## RESOLUTION

Condemning the recent violent bombing in Indonesia and urging renewed effort for the international war on terrorism.

Whereas more than 188 persons lost their lives, more than 300 persons were seriously wounded, and approximately 200 persons are missing, as a result of the cowardly and merciless bombing in Bali, Indonesia, on Saturday, October 12, 2002;

Whereas the victims of this awful crime of unspeakable horror were citizens of countries in Europe, Asia, Australia, and the Americas, including the United States;

Whereas at least 2 United States citizens were killed and 3 were injured as a result of this heinous crime;

Whereas in United Nations Security Council Resolution 1438 (October 14, 2002), the Security Council expressed its

outrage at the violence that occurred on October 12, 2002, in Bali, Indonesia, and expressed its deep sympathy and condolences to the Government and people of Indonesia;

Whereas in United Nations Security Council Resolution 1438, the Security Council urged all states to work together urgently and to cooperate with and provide support and assistance to the Indonesian authorities in their efforts to find and bring to justice the perpetrators, organizers, and sponsors of these terrorist attacks;

Whereas the magnitude of this act is so very grave and dastardly that it goes beyond any level of civil understanding of man's ability to inflict pain and suffering on his fellow man;

Whereas this normally peaceful Hindu area is increasingly subject to terrorism by Islamic terrorist groups;

Whereas tourism is a key component of Indonesia's foreign exchange, generating 10 percent of its total exports, and this crime may affect the economy of a country that is trying to develop into a mature and prosperous nation;

Whereas Bali, Indonesia was just emerging from a 12-month downturn in tourism that occurred after the attacks against the United States that occurred on September 11, 2001;

Whereas the Department of State has ordered that non-essential United States employees and their families leave Indonesia; and

Whereas the Department of State has urged Americans to leave Indonesia due to increased security concerns: Now, therefore, be it

1        *Resolved*, That the House of Representatives—

1           (1) condemns any and all acts of violence and  
2 terrorism;

3           (2) expresses its heartfelt sympathy and condo-  
4 lences to the families of the Americans who were  
5 killed or injured in the bombing in Bali, Indonesia  
6 that occurred on October 12, 2002, and expresses its  
7 heartfelt sympathy and condolences to the families  
8 of victims who were citizens of other countries;

9           (3) expresses its support to the Government  
10 and people of Indonesia;

11           (4) urges the Government of Indonesia and all  
12 countries to live up to commitments adopted in the  
13 aftermath of the attacks against the United States  
14 that occurred on September 11, 2001; and

15           (5) urges the President to provide any re-  
16 sources available to help Indonesia to address this  
17 current crisis, and bring to justice those individuals  
18 and organizations responsible.
