your staffs have worked in a professional, bipartisan manner to get this bill done. Congratulations.

In the past year alone, we have heard of great successes at NASA—launch of the first element of the International Space Station, discoveries about the nature of our universe by our new Chandra X-Ray Observatory, the discovery of evidence to show liquid water on Mars. However, NASA has also seen some chinks in its armor with the failure of the Mars Climate Orbiter and the Mars Polar Lander and subsequent questions about the “faster, better, cheaper” mission concept. I note that Section 301 of the bill requires an independent cost analysis of missions that are projected to cost more than \$150 million so that we do not operate under unrealistic budget constraints that have been blamed, in part, for these losses.

It seems that NASA is at a bit of a crossroads both in trying to operate more efficiently without losing its effectiveness and in looking forward to the day when the International Space Station will be complete. So you see, this is the perfect time for an authorization bill like this one to help lay down a road map for the agency.

Specifically, H.R. 1654 authorizes \$13.6 billion for NASA in FY 2000, \$14.2 billion in FY 2001, and \$14.6 billion in FY 2002. These are at or above the requested level. The conference report highlights some priorities within NASA's accounts. I want to make it very clear for the record, though—this is an authorization bill. None of this money in any of these accounts can be spent until appropriated. The VA-HUD appropriations law will have the final say on spending, and that is as it should be.

Senator MCCAIN and Senator BREAUX, I am sure, will summarize the major provisions of this legislation. I would like to discuss, briefly, why the conferees did what we did in a few places.

The bill imposes a cap on the total development cost of the International Space Station and related Space Shuttle launch costs. While I am no supporter of the International Space Station, I support the cap as a way of imposing a program that until recently was bleeding more and more red ink every day.

Nonetheless, I am concerned about the safety of the Shuttle, the Station, and our astronauts. As soon as NASA

expressed concerns about safety, we immediately listened to their concerns and accommodated them without putting a hole in the cap that you could fly the Shuttle through.

Section 324 of the bill alters the provisions of the Space Act relating to insurance, indemnification, and cross waivers for experimental launch vehicles. Current law provides broad authority for the Administrator of NASA to indemnify the developers of experimental launch vehicles. As you may know, the parallel authority under FAA's licensing authority for operational vehicles sunsets periodically. H.R. 1654 places a sunset on the authority for experimental vehicles to allow us to review its use. The bill also does not allow reciprocal waivers of liability in a case where a loss results from the willful misconduct of a party to such waiver.

I am pleased we could include section 322 which would prohibit the licensing of the U.S. launch of a payload containing advertising which would be visible to the naked eye from space. It also encourages the President to seek agreements with other nations to do the same. I, for one, do not believe that advertisements should compete for space in the sky with constellations, meteor showers, and planets.

The conferees have authorized \$25 million in FY 2001 and 2002 for the Commercial Remote Sensing Program's data purchases. I hope that such funding would be used to assist local and state government users acquire and use remote sensing data in their operations.

The conferees have worked with the Administration to resolve several complicated policy issues. We did not come to the exact place the Administration wanted us to be. Nonetheless, I think we have come to provisions which satisfy the Administration's bottom line. Does the Administration love the bill? Of course not—what agency likes oversight, likes an authorization bill, especially if that agency has been operating in the absence of authorization since FY 1993. Nonetheless, I think we have done a good job. This is a bill the President can and should sign.

We resolve the Administration's concerns regarding onerous provisions relating to Russian involvement in the Space Station program by making them country-neutral and forward-looking. The bill keeps the Space Station Commercial Demonstration Program in law, albeit for a shorter authorization period. H.R. 1654 will allow NASA to lease an inflatable habitation module or “Trans-HAB.” The bill does not terminate the Triana satellite program. And, as I mentioned before, the bill accounts for safety-related concerns about the cap provision.

Unfortunately, we could not include some meritorious provisions which were transmitted to the Hill with NASA's FY 2001 budget submission. I would be happy to work in the next Congress with NASA on a policy bill which meets these needs.

Finally, I thank the chairman of the Commerce Committee once again. When our negotiations with the House threatened to dissolve, he stood firm on the need for a bipartisan NASA bill this year. I speak for all of the conferees when I congratulate him for putting together this bill. While it is not perfect, I support H.R. 1654 and hope that the Senate will adopt the conference report.

Mr. BREAUX. Mr. President, I rise in support of the conference report on H.R. 1654, the NASA Authorization bill. First, I thank Chairman MCCAIN and the other Senate conferees. We have come to a bi-partisan agreement after many months of conference and now we have the opportunity to pass a NASA Authorization bill for the first time since fiscal year 1993.

As you know, NASA is one of the agencies of government that captures the spirit of the American people. Who can fail to be awed by the liftoff of a Space Shuttle, a walk in space, or the discovery of water on Mars? Because NASA is such a treasure, it is important that we in Congress exercise our duty to oversee and authorize its programs.

And that is just what this conference report does. H.R. 1654 would authorize funding for the National Aeronautics and Space Administration at the appropriated level of \$13.6 billion in FY 2000. It provides \$14.2 billion in FY 2001 and \$14.6 billion in FY 2002, slightly more than the President's requested level.

The bill fully funds the Space Shuttle program, the International Space Station, and the Space Launch Initiative. It provides authorizations above the requested levels for the Space Grant College program, the Experimental Program to Stimulate Competitive Research, EPSCoR, and NASA's research into aircraft noise reduction and cleaner, more energy-efficient aircraft engine technology—research that can improve the quality of life of Americans who live near airports.

When we were nearing the finish line with this bill, the Administration contacted us about several key concerns they had with the bill. We have resolved their concerns, and now I would like to run through these issues: our interaction with International Space Station partners, commercialization of the Space Station, Trans-Hab, Shuttle Safety, and Triana.

International partners and the space station: We successfully altered House-proposed language which was overly punitive. The provision contained in H.R. 1654 encourages NASA to provide for equitable use of the Space Station by seeking reduction in utilization rights (like crew allocation) for International Partners that willfully violate any of their commitments to the program.

Space station commercialization: The conferees agreed to leave in place the Space Station Commercial Development program and did not agree to

the House's proposal to eliminate the program. We did, however, shorten the period of time for which the program is authorized from 2004 to 2002. The program will be up for reauthorization at the same time that NASA itself is due for reauthorization.

Trans-hab: NASA has considered replacing the "hard" habitation module for the Space Station with an inflatable "Trans-Hab." The House had sought to prohibit NASA from using its funds to develop an inflatable habitation module. The conference agreement clarifies that NASA is permitted to lease or use a commercially-developed Trans-Hab. It is my understanding that NASA is currently evaluating a very serious commercial proposal for an inflatable space structure capable of accommodating humans in space, and this language should allow them to participate in such an agreement.

Shuttle safety: The Administration was concerned that the Senate-passed cost cap on the International Space Station and Shuttle flights to assemble the Station might send the wrong message about Shuttle and Station crew safety. That concern sent up a red flag to the conferees—no cost limitation proposed in this legislation should make NASA hesitate for one moment in launching the Shuttle if a life was at stake. No one wants to jeopardize the life and safety of the crew of the Space Station. We inserted language to ensure that the cap would not apply to costs incurred to ensure or enhance the safety or reliability of the Space Shuttle and another provision to allow the Administrator to use monies provided beyond the cap to improve safety or to launch a shuttle to protect the Station and its crew.

Triana: Finally, the House agreed to take out its provision to terminate the Triana program. Triana will be the world's first Earth-observing mission to L1, the gravitational mid-point between the sun and the Earth. From this vantage point, the satellite has a continuous view of the Sun-lit portion of the Earth. Over 90 percent of the instrument development has already taken place, and we've already spent about \$40 million.

NASA highlighted several legislative provisions which they feel would be beneficial, yet are not included in the bill. While I would not support all of those provisions, I am disappointed we could not include some of the provisions that represent their greatest needs in this Conference Report.

I would also like to highlight a few of H.R. 1654's other major provisions. The Conference Report imposes a \$25.0 billion cost cap for International Space Station development and a \$17.7 billion cost cap for Space Shuttle launch costs in connection with Station assembly. The cap would not apply to operations, research, or crew return activities after the Station is complete. An additional contingency fund of \$5 billion for Station development and \$3.5 billion

for Space Shuttle is authorized to provide flexibility in case of an emergency or other unusual circumstance.

As you know, I am a strong supporter of the International Space Station Program. The Space Shuttle *Discovery* is currently on the 100th Space Shuttle mission, putting cargo and other items in place so that the Station is ready to be occupied by its permanent crew next month.

The cap on Station development in the bill does not seek to alter or impede that program in any way. It merely seeks to limit the development costs so we stick to the plan and put a fully-operational Space Station on orbit in a timely manner.

The bill also directs NASA, after Congressional review of their plan, to establish a non-governmental organization (NGO) to manage Space Station research and commercial activities upon completion of the Station. I understand that some members are concerned about this provision. I will simply note: (1) NASA is already in the process of evaluating and establishing an NGO to manage station research; and (2) our bill allows Congress nearly 4 months to react to NASA's proposal before it can be implemented. If we don't like what they come back with, we can tell them not to do it.

H.R. 1654 represents the culmination of several years of hard work, and it is a good piece of legislation. I don't like every provision in the bill, but it represents a fine compromise—and one it looked like we might never reach. Again, I would like to thank Chairman MCCAIN and Senator FRIST for their hard work and to thank our staffs, in particular Floyd DesChamps, Elizabeth Prostic, and Jean Toal Eisen.

I urge the swift adoption of the conference report.

Mr. LOTT. Mr. President, I ask unanimous consent that the conference report be agreed to, the motion to reconsider be laid upon the table, and any statements relating to the report be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

CORRECTING THE ENROLLMENT OF H.R. 1654

Mr. LOTT. Mr. President, I ask unanimous consent that H. Con. Res. 409, a concurrent resolution, which corrects the enrollment of H.R. 1654 be agreed to and the motion to reconsider with laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (H. Con. Res. 409) was agreed to.

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM AMENDMENT

Mr. LOTT. Mr. President, I ask unanimous consent that the Governmental Affairs Committee be discharged from further consideration of H.R. 2842, and

the Senate then proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 2842) to amend chapter 89 of title 5, United States Code, concerning the Federal Employees Health Benefits (FEHB) Program, to enable the Federal Government to enroll an employee and his or her family in the FEHB Program when a State court orders the employee to provide health insurance coverage for a child of the employee but the employee fails to provide the coverage.

There being no objection, the Senate proceeded to consider the bill.

Mr. LOTT. I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 2842) was read the third time and passed.

TO COMPLETE THE ORDERLY WITHDRAWAL OF THE NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION FROM THE CIVIL ADMINISTRATION OF THE PRIBILOF ISLANDS, ALASKA

Mr. LOTT. Mr. President, I ask unanimous consent that the Commerce Committee be discharged from further consideration of H.R. 3417 and the Senate then proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 3417) to complete the orderly withdrawal of the National Oceanic and Atmospheric Administration from the civil administration of the Pribilof Islands, Alaska.

There being no objection, the Senate proceeded to consider the bill.

AMENDMENT NO. 4320

(Purpose: To reauthorize the Coastal Zone Management Act and the Atlantic Striped Bass Conservation Act, and for other purposes.)

Mr. LOTT. Mr. President, Senators SNOWE and KERRY have an amendment at the desk, and I ask for its consideration.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Mississippi [Mr. LOTT] for Ms. SNOWE, for herself and Mr. KERRY, proposes an amendment numbered 4320.

(The text of the amendment is printed in today's RECORD under "Amendments Submitted.")

Mr. LOTT. Mr. President, I ask unanimous consent that the amendment be agreed to.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 4320) was agreed to.

Ms. SNOWE. Mr. President, I rise to support H.R. 3417, the Pribilof Islands Transition Act with the amendment I have offered. This bill, as amended, contains a number of ocean, coastal, and fisheries related titles that will result in major conservation gains for our nation's marine resources at a time when we are placing enormous demands on them. The bill not only attempts to provide additional environmental protections through a number of state and local programs, but also tools for better management.

Title I of this bill is the Pribilof Islands Transition Act. The Alaskan Pribilof Islands in the Bering Sea were a former reserve for harvesting fur seals. The Commerce Department, acting through the National Oceanic and Atmospheric Administration (NOAA), has been involved in municipal and social services on the islands since 1910. In 1983, NOAA tried to remove themselves from administering these programs. However, despite the \$20 million in funds the Pribilof Islands received to replace future annual Federal appropriations, the Pribilof Islanders claim that the terms of the transition process were not met and the withdrawal failed.

This title authorizes \$28 million over five years to again attempt to achieve the orderly withdrawal of NOAA from the civil administration of the Pribilof Islands. Additionally, it authorizes \$10 million a year for five years for NOAA to complete its environmental cleanup and landfill closure obligations prior to the final transfer of federal property to the six local entities. The Pribilof Islands have historically been a very expensive program to the American taxpayers. Congress expects that this title will provide a final termination of NOAA's municipal and social service responsibilities on the islands and a distinct end to federal taxpayer funding of those services.

Title II of this bill is the Coastal Zone Management Act of 2000, which refines and reauthorizes funding for the nation's coastal zone management program. This is the same language that was passed by unanimous consent in the Senate on September 28, 2000. Not only is this federal-state partnership important to my home state of Maine, but it is also a significant management tool for coastal states throughout the country. Despite the fact that the coastal zone only comprises 10 percent of the contiguous U.S. land area, it is home to more than 53 percent of the U.S. population, and more than 3,600 people relocate there annually. Not only is it an important economic region, but the coastal zone is also critical ecologically.

We are currently facing a very serious problem in the coastal zone in the form of non-point source pollution. This type of runoff pollution is degrading the condition of our coastal rivers, wetlands, and marine environments. Compromising the environmental integrity of the coastal zone can in turn

have a large impact on the regions' economic viability in a number of sectors, including tourism and fishing. The Coastal Zone Management Act of 2000 addresses this issue by encouraging and funding states to implement local solutions to their non-point source pollution problems. We have not created any new mandates or programs addressing non-point source pollution. Rather, the Coastal Community program can be used at the states' discretion if they want to create and implement local community-based solutions to problems, which would include non-point source pollution control strategies and measures.

This title greatly increases authorization levels for the coastal zone management program, allowing states to better address their coastal management plan goals. While we have achieved many successes through the CZMA, the states have made it clear that they can do more and that they can raise additional funds to match the increased federal funding. Therefore, we have authorized a total of \$136.5 million for fiscal year 2001 and increased authorization levels by \$5.5 million a year through fiscal year 2004. This total authorization includes an increase for the National Estuarine Research and Reserve System (NERRS) to \$12 million in fiscal year 2001, with an additional \$1 million increase each year through fiscal year 2004.

Mr. President, Title III of the bill deals with the management of several Atlantic coast fisheries. Subtitle A reauthorizes the Atlantic Striped Bass Conservation Act (ASBCA). The ASBCA was originally passed to help coordinate and improve interstate management of Atlantic striped bass, an important commercial and recreational fish. Because striped bass migrate along the eastern seaboard, it is imperative that management measures be coordinated among the various states. The rebuilding of striped bass populations is considered one of our fisheries management success stories and it is critical that we continue these efforts. This subtitle authorizes \$1.25 million a year for fiscal years 2001 through 2003 to carry out the provisions of the act and another \$250,000 to conduct a population study on the Atlantic striped bass.

Subtitle B, the Atlantic Coastal Fisheries Act of 2000, will reauthorize the highly successful interstate program that manages coastal fisheries that cross jurisdictional boundaries along the east coast. The states have proven that joint management of these resources is far more effective than a piecemeal approach by individual states. In an effort to further increase the effectiveness of interstate management, the states have initiated the Atlantic Coastal Cooperative Statistics Program. This joint data collection and analysis program is intended to meet the need for improved fishery statistics for management purposes. It is a comprehensive effort to address all

areas and fisheries and could serve as a model for a national cooperative statistics program. This subtitle authorizes \$10 million in fiscal year 2001, increasing the authorization by \$2 million a year until fiscal year 2005.

Subtitle C of this title deals with a significant problem facing the Atlantic bluefin tuna, ABT, fishery. In 1998, the Highly Migratory Species Advisory Panel unanimously requested and advised the Secretary of Commerce to ban the use of spotter aircraft in the General and Harpoon categories of the ABT fishery. Spotter aircraft tend to accelerate the catch of the ABT, and thus can create significant impacts on both the communities that depend on the fishery and the conservation intentions of the ABT management plans. Because NMFS has been unable to successfully implement a rule to ban the use of spotter aircraft in the ABT fishery over the past two years, it has become necessary for Congress to take legislative action. Subtitle C prohibits the unfair use of spotter aircraft to locate or assist in fishing for ABT in the General and Harpoon categories of the ABT fishery. This action follows numerous public hearings held by NMFS and the discussion of this issue at several Senate hearings. This provision passed by unanimous consent in the Senate as part of an amendment to H.R. 1651, the Fishermen's Protective Act, on June 26, 2000.

Mr. President, to many Americans, as well as myself, the practice of shark finning is both wasteful and disturbing. Shark finning is a method by which the dorsal fin and tail of a shark are cut off and retained, while the rest of the shark carcass is discarded as waste. Much of the fin product is then exported for sale to Asian countries. Title IV, the Shark Conservation Act, attempts to address this problem by prohibiting the domestic landing and at-sea transshipment of shark fins. It also directs the Administration to begin international negotiations to reduce foreign shark finning.

Title V of the bill is the Fishermen's Protective Act Amendments of 2000. It amends the Fishermen's Protective Act of 1967 to lengthen the period during which reimbursement can be provided to owners of U.S. fishing vessels for costs incurred when a vessel is illegally seized, detained, or charged certain fees by a foreign country. Under the title, the reimbursement period is extended until fiscal year 2003. This provision passed by unanimous consent in the Senate on June 26, 2000.

Mr. President, title VI of the bill is the Yukon River Salmon Act of 2000. It creates a Yukon River Salmon Panel to advise both the Secretary of State regarding negotiation of any international agreements with Canada relating to management of Yukon River salmon stocks and Secretary of the Interior regarding management of those stocks. An Advisory Committee is created to make advisory recommendations to a number of entities, including

the Panel. A total of four million dollars a year for fiscal years 2000 through 2003 is authorized. Of these funds, up to \$3 million a year can be used for a Yukon River salmon survey, restoration, enhancement activities; \$600,000 of the total is to be available for cooperative Yukon River salmon research and management projects. This provision passed by unanimous consent in the Senate on June 26, 2000.

This bill also address the very serious problem of an aging fishery research vessel, FRV, fleet. Because these vessels are used to conduct the majority of fishery stock assessments, they are a critical tool for improving management and regulation of our commercial fish species. Over the past year, I have conducted a series of six hearings across the country on fisheries management. At every hearing, the need for more and better data was raised repeatedly by the witnesses. The seventh title of the bill directs the Secretary of Commerce to acquire vessels, authorizing \$60 million a year for fiscal years 2002 through 2004. They will be outfitted with the latest technology and enable innovative research. New England is in particular need of a replacement FRV, since the current NOAA vessel, the Albatross IV, is 38 years old and at the end of its useful life. Without a new vessel, the ability for NOAA to collect long term fisheries, oceanographic, and biological data in New England will be seriously compromised. I had offered this provision as an amendment to the Fishermen's Protective Act which passed by unanimous consent in the Senate on June 26, 2000.

Mr. President, the bill also makes significant conservation and management improvements for our nation's coral reefs. Title VIII, the Coral Reef Conservation Act of 2000, requires the creation of a national coral reef action strategy. Of particular note is the use of marine protected areas to serve as replenishment zones. The U.S. Coral Reef Task Force has called for setting aside 20 percent of coral reefs in each region of the United States that contains reefs as no-take areas. However, many of the U.S. islands that have coral reefs have significant cultural ties to these reefs. It is imperative that any new marine protected areas are developed in close cooperation with the people of these islands and account for traditional and cultural uses of these resources. Without such cooperation, there will not be public support. The national strategy will address how such traditional uses will be incorporated into these replenishment zones.

The national program will also incorporate such important topics as mapping; research, monitoring, and assessment; international and regional management; outreach and education; and restoration. According to NOAA, the majority of our nation's coral reefs are within federal waters, therefore it is expected that NOAA will continue to

work cooperatively with the states, territories, and commonwealths in the development and implementation of coral reef management plans and shift the burden of responsibility onto these states, territories, and commonwealths.

The title also creates a new coral reef conservation program, which will provide grants to states, governmental authorities, educational institutions, and non-governmental organizations. This is intended to foster locally based coral reef conservation and management. Creation of a coral reef conservation fund is also authorized. This fund would allow the Administration to enter into agreements with nonprofit organizations to support partnerships between the public and private sectors to further the conservation of coral reefs and help raise the matching funds required as part of the new grants program.

The title authorizes a total of \$16 million a year for fiscal years 2001 through 2004 to be split equally between the local coral reef conservation program and national coral reef activities.

Title IX of the bill amends the American Fisheries Act to allow for the participation of two additional catcher vessels in the Alaskan pollock fishery. These vessels were able to demonstrate that they should have been included in the Act when it passed in 1998. This title also makes a number of minor technical changes to other fisheries laws.

Title X creates a new marine mammal rescue assistance grant program. This new program will assist eligible marine mammal stranding network participants by providing funding for recovery and treatment of marine mammals. Grants can also be used for data collection and the continued operation of these stranding centers. Efforts of these centers are critical for the continued conservation and management of marine mammals in our nation's waters. This program is authorized at \$5 million for each of fiscal years 2001, 2002, and 2003.

I would like to thank Senator KERRY, the ranking member of the Oceans and Fisheries Subcommittee for his hard work and support of this bill. I would also like to thank Senator INOUE for his support, particularly for his contributions to the coral reef conservation section of the bill. In addition, I would like to thank Senator MCCAIN, the chairman of the Commerce Committee, and Senator HOLLINGS, the ranking member of the Committee, for their bipartisan support of this measure. We have before us an opportunity to significantly improve our Nation's ability to conserve and manage our marine resources and I urge the Senate to pass H.R. 3417, as amended.

Mr. KERRY. Mr. President, I rise to make a few remarks on H.R. 3417 and amendments to it that will pass the Senate today. It is a package of several bills all designed to benefit our coastal

and marine environment. It is my hope, Mr. President, that the House of Representatives will consider and pass the bill immediately. They are sound proposals with broad support.

Since the day I first arrived in the Senate more than 15 years ago, I have worked hard to address the many challenges confronting our common ocean and coastal resources. After all, few states draw as much of their national and regional identity from their coasts as does Massachusetts. And I have been fortunate that the Commerce Committee includes members of both parties who are ready and willing to work together, to find compromise and pass sound legislation. In that regard, I want to thank Senators SNOWE, MCCAIN and HOLLINGS for their work on this bill.

The major provisions of H.R. 3417, as amended, are the Pribilof Islands Transition Act, the Shark Finning Prohibition Act, the Atlantic Striped Bass Conservation Act, the Atlantic Coastal Fisheries Cooperative Management Act, the Coastal Zone Management Act, the Fishermen's Protective Act Amendments, the Coral Reef Conservation Act and the Marine Mammal Rescue Assistance Act. Each of these major proposals in the bill, except the corals bill, has already passed the House, the Senate or both. The bill also includes a ban on the use of spotter aircraft in certain bluefin tuna fishery categories. This proposal has passed the Senate.

I would like to make a few short comments on the Coastal Zone Management Act. To begin, I want to thank Senator SNOWE, our chairman on the Oceans and Fisheries Subcommittee on the Commerce Committee, for putting this legislation on the Committee agenda this Congress and working for its enactment.

Mr. President, when Congress enacted the Coastal Zone Management Act in 1972, it made the critical finding that, "Important ecological, cultural, historic, and esthetic values in the coastal zone are being irretrievably damaged or lost." As we deliberated CZMA's reauthorization this session, I measured our progress against that almost 30-year-old congressional finding. And, I concluded that while we have made tremendous gains in coastal environmental protection, the increasing challenges have made this congressional finding is as true today as it was then.

It is clear from the evidence presented to the Committee in our oversight process and from other input that I have received, that a great need exists for the federal government to increase its support for states and local communities that are working to protect and preserve our coastal zone. To accomplish that goal, the Committee has reported a bill that substantially increases annual authorizations for the CZMA program and targets funding at controlling coastal polluted runoff, one of the more difficult challenges we face in the coastal environment.

This reauthorization tackles the problem of polluted coastal runoff. This is one of the great environmental and economic challenges we face in the coastal zone. At the same time that pollution from industrial, commercial and residential sources has increased in the coastal zone, the destruction of wetlands, marshes, mangroves and other natural systems has reduced the capacity of these systems to filter pollution. Together, these two trends have resulted in environmental and economic damage to our coastal areas. These effects include beach closures around the nation, the discovery of a recurring "Dead Zone" covering more than 6,000 square miles in the Gulf of Mexico, the outbreak of *Pfiesteria* on the Mid-Atlantic, the clogging of shipping channels in the Great Lakes, and harm to the Florida Bay and Keys ecosystems. In Massachusetts, we've faced a dramatic rise in shell fish beds closures, which have put many of our fishermen out of work.

To tackle this problem, the Coastal Zone Management Act of 2000 targets up \$10 million annually to, "assist coastal communities to coordinate and implement approved coastal nonpoint pollution control strategies and measures that reduce the causes and impacts of polluted runoff on coastal waters and habitats." This is an important amendment. For the first time, we have elevated the local management of runoff as national priority within the context of the CZMA program. Runoff is not a state-by-state problem; the marine environment is far too dynamic. States share the same coastlines and border large bodies of waters, such as the Gulf of Mexico, the Chesapeake Bay or the Long Island Sound, so that pollutants from one state can detrimentally affect the quality of the marine environment in other states. We are seeing the effects of polluted runoff both in our coastal communities and on our nation's living marine resources and habitats. Mr. President, I'm pleased that we've included the runoff provision in the bill. It's an important step forward and I believe we will see the benefits in our coastal environment and economy.

The Coastal Zone Management Act of 2000, Mr. President, has been endorsed by the 35 coastal states and territories through the Coastal States Organization. It also has the endorsement of the Great Lakes Commission, American Oceans Campaign, Coast Alliance, Center for Marine Conservation, Sierra Club, Environmental Defense, California CoastKeeper and many other groups. It's a long list that makes clear that this is a consensus proposal. We heard from all sides and did our best to find compromise, and I believe that we succeeded.

I also want to make a short statement on shark finning. H.R. 3417 would prohibit the practice of shark finning. Sharks are among the most biologically vulnerable species in the ocean. Their slow growth, late matu-

rity and small number of offspring leave them exceptionally vulnerable to overfishing and slow to recover from depletion. At the same time, sharks, as top predators, are essential to maintaining the balance of life in the sea. While many of our other highly migratory species such as tunas and swordfish are subject to rigorous management regimes, sharks have largely been overlooked until recently.

The bill bans the wasteful practice of removing a shark's fins and returning the remainder of the shark to sea. National Marine Fisheries Service regulations in the Atlantic Ocean prohibit the practice of shark finning, but a nationwide prohibition does not currently exist. Shark fins comprise only a small percentage of the weight of the shark, and yet this is often the only portion of the shark retained. The Magnuson-Stevens Act and international commitments discourage unnecessary waste of fish, and thus I believe this bill ensures our domestic regulations are consistent on this point. Another goal of the Magnuson-Stevens Act—the minimization of bycatch and bycatch mortality—is an issue that I have been particularly committed to over the years. Because most of the sharks caught and finned are incidentally captured in fisheries targeting other species, I believe establishing a domestic ban will help us further reduce this type of shark mortality.

The next step in this process is to act internationally. At present, foreign fleets transship or land approximately 180 metric tons of shark fins annually through ports in the Pacific alone. The global shark fin trade involves at least 125 countries, and the demand for shark fins and other shark products has driven dramatic increases in shark fishing and shark mortality around the world. International measures are an absolutely critical component of achieving effective shark conservation.

Finally, the bill authorizes a Western Pacific longline fisheries cooperative research program to provide information for shark stock assessments, identify fishing gear and practices that prevent or minimize incidental catch of sharks and ensure maximum survivorship of released sharks, and provide data on the international shark fin trade.

The United States is a global leader in fisheries conservation and management. I believe this legislation provides us the opportunity to further this role, and take the first step in addressing an international fisheries management issue. In addition, I believe the U.S. should continue to lead efforts at the United Nations and international conventions to achieve coordinated international management of sharks, including an international ban on shark-finning.

Mr. President, this package also includes a provision to ban the use of spotter aircraft in both the harpoon and general categories of the Atlantic bluefin tuna fishery. This has been an

ongoing issue in New England since 1996. Several of my Senate colleagues, including Senators SNOWE, KENNEDY, GREGG, and COLLINS, have asked the agency to ban aircraft in the past. Unfortunately Mr. President, because aircraft do not catch fish, our legal system has determined that the agency cannot regulate these aircraft. Let me point out that the fisheries service has gone through two rounds of public rule-making on this issue and in both instances an overwhelming number of public comments were in support of this ban. The Atlantic bluefin tuna fishery is one of the last open fisheries in New England, and spotter aircraft provide an unfair competitive advantage to those fishermen who use them. Banning spotter aircraft will level the playing field and provide the opportunity for thousands of New Englanders to experience the thrill of landing a 400 pound bluefin tuna that, depending on the quality of the fish, can easily be worth \$10,000.

Mr. President, H.R. 3417 also includes an authorization for the Secretary of Commerce to acquire fishery research vessels in 2002, 2003, and 2004 at a cost of \$60 million. These state-of-the-art fishery research vessels will replace a fleet of vessels that are becoming technologically obsolete and reaching the end of their useful lives. In New England, the primary vessel used for our stock assessments is the 38-year old Albatross IV. Over the years NOAA has assumed increased responsibilities for managing our marine resources under the Magnuson-Stevens Fisheries Conservation and Management Act, the Marine Mammal Protection Act, and the Endangered Species Act. It is absolutely imperative that we give NOAA scientists the tools necessary to carry out the mandates Congress has given them.

Mr. President, I sincerely hope that the House will move to pass this legislation. This is a very reasonable proposal. Indeed, it includes several proposals the House has initiated and passed. We have made every effort to act on their priorities and we ask that they do the same with our priorities.

ATLANTIC STRIPED BASS CONSERVATION ACT

Mr. SMITH of New Hampshire. Mr. President, I rise today to applaud my colleague from Arizona, Senator MCCAIN, on his efforts to reauthorize the Atlantic Striped Bass Conservation Act in a package of oceans and fisheries legislation. I would also like to reaffirm the continued interest of the Committee on Environment and Public Works in this important legislation, over which our two committees have traditionally shared jurisdiction. As my colleague knows, this legislation is critically important to the northeast.

The populations of striped bass, which can be found all along the east coast, began to decline dramatically during the 1970s. In 1979, Congress responded by authorizing the Emergency Striped Bass Study as part of the Anadromous Fish Conservation Act.

And in 1984, Congress enacted the Atlantic Striped Bass Conservation Act. This Act promotes a coordinated Federal-State partnership for striped bass management. The National Marine Fisheries Service and the U.S. Fish and Wildlife Service have been jointly responsible for working with State agencies to recover the fishery. Their efforts have been very successful. The commercial catch of striped bass peaked in 1998 at 19 million pounds, which is a dramatic increase from 1983 when the catch was 2.9 million pounds.

Historically, both the Environment and Public Works Committee, which I chair, and the Commerce, Science, and Transportation Committee, which is chaired by Senator MCCAIN, have shared jurisdiction over the conservation of striped bass. Because both the Department of Commerce and the Department of the Interior are involved in the conservation of the fishery, legislation to reauthorize the 1984 Atlantic Striped Bass Conservation Act has always been of interest to both the Commerce Committee and the Environment and Public Works Committee. The most recent reauthorizing legislation, the Atlantic Striped Bass Conservation Act Amendments of 1997, was sequentially referred, by unanimous consent, to the Environment and Public Works Committee after the Commerce Committee ordered the bill to be reported. The Environment Committee then amended and reported the bill. It was signed into law on December 16, 1997.

In order to facilitate passage of reauthorizing legislation this year, I have agreed to the language being offered by Senator MCCAIN in H.R. 3417, as amended, the Pribilof Islands Transition Act, and will not request sequential referral. However, I want to reaffirm, with the agreement of my colleague, that this in no way affects the future jurisdiction of the Environment and Public Works Committee over the Atlantic Striped Bass Conservation Act.

Mr. MCCAIN. As the Senator from New Hampshire stated, the Commerce Committee and the Environment and Public Works Committee have historically shared jurisdiction over the Atlantic Striped Bass Conservation Act. Our two committees have in the past always worked together to reauthorize and amend the Atlantic Striped Bass Conservation Act. I expect that relationship to continue.

In order to facilitate the passage of this year's Atlantic Striped Bass reauthorization, Subtitle A of Title III of H.R. 3417, as amended, reauthorizes the Atlantic Striped Bass Conservation Act. Although the Pribilof Islands Transition Act and the other provisions in this legislation are under the sole jurisdiction of the Commerce Committee, I understand that my colleague from New Hampshire has reviewed and approved the language contained in Title III; therefore, the shared jurisdiction of the Commerce Committee and the Environment and Public Works

Committee over the conservation of Atlantic Striped bass should not be altered.

Mr. LOTT. I ask unanimous consent the bill be read a third time and passed, as amended, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 3417), as amended, was read the third time and passed.

PROMOTING THE DEVELOPMENT OF THE COMMERCIAL SPACE TRANSPORTATION INDUSTRY

Mr. LOTT. Mr. President, I ask unanimous consent that the Commerce Committee be discharged from further consideration of H.R. 2607, and the Senate then proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 2607) to promote the development of the commercial space transportation industry, to authorize appropriations for the Office of the Associate Administrator for Commercial Space Transportation, to authorize appropriations for the Office of Space Commercialization, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

AMENDMENT NO. 4321

Mr. LOTT. Mr. President, Senators MCCAIN and FRIST have an amendment at the desk, and I ask for its consideration.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Mississippi [Mr. LOTT] for Mr. MCCAIN, for himself and Mr. FRIST, proposes an amendment numbered 4321.

The amendment is as follows:

(Purpose: To promote the development of the commercial space transportation industry, and for other purposes)

Strike out all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Commercial Space Transportation Competitiveness Act of 2000".

SEC. 2. FINDINGS.

The Congress finds that—

(1) a robust United States space transportation industry is vital to the Nation's economic well-being and national security;

(2) enactment of a 5-year extension of the excess third party claims payment provision of chapter 701 of title 49, United States Code, (Commercial Space Launch Activities) will have a beneficial impact on the international competitiveness of the United States space transportation industry;

(3) space transportation may evolve into airplane-style operations;

(4) during the next 3 years the Federal Government and the private sector should analyze the liability risk-sharing regime to determine its appropriateness and effectiveness, and, if needed, develop and propose a new regime to Congress at least 2 years prior

to the expiration of the extension contained in this Act;

(5) the areas of responsibility of the Office of the Associate Administrator for Commercial Space Transportation have significantly increased as a result of—

(A) the rapidly expanding commercial space transportation industry and associated government licensing requirements;

(B) regulatory activity as a result of the emerging commercial reusable launch vehicle industry; and

(C) the increased regulatory activity associated with commercial operation of launch and reentry sites; and

(6) the Office of the Associate Administrator for Commercial Space Transportation should continue to limit its promotional activities to those which support its regulatory mission.

SEC. 3. OFFICE OF COMMERCIAL SPACE TRANSPORTATION.

(a) AMENDMENT.—Section 70119 of title 49, United States Code, is amended to read as follows:

“§ 70119. Office of Commercial Space Transportation.

“There are authorized to be appropriated to the Secretary of Transportation for the activities of the Office of the Associate Administrator for Commercial Space Transportation—

“(1) \$12,607,000 for fiscal year 2001; and

“(3) \$16,478,000 for fiscal year 2002.”.

(b) TABLE OF SECTIONS AMENDMENT.—The item relating to section 70119 of the table of sections of chapter 701 of title 49, United States Code, is amended to read as follows:

“70119. Office of Commercial Space Transportation.”.

SEC. 4. OFFICE OF SPACE COMMERCIALIZATION.

(a) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Commerce for the activities of the Office of Space Commercialization—

(1) \$590,000 for fiscal year 2001;

(2) \$608,000 for fiscal year 2002; and

(3) \$626,000 for fiscal year 2003.

(b) REPORT TO CONGRESS.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Commerce shall transmit to the Congress a report on the Office of Space Commercialization detailing the activities of the Office, the materials produced by the Office, the extent to which the Office has fulfilled the functions established for it by the Congress, and the extent to which the Office has participated in interagency efforts.

SEC. 5. COMMERCIAL SPACE TRANSPORTATION INDEMNIFICATION EXTENSION.

(a) IN GENERAL.—If, on the date of enactment of this Act, section 70113(f) of title 49, United States Code, has not been amended by the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001, then that section is amended by striking “December 31, 2000” and inserting “December 31, 2004”.

(b) AMENDMENT OF MODIFIED SECTION.—If, on the date of enactment of this Act, section 70113(f) of title 49, United States Code, has been amended by the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001, then that section is amended by striking “December 31, 2001” and inserting “December 31, 2004”.

SEC. 6. TECHNICAL AMENDMENT TO SECTION 70113 OF TITLE 49.

(a) Section 70113 of title 49, United States Code, is amended by striking “_____, 19____,” in subsection (e)(1)(A) and inserting “_____, 20____.”.

(b) The amendment made by subsection (a) takes effect on January 1, 2000.

SEC. 7. LIABILITY REGIME FOR COMMERCIAL SPACE TRANSPORTATION.

(a) REPORT REQUIREMENT.—Not later than 18 months after the date of the enactment of this Act, the Secretary of Transportation shall transmit to the Congress a report on the liability risk-sharing regime in the United States for commercial space transportation.

(b) CONTENTS.—The report required by this section shall—

(1) analyze the adequacy, propriety, and effectiveness of, and the need for, the current liability risk-sharing regime in the United States for commercial space transportation;

(2) examine the current liability and liability risk-sharing regimes in other countries with space transportation capabilities;

(3) examine the appropriateness of deeming all space transportation activities to be “ultrahazardous activities” for which a strict liability standard may be applied and which liability regime should attach to space transportation activities, whether ultrahazardous activities or not;

(4) examine the effect of relevant international treaties on the Federal Government's liability for commercial space launches and how the current domestic liability risk-sharing regime meets or exceeds the requirements of those treaties;

(5) examine the appropriateness, as commercial reusable launch vehicles enter service and demonstrate improved safety and reliability, of evolving the commercial space transportation liability regime towards the approach of the airline liability regime;

(6) examine the need for changes to the Federal government's indemnification policy to accommodate the risks associated with commercial spaceport operations; and

(7) recommend appropriate modifications to the commercial space transportation liability regime and the actions required to accomplish those modifications.

(c) SECTIONS.—The report required by this section shall contain sections expressing the views and recommendations of—

(1) interested Federal agencies, including—

(A) the Office of the Associate Administrator for Commercial Space Transportation;

(B) the National Aeronautics and Space Administration;

(C) the Department of Defense; and

(D) the Office of Space Commercialization; and

(2) the public, received as a result of notice in Commerce Business Daily, the Federal Register, and appropriate Federal agency Internet websites.

SEC. 8. AUTHORIZATION OF INTERAGENCY SUPPORT FOR GLOBAL POSITIONING SYSTEM.

The use of interagency funding and other forms of support is hereby authorized by Congress for the functions and activities of the Interagency Global Positioning System Executive Board, including an Executive Secretariat to be housed at the Department of Commerce.

Mr. LOTT. Mr. President, I ask unanimous consent that the amendment be agreed to.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 4321) was agreed to.

Mr. LOTT. I ask unanimous consent the bill be read a third time and passed, as amended, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 2607), as amended, was read the third time and passed.

MISCELLANEOUS TRADE AND TECHNICAL CORRECTIONS ACT OF 2000

Mr. LOTT. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 841, H.R. 4868.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 4868) to amend the Harmonized Tariff Schedule of the United States to modify temporarily certain rates of duty, to make other technical amendments to the trade laws, and for other purposes.

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on Finance, with an amendment to strike out all after the enacting clause and insert the part printed in italic.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Tariff Suspension and Trade Act of 2000”.

SEC. 2. TABLE OF CONTENTS.

The table of contents of this Act is as follows:

Sec. 1. Short title.

Sec. 2. Table of contents.

CHAPTER 1—NEW DUTY SUSPENSIONS AND REDUCTIONS

SEC. 1101. HIV/AIDS DRUG.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.98	[4R- [3(2S*,3S*), 4R*]]-3-[2-Hydroxy-3-[(3-hydroxy-2-methylbenzoyl)amino]-1-oxo-4-phenylbutyl]-5,5-dimethyl-N-[(2-methylphenyl)-methyl]-4-thiazolidine-carboxamide (CAS No. 186538-00-1) (provided for in subheading 2930.90.90)	Free	No change	No change	On or before 12/31/2003	“.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1102. HIV/AIDS DRUG.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.99	5-[(3,5-Dichlorophenyl)-thio]-4-(1-methylethyl)-1-(4-pyridinylmethyl)-1H-imidazole-2-methanol carbamate (CAS No. 178979-85-6) (provided for in subheading 2933.39.61)	Free	No change	No change	On or before 12/31/2003	“.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1103. TRIACETONEAMINE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.80	2,2,6,6-Tetramethyl-4-piperidine (CAS No. 826-36-8) (provided for in subheading 2933.39.61)	Free	Free	No change	On or before 12/31/2003	“.
---	------------	---	------	------	-----------	-------------------------	----

SEC. 1104. INSTANT PRINT FILM IN ROLLS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.37.02	Instant print film, in rolls (provided for in subheading 3702.20.00)	Free	No change	No change	On or before 12/31/2003	“.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1105. COLOR INSTANT PRINT FILM.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.37.01	Instant print film of a kind used for color photography (provided for in subheading 3701.20.00)	2.8%	No change	No change	On or before 12/31/2003	“.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1106. MIXTURES OF SENNOSIDES AND MIXTURES OF SENNOSIDES AND THEIR SALTS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.75	Mixtures of sennosides and mixtures of sennosides and their salts (provided for in subheading 2938.90.00)	Free	No change	No change	On or before 12/31/2003	“.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1107. CIBACRON RED LS-B HC.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.04	Reactive Red 270 (CAS No. 155522-05-7) (provided for in subheading 3204.16.30)	Free	No change	No change	On or before 12/31/2003	“.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1108. CIBACRON BRILLIANT BLUE FN-G.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.88	6,13-Dichloro-3,10-bis[[2-[[4-fluoro-6-[(2-sulfonyl)amino]-1,3,5-triazin-2-yl]amino]propyl]amino]-4,11-triphenodioxazinedisulfonic acid lithium sodium salt (CAS No. 163062-28-0) (provided for in subheading 3204.16.30)	Free	No change	No change	On or before 12/31/2003	“.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1109. CIBACRON SCARLET LS-2G HC.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.86	Reactive Red 268 (CAS No. 152397-21-2) (provided for in subheading 3204.16.30)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1110. MUB 738 INT.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.91	2-Amino-4-(4-aminobenzoylamino)-benzenesulfonic acid (CAS No. 167614-37-1) (provided for in subheading 2924.29.70)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1111. FENBUCONAZOLE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.87	α -(2-(4-Chlorophenyl)ethyl)- α -phenyl-1H-1,2,4-triazole-1-propanenitrile (Fenbuconazole) (CAS No. 114369-43-6) (provided for in subheading 2933.90.06)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1112. 2,6-DICHLOROTOLUENE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.82	2,6-Dichlorotoluene (CAS No. 118-69-4) (provided for in subheading 2903.69.70)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1113. 3-AMINO-3-METHYL-1-PENTYNE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.84	3-Amino-3-methyl-1-pentyne (CAS No. 18369-96-5) (provided for in subheading 2921.19.60)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1114. TRIAZAMATE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.89	Acetic acid, [[1-[(dimethylamino)carbonyl]-3-(1,1-dimethylethyl)-1H-1,2,4-triazol-5-yl]thio]-ethyl ester (CAS No. 112143-82-5) (provided for in subheading 2933.90.17)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1115. METHOXYFENOZIDE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.93	Benzoic acid, 3-methoxy-2-methyl-2-(3,5-dimethylbenzoyl)-2-(1,1-dimethylethyl)hydrazide (CAS No. 161050-58-4) (provided for in subheading 2928.00.25)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1116. 1-FLUORO-2-NITROBENZENE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.04	1-Fluoro-2-nitrobenzene (CAS No. 001493-27-2) (provided for in subheading 2904.90.30)	Free	Free	No change	On or before 12/31/2003	”.
---	------------	---	------	------	-----------	-------------------------	----

SEC. 1117. PHBA.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.03	p-Hydroxybenzoic acid (CAS No. 99-96-7) (provided for in subheading 2918.29.22)	Free	Free	No change	On or before 12/31/2003	”.
---	------------	---	------	------	-----------	-------------------------	----

SEC. 1118. THQ (TOLUHYDROQUINONE).

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.05	Toluhydroquinone, (CAS No. 95-71-6) (provided for in subheading 2907.29.90)	Free	Free	No change	On or before 12/31/2003	”.
---	------------	---	------	------	-----------	-------------------------	----

SEC. 1119. 2,4-DICUMYLPHENOL.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.19.80	2,4-Dicumylphenol (CAS No. 2772-45-4) (provided for in subheading 2907.19.20 or 2907.19.80)	Free	No change	No change	On or before 12/31/2003	”.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall take effect on January 1, 2001.

(c) CALENDAR YEAR 2002.—

(1) IN GENERAL.—Heading 9902.32.67, as added by subsection (a) and amended by subsection (b), is further amended—

(A) by striking “7.1%” and inserting “6.4%”; and

(B) by striking “On or before 12/31/2001” and inserting “On or before 12/31/2002”.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall take effect on January 1, 2001.

SEC. 1224. 4-(CYCLOPROPYL- α -HYDROXYMETHYLENE)-3,5-DIOXO-CYCLOHEXANECARBOXYLIC ACID ETHYL ESTER.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.93	4-(Cyclopropyl- α -hydroxymethylene)-3,5-dioxo-cyclohexanecarboxylic acid, ethyl ester (CAS No. 95266-40-3) (provided for in subheading 2918.90.50)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1225. 4"-EPIMETHYLAMINO-4"-DEOXYAVERMECTIN B_{1A} AND B_{1B} BENZOATES.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.94	4"-Epimethyl-amino-4"-deoxyavermectin B _{1A} and B _{1B} benzoates (CAS No. 137512-74-4, 155569-91-8, or 179607-18-2) (provided for in subheading 2938.90.00)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1226. FORMULATIONS CONTAINING 2-[4-[(5-CHLORO-3-FLUORO-2-PYRIDINYL)OXY]-PHENOXY]-2-PROPYNYL ESTER.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.51	Propanoic acid, 2-[4-[(5-chloro-3-fluoro-2-pyridinyl)oxy]-phenoxy]-2-propynyl ester (CAS No. 105512-06-9) (provided for in subheading 3808.30.15)	3%	No change	No change	On or before 12/31/2003	”.
---	------------	---	----	-----------	-----------	-------------------------	----

SEC. 1227. MIXTURES OF 2-(2-CHLOROETHOXY)-N-[[4-METHOXY-6-METHYL-1,3,5-TRIAZIN-2-YL)-AMINO] CARBONYLBENZENESULFONAMIDE] AND 3,6-DICHLORO-2-METHOXYBENZOIC ACID.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.21	Mixtures of 2-(2-chloroethoxy)-N-[[4-methoxy-6-methyl-1,3,5-triazin-2-yl)amino]carbonylbenzene-sulfonamide] (CAS No. 82097-50-5) and 3,6-dichloro-2-methoxybenzoic acid (CAS No. 1918-00-9) with application adjuvants (provided for in subheading 3808.30.15)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1228. (E,E)-A- (METHOXYIMINO)-2-[[[1-[3-(TRIFLUOROMETHYL)PHENYL]- ETHYLIDENE] AMINO]OXY[METHYL] BENZENEACETIC ACID, METHYL ESTER.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.41	(E,E)-α-(Methoxyimino)-2-[[[1-[3-(trifluoromethyl)phenyl]- ethylidene]amino]oxy]- methyl]benzeneacetic acid, methyl ester (CAS No. 141517-21-7) (provided for in subheading 2929.90.20)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1229. FORMULATIONS CONTAINING SULFUR.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.13	Mixtures of sulfur (80 percent by weight) and application adjuvants (CAS No. 7704-34-9) (provided for in subheading 3808.20.50)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1230. MIXTURES OF 3-(6-METHOXY-4-METHYL-1,3,5-TRIAZIN-2-YL)-1-[2-(2-CHLOROETHOXY)-PHENYLSULFONYL]-UREA.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.52	Mixtures of 3-(6-methoxy-4-methyl-1,3,5-triazin-2-yl)-1-[2-(2-chloroethoxy)-phenylsulfonyl]-urea (CAS No. 82097-50-5) and application adjuvants (provided for in subheading 3808.30.15)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1231. MIXTURES OF 4-CYCLOPROPYL-6-METHYL-N-PHENYL-2-PYRIMIDINAMINE-4-(2,2-DIFLUORO-1,3-BENZODIOXOL-4-YL)-1H-PYRROLE-3-CARBONITRILE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.53	Mixtures of 4-cyclopropyl-6-methyl-N-phenyl-2-pyrimidinamine-4-(2,2-difluoro-1,3-benzodioxol-4-yl)-1H-pyrrole-3-carbonitrile (CAS No. 131341-86-1) and application adjuvants (provided for in subheading 3808.20.15)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1232. (R)-2-[2,6-DIMETHYLPHENYL)-METHOXYACETYLAMINO]PROPIONIC ACID, METHYL ESTER AND (S)-2-[2,6-DIMETHYLPHENYL)-METHOXYACETYLAMINO]PROPIONIC ACID, METHYL ESTER.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.31	(R)-2-[2,6-Dimethylphenyl)-methoxyacetylaminopropionic acid, methyl ester and (S)-2-[2,6-Dimethylphenyl)-methoxyacetylaminopropionic acid, methyl ester (CAS No. 69516-34-3) (both of the foregoing provided for in subheading 2924.29.47)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1233. MIXTURES OF BENZOTHIADIAZOLE-7-CARBOETHIOIC ACID, S-METHYL ESTER.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.22	Mixtures of benzothiadiazole-7-carboethioic acid, S-methyl ester (CAS No. 135158-54-2) and application adjuvants (provided for in subheading 3808.20.15)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1234. BENZOTHIADIAZOLE-7-CARBOETHIOIC ACID, S-METHYL ESTER.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.42	Benzothiadiazole-7-carboethioic acid, S-methyl ester (CAS No. 135158-54-2) (provided for in subheading 2934.90.12)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1235. O-(4-BROMO-2-CHLOROPHENYL)-O-ETHYL-S-PROPYL PHOSPHOROTHIOATE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.30	O-(4-Bromo-2-chlorophenyl)-O-ethyl-S-propyl phosphorothioate (CAS No. 41198-08-7) (provided for in subheading 2930.90.10)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1236. 1-[[2-(2,4-DICHLOROPHENYL)-4-PROPYL-1,3-DIOXOLAN-2-YL]-METHYL]-1H-1,2,4-TRIAZOLE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.80	1-[[2-(2,4-Dichlorophenyl)-4-propyl-1,3-dioxolan-2-yl]-methyl]-1H-1,2,4-triazole (CAS No. 60207-90-1) (provided for in subheading 2934.90.12)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1237. TETRAHYDRO-3-METHYL-N-NITRO-5-[[2-PHENYLTHIO]-5-THIAZOLYL]-4H-1,3,5-OXADIAZIN-4-IMINE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.76	Tetrahydro-3-methyl-N-nitro-5-[[2-phenylthio]-5-thiazolyl]-4H-1,3,5-oxadiazin-4-imine (CAS No. 192439-46-6) (provided for in subheading 2934.10.10)	4.3%	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1238. 1-(4-METHOXY-6-METHYLTRIAZIN-2-YL)-3-[[2-(3,3,3-TRIFLUOROPROPYL)-PHENYLSULFONYL]-UREA.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.28.40	1-(4-Methoxy-6-methyltriazin-2-yl)-3-[[2-(3,3,3-trifluoropropyl)-phenylsulfonyl]-urea (CAS No. 94125-34-5) (provided for in subheading 2935.00.75)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1239. 4,5-DIHYDRO-6-METHYL-4-[(3-PYRIDINYLMETHYLENE)AMINO]-1,2,4-TRIAZIN-3(2H)-ONE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.28.94	4,5-Dihydro-6-methyl-4-[(3-pyridinylmethyle)amino]-1,2,4-triazin-3(2H)-one (CAS No. 123312-89-0) (provided for in subheading 2933.69.60)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1240. 4-(2,2-DIFLUORO-1,3-BENZODIOXOL-4-YL)-1H-PYRROLE-3-CARBONITRILE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.97	4-(2,2-Difluoro-1,3-benzodioxol-4-yl)-1H-pyrrole-3-carbonitrile (CAS No. 131341-86-1) (provided for in subheading 2934.90.12)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1241. MIXTURES OF 2-((((4,6-DIMETHOXYPYRIMIDIN-2-YL)AMINO)-CARBONYL)SULFONYL)-N,N-DIMETHYL-3-PYRIDINECARBOXAMIDE AND APPLICATION ADJUVANTS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.69	Mixtures of 2-((((4,6-dimethoxypyrimidin-2-yl)amino)-carbonyl)sulfonyl)-N,N-dimethyl-3-pyridinecarboxamide and application adjuvants (CAS No. 111991-09-4) (provided for in subheading 3808.30.15)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1242. MONOCHROME GLASS ENVELOPES.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.70.01	Monochrome glass envelopes (provided for in subheading 7011.20.40)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1243. CERAMIC COATER.

Subchapter II of chapter 99 is amended by inserting in the numerical sequence the following new heading:

“	9902.84.00	Ceramic coater for laying down and drying ceramic (provided for in subheading 8479.89.97)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1244. PRO-JET BLACK 263 STAGE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.30.13	5-[4-(7-Amino-1-hydroxy-3-sulfonaphthalen-2-ylazo)-2,5-bis(2-hydroxyethoxy)-phenylazoisophthalic acid, lithium salt (provided for in subheading 3204.14.30)]	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1245. PRO-JET FAST BLACK 286 PASTE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.32.44	1,3-Benzenedicarboxylic acid, 5-[[4-[(7-amino-1-hydroxy-3-sulfo-2-naphthalenyl)azo-6-sulfo-1-naphthalenylazo]-, sodium salt (CAS No. 201932-24-3) (provided for in subheading 3204.14.30)]	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1246. BROMINE-CONTAINING COMPOUNDS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new headings:

“	9902.28.08	2-Bromoethanesulfonic acid, sodium salt (CAS No. 4263-52-9) (provided for in subheading 2904.90.50)	Free	No change	No change	On or before 12/31/2003	”.
	9902.28.09	4,4'-Dibromobiphenyl (CAS No. 92-86-4) (provided for in subheading 2903.69.70)	Free	No change	No change	On or before 12/31/2003	
	9902.28.10	4-Bromotoluene (CAS No. 106-38-7) (provided for in subheading 2903.69.70)	Free	No change	No change	On or before 12/31/2003	

SEC. 1247. PYRIDINEDICARBOXYLIC ACID.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new headings:

“	9902.29.38	1,4-Dihydro-2,6-dimethyl-1,4-diphenyl-3,5-pyridinedicarboxylic acid, dimethyl ester (CAS No. 83300-85-0) (provided for in subheading 2933.90.79)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

9902.29.39	1-[2-(2-Chloro-3-[(1,3-dihydro-1,3,3-trimethyl-2H-indol-2-ylidene)ethylidene]-1-cyclopenten-1-yl)ethenyl]-1,3,3-trimethyl-3H-indolium salt with trifluoromethane- sulfonic acid (1:1) (CAS No. 128433-68-1) (provided for in subheading 2933.90.24)	Free	No change	No change	On or before 12/31/2003	..
9902.29.40	N-[4-[5-[4-(Dimethylamino)-phenyl]-1,5-di-phenyl-2,4-pentadienylidene]-2,5-cyclohexadien-1-ylidene]-N-methylmethanaminium salt with trifluoromethane- sulfonic acid (1:1) (CAS No. 100237-71-6) (provided for in subheading 2921.49.45)	Free	No change	No change	On or before 12/31/2003	..

