

107TH CONGRESS
1ST SESSION

H. R. 2187

To amend title 10, United States Code, to make receipts collected from mineral leasing activities on certain naval oil shale reserves available to cover environmental restoration, waste management, and environmental compliance costs incurred by the United States with respect to the reserves.

IN THE HOUSE OF REPRESENTATIVES

JUNE 14, 2001

Mr. HEFLEY (for himself, Mr. UDALL of Colorado, and Mr. MCINNIS) introduced the following bill; which was referred to the Committee on Resources, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend title 10, United States Code, to make receipts collected from mineral leasing activities on certain naval oil shale reserves available to cover environmental restoration, waste management, and environmental compliance costs incurred by the United States with respect to the reserves.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. TREATMENT OF RECEIPTS FROM MINERAL**
2 **LEASING ACTIVITIES ON CERTAIN NAVAL OIL**
3 **SHALE RESERVES.**

4 Section 7439(f)(1) of title 10, United States Code,
5 is amended in the second sentence by striking “Subject
6 to a specific authorization and appropriation for this pur-
7 pose, such moneys may be used for reimbursement of”
8 and inserting “The moneys received shall be available,
9 without further appropriation and until September 30,
10 2006, for expenditure by the Secretary of the Interior to
11 cover”.
