1ST SESSION

# H. R. 1178

To amend the Safe Drinking Water Act to provide grants to small public drinking water systems.

---

## IN THE HOUSE OF REPRESENTATIVES

MARCH 22, 2001

Mr. GIBBONS (for himself and Mr. UDALL of New Mexico) introduced the following bill; which was referred to the Committee on Energy and Commerce

---

## A BILL

To amend the Safe Drinking Water Act to provide grants to small public drinking water systems.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Small Community  
5 Drinking Water Funding Act”.

6 **SEC. 2. FINDINGS AND PURPOSE.**

7 (a) FINDINGS.—Congress finds that—

8 (1) in some cases, drinking water standards in  
9 effect and proposed as of the date of enactment of  
10 this Act can place large financial burdens on public

1 water systems, especially systems that serve fewer  
2 than a few thousand people;

3 (2) some small public water systems have experi-  
4 enced water contamination problems that may pose  
5 a significant risk to the health of water consumers;

6 (3) small communities are concerned about im-  
7 proving drinking water quality;

8 (4) the limited scientific, technical, and profes-  
9 sional resources of many small communities make  
10 understanding and implementing regulatory require-  
11 ments very difficult;

12 (5) small communities often struggle to meet  
13 water quality standards because of difficulty in se-  
14 curing funding;

15 (6) small communities often lack a tax base or  
16 opportunities to benefit from economies of scale and  
17 therefore face very high per capita costs in improv-  
18 ing drinking water quality;

19 (7) the smallest public water systems, which  
20 serve fewer than 3,300 people, represent 85 percent  
21 of all public water systems;

22 (8) small public water systems serving fewer  
23 than 10,000 people represent 94 percent of all public  
24 water systems;

1           (9) small communities would benefit from a  
2 grant program designed to provide funding for water  
3 quality projects without a substantial matching re-  
4 quirement; and

5           (10) Federal programs in effect as of the date  
6 of enactment of this Act do not adequately meet the  
7 needs of small communities with respect to public  
8 water systems.

9           (b) PURPOSE.—The purpose of this Act is to estab-  
10 lish a program to provide grants to small public water sys-  
11 tems to—

12           (1) meet applicable national primary drinking  
13 water regulations under the Safe Drinking Water  
14 Act (42 U.S.C. 300f et seq.);

15           (2) maintain water costs at a reasonable level  
16 for the communities served by small public water  
17 systems; and

18           (3) obtain technical assistance to develop the  
19 capacity to sustain operations over the long term.

20 **SEC. 3. SMALL PUBLIC WATER SYSTEM ASSISTANCE PRO-**  
21 **GRAM.**

22           (a) DEFINITION OF INDIAN TRIBE.—Section

13 cost-shared basis, a grant to be used for an eligible

4 water system assistance program.

5           “(d) LIMITATION ON USE OF FUNDS.—For each fis-

12           “(1) IN GENERAL.—Except as provided in para-  
13 graph (2), a grant under this section shall not be  
14 provided to an eligible entity that, as determined by  
15 the State—

16           “(A) does not have the technical, manage-

1           “(2) EXCEPTION FOR RECEIPT OF GRANT.—An  
2 eligible entity described in paragraph (1) may re-

7 to the eligible entity under section 1412;

8           “(B)(i) to restructure or consolidate the  
9 facility to achieve compliance with applicable  
10 national primary drinking water regulations; or

11           “(ii) in a case in which restructuring or  
12 consolidation of the facility is not practicable, if  
13 the State determines that—

24 priate changes in operations (including changes  
25 in ownership, management, accounting, rates,

1 maintenance, consolidation, provision of an al-  
2 ternative water supply, or other procedures), if  
3 the State determines that the measures are nec-  
4 essary to ensure that the eligible entity has the  
5 technical, managerial, and financial capability  
6 to comply with applicable national primary  
7 drinking water regulations over the long term.

8 “(3) REVIEW.—Before providing assistance  
9 under this section to an eligible entity that is in sig-  
10 nificant noncompliance with any national primary  
11 drinking water regulation applicable to the eligible  
12 entity under section 1412, the State shall conduct a

14 plies to the entity.

15 “(f) COST SHARING.—

16 “(1) IN GENERAL.—

17 “(A) LIMIT.—Except as provided in para-  
18 graph (2), the share of the total cost of an eligi-  
19 ble activity funded by a grant under this section  
20 shall not exceed 80 percent.

21 “(B) USE OF OTHER FEDERAL FUNDS.—

22 To pay the portion of an eligible activity that  
23 may not be funded by a grant under this sec-  
24 tion, an eligible entity may use Federal finan-

1           cial assistance other than assistance received  
2           under this section.

3           “(2) WAIVER OF COST-SHARING REQUIRE-  
4           MENT.—

5                   “(A) IN GENERAL.—Subject to subpara-  
6                   graph (B), a State may waive the requirement  
7                   of an eligible entity to pay all or a portion of  
8                   the share of an eligible activity that may not be  
9                   funded by a grant under this section, based on  
10                  a determination by the State that the eligible  
11                  entity is unable to pay any or all of the share.

12                  “(B) LIMITATION.—For each fiscal year in  
13                  which a State receives funding under this sec-  
14                  tion, the total amount of cost-share waivers  
15                  provided by the State under subparagraph (A)  
16                  shall not exceed 30 percent of the amount of
