

frequently in an economic downturn. For decades now, for reasons ranging from lower educational levels, to the remoteness of job hubs from African-American neighborhoods, to the over-representation of blacks in low-skill part-time jobs with little security, to the impact of racial discrimination, the African-American unemployment rate has been roughly twice that of the white rate.

Mr. Speaker, the tens of thousands of workers who have lost their jobs as a result of the September 11th terrorist attacks need immediate relief. Since September 11th, more than 100,000 airline employees have lost their jobs. Many thousands more workers in industries directly and indirectly affected by the disruption of the airline industry also have been laid off. Small businesses also have been hit very hard by the September 11th attacks. Many of them lost key customers who constituted the lion's share of their business, as well as key suppliers who enabled them to do business. Unfortunately, it seems clear that we have not yet hit bottom. Unless we act promptly and decisively, many more hard working Americans, through no fault of their own, soon will lose their jobs. Mr. Speaker, all of these workers desperately need our help and they need it now.

Mr. Speaker, the human costs of this economic downturn for many of our fellow Americans are truly staggering. Airline and airport workers, transit workers, employees who work for airline suppliers such as service employees and plane manufacturers, all face common problems and challenges. Their mortgages, rents, and utilities still must be paid. Food must be placed on the table. Children must be clothed. Health care costs must be covered.

While some will get by depleting their savings, the vast majority of those who have lost their jobs have little or no savings to deplete. All of these workers need a strong, flexible and lasting safety net, the kind that only the Federal government can provide. With no income coming in and little prospect for prompt re-employment within their chosen field, these displaced workers must search for new jobs while few firms are even hiring. While some will find new positions quickly, many, if not most, will not. Some of this unemployment will be structural as some of these industries will be downsizing permanently. As a result, many workers will have to retrain in a new field or receive additional training in their chosen field simply to get reemployed.

So what is it that these workers need? Just like those workers who qualify for help under the Trade Adjustment Assistance Program, workers who lost their jobs because of the September 11th attacks need extended unemployment and job training benefits (78 weeks instead of 26 weeks). Those workers who would not otherwise qualify for unemployment benefits need at least 26 weeks of benefits. These workers especially need COBRA continuation coverage, that is, they need to have their COBRA health insurance premiums paid for in full for up to 78 weeks, or until they are re-employed with health insurance coverage, whichever is earlier. Those without COBRA coverage need coverage under Medicaid.

Mr. Speaker, this Congress acted quickly and responsibly to meet the challenges posed by the September 11th attacks. We acted as one to pass the Joint Resolution authorizing the use of United States Armed Forces against those responsible for the attacks

against the United States. We heeded the call of all Americans and said: Never, again. We stood shoulder to shoulder with President Bush, our Commander in Chief, firmly united in our resolve to identify and punish all nations, organizations and persons who planned, authorized, committed, or aided the September 11th terrorist attacks, or harbored such organizations or persons. We unanimously passed the \$40 billion Emergency Supplemental Appropriations bill to finance some of the tremendous costs of fighting terrorism and of helping and rebuilding the communities devastated by these horrendous attacks. We provided cash assistance and loan guarantees to the airline industry. Now, Mr. Speaker, we must demonstrate the same resolve, the same commitment on behalf of our workers. Deeds, not just words, are required. All of these hard working, innocent displaced workers and their families desperately need our help. We must hear and answer their pleas. They need our help and need it now. We cannot rest until we have met their needs.

Mr. Speaker, even in good economic times, African-Americans suffer the nation's highest unemployment rates. In bad times, they tend to fare even worse losing jobs at a disproportionate rate and remaining out of work longer than other Americans. Mr. Speaker, this Congress said yes to the airlines and to other with extraordinary needs arising as a result of the September 11th attacks. Our workers deserve at least the same level of support. They have already waited far too long. Let's do the right thing for the minority community and all of our displaced workers by providing them with fair and immediate relief.

Ms. MILLENDER-MCDONALD. Mr. Speaker, we all know that today Chairman THOMAS and a number of our colleagues have begun negotiations on an Economic Stimulus Package. We also know that the administration and most of us are anxious to come to some kind of an accommodation that will help revive our faltering economy. Economic conditions are spiraling downward every day and certain sectors are experiencing dramatic setbacks. The traditional tourism and travel industries were the first to feel the impact. These industries fuel the service jobs that have been the first line of fire. The unemployment statistics are growing worse with each passing day with thousands of people set adrift with little or no compensation. Most of these jobs are at the low-paying, minimum wage end of the scale for which there is no soft landing, no cushion for these workers.

