

107TH CONGRESS
1ST SESSION

S. 812

To amend the Federal Food, Drug, and Cosmetic Act to provide greater access to affordable pharmaceuticals.

IN THE SENATE OF THE UNITED STATES

MAY 1, 2001

Mr. SCHUMER (for himself and Mr. MCCAIN) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To amend the Federal Food, Drug, and Cosmetic Act to provide greater access to affordable pharmaceuticals.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Greater Access to Af-
5 fordable Pharmaceuticals Act of 2001”.

6 **SEC. 2. FINDINGS; PURPOSES.**

7 (a) FINDINGS.—Congress finds that—

8 (1) prescription drug costs are increasing at an
9 alarming rate and are a major worry of American
10 families and senior citizens;

1 (2) enhancing competition between generic drug
2 manufacturers and brand-name manufacturers can
3 significantly reduce prescription drug costs for
4 American families;

5 (3) the pharmaceutical market has become in-
6 creasingly competitive during the last decade be-
7 cause of the increasing availability and accessibility
8 of generic pharmaceuticals, but competition must be
9 further stimulated and strengthened;

10 (4) the Federal Trade Commission has discov-
11 ered that there are increasing opportunities for drug
12 companies owning patents on brand-name drugs and
13 generic drug companies to enter into private finan-
14 cial deals in a manner that could restrain trade and
15 greatly reduce competition and increase prescription
16 drug costs for consumers;

17 (5) generic pharmaceuticals are approved by the
18 Food and Drug Administration on the basis of sci-
19 entific testing and other information establishing
20 that pharmaceuticals are therapeutically equivalent
21 to brand-name pharmaceuticals, ensuring consumers
22 a safe, efficacious, and cost-effective alternative to
23 brand-name innovator pharmaceuticals;

24 (6) the Congressional Budget Office estimates
25 that—

1 (A) the use of generic pharmaceuticals for
2 brand-name pharmaceuticals could save pur-
3 chasers of pharmaceuticals between
4 \$8,000,000,000 and \$10,000,000,000 each
5 year; and

6 (B) generic pharmaceuticals cost between
7 25 percent and 60 percent less than brand-
8 name pharmaceuticals, resulting in an esti-
9 mated average savings of \$15 to \$30 on each
10 prescription;

11 (7) generic pharmaceuticals are widely accepted
12 by consumers and the medical profession, as the
13 market share held by generic pharmaceuticals com-
14 pared to brand-name pharmaceuticals has more than
15 doubled during the last decade, from approximately
16 19 percent to 43 percent, according to the Congres-
17 sional Budget Office;

18 (8) expanding access to generic pharmaceuticals
19 can help consumers, especially senior citizens and
20 the uninsured, have access to more affordable pre-
21 scription drugs;

22 (9) Congress should ensure that measures are
23 taken to effectuate the amendments made by the
24 Drug Price Competition and Patent Term Restora-
25 tion Act of 1984 (98 Stat. 1585) (referred to in this

section as the “Hatch-Waxman Act”) to make generic drugs more accessible, and thus reduce health care costs; and

(10) it would be in the public interest if patents on drugs for which applications are approved under section 505(c) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(c)) were extended only through the patent extension procedure provided under the Hatch-Waxman Act rather than through the attachment of riders to bills in Congress.

(b) PURPOSES.—The purposes of this Act are—

(1) to increase competition, thereby helping all Americans, especially seniors and the uninsured, to have access to more affordable medication; and

(2) to ensure fair marketplace practices and deter pharmaceutical companies (including generic companies) from engaging in anticompetitive action or actions that tend to unfairly restrain trade.

SEC. 3. ACCELERATED GENERIC DRUG COMPETITION.

(a) IN GENERAL.—Section 505(j)(5) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(j)(5)) is amended—

(1) in subparagraph (B)(iv), by striking subclause (II) and inserting the following:

“(II) the earlier of—

1 “(aa) the date of a final decision of a
2 court in an action described in clause (iii)
3 (from which no appeal can or has been
4 taken); or

5 “(bb) the date of a settlement order
6 or consent decree signed by a Federal
7 judge that enters a final judgment and in-
8 cludes a finding that the patents that are
9 the subject of the certification are invalid
10 or not infringed;”;

11 (2) by redesignating subparagraphs (C) and
12 (D) as subparagraphs (E) and (F), respectively; and

13 (3) by inserting after subparagraph (B) the fol-
14 lowing:

18 shall be forfeited by the previous applicant
19 and become available to the next applicant
20 submitting an application containing a cer-
21 tification described in paragraph
22 (2)(A)(vii)(IV) if—

23 “(I) the previous applicant fails

25 after the date on which the approval

1 of the application for the drug is
2 made effective under subparagraph
3 (B)(iii);

4 “(II) the previous applicant with-
5 draws the application;

6 “(III) the previous applicant
7 amends the certification from a cer-
8 tification under subclause (IV) to a
9 certification under paragraph
10 (2)(A)(vii)(III), either voluntarily or
11 as a result of a settlement or defeat in
12 patent litigation;

13 “(IV) the previous applicant fails
14 to get tentative approval of the appli-
15 cation within 30 months after the
16 date on which the application is filed,
17 unless the failure is caused by—

18 “(aa) a change in the re-
19 quirements for tentative approval
20 of the application imposed after
21 the date on which the application
22 was filed; or

23 “(bb) other extraordinary or
24 unusual circumstances, as deter-
25 mined by the Secretary;

1 “(V) in a case in which, after the
2 date on which the previous application
3 was submitted under this subsection,
4 new patent information is submitted
5 for the drug under subsection (c)(2)
6 for a patent for which certification is
7 required under paragraph
8 (2)(A)(vii)(IV), the previous applicant
9 fails to challenge the patent that is
10 the subject of the information within
11 60 days after the date on which the
12 patent information is submitted; or

13 “(VI) the previous applicant is
14 determined by the Secretary, after a
15 fair and sufficient hearing and in con-
16 sultation with the Federal Trade
17 Commission, to have engaged in anti-
18 competitive or collusive conduct, or
19 any other conduct intended to unfairly
20 monopolize the commercial manufac-
21 turing of the drug of the application.

22 “(ii) AVAILABILITY.—The 180-day pe-
23 riod described in subparagraph (B)(iv)
24 shall be available only to—

1 “(I) the previous applicant sub-
2 mitting an application for a drug
3 under this subsection containing a
4 certification described in paragraph
5 (2)(A)(vii)(IV) with respect to any
6 patent; or

7 “(II) under clause (i), the next
8 applicant submitting an application
9 for a drug under this subsection con-
10 taining such a certification with re-
11 spect to any patent;

12 even if an application has been submitted
13 for the drug under this subsection con-
14 taining such a certification with respect to
15 a different patent.

16 “(iii) APPLICABILITY.—The 180-day
17 period described in subparagraph (B)(iv)
18 shall apply only if—

19 “(I) the application contains a
20 certification described in paragraph
21 (2)(A)(vii)(IV); and

22 “(II) an action is brought for in-
23 fringement of a patent that is the
24 subject of the certification or the ap-
25 plicant brings an action (not later

1 than 50 days after the date on which
 2 the notice provided under paragraph
 3 (2)(B)(ii) was received), against the
 4 holder of the approved application for
 5 the listed drug.”.

6 (b) EFFECTIVE DATE.—The amendment made by
 7 this section shall be effective only with respect to an appli-

2 pharmacodynamic endpoint;

3 “(bb) a bioequivalence study with a
4 clinical endpoint;