SEC. 1248. CERTAIN SEMICONDUCTOR MOLD COMPOUNDS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.39.07	Thermosetting epoxide molding compounds of a kind suitable for use in the manufacture of semiconductor devices, via transfer molding processes, containing 70 percent or more of silica, by weight, and having less than 75 parts per million of combined water-extractable content of chloride, bromide, potassium and sodium (provided for in subheading 3907.30.00)	3.5%	No change	No change	On or before 12/31/2003	..
------------	--	------	-----------	-----------	-------------------------	----

SEC. 1249. SOLVENT BLUE 67.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.32.53	Solvent blue 67 (CAS No. 81457-65-0) (provided for in subheading 3204.19.11)	Free	No change	No change	On or before 12/31/2003	..
------------	--	------	-----------	-----------	-------------------------	----

SEC. 1250. PIGMENT BLUE 60.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.30.08	Pigment blue 60 (CAS No. 81-77-6) (provided for in subheading 3204.17.90)	Free	No change	No change	On or before 12/31/2003	..
------------	---	------	-----------	-----------	-------------------------	----

SEC. 1251. MENTHYL ANTHRANILATE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.08.10	Menthyl anthranilate (CAS No. 134-09-08) (provided for in subheading 2922.49.27)	Free	No change	No change	On or before 12/31/2003	..
------------	--	------	-----------	-----------	-------------------------	----

SEC. 1252. 4-BROMO-2-FLUOROACETANILIDE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.28.15	4-Bromo-2-fluoroacetanilide (CAS No. 326-66-9) (provided for in subheading 2924.21.50)	Free	No change	No change	On or before 12/31/2003	..
------------	--	------	-----------	-----------	-------------------------	----

SEC. 1253. PROPIOPHENONE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.28.16	Propiophenone (CAS No. 93-55-0) (provided for in subheading 2914.39.90)	Free	No change	No change	On or before 12/31/2003	..
------------	---	------	-----------	-----------	-------------------------	----

SEC. 1254. M-CHLOROBENZALDEHYDE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.28.17	m-Chlorobenzaldehyde (CAS No. 587-04-2) (provided for in subheading 2913.00.40)	Free	No change	No change	On or before 12/31/2003	..
------------	---	------	-----------	-----------	-------------------------	----

SEC. 1255. CERAMIC KNIVES.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

9902.69.01	Knives having ceramic blades, such blades containing over 90 percent zirconia by weight (provided for in subheading 6911.10.80 or 6912.00.48)	Free	No change	No change	On or before 12/31/2003	..
------------	---	------	-----------	-----------	-------------------------	----

SEC. 1256. STAINLESS STEEL RAILCAR BODY SHELLS.

Subchapter II of chapter 99 is amended by inserting in the numerical sequence the following new heading:

9902.86.07	Railway car body shells of stainless steel, the foregoing which are designed for gallery type railway cars each having an aggregate capacity of 138 passengers on two enclosed levels (provided for in subheading 8607.99.10)	Free	No change	No change	On or before 12/31/2003	..
------------	---	------	-----------	-----------	-------------------------	----

SEC. 1257. STAINLESS STEEL RAILCAR BODY SHELLS OF 148-PASSENGER CAPACITY.

Subchapter II of chapter 99 is amended by inserting in the numerical sequence the following new heading:

9902.86.08	Railway car body shells of stainless steel, the foregoing which are designed for use in gallery type cab control railway cars each having an aggregate capacity of 148 passengers on two enclosed levels (provided for in subheading 8607.99.10)	Free	No change	No change	On or before 12/31/2003	..
------------	--	------	-----------	-----------	-------------------------	----

SEC. 1258. PENDIMETHALIN.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.21.42	N-(Ethylpropyl)-3,4-dimethyl-2,6-dinitroaniline (Pendimethalin) (CAS No. 40487-42-1) (provided for in subheading 2921.49.50)	1.1%	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1259. 3,5-DIBROMO-4-HYDOXYBENZONITRIL ESTER AND INERTS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.38.04	Mixtures of octanoate and heptanoate esters of bromoxynil (3,5-Dibromo-4-hydroxybenzonitrile) (CAS Nos. 1689-99-2 and 56634-95-8) with application adjuvants (provided for in subheading 3808.30.15)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1260. 3,5-DIBROMO-4-HYDOXYBENZONITRIL.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.28.18	Bromoxynil (3,5-dibromo-4-hydroxybenzonitrile), octanoic acid ester (CAS No. 1689-99-2) (provided for in subheading 2926.90.25)	4.2%	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1261. ISOXAFLUTOLE.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.79	4-(2-Methanesulfonyl-4-trifluoromethylbenzoyl)-5-cyclopropylisoxazole (CAS No. 141112-29-0) (provided for in subheading 2934.90.15)	1.0%	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1262. CYCLANILIDE TECHNICAL.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.64	1-(2,4-Dichlorophenylaminocarbonyl)-cyclopropanecarboxylic acid (CAS No. 113136-77-9) (provided for in subheading 2924.29.47)	5.7%	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1263. R115777.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.33.40	(R)-6-[Amino(4-chlorophenyl)(1-methyl-1H-imidazol-5-yl)methyl]-4-(3-chlorophenyl)-1-methyl-2(1H)-quinoline (CAS No. 192185-72-1) (provided for in subheading 2933.40.26)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	--	------	-----------	-----------	-------------------------	----

SEC. 1264. BONDING MACHINES.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new superior heading and subheading:

“	9902.84.16	Bonding machines for use in the manufacture of digital versatile discs (DVDs) (provided for in subheading 8479.89.97)	1.7%	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1265. GLYOXYLIC ACID.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new heading:

“	9902.29.13	Glyoxylic acid (CAS No. 298-12-4) (provided for in subheading 2918.30.90)	Free	No change	No change	On or before 12/31/2003	”.
---	------------	---	------	-----------	-----------	-------------------------	----

SEC. 1266. FLUORIDE COMPOUNDS.

Subchapter II of chapter 99 is amended by inserting in numerical sequence the following new headings:

“	9902.28.20	Ammonium bifluoride (CAS No. 1341-49-7) (provided for in subheading 2826.11.10)	Free	No change	No change	On or before 12/31/2003	”.

SEC. 1421. DESIGNATION OF MOTOR FUELS AND JET FUELS AS COMMERCIALY INTERCHANGEABLE.

Section 313(p)(3)(B) of the Tariff Act of 1930 (19 U.S.C. 1313(p)(3)(B)) is amended by adding at the end the following: "Notwithstanding any change or modification to the Harmonized Tariff Schedule of the United States, motor fuel and jet fuel classifiable under subheading 2710.00.15 of the Harmonized Tariff Schedule of the United States, as in effect on January 1, 2000, shall be considered commercially interchangeable for purposes of drawback under this subsection."

CHAPTER 2—SPECIAL CLASSIFICATION RELATING TO PRODUCT DEVELOPMENT AND TESTING

SEC. 1431. SHORT TITLE.

This chapter may be cited as the "Product Development and Testing Act of 2000".

SEC. 1432. FINDINGS; PURPOSE.

(a) **FINDINGS.**—The Congress finds the following:

(1)(A) A substantial amount of development and testing occurs in the United States incident to the introduction and manufacture of new products for both domestic consumption and export overseas.

(B) Testing also occurs with respect to merchandise that has already been introduced into commerce to insure that it continues to meet specifications and performs as designed.

(2) The development and testing that occurs in the United States incident to the introduction and manufacture of new products, and with respect to products which have already been introduced into commerce, represents a significant industrial activity employing highly-skilled workers in the United States.

(3)(A) Under the current laws affecting the importation of merchandise, such as the provisions of part I of title IV of the Tariff Act of 1930 (19 U.S.C. 1401 et seq.), goods commonly referred to as "prototypes", used for product development testing and product evaluation purposes, are subject to customs duty upon their importation into the United States unless the prototypes qualify for duty-free treatment under special trade programs or unless the prototypes are entered under a temporary importation bond.

(B) In addition, the United States Customs Service has determined that the value of prototypes is to be included in the value of production articles if the prototypes are the result of the same design and development effort as the articles.

(4)(A) Assessing duty on prototypes twice, once when the prototypes are imported and a second time thereafter as part of the cost of imported production merchandise, discourages development and testing in the United States, and thus encourages development and testing to occur overseas, since, in that case, duty will only be assessed once, upon the importation of production merchandise.

(B) Assessing duty on these prototypes twice unnecessarily inflates the cost to businesses, thus reducing their competitiveness.

(5) Current methods for avoiding the excessive assessment of customs duties on the importation of prototypes, including the use of temporary importation entries and obtaining drawback, are unwieldy, ineffective, and difficult for both importers and the United States Customs Service to administer.

(b) **PURPOSE.**—The purpose of this chapter is to promote product development and testing in the United States by permitting the importation of prototypes on a duty-free basis.

SEC. 1433. AMENDMENTS TO HARMONIZED TARIFF SCHEDULE OF THE UNITED STATES.

(a) **HEADING.**—Subchapter XVII of Chapter 98 is amended by inserting in numerical sequence the following new heading:

“	9817.85.01	Prototypes to be used exclusively for development, testing, product evaluation, or quality control purposes	Free		The rate applicable in the absence of this heading	”.
---	------------	---	------	--	--	----

(b) U.S. NOTE.—The U.S. Notes to subchapter XVII of chapter 98 are amended by adding at the end the following:

“6. The following provisions apply to heading 9817.85.01:

“(a) For purposes of this subchapter, including heading 9817.85.01, the term ‘prototypes’ means originals or models of articles that—

“(i) are either in the preproduction, production, or postproduction stage and are to be used exclusively for development, testing, product evaluation, or quality control purposes; and

“(ii) in the case of originals or models of articles that are either in the production or postproduction stage, are associated with a design change from current production (including a refinement, advancement, improvement, development, or quality control in either the product itself or the means for producing the product).

For purposes of clause (i), automobile racing for purse, prize, or commercial competition shall not be considered to be “development, testing, product evaluation, or quality control.”

“(b)(i) Prototypes may only be imported in limited noncommercial quantities in accordance with industry practice.

“(ii) Except as provided for by the Secretary of the Treasury, prototypes or parts of prototypes, may not be sold after importation into the United States or be incorporated into other products that are sold.

“(c) Articles subject to quantitative restrictions, antidumping orders, or countervailing duty orders, may not be classified as prototypes under this note. Articles subject to licensing requirements, or which must comply with laws, rules, or regulations administered by agencies other than the United States Customs Service before being imported, may be classified as prototypes, provided that they comply with all applicable provisions of law and otherwise meet the definition of ‘prototypes’ under paragraph (a).”

SEC. 1434. REGULATIONS RELATING TO ENTRY PROCEDURES AND SALES OF PROTOTYPES.

(a) IDENTIFICATION OF PROTOTYPES.—The Secretary of the Treasury shall promulgate regulations regarding the identification of prototypes at the time of importation into the United States in accordance with the provisions of this chapter and the amendments made by this chapter.

(b) SALES OF PROTOTYPES.—Within 10 months of the date of enactment of this Act, the Secretary of the Treasury shall promulgate final regulations regarding the sale of prototypes entered under heading 9817.85.01 of the Harmonized Tariff Schedule of the United States as scrap, or waste, or for recycling, provided that all duties are tendered for sales of the prototypes, including prototypes and parts of prototypes incorporated into other products, as scrap, waste, or recycled materials, at the rate of duty in effect for such scrap, waste, or recycled materials at the time of importation of the prototypes.

SEC. 1435. EFFECTIVE DATE.

This chapter, and the amendments made by this chapter, shall apply with respect to—

(1) an entry of a prototype under heading 9817.85.01, as added by section 1433(a), on or after the date of enactment of this Act; and

(2) an entry of a prototype (as defined in U.S. Note 6(a) to subchapter XVII of chapter 98, as added by section 1433(b)) under heading 9813.00.30 for which liquidation has not become final as of the date of enactment of this Act.

CHAPTER 3—PROHIBITION ON IMPORTATION OF PRODUCTS MADE WITH DOG OR CAT FUR

SEC. 1441. SHORT TITLE.

This chapter may be cited as the “Dog and Cat Protection Act of 2000”.

SEC. 1442. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress makes the following findings:

(1) An estimated 2,000,000 dogs and cats are slaughtered and sold annually as part of the international fur trade. Internationally, dog and cat fur is used in a wide variety of products, including fur coats and jackets, fur trimmed garments, hats, gloves, decorative accessories, stuffed animals, and other toys.

(2) The United States represents one of the largest markets for the sale of fur and fur products in the world. Market demand for fur products in the United States has led to the introduction of dog and cat fur products into United States commerce, frequently based on deceptive or fraudulent labeling of the products to disguise the true nature of the fur and mislead United States wholesalers, retailers, and consumers.

(3) Dog and cat fur, when dyed, is not easily distinguishable to persons who are not experts from other furs such as fox, rabbit, coyote, wolf, and mink, and synthetic materials made to resemble real fur. Dog and cat fur is generally less expensive than other types of fur and may be used as a substitute for more expensive types of furs, which provides an incentive to engage in unfair or fraudulent trade practices in the importation, exportation, distribution, or sale of fur products, including deceptive labeling and other practices designed to disguise the true contents or origin of the product.

(4) Forensic texts have documented that dog and cat fur products are being imported into the United States subject to deceptive labels or other practices designed to conceal the use of dog or cat fur in the production of wearing apparel, toys, and other products.

(5) Publicly available evidence reflects ongoing significant use of dogs and cats bred expressly for their fur by foreign fur producers for manufacture into wearing apparel, toys, and other products that have been introduced into United States commerce. The evidence indicates that foreign fur producers also rely on the use of stray dogs and cats and stolen pets for the manufacture of fur products destined for the world and United States markets.

(6) The methods of housing, transporting, and slaughtering dogs and cats for fur production are generally unregulated and inhumane.

(7) The trade of dog and cat fur products is ethically and aesthetically abhorrent to United States citizens. Consumers in the United States

have a right to know if products offered for sale contain dog or cat fur and to ensure that they are not unwitting participants in this gruesome trade.

(8) Persons who engage in the sale of dog or cat fur products, including the fraudulent trade practices identified above, gain an unfair competitive advantage over persons who engage in legitimate trade in apparel, toys, and other products, and derive an unfair benefit from consumers who buy their products.

(9) The imposition of a ban on the sale, manufacture, offer for sale, transportation, and distribution of dog and cat fur products, regardless of their source, is consistent with the international obligations of the United States because it applies equally to domestic and foreign producers and avoids any discrimination among foreign sources of competing products. Such a ban is also consistent with provisions of international agreements to which the United States is a party that expressly allow for measures designed to protect the health and welfare of animals and to enjoin the use of deceptive trade practices in international or domestic commerce.

(b) PURPOSES.—The purposes of this chapter are to—

(1) prohibit imports, exports, sale, manufacture, offer for sale, transportation, and distribution in the United States of dog and cat fur products, in order to ensure that United States market demand does not provide an incentive to slaughter dogs or cats for their fur;

(2) require accurate labeling of fur species so that consumers in the United States can make informed choices and ensure that they are not unwitting contributors to this gruesome trade; and

(3) ensure that the customs laws of the United States are not undermined by illicit international traffic in dog and cat fur products.

SEC. 1443. PROHIBITION ON IMPORTATION OF PRODUCTS MADE WITH DOG OR CAT FUR.

(a) IN GENERAL.—Title III of the Tariff Act of 1930 is amended by inserting after section 307 the following new section:

“SEC. 308. PROHIBITION ON IMPORTATION OF DOG AND CAT FUR PRODUCTS.

“(a) DEFINITIONS.—In this section:

“(1) CAT FUR.—The term ‘cat fur’ means the pelt or skin of any animal of the species *Felis catus*.

“(2) COMMERCE.—The term ‘commerce’ means the transportation for sale, trade, or use between any State, territory, or possession of the United States, or the District of Columbia, and any place outside thereof.

“(3) CUSTOMS LAWS.—The term ‘customs laws of the United States’ means any other law or regulation enforced or administered by the United States Customs Service.

“(4) DOG FUR.—The term ‘dog fur’ means the pelt or skin of any animal of the species *Canis familiaris*.

“(5) DOG OR CAT FUR PRODUCT.—The term ‘dog or cat fur product’ means any item of merchandise which consists, or is composed in

whole or in part, of any dog fur, cat fur, or both.

“(6) PERSON.—The term ‘person’ includes any individual, partnership, corporation, association, organization, business trust, government entity, or other entity subject to the jurisdiction of the United States.

“(7) SECRETARY.—The term ‘Secretary’ means the Secretary of the Treasury.

“(8) UNITED STATES.—The term ‘United States’ means the customs territory of the United States, as defined in general note 2 of the Harmonized Tariff Schedule of the United States.

“(b) PROHIBITIONS.—

“(1) IN GENERAL.—It shall be unlawful for any person to—

“(A) import into, or export from, the United States any dog or cat fur product; or

“(B) introduce into interstate commerce, manufacture for introduction into interstate commerce, sell, trade, or advertise in interstate commerce, offer to sell, or transport or distribute in interstate commerce in the United States, any dog or cat fur product.

“(2) EXCEPTION.—This subsection shall not apply to the importation, exportation, or transportation by an individual, for noncommercial purposes, of his or her personal pet that is deceased, including a pet preserved through taxidermy.

“(c) PENALTIES AND ENFORCEMENT.—

“(1) CIVIL PENALTIES.—

“(A) IN GENERAL.—Any person who violates any provision of this section or any regulation issued under this section may, in addition to any other civil or criminal penalty that may be imposed under title 18 of the United States Code or any other provision of law, be assessed a civil penalty by the Secretary of not more than—

“(i) \$10,000 for each separate knowing and intentional violation;

“(ii) \$5,000 for each separate grossly negligent violation; or

“(iii) \$3,000 for each separate negligent violation.

“(B) DEBARMENT.—The Secretary may debar a person from importing, exporting, transporting, distributing, manufacturing, or selling any fur product in the United States, if—

“(i) the Secretary finds that the person has been convicted of a criminal violation of any provision of this section or any regulation issued under this section; or

“(ii) the Secretary finds that the person has engaged in a pattern or practice of actions that has resulted in a final administrative determination with respect to the assessment of civil penalties for knowing and intentional or grossly negligent violations of any provision of this section or any regulation issued under this section.

“(C) NOTICE.—No penalty may be assessed under this paragraph unless such person is given notice and opportunity for a hearing with respect to such violation in accordance with section 554 of title 5, United States Code.

“(2) CRIMINAL PENALTIES.—Any person who knowingly violates any provision of this section or any regulation issued under this section shall, upon conviction for each violation, be imprisoned for not more than 1 year, fined in accordance with title 18, United States Code, or both.

“(3) FORFEITURE.—Any dog or cat fur product manufactured, taken, possessed, sold, purchased, offered for sale or purchase, transported, delivered, received, carried, shipped, imported, or exported contrary to the provisions of this section or any regulation issued under this section shall be subject to forfeiture to the United States.

“(4) ENFORCEMENT.—The provisions of this section and any regulations issued under this section shall be enforced by the Secretary.

“(5) REGULATIONS.—Not later than 270 days after the date of enactment of this section, the Secretary shall, after notice and opportunity for comment, issue regulations to carry out the provisions of this section. The regulations shall

provide for a process by which testing laboratories, whether domestic or foreign, can qualify for certification by the United States Customs Service by demonstrating the reliability of the procedures used for determining the type of fur contained in articles intended for sale or consumption in the interstate commerce of the United States.

“(6) REWARD.—The Secretary shall pay a reward of not less than \$500 to any person who furnishes information that establishes probable cause or leads to an arrest, criminal conviction, civil penalty assessment, debarment, or forfeiture of property for any violation of this section or any regulation issued under this section.

“(7) AFFIRMATIVE DEFENSE.—It shall be a defense against any civil or criminal action brought under this section or any regulations issued under this section if the person accused of a violation under this section can establish by a preponderance of the evidence that the person exercised reasonable care—

“(A) in determining the nature of the products alleged to have resulted in such violation; and

“(B) in ensuring that the products were accompanied by documentation, packaging, and labeling that were accurate as to the nature of the products.

“(8) COORDINATION WITH OTHER LAWS.—Nothing in this section shall be construed as superseding or limiting in any manner the functions and responsibilities of the Secretary of the Treasury under the customs laws of the United States.

“(d) PUBLICATION OF NAMES OF CERTAIN VIOLATORS.—The Secretary of the Treasury shall publish periodically in the Federal Register a list of the names of any producer, manufacturer, supplier, seller, importer, or exporter, whether or not located within the customs territory of the United States, against whom a criminal conviction has been rendered or against whom a final administrative determination with respect to the assessment of a civil penalty for a knowing and intentional or a grossly negligent violation has been made under this section.

“(e) REPORTS.—In order to enable Congress to engage in active, continuing oversight of this section, the Secretary shall provide the following:

“(1) PLAN FOR ENFORCEMENT.—Within 3 months after the date of enactment of this section, the Secretary shall submit to Congress a plan for the enforcement of the provisions of this section, including training and procedures to ensure that Customs Service personnel are equipped with state-of-the-art technologies to identify potential dog or cat fur products and to determine the true content of such products.

“(2) REPORT ON ENFORCEMENT EFFORTS.—Not later than 1 year after the date of enactment of this section, and on an annual basis thereafter, the Secretary shall submit a report to Congress on the efforts of the Department of the Treasury to enforce the provisions of this section and the adequacy of the resources to do so. The report shall include an analysis of the training of Customs Service personnel to identify dog and cat fur products effectively and to take appropriate action to enforce this section. The report shall include the findings of the Secretary as to whether any government has engaged in a pattern or practice of support for trade in products the importation of which are prohibited under this section.”.

“(b) CONFORMING AMENDMENT.—Section 2(d) of the Fur Products Labeling Act (15 U.S.C. 69(d)) is amended by striking “; except that such term shall not include such articles as the Commission shall exempt by reason of the relatively small quantity or value of the fur or used fur contained therein”.

“(c) EFFECTIVE DATE.—The amendments made by this section shall take effect on the date of enactment of this Act.

CHAPTER 4—MISCELLANEOUS PROVISIONS

SEC. 1451. ALTERNATIVE MID-POINT INTEREST ACCOUNTING METHODOLOGY FOR UNDERPAYMENT OF DUTIES AND FEES.

Section 505(c) of the Tariff Act of 1930 (19 U.S.C. 1505(c)) is amended by striking “For the period beginning on” and all that follows through “The Secretary may prescribe”.

SEC. 1452. EXCEPTION FROM MAKING REPORT OF ARRIVAL AND FORMAL ENTRY FOR CERTAIN VESSELS.

(a) REPORT OF ARRIVAL AND FORMAL ENTRY OF VESSELS.—(1) Section 433(a)(1)(C) of the Tariff Act of 1930 (19 U.S.C. 1433(a)(1)(C)) is amended by striking “bonded merchandise, or”.

(2) Section 434(a)(3) of the Tariff Act of 1930 (19 U.S.C. 1434(a)(3)) is amended by striking “bonded merchandise or”.

(3) Section 91(a)(2) of the Appendix to title 46, United States Code, is amended by striking “bonded merchandise or”.

(b) ADDITIONAL AMENDMENT.—Section 441 of the Tariff Act of 1930 (19 U.S.C. 1441) is amended by adding at the end the following new paragraph:

“(7) Any vessel required to anchor at the Belle Isle Anchorage in the waters of the Detroit River in the State of Michigan, for the purposes of awaiting the availability of cargo or berthing space or for the purpose of taking on a pilot or awaiting pilot services, or at the direction of the Coast Guard, prior to proceeding to the Port of Toledo, Ohio, where the vessel makes entry under section 434 or obtains clearance under section 4197 of the Revised Statutes of the United States.”.

SEC. 1453. DESIGNATION OF SAN ANTONIO INTERNATIONAL AIRPORT FOR CUSTOMS PROCESSING OF CERTAIN PRIVATE AIRCRAFT ARRIVING IN THE UNITED STATES.

(a) DESIGNATION.—For the 2-year period beginning on the date of the enactment of this Act, the Commissioner of the Customs Service shall designate the San Antonio International Airport in San Antonio, Texas, as an airport at which private aircraft described in subsection (b) may land for processing by the Customs Service in accordance with section 122.24(b) of title 19, Code of Federal Regulations.

(b) PRIVATE AIRCRAFT.—Private aircraft described in this subsection are private aircraft that—

(1) arrive in the United States from a foreign area and have a final destination in the United States of San Antonio International Airport in San Antonio, Texas; and

(2) would otherwise be required to land for processing by the Customs Service at an airport listed in section 122.24(b) of title 19, Code of Federal Regulations, in accordance with such section.

(c) DEFINITION.—In this section, the term “private aircraft” has the meaning given such term in section 122.23(a)(1) of title 19, Code of Federal Regulations.

(d) REPORT.—The Commissioner of the Customs Service shall prepare and submit to Congress a report on the implementation of this section for 2001 and 2002.

SEC. 1454. INTERNATIONAL TRAVEL MERCHANDISE.

Section 555 of the Tariff Act of 1930 (19 U.S.C. 1555) is amended by adding at the end the following:

“(c) INTERNATIONAL TRAVEL MERCHANDISE.—

“(1) DEFINITIONS.—For purposes of this section—

“(A) the term ‘international travel merchandise’ means duty-free or domestic merchandise which is placed on board aircraft on international flights for sale to passengers, but which is not merchandise incidental to the operation of a duty-free sales enterprise;

“(B) the term ‘staging area’ is an area controlled by the proprietor of a bonded warehouse

outside of the physical parameters of the bonded warehouse in which manipulation of international travel merchandise in carts occurs;

“(C) the term ‘duty-free merchandise’ means merchandise on which the liability for payment of duty or tax imposed by reason of importation has been deferred pending exportation from the customs territory;

“(D) the term ‘manipulation’ means the re-packaging, cleaning, sorting, or removal from or placement on carts of international travel merchandise; and

“(E) the term ‘cart’ means a portable container holding international travel merchandise on an aircraft for exportation.

“(2) **BONDED WAREHOUSE FOR INTERNATIONAL TRAVEL MERCHANDISE.**—The Secretary shall by regulation establish a separate class of bonded warehouse for the storage and manipulation of international travel merchandise pending its placement on board aircraft departing for foreign destinations.

“(3) **RULES FOR TREATMENT OF INTERNATIONAL TRAVEL MERCHANDISE AND BONDED WAREHOUSES AND STAGING AREAS.**—(A) The proprietor of a bonded warehouse established for the storage and manipulation of international travel merchandise shall give a bond in such sum and with such sureties as may be approved by the

Secretary of the Treasury to secure the Government against any loss or expense connected with or arising from the deposit, storage, or manipulation of merchandise in such warehouse. The warehouse proprietor's bond shall also secure the manipulation of international travel merchandise in a staging area.

“(B) A transfer of liability from the international carrier to the warehouse proprietor occurs when the carrier assigns custody of international travel merchandise to the warehouse proprietor for purposes of entry into warehouse or for manipulation in the staging area.

“(C) A transfer of liability from the warehouse proprietor to the international carrier occurs when the bonded warehouse proprietor assigns custody of international travel merchandise to the carrier.

“(D) The Secretary is authorized to promulgate regulations to require the proprietor and the international carrier to keep records of the disposition of any cart brought into the United States and all merchandise on such cart.”.

SEC. 1455. CHANGE IN RATE OF DUTY OF GOODS RETURNED TO THE UNITED STATES BY TRAVELERS.

Subchapter XVI of chapter 98 is amended as follows:

(1) Subheading 9816.00.20 is amended—

(A) effective January 1, 2000, by striking “10 percent” each place it appears and inserting “5 percent”;

(B) effective January 1, 2001, by striking “5 percent” each place it appears and inserting “4 percent”; and

(C) effective January 1, 2002, by striking “4 percent” each place it appears and inserting “3 percent”.

(2) Subheading 9816.00.40 is amended—

(A) effective January 1, 2000, by striking “5 percent” each place it appears and inserting “3 percent”;

(B) effective January 1, 2001, by striking “3 percent” each place it appears and inserting “2 percent”; and

(C) effective January 1, 2002, by striking “2 percent” each place it appears and inserting “1.5 percent”.

SEC. 1456. TREATMENT OF PERSONAL EFFECTS OF PARTICIPANTS IN INTERNATIONAL ATHLETIC EVENTS.

(a) **IN GENERAL.**—Subchapter XVII of chapter 98 is amended by inserting in numerical sequence the following new heading:

“ 9817.60.00	Any of the following articles not intended for sale or distribution to the public: personal effects of aliens who are participants in, officials of, or accredited members of delegations to, an international athletic event held in the United States, such as the Olympics and Paralympics, the Goodwill Games, the Special Olympics World Games, the World Cup Soccer Games, or any similar international athletic event as the Secretary of the Treasury may determine, and of persons who are immediate family members of or servants to any of the foregoing persons; equipment and materials imported in connection with any such foregoing event by or on behalf of the foregoing persons or the organizing committee of such an event; articles to be used in exhibitions depicting the culture of a country participating in such an event; and, if consistent with the foregoing, such other articles as the Secretary of the Treasury may allow	Free	Free	”.
--------------	--	------	------	----

(b) **TAXES, FEES, INSPECTION.**—The U.S. Notes to chapter XVII of chapter 98 are amended by adding at the end the following new note:

“6. Any article exempt from duty under heading 9817.60.00 shall be free of taxes and fees that may otherwise be applicable, but shall not be free or otherwise exempt or excluded from routine or other inspections as may be required by the Customs Service.”

(b) **EFFECTIVE DATE.**—The amendments made by this section apply to goods entered, or withdrawn from warehouse, for consumption, on or after the date of the enactment of this Act.

(c) **TERMINATION OF TEMPORARY PROVISIONS.**—Heading 9902.98.08 shall, notwithstanding any provision of such heading, cease to be effective on the date of the enactment of this Act.

SEC. 1457. COLLECTION OF FEES FOR CUSTOMS SERVICES FOR ARRIVAL OF CERTAIN FERRIES.

Section 13031(b)(1)(A)(iii) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(b)(1)(A)(iii)) is amended to read as follows:

“(iii) the arrival of a ferry, except for a ferry whose operations begin on or after August 1, 1999, and that operates south of 27 degrees latitude and east of 89 degrees longitude; or”.

SEC. 1458. ESTABLISHMENT OF DRAWBACK BASED ON COMMERCIAL INTERCHANGEABILITY FOR CERTAIN RUBBER VULCANIZATION ACCELERATORS.

(a) **IN GENERAL.**—The United States Customs Service shall treat the chemical N-cyclohexyl-2-benzothiazolesulfenamide and the chemical N-tert-Butyl-2-benzothiazolesulfenamide as “commercially interchangeable” within the meaning of section 313(j)(2) of the Tariff Act of 1930 (19 U.S.C. 1313(j)(2)) for purposes of permitting drawback under section 313 of the Tariff Act of 1930 (19 U.S.C. 1313.).

(b) **APPLICABILITY.**—Subsection (a) shall apply with respect to any entry, or withdrawal from warehouse for consumption, of the chemical N-cyclohexyl-2-benzothiazolesulfenamide before, on, or after the date of the enactment of this Act, that is eligible for drawback within the

time period provided in section 313(j)(2)(B) of the Tariff Act of 1930 (19 U.S.C. 1313(j)(2)(B)).

SEC. 1459. CARGO INSPECTION.

The Commissioner of Customs is authorized to establish a fee-for-service agreement for a period of not less than 2 years, renewable thereafter on an annual basis, at Fort Lauderdale-Hollywood International Airport. The agreement shall provide personnel and infrastructure necessary to conduct cargo clearance, inspection, or other customs services as needed to accommodate carriers using this airport. When such services have been provided on a fee-for-service basis for at least 2 years and the commercial consumption entry level reaches 29,000 entries per year, the Commissioner of Customs shall continue to provide cargo clearance, inspection or other customs services, and no charges, other than those fees authorized by section 13031(a) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(a)), may be collected for those services.

SEC. 1460. TREATMENT OF CERTAIN MULTIPLE ENTRIES OF MERCHANDISE AS SINGLE ENTRY.

(a) **IN GENERAL.**—Section 484 of the Tariff Act of 1930 (19 U.S.C. 1484) is amended by adding at the end the following:

“(j) **TREATMENT OF MULTIPLE ENTRIES OF MERCHANDISE AS SINGLE TRANSACTION.**—In the case of merchandise that is purchased and invoiced as a single entity but—

“(1) is shipped in an unassembled or disassembled condition in separate shipments due to the size or nature of the merchandise, or

“(2) is shipped in separate shipments due to the inability of the carrier to include all of the merchandise in a single shipment (at the instruction of the carrier),

the Customs Service may, upon application by an importer in advance, treat such separate shipments for entry purposes as a single transaction.”.

(b) **REGULATIONS.**—Not later than 6 months after the date of the enactment of this Act, the Secretary of the Treasury shall issue regulations to carry out section 484(j) of the Tariff Act of 1930, as added by subsection (a).

SEC. 1461. REPORT ON CUSTOMS PROCEDURES.

(a) **REVIEW AND REPORT.**—The Secretary of the Treasury shall—

(1) review, in consultation with United States importers and other interested parties, including independent third parties selected by the Secretary for the purpose of conducting such review, customs procedures and related laws and regulations applicable to goods and commercial conveyances entering the United States; and

(2) report to the Congress, not later than 180 days after the date of enactment of this Act, on changes that should be made to reduce reporting and record retention requirements for commercial parties, specifically addressing changes needed to—

(A) separate fully and remove the linkage between data reporting required to determine the admissibility and release of goods and data reporting for other purposes such as collection of revenue and statistics;

(B) reduce to a minimum data required for determining the admissibility of goods and release of goods, consistent with the protection of public health, safety, or welfare, or achievement of other policy goals of the United States;

(C) eliminate or find more efficient means of collecting data for other purposes that are unnecessary, overly burdensome, or redundant; and

(D) enable the implementation, as soon as possible, of the import activity summary statement authorized by section 411 of the Tariff Act of 1930 (19 U.S.C. 1411) as a means of—

(i) fully separating and removing the linkage between the functions of collecting revenue and statistics and the function of determining the admissibility of goods that must be performed for each shipment of goods entering the United States; and

(ii) allowing for periodic, consolidated filing of data not required for determinations of admissibility.

(b) **SPECIFIC MATTERS.**—In preparing the report required by subsection (a), the Secretary of the Treasury shall specifically report on the following:

(1) Import procedures, including specific data items collected, that are required prior and subsequent to the release of goods or conveyances, identifying the rationale and legal basis for each procedure and data requirement, uses of data collected, and procedures or data requirements that could be eliminated, or deferred and consolidated into periodic reports such as the import activity summary statement.

(2) The identity of data and factors necessary to determine whether physical inspections should be conducted.

(3) The cost of data collection.

(4) Potential alternative sources and methodologies for collecting data, taking into account the costs and other consequences to importers, exporters, carriers, and the Government of choosing alternative sources.

(5) Recommended changes to the law, regulations of any agency, or other measures that would improve the efficiency of procedures and systems of the United States Government for regulating international trade, without compromising the effectiveness of procedures and systems required by law.

SEC. 1462. DRAWBACKS FOR RECYCLED MATERIALS.

(a) IN GENERAL.—Section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) is amended by adding at the end the following new subsection:

“(x) DRAWBACKS FOR RECOVERED MATERIALS.—For purposes of subsections (a), (b), and (c), the term ‘destruction’ includes a process by which materials are recovered from imported merchandise or from an article manufactured from imported merchandise. In determining the amount of duties to be refunded as drawback to a claimant under this subsection, the value of recovered materials (including the value of any tax benefit or royalty payment) that accrues to the drawback claimant shall be deducted from the value of the imported merchandise that is destroyed, or from the value of the merchandise used, or designated as used, in the manufacture of the article.”.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to drawback claims filed on or after the date of enactment of this Act.

SEC. 1463. PRESERVATION OF CERTAIN REPORTING REQUIREMENTS.

Section 3003(a)(1) of the Federal Reports Elimination and Sunset Act of 1995 (31 U.S.C. 1113 note) does not apply to any report required to be submitted under any of the following provisions of law:

(1) Section 163 of the Trade Act of 1974 (19 U.S.C. 2213).

(2) Section 181 of the Trade Act of 1974 (19 U.S.C. 2241).

Subtitle C—Effective Date

SEC. 1471. EFFECTIVE DATE.

Except as otherwise provided in this title, the amendments made by this title shall apply with respect to goods entered, or withdrawn from warehouse, for consumption, on or after the 15th day after the date of enactment of this Act.

TITLE II—OTHER TRADE PROVISIONS

SEC. 2001. TRADE ADJUSTMENT ASSISTANCE FOR CERTAIN WORKERS AFFECTED BY ENVIRONMENTAL REMEDIATION OR CLOSURE OF A COPPER MINING FACILITY.

(a) CERTIFICATION OF ELIGIBILITY FOR WORKERS REQUIRED FOR CLOSURE OF FACILITY.—

(1) IN GENERAL.—Notwithstanding any other provision of law or any decision by the Secretary of Labor denying certification or eligibility for certification for adjustment assistance under title II of the Trade Act of 1974, a qualified worker described in paragraph (2) shall be certified by the Secretary as eligible to apply for adjustment assistance under such title II.

(2) QUALIFIED WORKER.—For purposes of this subsection, a “qualified worker” means a worker who—

(A) was employed at the copper mining facility referenced in Trade Adjustment Assistance

Certification TAW-31,402 during any part of the period covered by that certification and was separated from employment after the expiration of that certification; and

(B) was necessary for the environmental remediation or closure of such mining facility.

(b) EFFECTIVE DATE.—The amendment made by this section shall take effect on the date of enactment of this Act.

TITLE III—EXTENSION OF NONDISCRIMINATORY TREATMENT TO GEORGIA

SEC. 3001. FINDINGS.

Congress finds that Georgia has—

(1) made considerable progress toward respecting fundamental human rights consistent with the objectives of title IV of the Trade Act of 1974;

(2) adopted administrative procedures that accord its citizens the right to emigrate, travel freely, and to return to their country without restriction;

(3) been found to be in full compliance with the freedom of emigration provisions in title IV of the Trade Act of 1974;

(4) made progress toward democratic rule and creating a free market economic system since its independence from the Soviet Union;

(5) committed to developing a system of governance in accord with the provisions of the Final Act of the Conference on Security and Cooperation in Europe (also known as the ‘Helsinki Final Act’) regarding human rights and humanitarian affairs;

(6) endeavored to address issues related to its national and religious minorities and, as a member state of the Organization for Security and Cooperation in Europe (OSCE), committed to adopting special measures for ensuring that persons belonging to national minorities have full equality individually as well as in community with other members of their group;

(7) also committed to enacting legislation to provide protection against incitement to violence against persons or groups based on national, racial, ethnic or religious discrimination, hostility, or hatred, including anti-Semitism;

(8) continued to return communal properties confiscated from national and religious minorities during the Soviet period, facilitating the re-emergence of these communities in the national life of Georgia and establishing the legal framework for completion of this process in the future;

(9) concluded a bilateral trade agreement with the United States in 1993 and a bilateral investment agreement in 1994;

(10) demonstrated a strong desire to build a friendly and cooperative relationship with the United States; and

(11) acceded to the World Trade Organization on June 14, 2000, and the extension of unconditional normal trade relations treatment to the products of Georgia will enable the United States to avail itself of all rights under the World Trade Organization with respect to Georgia.

SEC. 3002. TERMINATION OF APPLICATION OF TITLE IV OF THE TRADE ACT OF 1974 TO GEORGIA.

(a) PRESIDENTIAL DETERMINATIONS AND EXTENSIONS OF NONDISCRIMINATORY TREATMENT.—Notwithstanding any provision of title IV of the Trade Act of 1974 (19 U.S.C. 2431 et seq.), the President may—

(1) determine that such title should no longer apply to Georgia; and

(2) after making a determination under paragraph (1) with respect to Georgia, proclaim the extension of nondiscriminatory treatment (normal trade relations treatment) to the products of that country.

(b) TERMINATION OF APPLICATION OF TITLE IV.—On and after the effective date of the extension under subsection (a)(2) of nondiscriminatory treatment to the products of Georgia, title IV of the Trade Act of 1974 shall cease to apply to that country.

TITLE IV—GRAY MARKET CIGARETTE COMPLIANCE

SEC. 4001. SHORT TITLE.

This title may be cited as the “Gray Market Cigarette Compliance Act of 2000”.

SEC. 4002. MODIFICATIONS TO RULES GOVERNING REIMPORTATION OF TOBACCO PRODUCTS.

(a) RESTRICTIONS ON TOBACCO PRODUCTS INTENDED FOR EXPORT.—Section 5754 of the Internal Revenue Code of 1986 is amended to read as follows:

“SEC. 5754. RESTRICTION ON IMPORTATION OF PREVIOUSLY EXPORTED TOBACCO PRODUCTS.

“(a) EXPORT-LABELED TOBACCO PRODUCTS.—

“(1) IN GENERAL.—Tobacco products and cigarette papers and tubes manufactured in the United States and labeled for exportation under this chapter—

“(A) may be transferred to or removed from the premises of a manufacturer or an export warehouse proprietor only if such articles are being transferred or removed without tax in accordance with section 5704;

“(B) may be imported or brought into the United States, after their exportation, only if such articles either are eligible to be released from customs custody with the partial duty exemption provided in section 5704(d) or are returned to the original manufacturer of such article as provided in section 5704(c); and

“(C) may not be sold or held for sale for domestic consumption in the United States unless such articles are removed from their export packaging and repackaged by the original manufacturer into new packaging that does not contain an export label.

“(2) ALTERATIONS BY PERSONS OTHER THAN ORIGINAL MANUFACTURER.—This section shall apply to articles labeled for export even if the packaging or the appearance of such packaging to the consumer of such articles has been modified or altered by a person other than the original manufacturer so as to remove or conceal or attempt to remove or conceal (including by the placement of a sticker over) any export label.

“(3) EXPORTS INCLUDE SHIPMENTS TO PUERTO RICO.—For purposes of this section, section 5704(d), section 5761, and such other provisions as the Secretary may specify by regulations, references to exportation shall be treated as including a reference to shipment to the Commonwealth of Puerto Rico.

“(b) EXPORT LABEL.—For purposes of this section, an article is labeled for export or contains an export label if it bears the mark, label, or notice required under section 5704(b).

“(c) CROSS REFERENCES.—

“(1) For exception to this section for personal use, see section 5761(c).

“(2) For civil penalties related to violations of this section, see section 5761(c).

“(3) For a criminal penalty applicable to any violation of this section, see section 5762(b).

“(4) For forfeiture provisions related to violations of this section, see section 5761(c).”.

(b) CLARIFICATION OF REIMPORTATION RULES.—Section 5704(d) of such Code (relating to tobacco products and cigarette papers and tubes exported and returned) is amended—

(1) by striking “a manufacturer of” and inserting “the original manufacturer of such”, and

(2) by inserting “authorized by such manufacturer to receive such articles” after “proprietor of an export warehouse”.

(c) REQUIREMENT TO DESTROY FORFEITED TOBACCO PRODUCTS.—The last sentence of subsection (c) of section 5761 of such Code is amended by striking “the jurisdiction of the United States” and all that follows through the end period and inserting “the jurisdiction of the United States shall be forfeited to the United States and destroyed. All vessels, vehicles, and aircraft used in such relanding or in removing such products, papers, and tubes from the place

where relanded, shall be forfeited to the United States.”.

(d) **EFFECTIVE DATE.**—The amendments made by this section shall take effect 90 days after the date of the enactment of this Act.

(e) **STUDY.**—The Secretary of the Treasury shall report to Congress on the impact of requiring export warehouses to be authorized by the original manufacturer to receive relanded export-labeled cigarettes.

SEC. 4003. TECHNICAL AMENDMENT TO THE BALANCED BUDGET ACT OF 1997.

(a) **IN GENERAL.**—Subsection (c) of section 5761 of the Internal Revenue Code of 1986 is amended by adding at the end the following: “This subsection and section 5754 shall not apply to any person who relands or receives tobacco products in the quantity allowed entry free of tax and duty under subchapter IV of chapter 98 of the Harmonized Tariff Schedule of the United States. No quantity of tobacco products other than the quantity referred to in the preceding sentence may be relanded or received as a personal use quantity.”.

(b) **EFFECTIVE DATE.**—The amendment made by this section shall take effect as if included in section 9302 of the Balanced Budget Act of 1997.

SEC. 4004. REQUIREMENTS APPLICABLE TO IMPORTS OF CERTAIN CIGARETTES.

The Tariff Act of 1930 (19 U.S.C. 1202 et seq.) is amended by adding at the end the following:

“TITLE VIII—REQUIREMENTS APPLICABLE TO IMPORTS OF CERTAIN CIGARETTES

“SEC. 801. DEFINITIONS.

“In this title:

“(1) **SECRETARY.**—Except as otherwise indicated, the term ‘Secretary’ means the Secretary of the Treasury.

“(2) **PRIMARY PACKAGING.**—The term ‘primary packaging’ refers to the permanent packaging inside of the innermost cellophane or other transparent wrapping and labels, if any. Warnings or other statements shall be deemed ‘permanently imprinted’ only if printed directly on such primary packaging and not by way of stickers or other similar devices.

“SEC. 802. REQUIREMENTS FOR ENTRY OF CERTAIN CIGARETTES.

“(a) **GENERAL RULE.**—Except as provided in subsection (b), cigarettes may be imported into the United States only if—

“(1) the original manufacturer of those cigarettes has timely submitted, or has certified that it will timely submit, to the Secretary of Health and Human Services the lists of the ingredients added to the tobacco in the manufacture of such cigarettes as described in section 7 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1335a);

“(2) the precise warning statements in the precise format specified in section 4 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333) are permanently imprinted on both—

“(A) the primary packaging of all those cigarettes; and

“(B) any other pack, box, carton, or container of any kind in which those cigarettes are to be offered for sale or otherwise distributed to consumers;

“(3) the manufacturer or importer of those cigarettes is in compliance with respect to those cigarettes being imported into the United States with a rotation plan approved by the Federal Trade Commission pursuant to section 4(c) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333(c));

“(4) if such cigarettes bear a United States trademark registered for such cigarettes, the owner of such United States trademark registration for cigarettes (or a person authorized to act on behalf of such owner) has consented to the importation of such cigarettes into the United States; and

“(5) the importer has submitted at the time of entry all of the certificates described in subsection (c).

“(b) **EXEMPTIONS.**—Cigarettes satisfying the conditions of any of the following paragraphs shall not be subject to the requirements of subsection (a):

“(1) **PERSONAL-USE CIGARETTES.**—Cigarettes that are imported into the United States in personal use quantities that are allowed entry free of tax and duty under subchapter IV of chapter 98 of the Harmonized Tariff Schedule of the United States.

“(2) **CIGARETTES IMPORTED INTO THE UNITED STATES FOR ANALYSIS.**—Cigarettes that are imported into the United States solely for the purpose of analysis in quantities suitable for such purpose, but only if the importer submits at the time of entry a certificate signed, under penalties of perjury, by the consignee (or a person authorized by such consignee) providing such facts as may be required by the Secretary to establish that such consignee is a manufacturer of cigarettes, a Federal or State government agency, a university, or is otherwise engaged in bona fide research and stating that such cigarettes will be used solely for analysis and will not be sold in domestic commerce in the United States.

“(3) **CIGARETTES INTENDED FOR NONCOMMERCIAL USE, REEXPORT, OR REPACKAGING.**—Cigarettes—

“(A) for which the owner of such United States trademark registration for cigarettes (or a person authorized to act on behalf of such owner) has consented to the importation of such cigarettes into the United States; and

“(B) for which the importer submits a certificate signed by the manufacturer or export warehouse (or a person authorized by such manufacturer or export warehouse) to which such cigarettes are to be delivered (as provided in subparagraph (A)) stating, under penalties of perjury, with respect to those cigarettes, that it will not distribute those cigarettes into domestic commerce unless prior to such distribution all steps have been taken to comply with paragraphs (1), (2), and (3) of subsection (a), and, to the extent applicable, section 5754(a)(1) (B) and (C) of the Internal Revenue Code of 1986.

For purposes of this section, a trademark is registered in the United States if it is registered in the Patent and Trademark Office under the provisions of title I of the Act of July 5, 1946 (popularly known as the ‘Trademark Act of 1946’), and a copy of the certificate of registration of such mark has been filed with the Secretary. The Secretary shall make available to interested parties a current list of the marks so filed.

“(c) **CUSTOMS CERTIFICATIONS REQUIRED FOR CIGARETTE IMPORTS.**—The certificates that must be submitted by the importer of cigarettes at the time of entry in order to comply with subsection (a)(5) are—

“(1) a certificate signed by the manufacturer of such cigarettes or an authorized official of such manufacturer stating under penalties of perjury, with respect to those cigarettes, that such manufacturer has timely submitted, and will continue to submit timely, to the Secretary of Health and Human Services the ingredient reporting information required by section 7 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1335a);

“(2) a certificate signed by such importer or an authorized official of such importer stating under penalties of perjury that—

“(A) the precise warning statements in the precise format required by section 4 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333) are permanently imprinted on both—

“(i) the primary packaging of all those cigarettes; and

“(ii) any other pack, box, carton, or container of any kind in which those cigarettes are to be offered for sale or otherwise distributed to consumers; and

“(B) with respect to those cigarettes being imported into the United States, such importer has complied, and will continue to comply, with a

rotation plan approved by the Federal Trade Commission pursuant to section 4(c) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333(c)); and

“(3) (A) if such cigarettes bear a United States trademark registered for cigarettes, a certificate signed by the owner of such United States trademark registration for cigarettes (or a person authorized to act on behalf of such owner) stating under penalties of perjury that such owner (or authorized person) consents to the importation of such cigarettes into the United States; and

“(B) a certificate signed by the importer or an authorized official of such importer stating under penalties of perjury that the consent referred to in subparagraph (A) is accurate, remains in effect, and has not been withdrawn.

The Secretary may provide by regulation for the submission of certifications under this section in electronic form if, prior to the entry of any cigarettes into the United States, the person required to provide such certifications submits to the Secretary a written statement, signed under penalties of perjury, verifying the accuracy and completeness of all information contained in such electronic submissions.

“SEC. 803. ENFORCEMENT.

“(a) **CIVIL PENALTY.**—Any person who violates a provision of section 802 shall, in addition to the tax and any other penalty provided by law, be liable for a civil penalty for each violation equal to the greater of \$1,000 or 5 times the amount of the tax imposed by chapter 52 of the Internal Revenue Code of 1986 on all cigarettes that are the subject of such violation.

“(b) **FORFEITURES.**—Any tobacco product, cigarette papers, or tube that was imported into the United States or is sought to be imported into the United States in violation of, or without meeting the requirements of, section 802 shall be forfeited to the United States. Notwithstanding any other provision of law, any product forfeited to the United States pursuant to this title shall be destroyed.”.

Mr. MOYNIHAN. Mr. President, my great thanks to the chairman of the Finance Committee for his efforts in bringing this legislation, the Tariff Suspension and Trade Act of 2000, to a successful conclusion. Last November, the World Trade Organization Seattle Ministerial ended in what The Economist magazine labeled a “global disaster.” Mr. President, our trade policy of 60 years—first established by Cordell Hull’s Reciprocal Trade Agreements Act of 1934—was in a crisis. Since then, the Senate has worked hard to put our trade policy back on track. On May 11, 2000, Congress passed the Trade and Development Act of 2000, extending preferential tariff treatment to our friends in Africa and expanding benefits to our neighbors in the Caribbean Basin. Just this week, the President signed into law H.R. 4444, authorizing permanent normal trade relations for China. And today, the Senate has passed—by unanimous consent—our third piece of trade legislation this year, the Tariff Suspension and Trade Act of 2000. There has not been a year in Congress so productive on trade issues since 1988, when we considered the Omnibus Trade and Competitiveness Act and the legislation implementing the U.S.-Canada Free Trade Agreement.

H.R. 4868 contains over 150 tariff suspensions and reductions on a wide range of products, 19 reliquidations of prior entries, and 11 technical Customs

provisions, including one which provides economic incentives for importers to recycle. Notably, the bill also authorizes the President to grant Georgia permanent normal trade relations, bringing the total number of nations we have normalized trade relations with this year to four.

Finally, Mr. President, I would like to take this opportunity to thank the staff which have worked late nights and long weekends to ensure that the Tariff Suspension and Trade Act of 2000 was a success. On the Finance Committee Minority staff, Linda Menghetti, Timothy Hogan, Holly Vineyard, and Pat Heck, and on the Majority staff, Grant Aldonas, Faryar Shirzad, Tim Keeler, and Carrie Clark worked tirelessly to ensure the passage of this important bill. Polly Craighill, of the Legislative Counsel's Office, spent countless hours drafting and redrafting this extensive piece of legislation. Anita Horn and Gary Myrick of the Minority leadership were also crucial to its final passage. Mr. President, we have taken three major steps forward since Seattle, and I hope the momentum will continue.

THE REPUBLIC OF GEORGIA

Mr. LEVIN. Mr. President, before the Senate passes the miscellaneous tariff bill, I would like to bring attention to a provision in the bill that would grant permanent normal trade relations, PNTR to the Republic of Georgia. In general, I support the proposition that the time is ripe for Georgia to receive PNTR. However, I also think we should recognize that the Republic of Georgia has demonstrated enforcement of internationally recognized core labor standards.

Georgia grants its citizens the right to emigrate. It is a leader in democratic reform in the Caucasus. It has a relatively strong human rights record. It has been shedding its status as a non-market economy, and this year became a member of the WTO. And it has been an important strategic partner of the United States.

To a certain extent, these accomplishments are acknowledged in the preambulatory clauses to the PNTR grant. But there is something missing. There is no recognition of Georgia's effective record of enforcing internationally recognized core labor standards and its demonstrated commitment to continue its protection of worker rights in the future. I hope that this gap can be filled in when the bill goes to conference.

Why should a grant of PNTR to Georgia acknowledge that country's protection of worker rights and its commitment to continue protecting worker rights? Because, increasingly, U.S. trade policy is reflecting the link between trade and labor. Different countries' different levels of protection of core labor standards have an impact on trade. We cannot ignore that. Indeed, we affirmatively recognized that fact in both the China/PNTR bill and in the Africa/CBI bill.

It stands to reason that when we make a significant change in our trade relationship with another country—as when we grant PNTR—we ought to take account of that country's enforcement (or lack of enforcement) of core labor standards. Here, the country in issue has a strong record in this area. We ought to recognize that fact, since it reinforces the case for granting PNTR. This sends an important signal to future PNTR candidates.

Therefore, I hope that, in conference, we will be able to include a simple recognition of Georgia's record and its commitment going forward.

Mr. MOYNIHAN. The Senator's point is a good one and I will press it in conference.

Mr. LOTT. Mr. President, I ask unanimous consent that the substitute amendment be agreed to, the bill be read a third time and passed, as amended, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendment in the nature of a substitute was agreed to.

The bill (H.R. 4868), as amended, was read the third time and passed.

MAKING A TECHNICAL CORRECTION IN THE ENROLLMENT OF H.R. 4868

Mr. LOTT. Mr. President, I also ask unanimous consent that the Senate proceed to the consideration of S. Con. Res. 152, which makes a technical correction in the enrollment of H.R. 4868 and, further, the resolution be agreed to and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 152) was agreed to, as follows:

S. CON. RES. 152

Resolved by the Senate (the House of Representatives concurring). That, in the enrollment of the bill (H.R. 4868) to amend the Harmonized Tariff Schedule of the United States to modify temporarily certain rates of duty, to make other technical amendments to the trade laws, and for other purposes, the Clerk of the House of Representatives shall make the following correction:

On page 160, line 8, strike “: and” and all that follows through line 10, and insert a period.

SITUATION IN THE MIDDLE EAST

Mr. DASCHLE. Mr. President, I come to the floor today to discuss the troubling developments in the Middle East. Given what has happened in the past several days, it is increasingly apparent that we are at a dangerous juncture in a critically important region of the world. The United States can and must stay engaged in the Middle East.

