

107TH CONGRESS
1ST SESSION

H. R. 1548

To phase out the incineration of solid waste, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

APRIL 24, 2001

Mr. ANDREWS introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Transportation and Infrastructure, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To phase out the incineration of solid waste, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. STATE IMPLEMENTATION PLANS.**

4 (a) SUBMISSION OF PLANS.—Each State shall, after
5 reasonable notice and public hearings, adopt and submit
6 to the Administrator of the Environmental Protection
7 Agency (referred to in this Act as the “Administrator”),
8 within one year after the enactment of this Act, a 3-year
9 plan implementation plan to achieve each of the following:

1 (1) Increased recycling by at least 75 percent
2 over the 3-year period.

3 (2) Water source pollution reduction.

4 (3) The restriction of landfill dumping to mate-
5 rials that are not recyclable or compostable.

6 (4) The phasing out of incineration of solid
7 waste within 4 years and 6 months after the enact-
8 ment of this Act.

9 (5) A waste reduction rate of 10 percent.

10 (6) An increase in composting of 10 percent.

11 (b) PROCEDURES.—Each implementation plan sub-
12 mitted by a State under this Act shall be adopted by the
13 State after reasonable notice and public hearing. No such
14 plan may be implemented by the State until approved by
15 the Administrator under this Act. Each such plan shall—

16 (1) include enforceable limitations and other
17 control measures, means, or techniques, as well as
18 schedules and timetables for compliance, as may be
19 necessary or appropriate to meet the applicable re-
20 quirements of this Act;

21 (2) provide for establishment and operation of
22 appropriate devices, methods, systems, and proce-
23 dures necessary to—

24 (A) monitor, compile, and analyze data on
25 compliance with this Act; and

1 (B) make such data available to the Ad-
2 ministrator;

3 (3) include a program to provide for the en-
4 forcement of the measures described in paragraph
5 (1);

6 (4) provide for revision of such plan whenever
7 the Administrator finds on the basis of information
8 available to the Administrator that the plan is inad-
9 equate to comply with the requirements established
10 under this Act; and

11 (5) provide for consultation and participation
12 by local political subdivisions affected by the plan.

13 (c) ENVIRONMENTAL PROTECTION AGENCY ACTION
14 ON PLAN SUBMISSIONS.—

15 (1) COMPLETENESS OF PLAN SUBMISSIONS.—

16 (A) COMPLETENESS CRITERIA.—Within 6
17 months after the date of the enactment of this
18 Act, the Administrator shall promulgate min-
19 imum criteria that any plan submission must
20 meet before the Administrator is required to act
21 on such submission under this subsection. The
22 criteria shall be limited to the information nec-
23 essary to enable the Administrator to determine
24 whether the plan submission complies with the
25 provisions of this Act.

1 (B) COMPLETENESS FINDING.—Within 6
2 months after the Administrator’s receipt of a
3 plan or plan revision under this Act, the Ad-
4 ministrator shall determine whether the plan or
5 revision complies with this Act and approve or
6 reject the plan or plan revision. If the plan is
7 approved, the State shall begin implementation
8 immediately. If the plan is rejected, the Envi-
9 ronmental Protection Agency will inform the
10 State why the plan was rejected. That State
11 then has 3 months to submit a new plan.

12 (C) EFFECT OF FINDING OF INCOMPLETE-
13 NESS.—Where the Administrator determines
14 that any part of a plan submission meets the
15 requirements of this Act and approves such
16 part and disapproves the plan in part, the State
17 shall immediately implement the approved part
18 or parts and submit a revised plan respecting
19 the remaining parts within 3 months after the
20 date of the Administrator’s disapproval.

21 (2) DEADLINE FOR ACTION.—Within 12
22 months of a determination by the Administrator (or
23 a determination deemed by operation of law) under
24 paragraph (1) that a State has submitted a plan or
25 plan revision (or, in the Administrator’s discretion,

1 part thereof) that meets the minimum criteria estab-
2 lished pursuant to paragraph (1), if applicable (or,
3 if those criteria are not applicable, within 12 months
4 of submission of the plan or revision), the Adminis-
5 trator shall act on the submission in accordance with
6 paragraph (3).

7 (3) FULL AND PARTIAL APPROVAL AND DIS-
8 APPROVAL.—In the case of any submittal on which
9 the Administrator is required to act under para-
10 graph (2), the Administrator shall approve such sub-
11 mittal as a whole if it meets all of the applicable re-
12 quirements of this Act. If a portion of the plan revi-
13 sion meets all the applicable requirements of this
14 Act, the Administrator may approve the plan revi-
15 sion in part and disapprove the plan revision in part.
16 The plan revision shall not be treated as meeting the
17 requirements of this Act until the Administrator ap-
18 proves the entire plan revision as complying with the
19 applicable requirements of this Act.

20 (4) CONDITIONAL APPROVAL.—The Adminis-
21 trator may approve a plan revision based on a com-
22 mitment of the State to adopt specific enforceable
23 measures by a date certain, but not later than 1
24 year after the date of approval of the plan revision.
25 Any such conditional approval shall be treated as a

1 disapproval if the State fails to comply with such
2 commitment.

