## RESOLUTION

Designating the week of October 21, 2001, through October 27, 2001, and the week of October 20, 2002, through October 26, 2002, as “National Childhood Lead Poisoning Prevention Week”.

Whereas lead poisoning is a leading environmental health hazard to children in the United States;

Whereas according to the Centers for Disease Control and Prevention, 890,000 preschool children in the United States have harmful levels of lead in their blood;

Whereas lead poisoning may cause serious, long-term harm to children, including reduced intelligence and attention span, behavior problems, learning disabilities, and impaired growth;

Whereas children from low-income families are 8 times more likely to be poisoned by lead than those from high-income families;

Whereas children may become poisoned by lead in water, soil, or consumable products;

Whereas most children are poisoned in their homes through exposure to lead particles when lead-based paint deteriorates or is disturbed during home renovation and repainting; and

Whereas lead poisoning crosses all barriers of race, income, and geography: Now, therefore, be it

1       *Resolved*, That the Senate—

2               (1) designates the week of October 21, 2001,  
3       through October 27, 2001, and the week of October  
4       20, 2002, through October 26, 2002, as “National  
5       Childhood Lead Poisoning Prevention Week”; and

6               (2) requests that the President issue a procla-  
7       mation calling upon the people of the United States  
8       to observe such weeks with appropriate programs  
9       and activities.