First and foremost, Mr. President, my heart goes out to the families of the seventeen sailors reported killed and the 36 injured in the explosion yes-

terday on the U.S.S. *Cole* off the coast of Yemen. These brave individuals lost their lives or suffered injury in defense of our country, our values, and our future. This explosion underscores the danger that the men and women of our Armed Forces face every day, and our debt of gratitude for the duty they undertake.

All evidence strongly suggests that yesterday's explosion was a terrorist attack. Such an attack is senseless and cowardly, and those responsible will be found and brought to justice. The world should know that the President and the Congress stand united on this score.

We will not grant the perpetrators an ounce of satisfaction that they have succeeded in altering the way the United States conducts business. We will remain a force for stability. We will continue to press for a negotiated peace in the Middle East. We will stand against insecurity and senseless violence in the Middle East and throughout the world. We owe that much to the brave sailors who were killed yesterday.

Recent days have also confronted us with a stream of horribly violent incidents in Israel and the territories. Unfortunately, efforts to end unrest have yet to succeed. Yesterday two Israeli soldiers were killed in a distressing scene of mob violence as protests gave way to deadly confrontation. I deplore that violence, Mr. President, and I call on Chairman Arafat to raise his voice in favor of peace.

I have followed with grave concern the violence that has gripped Israel and the territories for more than two weeks. After years of instability and violence, this region of the world—so riven with religious and strategic interests—was experiencing relative calm. This state of affairs was born out of an emerging consensus among all parties in the region that the future peace and security of Israel and the territories could be decided only through negotiation. The outlines of and expectations for a lasting peace were beginning to take shape. A successful conclusion to these negotiations seemed tantalizingly close just two short months ago when Israel made unprecedented compromises in the name of peace.

In addition to the human toll exacted by the recent string of violent incidents, there has been another equally tragic casualty—at least in the short term. The events of the past week or so have apparently punctured the hope for a quick peace settlement, putting at risk the great progress that had been made toward settling long-standing Israeli-Palestinian differences. Moreover, the latest crisis in Israel and the territories also threatens wider regional conflict, as evidenced by the abduction of three Israeli soldiers by Hezbollah guerrillas operating out of Lebanon as well as Iraqi troop movements. The stakes, Mr. President, are high and the time is short.

If we are to return to the path of a peaceful settlement after the events of the last two weeks, we must first end the violence. A cessation of hostilities can only be accomplished if all sides demonstrate leadership by condemning the violence. I am sorely disappointed in Arafat and the Palestinian Authority and in the fact that they have allowed violence to be carried out without restraint or comment.

Preferring instead to blame the violence on what he terms Israeli provocations, Arafat has refused to publicly and unequivocally call for an end to violent protests and confrontations. Palestinian police have failed to control mob violence. And efforts at re-establishing negotiations have been rebuffed. The result is despicable violence that has cost far too many innocent lives.

Rather than being unable to control the violence—as Chairman Arafat claims—his silence leaves the impression that he condones it. The on-again off-again cooperation with Israeli security forces suggests that Arafat prefers using violence and the threat of wider war as a negotiating tool. Such tactics are cynical, dangerous and stand in stark contrast to the Oslo process that brought the region to brink of a comprehensive peace just two short months ago.

Meanwhile Prime Minister Barak has remained committed to negotiations and the Oslo Process. He took great risks at Camp David in July. He offered remarkable concessions on issues that go to the very core of his country's history and identity—compromises that no one had considered possible before President Clinton convened the Camp David talks.

Despite subsequent violence provocations, Barak has repeated his interest in restoring calm, ending the violence and returning to the negotiating table. When he was approached by President Clinton to join an emergency summit, he readily stated his interest and willingness in participating.

And unlike Arafat, Barak has clearly denounced violence. He implored Israelis not to participate in the violence when he said, "I urge our Jewish citizens to refrain from attacking Arabs and their property under any circumstances."

Time is short in the Middle East, Mr. President. The risk of a wider regional conflict is very real. The first step toward assuring that the situation improves is a strong public statement from Chairman Arafat calling for an end to the violence.

RETIREMENT OF SENATOR CONNIE MACK

Ms. SNOWE. Mr. President, I rise today to pay tribute to a friend and an outstanding public servant who is retiring from the United States Senate this year after 18 years in public service, Senator CONNIE MACK of Florida.

I have had the privilege of serving with Senator MACK in both houses of

Congress. And I know him as a man deeply committed to the finest ideals of public service, as well as the beliefs he so passionately holds.

Perhaps no one believes more fervently in the inherent potential of each and every individual than Senator MACK. For him, it is not government that creates wealth or success or personal fulfillment. It is the American people. To give people opportunity—to give them the skills they need to compete and reach their greatest potential—is for Senator MACK perhaps the greatest end that government can serve.

I have also known Senator MACK as a staunch proponent of fiscal responsibility, back to the days when it often seemed that talk of balanced budgets was only slightly more fashionable than actually balancing the budget. I have to believe he must share my sense of wonder as to how far we've come, and it is thanks in no small part to the efforts of Senator MACK and those like him who have fought for years to make the current surpluses a reality.

Senator MACK has been a strong voice for the Sunshine State in the United States Senate. Most recently, his tireless efforts in helping to shepherd through the Senate the historic Everglades restoration plan, the Restoring the Everglades, an American Legacy Act, leaves a positive and lasting mark on Florida and one of our nation's true natural treasures that will be appreciated for generations to come.

One could argue, however, that Senator MACK has pursued no other goal with a higher degree of dogged determination than increasing our federal investment in medical research. He rightly sees this issue as a matter of national importance, knowing no political, social, financial, or racial boundaries.

He recognizes that disease touches every American family. Certainly, it has had a profound impact on his own family, including his wife, daughter, brother, and both parents—as well as affecting his own life.

Characteristically, Senator MACK and his wife, Priscilla, who is a courageous breast cancer survivor, met these challenges first with courage and dignity, and then with an unyielding determination to do something about them.

Both have been extremely active in spreading the word on the importance of early detection. As co-Chair of the bipartisan Senate Cancer Coalition, Senator MACK has provided outstanding leadership on matters relating to our fight against cancer, and in particular I have been honored to work with Senator MACK on providing greater funding for breast cancer research.

The depth of Senator MACK's concern when it comes to this dread disease cannot truly be measured. Certainly, having worked on this issue throughout my tenure in Congress, I was honored and thankful for Senator MACK's participation in a breast cancer hear-

ing, or "breast cancer summit", we convened in 1996, but I was not surprised that he would be there to contribute his wisdom and his support.

From that summit came legislation to establish a national data bank of information on clinical trials involving experimental treatments for serious or life-threatening diseases. It also mandated that a toll-free number be instituted for patients, doctors and others to access this information.

Senator MACK has literally been instrumental in securing increased funding for medical research in general, and indeed for the fiscal year 2000 fought for the inclusion of a \$2.3 billion increase for the National Institutes of Health. And he has rightfully called for funding to NIH to be doubled from \$12.75 billion to over \$25 billion over the next five years.

Finally, Mr. President, to quote a piece from the St. Petersburg Times from last year, "the Senate will lose one of its nicest members." And that is absolutely true. Senator MACK has strongly held beliefs on the issues, let there be no doubt.

But he has always understood the fine but certain distinction between disagreeing and being disagreeable. He has been a credit to the Senate, to Florida, to the nation, and to his family. I wish him well as he returns to his beloved state and embarks on a new chapter in his life—one that I hope will be filled with happiness and good health for him and his wife, Priscilla. He will be missed by all those fortunate enough to have worked with him.

CONSIDERATION OF IMMIGRATION MATTERS

Mr. LEAHY. I would like to commend Senator REED for allowing us to proceed on several important immigration matters even though the Republican majority has refused to act on his compelling legislation to do justice for Liberians. Senator REED has been a persistent advocate for the Liberian nationals who have fled the strife in their nation for the United States. He has recognized that the U.S. has a special relationship with Liberia's citizens and has sought to respect and enhance that relationship. But his efforts have been resisted by the majority, which has consistently denied his requests to take up his bipartisan bill, which would allow Liberians who fled here and meet certain criteria to become legal permanent residents of the United States. I hope that we will change course and address this issue before we adjourn. I commend the Administration for its commitment to insist on action.

Meanwhile, I am pleased that we were able to pass H.R. 2883, a bill that will confer automatic citizenship upon foreign-born children who are adopted by the American parents. Given the severe curtailment of noncitizens' rights under the immigration laws we passed in 1996, it is all the more important to

extend this right to American parents and their adopted children. Everyone in the Senate supports adoption, and we should make sure the law expresses that support.

Many Senators on both sides of the aisle worked hard to see this bill become law, and I would like in particular to commend Senator LANDRIEU for her efforts. She and her staff were dedicated to this bill and were instrumental in its passage.

I hope that we are able today to move forward on a number of pieces of legislation. First, I hope we can pass the bill that extends the program under which religious workers can obtain visas to enter the U.S. Senator KENNEDY has championed this legislation, it has significant bipartisan support, and there is no reason not to act quickly to pass it. We should also pass the bill benefiting Syrian Jews that Senator SCHUMER has advocated, as well as legislation benefiting the Hmong people, which the late Congressman Bruce Vento did so much to promote. Although many of the larger immigration issues that should have been addressed in this Congress—from reforming expedited removal to restoring due process rights for legal permanent residents—may regrettably remain unresolved, we can at least take these more limited steps and demonstrate some commitment to immigrants and a sound immigration policy.

VOTE EXPLANATION

Mr. ABRAHAM. Mr. President, I rise today to explain my vote against the Boxer amendment No. 4308 to the FY01 VA/HUD Appropriations bill.

This amendment addressed two issues which are very important to Michiganders: clean air and clean water. Unfortunately, whatever the intentions of the author, the amendment would have done more harm than good. I particular, I was troubled by the attempt to strike language which will prevent the EPA from designating Michigan counties as being in nonattainment, or not meeting clear air requirements.

On May 14, 1999, the United States Court of Appeals for the District of Columbia Circuit, in *American Trucking Association v USEPA*, ruled that the 8-hour ozone standard as proposed by EPA be remanded to EPA for further consideration. The 8-hour standard was therefore suspended. The court specifically noted that USEPA retains the power to designate areas as nonattainment under a revised national Ambient Air Quality Standard (NAAQS), however, there must be a legal standard in place before USEPA makes such designations. Since the 8-hour standard was remanded, it is not legal NAAQS.

In response, EPA announced its intention to reinstate applicability of the one-hour ozone standard. However, in determining which communities were in nonattainment under the one-hour standard, EPA intended to make air

quality designations based on the designations of these areas at the time the 1-hour standard was originally revoked, rather than rely on the most recent air quality data.

Under this proposed action, six Michigan counties would have been in nonattainment even though all six have monitoring data measuring attainment—Midland, Bay, Saginaw, Genesee, Muskegon, and Allegan. These are counties that were previously designated as nonattainment of the 1-hour standard. Although they were previously designated as nonattainment, only Muskegon was “classified” under the classification scheme of the Clean Air Act. Thus, only Muskegon County was subject to the major ozone control programs, but all nonattainment counties are subject to tougher permit and offset requirements.

Even though these counties are now in attainment, tougher permit standards would have been required for new major stationary sources just because these counties were previously designated as nonattainment for the 1-hour standard. Additionally, offset requirements for major stationary sources would have applied. In addition, these six counties would have had to resume doing transportation and general conformity for projects receiving federal funds. Under the revocation, conformity was not a requirement. Conformity was a continuing requirement for redesignated areas.

Shortly after the announcement, I made clear to USEPA that in my opinion there was no rational basis for intentionally jeopardizing economic development and the construction of much-needed road projects in areas that are meeting attainment levels for the 1-hour ozone standard. Further, I noted that EPA should not disregard air quality improvements made in several areas of the state and should base any non-attainment designations under this rulemaking on the most current air quality monitoring data available.

To date, I have not been satisfied with the response from USEPA and for that reason, I supported the language included in the FY01 VA/HUD Appropriations bill. This language will prevent EPA from designating any Michigan county as nonattainment for the next 12 months or until the courts have settled the pending matter, whichever happens first. In fact, I understand that EPA actually agreed to this language in a compromise with the house.

It was unfortunate that the Boxer amendment also sought to permit EPA to move forward on a new arsenic standard. This is an issue which I believe merits independent consideration. I understand the arsenic standard has not been updated in almost 60 years. However, I am concerned that the push to lower the standard to 5ppb from the current 50ppb may be too extreme. While large water systems may be able to comply with such a strict requirement, I am not at all certain that smaller systems which serve a great

percentage of the Michigan population would be able to comply with that standard. They would therefore be subject to penalties for their inability to comply with yet another unfunded mandate. In any event, I look forward to the opportunity to consider this issue on its own merit, and urge the EPA to base whatever standard it eventually proposes on sound science and even then only after extensive peer review.

NATIONAL HISPANIC MONTH

Mr. LEVIN. Mr. President, it is with great pleasure that I join many of my colleagues in commemorating National Hispanic Heritage Month. The nationwide celebration of Hispanic heritage was initiated by the 90th Congress in 1968, which designated National Hispanic Heritage Week. Twenty years later, the 100th Congress transformed this week into a month, designating the period of September 15 to October 15 as a time to recognize the Hispanic influence in and contributions to our culture and society.

For over 400 years, Hispanic Americans have played a fundamental role in the history of the United States. The first European expedition in recorded history to land in what is today the continental United States was led by the former Spanish Governor of the Island of Puerto Rico, Juan Ponce de Leon.

America's diverse and vibrant Hispanic population has made an enormous contributions to the building and strengthening of our nation, its culture, and its economic prowess. As we cross the threshold of a new century, we look to the outstanding contributions of Hispanic Americans for inspiration and leadership. My hometown, Detroit, was made great in the twentieth century in part by immigrants who went there to find work and provide for their families. This great dream lives on today as thousands of immigrants come to Detroit every year from countries like Mexico, El Salvador, Guatemala and Cuba. In fact, Southwest Detroit, known as Mexicantown by its residents, is the fastest growing part of Detroit. Hispanics who have come to Detroit have opened businesses, bought homes and turned a once neglected urban neighborhood into a thriving community that has become one of the centers of the city.

One woman, Maria Elena Rodriguez, has had a lot to do with this turnaround. Her hard work as president of the Mexicantown Community Development Corporation has helped to provide the spark needed to reinvigorate a community. Ms. Rodriguez is currently in the process of helping to build a welcome center for people coming into Detroit across the Ambassador Bridge, an effort she hopes will fulfil her mission to bring more business and visitors to her neighborhood.

Hispanic contributions to Michigan businesses abound. The Kellogg Company, founded and headquartered in Battle Creek, Michigan, has millions of customers in over 160 countries, and is the world's leading producer of cereal. Its CEO is Carlos Gutierrez, who started with Kellogg's as a sales representative in Mexico City, and after 25 years with the company is now in charge of this global giant.

Education has long played a prominent role in Hispanic culture. The first free integrated public school was established in St. Augustine, Florida in September of 1787. On March 31, 2000 Rebecca Arenas was awarded the "Caesar Chavez Civil Rights Achievement Award" for her work to better the lives of Hispanics in general, and migrant workers in particular. Rebecca's parents brought her to Michigan at the age of 5 from Crystal City, Texas. Her parents were migrant workers who chose to stay in Michigan because they believed it would allow Rebecca to have a better education. Because of the actions of her parents, Rebecca developed a commitment to education that would last a lifetime. Rebecca passed this commitment to education onto her children, all seven of whom have received a post-secondary education. In addition to the "Caesar Chavez" award, Rebecca has received recognition on numerous other occasions because of her work in education, health care, and voter registration.

For these and countless others reasons, it is a pleasure for me to stand today with my Senate colleagues in commemorating National Hispanic Heritage Month.

STRATEGIC PETROLEUM RESERVE

Mr. MURKOWSKI. Mr. President, I ask unanimous consent that a letter dated Oct. 11, 2000, to Secretary Richardson from myself be printed in the RECORD.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

COMMITTEE ON
ENERGY AND NATURAL RESOURCES,
Washington, DC, October 11, 2000.

Hon. BILL RICHARDSON,
Secretary of Energy, U.S. Department of Energy, Washington, DC.

DEAR MR. SECRETARY: I am writing to request that the Department provide the Committee the following information with respect to the proposed exchange of 30 million barrels of crude oil from the Strategic Petroleum Reserve:

1. A list of the bidders for the SPR oil.
2. For each bidder, the date on which their bid was submitted, the amount of SPR oil they bid for and the bid they made.
3. For each winning bidder, the amount and type of SPR oil they were awarded and the terms of the award.
4. For each winning bidder, the assurance they provided that they will be able to return oil to the SPR as is required.
5. Why DOE did not have any financial qualification for bidders.
6. For each losing bidder, the reasons why their bid was not accepted.
7. A list of all persons who the Department contacted to inform them of the proposed exchange, and the means by which such person was contacted.

8. Provisions in the contracts that require heating oil to be refined from the SPR oil.

9. Provisions in the contracts that require heating oil refined from the SPR oil to be delivered to the Northeast market.

10. Provisions in the contracts that prohibit the export of the SPR oil or petroleum product refined from the SPR oil, including export by exchange.

Please provide the Committee with this information as soon as possible, no later than 12:00 p.m., Monday, October 16, 2000. If you or your staff have any questions you may contact Mr. Brian Malnak (224-4970).

Sincerely,

FRANK H. MURKOWSKI,
Chairman.

OUR PART FOR SCHOOL SAFETY

Mr. LEVIN. Mr. President, over the last few years, high profile school shootings across this country have left teachers, parents, and students scared and confused. In response, the FBI has conducted an exhaustive study on school shootings in an effort to assess, intervene and prevent such tragedies from occurring in the future. The report, entitled, "School Shooter: A Threat Assessment Perspective," recommends specific steps for school officials to take to prevent youth violence. The report notes that in the vast majority of cases, kids do not turn violent overnight. Instead, those who become violent tend to exhibit increasingly disturbing patterns of behavior as their fascination with violence builds. By learning to recognize these behavioral signs, teachers and students can be prepared to investigate and intervene before potentially violent situations get out of control.

The FBI report goes on to suggest specific measures schools can take to head off potential shootings. The report recommends that students and faculty should be trained to recognize certain warning signs that students may be considering committing violent acts; groups of faculty and students should be established to encourage students not to keep silent when they recognize potential threats; programs should be developed to teach parents to recognize behavior that may indicate that their children are prone to acts of violence. In addition to these preventive measures, the FBI recommends that schools establish specially trained Threat Assessment Teams to handle evaluating and responding to threats if and when they arise.

The FBI warns teachers, parents, and students that they should not ignore any threat of violence. We in Congress should follow the same advice. Yet, while parents and school officials are pursuing more vigorous responses to potential violence, we in Congress seem to be less responsive to such danger. Over the last few years, many of us in Congress have continually tried to close the loopholes in our laws that permit school children to gain access to firearms. Unfortunately, our efforts have been stymied by the leadership in the House of Representatives. In a few weeks, this session of Congress will come to an end. Before we adjourn, let's do our part and reduce the threat

of gun violence in our schools and communities.

(At the request of Mr. DASCHLE, the following statement was ordered to be printed in the RECORD.)

THE COUNTERTERRORISM ACT OF 2000

• Mrs. FEINSTEIN. Mr. President, I am delighted to join my good friend Senator JON KYL in sponsoring S. 3205, the Counterterrorism Act of 2000. This bill, introduced last night, seeks to improve our ability to prevent and respond to terrorist attacks.

In light of the events yesterday in the Middle East, there can be no doubt of the need for this legislation, and I urge my colleagues to act quickly to pass this important bill.

All the evidence now indicates that the cowardly and reprehensible attack on the U.S. Navy destroyer U.S.S. *Cole* yesterday in Aden was a terrorist suicide attack. It appears that the bombers had infiltrated the port's harbor operations and carefully planned the operation. It is fortunate that the explosion did not set off Tomahawk cruise missiles or other ordnance on board, causing even more devastation.

If found to be a terrorist incident, the attack on the U.S.S. *Cole* would be the worst against the U.S. military since the bombing of an Air Force barracks in Saudi Arabia killed 19 airmen in 1996. It would also be the worst attack on a Navy ship since an Iraqi missile struck an American guided-missile frigate in 1987, killing 37 sailors.

My heart goes out to the families of the American sailors who were killed or injured or who are still missing. Their tragedy underlines the constant danger faced by our armed forces around the world and the need for this country to remain vigilant in protecting them from terrorist and other attacks.

The attack on the U.S.S. *Cole* was no isolated incident. In fact, just today, a bomb was hurled at the British embassy in Yemen, causing a massive explosion.

I believe that we need to take strong action to combat terrorism. There is no question that terrorist attacks will continue and that they will become more deadly. Terrorists today often act out of a visceral hatred of the U.S. or the West and seek to wreak maximum destruction and kill as many people as possible.

At the same time, I believe that our counterterrorism policy must be conducted in a way that remains consistent with our democratic values and our commitment to an open, free society.

To help avert attacks such as those on the U.S.S. *Cole*, Senator KYL and I have introduced S. 3205. This legislation implements major recommendations from a bipartisan, blue-ribbon commission on terrorism.

Specifically, the bill aims to review legal authority for responding to catastrophic terrorist attacks and increase long-term research and development to counter such attacks, improve controls on biological pathogens and equipment that could be used in a terrorist assault, discourage terrorist fundraising, improve the sharing of information about terrorists, keep Syria and Iran on the list of countries that sponsor terrorism, and fully reimburse counter-intelligence personnel for insurance they purchase to protect themselves from professional liability.

In many ways, the Kyl-Feinstein Counterterrorism Act of 2000 is a counterpart bill to the Justice for Victims of Terrorism Act that just passed the Senate 95 to 0. That legislation, of which I was a chief cosponsor, will make it easier for American victims of terrorism abroad to collect court-awarded compensation and to ensure that the responsible state sponsors of terrorism pay a price for their crimes. The act also contained an amendment I authored with Senator PATRICK LEAHY that will provide faster and better assistance to victims of terrorism abroad. This legislation, which has passed the House as well, will now go to the desk of President Clinton, who will sign it.

While I strongly support assisting terrorist victims, I also believe that we need to do more to prevent Americans from becoming victims of terrorism in the first place. And I believe that we should act now—before terrorists strike again, killing and injuring more Americans and leaving more families grieving. I urge Congress to act pass S. 3205 before we adjourn.●

CONGRESS MUST ADDRESS INEQUITIES SUFFERED BY FEDERAL RETIREES

Mr. JOHNSON. Mr. President, I rise today to commend the Congress and the President on the recent enactment of S. 2420, the bill to provide long-term healthcare insurance for federal employees. As the nation's largest employer, we have set an example for the private sector in establishing a long-term care insurance program for federal workers and retirees. At least thirteen million people are expected to benefit from this far-sighted effort, but there is more work to be done on those issues affecting current and former Federal employees. Today, I wish to highlight three proposals on which I have received much correspondence from my constituents: repeal of the Government Pension Offset, GPO, elimination of the Social Security Windfall Elimination Provision, WEP; and, health insurance premium conversion availability.

I am a cosponsor of S. 717, Senator MIKULSKI's proposal to reform the GPO. Additionally, I am a supporter of initiatives in the House of Representatives to eliminate the WEP. Both pieces of legislation alleviate current

laws that block Federal annuitants and their spouses from collecting full Social Security benefits. Because of the current budget rules requiring the offsetting of spending cuts or tax increases, passage of these reforms have been complicated.

We should not penalize people who have worked hard and contributed to the country simply because they worked for the Federal government and receive a Federal pension. This Senate must consider these bills a priority, and seriously review the offsets necessary to achieve these essential and fair changes. I believe that we need to enforce a budget discipline which will balance the budget without borrowing payroll tax dollars from the Social Security trust fund and any other federal trust funds. However, now that the budget is balanced, we should first restore the change that helped bring us toward fiscal soundness.

Finally, I wish to address the availability of health insurance premium conversion arrangements. As my colleagues may be aware, no Senate legislation has been introduced, but H.R. 4277 has been introduced in the House. Under the provisions of this bill, the Office of Personnel Management, OPM, would be directed to take necessary measures to ensure that enrollees have the option to paying charges out of pre-tax earnings. This would ensure equal premium tax treatment for federal workers and retirees. I urge my House and Senate colleagues to provide full consideration to this legislation, and bring Federal employees and retirees pay and benefit equity and fairness.

Mr. President, these are just three issues of concern to me and my constituents. While enactment of the long-term care bill was a great step forward, I must reiterate my call for more work to be done. I am hopeful that we may make a serious effort on this legislation on the few remaining days of the 106th Congress. These concerns will not go away, and I know we will surely be hearing about the GPO, WEP, and premium conversion in the next Congress as we do not take action this year.

225TH BIRTHDAY OF THE UNITED STATES NAVY

Mr. LUGAR. Mr. President, I ask my colleagues to join me in commemorating the 225th birthday to the United States Navy, by passing Senate Resolution 373. Several of the Senate's other veterans of naval service have joined me in sponsoring this resolution and I thank Senator MCCAIN, Senator MOYNIHAN, Senator WARNER, Senator COCHRAN, Senator ROBB, Senator BOB SMITH, Senator MILLER, Senator BOB KERREY and Senator JOHN KERRY.

While we like to celebrate on a birthday, we must pause in solemn reflection, for yesterday, the Navy family suffered a tragic loss. I send my heartfelt condolences to the U.S.S. *Cole* and her extended family. Like thousands of Sailors before them, these brave men

and women have made the ultimate sacrifice in service to their country. The loss is felt by the entire nation, and the entire nation grieves with you and expresses gratitude for your sacrifice.

October 13, 1775, was the day that the Continental Congress established a "Naval Committee" to acquire and fit out vessels for sea and draw up regulations. By the following month the committee procured two ships, two brigs and later two sloops and two schooners. From these modest beginnings, the greatest Navy in the world has grown. Down through the years, the Navy has been central to the history of this nation, and ever-integral to her longevity and prosperity.

Mr. President, I had the honor of serving in the Navy. Perhaps my greatest honor during my service as a young naval intelligence officer was working for Admiral Arleigh "31-Knot" Burke, when he was Chief of Naval Operations. A heroic WWII destroyer squadron commander, Admiral Burke was truly a man of vision. Under his tutelage I learned valuable lessons about the Navy's place in our history, but also about the key role it plays today in economics, science, politics, and international relations. Then as now, the world was an uncertain place, and the Navy played a vital role in calming the waters.

Admiral Burke is the namesake for the class of destroyers to which the U.S.S. *Cole* belongs. The *Cole* tragedy brings the spotlight on the Navy and the day-in, day-out honor, courage and commitment of her sailors. At the commissioning of the lead ship in the class, Admiral Burke stated fittingly "This ship is built to fight, you had better know how." A quote reminiscent of Captain John Paul Jones legendary declaration: "I wish to have no connection with any ship that does not sail fast, for I intend to go in harm's way." These are the best ships in the world, manned by the world's best Sailors, but they are not impregnable fortresses, they do sail in harm's way.

Many have expressed incredulity at the attack on the warship *Cole*. But, she was in a vulnerable situation—coming pierside to replenish fuel in a presumed-benign environment. The task that was to occupy *Cole* and her crew over the next several months—maritime interdiction duty in the Persian Gulf—was more precarious. Ships refuel in foreign ports daily as they have for many years. But this tragedy is a reminder that the peace and prosperity we enjoy is not without cost, nor are the commitments we make to our allies.

The U.S.S. *Cole* is one of the Navy's finest warships—one of 318 operational ships. 4108 Navy aircraft are also operational today. 42 percent of those ships are away from homeport and 32 percent, like the *Cole* and the U.S.S. *George Washington* Battlegroup, of which she was a member, are deployed. These numbers provide a snapshot of

the Navy's diligence around the globe. Their involvement in contingency operations over the last 10 years is also very telling. From 1946 to 1989 (44 years) the U.S. Navy responded to 195 crises, while from 1990 to 1999 (10 years) the Navy responded to 122 crises. Such optemos demand much of the men and women in uniform, and their loved ones back home. It also places tremendous stress on our ships and aircraft. While deployed battlegroups have maintained their readiness, they often do so at the expense of non-deployed units. In my view, we must maintain our commitment to support the fleet and ensure they continue to be the best equipped in the world. We have a distinct responsibility to our Navy, not to blindly increase ship production in response to rampant deployment rates, but to ensure we are ready to face clearly defined missions and threats.

Today, as in the future, America relies on its Navy. For 225 years, the Navy has responded to each new demand and comes through in the clutch. Ever-present, around the globe, minutes away from crises as they occur, today's Navy is deterring would-be aggressors; and providing fledgling democracies with visible reassurance of U.S. support. Daily, Navy men and women are our ambassadors in ports of call and as participants in multi-national operations and exercises. As one of the eleven members of this Senate to have worn the Navy uniform, I am pleased to share my pride in our sea service with all who have worn Navy blue down through the years. I also send greetings to the 373,910 men and women on active duty today, the 182,970 ready reservists, and the extended Navy family of civilian personnel, families and loved ones.

As we celebrate this 225th birthday, I close solemnly, and offer the first verse of the Navy Hymn in memory of those who have most recently perished in service to their Navy and their country:

Eternal Father, Strong to save,
Whose arm hath bound the restless wave,
Who bid'st the mighty Ocean deep
Its own appointed limits keep;
O hear us when we cry to thee,
for those in peril on the sea.

ADDITIONAL STATEMENTS

TRIBUTE TO MONSIGNOR BOLDOC

• Mr. SMITH of New Hampshire. Mr. President, I rise today to pay tribute to Reverend Monsignor Norman P. Bolduc, 48, Chancellor of the Diocese of Manchester, as New Hampshire mourns his tragic loss.

Monsignor Bolduc was ordained a priest in April 1979 after entering his religious training at Saint Thomas Seminary in Connecticut at the tender age of 13. As a Lieutenant Colonel, Monsignor Bolduc served as a Chaplain of the United States Air Force Reserves. He earned a master's in philoso-

phy at the Catholic University of America in Washington, D.C., where he also earned his licentiate in Canon law.

Upon the recommendation of Bishop Odore Gendron, the seventh Bishop of Manchester, Pope John Paul II appointed Reverend Norman Bolduc as a Chaplain to His Holiness with the title of Monsignor in 1991. As Chancellor, Monsignor Bolduc was the third-ranking official in the diocese. He served as the bishop's Secretary for Pastoral Services and represented the bishop in Concord, New Hampshire, speaking on legislative matters. Reverend Edward Arsenault, Secretary for Administration of the diocese, noted Monsignor Bolduc's keen intellect and his "great ability to explain and teach the church's teaching. He was a noted and gifted homilist."

Monsignor Bolduc was a talented baseball player, an avid golfer and had a passion for travel, often traveling to foreign lands. Many New Hampshire residents were fortunate to share his love of travel and accompanied him on pilgrimages to the Holy Land. Monsignor Bolduc was the eldest of seven children. He was the loving son of Norman Sr. and Cecile Bolduc of Laconia, New Hampshire. Monsignor Bolduc was a caring brother and devoted uncle to his eleven nieces and nephews. He enjoyed his family life and cherished the time he spent with all of them.

As Bishop John B. McCormack remembered his faithful and devoted colleague during the Funeral Mass celebrated at Saint Joseph's Cathedral he reminded us all that, "It is clear that God does give, but God also takes away. It is clear whether we live or die, we are all the Lord's." Monsignor Bolduc honorably served our nation and the Roman Catholic Church and will be greatly missed by all those who were blessed by his presence and ministry. As Holy Scripture says in Psalm 116, "Precious in the eyes of the Lord is the death of the faithful ones." May God bless Norman Sr., Cecile and Monsignor Bolduc's siblings, nieces and nephews as they mourn the loss of their loved one.

I am honored to have served the Reverend Monsignor Norman Bolduc in the United States Senate. May God bless him and grant him eternal peace.●

DONALD L. BEMIS JUNIOR HIGH SCHOOL NAMED BLUE RIBBON SCHOOL FOR 1999-2000

• Mr. ABRAHAM. Mr. President, in 1982, the United States Department of Education initiated its Blue Ribbon Schools Program. In each year since, the Department has recognized schools throughout the country which excel in all areas of academic leadership, teaching and teacher development, and school curriculum. In other words, Blue Ribbon Schools are the finest public and private secondary schools our Nation has to offer. They are the schools that set the standard for which others strive. I am very proud to report

that nine of the 198 Blue Ribbon Schools named by Secretary Richard W. Riley for 1999-2000 are located in the State of Michigan, and I rise today to recognize Donald L. Bemis Junior High School in Sterling Heights, Michigan, one of these nine schools.

The mission of Donald L. Bemis Junior High is to educate its students in the development of knowledge, problem solving, and acceptance of others. Curriculum places primary emphasis on basic skills to promote essential knowledge and challenge students to achieve at the highest levels they are capable of attaining. Students are taught tolerance as conflict resolution strategies have been integrated into this curriculum. In addition, character building is taught and modeled within the school climate. The whole of this curriculum is designed to provide students with the building blocks they need to construct positive ideals which they can carry with them for the rest of their lives.

Technology has recently begun to play a large role in the program as well. Each classroom at Bemis is equipped with a television and VCR, allowing students to be a part of a worldwide telecommunications system and providing teachers with audio-visual communication throughout the entire school. There are at least two computers in each classroom, which are hooked up to two building servers as well as the Internet. Bemis also has three computer laboratories, from which teachers and students can easily access personal files which have been set up for them. There is no doubt that technology is revolutionizing the way that students are taught throughout our Nation. There is also no doubt that Bemis Junior High has been on the forefront of employing it for positive purposes.

Perhaps the greatest key to the success of Bemis Junior High though has been the collaborative decision making process which has been developed by parents, teachers and students. This process involved an overall dedication to the Bemis Junior High community, and relies upon keeping lines of communication open through parental contacts, open houses, parent-teacher conferences, the Parent Sounding Board, and the Student Council. Also present and a part of this process is the School Improvement Team, made up of staff and students focusing upon issues to enhance student achievement. All of these efforts lead to a well informed school community, which has been the most important aspect in the development of Bemis Junior High.

Mr. President, I applaud the students, parents, faculty and administration of Bemis Junior High, for I believe this is an award which speaks more to the effort of a united community than it does to the work of a few individuals. With that having been said, I would like to recognize Mrs. Joyce A. Spade, Principal of Bemis Junior High, whose dedication to making her school one of

the finest in our Nation has been instrumental in creating this community. On behalf of the entire United States Senate, I congratulate Donald L. Bemis Junior High School on being named a Blue Ribbon School for 1999-2000, and wish the school continued success in the future.●

ADLAI E. STEVENSON HIGH SCHOOL NAMED 1999-2000 BLUE RIBBON SCHOOL

● Mr. ABRAHAM. Mr. President, in 1982, the United States Department of Education initiated its Blue Ribbon Schools Program. In each year since, the Department has recognized schools throughout the country which excel in all areas of academic leadership, teaching and teacher development, and school curriculum. In other words, Blue Ribbon Schools are recognized because they are the finest public and private secondary schools our Nation has to offer. They are the schools that set the standard for which others strive. I am very proud to report that nine of the 198 blue Ribbon Schools names by Secretary Richard W. Riley for 1999-2000 are located in the State of Michigan, and I rise today to recognize Adlai E. Stevenson High School in Sterling Heights, Michigan, one of these nine schools.

The mission of Stevenson High School is to provide every student with a positive learning environment, which will allow them to feel a part of a school community while at the same time achieving their greatest potential as responsible and contributing members of society. This mission is reflected in Stevenson's motto, "School of Champions," symbolizing the importance that the faculty and administration place on developing champions in all aspects of life. Students are treated with dignity and with respect, as faculty view this as the most effective method to help them achieve excellence in school and in life of which they are capable.

Indeed, the commitment of the faculty and administration towards making their school achieve to the highest level has been the most important key in it actually achieving at this level. 85 percent of the 94 professional staff members hold masters, specialist or doctorate degrees. All staff serve on one of four target-goal committees, which is only one example among many of how the faculty and administration work cooperatively to facilitate both teaching and learning. They also take an active role in curriculum development, from researching new textbooks and other classroom materials to serving on curriculum committees at the district level. The faculty and administration recently witnessed the success of their efforts, as Stevenson High School recently completed its five-year journey to achieve North Central Outcome-Based Accreditation.

The administration at Stevenson High School has also made a concerted

effort to ensure that their school is as safe as possible. There is zero tolerance regarding weapons, violence, threats of violence and the use of alcohol or other drugs. A building security plan is in place and practiced on a regular basis, and an evacuation plan is in place to safeguard students and staff in an emergency or crisis. In addition, a support network has been established at Stevenson High School so effective that students trust the administration and faculty enough to forewarn them of potential problems. This is due to the success of student organizations such as the Students Offering Services Club, the Renaissance Club, the Cultural Diversity Council and the Peer Mediation Program. Because of these support groups, students feel connected to the school and to each other, and know that they are valued as individuals.

Mr. President, I applaud the students, parents, faculty and administration of Stevenson High School, for I believe this is an award which speaks more to the effort of a united community that it does to the work of a few individuals. With that having been said, I would like to recognize Mr. Donald R. Nawrocki, the Principal of Stevenson High School, whose dedication to making his school one of the finest in our Nation has been instrumental in creating this community. On behalf of the entire United States Senate, I congratulate Adlai E. Stevenson High School on being named a Blue Ribbon School for 1999-2000, and wish the school continued success in the future.●

ment of the bill H.R. 4868; considered and agreed to.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. ABRAHAM:

S. 3206. A bill to amend the Omnibus Crime Control and Safe Streets Act of 1968 to provide additional protections to victims of rape; to the Committee on the Judiciary.

THE VICTIMS OF RAPE HEALTH PROTECTION ACT

Mr. ABRAHAM. Mr. President, I rise today to introduce the Victims of Rape Health Protection Act. This legislation would facilitate health treatment of rape victims by empowering victims with the ability to determine at an early date whether or not their attacker carried the Human Immunodeficiency Virus (HIV), the virus that causes AIDS.

Mr. President, in addition to a rape survivor being forced to live with the horrific elements commonly associated with the act of rape, rape victims simultaneously are threatened by yet another cruel aggressor, the HIV disease. Current medical technology is limited in its ability to detect HIV in the body during the initial stages of infection; as such, if the victim must rely on self-testing alone, the presence of HIV may not be evident for months.

Reports from both the American Medical Association and a study published in the April, 1997, New England Journal of Medicine outline the merits of early action in the fight against HIV. As immediate and intensive administration anti-HIV drugs has been shown to greatly reduce the risk of HIV infection, early knowledge of whether or not a victim has been exposed to the virus is imperative to embarking on critical, potentially life-saving courses of medication.

Mr. President, ten years ago Congress passed a law that allowed rape victims to compel testing of their attacker upon conviction. Over the years medical science has made important advancements in the fight against AIDS, and it is time for the law to follow suit. Today, I wish to challenge the current inadequate policies which exist in some states, and allow victims of rape early access to their assailants' HIV screen results.

Where there is any risk of transmission of the virus, this legislation would require states to actively screen rape defendants for HIV and disclose the results to the victim within forty-eight hours of an indictment or information. Beyond notification of the victim, test result confidentiality would be determined by the individual states as they see necessary to protect the privacy of their citizens. Federal Byrne Grant funding would be made available to the states in order to help pay for the testing; states which refuse to operate in compliance with these testing requirements would be subject to a ten-percent reduction of their Byrne Grant funds.

Mr. President, I have read far too many stomach-churning accounts of both female and male rape victims, at every age, where early knowledge of a sex offender's HIV status—positive or negative—may have spared the victim unnecessary mental anguish, or possibly, may have spared the victim's life. At this time, I would like to share a few of these sad stories with my colleagues.

In the summer of 1996, a seven year old girl was brutally raped by a 57 year old man. The little girl and her five year old brother had been lured to a secluded, abandoned building in the East New York section of Brooklyn. The man raped and sodomized the girl. Her brother, meanwhile, was beaten, tied up and forced to witness his sister's rape. After the man's arrest, the defendant refused to be tested for HIV. His refusal was permitted by the state's laws. The man later told the police he was infected with HIV.

In New Jersey, three boys gang-raped a 10 year-old mentally-retarded girl. The girl's family demanded that the boys be tested for HIV; these requests were denied. Three years after the girl was raped and the boys were convicted, the family was still fighting to learn the HIV status of the rapists.

A Maryland man with HIV sexually assaulted an 11 year-old boy for over a year. It was not until the man's trial that it was learned he was infected.

Mr. President, I do not believe I need to elaborate further on this subject. I believe we have a unique opportunity to help ease the stress and suffering of women and children mercilessly raped and wounded by sexual predators, and in the process, we will change a system which currently favors the so-called privacy of sex offenders over the health of their victims. I implore my colleagues to support the Victims of Rape Health Protection Act. May we finally deliver a higher degree of security and safety to rape victims, regardless of age or gender. Mr. President, I ask for unanimous consent that the text of this legislation and a letter from Ms. Deidre Raver, a rape survivor who has championed this cause for years, be inserted in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

S. 3206

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Victims of Rape Health Protection Act".

SEC. 2. BYRNE GRANT REDUCTION FOR NON-COMPLIANCE.

(a) GRANT REDUCTION FOR NONCOMPLIANCE.—Section 506 of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3756) is amended by adding at the end the following:

"(g) SEX OFFENDER HIV TESTING.—

"(1) IN GENERAL.—The funds available under this subpart for a State shall be reduced by 10 percent and redistributed under paragraph (2) unless the State demonstrates

to the satisfaction of the Director that the laws or regulations of the State with respect to a defendant against whom an information or indictment is presented for a crime in which by force or threat of force the perpetrator compels the victim to engage in a sexual act (as defined in subsection (f)(3)(B)), the State requires as follows:

"(A) That the defendant be tested for HIV disease if—

"(i) the nature of the alleged crime is such that the sexual act would have placed the victim at risk of becoming infected with HIV; and

"(ii) the victim requests the test.

"(B) That if the conditions specified in subparagraph (A) are met—

"(i) the defendant undergo the test not later than—

"(I) 48 hours after the date on which the information or indictment is presented; or

"(II) 48 hours after the request of the victim if that request is made after the date on which the information or indictment is presented;

"(ii) the results of the test shall be confidential except as provided in clause (iii) and except as otherwise provided under State law; and

"(iii) that as soon as is practicable the results of the test be made available to—

"(I) the victim; and

"(II) the defendant (or if the defendant is a minor, to the legal guardian of the defendant).

Nothing in this subparagraph shall be construed to bar a State from restricting the victim's disclosure of the defendant's test results to third parties as a condition of making such results available to the victim.

"(C) That if the defendant has been tested pursuant to subparagraph (B), the defendant, upon request of the victim, undergo such follow-up tests for HIV as may be medically appropriate, and that as soon as is practicable after each such test the results of the test be made available in accordance with subparagraph (B) (except that this subparagraph applies only to the extent that the individual involved continues to be a defendant in the judicial proceedings involved, or is convicted in the proceedings).

"(2) REDISTRIBUTION.—Any funds available for redistribution shall be redistributed to participating States that comply with the requirements of paragraph (1).

"(3) COMPLIANCE.—The Attorney General shall issue regulations to ensure compliance with the requirements of paragraph (1)."

(b) CONFORMING AMENDMENT.—Section 506(a) of title I of the Omnibus Crime Control and Safe Streets Act of 1968 is amended by striking "subsection (f)," and inserting "subsections (f) and (g)."

(c) FUNDING.—Section 501(b) of title I of the Omnibus Crime Control and Safe Streets Act of 1968 is amended—

(1) in paragraph (25), by striking "and" after the semicolon;

(2) in paragraph (26), by striking the period and inserting "; and"; and

(3) by inserting at the end the following:

"(27) programs to test defendants for HIV disease in accordance with the terms of subsection (g)."

(d) EFFECTIVE DATE.—

(1) PROGRAM.—The amendments made by subsections (a) and (b) shall take effect on the first day of the fiscal year succeeding the first fiscal year beginning 2 years after the date of the enactment of this Act.

(2) FUNDING.—The amendment made by subsection (c) shall take effect on the date of enactment of this Act.

DEAR SENATOR ABRAHAM: I understand that you are interested in sponsoring legislation

that would provide rape victims the opportunity to quickly learn if they have been exposed to the HIV virus. I have been associated with this compelling issue for many years as an advocate for crime victims and thank you for considering the health issues that a rape victim is forced to deal with following a horrific experience. As a survivor of rape myself, I personally know how traumatic it is to wait for medical information regarding exposure to the many frightening venereal diseases that exist, not to mention the possibility of pregnancy occurring.

A rape victims needs to learn the HIV status of their assailants when making decisions with her doctor about taking risky drug medications. The only way for a victim to know if she has been exposed to the HIV virus is to test the assailant because of the 16-week infection time window period. It is inhumane and cruel to deny rape victims the right to learn of their assailants' H.I.V. status early enough to eradicate the virus, if exposed.

Currently, in states like mine, a person accused of rape cannot be involuntarily tested for the AIDS virus until he is convicted of the crime, which can be years later. The H.I.V. test becomes a plea bargaining tool for defense attorneys to use, reducing the sentencing of violent sex offenders to non-felony convictions. Our current laws force prosecuting attorneys to choose between prosecuting violent criminals or protecting the health of the victims.

New York has had its share of horrific cases where an arrested rapist will have boasted to the victim of a positive H.I.V. status and then refuse to take the test on the advice of a defense attorney. I was personally outraged by a case in Brooklyn where a fifty-seven-year old man raped a little girl next to her five-year-old brother and then declared to police that he had AIDS upon arrest. The Brooklyn District Attorney's Office could not force the arrested man to take an HIV test.

In order for states to qualify for AIDS funding, they should have legal provisions in place to allow rape victims to test arrested assailants for HIV, no exceptions. Our laws should not aggravate the terror that rape victims face when coping with their fear of the attacker and the numerous frightening health risks.

I thank you for considering the rights of rape victims before the privacy concerns of rape assailants, as rape victims deserve compassionate help that includes determining whether or not exposure to HIV has occurred.

Sincerely,

DEIDRE RAVER.

By Mr. SANTORUM:

S. 3207. A bill to amend the Consolidated Farm and Rural Development Act to authorize the Secretary of Agriculture to make grants to nonprofit organizations to finance the construction, refurbishing, and servicing of individually-owned household water well systems in rural areas for individuals with low or moderate incomes; to the Committee on Agriculture, Nutrition, and Forestry.

AFFORDABLE DRINKING WATER ACT OF 2000

Mr. SANTORUM. Mr. President, I rise today to introduce the "Affordable Drinking Water Act of 2000." This bill sets out an innovative approach to meet the safe drinking water needs of rural Americans nationwide.

The Affordable Drinking Water Act of 2000 provides a targeted alternative

to water delivery in rural areas. Through a partnership established between the federal government and nonprofit entities, low to moderate income households who would prefer to have their own well or are experiencing drinking water problems could secure financing to install or refurbish an individually owned household well. In my home state of Pennsylvania, 2.5 million citizens currently choose to have their drinking water supplied by privately-owned individual water wells.

The government assistance envisioned under this bill would also allow homeowners of modest means in Pennsylvania, and the rest of the country, to bring old household water wells up to current standards; replace systems that have met their expected life; or provide homeowners without a drinking water source with a new individual household water well system.

Another important component of this legislation will afford rural consumers with individually owned water wells the same payment flexibility as other utility customers. Centralized water systems currently are eligible to receive federal grants and loans with repayment spread out over 40 years. The Affordable Drinking Water Act of 2000 would provide loans to low to moderate income homeowners to upgrade or install a household drinking water well now, and then repay the cost through convenient monthly charges. This ability to stretch out payments over the life of the loan gives rural well owners an affordable option that they otherwise do not have.

Mr. President, I am pleased to introduce this legislation today, and believe that it is appropriately balanced to meet the safe-drinking water needs of rural households.

ADDITIONAL COSPONSORS

S. 3005

At the request of Mr. FEINGOLD, the name of the Senator from Wisconsin (Mr. KOHL) was added as a cosponsor of S. 3005, a bill to require country of origin labeling of all forms of ginseng.

S. CON. RES. 146

At the request of Mr. WELLSTONE, the name of the Senator from Wisconsin (Mr. FEINGOLD) was added as a cosponsor of S. Con. Res. 146, a concurrent resolution condemning the assassination of Father John Kaiser and others in Kenya, and calling for a thorough investigation to be conducted in those cases, a report on the progress made in such an investigation to be submitted to Congress by December 15, 2000, and a final report on such an investigation to be made public, and for other purposes.

SENATE CONCURRENT RESOLUTION 151—TO MAKE A CORRECTION IN THE ENROLLMENT OF THE BILL H.R. 2348

Mr. MURKOWSKI (for himself and Mr. BINGAMAN) submitted the following

concurrent resolution; which was considered and agreed to:

S. CON. RES. 151

Resolved by the Senate (the House of Representatives concurring). That, in the enrollment of the bill (H.R. 2348) to authorize the Bureau of Reclamation to provide cost sharing for the endangered fish recovery implementation programs for the Upper Colorado and San Juan River Basins, the Clerk of the House shall make the following correction: Strike section 4 and insert:

SEC. 4. EFFECT ON RECLAMATION LAW.

Specifically with regard to the acreage limitation provisions of Federal reclamation law, any action taken pursuant to or in furtherance of this title will not:

(1) be considered in determining whether a district as defined in section 202(2) of the Reclamation Reform Act of 1982 (43 U.S.C. 390bb) has discharged its obligation to repay the construction cost of project facilities used to make irrigation water available for delivery to land in the district;

(2) serve as the basis for reinstating acreage limitation provisions in a district that has completed payment of its construction obligation; or

(3) service as the basis for increasing the construction repayment obligation of the district and thereby extending the period during which the acreage limitation provisions will apply.

SENATE CONCURRENT RESOLUTION 152—TO MAKE A TECHNICAL CORRECTION IN THE ENROLLMENT OF THE BILL H.R. 4868

Mr. ROTH submitted the following concurrent resolution; which was considered and agreed to:

S. CON. RES. 152

Resolved by the Senate (the House of Representatives concurring). That, in the enrollment of the bill (H.R. 4868) to amend the Harmonized Tariff Schedule of the United States to modify temporarily certain rates of duty, to make other technical amendments to the trade laws, and for other purposes, the Clerk of the House of Representatives shall make the following correction:

AMENDMENTS SUBMITTED

DAKOTA WATER RESOURCES ACT OF 1999

**CONRAD (AND OTHERS)
AMENDMENT NO. 4317**

Mr. LOTT (for Mr. CONRAD (for himself, Mr. DORGAN, and Mr. BOND)) proposed an amendment to the bill (S. 623) to amend Public Law 89-108 to increase authorization levels for State and Indian tribal, municipal, rural, and industrial water supplies, to meet current and future water quantity and quality needs of the Red River Valley, to deauthorize certain project features and irrigation service areas, to enhance natural resources and fish and wildlife habitat, and for other purposes; as follows:

The committee amendments were agreed to.

The amendment (No. 4317) was agreed to, as follows:

On page 10, beginning on line 14, strike the sentence that begins “If the features selected under section 8”.

On page 13, line 2, strike the sentence that begins “As appropriate, the Secretary shall rehabilitate or complete”.

On page 13, line 5, strike “Sections 8(c) and 8(d)(1)” and insert “section 8”.

Beginning on Page 18, strike line 17 and all that follows through Page 23, line 4, and insert the following:

SEC. 8. SPECIFIC FEATURES.

(a) SYKESTON CANAL.—Sykeston Canal is hereby deauthorized.

(b) IN GENERAL.—Public Law 89-108 (100 Stat. 423) is amended by striking section 8 and inserting the following:

“SEC. 8. SPECIFIC FEATURES.

“(a) RED RIVER VALLEY WATER SUPPLY PROTECT.—

“(1) IN GENERAL.—Subject to the requirements of this section, the Secretary shall construct a feature or features to provide water to the Sheyenne River water supply and release facility or such other feature or features as are selected under subsection (d).

“(2) DESIGN AND CONSTRUCTION.—The feature or features shall be designed and constructed to meet only the following water supply requirements as identified in the report prepared pursuant to subsection (b) of this section: municipal, rural, and industrial water supply needs; ground water recharge; and streamflow augmentation.

“(3) COMMENCEMENT OF CONSTRUCTION.—

“(A) If the Secretary selects a project feature under this section that would provide water from the Missouri River or its tributaries to the Sheyenne River water supply and release facility or from the Missouri River or its tributaries to such other conveyance facility as the Secretary selects under this section, no later than 90 days after the completion of the final environmental impact statement, the Secretary shall transmit to Congress a comprehensive report which provides—

“(i) a detailed description of the proposed project feature;

“(ii) a summary of major issues addressed in the environmental impact statement;

“(iii) likely effects, if any, on other States bordering the Missouri River and on the State of Minnesota; and

“(iv) a description of how the project feature complies with the requirements of section 1(h)(1) of this Act (relating to the Boundary Waters Treaty of 1909).

“(B) No project feature or features that would provide water from the Missouri River or its tributaries to the Sheyenne River water supply and release facility or from the Missouri River or its tributaries to such other conveyance facility as the Secretary selects under this section shall be constructed unless such feature is specifically authorized by an Act of Congress approved subsequent to the Secretary's transmittal of the report required in paragraph (A). If, after complying with subsections (b) through (d) of this section, the Secretary selects a feature or features using only in-basin sources of water to meet the water needs of the Red River Valley identified in subsection (b), such features are authorized without further Act of Congress. The Act of Congress referred to in this subparagraph must be an authorization bill, and shall not be a bill making appropriations.

“(C) The Secretary may not commence construction on the feature until a master repayment contract or water service agreement consistent with this Act between the Secretary and the appropriate non-Federal entity has been executed.”

(b) REPORT ON RED RIVER VALLEY WATER NEEDS AND OPTIONS.—

(1) IN GENERAL.—The Secretary of the Interior shall conduct a comprehensive study of the water quality and quantity needs of the Red River Valley in North Dakota and possible options for meeting those needs.

(2) NEEDS.—The needs addressed in the report shall include such needs as—

(A) municipal, rural, and industrial water supplies;

(B) water quality;

(C) aquatic environment;

(D) recreation; and

(E) water conservation measures.

(3) PROCESS.—In conducting the study, the Secretary through an open and public process shall solicit input from gubernatorial designees from states that may be affected by possible options to meet such needs as well as designees from other federal agencies with relevant expertise. For any option that includes an out-of-basin solution, the Secretary shall consider the effect of the option on other states that may be affected by such option, as well as other appropriate considerations. Upon completion, a draft of the study shall be provided by the Secretary to such states and federal agencies. Such states and agencies shall be given not less than 120 days to review and comment on the study method, findings and conclusions leading to any alternative that may have an impact on such states or on resources subject to such federal agencies' jurisdiction. The Secretary shall receive and take into consideration any such comments and produce a final report and transmit the final report to Congress.

(4) LIMITATION.—No design or construction of any feature or features that facilitate an out-of-basin transfer from the Missouri River drainage basin shall be authorized under the provisions of this subsection.

(c) ENVIRONMENTAL IMPACT STATEMENT—

(1) IN GENERAL.—Nothing in this section shall be construed to supersede any requirements under the National Environmental Policy Act or the Administrative Procedures Act.

(2) DRAFT.—

(A) DEADLINE.—Pursuant to an agreement between the Secretary and State of North Dakota as authorized under section 1(g), not later than 1 year after the date of enactment of the Dakota Water Resources Act of 2000, the Secretary and the State of North Dakota shall jointly prepare and complete a draft environmental impact statement concerning all feasible options to meet the comprehensive water quality and quantity needs of the Red River Valley and the options for meeting those needs, including the delivery of Missouri River water to the Red River Valley.

(B) REPORT ON STATUS.—If the Secretary and State of North Dakota cannot prepare and complete the draft environmental impact statement within 1 year after the date of enactment of the Dakota Water Resources Act of 2000, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

(3) FINAL.—

(A) DEADLINE.—Not later than 1 year after filing the draft environmental impact statement, a final environmental impact statement shall be prepared and published.

(B) REPORT ON STATUS.—If the Secretary and State of North Dakota cannot prepare and complete a final environmental impact statement within 1 year of the completion of the draft environmental impact statement, the Secretary, in consultation and coordination with the State of North Dakota, shall report to Congress on the status of this activity, including an estimate of the date of completion.