3 (5) CALLS FOR PLAN REVISIONS.—Whenever
4 the Administrator finds that the applicable imple-
5 mentation plan for any area is substantially inad-
6 equate to comply with any requirement of this Act,
7 the Administrator shall require the State to revise
8 the plan as necessary to correct such inadequacies.
9 The Administrator shall notify the State of the inad-
10 equacies, and may establish reasonable deadlines
11 (not to exceed 6 months after the date of such no-
12 tice) for the submission of such plan revisions. Such
13 findings and notice shall be public.

14 (6) CORRECTIONS.—Whenever the Adminis-
15 trator determines that the Administrator’s action
16 approving, disapproving, or promulgating any plan
17 or plan revision (or part thereof) was in error, the
18 Administrator may in the same manner as the ap-
19 proval, disapproval, or promulgation revise such ac-
20 tion as appropriate without requiring any further
21 submission from the State. Such determination and
22 the basis thereof shall be provided to the State and
23 public.

24 (d) PLAN REVISIONS.—Each revision to an imple-
25 mentation plan submitted by a State under this Act shall

1 be adopted by such State after reasonable notice and pub-
2 lic hearing. The Administrator shall not approve a revision
3 of a plan if the revision would not comply with any appli-
4 cable requirement of this Act.

5 (e) SANCTIONS.—The Administrator may apply any
6 of the sanctions listed in section 2 whenever the Adminis-
7 trator makes a finding, disapproval, or determination
8 under section 2(a) in relation to any plan.

9 (f) FEDERAL IMPLEMENTATION PLANS.—The Ad-
10 ministrator shall promulgate a Federal implementation
11 plan at any time within 2 years after the Administrator—

12 (1) finds that a State has failed to make a re-
13 quired submission or finds that the plan or plan re-
14 vision submitted by the State does not satisfy the
15 minimum criteria established under this Act; or

16 (2) disapproves a State implementation plan
17 submission in whole or in part,

18 unless the State corrects the deficiency, and the Adminis-
19 trator approves the plan or plan revision, before the Ad-
20 ministrator promulgates such Federal implementation
21 plan.

22 **SEC. 2. SANCTIONS.**

23 (a) STATE FAILURE.—For any implementation plan
24 or plan revision required under this part or required in

1 response to a finding of substantial inadequacy as de-
2 scribed in section 1, if the Administrator—

3 (1) finds that a State has failed to submit a
4 plan, or to submit 1 or more of the elements (as de-
5 termined by the Administrator) required by the pro-
6 visions of this Act;

7 (2) disapproves in whole or in part a plan sub-
8 mission under section 1; and

9 (3) finds that any requirement of an approved
10 plan (or approved part of a plan) is not being imple-
11 mented,

12 unless such deficiency has been corrected within 18
13 months after the finding, disapproval, or determination re-
14 ferred to in paragraphs (1), (2), and (3), the sanctions
15 referred to in subsection (b) shall apply until the Adminis-
16 trator determines that the State has come into compliance.

17 (b) SANCTIONS.—(1) The Administrator may impose
18 a prohibition, applicable to a State, on the approval by
19 the Secretary of Transportation of any projects or the
20 awarding by the Secretary of any grants, under title 23,
21 United States Code, other than projects or grants for safe-
22 ty where the Secretary determines, based on accident or
23 other appropriate data submitted by the State, that the
24 principal purpose of the project is an improvement in safe-
25 ty to resolve a demonstrated safety problem and likely will

1 result in a significant reduction in, or avoidance of, acci-
2 dents. Such prohibition shall become effective upon the se-
3 lection by the Administrator of this sanction.

4 (2) In addition to safety, projects or grants that may
5 be approved by the Secretary, notwithstanding the prohi-
6 bition in paragraph (1), are the following—

7 (A) capital programs for public transit;

8 (B) construction or restriction of certain roads
9 or lanes solely for the use of passenger buses or high
10 occupancy vehicles;

11 (C) highway ramp metering, traffic signaliza-
12 tion, and related programs that improve traffic flow;

13 (D) fringe and transportation corridor parking
14 facilities serving multiple occupancy vehicle pro-
15 grams or transit operations;

16 (E) programs to limit or restrict vehicle use in
17 downtown areas or other areas of emission con-
18 centration particularly during periods of peak use,
19 through road use charges, tolls, parking surcharges,
20 or other pricing mechanisms, vehicle restricted zones
21 or periods, or vehicle registration programs; and

22 (F) programs for breakdown and accident scene
23 management, nonrecurring congestion, and vehicle
24 information systems, to reduce congestion.

1 **SEC. 3. INCENTIVES.**

2 (a) GRANT PROGRAM.—The Administrator is author-
3 ized to make grants to each State that phases out the in-
4 cineration of solid waste prior to the deadline established
5 under this Act. Such grants are to be used for the purpose
6 of finding alternative, environmental friendly means of
7 sold waste disposal. The Administrator may make grants
8 under this subsection in the amount of—

9 (1) \$60,000,000 to States that phase out the
10 incineration of solid waste within 1 year after the
11 enactment of this Act;

12 (2) \$40,000,000 to States that phase out the
13 incineration of solid waste within 2 years after the
14 enactment of this Act; and

15 (3) \$25,000,000 to States that phase out the
16 incineration of solid waste within 3 years after the
17 enactment of this Act.

18 (b) INTERSTATE WASTE AUTHORITY.—On the date
19 that a State phases out the incineration of solid waste,
20 such State shall have the authority to limit or restrict the
21 importation of solid waste in such State.