Therefore, the matter of directing economic stimulus towards lower-income workers is of vital importance towards the goal of this nation regaining economic health. If more deficits occur as a result of misdirected tax breaks for the upper 2% of the spectrum, we will not be able to achieve a positive outcome. There will not be enough stimuli for both bread and butter and the working poor will become even more devastated. Painful choices will have to be made between paying for food or for the car note, for the mortgage or for medicine.

Mr. Speaker, in my mind it would be disastrous to force such choices on our fellow citizens when they are already suffering severe loss. How could we in good conscience provide immediate refunds of corporate taxes paid since 1986, which were minimum to begin with, when we should be addressing the plight of the ranks of the unemployed and

those soon to enter that group? With businesses folding each day, our actions must work to ensure that we help the least fortunate of the working world as well as to strengthen the hand of small and medium enterprises that employ almost two-thirds of the work force.

For me and for many of my distinguished colleagues in this House, this issue strikes close to home. In our districts, across the country, large numbers of our constituents, particularly women, are employed in the service economy. They hold part-time or low-paying jobs. Many also have been the first to lose employment due to the layoffs and to the impact of the September 11th terrorist attacks. They have joined the throngs of the unemployed and have lost the minimal health and other benefits—if they had any. This situation is highly notable in minority communities across the major urban areas of America. What is being viewed as a recession in much of the country could be termed a depression in these already disadvantaged communities. In my own district, unemployment among African-Americans, Hispanic-Americans and other minority groups, many of whom work in the travel and tourism areas has reached a high proportion. As pointed out, unemployment in the Los Angeles area is well above the national level.

Mr. Speaker, we should be grateful for the attention on this critical matter being brought forward today by my distinguished colleagues, Congresswoman HILDA SOLIS and Congresswoman CORRINE BROWN. This Special Order should serve notice that we as congressional leaders want an economic stimulus package as much as the rest of the nation. We just want to prepare a plan that will aid the greatest number of our working citizens to ride out the effects of the worse economic downturn we have experienced in two decades. We want to ensure that this worsening job market is not disproportionately felt by our minority constituents who are already struggling to maintain their families at a level of dignity and well-being against difficult odds.

Black men, women and teenage citizens since 2000 have borne the brunt of falling employment at a higher rate than other Americans. Since the playing field is not yet level and hiring discrimination, unfortunately, is still a fact of life in our great country, what can we do to help these impoverished communities?

Mr. Speaker, there must be a safety net below which no working American should fall. I urge us to come up with a stimulus package that can achieve this objective in the immediate term. This is an important challenge for us and has implications for our nation's recovery, both economically and psychologically from the horrific attacks of September 11. We need urgent action. We cannot delay any further on this critical task before us.

Ms. SOLIS. Mr. Speaker, I yield back the balance of my time.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2944) making appropriations for the government of the District of Columbia and other activities chargeable in whole or in part against the revenues of said District for the fiscal year ending September 30, 2002, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the actions agreed

upon by the managers and recommended in the accompanying conference report.

The conference agreement on the District of Columbia Appropriations Act, 2002, incorporates some of the provisions of both the House and Senate versions of the bill. The language and allocations set forth in House Report 107-216 and Senate Report 107-85 should be complied with unless specifically addressed in the accompanying bill and statement of the managers to the contrary. The agreement agreed to herein, while repeating some report language for emphasis, does not negate the language reference above unless expressly provided. General provisions which are identical in the House and Senate passed versions of H.R. 2944 are unchanged by the conference agreement and are approved unless provided to the contrary herein.

A summary chart appears later in this statement just before the explanations of the general provisions showing the Federal appropriations by account and the allocation of District funds by agency or office under each appropriation title showing the fiscal year 2001 appropriation, the fiscal year 2002 request, the House and Senate recommendations and the conference allowance.

FEDERAL FUNDS

FEDERAL PAYMENT FOR RESIDENT TUITION SUPPORT

The conference agreement includes language requiring the Federal payment for resident tuition support be deposited into a dedicated account with any interest accrued to be used on behalf of eligible District of Columbia residents. The conference action requires quarterly financial reports from the Chief Financial Officer on the use of resident tuition funds and limits administrative expenses to seven percent of the total amount appropriated herein rather than allowing administrative expenses to be charged again on carryover amounts.

The conferees recognize and appreciate the important role of Historically Black Colleges and Universities (HBCUs) in educating citizens of the District of Columbia. Therefore, conferees urge the prompt expansion of the District of Columbia's Tuition Assistance Grant Program to make those students attending HBCUs outside of the District of Columbia, Maryland and Virginia eligible for grant assistance.