(d) PROCESS FOR SELECTION.—

(1) IN GENERAL.—After reviewing the final report required by subsection (b)(1) and complying with subsection (c), the Secretary, in consultation and coordination with the State of North Dakota in coordination with affected local communities, shall select 1 or more project features described in subsection (a) that will meet the comprehensive water quality and quantity needs of the Red River Valley. The Secretary's selection of an alternative shall be subject to judicial review.

(2) AGREEMENTS.—If the Secretary selects an option under subparagraph (1) that uses only in-basin sources of water, not later than 180 days after the record of decision has been executed, the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features selected. If the Secretary selects an option under subparagraph (1) that would require a further act of Congress under the provisions of subsection (a), not later than 180 days after the date of enactment of legislation required under subsection (a) the Secretary shall enter into a cooperative agreement with the State of North Dakota to construct the feature or features authorized by that legislation.

(e) SHEYENNE RIVER WATER SUPPLY AND RELEASE OR ALTERNATE FEATURES.—The Secretary shall construct, operate, and maintain a Sheyenne River water supply and release feature (including a water treatment plant) capable of delivering 100 cubic feet per second of water or any other amount determined in the reports under this section, for the cities of Fargo and Grand Forks and surrounding communities, or such other feature or features as may be selected under subsection (d).

(f) DEVILS LAKE.—No funds authorized under this Act may be used to carry out the portion of the feasibility study of the Devils Lake basin, North Dakota, authorized under the Energy and Water Development Appropriations Act of 1993 (Public Law 102-377), that addresses the needs of the area for stabilized lake levels through inlet controls, or to otherwise study any facility or carry out any activity that would permit the transfer of water from the Missouri River drainage basin into Devils Lake, North Dakota.

HATCH (AND OTHERS) AMENDMENT NO. 4319

Mr. LOTT (for Mr. HATCH (for himself, Mr. LEAHY, and Mr. THURMOND)) proposed an amendment to the bill (H.R. 3048) to amend section 879 of title 18, United States Code, to provide clearer coverage over threats against former Presidents and members of their families, and for other purposes; as follows:

On page 3, strike lines 19 through 24 and insert the following:

"(e)(1) When directed by the President, the United States Secret Service is authorized to participate, under the direction of the Secretary of the Treasury, in the planning, coordination, and implementation of security operations at special events of national significance, as determined by the President.

"(2) At the end of each fiscal year, the President through such agency or office as the President may designate, shall report to the Congress—

"(A) what events, if any, were designated special events of national significance for security purposes under paragraph (1); and

"(B) the criteria and information used in making each designation."

On page 7, line 6, after "offense" insert "or apprehension of a fugitive."

On page 8, strike lines 17 through 19.

On page 9, strike line 14 and insert the following:

"(11) With respect to subpoenas issued under paragraph (1)(A)(i)(III), the Attorney General shall issue guidelines governing the issuance of administrative subpoenas pursuant to that paragraph. The guidelines required by this paragraph shall mandate that administrative subpoenas may be issued only after review and approval of senior supervisory personnel within the respective investigative agency or component of the Department of Justice and of the United States Attorney for the judicial district in which the administrative subpoena shall be served."

At the end of the bill, insert the following:

SEC. 6. ADMINISTRATIVE SUBPOENAS TO APPREHEND FUGITIVES.

(a) AUTHORITY OF ATTORNEY GENERAL.—Section 3486(a)(1) of title 18, United States Code, as amended by section 5 of this Act is further amended in subparagraph (A)(i)—

(1) by striking "offense or" and inserting "offense,"; and

(2) by inserting "or (III) with respect to the apprehension of a fugitive," after "children,".

(b) ADDITIONAL BASIS FOR NONDISCLOSURE ORDER.—Section 3486(a)(6) of title 18, United States Code, as amended by section 5 of this Act, is further amended in subparagraph (B)—

(1) by striking "or" and the end of clause (iii);

(2) by striking the period at the end of clause (iv) and inserting "; or"; and

(3) by adding at the end the following:

"(v) otherwise seriously jeopardizing an investigation or undue delay of a trial."

(c) DEFINITIONS.—Section 3486 of title 18, as amended by section 5 of this Act, is further amended by adding at the end the following:

"(g) DEFINITIONS.—In this section—

"(1) the term 'fugitive' means a person who—

"(A) having been accused by complaint, information, or indictment under Federal law of a serious violent felony or serious drug offense, or having been convicted under Federal law of committing a serious violent felony or serious drug offense, flees or attempts to flee from, or evades or attempts to evade the jurisdiction of the court with jurisdiction over the felony;

"(B) having been accused by complaint, information, or indictment under State law of a serious violent felony or serious drug offense, or having been convicted under State law of committing a serious violent felony or serious drug offense, flees or attempts to flee from, or evades or attempts to evade, the jurisdiction of the court with jurisdiction over the felony;

"(C) escapes from lawful Federal or State custody after having been accused by complaint, information, or indictment of a serious violent felony or serious drug offense or having been convicted of committing a serious violent felony or serious drug offense; or

"(D) is in violation of subparagraph (2) or (3) of the first undesignated paragraph of section 1073;

"(2) the terms 'serious violent felony' and 'serious drug offense' shall have the meanings given those terms in section 3559(c)(2) of this title; and

"(3) the term 'investigation' means, with respect to a State fugitive described in subparagraph (B) or (C) of paragraph (1), an investigation in which there is reason to believe that the fugitive fled from or evaded, or attempted to flee from or evade, the jurisdiction of the court, or escaped from custody, in or affecting, or using any facility of, interstate or foreign commerce, or as to whom an appropriate law enforcement officer or official of a State or political subdivision has requested the Attorney General to assist in the investigation, and the Attorney General finds that the particular circumstances of the request give rise to a Federal interest sufficient for the exercise of Federal jurisdiction pursuant to section 1075."

SEC. 7. FUGITIVE APPREHENSION TASK FORCES.

(a) IN GENERAL.—The Attorney General shall, upon consultation with appropriate Department of Justice and Department of the Treasury law enforcement components, establish permanent Fugitive Apprehension Task Forces consisting of Federal, State, and local law enforcement authorities in designated regions of the United States, to be directed and coordinated by the United States Marshals Service, for the purpose of locating and apprehending fugitives.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Attorney General for the United States Marshals Service to carry out the provisions of this section \$30,000,000 for the fiscal year 2001, \$5,000,000 for fiscal year 2002, and \$5,000,000 for fiscal year 2003.

(c) OTHER EXISTING APPLICABLE LAW.—Nothing in this section shall be construed to limit any existing authority under any other provision of Federal or State law for law enforcement agencies to locate or apprehend fugitives through task forces or any other means.

SEC. 8. STUDY AND REPORTS ON ADMINISTRATIVE SUBPOENAS.

(a) STUDY ON USE OF ADMINISTRATIVE SUBPOENAS.—Not later than December 31, 2001, the Attorney General, in consultation with the Secretary of the Treasury, shall complete a study on the use of administrative

subpoena power by executive branch agencies or entities and shall report the findings to the Committees on the Judiciary of the Senate and the House of Representatives. Such report shall include—

(1) a description of the sources of administrative subpoena power and the scope of such subpoena power within executive branch agencies;

(2) a description of applicable subpoena enforcement mechanisms;

(3) a description of any notification provisions and any other provisions relating to safeguarding privacy interests;

(4) a description of the standards governing the issuance of administrative subpoenas; and

(5) recommendations from the Attorney General regarding necessary steps to ensure that administrative subpoena power is used and enforced consistently and fairly by executive branch agencies.

(b) REPORT ON FREQUENCY OF USE OF ADMINISTRATIVE SUBPOENAS.—

(1) IN GENERAL.—The Attorney General and the Secretary of the Treasury shall report in January of each year to the Committees on the Judiciary of the Senate and the House of Representatives on the number of administrative subpoenas issued by them under this section, whether each matter involved a fugitive from Federal or State charges, and the identity of the agency or component of the Department of Justice or the Department of the Treasury issuing the subpoena and imposing the charges.

(2) EXPIRATION.—The reporting requirement of this subsection shall terminate in 3 years after the date of enactment of this section.

PRIBILOF ISLANDS TRANSITION ACT

SNOWE (AND OTHERS) AMENDMENT NO. 4320

Mr. LOTT (for Ms. SNOWE (for herself and Mr. KERRY)) proposed an amendment to the bill (H.R. 3417) to complete the orderly withdrawal of the National Oceanic and Atmospheric Administration from the civil administration of the Pribilof Islands, Alaska; as follows:

Strike out all after the enacting clause and insert the following:

TITLE I—PRIBILOF ISLANDS TRANSITION

SEC. 101. SHORT TITLE.

This title may be referred to as the “Pribilof Islands Transition Act”.

SEC. 102. PURPOSE.

The purpose of this title is to complete the orderly withdrawal of the National Oceanic and Atmospheric Administration from the civil administration of the Pribilof Islands, Alaska.

SEC. 103. FINANCIAL ASSISTANCE FOR PRIBILOF ISLANDS UNDER FUR SEAL ACT OF 1966.

Public Law 89-702, popularly known and referred to in this title as the Fur Seal Act of 1966, is amended by amending section 206 (16 U.S.C. 1166) to read as follows:

“SEC. 206. FINANCIAL ASSISTANCE.

“(a) GRANT AUTHORITY.—

“(1) IN GENERAL.—Subject to the availability of appropriations, the Secretary shall provide financial assistance to any city government, village corporation, or tribal council of St. George, Alaska, or St. Paul, Alaska.

“(2) USE FOR MATCHING.—Notwithstanding any other provision of law relating to matching funds, funds provided by the Secretary as

assistance under this subsection may be used by the entity as non-Federal matching funds under any Federal program that requires such matching funds.

“(3) RESTRICTION ON USE.—The Secretary may not use financial assistance authorized by this Act.

“(A) to settle any debt owed to the United States;

“(B) for administrative or overhead expenses; or

“(C) for contributions authorized under section 105(b)(3)(B) of the Pribilof Islands Transition Act.

“(4) FUNDING INSTRUMENTS AND PROCEDURES.—In providing assistance under this subsection the Secretary shall transfer any funds appropriated to carry out this section to the Secretary of the Interior, who shall obligate such funds through instruments and procedures required to be used by the Bureau of Indian Affairs pursuant to title IV of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.).

“(5) PRO RATA DISTRIBUTION OF ASSISTANCE.—In any fiscal year for which less than all of the funds authorized under subsection (c)(1) are appropriated, such funds shall be distributed under this subsection on a pro rata basis among the entities referred to in subsection (c)(1) in the same proportions in which amounts are authorized by that subsection for grants to those entities.

“(b) SOLID WASTE ASSISTANCE.—

“(1) IN GENERAL.—Subject to the availability of appropriations, the Secretary shall provide assistance to the State of Alaska for designing, locating, constructing, redeveloping, permitting, or certifying solid waste management facilities on the Pribilof Islands to be operated under permits issued to the City of St. George and the City of St. Paul, Alaska, by the State of Alaska under section 46.03.100 of the Alaska Statutes.

“(2) TRANSFER.—The Secretary shall transfer any appropriations received under paragraph (1) to the State of Alaska for the benefit of rural and Native villages in Alaska for obligation under section 303 of Public Law 104-182, except that subsection (b) of that section shall not apply to those funds.

“(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary for fiscal years 2001, 2002, 2003, 2004, and 2005—

“(1) for assistance under subsection (a) a total not to exceed—

“(A) \$9,000,000, for grants to the City of St. Paul;

“(B) \$6,300,000, for grants to the Tanadgusix Corporation;

“(C) \$1,500,000, for grants to the St. Paul Tribal Council;

“(D) \$6,000,000, for grants to the City of St. George;

“(E) \$4,200,000, for grants to the St. George Tanaq Corporation; and

“(F) \$1,000,000, for grants to the St. George Tribal Council; and

“(2) for assistance under subsection (b), such sums as may be necessary.

“(d) LIMITATION ON USE OF ASSISTANCE FOR LOBBYING ACTIVITIES.—None of the funds authorized by this section may be available for any activity a purpose of which is to influence legislation pending before the Congress, except that this subsection shall not prevent officers or employees of the United States or of its departments, agencies, or commissions from communicating to Members of Congress, through proper channels, requests for legislation or appropriations that they consider it necessary for the efficient conduct of public business.

“(e) IMMUNITY FROM LIABILITY.—Neither the United States nor any of its agencies, officers, or employees shall have any liability under this Act or any other law associated

with or resulting from the designing, locating, contracting for, redeveloping, permitting, certifying, operating, or maintaining any solid waste management facility on the Pribilof Islands as a consequence of having provided assistance to the State of Alaska under subsection (b).

“(f) REPORT ON EXPENDITURES.—Each entity which receives assistance authorized under subsection (c) shall submit an audited statement listing the expenditure of that assistance to the Committee on Appropriations and the Committee on Resources of the House of Representatives and the Committee on Appropriations and the Committee on Commerce, Science, and Transportation of the Senate, on the last day of fiscal years 2002, 2004, and 2006.

“(g) CONGRESSIONAL INTENT.—Amounts authorized under subsection (c) are intended by Congress to be provided in addition to the base funding appropriated to the National Oceanic and Atmospheric Administration in fiscal year 2000.

SEC. 104. DISPOSAL OF PROPERTY.

Section 205 of the Fur Seal Act of 1966 (16 U.S.C. 1165) is amended—

(1) by amending subsection (c) to read as follows:

“(c) Not later than 3 months after the date of the enactment of the Pribilof Islands Transition Act, the Secretary shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Resources of the House of Representatives a report that includes—

“(1) a description of all property specified in the document referred to in subsection (a) that has been conveyed under that subsection;

“(2) a description of all Federal property specified in the document referred to in subsection (a) that is going to be conveyed under that subsection; and

“(3) an identification of all Federal property on the Pribilof Islands that will be retained by the Federal Government to meet its responsibilities under this Act, the Convention, and any other applicable law.”; and

(2) by striking subsection (g).

SEC. 105. TERMINATION OF RESPONSIBILITIES.

(a) FUTURE OBLIGATION.—

(1) IN GENERAL.—The Secretary of Commerce shall not be considered to have any obligation to promote or otherwise provide for the development of any form of an economy not dependent on sealing on the Pribilof Islands, Alaska, including any obligation under section 206 of the Fur Seal Act of 1966 (16 U.S.C. 1166) or section 3(c)(1)(A) of Public Law 104-91 (16 U.S.C. 1165 note).

(2) SAVINGS.—This subsection shall not affect any cause of action under section 206 of the Fur Seal Act of 1966 (16 U.S.C. 1166) or section 3(c)(1)(A) of Public Law 104-91 (16 U.S.C. 1165 note)—

(A) that arose before the date of the enactment of this Act; and

(B) for which a judicial action is filed before the expiration of the 5-year period beginning on the date of the enactment of this Act.

(3) RULE OF CONSTRUCTION.—Nothing in this title shall be construed to imply that—

(A) any obligation to promote or otherwise provide for the development in the Pribilof Islands of any form of an economy not dependent on sealing was or was not established by section 206 of the Fur Seal Act of 1966 (16 U.S.C. 1166), section 3(c)(1)(A) of Public Law 104-91 (16 U.S.C. 1165 note), or any other provision of law; or

(B) any cause of action could or could not arise with respect to such an obligation.

(4) CONFORMING AMENDMENT.—Section 3(c)(1) of Public Law 104-91 (16 U.S.C. 1165 note) is amended by striking subparagraph

(A) and redesignating subparagraphs (B) through (D) in order as subparagraphs (A) through (C).

(b) **PROPERTY CONVEYANCE AND CLEANUP.**—

(1) **IN GENERAL.**—Subject to paragraph (2), there are terminated all obligations of the Secretary of Commerce and the United States to—

(A) convey property under section 205 of the Fur Seal Act of 1966 (16 U.S.C. 1165); and

(B) carry out cleanup activities, including assessment, response, remediation, and monitoring, except for postremedial measures such as monitoring and operation and maintenance activities, related to National Oceanic and Atmospheric Administration administration of the Pribilof Islands, Alaska, under section 3 of Public Law 109-91 (16 U.S.C. 1165 note) and the Pribilof Islands Environmental Restoration Agreement between the National Oceanic and Atmospheric Administration and the State of Alaska, signed January 26, 1996.

(2) **APPLICATION.**—Paragraph (1) shall apply on and after the date on which the Secretary certifies that—

(A) the State of Alaska has provided written confirmation that no further corrective action is required at the sites and operable units covered by the Pribilof Islands Environmental Restoration Agreement between the National Oceanic and Atmospheric Administration and the State of Alaska, signed January 26, 1996, with the exception of postremedial measures, such as monitoring and operation and maintenance activities;

(B) the cleanup required under section 3(a) of Public Law 104-91 (16 U.S.C. 1165 note) is complete;

(C) the properties specified in the document referred to in subsection (a) of section 205 of the Fur Seal Act of 1966 (16 U.S.C. 1165(a)) can be unconditionally offered for conveyance under that section; and

(D) all amounts appropriated under section 206(c)(1) of the Fur Seal Act of 1966, as amended by this title, have been obligated.

(3) **FINANCIAL CONTRIBUTIONS FOR CLEANUP COSTS.**—(A) On and after the date on which section 3(b)(5) of Public Law 104-91 (16 U.S.C. 1165 note) is repealed by this title, the Secretary may not seek or require financial contribution by or from any local governmental entity of the Pribilof Islands, any official of such an entity, or the owner of land on the Pribilof Islands, for cleanup cost incurred pursuant to section 3(a) of Public Law 104-91 (as in effect before such repeal), except as provided in subparagraph (B).

(B) Subparagraph (A) shall not limit the authority of the Secretary to seek or require financial contribution from any person for costs or fees to clean up any matter that was caused or contributed to by such person on or after March 15, 2000.

(4) **CERTAIN RESERVED RIGHTS NOT CONDITIONS.**—For purposes of paragraph (2)(C), the following requirements shall not be considered to be conditions on conveyance of property:

(A) Any requirement that a potential transferee must allow the National Oceanic and Atmospheric Administration continued access to the property to conduct environmental monitoring following remediation activities.

(B) Any requirement that a potential transferee must allow the National Oceanic and Atmospheric Administration access to the property to continue the operation, and eventual closure, of treatment facilities.

(C) Any requirement that a potential transferee must comply with institutional controls to ensure that an environmental cleanup remains protections of human health or the environment that do not unreasonably affect the use of the property.

(D) Valid existing rights in the property, including rights granted by contract, permit, right-of-way, or easement.

(E) The terms of the documents described in subsection (d)(2).

(c) **REPEALS.**—Effective on the date described in subsection (b)(2), the following provisions are repealed:

(1) Section 205 of the Fur Seal Act of 1966 (16 U.S.C. 1165).

(2) Section 3 of the Public Law 104-91 (16 U.S.C. 1165 note).

(d) **SAVINGS.**—

(1) **IN GENERAL.**—Nothing in this title shall affect any obligation of the Secretary of Commerce, or of any Federal department or agency, under or with respect to any document described in paragraph (2) or with respect to any lands subject to such a document.

(2) **DOCUMENTS DESCRIBED.**—The documents referred to in paragraph (1) are the following:

(A) The Transfer of Property on the Pribilof Islands: Description, Terms, and Conditions, dated February 10, 1984, between the Secretary of Commerce and various Pribilof Island entities.

(B) The Settlement Agreement between Tanadgusix Corporation and the City of St. Paul, dated January 11, 1988, and approved by the Secretary of Commerce on February 23, 1988.

(C) The Memorandum of Understanding between Tanadgusix Corporation, Tanaq Corporation, and the Secretary of Commerce, dated December 22, 1976.

(e) **DEFINITIONS.**—

(1) **IN GENERAL.**—Except as provided in paragraph (2), the definitions set forth in section 101 of the Fur Seal Act of 1966 (16 U.S.C. 1151) shall apply to this section.

(2) **NATIVES OF THE PRIBILOF ISLANDS.**—For purposes of this section, the term “Natives of the Pribilof Islands” includes the Tanadgusix Corporation, the St. George Tanaq Corporation, and the city governments and tribal councils of St. Paul and St. George, Alaska.

SEC. 106. TECHNICAL AND CLARIFYING AMENDMENTS.

(a) Public Law 104-91 and the Fur Seal Act of 1966 are amended by—

(1) striking “(d)” and all that follows through the heading for subsection (d) of section 3 of Public Law 104-91 and inserting “**SEC. 212.**”; and

(2) moving and redesignating such subsection so as to appear as section 212 of the Fur Seal Act of 1966.

(b) Section 201 of the Fur Seal Act of 1966 (16 U.S.C. 1161) is amended by striking “on such Islands” and insert “on such property”.

(c) The Fur Seal Act of 1966 is amended by inserting before title I the following:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Fur Seal Act of 1966.’”

SEC. 206. REAUTHORIZATION OF MANAGEMENT PROGRAM DEVELOPMENT GRANTS.

Section 305 (16 U.S.C. 1454) is amended to read as follows:

“SEC. 305. MANAGEMENT PROGRAM DEVELOPMENT GRANTS.

“(a) STATES WITHOUT PROGRAMS.—In fiscal years 2001, 2002, 2003, and 2004, the Secretary may make a grant annually to any coastal state without an approved program if the coastal state demonstrates to the satisfaction of the Secretary that the grant will be used to develop a management program consistent with the requirements set forth in section 306. The amount of any such grant shall not exceed \$200,000 in any fiscal year, and shall require State matching funds according to a 4-to-1 ratio of Federal-to-State contributions. After an initial grant is made to a coastal state under this subsection, no subsequent grant may be made to that coastal state under this subsection unless the Secretary finds that the coastal state is satisfactorily developing its management program. No coastal state is eligible to receive more than 4 grants under this subsection.

“(b) SUBMITTAL OF PROGRAM FOR APPROVAL.—A coastal state that has completed the development of its management program shall submit the program to the Secretary for review and approval under section 306.”.

SEC. 207. ADMINISTRATIVE GRANTS.

(a) PURPOSES.—Section 306(a) (16 U.S.C. 1455(a)) is amended by inserting “including developing and implementing coastal nonpoint pollution control program components,” after “program.”.

(b) EQUITABLE ALLOCATION OF FUNDING.—Section 306(c) (16 U.S.C. 1455(c)) is amended by adding at the end thereof “In promoting equity, the Secretary shall consider the overall change in grant funding under this section from the preceding fiscal year and minimize the relative increases or decreases among all the eligible States. The Secretary shall ensure that each eligible State receives increased funding under this section in any

fiscal year for which the total amount appropriated to carry out this section is greater than the total amount appropriated to carry out this section for the preceding fiscal year.

(c) ACQUISITION CRITERIA.—Section 306(d)(10)(B) (16 U.S.C. 1455(d)(10)(B)) is amended by striking “less than fee simple” and inserting “other”.

SEC. 208. COASTAL RESOURCE IMPROVEMENT PROGRAM.

Section 306A (16 U.S.C. 1455a) is amended—

(1) by inserting “or other important coastal habitats” in subsection (b)(1)(A) after “306(d)(9)”;

(2) by inserting “or historic” in subsection (b)(2) after “urban”;

(3) by adding at the end of subsection (b) the following:

“(5) The coordination and implementation of approved coastal nonpoint pollution control plans.

“(6) The preservation, restoration, enhancement or creation of coastal habitats.”;

(4) by striking “and” after the semicolon in subsection (c)(2)(D);

(5) by striking “section.” in subsection (c)(2)(E) and inserting “section.”;

(6) by adding at the end of subsection (c)(2) the following:

“(F) work, resources, or technical support necessary to preserve, restore, enhance, or create coastal habitats; and

“(G) the coordination and implementation of approved coastal nonpoint pollution control plans.”; and

(7) by striking subsections (d), (e), and (f) and inserting after subsection (c) the following:

“(d) SOURCE OF FEDERAL GRANTS; STATE MATCHING CONTRIBUTIONS.—

“(1) IN GENERAL.—If a coastal state chooses to fund a project under this section, then—

“(A) it shall submit to the Secretary a combined application for grants under this section and section 306;

“(B) it shall match the combined amount of such grants in the ratio required by section 306(a) for grants under that section; and

“(C) the Federal funding for the project shall be a portion of that state’s annual allocation under section 306(a).

“(2) USE OF FUNDS.—Grants provided under this section may be used to pay a coastal state’s share of costs required under any other Federal program that is consistent with the purposes of this section.

“(e) ALLOCATION OF GRANTS TO QUALIFIED LOCAL ENTITY.—With the approval of the Secretary, the eligible coastal state may allocate to a qualified local entity a portion of any grant made under this section for the purpose of carrying out this section; except that such an allocation shall not relieve that state of the responsibility for ensuring that any funds so allocated are applied in furtherance of the state’s approved management program.

“(f) ASSISTANCE.—The Secretary shall assist eligible coastal states in identifying and obtaining from other Federal agencies technical and financial assistance in achieving the objectives set forth in subsection (b).”.

SEC. 209. COASTAL ZONE MANAGEMENT FUND.

(a) TREATMENT OF LOAN REPAYMENTS.—Section 308(a)(2) (16 U.S.C. 1456(a)(2)) is amended to read as follows:

“(2) Loan repayments made under this subsection—

“(A) shall be retained by the Secretary and deposited into the Coastal Zone Management Fund established under subsection (b); and

“(B) subject to amounts provided in Appropriations Acts, shall be available to the Secretary for purposes of this title and transferred to the Operations, Research, and Facilities account of the National Oceanic and Atmospheric Administration to offset the costs of implementing this title.”.

(b) USE OF AMOUNTS IN FUND.—Section 308(b) (16 U.S.C. 1456a(b)) is amended by striking paragraphs (2) and (3) and inserting the following:

“(2) Subject to Appropriation Acts, amounts in the Fund shall be available to the Secretary to carry out the provisions of this Act.”.

SEC. 210. COASTAL ZONE ENHANCEMENT GRANTS.

Section 309 (16 U.S.C. 1456b) is amended—

(1) by striking subsection (a)(1) and inserting the following:

“(1) Protection, restoration, enhancement, or creation of coastal habitats, including wetlands, coral reefs, marshes, and barrier islands.”;

(2) by inserting “and removal” after “entry” in subsection (a)(4);

(3) by striking “on various individual uses or activities on resources, such as coastal wetlands and fishery resources.” in subsection (a)(5) and inserting “of various individual uses or activities on coastal waters, habitats, and resources, including sources of polluted runoff.”;

(4) by adding at the end of subsection (a) the following:

“(10) Development and enhancement of coastal nonpoint pollution control program components, including the satisfaction of conditions placed on such programs as part of the Secretary’s approval of the programs.

“(11) Significant emerging coastal issues as identified by coastal states, in consultation with the Secretary and qualified local entities.”;

(5) by striking “proposals, taking into account the criteria established by the Secretary under subsection (d).” in subsection (c) and inserting “proposals.”;

(6) by striking subsection (d) and redesignating subsection (e) as subsection (d);

(7) by striking “section, up to a maximum of \$10,000,000 annually” in subsection (f) and inserting “section.”; and

(8) by redesignating subsections (f) and (g) as subsections (e) and (f), respectively.

SEC. 211. COASTAL COMMUNITY PROGRAM.

The Act is amended by inserting after section 309 the following:

“SEC. 309A. COASTAL COMMUNITY PROGRAM.

“(a) COASTAL COMMUNITY GRANTS.—The Secretary may make grants to any coastal state that is eligible under subsection (b)—

“(1) to assist coastal communities in assessing and managing growth, public infrastructure, and open space needs in order to provide for sustainable growth, resource protection and community revitalization;

“(2) to provide management-oriented research and technical assistance in developing and implementing community-based growth management and resource protection strategies in qualified local entities;

“(3) to fund demonstration projects which have high potential for improving coastal zone management at the local level;

“(4) to assist in the adoption of plans, strategies, policies, or procedures to support local community-based environmentally-protective solutions to the impacts and pressures on coastal uses and resources caused by development and sprawl that will—

“(A) revitalize previously developed areas;

“(B) undertake conservation activities and projects in undeveloped and environmentally sensitive areas;

“(C) emphasize water-dependent uses; and

“(D) protect coastal waters and habitats; and

“(5) to assist coastal communities to coordinate and implement approved coastal approved nonpoint pollution control strategies and measures that reduce the causes and impacts of polluted runoff on coastal waters and habitats.”.

“(b) ELIGIBILITY.—To be eligible for a grant under this section for a fiscal year, a coastal state shall—

“(1) have a management program approved under section 306; and

“(2) in the judgment of the Secretary, be making satisfactory progress in activities designed to result in significant improvement in achieving the coastal management objectives specified in section 303(2)(A) through (K).

“(c) ALLOCATIONS; SOURCE OF FEDERAL GRANTS; STATE MATCHING CONTRIBUTIONS.—

“(1) ALLOCATION.—Grants under this section shall be allocated to coastal states as provided in section 306(c).

“(2) APPLICATION; MATCHING.—If a coastal state chooses to fund a project under this section, then—

“(A) it shall submit to the Secretary a combined application for grants under this section and section 306; and

“(B) it shall match the amount of the grant under this section on the basis of a total contribution of section 306, 306A, and this section so that, in aggregate, the match is 1:1.

“(d) ALLOCATION OF GRANTS TO QUALIFIED LOCAL ENTITY.—

“(1) IN GENERAL.—With the approval of the Secretary, the eligible coastal state may allocate to a qualified local entity amounts received by the state under this section.

“(2) ASSURANCES.—A coastal state shall ensure that amounts allocated by the state under paragraph (1) are used by the qualified local entity in furtherance of the state's approved management program, specifically furtherance of the coastal management objectives specified in section 303(2).

“(e) ASSISTANCE.—The Secretary shall assist eligible coastal states and qualified local entities in identifying and obtaining from other Federal agencies technical and financial assistance in achieving the objectives set forth in subsection (a).”.

SEC. 212. TECHNICAL ASSISTANCE.

Section 310(b) (16 U.S.C. 1456(b)) is amended by adding at the end thereof the following:

“(4) The Secretary may conduct a program to develop and apply innovative coastal and estuarine environmental technology and methodology through a cooperative program. The Secretary may make extramural grants in carrying out the purpose of this subsection.”.

SEC. 213. PERFORMANCE REVIEW.

Section 312(a) (16 U.S.C. 1458(a)) is amended by inserting “coordinated with National Estuarine Research Reserves in the state” after “303(2)(A) through (K).”.

SEC. 214. WALTER B. JONES AWARDS.

Section 314 (16 U.S.C. 1460) is amended—

(1) by striking “shall, using sums in the Coastal Zone Management Fund established under section 308” in subsection (a) and inserting “may, using sums available under this Act”;

(2) by striking “field.” in subsection (a) and inserting the following: “field of coastal zone management. These awards, to be known as the ‘Walter B. Jones Awards’, may include—

“(1) cash awards in an amount not to exceed \$5,000 each;

“(2) research grants; and

“(3) public ceremonies to acknowledge such awards.”;

(3) by striking “shall elect annually—” in subsection (b) and inserting “may select annually if funds are available under subsection (a)—”; and

(4) by striking subsection (e).

SEC. 215. NATIONAL ESTUARINE RESEARCH RESERVE SYSTEM.

(a) Section 315(a) (16 U.S.C. 1461(a)) is amended by striking “consists of—” and in-

serting “is a network of areas protected by Federal, state, and community partnerships which promotes informed management of the Nation's estuarine and coastal areas through interconnected programs in resource stewardship, education and training, and scientific understanding consisting of—”.

(b) Section 315(b)(2)(C) (16 U.S.C. 1461(b)(2)(C)) is amended by striking “public education and interpretation; and”; and inserting “education, interpretation, training, and demonstration projects; and”.

(c) Section 315(c) (16 U.S.C. 1461(c)) is amended)

(1) by striking “RESEARCH” in the subsection caption and inserting “RESEARCH, EDUCATION, AND RESOURCE STEWARDSHIP”;

(2) by striking “conduct of research” and inserting “conduct of research, education, and resource stewardship”;

(3) by striking “coordinated research” in paragraph (1) and inserting “coordinated research, education, and resource stewardship”;

(4) by striking “research” before “principles” in paragraph (2);

(5) by striking “research programs” in paragraph (2) and inserting “research, education, and resource stewardship programs”;

(6) by striking “research” before “methodologies” in paragraph (3);

(7) by striking “data,” in paragraph (3) and inserting “information.”;

(8) by striking “research” before “results” in paragraph (3);

(9) by striking “research purposes;” in paragraph (3) and inserting “research, education, and resource stewardship purposes;”;

(10) by striking “research efforts” in paragraph (4) and inserting “research, education, and resource stewardship efforts”;

(11) by striking “research” in paragraph (5) and inserting “research, education, and resource stewardship”; and

(12) by striking “research” in the last sentence.

(d) Section 315(d) (16 U.S.C. 1461(d)) is amended—

(1) by striking “ESTUARINE RESEARCH.—” in the subsection caption and inserting “ESTUARINE RESEARCH, EDUCATION, AND RESOURCE STEWARDSHIP.—”;

(2) by striking “research purposes” and inserting “research, education, and resource stewardship purposes”;

(3) by striking paragraph (1) and inserting the following:

“(1) giving reasonable priority to research, education, and stewardship activities that use the System in conducting or supporting activities relating to estuaries; and”;

(4) by striking “research.” in paragraph (2) and inserting “research, education, and resource stewardship activities.”; and

(5) by adding at the end thereof the following:

“(3) establishing partnerships with other Federal and state estuarine management programs to coordinate and collaborate on estuarine research.”.

(e) Section 315(e) (16 U.S.C. 1461(e)) is amended—

(1) by striking “reserve,” in paragraph (1)(A)(i) and inserting “reserve; and”;

 reverted amount was originally made avail-
 able.” in subsection (c) and inserting “to
 states under this Act.”; and

(5) by adding at the end thereof the fol-
 lowing:

“(d) PURCHASE OF OTHERWISE UNAVAILABLE
 FEDERAL PRODUCTS AND SERVICES.—Federal
 funds allocated under this title may be used
 by grantees to purchase Federal products
 and services not otherwise available.

“(e) RESTRICTION ON USE OF AMOUNTS FOR
 PROGRAM, ADMINISTRATIVE, OR OVERHEAD
 COSTS.—Except for funds appropriated under
 subsection (a)(5), amounts appropriated
 under this section shall be available only for
 grants to states and shall not be available
 for other program, administrative, or over-
 head costs of the National Oceanic and At-
 mospheric Administration or the Depart-
 ment of Commerce.”.

SEC. 218. SENSE OF CONGRESS.

It is the sense of Congress that the Under-
 secretary for Oceans and Atmosphere should
 re-evaluate the calculation of shoreline mile-
 age used in the distribution of funding under
 the Coastal Zone Management Program to
 ensure equitable treatment of all regions of
 the coastal zone, including the Southeastern
 States and the Great Lakes States.

TITLE III—ATLANTIC FISHERIES

Subtitle A—Reauthorization of Atlantic Striped Bass Conservation Act

SEC. 301. REAUTHORIZATION OF ATLANTIC STRIPED BASS CONSERVATION ACT.

Section 7(a) of the Atlantic Striped Bass
 Conservation Act (16 U.S.C. 1851 note) is
 amended to read as follows:

“(a) AUTHORIZATION.—For each of fiscal
 years 2001, 2002, and 2003, there are author-
 ized to be appropriated to carry out this
 Act—

“(1) \$1,000,000 to the Secretary of Com-
 merce; and

“(2) \$250,000 to the Secretary of the In-
 terior.”.

SEC. 302. POPULATION STUDY OF STRIPED BASS.

(a) STUDY.—The Secretaries (as that term
 is defined in the Atlantic Striped Bass Con-
 servation Act), in consultation with the At-
 lantic States Marine Fisheries Commission,
 shall conduct a study to determine if the dis-
 tribution of year classes in the Atlantic
 striped bass population is appropriate for

maintaining adequate recruitment and sus-
 tainable fishing opportunities. In conducting
 the study, the Secretaries shall consider—

(1) long-term stock assessment data and
 other fishery-dependent and independent
 data for Atlantic striped bass; and

(2) the results of peer-reviewed research
 funded under the Atlantic Striped Bass Con-
 servation Act.

(b) REPORT.—Not later than 180 days after
 the date of the enactment of this Act, the
 Secretaries, in consultation with the Atlan-
 tic States Marine Fisheries Commission,
 shall submit to the Committee on Resources
 of the House of Representatives and the
 Committee on Commerce, Science, and
 Transportation and the Committee on Envi-
 ronment and Public Works of the Senate the
 results of the study and a long-term plan to
 ensure a balanced and healthy population
 structure of Atlantic striped bass, including
 older fish. The report shall include informa-
 tion regarding—

(1) the structure of the Atlantic striped
 bass population required to maintain ade-
 quate recruitment and sustainable fishing
 opportunities; and

(2) recommendations for measures nec-
 essary to achieve and maintain the popu-
 lation structure described in paragraph (1).

(c) AUTHORIZATION.—There are authorized
 to be appropriated to the Secretary of Com-
 merce \$250,000 to carry out this section.

Subtitle B—Atlantic Coastal Fisheries Cooperative Management

SEC. 331. SHORT TITLE.

This subtitle may be cited as the “Atlantic
 Coastal Fisheries Act of 2000”.

SEC. 332. REAUTHORIZATION OF ATLANTIC COASTAL FISHERIES COOPERATIVE MANAGEMENT ACT.

(a) AUTHORIZATION OF APPROPRIATIONS.—
 Section 811 of the Atlantic Coastal Fisheries
 Cooperative Management Act (16 U.S.C. 5108)
 is amended to read as follows:

“SEC. 811. AUTHORIZATION OF APPROPRIATIONS.

“(a) IN GENERAL.—To carry out this title,
 there are authorized to be appropriated—

“(1) \$10,000,000 for each of fiscal year 2001;

“(2) \$12,000,000 for each of fiscal year 2002;

“(3) \$14,000,000 for each of fiscal year 2003;

“(4) \$16,000,000 for each of fiscal year 2004;

and

“(5) \$18,000,000 for each of fiscal year 2005;

“(b) COOPERATIVE STATISTICS PROGRAM.—
 Amounts authorized under subsection (a)
 may be used by the Secretary to support the
 Commission's cooperative statistics pro-
 gram.”.

(b) TECHNICAL CORRECTIONS.—

(1) IN GENERAL.—Such Act is amended—

(A) in section 802(3) (16 U.S.C. 5101(3)) by
 striking “such resources in” and inserting
 “such resources is”; and

(B) by striking section 812 and the second
 section 811.

(2) AMENDMENTS TO REPEAL NOT AF-
 FECTED.—The amendments made by para-
 graph (1)(B) shall not affect any amendment
 or repeal made by the sections struck by
 that paragraph.

(3) SHORT TITLE REFERENCES.—Such Act is
 further amended by striking “Magnuson
 Fishery” each place it appears and inserting
 “Magnuson-Stevens Fishery”.

(c) REPORTS.—

(1) ANNUAL REPORT TO THE SECRETARY.—
 The Secretary shall require, as a condition of
 providing financial assistance under this
 title, that the Commission and each State
 receiving such assistance submit to the Sec-
 retary an annual report that provides a de-
 tailed accounting of the use the assistance.

(2) BIENNIAL REPORTS TO THE CONGRESS.—
 The Secretary shall submit biennial reports
 to the Committee on Resources of the House
 of Representatives and the Committee on

Commerce, Science, and Transportation of
 the Senate on the use of Federal assistance
 provided to the Commission and the States
 under this title. Each biennial report shall
 evaluate the success of such assistance in
 implementing this title.

Subtitle C—Atlantic Tunas Management

SEC. 361. USE OF AIRCRAFT PROHIBITED.

Section 7(a) of the Atlantic Tunas Con-
 vention Act of 1975 (16 U.S.C. 971e(a)) is
 amended—

(1) by striking “or” after the semicolon in
 paragraph (1);

(2) by striking “fish.” in paragraph (2) and
 inserting “fish; or”; and

(3) by adding at the end the following:

“(3) for any person, other than a person
 holding a valid Federal permit in the purse
 seine category—

“(A) to sue an aircraft to locate or other-
 wise assist in fishing for, catching, or retain-
 ing Atlantic bluefin tuna; or

“(B) to catch, possess, or retain Atlantic
 bluefin tuna located by use of an aircraft.”.

TITLE IV—SHARK FINNING

SEC. 401. SHORT TITLE.

This title may be cited as the “Shark Con-
 servation Act”.

SEC. 402. PURPOSE.

The purpose of this title is to eliminate
 shark-finning by addressing the problem
 comprehensively at both the national and
 international levels.

SEC. 403. PROHIBITION ON REMOVING SHARK FIN AND DISCARDING SHARK CAR- CASS AT SEA.

Section 307(l) of the Magnuson-Stevens
 Fishery Conservation and Management Act
 (16 U.S.C. 1857(l)) is amended—

(1) by striking “or” after the semicolon in
 subparagraph (N);

(2) by striking “section 302(j)(7)(A).” in
 subparagraph (O) and inserting “section
 302(j)(7)(A); or”; and

(3) by adding at the end the following:

“(P)(i) to remove any of the fins of a shark
 (including the tail) and discard the carcass of
 the shark at sea;

“(ii) to have custody, control, or posses-
 sion of any such fin aboard a fishing vessel
 without the corresponding carcass; or

“(iii) to land any such fin without the cor-
 responding carcass.

“For purposes of subparagraph (P) there is a
 rebuttable presumption that any shark fins
 landed from a fishing vessel or found on
 board a fishing vessel were taken, held, or
 landed in violation of subparagraph (P) if the
 total weight of shark fins landed or found on
 board exceeds 5 percent of the total weight of
 shark carcasses landed or found on board.”.

SEC. 404. REGULATIONS.

No later than 180 days after the date of en-
 actment of this Act, the Secretary of Com-
 merce shall promulgate regulations imple-
 menting the provisions of section 307(l)(P) of
 the Magnuson-Stevens Fishery Conservation
 and Management Act (16 U.S.C. 1857(l)(P)), as
 added by section 403 of this title.

SEC. 405. INTERNATIONAL NEGOTIATIONS.

The Secretary of Commerce, acting
 through the Secretary of State, shall—

(1) initiate discussions as soon as possible
 for the purpose of developing bilateral or
 multilateral agreements with other nations
 for the prohibition on shark-finning;

(2) initiate discussions as soon as possible
 with all foreign governments which are en-
 gaged in, or which have persons or compa-
 nies engaged in shark-finning, for the pur-
 poses of—

(A) collecting information on the nature
 and extent of shark-finning by such persons
 and the landing or transshipment of shark
 fins through foreign ports; and

(B) entering into bilateral and multilateral treaties with such countries to protect such species;

(3) seek agreements calling for an international ban on shark-finning and other fishing practices adversely affecting these species through the United Nations, the Food and Agriculture Organization's Committee on Fisheries, and appropriate regional fishery management bodies;

(4) initiate the amendment of any existing international treaty for the protection and conservation of species of sharks to which the United States is a party in order to make such treaty consistent with the purposes and policies of this section;

(5) urge other governments involved in fishing for or importation of shark or shark products to fulfill their obligations to collect biological data, such as stock abundance and by-catch levels, as well as trade data, on shark species as called for in the 1995 Resolution on Cooperation with FAO with Regard to study on the Status of Sharks and By-Catch of Shark Species; and

(6) urge other governments to prepare and submit their respective National Plan of Action for the Conservation and Management of Sharks of the 2001 session of the FAO Committee on Fisheries, as set forth in the International Plan for Action for the Conservation and Management of Sharks.

SEC. 406. REPORT TO CONGRESS

The Secretary of Commerce, in consultation with the Secretary of State, shall provide to Congress, by not later than 1 year after the date of enactment of this Act, and every year thereafter, a report which—

(1) includes a list that identifies nations whose vessels conduct shark-finning and details the extent of the international trade in shark fins, including estimates of value and information on harvesting of shark fins, and landings or transshipment of shark fins through foreign ports;

(2) describes the efforts taken to carry out this title, and evaluates the progress of those efforts;

(3) sets forth a plan for action to adopt international measures for the conservation of sharks; and

(4) includes recommendations for measures to ensure that United States actions are consistent with national, international, and regional obligations relating to shark populations, including those listed under the Conservation on International Trade in Endangered Species of Wild Flora and Fauna.

SEC. 407. RESEARCH.

The Secretary of Commerce, subject to the availability of appropriations authorized by section 410, shall establish a research program for Pacific and Atlantic sharks to engage in the following data collection and research:

(1) The collection of data to support stock assessments of shark populations subject to incidental or directed harvesting by commercial vessels, giving priority to species according to vulnerability of the species to fishing gear and fishing mortality, and its population status.

(2) Research to identify fishing gear and practices that prevent or minimize incidental catch of sharks in commercial and recreational fishing.

(3) Research on fishing methods that will ensure maximum likelihood of survival or captured sharks after release.

(4) Research on methods for releasing sharks from fishing gear that minimize risk of injury to fishing vessels operators and crews.

(5) Research on methods of maximize the utilization of, and funding to develop the market for, sharks not taken in violation of a fishing management plan approved under

section 303 or of section 307(1)(P) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1853, 1857(1)(P)).

(6) Research on the nature and extent of the harvest of sharks and shark fins by foreign fleets and the international trade in shark fins and other shark products.

SEC. 408. WESTERN PACIFIC LONGLINE FISHERIES COOPERATIVE RESEARCH PROGRAM.

The National Marine Fisheries Service, in consultation with the Western Pacific Fisheries Management Council, shall initiate a cooperative research program with the commercial longlining industry to carry out activities consistent with this title, including research described in section 407 of this title. The service may initiate such shark cooperative research programs upon the request of any other fishery management council.

SEC. 409. SHARK-FINNING DEFINED.

In this Act, the term "shark-finning" means the taking of a shark, removing the fin or fins (whether or not including the tail) of a shark, and returning the remainder of the shark to the sea.

SEC. 410. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary of Commerce for fiscal years 2001 through 2005 such sums as are necessary to carry out this title.

TITLE V—EXTENSION OF PERIOD FOR REIMBURSEMENT UNDER FISHERMEN'S PROTECTIVE ACT OF 1967

SEC. 501. SHORT TITLE.

This title may be cited as the "Fishermen's Protective Act Amendments of 2000".

SEC. 502. EXTENSION OF PERIOD FOR REIMBURSEMENT UNDER FISHERMEN'S PROTECTIVE ACT OF 1967.

(a) IN GENERAL.—Section 7(e) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1977(e)) is amended by striking "2000" and inserting "2003".

(b) CLERICAL AMENDMENT.—Section 7(a)(3) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1977(a)(3)) is amended by striking "Secretary of the Interior" and inserting "Secretary of Commerce".

TITLE VI—YUKON RIVER SALMON

SEC. 601. SHORT TITLE.

This title may be cited as the "Yukon River Salmon Act of 2000".

SEC. 602. YUKON RIVER SALMON PANEL.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—There shall be a Yukon River Salmon Panel (in this title referred to as the "Panel").

(2) FUNCTIONS.—The Panel shall—

(A) advise the Secretary of State regarding the negotiation of any international agreement with Canada relating to the management of salmon stocks originating from the Yukon River in Canada;

(B) advise the Secretary of the Interior regarding restoration and enhancement of such salmon stocks; and

(C) perform other functions relating to conservation and management of such salmon stocks as authorized by this title or any other law.

(3) DESIGNATION AS UNITED STATES REPRESENTATIVES ON BILATERAL BODY.—The Secretary of State may designate the members of the Panel to be the United States representatives on any successor to the panel established by the interim agreement for the conservation of salmon stocks originating from the Yukon River in Canada agreed to through an exchange of notes between the Government of the United States and the Government of Canada on February 3, 1995, if authorized by any agreement establishing such successor.

(b) MEMBERSHIP.—

(1) IN GENERAL.—The Panel shall be comprised of six members, as follows:

(A) One member who is an official of the United States Government with expertise in salmon conservation and management, who shall be appointed by the Secretary of State.

(B) One member who is an official of the State of Alaska with expertise in salmon conservation and management, who shall be appointed by the Governor of Alaska.

(C) Four members who are knowledgeable and experienced with regard to the salmon fisheries on the Yukon River, who shall be appointed by the Secretary of State.

(2) APPOINTEES FROM ALASKA.—

(A) The Secretary of State shall appoint the members under paragraph (1)(C) from a list of at least three individuals nominated for each position by the Governor of Alaska.

(B) In making the nominations, the Governor of Alaska may consider suggestions for nominations provided by organizations with expertise in Yukon River salmon fisheries.

(C) The Governor of Alaska may make appropriate nominations to allow for appointment of, and the Secretary of State shall appoint, under paragraph (1)(C)—

(i) at least one member who is qualified to represent the interests of Lower Yukon River fishing districts; and

(ii) at least one member who is qualified to represent the interests of Upper Yukon River fishing districts.

(D) At least one of the members appointed under paragraph (1)(C) shall be an Alaska Native.

(3) ALTERNATES.—

(A) The Secretary of State may designate an alternate Panel member for each Panel member the Secretary appoints under paragraphs (1)(A) and (C), who meets the same qualifications, to serve in the absence of the Panel member.

(B) The Governor of the State of Alaska may designate an alternative Panel member for the Panel member appointed under paragraph (1)(B), who meets the same qualifications, to serve in the absence of that Panel member.

(c) TERM LENGTH.—Panel members and alternate Panel members shall serve four-year terms. Any individual appointed to fill a vacancy occurring before the expiration of any term shall be appointed for the remainder of that term.

(d) REAPPOINTMENT.—Panel members and alternate Panel members shall be eligible for reappointment.

(e) DECISIONS.—Decisions of the Panel shall be made by the consensus of the Panel members appointed under subparagraphs (B) and (C) of subsection (b)(1).

(f) CONSULTATION.—In carrying out their functions, Panel members may consult with such other interested parties as they consider appropriate.

SEC. 603. ADVISORY COMMITTEE.

(a) APPOINTMENTS.—The Governor of Alaska may establish and appoint an advisory committee (in this title referred to as the "advisory committee") of not less than eight, but not more than 12, individuals who are knowledgeable and experienced with regard to the salmon fisheries on the Yukon River. At least two of the advisory committee members shall be Alaska Natives. Members of the advisory committee may attend all meetings of the Panel, and shall be given the opportunity to examine and be heard on any matter under consideration by the Panel.

(b) COMPENSATION.—The members of such advisory committee shall receive no compensation for their services.

(c) TERM LENGTH.—Members of such advisory committee shall serve two-year terms. Any individual appointed to fill a vacancy occurring before the expiration of any term shall be appointed for the remainder of that term.

(d) REAPPOINTMENT.—Members of such advisory committee shall be eligible for reappointment.

SEC. 604. EXEMPTION.

The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Panel or to the advisory committee.

SEC. 605. AUTHORITY AND RESPONSIBILITY.

(a) RESPONSIBLE MANAGEMENT ENTITY.—The State of Alaska Department of Fish and Game shall be the responsible management entity for the United States for the purposes of any agreement with Canada regarding management of salmon stocks originating from the Yukon River in Canada.

(b) EFFECT OF DESIGNATION.—The designation under subsection (a) shall not be considered to expand, diminish, or otherwise change the management authority of the State of Alaska or the Federal Government with respect to fishery resources.

(c) RECOMMENDATIONS OF PANEL.—In addition to recommendations made by the Panel to the responsible management entities in accordance with any agreement with Canada regarding management of salmon stocks originating from the Yukon River in Canada, the Panel may make recommendations concerning the conservation and management of salmon originating in the Yukon River to the Department of the Interior, the Department of Commerce, the Department of State, the North Pacific Fishery Management Council, and other Federal or State entities as appropriate. Recommendations by the Panel shall be advisory in nature.

SEC. 606. ADMINISTRATIVE MATTERS.

(a) COMPENSATION.—Panel members and alternate Panel members who are not State or Federal employees shall receive compensation at the daily rate of GS-15 of the General Schedule when engaged in the actual performance of duties.

(b) TRAVEL AND OTHER NECESSARY EXPENSES.—Travel and other necessary expenses shall be paid by the Secretary of the Interior for all Panel members, alternate Panel members, and members of the advisory committee when such members are engaged in the actual performance of duties for the Panel or advisory committee.

(c) TREATMENT AS FEDERAL EMPLOYEES.—Except for officials of the United States Government, all Panel members, alternate Panel members, and members of the advisory committee shall not be considered to be Federal employees while engaged in the actual performance of duties, except for the purposes of injury compensation or tort claims liability as provided in chapter 81 of title 5, United States Code, and chapter 71 of title 28, United States Code.

SEC. 607. YUKON RIVER SALMON STOCK RESTORATION AND ENHANCEMENT PROJECTS.

(a) IN GENERAL.—The Secretary of the Interior, in consultation with the Secretary of Commerce, may carry out projects to restore or enhance salmon stocks originating from the Yukon River in Canada and the United States.

(b) COOPERATION WITH CANADA.—If there is in effect an agreement between the Government of the United States and the Government of Canada for the conservation of salmon stocks originating from the Yukon River in Canada that includes provisions governing projects authorized under this section, then—

(1) projects under this section shall be carried out in accordance with that agreement; and

(2) amounts available for projects under this section—

(A) shall be expended in accordance with the agreement; and

(B) may be deposited in any joint account established by the agreement to fund such projects.

SEC. 608. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary of the Interior to carry out this title \$4,000,000 for each of fiscal years 2000, 2001, 2002, and 2003, of which—

(1) such sums as are necessary shall be available each fiscal year for travel expenses of Panel members, alternate Panel members, United States members of the Joint Technical Committee established by paragraph C.2 of the memorandum of understanding concerning the Pacific Salmon Treaty between the Government of the United States and the Government of Canada (recorded January 28, 1985), and members of the advisory committee, in accordance with Federal Travel Regulations and sections 5701, 5702, 5704 through 5708, and 5731 of title 5, United States Code;

(2) such sums as are necessary shall be available for the United States share of expenses incurred by the Joint Technical Committee and any panel established by any agreement between the Government of the United States and the Government of Canada for restoration and enhancement of salmon originating in Canada;

(3) up to \$3,000,000 shall be available each fiscal year for activities by the Department of the Interior and the Department of Commerce for survey, restoration, and enhancement activities related to salmon stocks originating from the Yukon River in Canada, of which up to \$1,200,000 shall be available each fiscal year for Yukon River salmon stock restoration and enhancement projects under section 507(b); and

(4) \$600,000 shall be available each fiscal year for cooperative salmon research and management projects in the portion of the Yukon River drainage located in the United States that are recommended by the Panel.

TITLE VII—FISHERY INFORMATION ACQUISITION

SEC. 701. SHORT TITLE.

This title may be cited as the “Fisheries Survey Vessel Authorization Act of 2000”.

SEC. 702. ACQUISITION OF FISHERY SURVEY VESSELS.

(a) IN GENERAL.—The Secretary of Commerce, subject to the availability of appropriations, may in accordance with this section acquire, by purchase, lease, lease-purchase, or charter, and equip up to six fishery survey vessels in accordance with this section.

(b) VESSEL REQUIREMENTS.—Any vessel acquired and equipped under this section must—

(1) be capable of—

(A) staying at sea continuously for at least 30 days;

(B) conducting fishery population surveys using hydroacoustic, longlining, deep water, and pelagic trawls, and other necessary survey techniques; and

(C) conducting other work necessary to provide fishery managers with the accurate and timely data needed to prepare and implement fishery management plans; and

(2) have a hull that meets the International Council for Exploration of the Sea standard regarding acoustic quietness.

(c) FISHERIES RESEARCH VESSEL PROCUREMENT.—Notwithstanding section 644 of title 15, United States Code, and section 19.502-2 of title 48, Code of Federal Regulations, the Secretary of Commerce shall seek to procure Fisheries Research Vessels through full and open competition from responsible United States shipbuilding companies irrespective of size.

(d) AUTHORIZATION.—To carry out this section there are authorized to be appropriated to the Secretary of Commerce \$60,000,000 for each of fiscal years 2002, 2003, and 2004.

TITLE VIII—CORAL REEF CONSERVATION

SEC. 801. SHORT TITLE.

This Act may be cited as the “Coral Reef Conservation Act of 2000”.

SEC. 802. PURPOSES.

