## RESOLUTION

Expressing the sense of the House of Representatives  
regarding the benefits of mentoring.

Whereas the future course of the United States depends on  
its children and youth;

Whereas educated, confident, and nurtured children will  
make our Nation stronger;

Whereas research has shown that mentoring measurably af-  
fects young people by increasing school attendance, im-

proving rates of secondary school graduation and college attendance, decreasing involvement with drugs and alcohol, and decreasing violent behavior;

Whereas considerable numbers of our Nation's children face difficult circumstances: 1 out of 4 children lives with only 1 parent; 1 out of 10 children is born to teenaged parents; 1 out of 5 children lives in poverty; and 1 out of 10 children will not finish secondary school;

Whereas mentoring is a proven, effective strategy to combat such circumstances by matching a caring, responsible adult with a child to provide guidance, stability, and direction to the child and to build the child's confidence;

Whereas it is estimated that more than 16,000,000 children in the United States need or want a mentor but mentoring programs nationwide serve at most 750,000 of such children;

Whereas a coalition of mentoring organizations have designated January as National Mentoring Month;

Whereas the establishment of a National Mentoring Month would emphasize the importance of mentoring and recognize with praise and gratitude the many individuals in the United States who are involved with mentoring; and

Whereas the establishment of a National Mentoring Month would encourage more individuals to volunteer as mentors, to the benefit of our Nation's children: Now, therefore, be it

1        *Resolved*, That it is the sense of the House of Rep-  
2        resentatives that mentoring relationships can benefit

- 1 America's youth and result in improved school attendance
- 2 and academic achievement.