FEDERAL PAYMENT FOR INCENTIVES FOR ADOPTION OF CHILDREN

The conference agreement has approved extending the availability until September 30, 2002 of the \$5,000,000 approved in Public Law 106-113 dated November 29, 1999 for this program. The conference action provides that \$1,000,000 be used for the establishment of a scholarship fund for post high school education and training for District children of adoptive families as well as for District children without parents due to the September 11, 2001 terrorist attack. The language also allows the funds to be used to fund programs included in amendments made by title 22 of the District's FY 2002 Budget Support Act to the Adoption Support Fund.

The conferees encourage the Mayor to use funds made available to create incentives to promote the adoption of children in the District of Columbia foster care system, including \$2,000,000 for attorney fees and home studies, \$1,000,000 for establishment of a private adoptive family resource center in the District to provide ongoing information, education and support to adoptive families, and \$1,000,000 for adoption incentives and support for children with special needs.

The conferees direct the District's Chief Financial Officer to make the above payments directly to the organizations within 30 days of the enactment

of this Act. The conferees do not expect the Chief Financial Officer to administer these programs or get involved in any way with the programs except to ensure that the funds are disbursed promptly and correctly to the proper organizations.

The conferees encourage the District's Chief Financial Officer to credit amounts reimbursed by the U.S. Marshals Service for District of Columbia inmates housed in private contract facilities directly to the District of Columbia Department of Corrections for payment to a contract bed space service provider.

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA CORRECTIONS TRUSTEE OPERATIONS

The conference action deletes language proposed by the Senate that would have allowed the District of Columbia Courts to reallocate not more than \$1,000,000 of funds provided under this heading among the items and entities funded under such heading. The conference action transfers the new District of Columbia Family Court to a separate appropriation heading as proposed by the House instead of as a proviso under this heading as proposed by the Senate.

ADMINISTRATIVE PROVISIONS

The conference agreement amends D.C. Official Code, sec. 11-1722(a) to remove the Director of Social Services in the Superior Court from direct supervision of the Executive Officer as proposed by the Senate.

The conference agreement amends D.C. Official Code, sec. 11-1723(a)(3) to remove the internal auditing of the accounts of the courts from the fiscal officer as proposed by the Senate.

Crime victims compensation.—The conference agreement amends D.C. Official Code, sec. 4-515(d) and (e) concerning the Victims of Violent Crime Compensation Fund to allow 50 percent of the estimated balance to be used for direct compensation payments to crime victims through the Fund and the balance for outreach activities designed to increase the number of crime victims who apply for such direct compensation payments. The language also provides that not more than 5 percent of the total amount of monies in the Fund may be used to pay administrative costs.

The District's Chief Financial Officer is directed to certify that priority is given to crime victim assistance programs that provide assistance to victims of sexual assault, domestic violence, or child abuse including but not limited to abuse counseling, health and mental health services, child advocacy centers, emergency housing, emergency

child care, transportation, hospital-based informational and referral services, and family support. The conferees recommend that the District government make funds available for victim assistance programs which are aimed at improving the intake, assessment, screening and investigation of reports of child abuse and neglect and domestic violence.

The District's Chief Financial Officer is directed to certify that the program funds awarded to grantees under this program are used to directly serve victims of crime.

The conference agreement amends D.C. Official Code, sec. 11-2604 to increase the hourly rate for attorneys for indigents appointed under the Criminal Justice Act (CJA) from \$50 per hour to \$65 per hour and increases the rate paid to investigators from \$10 per hour to \$25 per hour. The rates are effective for cases initiated on or after March 1, 2002.

Quality of CJA legal services.—The conferees strongly urge the D. C. Superior Court to evaluate the quality of the legal services rendered by lawyers appointed under the Criminal Justice Act to handle juvenile delinquency cases. The Court is urged to take immediate, affirmative steps to ensure that lawyers who lack the requisite training, experience and skill are not appointed to delinquency cases. The conferees also urge the Court to adopt a Continuing Legal Education (CLE) requirement for all lawyers rendering legal services under the Criminal Justice Act. Such training is critical to improving the quality of legal representation provided to indigent people in the District of Columbia and will result in a more cost-efficient system.

FEDERAL PAYMENTS FOR FAMILY COURT ACT

DEFENDER SERVICES IN DISTRICT OF COLUMBIA COURTS

Appropriates \$34,311,000 as proposed by the House instead of \$39,311,000 as proposed by the Senate and makes conforming technical changes. The reduction of \$5,000,000 below the Senate recommendation reflects conference action that requires the use of unobligated balances to fund the rate increase for investigators and for attorneys for indigents appointed under the Criminal Justice Act. The conference agreement also requires that \$4,685,500 for design and construction expenses of the courthouse at 451 Indiana Avenue, N.W., be paid from unobligated balances in this account.