The purposes of this Act are:

(1) to preserve, sustain, and restore the condition of coral reef ecosystems;

(2) to promote the wise management and sustainable use of coral reef ecosystems to benefit local communities and the Nation;

(3) to develop sound scientific information on the condition of coral reef ecosystems and the threats to such ecosystems;

(4) to assist in the preservation of coral reefs by supporting conservation programs, including projects that involve affected local communities and nongovernmental organizations;

(5) to provide financial resources for those programs and projects; and

(6) to establish a formal mechanism for collecting and allocating monetary donations from the private sector to be used for coral reef conservation projects.

SEC. 803. NATIONAL CORAL REEF ACTION STRATEGY.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and to the Committee on Resources of the House of Representatives and publish in the Federal Register a national coral reef action strategy, consistent with the purposes of this Act. The Administrator shall periodically review and revise the strategy as necessary. In developing this national strategy, the Secretary may consult with the Coral Reef Task Force established under Executive Order 13089 (June 11, 1998).

(b) GOALS AND OBJECTIVES.—The action strategy shall include a statement of goals and objectives as well as an implementation plan, including a description of the funds obligated each fiscal year to advance coral reef conservation. The action strategy and implementation plan shall include discussion of—

(1) coastal uses and management;

(2) water and air quality;

(3) mapping and information management;

(4) research, monitoring, and assessment;

(5) international and regional issues;

(6) outreach and education;

(7) local strategies developed by the States or Federal agencies, including regional fishery management councils; and

(8) conservation, including how the use of marine protected areas to serve as replenishment zones will be developed consistent with local practices and traditions.

SEC. 804. CORAL REEF CONSERVATION PROGRAM.

(a) GRANTS.—The Secretary, through the Administrator and subject to the availability of funds, shall provide grants of financial assistance for projects for the conservation of coral reefs, hereafter called coral conservation projects, for proposals approved by the Administrator in accordance with this section.

(b) MATCHING REQUIREMENTS.—

(1) 50 PERCENT.—Except as provided in paragraph (2), Federal funds for any coral conservation project under this section may not exceed 50 percent of the total cost of such project. For purposes of this paragraph, the non-Federal share of project costs may be provided by in-kind contributions and other noncash support.

(2) WAIVER.—The Administrator may waive all or part of the matching requirement under paragraph (1) if the Administrator determines that no reasonable means are available through which applicant can meet the matching requirement and the probable benefit of such project outweighs the public interest in such matching requirement.

(c) **ELIGIBILITY.**—Any natural resource management authority of a State or other government authority with jurisdiction over coral reefs or whose activities directly or indirectly affect coral reefs, or coral reef ecosystems, or educational or non-governmental institutions with demonstrated expertise in the conservation of coral reefs, may submit to the Administrator a coral conservation proposal under subsection (e) of this section.

(d) **GEOGRAPHIC AND BIOLOGICAL DIVERSITY.**—The Administrator shall ensure that funding for grants awarded under subsection (b) of this section during a fiscal year are distributed in the following manner—

(1) no less than 40 percent of funds available shall be awarded for coral conservation projects in the Pacific Ocean within the maritime areas and zones subject to the jurisdiction or control of the United States;

(2) no less than 40 percent of the funds available shall be awarded for coral conservation projects in the Atlantic Ocean, the Gulf of Mexico, and the Caribbean Sea within the maritime areas and zones subject to the jurisdiction or control of the United States; and

(3) remaining funds shall be awarded for projects that address emerging priorities or threats, including international priorities or threats, identified by the Administrator. When identifying emerging threats or priorities, the Administrator may consult with the Coral Reef Task Force.

(e) **PROJECT PROPOSALS.**—Each proposal for a grant under this section shall include the following:

(1) The name of the individual or entity responsible for conducting the project.

(2) A description of the qualifications of the individuals who will conduct the project.

(3) A succinct statement of the purposes of the project.

(4) An estimate of the funds and time required to complete the project.

(5) Evidence of support for the project by project by appropriate representatives of States or other government jurisdictions in which the project will be conducted.

(6) Information regarding the source and amount of matching funding available to the applicant.

(7) A description of how the project meets one or more of the criteria in subsection (g) of this section.

(8) Any other information the Administrator considers to be necessary for evaluating the eligibility of the project for funding under this Act.

(f) **PROJECT REVIEW AND APPROVAL.**—

(1) **IN GENERAL.**—The Administrator shall review each coral conservation project proposed to determine if it meets the criteria set forth in subsection (g).

(2) **REVIEW; APPROVAL OR DISAPPROVAL.**—Not later than 6 months after receiving a project proposal under this section, the Administrator shall—

(A) request and consider written comments on the proposal from each Federal agency, State government, or other government jurisdiction, including the relevant regional fishery management councils established under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.), or any National Marine Sanctuary, with jurisdiction or management authority over coral reef ecosystems in the area where the project is to be conducted, including the extent to which the project is consistent with locally-established priorities;

(B) provide for the merit-based peer review of the proposal and require standardized documentation of that peer review;

(C) after considering any written comments and recommendations based on the reviews under subparagraphs (A) and (B), approve or disapprove the proposal; and

(D) provide written notification of that approval or disapproval to the person who submitted the proposal, and each of those States and other government jurisdictions that provided comments under subparagraph (A).

(g) **CRITERIA FOR APPROVAL.**—The Administrator may not approve a project proposal under this section unless the project is consistent with the coral reef action strategy under section 3 and will enhance the conservation of coral reefs by—

(1) implementing coral conservation programs which promote sustainable development and ensure effective, long-term conservation of coral reefs;

(2) addressing the conflicts arising from the use of environments near coral reefs or from the use of corals, species associated with coral reefs, and coral products;

(3) enhancing compliance with laws that prohibit or regulate the taking of coral products or species associated with coral reefs or regulate the use and management of coral reef ecosystems;

(4) developing sound scientific information on the condition of coral reef ecosystems or the threats to such ecosystems, including factors that cause coral disease;

(5) promoting and assisting to implement cooperative coral reef conservation projects that involve affected local communities, non-governmental organizations, or others in the private sector;

(6) increasing public knowledge and awareness of coral reef ecosystems and issues regarding their long term conservation;

(7) mapping the location and distribution of coral reefs;

(8) developing and implementing techniques to monitor and assess the status and condition of coral reefs;

(9) developing and implementing cost-effective methods to restore degraded coral reef ecosystems; or

(10) promoting ecologically sound navigation and anchorages near coral reefs.

(h) **PROJECT REPORTING.**—Each grantee under this section shall provide periodic reports as required by the Administrator. Each report shall include all information required by the Administrator for evaluating the progress and success of the project.

(i) **CORAL REEF TASK FORCE.**—The Administrator may consult with the Coral Reef Task Force to obtain guidance in establishing coral conservation project priorities under this section.

(j) **IMPLEMENTATION GUIDELINES.**—Within 180 days after the date of enactment of this Act, the Administrator shall promulgate necessary guidelines for implementing this section. In developing those guidelines, the Administrator shall consult with State, regional, and local entities involved in setting priorities for conservation of coral reefs and provide for appropriate public notice and opportunity for comment.

SEC. 805. CORAL REEF CONSERVATION FUND.

(a) **FUND.**—The Administrator may enter into an agreement with a non-profit organization that promotes coral reef conservation authorizing such organization to receive, hold, and administer funds received pursuant to this section. The organization shall invest, reinvest, and otherwise administer the funds and maintain such funds and any interest or revenues earned in a separate interest bearing account, hereafter referred to as the Fund, established by such organization solely to support partnerships between the public and private sectors that further the purposes of this Act and are consistent with the national coral reef action strategy under section 3.

(b) **AUTHORIZATION TO SOLICIT DONATIONS.**—Pursuant to an agreement entered into under subsection (a) of this section, an orga-

nization may accept, receive, solicit, hold, administer, and use any gift to further the purposes of this Act. Any monies received as a gift shall be deposited and maintained in the Fund established by the organization under subsection (a).

(c) **REVIEW OF PERFORMANCE.**—The Administrator shall conduct a continuing review of the grant program administered by an organization under this section. Each review shall include a written assessment concerning the extent to which that organization has implemented the goals and requirements of this section and the national coral reef action strategy under section 3.

(d) **ADMINISTRATION.**—Under an agreement entered into pursuant to subsection (a) of this section, the Administrator may transfer funds appropriated to carry out this Act to an organization. Amounts received by an organization under this subsection may be used for matching, in whole or in part, contributions (whether in money, services, or property) made to the organization by private persons and State and local government agencies.

SEC. 806. EMERGENCY ASSISTANCE.

The Administrator may make grants to any State, local, or territorial government agency with jurisdiction over coral reefs for emergencies to address unforeseen or disaster-related circumstance pertaining to coral reefs or coral reef ecosystems.

SEC. 807. NATIONAL PROGRAM.

(a) **IN GENERAL.**—Subject to the availability of appropriations, the Secretary may conduct activities to conserve coral reefs and coral reef ecosystems, that are consistent with this Act, the National Marine Sanctuaries Act, the Coastal Zone Management Act of 1972, the Magnuson-Stevens Fishery Conservation and Management Act, the Endangered Species Act, and the Marine Mammal Act.

(b) **AUTHORIZED ACTIVITIES.**—Activities authorized under subsection (a) include—

(1) mapping, monitoring, assessment, restoration, and scientific research that benefit the understanding, sustainable use, and long-term conservation of coral reefs and coral reef ecosystems;

(2) enhancing public awareness, education, understanding, and appreciation of coral reefs and coral reef ecosystems;

(3) providing assistance to States in removing abandoned fishing gear, marine debris, and abandoned vessels from coral reefs to conserve living marine resources; and

(4) cooperative conservation and management of coral reefs and coral reef ecosystems with local, regional, or international programs and partners.

SEC. 808. EFFECTIVENESS REPORTS.

(a) **GRANT PROGRAM.**—Not later than 3 years after the date of enactment of this Act, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and Committee on Resources of the House of Representatives a report that documents the effectiveness of the grant program under section 4 in meeting the purposes of this Act. The report shall include a State-by-State summary of Federal and non-Federal contributions toward the costs of each project.

(b) **NATIONAL PROGRAM.**—Not later than 2 years after the date on which the Administrator publishes the national coral reef strategy under section 3 and every 2 years thereafter, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Resources of the House of Representatives a report describing all activities undertaken to implement that strategy, under section 3, including a description of the funds obligated each fiscal year to advance coral reef conservation.

SEC. 809. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—There are authorized to be appropriated to the Secretary to carry out this Act \$16,000,000 for each of fiscal years 2001, 2002, 2003, and 2004, which may remain available until expended.

(b) ADMINISTRATION.—Of the amounts appropriated under subsection (a), not more than the lesser of \$1,000,000 or 10 percent of the amounts appropriated, may be used for program administration or for overhead costs incurred by the National Oceanic and Atmospheric Administration or the Department of Commerce and assessed as an administrative charge.

(c) CORAL REEF CONSERVATION PROGRAM.—From the amounts appropriated under subsection (a), there shall be made available to the Secretary \$8,000,000 for each of fiscal years 2001, 2002, 2003, and 2004 for coral reef conservation activities under section 4.

(d) NATIONAL CORAL REEF ACTIVITIES.—From the amounts appropriated under section (a), there shall be made available to the Secretary \$8,000,000 for each of fiscal years 2001, 2002, 2003, and 2004 for activities under section 7.

SEC. 810. DEFINITIONS.

In this title:

(1) ADMINISTRATOR.—The term “Administrator” means the Administrator of the National Oceanic and Atmospheric Administration.

(2) CONSERVATION.—The term “conservation” means the use of methods and procedures necessary to preserve or sustain corals and associated species as diverse, viable, and self-perpetuating coral reef ecosystems, including all activities associated with resource management, such as assessment, conservation, protection, restoration, sustainable use, and management of habitat; mapping; habitat monitoring; assistance in the development of management strategies for marine protected areas and marine resources consistent with the National Marine Sanctuaries Act (16 U.S.C. 1431 et seq.) and the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.); law enforcement; conflict resolution initiatives; community outreach and education; and that promote safe and ecologically sound navigation.

(3) CORAL.—The term “coral” means species of the phylum Cnidaria, including—

(A) all species of the orders Antipatharia (black corals), Scleractinia (stony corals), Gorgonacea (horny corals), Stolonifera (organpipe corals and others), Alcyonacea (soft corals), and Coenothecalia (blue coral), of the class Anthozoa; and

(B) all species of the order Hydrocorallina (fire corals and hydrocorals) of the class Hydrozoa.

(4) CORAL REEF.—The term “coral reef” means any reefs or shoals composed primarily of corals.

(5) CORAL REEF ECOSYSTEM.—The term “coral reef ecosystem” means coral and other species of reef organisms (including reef plants) associated with coral reefs, and the non-living environmental factors that directly affect coral reefs, that together function as an ecological unit in nature.

(6) CORAL PRODUCTS.—The term “coral products” means any living or dead specimens, parts, or derivatives, or any product containing specimens, parts, or derivatives, of any species referred to in paragraph (3).

(7) SECRETARY.—The term “Secretary” means the Secretary of Commerce.

(8) STATE.—The term “State” means any State of the United States that contains a coral reef ecosystem within its seaward boundaries, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands, and any other terri-

tory or possession of the United States, or separate sovereign in free association with the United States, that contains a coral reef ecosystem within its seaward boundaries.

TITLE IX—MISCELLANEOUS**SEC. 901. TREATMENT OF VESSEL AS AN ELIGIBLE VESSEL.**

Notwithstanding paragraphs (1) through (3) of section 208(a) of the American Fisheries Act (title II of division C of the Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999 (Public Law 105-277; 112 Stat. 2681-624)), the catcher vessel (HAZEL LORRAINE (United States Official Number 592211) and the catcher vessel PROVIDIAN (United States Official Number 1062183) shall be considered to be vessels that are eligible to harvest the directed fishing allowance under section 206(b)(1) of that Act pursuant to a Federal fishing permit in the same manner as, and subject to the same requirements and limitations on that harvesting as apply to harvest that directed fishing allowance under section 208(a) of that Act.

SEC. 902. STATUS OF CERTAIN COMMISSIONERS AS FEDERAL EMPLOYEES.

(a) GREAT LAKES FISHERY COMMISSION.—Section 3(a)(1) of the Great Lakes Fishery Act of 1956 (16 U.S.C. 932(a)(1)) is amended by inserting after the first sentence the following: “An individual serving as a Commissioner shall not be considered to be a Federal employee while performing service as a Commissioner, except for purposes of injury compensation or tort claims liability as provided in chapter 81, of title 5, United States Code, and chapter 171 of title 28, United States Code.”.

(b) INTERNATIONAL COMMISSION FOR THE SCIENTIFIC INVESTIGATION OF TUNAS; INTER-AMERICAN TROPICAL TUNA COMMISSION.—Section 3 of the Tuna Conventions Act of 1950 (16 U.S.C. 952) is amended by inserting after the first sentence the following: “An individual serving as a Commissioner shall not be considered to be a Federal employee while performing service as a Commissioner, except for purpose of injury compensation or tort claims liability as provided in chapter 81, of title 5, United States Code, and chapter 171 of title 28, United States Code.”.

(c) INTERNATIONAL COMMISSION FOR THE CONSERVATION OF ATLANTIC TUNAS.—Section 3(a)(1) of the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971a(a)(1)) is amended by inserting after “Government.” the following: “An individual serving as a Commissioner shall not be considered to be a Federal employee while performing service as a Commissioner, except for purposes of injury compensation or tort claims liability as provided in chapter 81, of title 5, United States Code, and chapter 171 of title 28, United States Code.”.

(d) NORTH PACIFIC ANADROMOUS FISH COMMISSION.—Section 804(a) of the North Pacific Anadromous Stocks Act of 1992 (16 U.S.C. 5003(a)) is amended by inserting after the first sentence the following: “An individual serving as a Commissioner shall not be considered to be a Federal employee while performing service as a Commissioner, except for purposes of injury compensation or tort claims liability as provided in chapter 81, of title 5, United States Code, and chapter 171 of title 28, United States Code.”.

SEC. 903. WESTERN PACIFIC PROJECT GRANTS.

Section 111(b)(1) of the Sustainable Fisheries Act (16 U.S.C. 1855 nt) is amended by striking the last sentence and inserting “There are authorized to be appropriated to carry out this subsection \$500,000 for each fiscal year.”.

SEC. 904. EXTENSION OF DUNGENESS CRAB FISHERY MANAGEMENT AUTHORITY.

Section 203(i) of the Act entitled “An Act To approve a governing international fishery

agreement between the United States and the Republic of Poland, and for other purposes” (112 Stat. 3453; 16 U.S.C. 1856 nt.) is amended by striking “2001.” and inserting “2004.”.

TITLE X—MARINE MAMMAL RESCUE ASSISTANCE**SEC. 1001. JOHN H. PRESCOTT MARINE MAMMAL RESCUE ASSISTANCE GRANT PROGRAM.**

(a) IN GENERAL.—Title IV of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1371 et seq.) is amended—

(1) by redesignating sections 408 and 409 as sections 409 and 410, respectively; and

(2) by inserting after section 407 the following:

“SEC. 408. JOHN H. PRESCOTT MARINE MAMMAL RESCUE ASSISTANCE GRANT PROGRAM.

“(a) IN GENERAL.—

“(1) GRANTS.—Subject to the availability of appropriations, the Secretary shall conduct a grant program to be known as the John H. Prescott Marine Mammal Rescue Assistance Grant Program, to provide grants to eligible stranded network participants for the recovery or treatment of marine mammals, the collection of data from living or dead stranded marine mammals for scientific research regarding marine mammal health, and facility operation costs that are directly related to those purposes.

“(2) DISTRIBUTION AMONG STRANDING REGIONS.—

“(A) EQUITABLE DISTRIBUTION.—The Secretary shall ensure that, to the greatest extent practicable, funds provided as grants under this subsection are distributed equitably among the designated stranding regions.

“(B) PRIORITIES.—In determining priorities among such regions, the Secretary may consider—

“(i) any episodic stranding or any mortality event other than an event described in section 410(6), that occurred in any region in the preceding year; and

“(ii) data regarding average annual strandings and mortality events per region.

“(b) APPLICATION.—To receive a grant under this section, a stranding network participant shall submit an application in such form and manner as the Secretary may prescribe.

“(c) ADVISORY GROUP.—

“(1) IN GENERAL.—The Secretary, in consultation with the Marine Mammal Commission, shall establish an advisory group in accordance with this subsection to advise the Secretary regarding the implementation of this section, including the award of grants under this section.

“(2) MEMBERSHIP.—The advisory group shall consist of a representative from each of the designated stranding regions and other individuals who represent public and private organizations that are actively involved in rescue, rehabilitation, release, scientific research, marine conservation, and forensic science regarding stranded marine mammals.

“(3) PUBLIC PARTICIPATION.—

“(A) MEETINGS.—The advisory group shall—

“(i) ensure that each meeting of the advisory group is open to the public; and

“(ii) provide, at each meeting of the advisory group, an opportunity for interested persons to present oral or written statements concerning items on the agenda for the meeting.

“(B) NOTICE.—The Secretary shall provide to the public timely notice of each meeting of the advisory group.

“(C) MINUTES.—The Secretary shall keep and make available to the public minutes of each meeting of the advisory group.

"(4) EXEMPTION.—The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the establishment and activities of an advisory group in accordance with this subsection.

"(d) LIMITATION.—The amount of a grant under this section shall not exceed \$100,000.

"(e) MATCHING REQUIREMENT.—

"(1) IN GENERAL.—The non-Federal share of the costs of an activity conducted with a grant under this section shall be 25 percent of such costs.

"(2) IN-KIND CONTRIBUTIONS.—The Secretary may apply to the non-Federal share of an activity conducted with a grant under this section the amount of funds, and the fair market value of property and services, provided by non-Federal sources and used for the activity.

"(f) ADMINISTRATIVE EXPENSES.—Of amounts available each fiscal year to carry out this section, the Secretary may expend not more than 6 percent to pay the administrative expenses necessary to carry out this section.

"(g) DEFINITIONS.—In this section:

"(1) DESIGNATED STRANDING REGION.—the term 'designated stranding region' means a geographic region designated by the Secretary for purposes of administration of this title.

"(2) SECRETARY.—The term 'Secretary' has the meaning given that term in section 3(12)(A).

"(h) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary to carry out this section \$5,000,000 for each of fiscal years 2001 through 2003, to remain available until expended."

(b) CONFORMING AMENDMENT.—Section 3(12)(B) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1362(12)(B)) is amended by inserting "(other than section 408)" after "title IV".

(e) CLERICAL AMENDMENT.—The table of contents in the first section of the Marine Mammal Protection Act of 1972 (86 Stat. 1027) is amended by striking the items relating to sections 408 and 409 and inserting the following:

"Sec. 408. John H. Prescott Marine Mammal Rescue assistance Grant Program.

"Sec. 409. Authorization of appropriations.

"Sec. 410. Definitions."

NOTICES OF HEARING

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. MURKOWSKI. Mr. President, I would like to announce for the public that a hearing has been scheduled before the Committee on Energy and Natural Resources.

The hearing will take place on Thursday, October 19, 2000, at 3:00 p.m. in room SD-366 of the Dirksen Senate Office Building in Washington, DC.

The purpose of this oversight hearing is to receive testimony on potential timber sale contract liability incurred by the government as a result of timber sale contract cancellations.

Those who wish to submit written statements should write to the Committee on Energy and Natural Resources, U.S. Senate, Washington, DC. 20510. For further information, please call Mark Rey at (202) 224-6170.

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. MURKOWSKI. Mr. President, I would like to announce for the infor-

mation of the Senate and the public that an oversight hearing has been scheduled before the Committee on Energy and Natural Resources.

The hearing will take place on Thursday, October 19, 2000, at 9:30 a.m. in room SH-216 of the Hart Senate Office Building.

The purpose of this hearing is to conduct oversight on the Department of Energy's recent decision to release 30 million barrels of crude oil from the strategic petroleum reserve and the bid process used to award contracts regarding same.

For further information, please call Brian Malnak, Deputy Staff Director at (202) 224-8119 or Betty Nevitt, Staff Assistant at (202) 224-0765.

PRIVILEGE OF THE FLOOR

Mr. COCHRAN. Mr. President, I ask unanimous consent that the following Appropriations Committee staff members and intern be granted floor privileges during the consideration of the conference report to accompany H.R. 4461 for the fiscal year 2001 Agriculture Appropriations Act, and any votes that may occur in relation thereto: Rebecca Davies, Martha Scott Poindexter, Hunt Shipman, Les Spivey, Marc Dulaney, and Galen Fountain.

The PRESIDING OFFICER. Without objection, it is so ordered.

ORDERS FOR TUESDAY, OCTOBER 17, 2000

Mr. LOTT. Mr. President, I ask unanimous consent that when the Senate completes its business today, it recess until the hour of 9:30 a.m. on Tuesday, October 17. I further ask unanimous consent that on Tuesday, immediately following the prayer, the Journal of proceedings be approved to date, the time for the two leaders be reserved for their use later in the day, and the Senate then proceed to the conference report to accompany H.R. 4461, the Agriculture appropriations bill, as under the previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. LOTT. Mr. President, for the information of all Senators, the Senate will not be in session on Monday. On Tuesday, the Senate will resume consideration of the conference report on this Agriculture appropriations bill—very important legislation. The debate will be limited to Tuesday's session and approximately 2 hours on Wednesday morning, with the vote scheduled to occur at 11:30 a.m. on Wednesday on the Agriculture appropriations bill.

For the remainder of the week, the Senate is expected to complete all action necessary for sine die adjournment. I pause for applause. That is certainly what we should do. It is possible we can do it. We were able to get a

good deal accomplished this week. It took a lot of work on both sides of the aisle. We were able to get a package of five bills done, which included, of course, the sex trafficking issue as well as Aimee's law and the Violence Against Women Act. We were able to pass four appropriations bills and complete action on the Defense authorization bill and begin debate on the Agriculture appropriations bill.

Next week we will have to deal with the foreign operations conference report final passage in some form; the Commerce-State-Justice appropriations bill; the Labor-HHS and Education appropriations conference report, and there are several tax provisions that need to be considered, including the FSC issue that we have been trying to get cleared, a bill that came out of the Finance Committee to make sure the United States complies with WTO requirements. We need to get that completed as well as several other items that have broad support in the House and in the Senate and the administration.

So there are four categories that we will need to act on next week. I have been having conversations and meetings this morning with Members of both sides of the aisle and with the administration to try to help facilitate that.

I notice Senator CONRAD reacted positively to "both sides of the aisle."

I think it is clearly possible to complete our work by next Friday. I had hoped we could do it by Saturday, the 14th, but the unfortunate death of our friend and colleague, Congressman Vento from Minnesota, occurred and, therefore, Members are in Minnesota this morning for the funeral service. Clearly, we can get our work done next week, and we certainly will try to. Senators should expect votes throughout the day Wednesday and Thursday and into Friday, if it is necessary.

I yield to the Senator from North Dakota for a question or comment.

KEVIN SHAWN RUX

Mr. CONRAD. Mr. President, we have just learned very tragic news that a young man from my home State of North Dakota is among those now listed as missing and presumed dead on board the U.S.S. *Cole*.

He is Petty Officer 2nd Class Kevin Shawn Rux. I want to express my deepest sympathies to the family. Our Nation honors this young man for his service and sacrifice. Our prayers are with his family in their grief today, and with all the fathers, mothers, spouses, sons, and daughters of those who lost their loved ones in this terrible attack.

I want to reassure the family this Nation will not rest until we find the criminals responsible for the death of Kevin Shawn Rux and his shipmates. This country will hold them accountable for these murders. Again, we share the grief of the family of this young

man. He was doing his duty. He was serving his country. We admire very much his service, and we deeply respect his sacrifice.

My colleague from North Dakota would also like to comment. We would appreciate that.

Mr. LOTT. Mr. President, let me just say, Mr. President, I appreciate the fact that the Senator has raised this issue. It is appropriate that we acknowledge the service of our military men and women who are serving all over the world, more often than we realize, in very dangerous situations, and that we recognize those who lost their lives—in this instance, sailors on the U.S.S. *Cole*.

I, too, have a personal feeling about this. I would like to make some comments on it myself. Before I do that, I yield to Senator DORGAN from North Dakota for his remarks.

Mr. DORGAN. Mr. President, I thank the majority leader. This was obviously a senseless act of terrorism. Acts of terrorism are, in most cases, perpetrated by cowards who want to inflict terrible mayhem on especially those from our country, but others around the world as well. Yesterday, when we learned the news that the U.S.S. *Cole* had been attacked, all of us were deeply saddened. Our thoughts and prayers go out to all of the families of those who are now known dead and those who are presumed dead or missing.

As Senator CONRAD indicated, we have just learned from the U.S. Navy this morning that a young man named Kevin Rux from Portland, ND, is among those missing and presumed dead, according to the U.S. Navy. I want to add my voice to my colleagues' comments that my thoughts and prayers go out to his family. We are thinking of them and praying for them today. We feel the same about all of those who have been the victims of this attack. It tells us, once again, that this is a difficult and in some cases troubled world, and those who wear the uniform of this country in all parts of this globe, who stand for peace, do so at some risk to themselves and on behalf of a grateful Nation.

Again, I want to simply say we are thinking of the Rux family and all of the other families whose loved ones have become victims of this cowardly terrorist attack. I say, as well, that this country has said to its President and Members of Congress that those responsible for this attack must be found and brought to justice for it.

I yield the floor.

ORDER FOR RECORD TO REMAIN OPEN

Mr. LOTT. Mr. President, I ask unanimous consent that the RECORD remain open today until 1 p.m. for the introduction of statements by Members.

The PRESIDING OFFICER. Without objection, it is so ordered.

OUTSTANDING MILITARY PERSONNEL AND THEIR SOPHISTICATED SHIPS

Mr. LOTT. Mr. President, the U.S.S. *Cole* was built in my hometown of Pascagoula, MS. I have been on it. I have visited with the sailors, the crew, and officers on many of these ships—destroyers, cruisers, and LHDs—that are built there. It is always a thrilling experience to see the enthusiasm of these young men and women and the caliber of the young men and women who serve our country, and also the tremendous sophistication of these ships. These ships are the most sophisticated in the history of the world, with an incredible array of radar and weapons systems.

These ships can fire at 120 different targets simultaneously, using missiles and Gatling guns. They are incredible vessels. They are referred to as "aegis class" destroyers. They have a tremendous shield where they can track and identify targets or enemy activities. But we see, once again, no matter how big, how sophisticated, or how capable they are in destroying enemy ships or aircraft, they are still vulnerable to a suicide attack by two men on a small rubber vessel.

I think it is a very sobering thing that we are learning from this experience. You can be in a marine barracks

somewhere, in a hotel, in a public building, or on a sophisticated ship, and you are still vulnerable to this kind of attack. This is clearly an unjustified, heinous, indescribable act that has taken place, and I know that our Government will act very aggressively to protect and provide aid to those who are injured and work with the families who are certainly going through a period of grieving now. It will also try to identify exactly who did this, who gave the order, and be prepared to take swift and very strong action against those who did it.

I have no doubt that our Government will work in unity to accomplish that.

In addition to that, I have a list before me which is not yet ready for release, and I would not want to do it before it has been properly released. But there are at least 7 identified as dead now and another 10, at least, missing potentially, and likely now 17 sailors on that ship who lost their lives.

One of those was Ens. Andrew Triplett of Macon, MS. I have before me his record of service, and I take note that this is a young man who was very forward leaning and had advanced very quickly through the ranks to reach the position of ensign.

To his entire family, and particularly his mother, Savanna Triplett of Shuqualak, MS, I extend my sympathy and prayers and also the grateful appreciation of our Nation.

I know that Americans all over the world will be touched by what we have seen happen and will be thinking of the family and praying for them in this difficult time.

RECESS UNTIL 9:30 A.M. TUESDAY,
OCTOBER 17, 2000

Mr. LOTT. Mr. President, if there is no further business to come before the Senate, I ask unanimous consent that the Senate stand in recess under the previous order.

There being no objection, the Senate, at 12:07 p.m., recessed until Tuesday, October 17, 2000, at 9:30 a.m.

EXTENSIONS OF REMARKS

HONORING THERESA MCCAIN

HON. SCOTT MCINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. MCINNIS. Mr. Speaker, it gives me great pleasure to congratulate Theresa McCain of Gardner, Colorado on her recent award. Theresa has earned the coveted National Educator Award from the Milken Family Foundation. She is one of only four Colorado teachers to receive this high honor. Winners of the Milken Award are nominated by fellow teachers and winners are selected by a panel. They not only receive a cash prize but also a trip to Los Angeles where they participate in the Milken Foundation National Educational Conference.

Theresa began her career in education after earning a psychology degree from the University of Wyoming and then a teaching certificate from Adams State College in Alamosa, Colorado. Shortly thereafter, Theresa began her distinguished career at Gardner. The Gardner school has 89 students, ranging from preschool through eighth grade, and teachers are often required to use many different teaching methods to manage students with wide ranging differences in age. It is educators like Theresa that have helped this school become the wonderful learning institution that it is today.

Throughout her time in Gardner, Theresa has always considered the school to be a group of teachers working together and she had this to say about her individual award in a recent article by Margie Wood, in *The Pueblo Chieftain*: "I feel honored to be here in this school. There are such wonderful teachers that I've learned from. I go to all these other teachers for help, so it's not my award—it's their award."

Theresa has served her community, State, and Nation proudly. During her tenure in Gardner she has helped ensure that hundreds of Colorado's youth are receiving the best education possible.

Mr. Speaker, on behalf of the State of Colorado and the U.S. Congress I congratulate Theresa on this distinguished and well deserved award.

Congratulations!

CONGRATULATIONS ST. BRUNO CHURCH

HON. WILLIAM O. LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LIPINSKI. Mr. Speaker, today I offer my congratulations to St. Bruno Church located at 4751 South Harding in Chicago, Illinois. This past September, St. Bruno's Church celebrated their 75th Anniversary serving the Catholic community on the south side of Chicago.

In September 1925, Father Alexis Gorski was appointed as the founding Pastor of St. Bruno Church. This place of worship has been the center for its Catholic patron's hopes and direction through many years of economic disparities and wealth throughout the 20th century. A young church helped bring support to the community during times of depression, war, peace, and advancement.

As time progressed there was a need for structural improvements with the church, too, as its congregation was increasing in size. In August 1955, under the direction of Father Francis Modzenski, St. Bruno dedicated a new church and four years later added a rectory.

As the need for improvements in the school arose, Father Szlanga proudly inaugurated the School Hall and gym expansion in 1978. To further improve the quality of education for its students, the current Pastor Father Joseph Grembala oversaw a multi-million dollar noise-abatement project for the school in 1995. And the church was once again renovated in 1998.

I wish to extend my heartiest wishes to the pastor, personnel, and patrons of St. Bruno Church as they continue to celebrate the past, present and future of their church community. My best wishes to St. Bruno Church on this wonderful milestone.

IN RECOGNITION OF GERALD YOUNG

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. HALL of Texas. Mr. Speaker, Iwo Jima brings to mind for most Americans the famous picture of the flag raising on Mount Suribachi and the impressive bronze statue that memorializes this historic event. The Marines fought one of the most brutal battles of American history on that porkchop-shaped eight-square-mile island—and brought honor to themselves and victory for our country.

One of the heroes of that conflict was a young, skinny, red-headed teenager from Texas—Gerald Edwin Young, otherwise known as "Red" to his Marine buddies. He served with the 5th Marine Division, 5th Engineer Battalion, "A" Company, 1st platoon. Gerald landed on Iwo Jima on February 19, 1945, day one of the battle. He had just turned 19 a few days before. Gerald had several duties—one of which was being a runner. Under constant fire, he would bring replacements to the battle front as needed, carrying out his mission time and again. He considers himself very fortunate to have survived the full 36 days of the battle—and did sustain a temporary loss of hearing after a grenade exploded near him. However, he refused the opportunity to be shipped off the island.

At the time of the historic flag raising, he tells the story that the first flag flown was too small and could not be seen so well from a

distance. As a part of the Company "A" team of runners, Gerald participated in relaying that message and the need for the larger flag, which is the flag we see in the photographs of that historic day.

Today, Gerald loves to talk and tell stories, but he has little to say about his war experiences, which are still painful to talk about. He does make it clear, however, that he is proud to have served his country as an enlisted Marine—and even at 75 years of age says he would do it again if needed. His grandson, David Riddle, is a Congressional Intern in my office and a student at Texas A&M University. He shares this story about his grandfather with much pride and admiration, and it is a privilege for me to have the opportunity to share this with my colleagues. So as we adjourn today, let us do so by paying tribute to this outstanding American and World War II Veteran—Gerald Edwin Young.

TRIBUTE TO ROBERT J. STANZE

HON. RICHARD A. GEPHARDT

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. GEPHARDT. Mr. Speaker, August 8, 2000 was a sad day for the City of St. Louis and our community. On that day, St. Louis Police Officer Robert J. Stanze was killed in the performance of his duty to protect and serve the citizens of St. Louis.

Officer Stanze was tragically shot and killed by a suspect in police custody. Bob Stanze was 29 years old, and leaves behind a young son and a wife, who is expecting twins. He was the 151st St. Louis Police Officer killed in the line of duty in the history of the Department.

No one becomes a police officer to make money, or to work easy hours. We all know that our officers work long hours, in dangerous situations, for a very modest salary. Nor is it fame that drives citizens to join the force. Rather, they join out of a sense of duty to their community and their unending belief that they can make a difference. Bob Stanze was one who was making a difference. His belief in duty and honor and justice formed his life, and was reflected in the way he conducted himself on and off the job.

Mr. Speaker, the loss of this fine young man is a great tragedy. His wife has lost his companionship—his son and unborn children have lost the love, guidance and example of a very special man. The entire St. Louis Community grieves with his family for their loss. Police Officer Robert J. Stanze has left a legacy of decency and bravery that won't be soon forgotten, and we are grateful to have had him among us.

HONORING BILL O'DWYER

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, it is with great sadness that I take this moment to recognize the extraordinary, Bill O'Dwyer of Grand Junction, Colorado. Bill recently passed away at the age of 74. While family, friends, and neighbors mourn this immense loss, I would like to pay tribute to a wonderful human being.

Bill was a valued member of the Grand Junction community and he will be greatly missed. Bill served his country admirably during World War II, fighting with distinction in the Battle of Iwo Jima. After returning a proud veteran he began O'Dwyer Electric in Grand Junction. While building a successful business, Bill began to realize the importance of civic duty and he turned to local government. For a number of years Bill served in the Grand Junction City Council where his accomplishments were great in number. On the top of the list was his work to build the current terminal at Walker Field Airport.

Bill's leadership abilities brought a number of wonderful things to the community of Grand Junction. When not serving the community in City Council, Bill could be found serving in a religious capacity, where he was Bishop for the Church of Jesus Christ and Latter-day Saints. Whether in church or in a council meeting, Bill always exemplified the qualities of a great leader and caring and generous human being.

Bill served his community, State, and Nation proudly. Though he is gone his memory will live on within all that knew him. Mr. Speaker, on behalf of the State of Colorado and the U.S. Congress, I would like to pay tribute to this great Coloradan.

TRIBUTE TO LIEUTENANT GENERAL RANDOLPH W. HOUSE, USA

HON. IKE SKELTON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. SKELTON. Mr. Speaker, let me take this means to pay tribute to Lieutenant General Randolph W. House upon his retirement from the United States Army.

General House has served our nation with honor and distinction for over 32 years, and his performance throughout his career has been characterized by the highest standards of professional ethics and commitment to soldiers. General House was commissioned a second lieutenant in 1968 upon completion of the Reserve Officers' Training Corps and graduation from Texas A&M University. During his military career, he completed the Infantry Officer Basic and Advanced Courses, the United States Army Command and General Staff College, and the National War College.

General House's record of service is outstanding. Throughout his long and distinguished career, he has held numerous key command and staff positions, including the following: Helicopter Platoon Leader and Infantry Company Commander in South Vietnam; Armor Brigade Commander during Operation

DESERT SHIELD/DESERT STORM; Division Commander of 1st Infantry Division; Senior Military Assistant to Secretary of Defense, Dr. William Perry; Commanding General, Eighth U.S. Army and Chief of Staff, United Nations Command/Combined Forces Command/U.S. Forces, South Korea; and Deputy Commander in Chief and Chief of Staff, U.S. Pacific Command.

His assignments include Deputy Chief of Staff, 5th Infantry Division (Mechanized), Fort Polk, Louisiana; Commander, 1st Battalion, 61st Infantry, 5th Infantry Division (Mechanized), Fort Polk, Louisiana; Chief, Force Planning Integration Team, War Plans Division, Office of the Deputy Chief of Staff for Operations and Plans, United States Army, Washington, DC. He has also held a variety of important command and staff positions to include Executive Assistant to the Vice Director and Director of the Joint Staff, The Joint Staff, Washington, DC; Commander, 2d Brigade, 1st Cavalry Division, Fort Hood, Texas and Saudi Arabia; Assistant Division Commander, 4th Infantry Division (Mechanized), Fort Carson, Colorado; Deputy Commandant, United States Army Command and General Staff College, Fort Leavenworth, Kansas; Commanding General, 1st Infantry Division (Mechanized), Fort Riley, Kansas; Senior Military Assistant to the Secretary of Defense, Office of the Secretary of Staff for Installation Management, United States Army, Washington, DC; Commanding General, Eighth United States Army/Chief of Staff, United Nations Command/Combined Forces Command/United States Forces Korea. He culminated his career with his most recent duty as Deputy Commander in Chief/Chief of Staff, United States Pacific Command, Camp H.M. Smith, Hawaii.

General House was awarded the Silver Star during actions by his brigade of the 1st Cavalry against elements of the Iraqi Republican Guards during DESERT STORM and received twenty-two Air Medals as a young helicopter pilot in the Republic of Vietnam. His other military awards and decorations include the Defense Distinguished Service Medal (with 2 Oak Leaf Clusters), Distinguished Service Medal, the Defense Superior Service Medal, the Legion of Merit (with 2 Oak Leaf Clusters), the Distinguished Flying Cross (with 3 Oak Leaf Clusters), the Soldier's Medal, the Bronze Star Medal (with Oak Leaf Cluster), the Army Commendation Medal (with Oak Leaf Cluster), the Combat Infantryman Badge, and the Ranger Tab.

General House has positively impacted our Army and our Nation. His leadership, innovative ideas and operational knowledge left an indelible mark on soldiers, family members, the units he commanded, the Department of the Army, the Department of Defense, and the American people. Through superb leadership and the care and concern he demonstrated to soldiers and their families, he developed warfighters that accomplished every mission. During war, he led from the front, always by example, earning the respect and admiration of every soldier. During peacetime, he promoted sound political and military relationships among unified and combined forces and enhanced the quality of life of United States personnel and their families. General House also worked to produce improved relations with a large number of countries within the Asia-Pacific region and to improve crisis and contingency planning.

I would ask my colleagues to join me in wishing General House and his wife, Jeanie, all the best. We thank them for over 32 years of dedicated and unselfish service to the United States of America.

HONORING CHAIRMAN TOM BLILEY

HON. JIM DeMINT

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. DeMINT. Mr. Speaker, I would like to take this opportunity to honor my colleague, Chairman BLILEY, for his faithful service in the U.S. House of Representatives. As his many years as a dedicated public servant in the House come to a close, I am sure he is looking back at the many accomplishments of his time here. I would like to highlight his activity in one specific area—adoption.

Chairman BLILEY, as the adoptive father of two and co-chairman of the Congressional Coalition on Adoption, has championed adoption issues in Congress. Most recently he has worked to make sure pregnancy counselors are trained to provide complete and accurate information on adoption to women with unplanned pregnancies. He has also worked to increase the adoption tax credit to \$10,000 in relief for families dealing with the high cost of adopting children.

Adoption is a wonderful thing because it brings a positive, life-giving end to what could be difficult circumstances. The mother can place her child in a loving family, the child receives a warm and welcoming home, and an adoptive couple gets to wear one of the greatest titles in America—parent.

I applaud the chairman for his tireless efforts to help the birthparents, adopted children, and adoptive parents around this country. There are many children who have been blessed with parents and a loving home because of the work of Chairman BLILEY. I thank and salute him for all of his work and wish him well in retirement.

CONGRATULATIONS MAYOR EUGENE SIEGEL, VILLAGE OF CHICAGO RIDGE, 25 YEARS OF PUBLIC SERVICE

HON. WILLIAM O. LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LIPINSKI. Mr. Speaker, today I offer my congratulations to Mr. Eugene L. Siegel, a friend and colleague from the Third Congressional District of Illinois, whom recently celebrated 25 years in public service as the Mayor of Chicago Ridge, Illinois.

Mayor Siegel is a hardworking, devoted man. He is a long-time resident of Chicago. Gene and his late wife, Virginia, have four children, Gary, Janet, Andrew and Matthew, and four grandchildren, Steven, Bradley, Victoria and Alexandria. Gene became involved in politics in 1963, and since then, has been involved in public service on both the local and state levels.

Mayor Siegel has always maintained an open door for all of his family, friends, constituents, and employees. He began working

in public service as the Deputy Coroner for Cook County Coroner's Office; a post he held for eight years. Throughout the 70's and 80's he served as the mayor of the Village of Chicago Ridge on a part-time basis. Then, in 1993, Gene was elected as the full-time mayor and has served in this capacity for the last seven years.

Mayor Siegel is a man for the people. As mayor, he has been actively involved with people of all ages throughout the community that he serves. For example, he was instrumental in the development of a Senior Citizen Center and the establishment of the Youth Service Bureau with a Youth Director to counsel families and their children.

As mayor, Gene has made remarkable economic, environmental and infrastructure improvements to the Village of Chicago Ridge. For example, he created a solvent tax base by implementing the development of both the Chicago Ridge Mall and the Commons of Chicago Ridge. He also was involved with the improvement of Ridgeland Avenue to establish commercial land use, the installation of an adequate water system with a two million gallon reservoir, and a plumbing station.

Mayor Siegel has been instrumental in bringing economic prosperity to the community. He has proven to be a true asset to his family, friends and community. I am proud to have Mayor Siegel as a colleague of mine in the district.

I wish to extend my heartiest congratulations to Mayor Siegel and his family as he celebrates 25 years in public service. This is a remarkable accomplishment and Mayor Siegel deserves great credit for the vast improvements and economic development that he has brought to the Village of Chicago Ridge. My best wishes to the Mayor and his family on this wonderful milestone.

IN MEMORY OF JUDGE BILL
COATS

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. HALL of Texas. Mr. Speaker, it is an honor to pay tribute today to the late District Court Judge, W. E. "Bill" Coats, of Tyler, TX, who died in April of this year at the age of 76. Judge Coats served Smith County for 30 years as judge and district attorney. He had practiced law in Smith County since 1954.

He was elected the first Republican district attorney in Texas, serving from 1963 until 1967. He also served as judge of County Court at Law No. 2, from 1975-79, and served as 7th District Court Judge to complete his 30 years of service in Smith County. He also was appointed by the Tyler City Commission in 1968 to serve as Municipal Court Judge. Judge Coats was a Mason and Shriner and served in the Army Air Corps during World War II.

Survivors include a son, William Fred Coats of Tyler; daughters, Fonda Reeves of Tyler, Ardis Maxwell of Luling, and LeAnn Craven of Wills Point; a brother, James Coats of Whitehouse; 10 grandchildren and two great-grandchildren.

Judge Coats brought dignity and honor to the courtroom—and in all that he accomplished. His distinguished career and contributions to the practice of law and the judiciary in Smith County will be long remembered, and I would like to take this opportunity to join his family, his friends, and his peers in paying our last respects to this respected District Court Judge, Bill Coats. As we adjourn today let us do so in his memory.

HONORING TILLIE BURGIN, EXECUTIVE DIRECTOR OF MISSION ARLINGTON/MISSION METROPLEX

HON. MARTIN FROST

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. FROST. Mr. Speaker, today I wish to honor Tillie Burgin, executive director of Mission Arlington/Mission Metroplex. Mrs. Burgin was recently inducted into the Texas Women's Hall of Fame. Called the Mother Teresa of Arlington, Tillie Burgin works through Mission Arlington to provide the community's poor and underprivileged families food, clothing, shelter, counseling, childcare, healthcare, and a myriad of additional services.

Tillie Burgin originally founded Mission Arlington in August 1986 to fulfill her vision of "taking church to the community." Mrs. Burgin began with just two Bible study meetings in an apartment community. As Mission Arlington grew, however, so did Tillie's vision. The importance of meeting people's physical and emotional, as well as spiritual needs, became immediately apparent. The organization has since expanded to provide a number of social services to Arlington, bringing hope and opportunity to every person in the community.

I am proud of the work that Tillie Burgin and Mission Arlington do to strengthen the city of Arlington and its families. She has changed innumerable lives with her great energy and dedication. Texas is honored to be home to Tillie and her Mission. I cannot think of a more passionate, humble, or deserving woman to receive this honor. I salute her today.

TRIBUTE TO ST. CLEMENT
CATHOLIC CHURCH

HON. SANDER M. LEVIN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LEVIN. Mr. Speaker, I rise today to honor St. Clement Catholic Church in Center Line, Michigan as they celebrate 150 years of service to the Warren and Center Line communities with an anniversary mass on October 15, 2000.

Generation after generation has been blessed and served by St. Clement Catholic Church which has held a prominent place in their lives. Beginning in 1857, the Church has engaged in a series of reconstruction and expansion programs in order to accommodate the growing number of students.

Today, their present church is an outstanding edifice—adorned with stained glass

panes, a marble altar, and has a seating capacity, of 1600 parishioners.

St. Clement Catholic Church has benefitted from outstanding leadership, and the communities are most grateful to the service and dedication of members of the clergy, past and present. Education has been a priority and though there were periods of financial hardship, the students were always a priority.

Today, Father Ron Victor continues the tradition of caring and devotion to the communities of Center Line and Warren. I have thoroughly enjoyed attending many events at St. Clement including its traditional festivals and fish-fries. Over the years, it always has been a pleasure to meet and spend time with many parishioners of the church.

Mr. Speaker, I ask my colleagues to join me in congratulating St. Clement Catholic Church as they continue their mission of faith and service to the parish and broader community, and wish them continued success.

HONORING SHERI ROCHFORD

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, I would like to take this moment to commend Sheri Rochford on her outstanding commitment to education at Fort Lewis College in Durango, Colorado. Sheri's contributions as Dean of Development have helped to foster the educational environment that Fort Lewis takes such great pride in. Her efforts deserve the praise of this body.

Sheri was born in Denver, Colorado, but her family soon made Durango her home. She attended school in Southern Colorado, graduating from Durango High School and then moving on to Fort Lewis College where she graduated in 1977 with a degree in business and history. Her graduate work was done at Lesley College in Cambridge, Massachusetts. After completing a master's degree in counseling, Sheri went on to do her doctorate with Harvard by attending classes on weekends and during summers in Farmington, New Mexico.

For the past five years, Sheri has been the Dean of Development at Fort Lewis College. After receiving her education, she joined the Fort Lewis College staff as a secretary for the sciences faculty. Her natural ability to lead and desire to succeed soon moved her up the ladder of advancement. Before becoming Dean, she served Fort Lewis College in the capacity of Director of Admissions.

Along with her duties at Fort Lewis, Sheri is also quite active in the community of Durango. She has served as president of the Durango Foundation for Educational Excellence and has been a long time supporter and member of the La Plata County Historical Society and the Animas Museum. Sheri has worked diligently for the community of Durango and Fort Lewis College. Her contributions have been great in number. As she continues to serve as Dean of Development, I wish her the very best. Sheri is one of our own in western Colorado and she has made us all very proud.

TRIBUTE TO FIREFIGHTER,
ROBERT C. BRANNON, JR.

HON. ROBERT E. WISE, JR.

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. WISE. Mr. Speaker, I rise today to honor the life of Robert C. Brannon, Jr., a fallen firefighter from Bluefield, West Virginia, who passed away at the age of 43 after suffering a heart attack while battling a house fire.

Robert C. Brannon, Jr. lived his life with integrity, dignity and honor. He was a man known for his service to his family, his church, and his community. As an alumnus of West Virginia University and Bluefield State University, he was well-educated and well-rounded and used his education in business and engineering to help people in need. Mr. Brannon served as lieutenant and fire inspector for the Bluefield Fire Department.

Although Mr. Brannon's life was cut short, he lived it to the fullest. Before serving over 20 years with the Bluefield Fire Department he enjoyed growing up in Bluefield, West Virginia. As a boy, he played little league, wrote for his high school newspaper and was on his high school basketball team. As an adult, Robert C. Brannon, Jr. not only gained the technical knowledge to create and design web pages but also was skilled as an electrician, carpenter, stoneworker and painter.

Known by his friends and family as Bob, he was a loyal friend, husband and father. Bob, along with his wife Cindy, showed love and guidance to their two sons Jonathan and Jeffrey. He and his family were also active in Christ Episcopal Church in Bluefield.

Mr. Speaker, I ask that this House please join me in recognizing and honoring the life of service and dedication of Robert C. Brannon, Jr., and commemorate his sacrifice of service as a Bluefield firefighter.

EIGHTIETH BIRTHDAY OF MARY
LOUISE QUIGG CALDWELL
PLUMER

HON. ILEANA ROS-LEHTINEN

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. ROS-LEHTINEN. Mr. Speaker, I am proud to recognize one of my constituents and very dear friends, Mary Louise Quigg Caldwell Plumer, of Miami, Florida, who will be celebrating her 80th birthday on October 21, 2000.

Mary was born October 21, 1920 in Live Oak, Florida. Her parents moved to Miami when she was 6 years of age, where she was educated and graduated from Ponce de Leon High School in 1938. She served as editor of the school newspaper and was awarded the Woman's Club Cup as the "Most Outstanding Girl." Mary continued her education at the Florida State College for Women (FSCW), becoming a member of the Sophomore Council, the Cotillion Club and the Pi Beta Phi Sorority. She graduated from FSCW in 1940 and transferred to the University of North Carolina in Chapel Hill, where she was awarded the Valkyrie Cup as the Most Outstanding Coed of the University, graduating in 1942.

Moving to Atlanta, Georgia in 1942, she worked as the publicity director for radio station WSB. She returned to Miami and contributed to the War effort by working for the Red Cross as staff assistant to the Army Air Corps Redistribution Unit in Miami Beach, where she met her husband to be, Naval Lt. Commander Richard B. Plumer. He was graduated from Miami High School, Phillips Exeter Academy and Princeton University (summa cum laude).

Mary raised four children (Richard, Penny, Christopher and Patience) and became actively involved in many worthwhile community projects. Among her accomplishments, she brilliantly led a committee to build the All Faith Chapel at Jackson Memorial Hospital in 1973, five years after her daughter, Penny, died there. She has had articles published in The Miami Herald and Reader's Digest. She was awarded the M.O.M. Cup in 2000 as the Most Outstanding Mother. She also earned a prestigious reference in Who's Who of American Women.

Mary's gracious manner and warm spirit has won the hearts of the people of Miami. She is admired and respected for her compassion and generosity to anyone who is fortunate to meet her. It is my sincere pleasure and great honor to join Mary's family and friends in wishing her a wonderful celebration and many more happy and healthy birthdays.

IN TRIBUTE TO THE HONORABLE
WILLIAM H. AVERY

HON. FRANK R. WOLF

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. WOLF. Mr. Speaker, I want to add my congratulations to the many tributes recently given to the Honorable William H. Avery, a former member of this House and a former governor of the state of Kansas.

On September 29, the post office in Wakefield, Kansas, the hometown of Bill Avery, was renamed in his honor, and the town honored their native son by proclaiming the event the "William H. Avery Day."

I had the pleasure of working with Bill Avery at the Department of the Interior in the early 1970's after his distinguished 10-year career in Congress and as the 37th governor of Kansas. After receiving a degree from the University of Kansas in 1934, he went back to his hometown to work the family farm. He started his public service career on the local school board in his hometown, and from there was elected to the Kansas State House of Representatives before moving on to Congress and the Kansas statehouse.

Bill Avery is a man of honor and integrity who has devoted his life to serving the public. He continues to reside in Wakefield today, and it's a fitting tribute to this fine gentleman that the people of his hometown have recognized his service to their community by renaming their post office in his honor. I join in saluting The Honorable William H. Avery.

HONORING MILES KARA

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, it is with immense sadness that I take this moment to celebrate the life of Miles Kara of Grand Junction, Colorado. Miles recently passed away in his home at the age of 84. Miles lived a life full of love and happiness and his legacy will long endure. As family, friends, and colleagues mourn this immense loss, I would like to take this time to pay tribute to a truly compassionate and wonderful human being.

Miles was born and raised on the western slope of Colorado, and would eventually raise his children there as well. Graduating from Fruitvale High School and Grand Junction Junior College, he went on to earn a Bachelor's Degree from the University of Colorado in 1937. Upon graduation, he taught at Appleton High School for a few years and then met his patriotic duty by serving his country in the United States Air Force during WWII. After returning a proud veteran, he enrolled in Westminster Law School, graduating with a law degree in 1948.

His educational background easily prepared Miles for the many career choices he would make during his service to the people of the Grand Valley. After moving back to his childhood home, Miles practiced law for a number of years before working with a number of different organizations, all serving the Grand Junction community admirably. He began his service to his community as Mesa County Judge and moved on to work for US Bank as Senior Vice President and a Trust Officer. But Miles is best known for his work in education, where he served as President of the District 51 Board of Education and as Executive Director the Mesa State College Foundation.

Miles worked hard to ensure that Grand Valley's youth were receiving the best education possible. His devotion to his community was not only demonstrated by his work in education but also as a dedicated 33rd Degree Scottish Rite Mason. For Miles helping others was second nature. In a recent article in The Grand Junction Daily Sentinel by Rachel Sauer, his daughter Nancy best summed up her father in her own words: "you always love your family and take care of them first thing. And that people in trouble who need a hand should have one. If you could help someone you should help them. It's your responsibility as a human being."

Miles lived his entire life devoted to his family but always made time for others. It didn't matter the time of day; he was always there to lend a helping hand. Miles showed his love for his family and his fellow humans in his every action. His commitment to public service has changed the lives of many. Miles was a loving and cherished member of our community and he will be greatly missed.

Although he may be gone his memory will live on within the hearts of all that knew him. Clearly, America is better off for having known Miles Kara.

HONORING THE NASHVILLE SYMPHONY ORCHESTRA ON THE OCCASION OF ITS HISTORIC PERFORMANCE AT CARNEGIE HALL IN NEW YORK CITY

HON. BOB CLEMENT

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. CLEMENT. Mr. Speaker, I rise today to honor the Nashville Symphony on the occasion of its historic first performance at Carnegie Hall in New York City. In particular, I would like to recognize the outstanding efforts of Executive Director Alan D. Valentine and his staff, conductor Kenneth Schermerhorn, Associate Conductor Karen Lynne Deal, and the Board of Directors including Symphony Campaign 2000 Chairman Martha Ingram. Although every person involved played a role in this effort, these individuals in particular gave of their time and energy to ensure the symphony would have the opportunity to shine in the national spotlight.

On September 25th the Nashville Symphony culminated an East Coast tour by performing for the first time at Carnegie Hall in New York City. Well over a thousand Middle Tennesseans attended the sold-out show including Mayor Bill Purcell, my wife Mary, and me. The stunning performance garnered rave reviews from the New York Times and the Tennessean proving to the nation what Nashville has known for years about the symphony's excellence in artistry and skill.

Now in its 55th season, the Nashville Symphony has entertained and educated thousands of individuals at performances across the nation. At home, the symphony has earned the respect of our community through years of perseverance through its varied history. With the assistance and commitment of individuals like Martha Ingram, the Nashville Symphony has graciously survived, and today boasts a roster of eighty-seven contracted musicians. In fact the group just released the new compact discs, "Howard Hanson: Orchestral Works Volume I," and "Charles Ives: Symphony No. 2," on the Naxos label to coincide with their Carnegie Hall debut.

The symphony is the largest performing arts organization in Tennessee, and regularly partners with the community and area schools to educate the public about symphonic music and classical music. Studies have shown that exposing children to music at a young age increases their ability to learn and retain information. In fact, my two daughters, Elizabeth and Rachel began playing the violin at the age of five. Both have benefited tremendously from their exposure to symphonic and classical music.

In the same way, each young person should have the opportunity to enjoy and participate in the arts. The symphony plays a vital role in educating young people in our area by offering a number of educational opportunities such as Ensembles in the Schools; Martin Luther King Jr. Essay Contest; String and Band Bash; AmSouth Classroom Classics; and Young People's Concerts at War Memorial Auditorium. The symphony reaches 80,000 children in Middle Tennessee each year. This commitment to exposing future generations to the arts is to be commended.

The history of the symphony dates back to 1920 when a group of Nashville musicians

formed the "Symphony Society" with its own orchestra and roster. Unfortunately that group fell to the wayside during the Great Depression. However, the cause was taken up again after World War II, when Nashville native and war veteran Walter Sharp returned home from the war on a mission to form a symphony orchestra in his hometown. Sharp succeeded and gained the support of the community when he founded the Nashville Symphony Orchestra.

Today the Nashville Symphony performs more than 200 shows per year. Many of these performances are in conjunction with other area arts organizations such as Nashville Ballet, Nashville Opera, Nashville Institute for the Arts, and Tennessee Performing Arts Center. In addition the symphony has performed with Luciano Pavarotti, Charlotte Church, Amy Grant, Vince Gill, and many other internationally renowned artists.

With an exceptional donor base and strong community support, the Nashville Symphony stands on a strong foundation to entertain and enlighten new generations in the 21st Century and beyond.

"A TRIBUTE TO ERNIE ARMSTEAD, TOP SENIOR VOLUNTEER"

HON. JERRY LEWIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LEWIS of California. Mr. Speaker, senior citizens across the country are setting an example for all of us of the value and virtue of volunteerism, but Ernie Armstead of San Bernardino is a standout even among these hard-working civic champions. The senior volunteers and those who work with them in San Bernardino County, who know the hard work of Ernie Armstead, were delighted this year when he was one of five recipients of the prestigious National Community Spirit Award from the American Association of Retired Persons.

Mr. Armstead, who is retired from the Air Force and the U.S. Postal Service, has for the past six years been organizing programs to educate the senior population about everything from Medicare to legislative issues to how to get help with tax preparation. He now serves as community relations coordinator for 36 area AARP chapters, and has been a member of the County Senior Citizens Affairs Commission since 1995. He is chairman of the commission's Senior Housing Subcommittee, and as liaison between the commission and AARP.

Among his accomplishments, Mr. Armstead created an innovative program in my hometown of Redlands known as Dinner and Dialogue, which brings together people in their 50s and 60s for a meal and discussion of issues that concern them. The popular dinners have brought in speakers from around the county to discuss senior programs and answer questions. It is one of many examples of opportunities Mr. Armstead seeks for seniors to create and expand networks across political, ethnic and age groups.

Mr. Speaker, all of the people of San Bernardino County benefit from the hard work by exemplary senior volunteers like Ernie Annstead. I ask you and my colleagues to join

me in congratulating him on being honored with the National Community Spirit Award, and wish him well in his continuing volunteer work in our county.

A TRIBUTE TO SAINT JOSEPH PARISH ON THEIR 150TH ANNIVERSARY

HON. JAMES A. BARCIA

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. BARCIA. Mr. Speaker, I rise today to sing praise for Saint Joseph's Parish in my hometown of Bay City, Michigan as they celebrate their 150th anniversary. The church has been the spiritual beacon of a fine neighborhood and, indeed, of the entire community.

Since the middle of the 19th Century, the church has stood as the centerpiece of the city's Northeast Side, drawing family and friends into the light of Christian love and charity.

The congregation's commitment to the community remains as strong today as it was when Father Kindekens first suggested in the late 1840s that Catholic settlers build a church in which he and visiting priests could minister to the needs of parishioners. By 1850, work began on the first Catholic church in the Saginaw Valley—Saint Joseph's.

In the beginning, just 20 families formed the foundation of the church. Six years later, the burgeoning parish counted about 2,000 members on its rolls and by 1868 that number had more than tripled. As the years went by, the church expanded to include additional buildings and educational facilities.

The church's mission remains unchanged today as leaders continue to offer strong spiritual and academic training to the neighborhood's families and many beyond its environs. In fact, the church holds a special place in my heart because it is the home parish of my wife, Vicki, who received her religious and early educational guidance under the tutelage of St. Joseph's clergy, nuns, teachers and parishioners.

Those who live in the shadow of St. Joseph's and those who have been touched by its influence cannot help but smell the sweetness of an angel's breath at their side and feel the hand of God on their shoulder.

HONORING RUTH BEASLEY

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, it is with great sadness that I take this moment to celebrate the life of Ruth Beasley of Gypsum, Colorado. Ruth spent nearly a third of her life giving back to the community in which she was raised and her contributions are immeasurable. As family and friends mourn her passing, I would like to pay tribute to this fine woman.

Ruth was born and raised in Gypsum and spent her entire life in the Eagle Valley. Her fondest memories of her younger years include her first trip to Denver to compete in a

spelling contest as well as competing on her high school debate team. Her studies were always very important to her and this earned her the honor of valedictorian at her high school graduation.

It was not her achievements in her younger years that Ruth will be remembered for, rather it was her work for the communities of Gypsum and Eagle that will forever keep her name alive. For over three decades Ruth worked with the Eagle County Social Services helping citizens of her community overcome great challenges in their lives. She is also known for her dedication to the American Legion Auxiliary and her work with the Eagle County Historical Society Museum.

Ruth Beasley was very committed to her community. Her dedication and compassion for her fellow human beings will not soon be forgotten and will live on in the hearts of all that knew her. She was a loving person and she touched the hearts of all that she came in contact with. She will be greatly missed.

IN HONOR OF PEACE WEEK IN
SANTA MARIA, CALIFORNIA

HON. LOIS CAPPS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES
Thursday, October 12, 2000

Mrs. CAPPS. Mr. Speaker, as this session of Congress races to a close, we often lose sight of some of the wonderful things happening at home in our communities, and this is especially true when Washington, D.C. is consumed by political battles. That is why I rise today to commend the remarkable city of Santa Maria, California, which I am very proud to represent, for its fourth annual Peace Week.

Mr. Speaker, two years ago, I stood on the House floor to congratulate Santa Maria on being named one of 10 All-America Cities. This high honor was justly granted to a city that has distinguished itself by its diversity and the fact that all the residents of Santa Maria work together to find innovative ways to solve their problems.

One glowing example of this community cohesiveness is Peace Week, which will begin tomorrow, October 13. The goal of Peace Week is to stress nonviolence and conflict mediation. Each day brings a focus on a new topic and allows community members of all ages and cultures to discover ways they can make a difference in their own lives and in the lives of their neighbors.

Examples of daily Peace Week activities include a candlelight march, nonviolence education, and children's friendship games. Participants will enjoy a free community breakfast on "Community Peacemaker Day" and a keynote address given by Clayton Barbeau. There will also be stress relief through massage and Reiki therapists, a workshop on healing racism, and an Ecumenical Musical Reflective Peace Service.

Mr. Speaker, Peace Week is the product of an entire city and its enlightened leadership. I want to pay special tribute to my friend, Sister Janet Corcoran of Marian Medical Center Mission Services, for her remarkable dedication and tireless work on behalf of her community and the precious cause of peace. She is a role model for me and a role model for us all.

THE ANNIVERSARY OF THE EN-
ACTMENT OF THE STAGGERS
ACT

HON. BUD SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES
Thursday, October 12, 2000

Mr. SHUSTER. Mr. Speaker, twenty years ago, on October 14, 1980, President Jimmy Carter signed the Staggers Rail Act of 1980 into law. This landmark legislation transformed the nation's freight railroad industry from a state of physical deterioration and widespread bankruptcy to the modern system we have today that is the envy of the world.

In the 1970s, after years of federal regulation that did not allow the railroad industry to compete effectively with other modes of transportation, the railroads were in severe decline. Twenty percent of railroad mileage was being operated in bankruptcy. Capital investment was not being made. Infrastructure suffered from deferred maintenance, and accidents were on the rise.

The Staggers Act partially deregulated the railroads and freed them to operate in the free market system like other industries. It allowed the railroads to make their own business decisions, to establish their own routes, to set rates based on market demand and to invest in new technologies and infrastructure.

Our nation's economy has benefited enormously from the Staggers Act. Lower railroad rates mean consumers pay less for the goods they buy. Railroad customers have more money to invest in their own businesses. Fewer accidents mean a safer working environment for railroad employees.

Mr. Speaker, twenty years ago the enactment of the Staggers Act set the stage for the renewal of the railroad industry and today our nation's economy continues to benefit from this important law.

IN RECOGNITION OF FRANK
DAVIS' PARTICIPATION TO THE
ESTABLISHMENT OF THE OVER
60 HEALTH CENTER, BERKELEY,
CALIFORNIA

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES
Thursday, October 12, 2000

Mrs. LEE. Mr. Speaker, I recognize the participation of Berkeley activist and realtor Frank Davis in the establishment of the Over 60 Health Center in Berkeley, California.

Mr. Davis has been a resident of Berkeley for over 50 years and owned the property where the Over 60 Clinic now calls home. While Mr. Davis had many offers to sell his property at a larger profit, he rejected those offers to sell until he was moved by the idea and challenge of a combination senior housing and health care project. Mr. Davis sold his property to the Over 60 Building Project, which ultimately helped create this unique facility that combines a health clinic downstairs with affordable housing for seniors upstairs.

The Over 60 Building is a unique collaboration of three local non-profit organizations. Over 60, a division of LifeLong Medical Care, is the oldest community health center serving

seniors in the United States; the Center for Elders Independence is one of 13 nationally-acclaimed "Programs of All-Inclusive Care for the Elderly" (PACE); and Resources for Community Development is a developer of low-income housing in Alameda County. This partnership offers medical and community-based long term care services for low-income elders while allowing them to remain independent, socially active and live in the same community throughout their life span.

Mr. Davis is a native of Mississippi who came to California to "seek a better quality of life and to get away from discrimination." He is the current Chair of the Black Property Owners Association, President of the Tyler King Neighborhood Association, and remains active in helping to improve the quality of life for South Berkeley.

The Over 60 Building is truly an innovative model of care for seniors, quickly becoming a source of civic pride and a valuable resource for the citizens of Berkeley. I applaud the vision that Mr. Davis had to sell his property to this important project despite personal financial gains had he sold to for-profit developers.

HONORING SUSAN LOHR

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES
Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, I would like to take this moment to congratulate Susan Lohr, on her recent award. Susan is one of two recipients of the Cranmer Award, sponsored by Colorado Open Lands. Susan is the co-founder of Gunnison Ranchland Conservation Legacy, an organization that works to preserve family-owned ranchland in southern Colorado. Together with ranchers and community leaders the organization is attempting to preserve and protect over 20,000 acres of land.

Susan is no stranger when it comes to conserving farm and ranchland. She is currently president of a private land conservation consulting firm, Lohr Associates. She also recently retired as Director of the Rocky Mountain Biological Laboratory, where she worked for over a decade. Susan serves the Legacy in the capacity of Founding Director and Board Member Secretary/Treasurer.

Susan has worked very hard to ensure that family ranchlands are protected throughout southern Colorado. This dedication has helped a great number of people preserve thousands of acres of land and for that she deserves the recognition of this body. Mr. Speaker, on behalf of the State of Colorado and the US Congress I congratulate Susan on this prestigious and well-deserved award.

Congratulations!

FLAWED ELECTIONS IN BELARUS

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES
Thursday, October 12, 2000

Mr. SMITH of New Jersey. Mr. Speaker, this Sunday, October 15th, Belarus will hold parliamentary elections. Based on the run-up to the elections, the possibility of free and fair

elections simply does not exist. Belarusian strongman Alyaksandr Lukashenka—who illegally extended his own term in office—is once again attempting to dupe the international community into believing that there are viable electoral processes in today's Belarus. The reality is different.

The Lukashenka regime has not met any of the four conditions that the Organization for Security and Cooperation in Europe set back last spring—namely, a democratic election law, an end to human rights abuses, access by the opposition to the state media, and genuine powers granted to the parliament. As a result, on August 30, the OSCE and other institutions decided not to send a full-fledged international observation team to Belarus. This decision could have been revisited if the situation in Belarus had improved. However, since August 30, the Lukashenka regime has denied registration to many opposition candidates on highly questionable grounds; detained, fined, or beaten over 100 individuals advocating a boycott of the elections; burglarized the headquarters of an opposition party; and confiscated 100,000 copies of an independent newspaper. My friend, opposition leader Anatoly Lebedka was physically assaulted during a commemoration of the one-year anniversary of the disappearance of opposition leader Viktor Gonchar and his associate Anatoly Krasovsky. I might add that another leader of the opposition, former Interior Minister Yuri Zakharenka, remains missing after having disappeared 17 months ago, and two leading opposition members, Andrei Klimov and Vladimir Koudinov, remain imprisoned on politically motivated charges.

Mr. Speaker, governmental interference in the election process appears to be rampant. There are reports that regional and local government executive committees have been threatened to ensure that government supported candidates will be elected. The registration process also showed strong signs of arbitrariness, with the rejection of a large percentage of candidates, especially opposition candidates. According to today's Radio Free Europe-Radio Liberty East-Central Europe Report, Belarusian authorities—in an attempt to counter the opposition's call for an election boycott—have begun urging early voting and even threatening reprisals if voters fail to go to the polls. Furthermore, in Brest, the government-controlled local press is publishing election materials devoted solely to one candidate. All of these and other incidents, Mr. Speaker, have contributed to an atmosphere highly obtrusive to free and fair elections.

Given the pre-election atmosphere, the international community will be hard-pressed to recognize the new parliament, which succeeds the old, Lukashenka hand-picked parliament that was not recognized by the OSCE Parliamentary Assembly and much of the international community. Moreover, the current election environment does not in any way inspire confidence that the presidential elections scheduled for next year will be democratic. Mr. Lukashenka would do well to keep in mind that, with the fall of Slobodan Milosevic, he becomes increasingly isolated as Europe's sole remaining dictator.

HONORING MR. JOHN HERNANDEZ

HON. KAY GRANGER

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. GRANGER. Mr. Speaker, I rise today to pay tribute to John Hernandez, one of Fort Worth, Texas' finest sons, in honor of his receiving the Ohtli Award from the Mexican Ministry of Foreign Affairs for his lifetime service to the Hispanic community. There is no person more deserving than John Hernandez.

The Ohtli Award recognizes individuals of Mexican descent who live outside of Mexico who have dedicated the better part of their lives to "opening up new paths" to make it easier for future generations to follow in their footsteps. Mr. Hernandez has done this and much more for the Hispanic community of Fort Worth.

Born in Fort Worth in 1931, Mr. Hernandez graduated from Laneri Catholic High School in 1951. Six years later, in 1957, he married his wonderful wife, Jeanette. Together, they have dedicated their lives to faith, family, and community.

Mr. Hernandez has tirelessly served Fort Worth's Hispanic community. He is a Board member of the Fort Worth Hispanic Chamber of Commerce and served as its Chair from 1991–1992. Mr. Hernandez currently serves as the Chair of the North Texas Unity Council of La Raza and as a Board member and Second Vice Chair of the Red Cross. He is a member of the University of North Texas School of Community Service's Board. Mr. Hernandez also serves as a member of the Board of Trustees for the Catholic Diocese of Fort Worth and a Council Member at All Saints Catholic Church. As a Scout Master and Executive Board member of the Longhorn Council, he has been actively involved with the Boy Scouts of America for almost two decades. These are just several examples of his invaluable contributions to our community.

Paving the way for others to follow, Mr. Hernandez has helped tear down the walls of discrimination. He has always been a crusader for the betterment of the Hispanic community, never seeking the glory for himself, but instead for those around him. Our community is stronger for his presence and forever blessed for his dedication and devotion.

I would like to congratulate Mr. Hernandez, his wife of 42 years, Jeanette, his eight children, and fifteen grandchildren and wish them all continued happiness and success in their endeavors.

Mr. Speaker, Mr. Hernandez embodies the spirit of community responsibility we all strive towards. His life's work makes America a better place to live in every day.

CONGRATULATING JUDGE ROMAN
S. GRIBBS UPON RETIREMENT

HON. FRED UPTON

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. UPTON. Mr. Speaker, I rise today to mark the end of an era in the government of my home state of Michigan. With the retirement of Judge Roman S. Gribbs, the people

of Michigan are losing more than just a Judge, they are losing a man who has dedicated his life to serving the people. His dedication and work over the years for the people of Michigan has been truly admirable and aspiring to many.

With over 45 years of service to his community, Judge Gribbs has left his mark on a countless number of lives. This loving husband and father of five children, began his career as professor at the University of Detroit in 1954. His distinguished career included many different positions within the legal profession. His jobs ranged from Assistant Prosecutor to Sheriff of Wayne County by 1969. He was elected Mayor of the city of Detroit serving from 1970–1974, during which he was elected as the President of the National League of Cities.

In the 25 years since he left the Mayor's office, Judge Gribbs has dutifully served the citizens of Michigan, first on the Third Judicial Court and then on the Court of Appeals. His service throughout his life is a testament to the man that he is, a compassionate, committed worker for the people. Such a public servant is one that the people should treasure and feel fortunate to have in our democracy.

The state of Michigan and our country have been beneficiaries of the generous and outstanding service provided by Judge Roman S. Gribbs. It is my great pleasure to honor him today, and to wish him a happy, healthy and productive retirement.

HONORING BILL TRAMPE

HON. SCOTT MCINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. MCINNIS. Mr. Speaker, I would like to take this moment to recognize Bill Trampe on his recent award. Bill is one of two recipients of the Cranmer Award, presented by Colorado Open Lands. He was selected by the Board of Directors for his work with an organization he helped to co-found, which works to preserve family owned ranchlands throughout the Gunnison Basin.

Bill co-founded the Gunnison Ranchland Conservation Legacy in order to help maintain a tradition that has long inhabited Colorado. This organization is made up of ranchers and community leaders aiming to protect and preserve over 20,000 acres of ranchland that is family-owned in southern Colorado. Bill is a third generation rancher and this organization holds a place dear to his heart.

Bill's dedication to preserving land for ranchers is quite evident in his past work with a number of different organizations. Bill is an advisor to the Colorado State University Mountain Meadows Research Station, a member of the Board of Directors of the Colorado River District and has served as member and President of the Board of Directors of the Upper Gunnison Water Conservancy District for nearly two decades. While his civic duties were great in number, he also found time to manage his family ranch, Trampe Ranches.

Bill has worked very hard to assist the ranchers and farmers of southern Colorado and ensure that their ranchland will be protected. Bill's dedication and hard work for his community has earned him the admiration of

this body. On behalf of the State of Colorado and the US Congress I congratulate Bill on this prestigious and well-deserved award. Congratulations!

HONORING MIKE QUERING FROM
THE SIXTH DISTRICT OF COLO-
RADO

HON. THOMAS G. TANCREDO

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. TANCREDO. Mr. Speaker, today I honor a constituent of mine from the Sixth Congressional District of Colorado, Mike Quering, and join others throughout the state of Colorado in recognizing the efforts of the Eighth Air Force and proclaim every October 8–14 as Mighty Eighth Air Force Week.

Mike is a member of the Eighth Air Force, which was formed and dispatched to England in 1942 to become the largest military unit in World War II, and the largest bomber force of all time. Over 350,000 airmen served in Europe and the Eighth Air Force has continued as an operational combat unit to this day with over one million serving our country in war and in peace.

In the one week period between October 8–14, 1943, the Eighth Air Force lost over 100 Heavy Bombers to enemy action over the skies of Europe, and despite heavy losses, many feel that this was the turning point for daylight strategic bombing. Targets during the week were as follows: on October 8th, over Bremen, Germany, the force lost 14 bombers and 3 fighters; on October 9th, over Anklam, Germany, they lost 6 bombers; on October 10th, over Munster, Germany, the Eighth Air Force lost 30 bombers and 1 fighter; and on October 14th, over Schweinfurt, Germany, the force lost 60 bombers and 1 fighter.

I think it is important, at this time, to point out that no Mighty Eighth mission was ever turned back due to enemy action—at a cost of 26,000 killed in action and over 28,000 taken as prisoners of war. The number of missing in action and wounded have even today not been counted.

The Eighth Air Force Historical Society, the largest single military unit veterans group in history, holds its annual reunions in the month of October and today 20,000 Eighth Air Force Historical Society members are seeking to inform future generations of the contribution and sacrifice made by their generation to perpetuate America's freedom and way of life.

The Mighty Eighth stands as proof to America and the rest of the world of the sacrifices that our World War II veterans made to ensure that freedom and democracy survive and flourish around the world.

And so, as many proud veterans do every year during the week of October 8–14, I rise to proclaim this week of October 8–14 as Mighty Eighth Air Force Week. I would also ask every Eighth Air Force veteran and friend of the Eighth to wear and display items identifying them with The Mighty Eighth to honor and remember their comrades and especially those who made the supreme sacrifice.

HONORING NATIONAL DAY FOR
THE REPUBLIC OF CHINA ON
TAIWAN

HON. DUNCAN HUNTER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. HUNTER. Mr. Speaker, Tuesday, October 10th, marked the National Day in the Republic of China on Taiwan. The so-called "Double 10"—the tenth day of the tenth month—commemorates the founding of the Republic of China on October 10, 1911.

This "Double 10" observance in Taiwan this year is cause for both celebration and sobriety. The reason for celebration is obvious. As every Member knows, Taiwan once again conducted a national election, this past March. Chen Shui-bian, the former mayor of Taipei and a veteran of the pro-democracy campaign in the 1980's, was elected president.

As the reins of government were transferred from one party to another, the final phase of Taiwan's democratic transformation was completed. And a remarkable transformation it has been over the past decade—a renegotiation of the "social contract" that was conducted without the kinds of chaos and confrontation that have attended such sweeping political changes in some other countries.

There are many heroes in the democratization of Taiwan. President Chen, for one; and, his predecessor in the presidential office, Lee Teng-hui, for another. The 22 million people of Taiwan, who have taken so readily to democracy and have participated so enthusiastically in the whole electoral process, are also heroes.

So on the occasion of this year's "Double 10," all of Taiwan and its many American friends can join in a celebration of democracy and in a renewed commitment to the principles of a free society and a free market economy that have proved so successful in Taiwan, the United States, and many other countries.

But, Mr. Speaker, this is also a time for sobriety. The past seven-and-a-half years have witnessed a fundamental shift in U.S. policy toward Asia. Without the benefit of a thorough strategic analysis or an informed national debate, there has been a concerted attempt to redirect U.S. policy into a China-centric focus at the expense of our other traditional allies.

The perception in international circles that Taiwan has been stigmatized as the "problem" in U.S./China relations was most dramatically reinforced during President Clinton's trip in July 1998 to the People's Republic of China, during which he implicitly endorsed the P.R.C.'s interpretation of the "One China" doctrine.

Concurrent with the ill wind from Washington has been the rapid and provocative buildup of forces in the P.R.C.'s People's Liberation Army. A member of Representative ROHRBACHER's staff, Al Santoli, traveled to the region during August and filed a report that was published by the American Foreign Policy Council. Among Mr. Santoli's key findings:

The PLA's modernization and joint war fighting capabilities are developing at a rate far more rapidly than the Pentagon's previous predictions. The Nanjing Region exercises have showcased the PLA's new high-

tech capabilities, based on U.S. military tactics with information technology and weapons systems purchased or stolen from the U.S., Russia, and Israel.

During ongoing large-scale military exercises, China has demonstrated significant new joint-service war fighting skills "under high-tech conditions" that are steadily altering the balance of power in the Taiwan Strait . . . The PLA's doctrine of "asymmetrical" warfare emphasizes paralyzing the high-tech strength of the U.S. and our allies, through attacks on military, economic, and governmental computerized information systems.

Mr. Speaker, there is much more that could be said. I will leave it simply at this: No one can predict with certainty when the hour of maximum danger will come, but it is entirely possible—if present trends are permitted to continue much longer—that the candidate we elect as President next month will be the man who will eventually be confronted with a choice between defending Taiwan and its democracy or appeasing Beijing and thereby sacrificing U.S. strategic interests in Asia for generations to come.

So during this year's observance of "Double 10," let us celebrate what has been achieved in Taiwan—the victory of democracy and the blessings of a free society. Let us also be resolved to do whatever is necessary to protect Taiwan and to preserve its way of life. In standing by Taiwan, we are also standing up for ourselves.

HONORING DR. MURRAY PRITCH-
ARD OF WEST PLAINS, MISSOURI

HON. JO ANN EMERSON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. EMERSON. Mr. Speaker, today I congratulate a very special man, Dr. Murray Pritchard of West Plains, Missouri. Dr. Pritchard was recently named Outstanding VA Health Care Provider of the Year at the Veterans of Foreign Wars National Convention held in Las Vegas, Nevada. I am very pleased to honor the distinguished career of Dr. Pritchard and all the contributions he has made to veterans in Southeast Missouri.

Dr. Pritchard served this country in the Army during World War II. He was captured in North Africa in February 1943, and spent two years in a prisoner of war camp in Germany. When Dr. Pritchard returned from the war, he went to medical school and became a doctor of osteopathy while also completing a masters degree in public health administration. After several years in private practice, our community was lucky to have him join the staff of the John J. Pershing VA Medical Center in Poplar Bluff in 1973. Dr. Pritchard worked in the outpatient department until he retired in 1985.

But retirement didn't last very long. Soon Dr. Pritchard helped lead the innovative process of starting the VA Mobile Clinic program. Many veterans in rural America live 100 miles or more from the closest VA medical center. Traveling to see a doctor, to get a check up, or even to get necessary prescription drugs is a hardship to these men and women. But Dr. Pritchard and the folks at the Poplar Bluff VA wouldn't let distance stop them from giving top-notch care to veterans. If the vets couldn't

go to the clinic, Dr. Pritchard made sure the hospital would come to them. On the road about 4 days a week, Dr. Pritchard and his wife make sure that no veteran is left without the necessary, quality health care they deserve and were promised.

Dr. Pritchard not only serves the veterans of Southeast Missouri, but he also is concerned with the well being and health of all Americans. When Hurricane Andrew hit southern Florida, Dr. Pritchard headed up a team of health care professionals who took their mobile clinic to help treat the victims of the hurricane. His team helped ease the suffering of about 150 hurricane victims a day in Florida. And if that isn't enough, Dr. Pritchard has many other notable accomplishments such as: holding the post of past commander of the Missouri Association of Former POW's, serving as president of the Missouri Society of American College of General Practitioners in Osteopathic Medicine and Surgery, and as past president of the Association of Military Osteopathic Surgeons.

Dr. Pritchard is a dedicated doctor, and a kind and generous human being who answers the call of service to his fellow man.

Mr. Speaker, Dr. Murray Pritchard is more than worthy of receiving the honor of Outstanding VA Health Care Provider, and I hope that all of my colleagues will join me today in recognizing this truly remarkable man.

HONORING ORLYN BELL

HON. SCOTT MCINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. MCINNIS. Mr. Speaker, I would like to take this moment to honor a remarkable human being, Orlyn Bell. For over three decades Orlyn has fought hard to ensure that the water of western Colorado is being distributed correctly and fairly. Orlyn is retiring as the Division 5 water engineer, a position he has held in Glenwood Springs for just over 17 years. As Orlyn moves on to bigger and better things, I would like to take this opportunity to commend him on his service to the western slope of Colorado.

Orlyn began his career in engineering as far back as 1965 where his summer job had him measuring the flow of a major flood of the South Platte River after it hit Denver. His work during this traumatic time earned him not only a citation from the Governor, but also sparked an interest that would soon become the focus of his professional career. In 1968 he graduated from the University of Denver, with a degree in civil engineering. After spending a few years working for the Washington Highway Department he moved back to Colorado where he began his legendary career in the state engineer's office.

For almost two decades now, Orlyn has been one of seven engineers in charge of the seven different major river basins. The area in which he has represented is vast in size and the demand for water is much larger than the actual supply. This large area spans from the Continental Divide in central Colorado all the way through the Grand Valley on to the Utah border.

The battle for water in Colorado is one that has sparked a great deal of controversy over

the years, but Orlyn was able to manage these issues fairly and earn the respect of both eastern and western Colorado. Orlyn's contribution to the citizens and farmers of western Colorado is immeasurable. Orlyn you have served your community, State and Nation proudly and I wish you the best in your future endeavors.

TEACHERS' APPRECIATION DAY

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. UNDERWOOD. Mr. Speaker, a proclamation signed by Acting-Governor Madeleine Bordallo on September 1, 2000, designated the month of September as "Teacher's Recognition Month." Three years ago, the Guam Legislature designated September 28th as "Teachers' Appreciation Day" in order to pay tribute and acknowledge the important role played by teachers on the island of Guam.

Intended to coincide with the birthday of the Chinese philosopher, Confucius, the month-long celebration was set aside to honor those who have dedicated themselves to the teaching profession. Regarded as one of the world's greatest philosophers and teachers, Confucius has been given credit for the development of public education. Hence, for the past three years, the Confucius Society of Guam, under the leadership of its president, Robert Kao, has worked towards raising the community's awareness regarding the importance of teachers to every community.

In this year's events, the island of Guam chose to celebrate the legacy of its teachers by honoring current teachers whose families include generations of classroom teachers among its members. Among those honored are Phyliss L. Leon Guerrero, Debra R. Mariano, and my very own daughter, Sophia R. Underwood.

Phyliss, who is from George Washington High School in Mangilao, has been a teacher for eight years who has four generations of teachers in her family. Her great-grandmother, Asuncion Martinez Cruz, taught at a school run by the Spaniards in the 1890's. Her grandmother, Vicenta S.A. Leon Guerrero, taught in schools established by the Americans from 1922 until 1962. She is the daughter of Virginia Artero Leon Guerrero, an elementary school teacher who taught for 14 years, and Wilfred Leon Guerrero, the former president of the University of Guam.

Debra, a four-year veteran, teaches at Agueda Johnston Middle School. Her grandfather, Cayetano A. Quinata, served as a teacher and principal at several elementary schools for a period of 39 years. Her grandfather, Alejo L.G. Quinata, taught under the Japanese during the occupation of Guam during World War II. Her mother, Mary Q. Mariano, taught at P.C. Lujan Elementary, Price Elementary and the Guam Community College.

My daughter, Sophia, has been teaching for more than five years. She also comes from a long and solid line of teachers. My grandfather, James H. Underwood, taught English at night school soon after the Americans took possession of Guam in 1898. He taught until 1905. My parents, John and Esther, as well as my wife, Lorraine, and I have been teachers.

Mr. Speaker, public officials, such as ourselves, do not officially gain the title "Honorable" until the constituents we serve grant us their mandate through our election. It was not until 1992 that the title was granted to me. However, I firmly believe that I, together with my colleagues in the field of education, have earned the title long before—by having been a teacher, a member of a most honorable profession.

Over the years, teachers have insured a bright future through the education of our youth. Teachers have been willing to share their knowledge and adjust to meet the needs of students. In our present society where the family unit is under constant exposure to external and internal conflicts and pressures, we look toward our teachers to be role models who play a vital role in the development of every child placed under their supervision. On Teachers' Recognition Month and, especially, on Teachers' Appreciation Day, I commend and congratulate my esteemed colleagues in the field of education, the teachers of Guam.

PIPELINE SAFETY IMPROVEMENT ACT OF 2000

SPEECH OF

HON. JOE SKEEN

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 10, 2000

Mr. SKEEN. Mr. Speaker, today I rise to support S. 2438, the Pipeline Safety legislation, and also to implore the House of Representatives to pass it quickly and send it to the President for his signature.

In August, in my Congressional District in New Mexico, a pipeline explosion took the lives of eleven family members who were camping in an area located south of Carlsbad along the Pecos River. This terrible tragedy shook our state to the core. I visited the site of this disaster and I cannot begin to describe what I saw and the impact it has had on the lives of countless citizens in New Mexico.

This legislation is bipartisan and it passed the U.S. Senate with no opposition. This bill will help us avoid these terrible accidents in the future. Congress does not have time to play politics with this legislation. We don't have time for extended conferences on this legislation. Those who feel more is needed in this bill can introduce those changes next year. If we don't pass this bill we will have no legislation for at least another two years. It is unconscionable for this Congress not to pass legislation this year. To those who would vote against this legislation I say shame on you. This bill imposes new pipeline testing requirements on pipeline operators. It imposes higher penalties for safety violations and invests in new technology to improve pipeline safety. This bill increases the funding for pipeline safety as well as increasing state oversight and local government input. President Clinton supports this bill, Senate Democratic Senators support this bill.

I want to thank Chairman SHUSTER and the leadership of the Transportation and Infrastructure Committee for all of the hard work they have done in bringing this important legislation before us. We need to pass S. 2438.

CONGRATULATING CLAIRE
HOWARD

HON. PATRICK J. TOOMEY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. TOOMEY. Mr. Speaker, today I rise to congratulate Claire Howard, one of my constituents, on her appointment as the President-Elect of the United States Serra Club. In 2001, Mrs. Howard will become the first woman President of the USA Council and also the first in the history of Serra International.

Mrs. Howard is a charter member of the Bethlehem Serra Club and over the years has served as an active member on almost all of the standing committees. Of particular note is Mrs. Howard's service as the Coordinator of the Serra Clubs of Allentown Diocese's "Life/Vocation Awareness Weekend." The weekend offers any adult who would like to explore the possibilities of entering the priesthood or a religious order a time to reflect, pray and interact with priests. In addition to her work with the Serra Club, Mrs. Howard is an active member of the Morning Star Rotary Club, Junior League of the Lehigh Valley, Bethlehem Palmette Club, and the Bethlehem Quota Club.

I applaud Mrs. Claire Howard on her new appointment and wish her the best of luck in this new assignment.

HONORING CECIL WALT

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, it is with great sadness that I take this moment to honor the life of Cecil Walt. Cecil recently passed away at age 98. Cecil spent nearly half of his life serving the Grand Valley in a number of different capacities. As family and friends mourn this great loss, I would like to pay tribute to this remarkable human being.

Cecil moved to the Grand Valley in 1944, settling in Grand Junction, Colorado. During his time on the western slope he owned and operated five different automotive stores, but was best known for his work for the community. It was not long after residing in Grand Junction that he decided to run for mayor and was elected. His work for the city will forever be enshrined along the Main Street Shopping Park, which he was instrumental in constructing.

Cecil's work to improve the city of Grand Junction earned national attention in 1963 when Look Magazine named it an "All-American City." Cecil was also very active in crusades to protect western slope water rights and to ensure that the Eisenhower Tunnel was built where it stands today, to ensure motorists safe passage from the western slope on into Denver.

Former Colorado State Senator Tilman Bishop, in recent article by Zack Barnett in The Grand Junction Daily Sentinel, had this to say about former Mayor Cecil Walt, "He was a visionary, he was always putting things together for the future."

Cecil worked very hard to ensure that the Grand Junction community was a better place for all to live. He served his community, State,

and Nation admirably and he will be greatly missed.

TRANSPORTATION RECALL ENHANCEMENT, ACCOUNTABILITY, AND DOCUMENTATION (TREAD) ACT

SPEECH OF

HON. EDWARD J. MARKEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 10, 2000

Mr. MARKEY. Mr. Speaker, I rise in support of the so-called "TREAD Act" and I want to commend Chairman BULEY, Chairman TAUZIN, Chairman UPTON, Ranking Member Mr. DINGELL, Mr. LUTHER, and the many Commerce Committee colleagues who have worked very hard on this bill for bringing this legislation to the floor at this time. Hopefully, with time running out we can convince the Senate to similarly take up legislation on this issue and we can get a bill to the President's desk before Congress adjourns.

This legislation was initially prompted by the Firestone recall of some of the over 6 million tires used primarily on the Ford Explorer. As has become readily apparent during the course of our congressional investigation, both Firestone and Ford knew that there were problems years before they told the National Highway Traffic Safety Administration (NHTSA) or the American public.

This legislation has many provisions designed to enable NHTSA to perform its job better and new measures to increase the safety of American motorists and give consumers needed information. The bill includes an increase in civil penalties, consumer protections against the resale of defective or recalled tires, and a mandate to NHTSA to update the tire safety standards, which haven't been updated since 1968.

In addition, I successfully amended the bill in Committee to require NHTSA to conduct dynamic testing for rollovers. The fact is that these SUVs, minivans, light trucks represented in 1997 some 46 percent of all new vehicle sales in the United States and they are obviously very popular vehicles.

Mr. Speaker, according to NHTSA, rollovers are the second most common type of fatal crash after head-on crashes for all cars—but it is the most common type of fatal crash for light trucks, which includes SUVs, pickup trucks and minivans.

And we know today that sport utility vehicles have a 3 times higher probability of rolling over than passenger cars due to their higher center of gravity. And we also know that although traffic deaths reached an all time record low last year, rollover deaths continued to climb—to over 10,000 fatalities last year. In addition to fatalities, rollovers cause 55,000–60,000 serious injuries each year.

In my view, given the nature of the types of vehicles on our roadways and auto showrooms today, this dynamic rollover testing is overdue and I believe it will enhance information available to consumers purchasing vehicles for the families.

The rollover amendment I successfully added to the bill in Committee tasks NHTSA with the duty to develop, as part of a rule-making, a consumer information program that best disseminates the dynamic rollover test re-

sults to the public. Obviously it will do little good to the consuming public if the rollover test results are not publicized and disseminated widely. Information is the consumer's best friend—and I believe that consumers would be well-served when contemplating SUV purchases, for instance, at the showroom, to have such test results readily available to them. In addition, informational brochures and Internet websites can also be a valuable resource for consumer information.

As the rollover provision makes clear, the rollover test requirement does not apply to recreational vehicles designed to provide temporary residential accommodations. My intent in offering this provision was to deal primarily with SUVs, minivans, light trucks—those vehicles that many consumers are purchasing today that have a elevated center of gravity, giving these vehicles a proclivity to rollover in certain circumstances. Nor is this provision intended to apply to multiple stage vehicles such as specialized delivery trucks or custom van conversions produced in extremely limited quantities. These multistage production vehicles are produced by small volume customizer operations. This production "niche" is filled by small producers who buy incomplete vehicles (chassis) from the large vehicle manufacturers and mount a specialized body and related equipment on these limited volume vehicles. Specialized delivery vehicles below the 10,000 lbs. gross vehicle weight rating such as ambulances, bread trucks and other custom made, work-related vehicles do not have a mass market and are not the focus of this provision.

In addition, I also amended the legislation during Commerce Committee consideration to add a requirement that tire pressure warning systems become standard in vehicles. Such a standard could help save lives, help conserve fuel, and prolong the integrity of tires.

When NHTSA looked at this issue in 1979 and 1980, it decided at that time that the technology was too expensive. In the last 20 years, there has been significant development in this technology and the cost is much less. In 1981, NHTSA thought that it would cost around \$15 per vehicle and today our information is that it may cost merely \$2.50 per car—for all 4 tires. So this technology is but a fraction of the cost that it was when this was last formally considered by NHTSA.

For example, new technology allows modifications to the antilock brake system to measure the spin rate of the wheel and this is the technology that has now become a standard feature on the 2000 Sienna van.

As I understand it, the way the technology works is that the device monitors each tire and relays information to a warning mechanism inside the car. When the monitor finds a tire that is under-inflated the warning light or sound comes on to indicate a tire pressure problem—just as a warning light flashes when a motorist's brake fluid runs low today.

I believe this modest safety addition will save many lives. It is a provision that responds to the testimony we received from the industry that they expect American motorists to be cognizant of the tire pressure of their vehicles, adjusting it from time to time to insure proper inflation.

This is life-saving technology and I am heartened to see that this mandate for in-vehicle, tire pressure monitoring devices is now part of this legislation as it is considered today on the Floor.

In addition, the bill contains a third amendment which I authored, the "early warning" provision. For the first time, companies dealing with NHTSA will be on notice that they must report information bearing on public safety much earlier than they have in the past. In particular, manufacturers will have to report incidents involving fatalities or serious injuries alleged, or proven, to have been caused by a possible defect. This provision applies both within the United States and in foreign countries where the product sold in that country is also sold in the United States.

Everything we have heard in the last four weeks indicates we desperately need this type of provision. I have worked hard with the Republican majority to arrive at a workable and effective provision and the legislation we bring to the Floor now incorporates this important safety improvement.

Finally, I believe we need to look at other provisions and other issues more closely as we proceed on this bill as well as other NHTSA-related bills in the future. For instance, I believe Congress must ensure that NHTSA has sufficient financial and personnel resources to fully gauge important safety issues as they materialize. In the case of the Firestone/Ford fiasco the agency maintains it did not have sufficient information to trigger an investigation sooner. Additional staffing and funding for NHTSA earlier may have helped NHTSA notice a problem sooner and thus have saved lives.

After all, protecting the public and making sure that the agency charged with automotive safety issues has the resources to do its job is really where the "rubber meets the road" on this policy issue and I hope that we can rectify any deficiencies in such funding before Congress adjourns this year.

I again want to commend Chairman BLILEY, Chairman TAUZIN, Chairman UPTON, Ranking Member JOHN DINGELL, Representatives LUTHER, GREEN, and other colleagues who have worked very hard on this bill and yield back the balance of my time.

LIGHTS ON AFTERSCHOOL— PROJECT OF AFTERSCHOOL AL- LIANCE

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LANTOS. Mr. Speaker, many times we hear, "Our children get into trouble because their time is not occupied with worthwhile pursuits." Today, I want to recognize a project that has shown great success in dealing with that very problem.

Mr. Speaker, I would like to inform to my colleagues about a project that helps bridge the gap between childhood and the adult world. "Lights on Afterschool" is a project of the Afterschool Alliance. It is a nationwide event, taking place today, October 12, 2000, to recognize the critical importance of quality after school programs in the lives of children, their families, and their communities. The project is sponsored by J.C. Penney Inc. and the National Community Education Associa-

tion. Lights on Afterschool will spotlight innovative and effective after school programs. Parents, community and business leaders, elected officials, and the media will have an opportunity to see firsthand how after school programs help our children discover the heroes within themselves!

Mr. Speaker, the Afterschool Alliance was launched September 1999 by U.S. Secretary of Education, Richard Riley. It is a coalition of public, private, and nonprofit organizations dedicated to raising awareness of the importance of after school programs. The goals of the project are to increase funding for after school programs and to ensure top quality resources for all participants in after school programs. The alliance was created to facilitate public awareness and advocacy work. Its primary purpose is to offer positive choices to the children of our nation.

After school programs provide safe, structured, and supervised activities, utilizing the physical resources provided by our schools, without taxing or overburdening the existing educational system. Statistics indicate that 15 million children are left unsupervised during non-school hours, and juvenile crime is three times higher in the period after the school day ends. The time spent in these after school programs means less time spent unsupervised, and more time spent challenging and developing a child's mind. Students who participate in after school programs are only half as likely to use drugs, and a third as likely to become teen parents. The after school programs teach respect for others, and integrate valuable social skills into lessons. After school programs now exist in thirty percent of K-8 schools. This is a tremendous beginning, yet it leaves over two-thirds of potential sites not used during this critical period of time. The Afterschool Alliance wants to ensure all children will have access to these programs by the year 2010.

Mr. Speaker, I urge my colleagues to join me in commending the efforts of the Afterschool Alliance and wish them success on their project, Lights on Afterschool.

IN SUPPORT OF THE DEMOCRATIC PRESCRIPTION DRUG RE- IMPORTATION PROPOSAL

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. PELOSI. Mr. Speaker, prescription medicines have become a vital part of our health care system, and it is our responsibility to pass a meaningful prescription drug benefits through Medicare so that seniors will have access to the treatments that their doctors prescribe. Unfortunately, the drug reimportation language that the Republican leadership included in this bill falls far short of this important goal.

Prices for the 50 most prescribed drugs for senior citizens have been going up, on average, at twice the rate of inflation over the past six years. As the price of prescription medicines has soared, our nation's elderly and disabled populations have found it harder and harder to afford the treatments that their doctors prescribe.

Although it cannot replace a real prescription drug benefit through Medicare, drug reimportation holds great promise for reducing prescription drug costs. However, the Republican reimportation provision is filled with loopholes that will prevent seniors from seeing any real savings.

The Republican proposal contains several provisions that unnecessarily restrict the supply of reimported prescription drugs and increase their cost. First, they limit the medicines eligible for reimportation and the number of countries from which they can be imported. Second, drug companies have the option of refusing to allow reimporters to use FDA-approved labeling for their products. This allows these companies to increase the price of reimported drugs by charging outrageously high prices for the use of the label. Third, this language does nothing to prevent pharmaceutical companies from discriminating against US consumers by forcing restrictive contract terms on foreign distributors.

Finally, the Republican proposal is not permanent. By allowing this legislation to sunset after five years, the Republicans are giving pharmaceutical companies yet another opportunity to kill prescription drug legislation that they do not like.

The Democratic proposal provides seniors with access to lower price drugs, subject to strict safety testing, without any of these harmful loopholes. Seniors deserve real prescription drug savings, not another empty promise from Republicans.

TRIBUTE TO JACK KILBY

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I would like to congratulate Mr. Jack Kilby for winning the Nobel Prize for physics this Tuesday.

Jack Kilby, at age 76, is a modest man who has not found himself wrapped up in today's technological world. This modest man, who began his journey in physics 42 years ago, probably had no reason to believe he would be in this position today. Under Mr. Kilby's belt, he has 60 patents. He is also the co-inventor of the pocket calculator.

His discovery—the integrated circuit—in September of 1958 at the headquarters of Texas Instruments Inc. in Dallas, Texas has been placed into cell phones, digital music players, computer hard drives, and other various electronic devices, thus decreasing the cost of electronics.

Mr. Kilby still resides in Dallas, Texas, a technology powerhouse that will forever be linked to his success. This one man and his chip are the spark that made Texas Instruments the giant company it is today. So, I thank him and congratulate him for his achievements.

MRS. DOROTHY M. MOODY SELECTED AS WOMAN OF THE YEAR FOR THE BOWDEN CHAPTER OF BUSINESS AND PROFESSIONAL WOMEN

HON. CIRO D. RODRIGUEZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. RODRIGUEZ. Mr. Speaker, today I recognize Ms. Dorothy M. Moody, who recently received the Woman of the Year award from the Bowden Chapter of Business and Professional Women. Her service to the community and dedication makes this award appropriate. Ms. Moody attended St. Phillips College, a Historically Black College, where she studied business and secretarial applications. These skills led to a diverse range of jobs, from secretary for the Afro-American Insurance Company to secretary for the San Antonio Independent School District, and today she is currently employed at the Emmanuel Baptist Church. Ms. Moody has exhibited leadership and faithfulness in personal development through the college Bible courses she teaches at the church.

In her position as chair of the Annual Woman's Day Observance, Ms. Moody exceeded her financial goals and suggested that the surplus be donated to the BBJ Memorial Foundation Inc. Compassion, goal-oriented and generous are standards that Ms. Moody sets for anyone to follow. With the gifts that she has received, she continues to dedicate a part of her life to education by helping a student attend St. Phillips College. Through hard work and dedication she strives to help others reach their dreams of a college education.

I join the members of the Bowden Chapter of Business and Professional Women in recognizing Ms. Moody as Woman of the Year.

ERIC KARLAN PAYS TRIBUTE TO DANISH HOLOCAUST RESCUERS FOR HIS BAR MITZVAH

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LANTOS. Mr. Speaker, I would like to bring to the attention of our colleagues an outstanding young man—14 year old Eric Karlan, who in his short life has already made important decisions that can serve as a model for others to follow. His outstanding academic record, his musical gifts, his athletic prowess, his social activism, and the leadership roles he fulfills are by themselves exceptional achievements for a 14 year old.

But what impresses me most about Eric, Mr. Speaker, is his willingness to acknowledge and honor what is best in the history of humanity and to demonstrate his appreciation for what is a truly heroic legacy. I am referring to Eric's decision to celebrate his coming to manhood through the Bar Mitzvah ritual by going to Denmark to visit important historic sites as an expression of his gratitude to the Danish people for rescuing almost the entire Jewish community of Denmark from extermination by the Nazis during World War Two.

Mr. Speaker, Bar Mitzvah celebrations have too often become showpieces of affluence,

more extravagant than meaningful. Eric's decision to honor this occasion with simple dignity, remembering the suffering and hardships of his own people and paying respect to those Danes who came to their rescue in a time of greatest need, was indeed a wise and noble choice, and it demonstrates extraordinary character and maturity in one so young.

Mr. Speaker, I commend Eric for the intelligent choices he has already made in his life, for his dedication to genuine values, for his wisdom in following in the footsteps of those who light a candle in the darkness of the world, and for his understanding and appreciation of true heroism. Mr. Speaker, I ask that excerpts of Eric's moving description of his journey of discovery in the footsteps of Danish heroes be placed in the RECORD.

MY BAR MITZVAH IN DENMARK

(By Eric Karlan)

My family has always had a reputation for doing unconventional things. When I received my Bar Mitzvah date at the age of 11, I was told that I wouldn't be getting a big party or presents like everyone else. My parents said I would be able to pick a meaningful place to visit, and select a charity for any Bar Mitzvah money I might receive. I wanted to choose a place that would give me a unique Bar Mitzvah experience.

I read a book called *Number the Stars*, by Lois Lowry. I learned that the Danish people saved all but 116 of the approximately 8,000 Jews in Denmark by helping them escape to neutral Sweden during the Holocaust. This book was instantly a favorite of mine. It was then that I decided for my Bar Mitzvah I was going to research this story, and Denmark would be the destination for my trip.

My parents gave me the opportunity to work with a modern orthodox Rabbi, David Kalb. Instead of studying the Torah portion that was near my birthday date, Rabbi Kalb helped me select a portion that was related to my trip. For our explanatory style service, I chose Beshallah, the story of the Parting of the Red Sea. We picked this story because it was uplifting, involved hope, and most importantly dealt with the liberation and freedom of the Jewish people. I connected this to the story of the Danish Resistance and how they brought the Jews from the clutches of the Nazis into freedom. Both of those stories shared positive and miraculous attributes. And both stories shared the water as the avenue to freedom. In the Midrash, Shemot Rabah, there is a story about how the Red Sea did not part until Nachshon Ben Aminadav, walked neck deep into the water. This makes a major statement that no one can expect miracles to happen unless someone takes the first step. The Danish people took the first step and a miracle occurred; all the Danish Jews were transported to Sweden secretly within a matter of days. In fact, there is a Disney movie called "Miracle at Midnight" that tells the story.

Together, the Rabbi and I retraced the Rescue Route and learned more and more about the Exodus of the Danish Jews going to Sweden and what risks were taken. We also learned how leadership can have such a huge impact on the people. King Christian X and the Danish Bishop played an important role, setting a superb example for the Danes and leading them to do the right thing when they were surrounded by evil.

We arrived early on a Wednesday morning in Denmark and immediately started to learn new things about the Danish experience during the Holocaust. As we were telling the driver on our way to the hotel about what we were doing in Denmark, he told us

another very powerful story about Denmark's leadership. One day, a Nazi officer came to King Christian X and told him that if any soldier were to put up the Danish flag the next morning, he would be shot on the spot. The King replied that he would be that soldier, and from that day on, the flag of Denmark flew every day for the rest of the war.

We visited the Bispebjerg Hospital, where over 2,000 Jews passed en route to Sweden. The head nurse told us that to hold the Jews in the hospital secretly was tough. To start, they had to register the Jews under Christian names. Next, they would make them look pale by putting powder on their faces and make them sick by drugging them. She told us that doctors found out that there was an informer, so they locked him up in the psychiatric ward. After the meeting we toured the hospital and the meaningful places there.

As we reached one of the doors, the nurse told us a fascinating, scary story. Every door with a lock had 16 square panes of glass on it. On each of the doors, one of the panes of glass was different because when the Nazis broke into the hospital, they punched through the glass so they could stick their hand through and unlock the door.

Finally, we reached an office where the chief surgeon used to work. The office was on the third floor of the building where we were told that when one of the doctors tried to escape out the window, he was shot and fell to his death. After thanking the nurse, we asked where we could find out even more information and we were directed straight to the hospital chapel.

At the chapel, we met with one of the people who worked there. He told us how Jews escaped out of the hospital and on to the next part of the Rescue Route. He said they would have fake funeral processions and Jews were transported out of the chapel right under the Nazis' noses. Before leaving the hospital's premises, we learned about some underground tunnels that the doctors now use for work. During the war though they made great hiding places.

After this, we went to the Grundtvig Church of the Lutheran Church of Denmark. When the Jews were in need, Grundtvig Church played a key role in helping them. When the Nazis declared martial law, the bishop of the church explained the situation, almost all Christians agreed to help the Jews. They helped hide the Jews in their homes and the church, and during the two-year period in which the Jews were in Sweden, Grundtvig Church hid Torah scrolls and other Jewish family valuables. After leaving the Grundtvig Church, we made our way to the beautiful Church of Denmark. This church also played a key role in helping the Jewish people. During the occupation, this church's bishop played Hatikvah, now known as Israel's national anthem, on the church bells. Like Grundtvig, the Church of Denmark hid Jews, Torah scrolls and other Jewish valuables.

We had to start early Thursday morning for the long 30-mile car ride up the coast to visit all the fishing ports where the Jews escaped. The first fishing port we came to was Niva, a port where a large number of Jews were sent. To get to Niva, the Jews had to take trains where they had to sit in the same cars as Nazis without them knowing. When they reached the port, they were held in a large tile factory where they were hidden or acted as workers. At night, there was, and still is, a tile path that leads from the factory to the port itself that the Jews followed to get to the boats safely.

Next up the coast was Sletten, where Sweden is never farther than two to four miles away. After that was Snekkersten, a port

that had the second most Jews depart from. Here we had a quick memorial service in honor of H.C. Thomsen, an owner of an inn who hid Jews. He was caught and executed at a concentration camp, so in his memory and in memory of those like him, we held the memorial service in front of a rock, which was marked with a plaque honoring him and surrounded by flowers.

We continued up the coast to pass or stop at more small fishing ports like Elsinore and Hornbaeck. As we drove up the coastline, Sweden was never out of sight. You can only imagine how frustrating that was for the Danish Jews to have freedom less than five miles away, yet you could die from hypothermia just by trying to swim across the water. Finally, at the tip of the coast, we reached Gilleleje, the site where the most Jews left and where the most Jews were caught. We visited a small church where more than half the captured Jews in all of Denmark were caught. The church hid 80 Jews in the attic, when an informer tipped off the Nazis and 79 were caught and sent to the concentration camp at Theresienstadt.