FEDERAL PAYMENT TO THE COURT SERVICES AND OFFENDER SUPERVISION AGENCY FOR THE DISTRICT OF COLUMBIA

(INCLUDING TRANSFER OF FUNDS)

The conference agreement allows \$2,000 for official receptions related to the offender and defendant support programs instead of \$1,500 proposed by the House and \$5,000 proposed by the Senate. The conference agreement restores the proviso requiring the Director to keep accurate and detailed records of the acceptance and use of any gift or donation as proposed by the House and makes conforming technical changes. The conference action includes language proposed by the Senate that allows the Director flexibility in acquiring an appropriate site to

house or supervise offenders and defendants rather than limiting the Director to a specific site as proposed in the budget request and proposed by the House. In any event the site is to be acquired by March 31, 2002.

FEDERAL PAYMENT TO THE CHILDREN'S NATIONAL MEDICAL CENTER

Appropriates \$5,500,000 to the Children's National Medical Center of which \$500,000 is for completion of a network of satellite pediatric health clinics for children and families in underserved neighborhoods and communities in the District of Columbia and \$5,000,000 is for capital and equipment improvements.

ST. COLETTA OF GREATER WASHINGTON EXPANSION PROJECT

Appropriates \$2,000,000 to St. Coletta of Greater Washington, Inc. instead of \$1,000,000 as proposed by the House for costs associated with the establishment of a day program and comprehensive case management services for mentally retarded and multiple handicapped adolescents and adults in the District of Columbia including property acquisition and construction.

FEDERAL PAYMENT TO FAITH AND POLITICS INSTITUTE

Appropriates \$50,000 to the Faith and Politics Institute for grass roots-based racial sensitivity programs in the District of Columbia as proposed by the House.

FEDERAL PAYMENT TO THE THURGOOD MARSHALL ACADEMY CHARTER SCHOOL

Appropriates \$1,000,000 as proposed by the Senate to the Thurgood Marshall Academy Charter School to be used to acquire and renovate an educational facility in the Anacostia area of the District.

FEDERAL PAYMENT TO THE GEORGE WASHINGTON UNIVERSITY CENTER FOR EXCELLENCE IN MUNICIPAL MANAGEMENT

Appropriates \$250,000 to the George Washington University Center for Excellence in Municipal Management as proposed by the Senate to increase the enrollment of managers from the District of Columbia government.

COURT APPOINTED SPECIAL ADVOCATES

Appropriates \$250,000 to the District of Columbia Court Appointed Special Advocates Unit as proposed by the Senate to be used to expand the Unit's work in the Family Court of the District of Columbia Superior Court.

ADMINISTRATIVE PROVISION

The conference agreement allows \$100,000 appropriated in the District of Columbia Appropriations Act, 2001, Public Law 106-522 (114 Stat. 2441) to remain available until September 30, 2002 for the Metropolitan Police Department to fund a youth safe haven police mini-station for mentoring high risk youth; \$1,000,000 made available in such Act for the Washington Interfaith Network (114 Stat. 2444) to remain available until December 31, 2002 for reimbursement of costs incurred in carrying out preconstruction activities at the former Fort Dupont Dwellings and Additions, and \$3,450,000 for Brownfield Remediation (114 Stat. 2445) to remain available until expended for environmental and infrastructure costs at Poplar Point as proposed by the Senate.

CONGRESSIONAL RESEARCH SERVICE

The conferees direct the Congressional Research Service to analyze the differences and similarities in municipal, state and national government, including funding, management, oversight, and the rights of citizens, in the District of Columbia and ten other comparable national capitals. The conferees request that the report be submitted to the House and Senate Committees on Appropriations not later than March 31, 2002.

DISTRICT OF COLUMBIA FUNDS
DIVISION OF EXPENSES

Provides that operating expenses for the District of Columbia for fiscal year 2002 shall not exceed \$6,048,160,000 of which \$124,163,000 is from intra-District funds and \$3,574,493,000 is from local funds instead of \$6,043,881,000 of which \$124,163,000 is from intra-District funds and \$3,571,343,000 is from local funds as proposed by the House and \$6,051,646,000 of which \$124,163,000 is from intra-District funds and \$3,553,300,000 is from local funds as proposed by the Senate. The changes in the amounts reflect actions taken by the conferees in the funding levels under the various appropriation headings.

The conference agreement includes a proviso allowing the ceiling amount to be increased by proceeds of one-time transactions which are expended for emergency or unanticipated operating or capital needs and deletes the provision that would have allowed expenditures above the cap to generate additional revenues. The conferees encourage the Chief Financial Officer to reprioritize existing resources for this purpose.