From Gilleleje we returned to Copenhagen where a recently completed ten-mile bridge goes across the water to Sweden. We decided that touching Swedish soil would be a symbolic end to the morning since that is where the Jews escaped to from the fishing ports. We crossed the bridge by car, got our passports stamped, and returned to the hotel.

We awoke to a gorgeous Friday morning, the day of my Bar Mitzvah. I was very excited and eager to start the service. The decision for where my Bar Mitzvah would be held was made a few days before. It would be in Mindelunden, a memorial park right outside the city where 106 Resistance members were killed. It was hard to believe that brutal executions had ever happened at such a beautiful place. As we walked in, there was a long wall of plaques with all the people's names that had been killed, with a little information about them.

Farther on, we found the graveyard. It was an unbelievable site. There was a magnificent statue near the back with a Resistor holding up one of his fallen comrades. In front of the statue were 106 graves, each with a marble plaque on top identifying the person and their life span. One of the graves is now covered in heather because later that man was identified as a traitor. We had a memorial service for all the fallen resistors at the site.

Past the graveyard we found the execution pit. In the pit were three stakes and a plaque. This was a very scary sight and only my mom and my brother went past the plaque to touch the stakes. We still hadn't done the Bar Mitzvah service and the decision of where it should be held was still undecided.

While walking back from the execution pit, we passed an open field with a tree near the side. Since the tree was approximately halfway between the pit and the graveyard, the choice was made that the Bar Mitzvah would be under the tree. The service lasted about fifteen minutes and included my Torah portion, some prayers, texts that Rabbi Kalb (who had a Notre Dame hat on) personally selected, and the Israeli national anthem "Hatikvah." It was a wonderful service and ended with the Rabbi picking me up on his shoulders and dancing around.

Our congressman, Jim Maloney, had arranged a meeting for us with the United States Ambassador to Denmark to discuss my Bar Mitzvah experience. After passing through the gates of the embassy and getting our passports checked, we were finally greeted and led up to the Ambassador's office. The Ambassador's name is Richard Swett. We found out later that his in-laws were survivors of the Holocaust.

Another man from New York named Gabriel Erem, owner of the magazine *Lifestyles*, was already there and wanted to stay to hear about my experience. Gabriel had heard about my story and seemed very interested. We sat down in the office and I started to explain everything that had led up to the trip and how it had been going so far. We retraced the Rescue Route on the maps the Ambassador had up in his office and told almost all the stories we learned. Questions were exchanged from both sides about the Bar Mitzvah. A while later it was time to go, but not before we got one more surprise. The Ambassador had extra tickets to the Danish premiere of "The Last Days," a documentary film made by Steven Spielberg about five survivors of the Holocaust.

The Grand Theater was busy with people coming to see the premiere. We started to talk to the people in front of us and soon found out that when they were three and four, they were two of the Jews who were taken by boat to Sweden. A few minutes later, the Ambassador entered and went up to the podium to make his opening speech. He mentioned lots of important people, the survivors that were present that night, his co-workers, his wife and in-laws, etc. And then near the end of the speech, he spoke about my story and me. As soon as he finished my story, he introduced me and had me stand up in front of all the people. That made my night! Soon after the moment of glory, the documentary began.

The documentary was very impressive and moving. After it ended, the survivors all went up to the podium and made a little speech. As we stood up to leave, Renee Firestone, one of the four survivors present that night came up to wish me "Mazel Tav." After meeting her, a man came up to introduce himself to me. He was not one of the survivors, but a student in Copenhagen at the time of the war who rowed Jews to Sweden in October of 1943. His name was Munch Nielsen, and I didn't realize I already knew about him till my Rabbi told me so. In some of our notes, we had quotes from him. This was very cool. Following that, we met up with Gabriel Erem, who introduced us to Congressman Tom Lantos, the Ambassador's father-in-law, and another one of the survivors in the movie. After a quick chat, we all went to the reception.

The first thing I wanted to do was go over and thank the Ambassador for making my Bar Mitzvah day the best. I went over to him and his whole expression changed. A nice smile came over his face and he told me to follow him because there were some people he wanted me to meet. First he introduced me to the Israeli Ambassador in Copenhagen. The next person I met was his mother-in-law Mrs. Annette Lantos. She was also a survivor of the Holocaust, but she was not in the documentary. She was very sweet and made a big fuss over what I was doing.

Then the Ambassador introduced me to Irene Weisberg-Zisblatt. As soon as she saw me, she smiled and said, "It is such an honor to meet you." I responded the same way and we both laughed. Out of everyone, she was the coolest and the most interested in my story. Around her neck were diamonds in the shape of a teardrop. In the movie, she said that those diamonds were from her mother and anytime the Nazis went to check if any of the prisoners had anything, she would swallow them, and then when she went to the bathroom, she would fish them back out, clean them off in the mud and swallow them again. And now, they were around her neck in real life, which was very hard to believe. Irene, the Rabbi and his wife, my family and myself all talked for the longest time.

People started to leave and my exciting day started to come to a close. We wrapped

up our conversation with Irene, said good night to the Rabbi and his wife, and headed back to the hotel after a perfect ending to a great Bar Mitzvah day. Imagine celebrating your Bar Mitzvah one morning in a World War II Resistance memorial park and ending the day with actual survivors that eluded Nazi death.

I can't speak for other countries, but I know in America the schools only teach the negative and scary things about the Holocaust. Even though that was really what most of the Holocaust was, the Denmark story should be taught everywhere as well. It is positive and uplifting, gives hope and sets the example for remarkable leadership, brotherhood, and respect for humanity. The Danes should be admired for their gallantry and I am glad I did what I did for my Bar Mitzvah.

HONORING AHMAD ALAADEEN

HON. KAREN MCCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. MCCARTHY of Missouri. Mr. Speaker, I rise today to recognize the Missouri Humanities Council's selection of the recipients for the 2000 Governor's Humanities Awards. Mr. Ahmad Alaadeen, a prominent recording artist in my district, is the recipient of the Community Heritage Award for his dedication to his Kansas City Jazz heritage.

Since 1917, Kansas City musicians have fostered and developed the well known sounds of blues, bebop and swing. Ahmad Alaadeen was born in 1934 and raised in the historic 18th and Vine Music District. In his youth he cultivated a love for the music that resinated from the Mutual Musicians Foundation. The distinctive sounds of Jazz Masters like Charlie Parker, Count Basie and Jay McShann became part of the persona of Alaadeen's saxophone playing.

The music industry has recognized Mr. Alaadeen for his award winning compositions and fellow musicians have christened him "Professor." Many refer to him as the reigning master of Kansas City music. In the 1970's he became aware that Kansas City Jazz was becoming stagnant. In an effort to revitalize and perpetuate the sound of Kansas City jazz he developed a mentor program. The program provides apprentice musicians the opportunity to perform with his band as paid professionals while developing their own unique style. He encourages local and visiting jazz masters to do the same. One of his goals is to develop an individual into a musician as opposed to a programmed performer. Young musicians who are exposed to his talents gain an intense understanding of jazz. His work is paying dividends in the development of talented musicians like Logan Richardson, Tim Whitmer, Gerald Dunn and Charles Perkins.

Mr. Alaadeen developed an historical documentary of video and audio recordings to share the story of the originators and continuing evolution of Kansas City Jazz. The first audio release, "Tradn' 4's," featured the originators of the Kansas City style with music from many of the pioneers of jazz including Henry Hoard, Wallace Jones, Pearl Thuston. "On the Cusp," was the first video produced by Alaadeen Enterprises Inc. and focused on his generation, known as the transition generation. The video showcases the generation

who mastered the jazz sound by learning the trade orally. The video features the music and style of Lugman Hamza, the late Frank Smith, Sonny Kenner, Russ Long and Ahmad Alaadeen.

Mr. Alaadeen is the present Chairman of the Mutual Musicians Foundation. The Foundation is known for its commitment to the promotion and development of Kansas City Jazz. Music enthusiasts love the late night jam sessions that swing with today's jazz masters. Musicians like Jay McShann, Claude "Fiddler" Williams and Pat Metheny are favorite sons in Kansas City. Mr. Alaadeen's concerts provide an educational musical experience that fosters appreciation and enlightens the listener.

Inscribed on the wall of the Kansas City High School for the Arts is a quotation from Mr. Alaadeen. It reads, "Jazz does not belong to one race or culture, but is a gift America has given the world."

Mr. Speaker, please join me in recognizing the man who has revitalized our music community and introduced a new generation to the sweet sounds of Kansas City Jazz. The great state of Missouri understands the importance of his humanitarian efforts and distinguishes his effort by presenting him with the Governor's 2000 Community Heritage Award.

SUPPORTING INTERNET SAFETY AWARENESS

SPEECH OF

HON. JUANITA MILLENDER-McDONALD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 10, 2000

Ms. MILLENDER-McDONALD. Mr. Speaker, I rise today in support of H. Res. 575. This resolution urges Americans to recognize and support educational programs that make surfing the Internet safe and fun for children. It supports initiatives to educate parents, children, educators and community leaders about the enormous possibilities and potential dangers of the Internet, applauds the work of law enforcement officers to make the Internet safe for children, and urges all Americans to become informed about the Internet and support efforts that will provide Internet safety for children and for future generations.

The Internet is a wonderful tool for educating our children and has been instrumental in driving the growth of our economy. But unfortunately tools can be misused. Today an estimated 10 million American children have unfettered access to the Internet—a 444 percent increase from 1995. What is alarming is that as the new millennium has begun more and more children will have access to the Internet and in turn, easy access to alcohol.

Just before Memorial Day, I participated in a news report concerning ease with which our youngest constituents can obtain alcohol through the Internet. On the videotape I witnessed two fifteen-year-old children using their home computers to access the world-wide web and order alcohol on the net. And in a few short days this alcohol was delivered to their front door by a national mail carrier who did not ask for identification when the two fifteen-year-old children signed for the boxes containing wine and a bottle of Absolut. Last year, I testified before the Senate Judiciary Committee on my concern for this issue be-

cause similar stories had surfaced in the news December 1997.

Although there is a no single solution to the national epidemic of underage drinking, the bill that I introduced in the first session of the 106th Congress, H.R. 2161 would close some of the gaping loopholes I call "cyberbooze for minors" that now make it possible for teens and young adults to easily obtain alcohol over the Internet. H.R. 2161, the Prohibition Against Alcohol Traffic to Minors will curb underage drinking by prohibiting "direct shipment" of alcohol to persons under a State's legal drinking age.

I want to urge my colleagues to support H. Res. 575 because it recognizes the powerful potential and inherent danger that the Internet offers our children. I hope that my colleagues will also join me in putting an end to easy alcohol access on the Internet by supporting H.R. 2161.

SAFER GUNS FOR SAFER COMMUNITIES ACT

HON. ELLEN O. TAUSCHER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. TAUSCHER. Mr. Speaker, today I have introduced the Safer Guns for Safer Communities Act along with my colleague CAROLYN MCCARTHY.

This bill takes a commonsense approach to gun safety by encouraging gun manufacturers to engage in better and safer business practices. The Safer Guns for Safer Communities Act is modeled after the historic Smith & Wesson Agreement.

Earlier this year, the U.S. Department of Housing and Urban Development and several local government entities entered into an agreement with Smith & Wesson to manufacture and distribute safer guns. The agreement was revolutionary in nature, but commonsense in approach. It includes many items that Congress has debated at one point or another: child safety locks, high capacity ammunition clips, and "smart" gun technology. The Agreement also requires that firearms include additional safety features such as chamber load indicators and a hidden serial number which will help convict criminals using them. Since the Smith & Wesson Agreement was announced in March, nearly 600 police departments and community leaders have pledged to only buy firearms that meet minimal safety standards.

We must remember that gun safety reform is not taking guns away from law abiding citizens who are legitimate gun owners. Instead, it is about the little girl in Michigan who was shot by her 6-year-old classmate. It is about the 13 children killed by their peers at Columbine High School over a year ago. And it is about Antioch's Larry Kiepert who was shot by his neighbor.

To create an incentive for more manufacturers to adopt these safety measures, The Safer Guns for Safer Communities Act provides grants to law enforcement agencies who purchase their weapons from manufacturers who agree to adhere to the better business practices similar to the ones in the Agreement. In addition, law enforcement officers who must purchase their own weapons would be able to

come together through a qualified association of officers to apply for these grants. This provision benefits officers who are required to purchase their own weapons. The program would last 3 years and provides \$50 million each year to 50 grantees. A study would then assess the impact of purchasing weapons from responsible manufacturers on gun-related crime and accidents.

This Congress has refused to take action on any meaningful gun safety proposal. Perhaps the reason for their inaction can be best explained by the overpowering influence of the gun lobby. Our job in Congress is to promote responsibility, ensure safety, and educate the American people when it comes to owning, selling, and manufacturing firearms. It is time for children and families to once again feel safe in our schools, our homes, and our neighborhoods. It is time for our workforce to once again feel safe at work or during their commute home.

JOHN WILLIAM AND ASHLEY DANIELLI CARPENTER

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. RADANOVICH. Mr. Speaker, I rise today to submit into the RECORD the words of the father of John William and Ashley Danielle Carpenter, two innocent children murdered in their home in Merced, California. These words were composed and read at the funeral of the children.

Mr. Speaker, I submit this statement to share with my colleagues the grief of a father and his plea for a change in the hearts of a humanity that can allow such an atrocity. While I can not know the impact on the family and friends of the Carpenters, I surely can sympathize with their pain and share their grief, with the hope and prayer of preventing just one act of violence, one time somewhere in this world.

Today we stand here grieving the loss of John William and Ashley Danielle Carpenter and somewhere a mother grieves the loss of her son, who has done these hideous crimes. But what saddens me is that the law says we know what took place so it's time to close the book. But I challenge you, as the father of the deceased children that this case is far from over. Because while we sit here mourning the loss of our loved ones, the real killer is still loose. I believe the real killer is the dealer who supplied the drugs to the murderer of my children. I trust and believe that. I sure hope that I can't take this a step further and say it's "big business" that did this to my children, with mine and your tax dollars. When I say big business, I mean the White House, excuse my lack of a better word, to the Outhouse. We need to wake and wonder, why are they trying to take our only protection, our handgun, instead of going after the dealers that supply these drugs. It makes me wonder about their motives. There was a gun in my home, but because of the law and what could happen to me, I had it put away in supposedly a safe place. I guess I did, because my 14-year-old daughter and 13-year-old daughter couldn't get to it and neither did the murderer. The only thing I forgot to put a lock on was my pitchfork. How long are we, the people going to believe the lies of the politicians and get back to the

root of the problems? We need to change the hearts of men, to start loving their neighbors and the neighbor's children as themselves. What's sad is, it doesn't cost one red cent. In fact it will save us money. My plea to you people today, is put all politics and religions aside and start living life like my little daughter Ashley did, by laying down her life for her sisters. It might cost you your life, but that should be easy to do, you already have an example in my daughter. Do whatever it takes to protect your family and friends. I know the only way she knew to do that was by example, starting with her love for Jesus, she learned at Sunday school. The next example was her mom and dad, who led her and were there for her, instead of chasing their desires. Because with me and my wife, we were raised and taught the same way, I wouldn't trade it for anything, because if I did, I wouldn't be here feeling like the proud father that I am, of all my children. I know without a shadow of doubt where my children are today, and only God knows where the murderer is. Please remember if you don't do as Ashley lived and did in her actions you might never see them again, and it hurts me to know that for you, their little lives might be in vain. I just want to say that for me, John William and Ashley Danielle Carpenter's lives weren't in vain. I will always keep you close to my heart John and Ashley in this life, but I guarantee you, I'll see you in heaven. Love you always and forever. Your Daddy & Buddy.

CELEBRATING HENRY BERMAN'S 90TH BIRTHDAY

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. PELOSI. Mr. Speaker, ten years ago, I had the privilege of standing on this floor to wish my dear friend, Henry Berman, a happy birthday. It is with great pleasure that I rise today, on the occasion of his 90th birthday, to pay tribute again to this wonderful San Franciscan.

Henry Berman continues to be a leader in San Francisco. He serves with distinction on the San Francisco Airport Commission and is the former chair of the San Francisco Fire Commission. He serves on the Executive Committee of the Anti-Defamation League and on the Board of Directors of the Northern California American Israel Political Affairs Committee. Henry continues his work with Glide Methodist Church on the annual fundraising event he helped to create, and he sits on the Board of Directors of the Fromm Institute for Lifelong Learning.

Henry Berman, however, is more than the sum of his affiliations. He is an extraordinary man whose energy and enthusiasm for life are contagious. His commitment to the poor, the marginalized, and those in great need is an inspiration to us all, and I am honored to count him among my friends.

I join his wife, Sally, his sons, Ronald and Robert, and all of his family and friends in wishing Henry a happy 90th birthday. Congratulations, Henry.

HONORING THE LATE OSCAR MAUZY

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, today I pay tribute to former Texas State Senator and Supreme Court Justice Oscar Mauzy. He passed away on Tuesday, October 10, at the age of 73.

Justice Mauzy was my immediate predecessor in the Texas Senate from Senate District 23. He represented this District from 1967 until his election to the State Supreme Court in 1986. During his service in the legislature, Senator Mauzy served as the chairman of the Senate Education Committee, where he led efforts to improve education and to secure greater funding for education in poorer school districts. A labor lawyer by training, Senator Mauzy was also active in the areas of judicial reform, consumer protection, and workers' compensation. Later in his legislative career, Senator Mauzy served as Chairman of the Jurisprudence Committee, where he authored legislation to make jury selection uniform throughout the state and finally allow women to serve as jurors.

Justice Mauzy's dedication to education for our children continued during his six-year term in the Texas Supreme Court. He was the driving force behind a 9-0 decision that declared the state's school funding system inequitable. That decision led to enactment of a law to require wealthier school districts to share funds with lower-income districts.

I am deeply saddened that Texas has lost a public servant who dedicated more than a quarter century in service to his fellow Texans. I ask the House to join me in remembrance of Justice Mauzy, a true champion for working men and women and schoolchildren in my state.

SANTIAGO JIMENEZ RECEIVES PRESTIGIOUS MUSICIAN AWARD

HON. CIRO D. RODRIGUEZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. RODRIGUEZ. Mr. Speaker, today I recognize Santiago Jimenez of San Antonio, Texas, who is being recognized for his accomplishments as a singer and accordion player by the National Endowment for the Arts. The National Heritage Fellowship is an award given to a select group of people, reflecting the diverse heritage and cultural tradition that have become a part of our society.

Local artists are nominated by a member of the community, in recognition of the artist's excellence in a particular area. Each year only a select group of these artists are honored. The National Endowment for the Arts has awarded only slightly more than 222 National Heritage Awards.

Mr. Jimenez plays a style of music known as conjunto, which has both German and Mexican roots. His music interest began when his father would take him to hear German polka bands in New Braunfels, Texas. At the age of 15, he began performing professionally

at weddings, clubs and traditional community settings. Following his father's example he developed creatively and incorporated a wider audience. In 1958, at the age of 17, with his brother he recorded *El Principe y el Rey del Acordeon*. Since then, he has made 60 recordings of more than 700 pieces of music on several different labels.

He started Chief Records, his own label, in order to give younger musicians the opportunity to have their music heard. He works to help others in an industry that he has experienced barriers to entry. Mr. Jimenez has toured throughout the US, Europe and South America to bring the world of conjunto music to millions.

I join the City of San Antonio and the National Endowment for the Arts in recognizing Santiago Jimenez on his accomplishment as a recipient of the National Heritage Fellowship award.

TRIBUTE TO MARGARET TOWSON

HON. KAREN MCCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. MCCARTHY of Missouri. Mr. Speaker, I rise today to honor an exceptional individual and friend to the State of Missouri. This year, after 56 years of service to the citizens of Missouri, Margaret Towson will celebrate her retirement from her historic post at the Missouri State Senate in Jefferson City, Missouri.

Margaret Towson started in the Secretary of the Senate Office in 1949. During her tenure she witnessed twenty-six General Assemblies for the equivalent of almost fifty-two years. She then served as the distinguished Assistant Secretary of the Senate, whose duties, in addition to functioning as secretary and receptionist, included tallying and filing roll calls, maintaining good public relations with legislators and lobbyists, remaining in the office each day until adjournment, and addressing any challenge or task which required her assistance.

As a lifelong member of the Cole County Democrats and the Cole County Democratic Women's Club, Margaret Towson is widely recognized as an outstanding civic minded individual who has consistently committed her time and energy to promote civic involvement. One of Margaret's greatest moments came when her efforts were recognized by President Harry S. Truman, a man she greatly admired and affectionately referred to as "Cousin Harry."

Margaret Towson's kind, dedicated spirit is celebrated, admired, and respected in Jefferson City and throughout the State of Missouri. She will be missed not only for her professional excellence, but also for her personally endearing qualities and delectable apple pies that were savored by the many people she met and worked with. Margaret's retirement marks the end of a historic era in the Missouri State Senate. She is looking forward to spending more quality time with her children, grandchildren, and great-grandson. Margaret Towson has left a lasting impression upon her peers and friends that will not be forgotten.

It is with deep gratitude and honor that I recognize Margaret Towson for over a half a century of friendship and service to the State

of Missouri. Her devotion is an example to us all.

Mr. Speaker, please join me and the Missouri Ninetieth General Assembly in congratulating Margaret Towson on her outstanding service to the people of Missouri.

LUPUS RESEARCH AND CARE
AMENDMENTS OF 2000

SPEECH OF

HON. JUANITA MILLENDER-McDONALD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 10, 2000

Ms. MILLENDER-McDONALD. Mr. Speaker, I rise today to offer my strong and heartfelt support for the Lupus Research and Care Amendments Act, which was introduced by our hardworking and dedicated colleague, Congresswoman CARRIE MEEK. She has been a tireless advocate for this issue for years. As the Co-Vice Chair of the Women's Caucus, I am a proud co-sponsor of this legislation, as are 45 Women Caucus members. This legislation is the perfect illustration of a bipartisan effort to address a painful, debilitating disease that affects women nine times more often than men, and African American women three times more often than white women.

It is estimated that between 1.4 million and 2 million Americans have been diagnosed with this disease and that many more have undiagnosed cases. This serious, complex, inflammatory autoimmune disease can simultaneously affect various parts of the body, including the skin, joints, kidneys and brain. It can be difficult to diagnose this disease because its symptoms are similar to those of many other diseases and many people suffering the signs of its onset have never heard of lupus, nor understand how to respond to these symptoms.

The Lupus Research and Care Amendments Act authorizes funding to expand and intensify research on lupus at the National Institutes of Health, including basic research on the causes of lupus; research to determine why the disease is more prevalent in women and particularly African-American women; research on improving diagnostic techniques; and research to develop and evaluate new treatments. This bill also requires the Health and Human Services department to establish a grant program to deliver services to those afflicted with lupus and their families. The program would provide grants to state and local governments, nonprofit hospitals, community based organizations and community or migrant health centers to provide services for diagnosing and managing lupus.

I urge my colleagues to follow the women of the House, and pass this legislation to help countless women and families. This legislation will spur unprecedented yet direly needed research on how this disease affects women and on what the best treatments are to cure this disease. Lupus can be fatal if not detected and treated early, but with this research and proper delivery of services, we can not only enhance people's lives, but save them as well.

WAIVING POINTS OF ORDER
AGAINST CONFERENCE REPORT
ON H.R. 4461, AGRICULTURE,
RURAL DEVELOPMENT, FOOD
AND DRUG ADMINISTRATION,
AND RELATED AGENCIES APPRO-
PRIATIONS ACT, 2001

SPEECH OF

HON. TOM DeLAY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 11, 2000

Mr. DELAY. Mr. Speaker, I rise to address a provision in the FY01 Agriculture Appropriations Conference Report that is not only disturbing, but highly objectionable on legal grounds. This provision was subject to absolutely no deliberative thought. In fact, the Chairmen of the House and Senate Judiciary Committee raised serious constitutional and legal concerns about it. The Chamber of Commerce and the National Association of Manufacturers decried it. I am referring to section 745 of the bill. It states, "No manufacturer of a covered product may enter into a contract or agreement that includes a provision to prevent the sale or distribution of covered products imported pursuant to subsection (a)."

Besides the fact that this provision baldly impedes the right of businesses to conduct affairs in the manner they so choose, what is perhaps most troubling about this provision, which restricts freedom of contract and clearly infringes on intellectual property and other constitutional rights, is that it was added to the Conference Report in the dark of night. This provision was not contained in either of the underlying House or Senate Agriculture Appropriations bills—or any other bill for that matter. Moreover, the provision was never the subject of any committee hearings or other public deliberation by the Congress.

While it will slip past Members today because it is buried deep in an important appropriations bill that, among other things, provides billions of dollars in drought relief to American farmers, I take small comfort in knowing that this provision will not slip past the Courts and will not survive judicial review.

Until that time, let us at least realize that this ill-advised provision requires narrow interpretation, not only because of the stealth with which it was included, but because an inappropriately broad reading would raise very serious questions with respect to conflicts with US patent and trade laws. To avoid—or at least minimize—such conflicts, the only interpretation of this provision (which replaced a broader proposed provision that the Conference Committee rejected) is that it is strictly limited to contacts or agreement involving drug reimports, and also containing explicit contractual provisions to this purpose and effect.

Make no mistake—this provision is horrid. That's what you get when you have a flawed process—you get flawed policy. It profoundly affects both intellectual property rights and constitutional rights. It has no place in this bill and I am deeply disappointed the Conference Committee allowed such a provision to be included in this bill.

CONFERENCE REPORT ON H.R. 4205,
FLOYD D. SPENCE NATIONAL DE-
FENSE AUTHORIZATION ACT FOR
FISCAL YEAR 2001

SPEECH OF

HON. BOB STUMP

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 11, 2000

Mr. STUMP. Mr. Speaker, I rise in strong support of the conference report for the FY01 National Defense Authorization Act named for my distinguished colleague and Chairman of the Armed Services Committee, FLOYD D. SPENCE. Chairman SPENCE has been a great advocate of our nation's military and has worked tirelessly to rebuild a military weakened by years of cuts in the defense budget. Under his leadership we have increased the Department of Defense's budget \$60 billion over the past five years of Clinton-Gore administration cuts.

This bill makes significant progress in keeping faith with the greatest generation by restoring the promise of lifetime health care to America's military retirees and their families. Congressman BUYER's efforts to address a financial challenge resulted in taking retiree health care out of the defense budget and setting up a long-term funding plan to ensure that our nation's military retirees will have access to the medical care that they have deservedly earned.

The defense authorization act also provides active duty service members a new opportunity to convert their Post-Vietnam Era Veterans Educational Assistance Program (VEAP) benefits to the Montgomery GI Bill if they declined to do so before or withdraw all funds from their VEAP accounts. The bill also builds upon the concurrent receipt initiative provided in last year's defense bill. Beginning in fiscal year 2002, those service-members who are medically retired and rated at least 70% disabled by VA will be eligible for additional special monthly compensation of up to \$300.

Mr. Speaker, I regret that my colleague from Virginia, Readiness Subcommittee Chairman Herb Bateman passed away before seeing this bill signed into law. Throughout the measure are marks of his efforts to ensure that our defenders of freedom are battle ready and have the tools and resources they need. I also wish to thank the retiring Members of the panel who have worked tirelessly to rebuild our nation's military. Your support for our men and women in uniform has not gone unnoticed.

While we have successfully increased funding in critical modernization programs, we have a long way to go. Following the "lost decade" of defense in the 1990s, America's military must be reshaped to meet the challenges of the post-Cold War world. Starting immediately, the United States must commit the resources necessary to improve current military capabilities and prepare our forces to face the threats of the coming decades. Anything less jeopardizes the military's readiness and America's place in the world.

HONORING NEW HOPE BAPTIST
CHURCHS**HON. NICK LAMPSON**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. LAMPSON. Mr. Speaker, I rise today to honor the New Hope Baptist Church in Port Arthur, Texas, which will be receiving a State Historical Marker from the Texas Historical Commission on October 15, 2000. New Hope Baptist Church was the first African-American Baptist Church and was officially founded on August 12, 1906, but existed quite some time before that date. The church was first organized by the Rev. Stevenson, Sis. Copeland, Sis. Laura Hebert, and Sis. Sharlit Bill. New Hope was originally located on Titsingh Street (now known as Marian Anderson Avenue).

As the African-American population grew, a larger place of worship was needed and a one-room building was rented on West 10th Street. The Rev. A.D. Hendon was the first official pastor and served one year and 11 months. Professor A.J. Criner was the first Chairman of the Deacon Board, as well as the Principal of the African-American public school. The New Hope Baptist Church had 14 charter members, and some of the early members included: Rev. Stevenson, Sis. Copeland, Sis. Sharlit Bill, Sis. Laura Hebert, Nora Wade (King), Will King, M.G. Glass, A.J. Criner, Nellie Jones, Rev. A.D. Hendon, W.M. Richardson, Vallie Brown, J.W. Willis, W.P. Powell, A.W. Edwards, and Willie Braxton.

The one-room building was used as a stable during the week. On Saturdays, the members would start clearing out the stable and assembling makeshift benches with boxes and planks for members to sit on. There was no pulpit. The minister would stand in front of the congregation with his Bible in hand and preach. The building would often flood and leak when it rained. Rev. J.E. Nelson was the second pastor and served one year, through 1909. During his administration, the first church was built at the same spot where the old structure stood. Hurricanes reportedly blew down two church buildings and early records were lost in floods and storms.

New Hope developed a close relationship with the first Methodist Church of Port Arthur and Israel Chapel A.M.E. Church on Texas Avenue. Each alternated its services to allow the other to hold worship services in its sanctuary during a building program. Rev. J.W. Williams came in 1910 and rebuilt the church that was destroyed by a hurricane. However, this building was soon destroyed. Mr. Speaker, throughout the 20th Century New Hope Baptist Church should serve as an example to us all—always keep the faith and hope to rebuild.

TRIBUTE TO BETSY CROWDER

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. ESHOO. Mr. Speaker, I rise today with a heavy heart to honor Betsy Crowder, a well-known and loved constituent who distinguished herself in so many ways and whose life was cut short on September 29, 2000.

Born in Boston, Betsy Crowder's love and appreciation for the environment developed early on when her parents would take their four daughters on camping trips in Canada during the summer. She met her late husband Dwight in 1949, when they were both members of the Stanford University Alpine Club and they were married a year later. In 1960, the Crowders built a home in Portola Valley and became very active in local conservation issues.

Betsy Crowder served on numerous County and local advisory committees for land use and trails including the Portola Valley Conservation Committee, the San Mateo County Trails Advisory Committee, the Bay Area Ridge Trail Council, the San Mateo County Bikeways Advisory Committee, the Committee for Green Foothills and the Planning and Conservation League.

Betsy Crowder also served as a Planning Commissioner for Portola Valley from 1972 to 1977 and as an environmental planner for the City of Palo Alto from 1972 to 1980.

Since 1989, she was a member of the elected Board of Directors of the Midpeninsula Regional Open Space District (MROSD), including two years as President of the Board in 1993 and 1998. During her tenure on the Board, MROSD's lands grew from 32,000 acres to 43,000 acres and she was a very active member on MROSD's Coastal Advisory Commission for the District's plan to annex the San Mateo County Coast.

Mr. Speaker, Betsy Crowder was an exceptionally kind and selfless woman dedicated to her family, her community and her country. Her tireless commitment and stewardship of the environment inspired everyone. She lives on through her two children, two grandchildren, three sisters, 15 nieces and nephews, and through all of us who were blessed to be part of her life.

Mr. Speaker, it is with great sadness that I ask my colleagues to join me in paying tribute to a uniquely wonderful woman who lived a life of purpose and to extend our deepest sympathy to her daughters, Wendy and Anne, and the entire Crowder family.

POLISH OFFICERS MONUMENT

HON. BENJAMIN L. CARDIN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. CARDIN. Mr. Speaker, on Nov. 19, 2000 the National Katyn Memorial Committee will dedicate a monument in Baltimore, Maryland to the memory of more than 15,000 Polish Army officers who were massacred by Soviet soldiers in the spring of 1940.

In September, I was honored to accept an award on behalf of Congress presented by Father Zdzislaw J. Peszkowski, a survivor of the massacre. The medal was presented on behalf of the Katyn families in recognition of U.S. congressional hearings conducted in 1951 and 1952 that focused world attention on this World War II massacre that occurred in the Katyn Forest.

While this massacre occurred more than 50 years ago, it is important that we remember what happened. In 1939, Nazi Germany invaded Poland from the west and the Soviet Union invaded from the east. In 1940, more

than 15,000 Polish Army officers were placed in detention, then taken in small groups, told they would be freed and then were gunned down in the Soviet Union's Katyn Forest. In 1943, the German Army discovered the mass graves, which the Russians tried to blame on the Germans. It was long suspected that the massacre was the work of the Soviets. Final proof came in 1989, after the fall of the Soviet Union, when President Gorbachev released documents that clearly proved the Soviets, with the full knowledge of Stalin, had carried out the massacre.

For more than a decade, the Polish-American community has raised funds to construct a fitting memorial to honor the victims of the massacre. The 44-foot statue has been permanently installed near Baltimore's Inner Harbor at President and Aliceanna Streets. I want to commend the Polish-American community and Alfred Wisniewski, Chairman of the National Katyn Memorial Committee, and the entire committee, for their tireless efforts in making this memorial to the victims of this atrocity a reality.

I urge my colleagues to join me in paying tribute to the memory of these murdered Polish Army officers. The Katyn Memorial in Baltimore will be a lasting reminder to all of us that we must never tolerate evil and tyranny and that we must continue to speak out for justice and tolerance.

ELECTION COMMISSION OF
PUERTO RICO**HON. PATRICK J. KENNEDY**

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. KENNEDY of Rhode Island. Mr. Speaker, both the House and Senate have approved an appropriation of \$2.5 million to the Office of the President as requested by the President for a grant to the Elections Commission of Puerto Rico to be used for voter education on and a choice among the options available for the island's future political status. This marks an historic step forward in two key respects in the process of self-determination for the almost four million American citizens of Puerto Rico.

First, it represents the first authorization from Congress for the United States citizens of Puerto Rico to choose the ultimate political status for their island. Presidents since Truman have been seeking such an authorization and each House has passed similar language in the past, but the same language has never passed both Houses and been enacted into law. Our approval of this appropriation should be read as Congress' determination to resolve the century-long question of the island's ultimate status and let Puerto Rican Americans choose a fully democratic governing arrangement if they wish to replace the current territorial status.

Second, by adopting this provision as part of the unanticipated needs account of the Office of the President, it is Congress' intention that its support for a future vote in Puerto Rico be coordinated with the Administration's efforts to provide realistic options to be included on the ballot in the island's next referendum. In recent months the President has brought Puerto Rico's major political parties together in an unprecedented effort to define the available

political status options. Our approval of the \$2.5 Million request evidences our expectation that the White House will provide realistic options upon which to base a future status referendum. It can only responsibly allocate the funds for the consideration of options that are realistic.

Puerto Rican Americans have contributed to this Nation for over 102 years, both in peace and in wartime, and deserve the opportunity to resolve the uncertainty regarding their political status based on clearly defined status options consistent with the Constitution and U.S. law and with the support of Congress. This legislation along with realistic status options to be provided by the Administration will help us honor their contributions by moving the process of self-determination forward towards the establishment of a permanent and final political status for Puerto Rico.

TRIBUTE TO MRS. THELMA F. RIVERS

HON. JAMES E. CLYBURN

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. CLYBURN. Mr. Speaker, I rise today to pay tribute to Mrs. Thelma F. Rivers of Timmonsville, South Carolina, prior to the celebration of her 115th birthday.

Mrs. Rivers was born on November 3, 1885, in Darlington, South Carolina, to a mother and father who were born into slavery. This makes her one of the few people to have ever lived to experience three centuries of American history. Her sharp memory is treasured by all. When Mrs. Rivers reminisces about her youth, she remembers picking two bales of cotton every day and sewing quilts with tobacco thread.

Remarkably, Mrs. Rivers remains independent and capable despite her years. She is on no medication, and has no use for eyeglasses, hearing aids, or canes. Living alone until last year, she even chopped her own wood, being that she chose to remain living in a home still furnished with a wood burning stove. Many of her younger counterparts can't even boast of this type of health and autonomy.

Mrs. Rivers has been blessed with several children, nearly 100 grandchildren, numerous great grandchildren, and the list continues. She attributes her long life to her faith in God and allowing Him to "hold her hand while she runs this race."

Mrs. Rivers has won no gold medals or Nobel prizes, but today, having lived through 115 years is a tremendous and commendable achievement. It is a testament to faith, strength, love, and wisdom.

Mr. Speaker, please join me in paying tribute to this miraculous South Carolinian upon the celebration of her birthday.

TRIBUTE IN HONOR OF THE CENTENNIAL OF SYMPHONY HALL IN BOSTON, MASSACHUSETTS

HON. MICHAEL E. CAPUANO

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. CAPUANO. Mr. Speaker, it is with great pleasure that I rise today to pay tribute to one

of America's most historic crown jewels, Symphony Hall, as it celebrates its centennial and its many contributions to Boston, the Nation and the world.

The Hall was the brainchild of "Major" Henry Lee Higginson, founder of the Boston Symphony Orchestra (BSO). In the early 1890s, Higginson made the decision to build Symphony Hall due to the fact that the Boston Music Hall was no longer meeting the needs of the BSO and its patrons.

Major Higginson chose Charles Follen McKim of the New York firm of McKim, Mead and White as the architect of the Hall. At that time, McKim was the most prominent architect in the United States. However, one of the most influential persons involved in the project was a Harvard physicist by the name of Wallace Clement Sabine. Mr. Sabine, the founder of the science of architectural acoustics, served as acoustical consultant during the construction of the Hall. As a result of Sabine's input, Symphony Hall became the first concert hall designed with the aid of modern acoustical science, and today is ranked among the three best acoustical concert halls in the world.

Ground breaking on the Hall took place on June 12, 1899 and it opened its doors on October 15, 1900. Ever since its opening, Symphony Hall has played a major role in new music activity. It has been the scene of more than 250 musical world premiers, including major works by Samuel Barber, Aaron Copeland, George Gershwin, and John Williams.

Though it is principal home of the Boston Symphony and the Boston Pops orchestras, other performing artists use it 60–70 times a year. It is also interesting to note that for many years Symphony Hall was the largest public building in Boston and served as the city's major civic gathering place. Among such civic events were: the First Annual Automobile Show of the Boston Automobile Dealers' Association (1901); a debate on American participation in the League of Nations, advocated by Harvard President A. Lawrence Lowell and opposed by Senator Henry Cabot Lodge (1919); and all the inaugurations of Boston's Mayor James Michael Curley.

The Hall has regular radio and television broadcasts of the Boston Symphony Orchestra and the Boston Pops. The first radio broadcast took place on January 23, 1926, with the first national radio broadcast took place on October 4, 1930 in honor of the BSO's 50th anniversary. Television broadcasts from Symphony Hall began in 1963 and in 1969 the program Evening at Pops was launched in co-operation with WGBH. This program has gone on to become the second longest-running series on public television, after Sesame Street.

Today, Symphony Hall continues to have a profound impact on the world of music and maintains its distinction as one of the world's finest concert halls. The Department of the Interior recently paid fitting tribute to Symphony Hall's national and historic significance by designating it a National Historic Landmark. I have no doubt that Symphony Hall will continue to be a strong influence in the world of music for the next century and I want to extend my heart-felt congratulations to all those persons that have been entrusted with maintaining the legacy of Symphony Hall. So I close with wishing Symphony Hall a happy birthday and the good fortune of celebrating at least another one hundred.

RECENT VIOLENCE IN THE MIDDLE EAST

HON. BENJAMIN L. CARDIN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. CARDIN. Mr. Speaker, I rise today with a heavy heart, after learning this morning about the latest violence in Israel. News reports indicate that two Israeli reserve soldiers were killed in the West Bank town of Ramallah. The Israeli soldiers were detained by the Palestinian police after they inadvertently made a wrong turn down a street, and were taken to a police station. Apparently a mob of Palestinians broke into the police station, slaughtered the Israeli soldiers, and paraded their bodies through the streets.

I call on Mr. Arafat to live up to his obligations under the Oslo Accords, and to maintain public order and calm in the West Bank through a vigorous use of the Palestinian police force. Let us remember that the Palestinians now fully control over 40% of the West Bank and Gaza, with over 95% of the Palestinian population under the civil administration of the Palestinian Authority. As the Palestinians gain greater authority and control over their domestic affairs, they also must shoulder the additional security responsibilities that come hand-in-hand with territorial control. The Palestinians must ensure the safety of both Israelis and Palestinians within their areas of control.

Mr. Arafat has personally assumed responsibility over all PLO elements and personnel in order to assure the maintenance of peace, law, and order in the West Bank. Just a few days ago Mr. Arafat allowed a Palestinian mob to destroy Joseph's Tomb, a Jewish holy site in the West Bank, just hours after Israeli troops withdrew and allowed the Palestinian police to take control.

Mr. Speaker, each of us prays for peace in the Middle East. The only way to achieve peace is for the Palestinian leaders to not only condemn but to take steps to stop terrorism and violence.

INTRODUCTION OF THE UNITED STATES COMMISSION ON SECURITY IN AN OPEN SOCIETY ACT

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. NORTON. Mr. Speaker, today I introduce the United States Commission on Security in an Open Society Act, expressing an idea I have been working on for two years. Before our eyes, parts of our open society are gradually being closed down because of fear of terrorism. This act would begin a systematic response that takes full account of the importance of maintaining our democratic traditions while responding adequately to the real and substantial threat terrorism poses.

The bill I introduce today is being simultaneously introduced by the gentleman from New York, Senator DANIEL PATRICK MOYNIHAN, who is retiring this year. His unique career, as the Senate's intellectual leader, and as architect of the revival of Pennsylvania Avenue and

a good deal of the rest of the renaissance of the Nation's Capital makes him the perfect partner for this bill. Because the bill embodies much of the breadth of concerns of the man and his career, I believe that the passage of the United States Commission on Security in an Open Society Act during this Congress would be another fitting tribute to Senator MOYNIHAN's service.

Recent history has been marked by the rise of terrorism in the world and in this country. As a result, American society faces new and unprecedented challenges. We must provide higher levels of security for our people and public spaces while maintaining a free and open democratic society. As yet, our country has no systematic process or strategy for meeting these challenges.

When we have been faced with unprecedented and perplexing issues in the past, we have had the good sense to investigate them deeply and to move to resolve them. Examples include the Warren Commission following the assassination of President John F. Kennedy and the Kerner Commission following riotous uprisings that swept American cities in the 1960's and 1970's.

The problems associated with worldwide terrorism are of similar importance and dimension. The Act requires that a commission be presidentially appointed because to be useful in meeting the multiple problems raised, a careful balance of members representative of a cross section of disciplines will be necessary. To date, questions of security most often have been left to security and military experts. They are indispensable participants, but they cannot alone resolve all the issues raised by terrorism in an open society. In order to strike the balance required by our traditions, constitution and laws, a cross cutting group representing our best and wisest minds needs to be working at the same table.

With only existing tools and thinking, we have been left to muddle through, using blunt 19th century approaches, such as crude blockades and other denials of access. The threat of terrorism to our democratic society is too serious to be left to ad hoc problem-solving. Such approaches are often as inadequate as they are menacing.

We can do better, but only if we recognize and then come to grips with the complexities associated with maintaining a society with free and open access in a world characterized by unprecedented terrorism. The place to begin is with a high-level presidential commission of wise experts from an array of disciplines who can help chart the new course that will be required to protect both our people and our precious democratic institutions.

2000 ORGAN COORDINATOR IMPROVEMENT ACT AND ORGAN DONOR ENHANCEMENT ACT

HON. JAY INSLEE

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. INSLEE. Mr. Speaker, today I rise to introduce two bills to address organ scarcity, The Organ Coordinator Improvement Act and The Organ Donor Enhancement Act. These bills complement each other in their purpose to increase the number of recoverable organs

and make the best use of available organs for transplant.

Every 14 minutes, a new person is added to the list of patients in need of an organ transplant. This list is 72,000 patients long today. Last year, we recovered over 21,000 organs for transplant from just over 10,000 individuals. In the same amount of time, we added 38,850 people to the list. These numbers illustrate the urgency behind this issue. Ten people die every day because there was no organ available for transplant. The single greatest barrier to saving lives with organ transplants is the scarcity of available organs.

I realize that we are at the end of session and the likelihood of these bills being enacted is minimal. But it is a crucial time to introduce these concepts and ask for support on this vitally important legislation. I am hopeful we can use this time between now and the start of the new Congress to build consensus on these initiatives. I want to gather opinions and expertise from my fellow members and the patients, organizations, and experts in their districts. The sooner we can get the ball rolling on this issue, the faster we will be able to save lives. We must act now to make progress on this heartbreaking inadequacy.

The problem is easy to define. There are simply not enough organs to meet the needs of the patients waiting for them on the transplant lists. The challenge before us is to maximize the number of available organs and to maximize the recovery of organs available for donation. When an organ becomes available for transplant, we must spare no resource to ensure that it is delivered to a patient in need. We can do this in three ways. We must first educate more people about organ donation and encourage them to become organ donors. HHS should be congratulated for their efforts in this regard. Next we must invest in research and resources for hospitals and medical schools to improve the success rates of organ donation and options available to those who are in need of organ transplants. Finally, we must make absolutely sure that no organ goes to waste. Currently only a fraction of organs available for donation are actually recovered and made available for transplant. That's where this legislation comes into effect.

Today I rise to introduce the Organ Coordination Improvement Act, which would dramatically improve the organ recovery rate. I asked the experts in hospitals and in organ procurement organizations what the single best thing Congress could do to assist with organ recovery efforts. The answer was simple: provide more staff in the hospital dedicated to this effort. This deceptively simple answer points to a greater truth. Only a very few hospitals and Organ Procurement Organizations actually have specifically trained and dedicated staff in the very setting that they are needed most—the front lines of our health care system. When those staff do exist, they make a dramatic difference. A pilot program through HHS to put specifically trained Organ Coordinators in hospitals in Maryland and Texas had a dramatic effect. In one year, Organ Coordinators more than doubled the recovery rate for organs. By placing Organ Coordinators in the hospitals, hospital consortiums or OPOs with the greatest potential for organ coordination, there is a tremendous opportunity to double the number of lives saved through organ transplants.

This legislation does just that. The bill provides grants to fund staff positions for Organ

Coordinators. A person in this position would be charged with coordinating the organ donation and recovery efforts within a hospital, or in some cases, a group of hospitals.

Half of Organ Coordinators would be employed by hospitals and the other would be employed by Organ Procurement Organizations (OPOs). Both hospitals and OPOs are leaders in organ recovery efforts and both should be involved in this process. To build on this positive partnership, a control board would be established to coordinate the activities of the Organ Coordinators. The control board would have representation from both the hospital and the OPO, irrespective of which entity received the grant.

By placing Organ Coordinators in the hospitals, hospital consortiums or OPOs with the greatest potential for organ coordination, there is a tremendous opportunity to double the number of lives saved through organ transplants. Hospitals and OPOs share an important goal and this bill will serve to augment local success stories and local partnerships that already exist in our communities.

The second bill that I am proposing is the Organ Donor Enhancement Act, which would establish a national living donor registry based on the National Bone Marrow Registry. Last year, 10,538 people made their organs available for transplants. Of these, 4,640 people were living donors. Last year there were 9,237 kidney transplants performed, 4,441 transplants from living donors. Clearly, organ transplants have progressed to the point where nearly 45 percent of all kidney transplants done in 1999 were from living donors.

Mr. Speaker, no longer must a patient on the transplant list wish for an organ to become available from a horrible accident. Now kidneys and livers may be transplanted from one person to another and we have an obligation to help save the lives of the more than 62,000 people waiting for them.

The National Bone Marrow Registry has operated successfully since 1986 by registering people who are willing to donate their bone marrow to save somebody's life. Sometimes these are family members, friends or even strangers who possess the courage and compassion to be a living organ donor. While maintaining the highest privacy protections for registered volunteers, doctors are able to search and locate potential organ matches. The sheer scale of a national organ registry will enhance the practice of organ transplantation with increased speed and efficiency that no other resource could offer.

The National Living Donor Registry aims to break down the largest barrier to organ transplantation. It increases the number of potential donors and establishes a mechanism for doctors to match organs to patients. Here in the shadow of the Capitol Dome, the Executive Director of the Washington Regional Transplant Consortium reports that more than 2 people a week contact her and inquire about becoming a living organ donor. Currently, living donors comprise 45 percent of all kidney transplants that are performed. The availability of living donors means particularly strong hope for liver and kidney transplants, especially because kidney patients make up two-thirds of the transplant wait list. The time is now for a voluntary, national list to enable these everyday heroes to become life-savers.

In the midst of a tragedy, an organ transplant can create something awesome. A tragedy can save a life. For grieving families, it

can be consolation that death has not struck in vain, and that indeed, their loved one continues to give energy and life. For thank every-day heroes who seek to become living donors, their gifts are the greatest gift of all. It is wonderful that medical technology has brought us so close to the miracle of life through organ transplant. Transplants have been performed since the 1960's and are now performed for 11 organs. Just last year, new types of liver transplants were being performed.

We must work to maximize our resources and make the most efficient use of them. There is no doubt about the need for organs. The potential lives that could be saved should encourage us to work on these two pieces of legislation to increase the number of recoverable organs and maximize the potential of available organs.

Lastly, I must offer my gratitude to the numerous patients, doctors, hospitals, organ procurement organizations and other individuals who offered valuable feedback on these bills. Many people have already put much time and effort in assisting me with the best ways to address organ scarcity. They have provided invaluable assistance and counsel, advice and criticism, and I thank them for their help. I ask my colleagues and others interested in organ recovery, organ donation and organ transplantation to examine these bills and provide me with their comments.

It is my hope that by introducing these bills, more patients and professionals in the field will be inspired by these efforts to work with me. It is essential that they continue to be generous in their comments, opinions, questions, criticism, and ultimately, support. I welcome the response of my colleagues on these two bills and look forward to further discussion next session.

IN HONOR OF LIEUTENANT EUGENE CANFIELD, DETECTIVE JOSEPH LOPEZ, AND POLICE OFFICER ANGEL MALDONADO, RECENT RETIREES FROM THE JERSEY CITY POLICE DEPARTMENT

HON. ROBERT MENENDEZ

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. MENENDEZ. Mr. Speaker, today I honor three recently retired police officers, who have dedicated their lives to serving and protecting Jersey City, New Jersey.

Lieutenant Eugene Canfield, Detective Joseph Lopez, and Police Officer Angel Maldonado retired on September 1, 2000, after exceptional careers as law enforcement officers. During their careers, these fine officers held one principle foremost in their minds: namely, that residents of Jersey City need and deserve a safe community.

Lieutenant Eugene Canfield began his career as an officer with the Jersey City Police Department on September 11, 1976. He is the recipient of two excellent police service awards and one police commendation. Lieutenant Canfield served in Operations (Patrol Division); Special Patrol Bureau; Central Communications Bureau; and the Field Leadership and Training Unit. Lieutenant "Gene" Canfield was not only an exceptional police officer, but also a talented actor, playing Al Pacino's chauffeur in "Scent of a Woman."

Detective Joseph Lopez began his career as an officer with the Jersey City Police Department on September 11, 1976. He is the recipient of eight excellent police service awards, two commendations, the class "E" award, and a unit citation. Detective Lopez served in the East District Patrol; the Car Pound Administration; the Special Investigations Unit, the Auto Theft Squad, and the North District Detective Division.

Police Officer Angel Maldonado began his career with the Jersey City Police Department on February 23, 1981. He is the recipient of four excellent police service awards and two commendations. Officer Maldonado served in the Detective Squad; the Juvenile Bureau; the West District Patrol; and the East District Patrol.

I commend these officers for their courage and commitment, and I ask that my colleagues join me in honoring them today.

JERSEY SHORE HUMANITARIANS HONORED

HON. FRANK PALLONE, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. PALLONE. Mr. Speaker, on September 21, the Jersey Shore Chapter of The National Conference for Community and Justice (NCCJ) held its 32nd Anniversary Humanitarian Awards ceremony. NCCJ is a national human relations organization with local chapters dedicated to fighting bias, bigotry, and racism. It promotes understanding and respect among all races, religions and cultures through advocacy, conflict resolution and education.

So it is with great pride that I congratulate the recipients of this year's awards for their outstanding community service to the Jersey Shore, much of which I represent in Congress. They include:

Dr. Frank Arlinghaus, founder of our Congressional Award, chairman and president of the N.J. Congressional Award Council, Naval Reserve captain and Special Assistant for Reserve Affairs to the Medical Officer of the Marine Corps, and a pulmonary and critical care physician in Red Bank, N.J.;

Bahiyah Abdullah, director of Marketing and Membership for the Ocean County Girl Scout Council for the last 12 years and active in numerous civic organizations, including the NAACP, Ocean County Human Relations Commission and Jack and Jill of America;

Solomon S. Greenspan, managing partner of Rudolf, Cinnamon & Calafato, LLC. He is on the board of the Monmouth County Jewish Federation, and the Urban League and is a Councilman for the Township of Ocean. He is past president of the Monmouth County Jewish Community Center and United Way.

The following two physicians helped develop the Parker Family Health Clinic, a free health center on Red Bank's west side:

Dr. Eugene F. Cheslock, an internist, is executive vice president of Meridian Health System, Riverview Medical Center's Riverview Foundation. He is past president of the Monmouth County Cancer Society and has received prestigious awards from the Urban League and the Salvation Army, among others.

Dr. Timothy Sullivan, an otolaryngologist, is senior vice president for medical affairs at Meridian Health System, Riverview Medical Center. He is a member of the Boards of Trustees of Volunteers in Medicine and Rio Vista Equipo Medico. He also serves as co-leader of medical missions to Guatemala to provide medical care, including cleft palate surgery.

The Women's Center of Monmouth County has, for 24 years, provided invaluable services to families affected by domestic violence and sexual assault and has received five major awards for its outstanding work. Anna M. Diaz-White, executive director and a staff member for 16 years, accepted the award on behalf of the Center. I congratulate Ms. Diaz White and all the staffers and volunteers who make the Center the valuable community asset that it is.

The Jersey Shore Chapter of NCCJ also applauded Anytown, NJ, a week-long program for high school students in which they break barriers, deal with biased behavior and develop an action plan to reduce prejudice in their hometowns.

I have worked with Dr. Arlinghaus for many years on the Congressional Award which seeks to encourage strong values and community service. Before that, he worked with the late Rep. James J. Howard, the original sponsor of the law enacting the Congressional Award program. Because of his association with an important Congressional initiative, I wanted to share with my colleagues a excerpts from his acceptance speech:

I submit the following excerpts from Dr. Arlinghaus's September 21 speech into the RECORD.

"It was many years ago this month that Joe Gouthro and I met the then Congressman Howard to describe to him a dream called the Congressional Award and ten years later it became a Public Law. Since that very humble beginning much has passed into our history. And from that very unique experience of working with Congress, I have observed many unique events and personalities and beg your indulgence to share a thought and a theme with you this evening.

A new millennium has begun and our republic stands as what has been described as the world's indispensable nation. Two thousand years ago the Roman Empire in the western world occupied very much the same position economically, militarily and in the minds of those who lived then. The mythic story of the founding of the Roman Republic by the poet Virgil in the Aeneid emphasized one essential point, one essential virtue, one essential value. Aeneas was pious. He was humble before his "gods" and from that piety flowed his strength and the future moral vibrancy of Rome. When Aeneas lost his piety, when Rome forsake that piety, when individual citizens abandoned that value, Rome was lost."

"... Like pious Aeneas we are warned by history how important these values are. Can we be successful in keeping our sense of Community or our sense of Justice without such values? Whether it be through the NCCJ or the Congressional Award or through the works of our fellow citizens: Bahiyah and Sol, Eugene and Tim, and the Women's Center, these values are self-evident and command our allegiance. Such values are at the heart of the wonderful acts of service of my more-than-distinguished co-recipients this evening. As Hans Kung the noted philosopher and moralist wrote "the will of the almighty is carried out through service to human beings." And as our Founding Fathers prayed: "We have given you a Republic. It is up to you to keep it."