GOVERNMENTAL DIRECTION AND SUPPORT

Appropriates \$286,138,000 including \$229,421,000 from local funds, \$38,809,000 in Federal funds and \$17,908,000 from other funds instead of \$285,359,000 including \$229,271,000 from local funds, \$38,809,000 from Federal funds and \$17,279,000 from other funds as proposed by the House and \$307,117,000 including \$228,471,000 from local funds, \$61,367,000 from Federal funds and \$17,279,000 from other funds as proposed by the Senate.

Office of the Mayor.—The conference agreement includes an increase of \$200,000 in Federal funds appropriated earlier under Federal Payments for Family Court Act for a computer integration plan for Child and Family Social Services as proposed by the Senate.

Recycled crumb rubber.—The conferees encourage the District government to use recycled crumb rubber from tires in environmentally responsible applications such as roads, playgrounds, bicycle paths, and parking lots. Last year in the United States alone 270 million tires were "retired". While it has been reported that 70 percent of the tires were beneficially utilized, some 30 percent went into landfills. Tires in landfills create problems that should be minimized or eliminated. New technology has now allowed tires to be recycled more economically, producing metals that are recycled and tire crumb that can be used in numerous applications that provide added benefits. Rubberized asphalt in road applications has been reported to last longer and provide lower noise levels. Mats made from recycled rubber have been known to provide a safer environment for children in playgrounds. These and other applications allow for environmentally responsible uses and minimize the number of tires that may be discarded.

Office of the City Administrator.—The conference agreement includes an increase of \$300,000 in Federal funds appropriated earlier in this Act for the Criminal Justice Coordinating Council of the District of Columbia as proposed by the House. The conferees encourage District officials to reprogram or transfer funds to augment this program in the event additional funds are required.

Office of the Chief Technology Officer.—The conference agreement includes an increase of \$400,000 in Federal funds appropriated earlier in this Act to manage a wireless pilot project to connect local and Federal law enforcement agencies in the region as proposed by the Senate instead of \$500,000 as proposed by the House.

Office of the Corporation Counsel.—The conference agreement includes \$386,000 for ac-

tivities related to the D.C. Antitrust Act of 1980, \$10,000 for Antifraud activities related to section 820 of the D.C. Procurement Practices Act of 1985, and \$233,000 for the Consumer Protection Fund established pursuant to section 1402 of the District of Columbia Budget Support Act for fiscal year 2001.

Office of the Chief Financial Officer.—The conference agreement includes \$50,000 for initial renovations at Eastern Market from Federal funds appropriated earlier in this Act.

ECONOMIC DEVELOPMENT AND REGULATION

The conference agreement includes the provisos proposed by the Senate requiring the Department of Consumer and Regulatory Affairs to use \$50,000 of the receipts from the net proceeds from the contractor that handles the District's occupational and professional licensing to fund additional staff and equipment for the Rental Housing Administration. The conference agreement approves \$293,000 from other funds resulting from the lapse of personnel vacancies, caused by transferring employees into NSO positions without filling the resultant vacancies, into the revolving 5-513 fund to be used to implement the provisions in D.C. Law 13-281, the Abatement and Condemnation of Nuisance Properties Omnibus Amendment Act of 2000, pertaining to the prevention of the demolition by neglect of historic properties. The conference agreement approves the proviso that requires 18 percent of the annual total amount in the 5-513 fund, up to \$500,000, that is deposited into the 5-513 fund on an annual basis, be used to implement section 102 and other related sections of D.C. Law 13-281. The conference agreement deletes the proviso concerning personnel matters and the filling of certain positions in the Department.

Downtown Business Improvement Districts (BID).—The conferees have reviewed concerns expressed by businesses and business organizations in the District, as well as criticism expressed in the local press, concerning the Downtown BID's commitment to expand its mission into areas of regulation, planning, marketing, advocacy and economic development by way of the creation of affiliated entities, and its advocacy for legislative authority to expand its functions to include public space management and regulation.

The Downtown BID and other BIDs in the District generate funding for operations and administration under the authority granted to it by legislation enacted by the Council of the District of Columbia and approved by Congress. Justification for delegating the authority to impose taxes, fees or liens on all commercial owners and tenants within the BID's boundaries arose out of the need to enhance the District's ability to maintain cleanliness and public safety within those boundaries. In fact, language exempting BIDs from taxes levied by the District of Columbia was initially placed in the fiscal year 1999 District of Columbia Appropriations Act based on assurances that the BIDs' role would be limited to augmenting the services that the District government was providing in the areas of public safety, trash collection, street cleaning and "ambassadorial" assistance. The proposal was for the businesses in the area to "tax themselves" and use those funds to provide a higher level of basic services in their area. On that basis, it seemed fair to allow the tax exemption. However, the intent was not to provide a tax exemption for economic development or activities other than those that would enhance the appearance and livability in the BID area.

The House Committee took the initiative to investigate and respond to the concerns expressed by the business community to the expansion of the BID's mission as well as the various proposals for funding the operation

and administration of such affiliate entities. As a result of the House Committee's discussions with Downtown BID Board members and staff members, the Downtown BID has informed its Board and other business organizations in the District that it will not move forward with the expansion of its core mission at this time, and that any expansion of its core mission, either within the BID or through affiliated entities, will not duplicate existing government functions that are currently funded with taxpayer dollars.

The conferees are concerned about this situation and the considerable deviation from the BIDs' original mission as conveyed to Congress.

PUBLIC SAFETY AND JUSTICE

Appropriates \$633,853,000 including \$594,803,000 from local funds, instead of \$632,668,000 including \$593,618,000 from local funds as proposed by the Senate.

Metropolitan Police Department.—The conference agreement provides \$100,000 in Federal funds included in section 130 of the general provisions on the condition that the District government enacts into law a ban on the possession of tobacco products by minors as specified in section 132. The funds are to be used by the Department to enforce the ban.

Fire and Emergency Medical Services Department.—The conference agreement includes \$500,000 for the Fire and Emergency Medical Services Department to cover the costs of dry docking the fireboat as proposed by the House.

Office of the Chief Medical Examiner.—The conference agreement includes \$585,000 for the Chief Medical Examiner to help reduce backlogs of autopsies and case reports and to purchase toxicology and histology equipment as proposed by the House.

The conference agreement retains the proviso enacting into law section 3703 of title XXXVII of the Fiscal Year 2002 Budget Support Act of 2001 as proposed by the House and transfers the proviso relating to the District of Columbia Income and Franchise Tax Act of 1947 to section 103 of the general provisions.

PUBLIC EDUCATION SYSTEM

Appropriates \$1,108,665,000 including \$896,994,000 from local funds instead of \$1,106,165,000 including \$185,044,000 from Federal funds as proposed by the House and \$1,108,915,000 including \$187,794,000 from Federal funds as proposed by the Senate. The conference agreement allocates \$400,000 for Enhancing and Actualizing Internationalism and Multiculturalism in the Academic Programs of the University of the District of Columbia and not less than \$200,000 for Adult Education. The conference action allocates \$1,277,500 for the Excel Institute Adult Education Program and requires that quarterly payments be made by the District's Chief Financial Officer. The conference action allocates funds for various programs as proposed by the Senate and retains the proviso that excludes the evaluation process for District of Columbia Public School employees as a negotiable item for collective bargaining purposes. The conference agreement deletes the proviso that would have changed the fiscal year for the District of Columbia Public Schools, District of Columbia Public Charter Schools and the University of the District of Columbia. The conference agreement extends the availability of \$1,000,000 in local funds appropriated in Public Law 107-20 for the State Education Office for a census-type audit of the student enrollment of each District of Columbia Public School and each public charter school. The funds are to remain available until expended.

Public Schools.—Allocates \$813,042,000 including \$661,124,000 from local funds and

\$144,630,000 from Federal funds for public schools instead of \$810,542,000 including \$144,630,000 from Federal funds as proposed by the House and \$813,292,000 from local funds and \$147,380,000 from Federal funds as proposed by the Senate. The increase above the House allowance includes \$250,000 for the Failure Free Reading literacy program for non-readers and special education students, \$250,000 for Lightspan, Inc. to implement the eduTec.com program, and \$2,000,000 for the Voyager Expanded Learning Literacy Program in kindergarten and first grade. The \$2,000,000 for the Voyager Program consists of Federal funds appropriated earlier in this Act and will allow the program to be implemented in kindergarten and first grade classrooms throughout the District's public school system. The program is a comprehensive literacy system that guarantees that all children entering the system in kindergarten will be reading at grade level or above by the third grade. The program includes a 5 day reading certification for teachers, a student assessment system, and electronic data management system, an in-school reading program, after school and summer school interventions, and a home study program for parents.

PUBLIC CHARTER SCHOOLS
ENSURING INDEPENDENCE WITH
ACCOUNTABILITY

Public charter schools are innovations in public education designed to provide public education programs free from traditional public school bureaucracy. The conferees are proud to have played a partial role in their establishment in the District of Columbia. After four years, the District continues to offer one of the most vibrant and diverse charter school programs in the United States, enrolling more than 11% of the District's public school students.