CONFERENCE REPORT ON H.R. 4205,
FLOYD D. SPENCE NATIONAL DE-
FENSE AUTHORIZATION ACT FOR
FISCAL YEAR 2001

SPEECH OF

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 11, 2000

Ms. SANCHEZ. Mr. Speaker, as a member of the House Armed Services Committee, I rise in strong support of the National Defense Authorization Conference Report H.R. 4205.

I would like to thank Mr. SPENCE, Mr. SKELTON, Subcommittee Chairs, Ranking Members, and of course Committee Staff for all the hard work that they put into reconciling the Defense Authorization Bill.

This year's Authorization Bill makes great strides toward improving Modernization, Quality of Life, and Military Readiness.

First, Military Health Care is getting on the right track, but we still have a lot of work to do to improve service to active duty and retired service members.

Second, Recruiting and Retention are showing signs of improvement, but will be a constant challenge during strong economies and changing demographics.

Although this committee has made significant improvements in quality of life benefits, I'm concerned that the junior ranks do not understand what these improvements mean to them.

According to a DoD survey of service members, basic pay is the number one reason to stay or leave the military.

But do they understand the value of their benefits, beyond take home pay, when they make their decision to leave?

I have introduced legislation, H.R. 4388, which provides service members information on their benefits, to including VA benefits, the value of those benefits, and how their benefits compare to civilian counterparts.

Given this information, I hope more may understand the grass is not necessarily greener on the other side and opt to make a career out of military service.

I thank the Committee for acknowledging the merits of this legislation by including reporting language in this bill requiring the Department of Defense to report on what the Department is doing in educating service members on the value of their benefits.

Third, I would like to commend the Committee on their work in improving R&D accounts, specifically Science and Technology.

R&D is the future of this Nation's defense. We should not shortchange our future to fund present day shortfalls. R&D is critical in maintaining the technological edge to combat the growing and changing threats to our Nation's security.

Finally, I would like to commend the Committee for incorporating H.R. 3396 in the Defense Authorization Bill and look at California as a potential production site for the Joint Strike Fighter.

An independent study found that building the JSF at the Air Force Plant 42 in Palmdale, California could save upwards of \$2 billion over the life of the project.

These savings are based on state and local economic incentives, such as tax credits, and inherent capabilities, such as the existing 1.2

million square foot B-2 production facility, highly trained aerospace work force, and close proximity to test facilities.

If we are asking taxpayers to support the best manned, equipped, and trained fighting force in the world, we must ensure it's the most cost effective fighting force in the world.

In closing, I commend all the Committee Chairs, Ranking Members and Staff for working with their Senate counterparts to produce a bipartisan bill that looks out for those who serve and preserve's our role as the World's premier fighting force.

I urge my colleagues to support this bill.

TRIBUTE TO MIRIAM GOBSTOOB
CANTER

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. DAVIS of Illinois. Mr. Speaker, on Thursday, October 12, 2000 the name of the Louis Wirth Experimental School in Chicago's Hyde Park neighborhood will be changed to honor one of its founders: Miriam Gobstobob Canter.

Almost one year after Miriam died, it will be a fitting tribute to the life of a most remarkable woman who devoted much of her life to public education.

Miriam Gobstobob was born in 1923 in Boston, Massachusetts. She attended Boston University and joined the Women's Air Corps in 1944. She devoted herself to the war effort and was a part of the successful effort to integrate her company.

After the war, and her honorable discharge, she joined the first all-women's Jewish War Veteran's Post. She became a commander of that post and later in life commander of the Chicago Jewish War Veteran's Post, the only woman to command two such posts.

In 1956 she married David S. Canter and moved to Chicago where she dived into work, family and community activism.

Their children, Marc, Evan and Anna drew Miriam into a lifetime commitment to education including President of the Kenwood-Ellis Cooperative Nursery School, President of the Shoesmith School PTA, President of Wirth School PTA, President of Kenwood High School PTA, President of Metro High School PTA, Community Representative of Wirth Local School Council.

She was recognized with awards including the Distinguished Service Award for 25 years of service to public education at Wirth School and the Achievement Award for 10 years Service for Local School Council participation.

There were many other facets to Miriam's love of community and country.

She worked for over 20 years at Michael Reese Hospital, was a founding board member of the Michael Reese Health Plan and the Women's Health Initiative. She was active in protecting the rights and interests of hospital workers.

Miriam made her home a center for activism and was fiercely active in the struggle for civil rights, banning nuclear weapons and in opposition to the war in Vietnam. From freedom marches and peace meetings to fund-raising events and making sandwiches no job was too big or too small for Miriam.

She was awarded (posthumously) the Unsung Heroine Award by the Cook County Women's Commission.

Miriam's home was a joyous place to visit. She was a hostess par excellence, and, according to at least one eye witness was a key player in the greatest little floating mah jongg game in Chicago.

Miriam is survived by her husband, three children, six grandchildren and uncounted friends, neighbors and coworkers. She will be remembered not only because her name is affixed to a public middle school, but because her name in indelibly engraved in the hearts of all those who knew her.

PERSONAL EXPLANATION

HON. JIM KOLBE

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. KOLBE. Mr. Speaker, on October 10, 2000, I was on an airplane returning from my district and missed the following votes: H.R. 208, to amend Title 5, U.S. Code, to allow for the contribution of certain rollover distributions to accounts in the Thrift Savings Plan; H.R. 762, the Lupus Research and Care Amendments; and S. 2438, the Pipeline Safety Improvement Act.

Had I been present, I would have voted "yea" on all three of these votes (#519, #520 and #521).

A TRIBUTE TO MRS. DALE
STRAYHORN, PRINCIPAL OF RO-
CHELLE MIDDLE SCHOOL,
LENOIR COUNTY, NORTH CARO-
LINA

HON. EVA M. CLAYTON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. CLAYTON. Mr. Speaker, for almost two decades, Mrs. Dale Strayhorn has quietly and effectively touched the lives of hundreds of young people. As a teacher, school administrator and principal, she has helped our communities meet the challenge of child-raising.

She has now brought her considerable energy and expertise to Rochelle Middle School in Lenoir County, North Carolina, where she currently serves as principal. Since arriving at Rochelle, she has made every student feel important and has made every parent feel that the education of their child is being taken very seriously.

Dale Strayhorn is an educator, a mentor, an advisor, an advocate, a counselor, a visionary. She cares. She dares to be different, and she has made a difference. But, her path to excellence has not been easy. Like all who teach well, she first had to learn. One of eight children, she was instructed by her father to "get a job or go to college." She did both. She attended North Carolina Central University in Durham, and she took on the tough task of raising her daughter Gwen, beginning in her Sophomore year.

Over the years, Mrs. Strayhorn has taught elementary school, taught military-dependent children and taught alternative school children,

among many other experiences. In all instances, she has emphasized character building, skill development and preparation for the future.

Despite her many accomplishments and her tireless agenda, she has always found time to be a devoted wife, a loving mother, a dedicated daughter and a dutiful member of her church. While balancing many responsibilities, she has never neglected to balance her priorities—those things most important in life—family, friends, neighbors, community and church.

Those who are charged with the education, growth and development of our young people must be among the best, the brightest, the most honorable. They must love what they do and conduct themselves with the highest standards and with impeccable integrity. Mrs. Dale Strayhorn meets and exceeds all of those qualities.

While she has assumed the role of Principal at Rochelle, above all, she is a teacher, one who guides, instructs and paints a path for others to follow. She deserves our praise and adulation.

RECOGNIZING THE 75TH ANNIVERSARY OF THE UNIVERSITY OF ROCHESTER MEDICAL CENTER

HON. THOMAS M. REYNOLDS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. REYNOLDS. Mr. Speaker, I rise today to recognize the 75th Anniversary of the University of Rochester Medical Center.

From quality, compassionate patient care to cutting-edge research to individualized student education, the University of Rochester Medical Center has earned a nationwide reputation for excellence. Since its founding by Dean George Hoyt Whipple, the School of Dentistry and Medicine has produced some of our country's most skilled doctors and researchers, whose commitment to the art of healing has made a real difference in the lives of countless people and families.

To continue their tradition of excellence and prominence, the University of Rochester Medical Center will today mark the investiture of three deans, who will build on the center's successes heading into its second 75 years of service. They are Patricia Chiverton, Ed.D., R.N., EN.A.P., third dean of the School of Nursing; Deborah Cory-Slechta, Ph.D., first dean of Research of the School of Medicine and Dentistry and Director of the Aab Institute of Biomedical Sciences; and Edward Hundert, M.D., as the eighth dean of the School of Medicine and Dentistry.

Mr. Speaker, I ask that this House of Representatives join me in saluting the achievements of the University of Rochester Medical Center on the occasion of their 75 Anniversary, and that this Congress join with me in wishing continued success upon the celebration of the investiture of Deans Hundert, Cory-Slechta and Chiverton.

CONFERENCE REPORT ON H.R. 3044, VICTIMS OF TRAFFICKING AND VIOLENCE PROTECTION ACT OF 2000

SPEECH OF

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Friday, October 6, 2000

Mrs. MORELLA. Mr. Speaker, there have been many members who have supported my efforts to reauthorize the Violence Against Women Act. One such member, Representative LLOYD DOGGETT, spoke in support of this legislation and also sought to become a cosponsor of this act. Unfortunately, a communication error in the clerk's office precluded him from being added as an official cosponsor. I would like to thank Mr. DOGGETT for his efforts in support and cosponsorship of this legislation.

PERSONAL EXPLANATION

HON. SUE WILKINS MYRICK

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. MYRICK. Mr. Speaker, due to my duties at the presidential debate last night, I was unable to participate in the following votes. If I had been present, I would have voted as follows:

Rollcall vote 526, on the Motion to Instruct Conferees on H.R. 2415 to enhance Security of United States missions and personnel overseas, I would have voted "yea;" Rollcall vote 525, on agreeing to the Conference Report for the Agriculture and Rural Development Appropriations, I would have voted "nay;" and Rollcall vote 524, on ordering the Previous Question to waive points of order against the Motion to Instruct Conferees on H.R. 2415 to enhance Security of United States missions and personnel overseas, I would have voted "yea."

IN HONOR OF MRS. FARAH M. WALTERS

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. KUCINICH. Mr. Speaker, today I honor Mrs. Farah M. Walters who has been awarded the title of "Woman of Achievement" for her outstanding work in the field of health services.

Farah M. Walters has led a remarkable 32 year career in the health care industry. Her commitment to the well-being of the community is an example to us all. She has received due recognition for her remarkable public service. In June 2000, Mrs. Walters was awarded the March of Dimes Golden Mile Award for her leadership and dedication to saving babies. In addition to local community service, she was appointed to Mrs. Hillary Rodham Clinton's National Health Care Reform Task Force. Later that year, "Modern Healthcare" selected her as one of 50 individuals to shape future development of American health care. She

has demonstrated commendable dedication to all aspects of the health care field.

In her career, Mrs. Walters has undertaken positions of great responsibility. As president and chief executive officer of University Hospitals Health System and University Hospitals of Cleveland, she presides over a system that includes more than 15,000 employees, working in over 100 health service locations in 55 Northeast Ohio communities. While under Farah Walters' leadership, University Hospitals of Cleveland received the Exemplary Voluntary Effort (EVE) Award from the U.S. Department of Labor. This continuing commitment to one of the most important areas of public service deserves to be rewarded with due recognition and respect.

I ask my colleagues in the House of Representatives to join me today in honoring Mrs. Farah M. Walters whose outstanding community-based work has earned her the distinguished accolade, "Woman of Achievement."

THE ENVIRONMENT

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Ms. LEE. Mr. Speaker, for me, three key issues that we must as a community and a nation address are environmental justice, sprawl and livability, and the need to protect California's and the country's ecosystems.

All three of these issues are linked to a crucial concern that is very much on Americans' minds right now: energy.

Rising oil prices and falling home fuel oil supplies both point out one clear, absolute fact: fossil fuels represent a limited and gradually disappearing resource.

We need to address this problem today.

The answer to our oil problem does not lie in pillaging the Arctic National Wildlife Refuge, a precious, fragile, and unique ecosystem.

It does not lie in keeping current lax standards for gas mileage.

It does not lie in denying the basic fact that our planet is growing warmer and that the burning of fossil fuels is a significant factor in global warming.

It does not lie in polluting our soil, our water, our air, and our children with toxins.

The answers have to lie in conservation and innovation.

One answer is to raise the corporate average fuel economy standards across the board: Detroit can build more efficient cars; we need to increase the incentives to buy them and increase the disincentives to use gasoline wastefully.

California is leading the way in promoting greater fuel efficiency and searching for alternative energy technologies.

We need to work toward fuel cells, hybrid cars, and other alternative technologies.

We need to invest in mass transit. It will cost money but the dividends in reduced pollution, increased conservation, and reduced sprawl will be far greater than the initial price tags.

And we need to undertake these efforts today.

Our environment depends on it and in the long run so does our economy.

CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE FOR H.R. 4721

HON. DON YOUNG

OF ALASKA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. YOUNG of Alaska. Mr. Speaker, I submit for the benefit of the Members a copy of the cost estimate prepared by the Congressional Budget Office for H.R. 4721, a bill to provide for all right, title, and interest in and to certain property in Washington County, Utah, to be vested in the United States.

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, October 10, 2000.

Hon. DON YOUNG,
Chairman, Committee on Resources,
House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 4721, an act to provide for all right, title, and interest in and to certain property in Washington County, Utah, to be vested in the United States.

If you wish further details on this estimate, we will be pleased to provide them,

The CBO staff contacts are John R. Righter (for federal costs), and Lauren Marks (for the private-sector impact).

Sincerely,

BARRY B. ANDERSON
(For Dan L. Crippen, Director).

Enclosure.

H.R. 4721—An act to provide for all right, title, and interest in and to certain property in Washington County, Utah, to be vested in the United States

H.R. 4721 would transfer about 1,550 acres in real property in Washington County, Utah, to the federal government. As compensation for the government's taking of private property, the legislation would provide an immediate payment of \$15 million, with a subsequent amount to be paid to Environmental Land Technology, Ltd., the property owner, at a later date. The amount of the second payment would depend, in part, on whether the federal government could negotiate a settlement with the property owner.

Under a negotiated settlement, the second payment would include the difference between the property's appraised value and the initial payment of \$15 million, plus interest accrued from the date of the legislation's enactment. Alternatively, if the amount of the second payment is decided in a court of law, it would include the remaining property

value as determined by the court, accrued interest, reasonable expenses of holding the property from February 1990 to the date of the final payment, and reasonable court costs and attorneys' fees. The legislation would provide the full faith and credit of the United States to make such payments without further appropriation.

CBO estimates that enacting H.R. 4721 would increase direct spending by \$15 million in fiscal year 2001. The amount of the second payment is uncertain and will probably be determined in court. Based on information from the Bureau of Land Management (BLM), CBO estimates that a second payment of \$43 million would be made in 2002. The estimated total of \$58 million is the midpoint between the government's and the property owner's estimates of the property's value (between \$30 million and \$70 million), plus accrued interest and reasonable property and court-related expenses. This estimate assumes that, based on the wide difference in their estimates of the property's value, the two sides would be unable to negotiate an out-of-court settlement. Because H.R. 4721 would affect direct spending, pay-as-you-go procedures would apply. The changes in direct spending are shown in the following table.

By fiscal year, in millions of dollars										
	2001	2002	2003	2004	2005	2006	2007	2008	2009	2010
Changes in outlays	15	43	0	0	0	0	0	0	0	0
Changes in receipts	(1)	(1)	(1)	(1)	(1)	(1)	(1)	(1)	(1)	(1)

¹ Not applicable.

In addition, because it is possible that BLM would have purchased the property under current law using funds appropriated from the Land and Water Conservation Fund, implementing the legislation could reduce the need for future appropriations.

H.R. 4721 contains no intergovernmental mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments. H.R. 4721 would impose a private-sector mandate, as defined in UMRA, on the property owner who would be required to confer his property to the federal government. CBO estimates that the cost of complying with the mandate would fall below the annual threshold established by UMRA (\$109 million in 2000, adjusted annually for inflation).

The legislation would require, 30 days after enactment, the landowner to confer to the United States all right, title, and interest in and to, his property located within and adjacent to the Red Cliffs Reserve. That requirement would be a mandate as defined in UMRA. The cost of complying with the mandate would be the fair market value of the land, expenses incurred and lost interest in transferring the property to the federal government, and the costs of relocating. Estimates of the value of the property range between \$30 million and \$70 million. Thus, CBO expects that the direct costs of complying with the mandate would fall below the threshold established by UMRA (\$109 million for private-sector mandates in 2000, adjusted annually for inflation). The legislation provides that, in exchange for his land, the landowner would receive an initial payment \$15 million, as well as a subsequent payment to be determined either through a negotiated settlement or through litigation.

On October 10, 2000, CBO transmitted a cost estimate for S. 2873, a similar bill reported by the Senate Committee on Energy and Natural Resources on October 2, 2000. CBO's two cost estimates are identical.

The CBO staff contacts for this estimate are John R. Righter (for federal costs) and

Lauren Marks (for the private-sector impact). This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.

INTRODUCTION OF H. CON. RES. 426
CONCERNING THE VIOLENCE IN
THE MIDDLE EAST

HON. BENJAMIN A. GILMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. GILMAN. Mr. Speaker, the past two weeks have seen tension in the Middle East spiral out of control as PLO Chairman Yasser Arafat attempts to dictate Israeli concessions at the negotiating table through the unbridled use of violence, and, most appallingly, through the manipulation of young children as "martyrs in training".

This massive and fundamental violation of the Oslo Accords is intentional, as underscored when the leader of the Tanzim paramilitary forces in the West Bank said yesterday that his organization would escalate the confrontations with Israel and not try to calm the situation. Marwan Barghout said, "This blessed Intifada is looking ahead and the mass activity is moving forward".

Mr. Speaker, in today's latest outrage, a Palestinian mob killed two Israeli soldiers and dumped their bloodied bodies in the street after the pair were captured with two other servicemen earlier today in the Palestinian city of Ramallah.

That is why I felt compelled to introduce a resolution, H. Con. Res. 426 on behalf of myself and Mr. GEJDENSON, our ranking Minority Member on the House International Relations Committee, condemning the Palestinian vio-

lence, and expressing congressional support for the people of Israel at this time of crisis.

The Palestinians must understand that you can't have it both ways. The Government of Israel has made clear to the world its commitment to peace time and time again. We see that the Palestinian response is violence.

Accordingly, I submit the text H. Con. Res. 426 to be printed at this point in the CONGRESSIONAL RECORD, and urge our colleagues to strongly support this.

H. CON. RES. 426

Whereas the Arab-Israeli Conflict must be resolved by peaceful negotiation;

Whereas since 1993 Israel and the Palestinians have been engaged in intensive negotiations over the future of the West Bank and Gaza;

Whereas the United States, through its consistent support of Israel and the cause of peace, made the current peace process possible;

Whereas the underlying basis of those negotiations was recognition of the Palestine Liberation Organization (PLO) by Israel in exchange for the renunciation of violence by the PLO and its Chairman Yasser Arafat, first expressed in a letter to then-Israeli Prime Minister Yitzhak Rabin dated September 9, 1993, in which Mr. Arafat stated: "[T]he PLO renounces the use of terrorism and other acts of violence, and will assume responsibility over all PLO elements and personnel in order to assure their compliance, prevent violations and discipline violators.";

Whereas as a result of those negotiations, the Palestinians now fully control over 40 percent of the West Bank and Gaza, with over 95 percent of the Palestinian population under the civil administration of the Palestinian Authority;

Whereas as a result of peace negotiations, Israel turned over control of these areas to

the Palestinian Authority with the clear understanding and expectation that the Palestinians would maintain order and security there;

Whereas the Palestinian Authority, with the assistance of Israel and the international community, created a strong police force, almost twice the number allowed under the Oslo Accords, specifically to maintain public order;

Whereas the Government of Israel made clear to the world its commitment to peace at Camp David, where it expressed its readiness to take wide-ranging and painful steps in order to bring an end to the conflict, but these proposals were rejected by Chairman Arafat;

Whereas perceived provocations must only be addressed at the negotiating table;

Whereas it is only through negotiations, and not through violence, that the Palestinians can hope to achieve their political aspirations;

Whereas even in the face of the desecration of Joseph's Tomb, a Jewish holy site in the West Bank, the Government of Israel has made it clear that it will withdraw forces from Palestinian areas if the Palestinian Authority maintains order in those areas; and

Whereas the Palestinian leadership not only did too little for far too long to control the violence, but in fact encouraged it: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That the Congress—

(1) expresses its solidarity with the state and people of Israel at this time of crisis;

(2) condemns the Palestinian leadership for encouraging the violence and doing so little for so long to stop it, resulting in the senseless loss of life;

(3) calls upon the Palestinian leadership to refrain from any exhortations to public incitement, urges the Palestinian leadership to vigorously use its security forces to act immediately to stop all violence, to show respect for all holy sites, and to settle all grievances through negotiations;

(4) commends successive Administrations on their continuing efforts to achieve peace in the Middle East;

CALLING FOR AN FDA INVESTIGATION INTO ABUSE OF AVERAGE WHOLESALE PRICE SYSTEM

HON. FORTNEY PETE STARK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. STARK. Mr. Speaker, last week, I sent the following letter to the FDA, in support of an investigation concerning how some of the nation's leading drug manufacturers are using false pricing data to distort the practice of medicine in America.

The letter details what I believe to be the billing of the Medicare system by a number of large, powerful drug companies. The evidence I have been provided shows that certain drug companies are making enormous profits avail-

able to many doctors on the "spread" between what Medicare and other payers reimburse for a drug (the average wholesale price), and what that drug is really available for.

These companies have increased their sales by abusing the public trust and exploiting America's seniors and disabled. It is my firm belief that these practices must stop and that these companies must return the money to the public that is owed because of their abusive practices.

The data in the letter is an indictment of the companies' abuse of the taxpayer and of the patient.

The letter follows:

CONGRESS OF THE UNITED STATES,
HOUSE OF REPRESENTATIVES,
Washington, DC, October 3, 2000.

Dr. JANE E. HENNEY,
Commissioner, Food and Drug Administration,
Rockville, MD.

DEAR DR. HENNEY: I would like to share with you concerns I have regarding the conduct of certain drug companies that are regulated by your agency. Internal drug company documents and other evidence from an industry insider, obtained through a Congressional investigation, have exposed deliberate price manipulation by some drug companies. I believe drug companies' misleading acts are exploiting the health care needs of our most seriously ill, poor, disabled and elderly citizens and taking money from the pockets of innocent Medicare beneficiaries who are required to pay 20% of Medicare's current limited drug benefit. These wrongful actions cost federal and state governments, private insurers, and others billions of dollars per year in excessive drug payments and corrupt the professional independence of medical decision makers.

The compelling evidence recently amassed by Congressional investigators reveals that certain drug companies have been reporting and publishing inflated and misleading price data and have engaged in other deceptive business practices in order to manipulate and inflate the prices of certain drugs. The drug manufacturers have perpetrated this fraudulent price manipulation scheme for the express purpose of causing the Medicare and Medicaid Programs to expend excessive amounts in paying claims for certain drugs. The inflated reimbursement arranged by certain drug companies is used to aggressively market the drugs in question, to influence physician prescribing practices, and to increase sales and market share.

The evidence I have seen indicates that the drug companies involved have knowingly, deliberately, and falsely inflated their representations of the average wholesale price ("AWP"), wholesaler acquisition cost ("WAC") and direct price ("DP") which are utilized by the Medicare and Medicaid programs in establishing drug reimbursements to providers. The evidence also clearly establishes that, contrary to previous drug company representations, the initial source of the price data is the drug companies themselves and those acting in concert with them. I have learned that the difference between the inflated AWP and WAC versus the true prices paid by providers is regularly referred to by industry insiders as "the spread."

The Congressional investigation establishes that this "spread" has not occurred accidentally but is the product of conscious and fully-informed business decisions. Bristol-Myers Squibb (BMS) documents, for example, demonstrate drug company control over the spread and knowledge that the spread acts as a financial inducement that affects medical judgments. I am told that BMS, as the innovator of the cancer drug

Etoposide, repeatedly published inflated prices of approximately \$138 while the true market price fell to less than \$10. BMS then developed Etopophos, a newer, therapeutically superior substitute for Etoposide. As the following excerpts from BMS' own documents reveal, BMS' earlier participation in the false price manipulation scheme with Etoposide interfered with physician medical decisions to use Etopophos:

"The Etopophos product profile is significantly superior to that of etoposide injection . . ." (Exhibit #1).

"Currently, physician practices can take advantage of the growing disparity between VePesid's [name brand for Etoposide] list price (and, subsequently, the Average Wholesale Price [AWP]) and the actual acquisition cost when obtaining reimbursement for etoposide purchases. If the acquisition price of Etopophos is close to the list price, the physician's financial incentive for selecting the brand is largely diminished" (Exhibit #2).

BMS' control over the AWP's published for its drugs is revealed in the following excerpt from a letter to the national publisher of drug prices relied on by the Medicaid Program:

Bristol-Myers Squibb Company:
"Edward Edelstein, First Data Bank . . .
"DEAR MR. EDELSTEIN: Effective immediately, Bristol-Myers Oncology Division products factor used in determining the AWP should be changed from 20.5% to 25%. This change should not affect any other business of Bristol-Myers Squibb Company" (Exhibit #3).

As a result of BMS' instructions, I am told First Data Bank recalculated BMS' AWP's and reported them to the State Medicaid agencies and Medicare Carriers as a BMS price increase when in truth it was nothing more than a means of creating a greater "spread" for BMS drugs.

Additionally, the drug companies in question often falsely state that they have no control over the AWP's and other prices published for their drugs. Comparing the following excerpts from a 1996 *Barron's* article entitled, "Hooked On Drugs," and Immunex's own internal documents reveals that drug companies do indeed have control over their prices:

"But Immunex, with a thriving generic cancer-drug business, says its average wholesale prices aren't its own. 'The drug manufacturers have no control over the AWP's published . . .,' says spokeswoman Valerie Dowell" (Exhibit #5).

"Kathleen Stamm, Immunex Corporation . . .

"DEAR KATHLEEN: This letter is a confirmation letter that we have received and entered your latest AWP price changes in our system. The price changes that were effective January 3, 1996 were posted in our system on January 5, 1996. I have enclosed an updated copy of your Red Book listing for your files. If there is anything else I could help you with do not hesitate to call.

Sincerely, Lisa Brandt, Red Book Data Analyst" (Exhibit #6)

The drug companies involved are well aware of the destructive impact their price manipulation has on prescription drug costs, as stated in the following excerpt from a Glaxo internal document:

"Is the [pharmaceutical] industry helping to moderate health care costs when it implements policies that increase the cost of pharmaceuticals to government?" (Exhibit #4).

These examples of clear deception appear to be "only the tip of the iceberg" as demonstrated by the evidence reflected in composite Exhibit #5. This evidence indicates that an official of the state of Florida Medicaid pharmacy program contacted Hoechst

Marion Roussel directly requesting pricing information for Hoechst's new drug Anzemet. Exhibit #5 is a copy of the fax sent to the Florida Official by Hoechst containing Hoechst representations of its prices.

The following chart represents a comparison of Hoechst's fraudulent price representations for its injectable form of the drug versus the actual prices paid by the industry insider. The industry insider was aware that a 100 mg vial of Anzemet could be purchased from a wholesaler/distributor for \$70.00. The chart compares Hoechst's price representations for the tablet form of Anzemet and the insider's true prices. It is extremely interesting that Hoechst did not create a spread for its tablet form of Anzemet but only the injectable form. This is because Medicare reimburses doctors for the injectable form of this drug and not the tablet form. And by providing doctors a profit, Hoechst can influence prescribing. The tablet form is usually dispensed by pharmacists who accept the doctor's order. This example reflects the frustration that federal and state regulators have experienced in their attempts to estimate the truthful prices being paid by providers in the marketplace for prescription drugs. Likewise, it underscores that we cannot rely upon the drug companies to make honest and truthful representations of their prices, and that Congress may be left with no alternative other than to legislate price controls.

Some drug companies have also utilized a large array of other impermissible inducements to mask true prices and stimulate sales of their drugs. These inducements, including bogus "educational grants," volume discounts, and rebates or free goods are designed to result in a lower net cost to the purchaser, while concealing the actual cost beneath a high invoice price. A product invoiced at \$100 for ten units of a drug item might really only cost the purchaser half that amount. Given, for instance, a subsequent shipment of an additional ten units at no charge, or a "grant," "rebate" or "credit memo" in the amount of \$50, the transaction would truly cost a net of only \$5.00 per unit. Through all of these "off-invoice" means, drug purchasers are provided substantial discounts in exchange for their patronage, while maintaining the fiction of a higher invoice price—the price that corresponds to reported AWP's and inflated reimbursement from the government (Composite Exhibit #6):

The above document is particularly disturbing as it indicates that at least one purpose of "masking" the final price with free goods is so that the Federal Supply Schedule ("FSS") falsely appears to be less than that of the hospital price.

Such misleading statements about pharmaceutical products by drug companies clearly entails deliberate price manipulation and in my opinion appears to be directly contrary to the letter and spirit of FDA law. For example, in 1997 Pharmacia & Upjohn reported an AWP of \$946.94 for 200 mg. of Adriamycin PFS while it was offering to sell it to doctor groups such as American Oncology Resources for \$168.00 and to Comprehensive Cancer Center for \$152.00 (Composite Exhibit #7). Pharmacia & Upjohn then aggressively marketed its cancer drugs to health care providers by touting the financial inducements created by the false price representations and other types of monetary payments. It is apparent that Pharmacia & Upjohn created and marketed the financial inducements for the express purpose of influencing the professional judgment of doctors and other health care providers.

Moreover, Pharmacia & Upjohn's strategy of increasing the sales of its drugs by enriching, with taxpayer dollars, the doctors and

others who administer them is reprehensible and a blatant abuse of the privileges that Pharmacia & Upjohn enjoys as a major pharmaceutical manufacturer in the United States. This is perhaps best illustrated by Pharmacia & Upjohn's own internal documents which reveal that it actually abused its position as a drug innovator in an initial Phase III FDA clinical trial for a cancer drug used to treat lymphoma, as detailed in Composite Exhibit #8:

The linking of doctor participation in FDA clinical drug trials to the purchase and administration of profit-generating oncology drugs is entirely inconsistent with the objective scientific testing that is vital to the integrity of the trial. I am hopeful that the FDA will take immediate action to stop such behavior. Such quid pro quo in connection with new drug trials cannot be tolerated.

Doctors must be free to choose drugs based on what is medically best for their patients. It is highly unethical for drug companies to provide physicians with payments for FDA clinical trials and inflated price reports that financially induce doctors to administer their drugs to patients. In particular, Pharmacia & Upjohn's conduct, along with the conduct of other drug companies, is estimated to have cost taxpayers over a billion dollars. It also has a corrupting influence on the exercise of independent medical judgment both in the treatment of severely ill cancer patients and in the medical evaluation of new oncological drugs.

My reading of the Federal Food, Drug, and Cosmetic Act and the corresponding regulations suggests that the FDA should pay particular attention to these misleading drug company actions. Accordingly, I am requesting that the FDA conduct a comprehensive investigation into drug company business practices.

Notwithstanding potential prohibitions under the Food Drug and Cosmetic Act, it appears drug manufacturers purposely create confusion and make false and misleading statements about drug pricing in order to deceive the United States Government and the States' Medicaid Programs. Recently there has been much media coverage of this issue—an article entitled "Drugmakers Accused of Price Scheme" in the USA Today and one entitled "How Drug Makers Influence Medicare Reimbursements to Doctors" in the Wall Street Journal.

In the larger sense, this letter and its accompanying exhibits raise questions of drug companies' wrongful influence on physician prescribing behavior, which leads to unsafe medical practice in the U.S. In light of these findings, I urge you to undertake a comprehensive review to ensure Americans are prescribed pharmaceuticals that are safe and effective. Physician prescribing should be based on need, not greed. I am extremely concerned that profit may be causing the public to be prescribed drugs that are not safe and effective for patients.

I have referred this evidence to you so that you may take action against these fraudulent schemes and, if appropriate, enforce relevant law and FDA regulations. I hope that you will take any and all administrative actions to ensure the integrity of drug pricing on behalf of the safety of the American public. And I look forward to discussing with you any necessary legislative solutions.

Sincerely,

PETE STARK,
Member of Congress.

TRIBUTE TO ARTHUR MALAN TINKER ST. CLAIR, AN OUTSTANDING WEST VIRGINIAN, ON HIS RETIREMENT AS U.S. SENATE DOORKEEPER

HON. NICK J. RAHALL II

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. RAHALL. Mr. Speaker, two days ago our distinguished senior Senator from West Virginia, ROBERT C. BYRD, rose on the floor to pay tribute to "Tinker" St. Clair of McDowell County, West Virginia. At the end of this year, Tinker St. Clair will retire from his post as senior Doorkeeper in the U.S. Senate after 21 years of distinguished service to that body.

Mr. Speaker, that is but a small part of this man's remarkable contribution to his family, his community, his State and his Nation.

When Arthur St. Clair was a toddler, he was an active little boy which led his grandmother to call him a "little stinker." His envious brother, who couldn't yet pronounce all his words, called him "a little tinker," and the nickname "Tinker" has remained with Arthur to this day.

Arthur "Tinker" St. Clair, born on January 6, 1916, is today 84 years old, having lived a busy, varied life with his late wife of 56 years, Elnora Hall St. Clair, raising their children Patty Lee and Linda, now Linda St. Clair Pence, wife of Ed Pence. Tinker is looking forward to his retirement, so that he can spend some quality time with his three grandchildren, Kimberly George, and Edwin Bryan and Mack Malan Pence. Tinker also looks forward to his greatest love, spending time with his two great-grandchildren, Nicholas Paul George and Jonathan Malan George.

Being a West Virginian, Tinker is the descendant from his father William Woods St. Clair, coal miner, school board member, and small businessman, and his homemaker mother Etta Mae Cochran St. Clair. Tinker was brought up with a strong work ethic, family values, and more than a gentle nudge toward community service handed down by his parents and grandparents, in what has been called "the free state of McDowell."

Mr. Speaker, I have the honor to represent McDowell County, West Virginia, Tinker's homeplace. I just as importantly have the honor of calling Tinker a dear and true friend from day one. Over the years, this southernmost county has seen a decline in population from 100,000 coal miners and their families, to today's count of approximately 30,000 men, women and children. The population drop was brought about when coal mines began to mechanize, and during those years of decline, unemployment has remained higher than the national average for the people who remained in McDowell County. It was the good, strong, determined people like Tinker St. Clair who stayed in the county and who never stopped helping his people in good times and in bad, until his retirement there in 1979.

Upon graduating from Gary High School in 1937, his first job was driving a school bus for McDowell County Public Schools. That is when he first met his future wife, Elnora. Once he was married and raising his children, Tinker went to work in 1941 for the Consolidated Bus Lines (which later became Continental Trailways), where he worked until 1947. Realizing how important transportation was and is

for his community of deep valleys and winding roads, it wasn't long before Tinker started his own taxi service company in 1947, serving Welch, Pineville and Oceana, West Virginia.

But Tinker was born of parents who were also deeply involved in community affairs, and he and his wife Elnora were always ready, willing and able when it came to serving on local political committees, and both were active in the Democratic party of McDowell County West Virginia. As Tinker will tell you, McDowell County went Democratic in 1934 when the first-ever Democrat was elected, and the county has remained a democratic stronghold, with Tinker's help, ever since.

Tinker was proud to be politically active, and he traveled around the county campaigning for Harry Truman, John F. Kennedy, and Lyndon Baines Johnson. He also traveled the county with the late Senator Jennings Randolph, with our senior Senator ROBERT C. BYRD, JAY ROCKEFELLER, and NICK J. RAHALL—and I can tell you that it was a great pleasure whenever I found myself at Elnora's table many, many times during my own campaigns for the House. Tinker recalls that when traveling the county with Ben Cartwright of Bonanza fame, he invited him and his associates back to his home for a home cooked meal—requiring his wife Elnora to have to scramble to fix the meal on a moment's notice—but she did it with great pleasure, for she was as committed as Tinker to helping out the folks running for the Presidency, including Hubert H. Humphrey during his West Virginia campaign.

Tinker gave up the taxi business to become the Deputy Sheriff and Court Bailiff in McDowell County, during which time he became a Member of the McDowell County Democratic Executive Committee, and was a delegate to the National Convention in the years 1952 to 1965. He then became a criminal investigator for the county's prosecuting attorney, and a justice of the peace. Finally, Arthur "Tinker" St. Clair was appointed to the position of County Clerk, and afterwards was reelected to a six year term with a majority vote of 89 percent. That wasn't machine politics folks, that was pure Tinker.

Actually, Tinker hadn't thought of retiring at the age of 63 as County Clerk in 1979, but his children had all moved up to the Washington, D.C. area, and his wife Elnora tired of traveling back and forth to see her grandchildren. So one day, Elnora told Tinker she was once again visiting her children, and he asked her when she would get back. She said she wasn't coming back. That's when Tinker retired from the County Clerk's position and followed his beloved wife of 56 years to Washington.

Now Elnora had her say in June of 1979, and so Tinker retired. But he wasn't happy not working. He just couldn't see himself retiring at age 63. So, Tinker called his old friend, U.S. Senator ROBERT C. BYRD, and asked him if there was anything he could do for him. Senator BYRD took him in hand, and within a month of his arrival in Washington, he began serving as Doorkeeper for the U.S. Senate, where he worked for another, memorable 21 years.

As noted above, Mr. Speaker, Arthur "Tinker" St. Clair was born to the work ethic, to family values, and to community service. He has worked ever since he graduated from high school in 1937. Without a college degree, Tinker rose from bus driver to County Clerk in his

native McDowell County, helping it to grow and to prosper in good times and bad; in a county who knew Tinker St. Clair for his ability to reach out to every person he met—and who always found a way to help whoever asked—whether it was a local resident and friend, a local official, or candidates for President—it didn't matter to Tinker. He was always sure he could make a difference—at home in McDowell County—and on the national level—and he and his late wife Elnora made that difference.

Since coming to Washington 21 years ago to serve as Doorkeeper, Tinker has maintained his cheerful countenance, shared the wisdom of his years, and found words of encouragement for everyone he met. Just like he did all those years of growing up and working to serve the free state of McDowell County, West Virginia.

I hope that when I reach the age of 63, that rather than retire, I will look for another way to serve my country for another 21 years—until I too have reached the age of 84, just like Tinker St. Clair. I will miss seeing Tinker when I have the chance to go over to the Senate side, where I always knew I would get a smile, a firm handshake, and news from down home.

IN HONOR OF THE FEDKIDS CHILD CARE CENTER AND ITS FOUNDER, SUSAN KOSSIN

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. MALONEY of New York. Mr. Speaker, I rise today to honor the Fedkids Child Care Center of New York City and its founder, the late Susan Kossin. This is a special time for the Fedkids Center, which is one of the first childcare centers established for the children of federal employees, because it has recently added more than 1,500 square feet of additional space. This expansion more than doubles the capacity of the center and creates additional space that will be able to comfortably care for 83 children—twice the number of children the center could serve when it opened in 1988. This expansion was made possible by the generosity and vision of the founder of Fedkids, Susan Kossin, who unfortunately passed away earlier this year.

Ms. Kossin, who founded the Fedkids Center while employed by the federal government, created the Center, based in Lower Manhattan, because she recognized the lack of adequate childcare facilities in the mid-1980s. Ms. Kossin took on the arduous task of guiding the decisions on site selection, facilities, renovation, equipment, curriculum, licensing, finances, legal issues, contractual issues, affordability plans, and many other aspects of undertaking such an extraordinary challenge.

Ms. Kossin, a working mother herself, ardently supported the Fedkids Center from its conception up until the time of her death. The recent expansion was made possible through a grant that Ms. Kossin left to the Fedkids Center. Aside from the money that financed the expansion, Ms. Kossin's estate has also financed the establishment of a scholarship fund to assist in financing the tuition for children in the Fedkids program. The enthusiastic and nurturing spirit of Ms. Kossin will live on

through the Fedkids expansion as well as through her scholarship.

The organized leadership and guiding spirit of Ms. Kossin made it possible for many mothers and fathers employed by the federal government to feel confident that while they are at work, their children are safe, supervised, and cared for. For providing such an invaluable service, the work Ms. Kossin put toward the Fedkids Center will continually be appreciated in the Lower Manhattan area.

This month, the Fedkids Center will be opening its newly expanded facilities and naming the new center that Ms. Kossin's generosity and guidance created "Fedkids at the Susan Kossin Child Care Center." This new center will continue the mission that the Fedkids Child Care Center set out to accomplish—to provide loving and attentive care for the children of federal and non-federal workers in Lower Manhattan.

Mr. Speaker, I am confident that this mission, based on the unique and foresighted vision of Susan Kossin, will continue for many years to come. Today, I am proud to salute the Fedkids Child Care Center and the admirable generosity of a woman far ahead of her time, Susan Kossin.

IN HONOR OF THE 50TH ANNIVERSARY OF THE QUEENSVIEW INC. OF QUEENS, NEW YORK

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mrs. MALONEY of New York. Mr. Speaker, I rise today to pay tribute to the Queensview

Inc. cooperative housing complex of Queens, New York, on its 50th anniversary. The Queensview Inc. opened on June 3, 1950 in Long Island City, Queens, as a result of the lack of affordable housing for middle class residents in the New York City area. Although the concept of living in a cooperative housing complex was a new one, the effort made by the Queensview Inc.'s founders kept middle class families from having to leave New York City.

Queensview, which consists of 14 buildings on 14 acres of park-like land, was conceived through the efforts of shareholders who agreed to pay \$2,500 for unseen apartments and the city of New York, which provided both reclaimed land as well as a partial tax exemption for 25 years. For the past 50 years, Queensview residents have lived in cooperation with each other in a wonderful environment in which to raise a family. The fact that 627 of the first Queensview families continue to reside in the complex attests to the success of the Queensview complex.

This extraordinary housing complex, constructed at the conclusion of World War II as families began settling New York City's outer boroughs, has devoted itself to improving the quality of life for its residents, enabling them to build lives of dignity and self worth. Queensview's conception resulted from the tireless efforts of many prominent citizens who were greatly concerned with improving the standard of living of the burgeoning American middle class. Their efforts not only greatly improved the quality of life for the residents of Queensview, but they also prevented the residents from being forced to relocate out of New York City due to financial hardship. Had it not been for the founders of Queensview, many of the most prominent residents of Queens would not remain in the area today.

Mr. Speaker, I am proud today to honor and commend those original founders of the Queensview Inc. If not for their foresighted interest in the well-being of many World War II veterans and their families, many residents of my district would not have realized the American Dream.

The Queensview community deserves a moment of recognition because so many people's lives have changed as a result of this exceptional cooperative living complex. I sincerely hope that the families of those original Queensview founders can enjoy the cooperative living experience at Queensview for another 50 years.

109TH FIELD ARTILLERY HONORED ON 225TH ANNIVERSARY

HON. PAUL E. KANJORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. KANJORSKI. Mr. Speaker, I rise today to pay tribute to the 109th Field Artillery of the Pennsylvania National Guard on the occasion of its 225th anniversary.

The 109th is one of the oldest organizations in continuous existence in the entire Armed Force. It was organized under Colonel Zebulon Butler on Oct. 17, 1775, just six months after the "shot heard 'round the world" at Concord and Lexington sparked the American Revolution.

Since then, the 109th has served the local community, the Commonwealth of Pennsylvania and the nation through many conflicts and emergencies.

Although founded as an infantry unit, the regiment alternated between infantry and artillery throughout the 18th and 19th centuries. Under various designations, the unit fought not only in the war for America's independence, but also in most of the nation's major wars.

Mr. Speaker, the history of the 109th in battle is a long, brave and distinguished one. To give just one example, the unit fought in the Battle of the Bulge in World War II, striving valiantly to halt the German offensive in the Ardennes. Once its guns were destroyed, the 109th fought as infantry, often in vicious hand-to-hand combat. For its valor, the battalion was awarded a Presidential Unit Citation, the highest decoration a unit can receive. It is authorized for wear by all current members of the battalion.

The sacrifice of the members of the 109th extended to the Korean War era as well. On Sept. 11, 1950, at Coshocton, Ohio, 33 members of the 109th Pennsylvania National Guard, who had been called into service in the Korean War, were killed in a train wreck and scores were wounded. During the remainder of the war, the battalion, along with the 28th Infantry Division, served in Europe as part of the defenses against the Soviet army.

In 1977, the unit assumed its current designation as the 1st Battalion, 109th Field Artillery. It is a component of the 28th Infantry Division (Mechanized), Pennsylvania National Guard. With an authorized strength of more than 600 members and more than \$50 million worth of equipment, the battalion is a crucial community asset for dealing with emergencies and natural disasters. It is also a key wartime resource, since the National Guard comprises more than half of the entire Army's field artillery force. The 109th also pumps more than \$3 million into the local economy each year.

Mr. Speaker, I am pleased and honored to have been asked to serve as honorary chairman of the community dinner that is being held Oct. 13 to honor the unit for its long and distinguished service to the Wyoming Valley and the nation. The chairperson for the dinner is Colonel Keith Martin, and the scheduled speakers are Medal of Honor winner Peter Lemon and reigning Miss America Heather French.

As befits such a milestone anniversary, the dinner is just one of a series of events scheduled for the weekend, including an open house at the army.

Today, America stands tall as the lone remaining superpower, and freedom and democracy are thriving around the globe. To be sure, many people still do not breathe free, but the progress we have made is truly remarkable, and those National Guard citizen soldiers who have served in the defense of our nation and the cause of freedom helped to make this possible. In addition to honoring their service in wartime, it is especially important to honor their service in peacetime emergencies and disasters.

Mr. Speaker, I join a grateful Wyoming Valley in honoring all those who have served in the 109th Field Artillery in its 225 years of existence, and I am pleased to call their service to the attention of the House of Representatives.

SOUTH AMERICA HAS SUFFERED FROM WHITE HOUSE NEGLECT

HON. PHILIP M. CRANE

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. CRANE. Mr. Speaker, I wish to call to the urgent attention of my colleagues an important article in the October 6, 2000, Wall Street Journal, entitled, "South America Has Suffered From White House Neglect," by David Malpass, who is the Chief Economist at Bear Stearns.

This must-read article spells out this administration's culpability in the disastrous role which U.S. policy gurus, the International Monetary Fund and the World Bank have played in the rapid decline in the economies of our Latin American neighbors.

Malpass points out that the 1990s "began with a vision of free trade across the Western Hemisphere launched with the completion of the North American Free Trade Agreement. . . ." After NAFTA's implementation, he writes, there was "reason to believe that the U.S. would lead the region toward trade liberalization."

Unfortunately, as the decade progressed the U.S. role in the region "turned destructive." Washington promoted weak currencies, high tax rates, IMF-style austerity, and big government, Malpass observes, "ignoring the resulting poverty and political stress." Further, U.S. opposition to regional currency stability and its insistence on special labor and environmental standards resulted in inflation in Latin America and a sharp rise in poverty.

The writer observes that the Clinton-Gore administration has "wasted a decade of U.S. prosperity, making no real effort to share the U.S. techniques of prosperity with our neighbors." He concludes that "the coming U.S. election offers Latin America the chance for an end to the eight-year vacuum in U.S. policy."

I urge my colleagues to read this important article carefully.

[From the Wall Street Journal, Oct. 6, 2000]

SOUTH AMERICA HAS SUFFERED FROM WHITE
HOUSE NEGLECT

(By David Malpass)

As Latin America prepares for a new president of the United States, it is right to hope for an improvement in U.S. policies toward the region. Chief among these would be a serious free trade agenda and an end to force-

feeding the region International Monetary Fund austerity programs.

The 1990s began with a vision of free trade across the Western Hemisphere, launched with the completion of the North American Free Trade Agreement at the end of the Bush administration and President Clinton's signature on the 1993 enabling legislation. Hemispheric free trade offered a chance to expand the economic pie dramatically during the decade. With U.S. unemployment falling toward 4% and Nafta a notable success, there was reason to believe that the U.S. would lead the region toward trade liberalization. International trade was at the core of the U.S. economic breakout of the 1980s, and Latin America hoped to become a partner.

But beyond rhetoric and a summit full of promises, the U.S. basically lost its interest in Latin America. The Clinton administration offered no follow-through on the free trade vision, no substitute vision, and barely an apology. The free-trade vision morphed into fair trade, code language for maintaining the status quo. U.S. demands for special labor and environmental standards as conditions for an agreement effectively ruled out U.S.-led trade liberalization. Latin America's disappointment at U.S. indifference deepened, as U.S. promises of trade and engagement proved hollow.

As the decade progressed, the U.S. role in the region turned destructive. Washington's policy gurus promoted weak currencies, high tax rates and big government, ignoring the resulting poverty and political stress. A cycle of damage, financial crises and flat-footed U.S. responses ensued. The U.S. dragged its feet on IMF/World Bank reform and proposed no pro-growth model for international development. Colombia's civil war worsened, fed by bad economic policies, high inflation and U.S. disinterest.

Through its own efforts, Latin America has had some important successes in the last decade, including Mexico's 2000 election and Brazil's quick return to a stable currency after its 1999 devaluation. But the 1990s should have been much better for the region given the strength of the U.S. economy and the high hopes of 1992 and 1993.

Latin America's growth is now well short of its potential, leaving millions unemployed and impoverished. Worse yet, because many of these countries defended their anti-market policies in IMF-speak and Washington's "no-pain, no-gain" view that capitalism should hurt, disillusioned populations are now blaming free-markets for their declining circumstances.

Rather than free trade, the administration championed IMF-style austerity for Latins. No tax rate was too high, as witnessed by President Clinton's outspoken support of Argentina's failing experiment with tax hikes and a broad-based 21% value-added tax. In places like Brazil, Ecuador and Colombia, the U.S. and IMF have encouraged financial transaction taxes, one of the most harmful

types of taxes for the development of sound financial markets. While Europe is turning to tax cuts to bolster its competitiveness, the Washington elite has pushed Latin America forcefully into higher tax rates and militant revenue extraction.

The U.S. policy failure toward Latin America extends beyond the economy to the core of our national heritage. After President Clinton's September 1999 meeting with Venezuelan President Hugo Chavez, the administration said "we are more confident about him." Mr. Chavez returned to Venezuela to finalize a new, power-centralizing constitution that would be anathema to Americans, and methodically embraced Fidel Castro as a Latin role model.

The vacuum in U.S. international policy is equally apparent in energy issues. By 2000, Mr. Chavez became OPEC's cheerleader for expensive oil, joining Saddam Hussein in Bagdad to discuss strategy. It is inexplicable that Mexico, a Nafta partner, participated actively in OPEC quotas in 1999. The U.S. and Mexico should work closely together to develop new North American energy resources, an undertaking that would be hugely profitable for Mexico and would lessen U.S. dependence on OPEC.

The 1990s began auspiciously for Latin American currencies with the establishment of Argentina's currency board. Inflation fell, and both the economy and financial markets surged. The brain drain that had plagued Argentina for years reversed as business school graduates headed back home to build companies.

Soon, however, the U.S. administration's opposition to regional currency stability asserted itself, leaving Argentina the odd country out. The Clinton administration and the IMF, working closely together, declined to work for currency stability in Russia, Venezuela, Mexico, Brazil, South Africa, or Southeast Asia. This culminated in their outright rejection of a currency board in Indonesia in early 1998 and the Russian default later that year. The U.S. intoned that "a strong dollar is in our national interest," but did nothing to share this approach abroad. Ecuador has recently dollarized, embracing a foreign currency in the hope that its grinding fall into poverty will stop. But in Ecuador's words, the IMF's only role in this progress was to do no further harm.

The result of the weak-currency policies of the 1990s was predictable. The poor could not protect themselves from the ensuing inflation and the middle class fell backward, undoing years of hard work. Latin American poverty grew sharply. The World Bank found "no clear evidence of progress in reducing poverty" in the 1990s, counting 183 million people living on less than \$2 per day in 1998, up from 162 million in 1993. A United Nations study found that 51% of rural Latin households lived in poverty in 1997. In Colombia, where civil war threatened, the currency

sank and rural poverty rose to 54% in 1997 from 45% in 1980.

The coming U.S. election offers Latin America the chance for an end to the eight-year vacuum in U.S. policy. The Clinton-Gore administration has wasted a decade of U.S. prosperity, making no real effort to share the U.S. techniques of prosperity with our neighbors. The policy vacuum has hurt both the U.S. and Latin America and deserves to be corrected. A U.S. policy built on free trade, stable currencies, lower tax rates, smaller government, more economic freedom and a genuine interest in Latin America's success would begin to undo the damage.

HONORING RICK SHEETS

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 12, 2000

Mr. McINNIS. Mr. Speaker, it is with great sadness that I take this moment to celebrate the life of Rick Sheets. Rick, a popular radio personality, recently passed away at age 45. For many years Rick has entertained the people of western Colorado, whether it be joking around during his radio spots or rooting for the Denver Broncos. As family, friends, and colleagues mourn this incredible loss, I would like to pay tribute to this remarkable human being.

Rick was known to his listeners as Rick Lawrence. For over two decades he entertained listeners of the Grand Valley. He has worked in a number of different capacities for many different radio stations throughout western Colorado. He began with KEXO-AM then on to KSTR-AM and FM and most recently with Mustang Country 95.1 and KOOL 107.9. Throughout his tenure in radio, he was best known for his dedication to Broncos' football where he earned the nickname Doc Bronco.

Rick's reputation on the air was exceptional but it was his work in the community that will be long remembered. He served as a Partners volunteer and used his on-air experience to work as a television auctioneer for over ten years. He was a well-known supporter of the March of Dimes, giving a number of on-air interviews and also worked with the Bronco Youth Foundation.

Rick entertained and served the community of Grand Junction in immeasurable ways. His work with Colorado's youth will not soon be forgotten. Rick served his community well and his loving memory will live on in the hearts of all that had the pleasure of knowing him, both on the air and off. He will be greatly missed.

Congressional Record

provisions of Title 44, United States Code, and published for each day that one or both Houses are in session, excepting very infrequent instances when two or more unusually small consecutive issues are printed at one time. ¶Public access to the Congressional Record is available online through *GPO Access*, a service of the Government Printing Office, free of charge to the user. The online database is updated each day the Congressional Record is published. The database includes both text and graphics from the beginning of the 103d Congress, 2d session (January 1994) forward. It is available on the Wide Area Information Server (WAIS) through the Internet and via asynchronous dial-in. Internet users can access the database by using the World Wide Web; the Superintendent of Documents home page address is http://www.access.gpo.gov/su_docs, by using local WAIS client software or by telnet to swais.access.gpo.gov, then login as guest (no password required). Dial-in users should use communications software and modem to call (202) 512-1661; type swais, then login as guest (no password required). For general information about *GPO Access*, contact the *GPO Access* User Support Team by sending Internet e-mail to gpoaccess@gpo.gov, or a fax to (202) 512-1262; or by calling Toll Free 1-888-293-6498 or (202) 512-1530 between 7 a.m. and 5:30 p.m. Eastern time, Monday through Friday, except for Federal holidays. ¶The Congressional Record paper and 24x microfiche will be furnished by mail to subscribers, free of postage, at the following prices: paper edition, \$179.00 for six months, \$357.00 per year, or purchased for \$3.00 per issue, payable in advance; microfiche edition, \$141.00 per year, or purchased for \$1.50 per issue payable in advance. The semimonthly Congressional Record Index may be purchased for the same per issue prices. Mail orders to: Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954, or phone orders to (202) 512-1800, or fax to (202) 512-2250. Remit check or money order, made payable to the Superintendent of Documents, or use VISA, MasterCard, Discover, or GPO Deposit Account. ¶Following each session of Congress, the daily Congressional Record is revised, printed, permanently bound and sold by the Superintendent of Documents in individual parts or by sets. ¶With the exception of copyrighted articles, there are no restrictions on the republication of material from the Congressional Record.

The public proceedings of each House of Congress, as reported by the Official Reporters thereof, are printed pursuant to directions of the Joint Committee on Printing as authorized by appropriate