The conferees believe strongly that public charter schools must remain free of bureaucratic regulation. However, the conferees are also disturbed by press reports of fiscal irregularities and questionable management, reporting, discipline and academic practice at a few charter schools. Three schools were closed by their chartering authority for such reasons in the summer of 2001. Moreover, a number of schools will soon undergo the mandatory five-year review, to determine whether there is reason to revoke their charters. Obviously, charter school closings disrupt the instruction of their students. At the same time, chartering authorities cannot responsibly leave children in schools that are demonstrably failing or accept continued public funding of schools whose academic or financial performance is irresponsible.

In authorizing the establishment of public charter schools in the District of Columbia, Congress has chosen to encourage responsible educational creativity by a system that grants freedom from regulation in exchange for accountability. Accountability, however, requires the full disclosure of information about school performance and finances, and active oversight by chartering authorities. While the chartering authorities must not tell charter schools how to achieve results or require the submission of unnecessary data, they are obligated to remain informed of school performance and to take action when a school fails to live up to the promises made in its charter application, fails to provide legally mandated information, or fails to conform to acceptable financial practice.

The conferees therefore encourage the chartering authorities to act quickly when they become aware of problems at a public charter school that could potentially lead to revocation of its charter, to notify and offer support to the school in order to prevent the disruption to children's education of charter

revocation and to protect public funds. The conferees do not encourage regulation or directives of the kind practiced by school system administrations, but do believe that the kind of accountability required of public schools in the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301) must be asked of the District's public charter schools also.

HUMAN SUPPORT SERVICES
(INCLUDING TRANSFER OF FUNDS)

The conference action makes conforming technical changes as to the amount available for the Health Care Safety Net Administration and deletes the proviso that would have prohibited the District from providing free government services such as water, sewer, solid waste disposal or collection, utilities, maintenance, repairs, or similar services to any legally constituted private nonprofit organization, if the District would not be qualified to receive reimbursement pursuant to the Stewart B. McKinney Homeless Assistance Act.

The conference agreement inserts a proviso earmarking \$7,500,000 to remain available until expended for the Addiction Recovery Fund to be used solely for the purpose of the Drug Treatment Choice Program.

PUBLIC WORKS

The conference agreement inserts provisos earmarking funds for various programs as proposed by the Senate.

RECEIVERSHIP PROGRAMS

Appropriates \$403,868,000 including \$250,515,000 from local funds, \$134,339,000 from Federal funds instead of \$403,368,000 including \$134,339,000 from Federal funds as proposed by the House and \$403,868,000 including \$134,839,000 from Federal funds as proposed by the Senate. The conference agreement includes an increase of \$500,000 in Federal funds appropriated earlier in this Act for the Family Court to hire additional staff to enhance coordination with the Family Court of the Superior Court of the District of Columbia as required by the Family Court Act.

RESERVE

The conference agreement provides a reserve of \$120,000,000 as proposed by the Senate instead of \$150,000,000 as proposed by the House and deletes the proviso concerning the obligation of the reserve funds as proposed by the Senate.

RESERVE RELIEF

The conference agreement inserts a new heading and language that allows the District to spend \$30,000,000 of the Reserve under certain conditions as proposed by the Senate.

CONTINGENCY RESERVE FUND

The conference agreement deletes this heading and language as proposed by the Senate.

EMERGENCY AND CONTINGENCY RESERVE FUND

The conference agreement inserts a new heading and language to allow deposits into the Contingency Reserve Fund beginning in fiscal year 2002 if certain conditions are met.

REPAYMENT OF LOANS AND INTEREST

The conference agreement transfers the proviso for the Emergency Assistance Loan Guaranty Program to a separate heading.

EMERGENCY ASSISTANCE LOAN GUARANTEES

The conference agreement inserts a new heading and transfers language from Repayment of Loans and Interest that provides indefinite appropriations of local funds to make payments related to the District of Columbia Emergency Assistance Act of 2001 that was enacted by the District government in response to the impact that the terrorist attack of September 11, 2001 had on local

businesses. The loans will be made by local banks for a period up to 10 years and will be guaranteed by the District government. The conferees encourage the District's Chief Financial Officer to consult with the Office of Management and Budget in developing legislation for consideration by the Mayor and Council consistent with the purposes of the Federal Credit Reform Act. Such legislation would require the District to accurately estimate and budget for the potential liability from existing District of Columbia loan and loan guarantee programs and the potential liability from legislation proposed to establish such programs.

EMERGENCY PLANNING AND SECURITY COSTS

Appropriates \$16,058,000 in Federal funds appropriated earlier in this Act for emergency planning and security costs in the District of Columbia. The language agreed to by the conferees makes \$12,652,000 of this amount available immediately to the District of Columbia Emergency Management Agency for planning, training and personnel costs required for development and implementation of the emergency operations plan for the District of Columbia.

EMERGENCY RESERVE FUND TRANSFER

The conference action makes conforming technical changes and requires that not less than \$33,254,000 will be deposited into the Emergency and Contingency Reserve Funds.

ENTERPRISE AND OTHER FUNDS

WATER AND SEWER AUTHORITY

The conference agreement inserts an administrative provision that clarifies responsibilities concerning the water and sewer system and the Federally owned water main system as well as the installation of and access to meters.

SPORTS AND ENTERTAINMENT COMMISSION

The conference agreement retains language concerning the transfer of funds and changes the date for a payment from the Commission to the general fund from September 20, 2001 as proposed by the House to September 30, 2001. The increase of \$500,000 is for the creation of the Kenilworth Regional Sports Complex. The funds are to be used by the Commission in coordination with the U.S. Soccer Foundation to cover environmental and infrastructure costs at Kenilworth Park in connection with the creation of the Kenilworth Regional Sports Complex.

D.C. RETIREMENT BOARD

The conference agreement retains the proviso requiring the Retirement Board to provide the Congress and the Council of the District of Columbia a quarterly report of the allocations of charges by fund and of expenditures of all funds.

CAPITAL OUTLAY

The conference agreement includes language proposed by the Senate concerning the requirement for a plan for the development of census tract 68.04 south of East Capitol Street, S.E., and the housing of any misdemeanants, felons, ex-offenders, or persons awaiting trial within the District of Columbia as proposed by the Senate. The conference agreement includes language that none of the conditions set forth in this paragraph shall interfere with the current operations of any Federal agency.

ELECTION IRREGULARITIES

The SPEAKER pro tempore (Mr. GUTKNECHT). Under a previous order of the House, the gentlewoman from Georgia (Ms. MCKINNEY) is recognized for 5 minutes.

Ms. MCKINNEY. Mr. Speaker, I mentioned awhile ago a fact of what happened in the elections in Florida, which I would like to take an opportunity to revisit, and I am glad that the gentlewoman from Florida (Ms. BROWN) has agreed to stay here so that she can respond to this information.

An enterprising journalist by the name of Gregory Palast who operates out of London and works with BBC-TV has provided some very interesting information to me. I have got a list here, and the list is about those people who were put on the voter file that said that they could not vote because they were convicted felons. I have got the list here.

For instance, number 354 on the list is Johnny Jackson, Jr., who is a black male from Texas, and then, unfortu-

nately, John Fitzgerald Jackson. They said that those two people were the same people, so John Fitzgerald Jackson in Florida was denied the right to vote because a list from Texas that had the name of Johnny Jackson, Jr., on it, said that Johnny Jackson, Jr., was not eligible to vote.

I have got on this list, for example, Thomas Alvin Cooper, who is a white male from Ohio. Thomas Cooper is a pretty common name. There is more than one Thomas Cooper, I am sure, in all of the people in Florida. But Thomas Cooper was denied the right to vote in Florida, and Thomas Cooper in Florida, who was denied the right to vote, was a black man.

I have got here Michael Rodriguez from New Jersey, and I am sure Michael Rodriguez is a common name. But in Florida, Michael Rodriguez was denied the right to vote. In New Jersey it was Michael A. Rodriguez.

What this list shows is that there were about 2,800 people who were not allowed the right to vote because the State of Florida said that they were convicted felons in other states, and, therefore, they could not vote in Florida.

Mr. Speaker, 57,700 people, innocent people, I might add, were targeted for removal. Ninety percent of the people on the list that was purged so that these people could not vote in Florida, 90 percent of the names were wrong. At least 54 percent were black. 80 percent of those who finally were purged were black, and 93 percent of the people who were targeted to be purged vote Democratic.

Ms. BROWN of Florida. If the gentlewoman would yield for one minute, let me give you the rest of the story. Florida used \$4 million of taxpayer money that they gave to a firm, it was not bid out, to a firm from Texas. Katherine Harris' office did that to the people of Florida, and they came up and purged people. There was no procedure, none whatsoever.

In fact, when I went to the poll on election day, I went downtown and there was some young black guys there saying they are not letting them vote because they said they were felons, and they had never been arrested.

Ms. MCKINNEY. It was a procedure, all right, but the procedure was that if you were black, then you had your name on this list and you were denied the right to vote.

Ms. BROWN of Florida. There is no question. But I am going back to how it came about. There was a bid, a non-solicited bid, where a contract was given to a firm, and all this is in the record, and the firm told the State of Florida that this system that you are using will identify people that are not convicted felons. The State of Florida says, oh, that is okay. That is okay.

Ms. MCKINNEY. That is exactly what happened. The name of the firm was Database Technologies, which was later absorbed by ChoicePoint, which has its headquarters right outside of
