

108TH CONGRESS
1ST SESSION

H. CON. RES. 54

Expressing the sense of the Congress that there should be established an annual National Visiting Nurse Association Week.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 25, 2003

Mr. MARKEY (for himself, Mr. PETERSON of Pennsylvania, Ms. NORTON, Mr. WALSH, Mr. FROST, Ms. BORDALLO, Ms. MCCOLLUM, Mr. DINGELL, Mr. HOLDEN, Mr. MATSUI, Mr. CAPUANO, Mr. KENNEDY of Rhode Island, Mr. WAXMAN, Mr. BRADY of Pennsylvania, Mr. SCHIFF, Mrs. NAPOLITANO, Mr. NEAL of Massachusetts, Mr. McDERMOTT, Mrs. MALONEY, Ms. SLAUGHTER, Mr. SHERWOOD, Mr. McNULTY, Mr. McKEON, Mr. FRANK of Massachusetts, Mr. RANGEL, Mr. McHUGH, Mr. STARK, Mr. SERRANO, and Mr. SANDERS) submitted the following concurrent resolution; which was referred to the Committee on Government Reform

CONCURRENT RESOLUTION

Expressing the sense of the Congress that there should be established an annual National Visiting Nurse Association Week.

Whereas visiting nurse associations (VNAs) are nonprofit home health agencies that, for over 120 years, have been united in their mission to provide cost-effective and compassionate home and community-based health care to individuals, regardless of the individuals' condition or ability to pay for services;

Whereas there are more than 500 visiting nurse associations, which employ more than 90,000 clinicians, provide health care to more than 4,000,000 people each year, and provide a critical safety net in communities by developing a network of community support services that enable individuals to live independently at home;

Whereas visiting nurse associations have historically served as primary public health care providers in their communities, and are today one of the largest providers of mass immunizations in the medicare program (delivering over 2,500,000 influenza immunizations annually);

Whereas visiting nurse associations are often the home health providers of last resort, serving the most chronic of conditions (such as congestive heart failure, chronic obstructive pulmonary disease, AIDS, and quadriplegia) and individuals with the least ability to pay for services (more than 50 percent of all medicaid home health admissions are by visiting nurse associations);

Whereas any visiting nurse association budget surplus is reinvested in supporting the association's mission through services, including charity care, adult day care centers, wellness clinics, Meals-on-Wheels, and immunization programs;

Whereas visiting nurse associations and other nonprofit home health agencies care for the highest percentage of terminally ill and bedridden patients;

Whereas thousands of visiting nurse association volunteers across the Nation devote time serving as individual agency board members, raising funds, visiting patients in their homes, assisting in wellness clinics, and delivering meals to patients;

Whereas the establishment of an annual National Visiting Nurse Association Week would increase public awareness of the charity-based missions of visiting nurse associations and of their ability to meet the needs of chronically ill and disabled individuals who prefer to live at home rather than in a nursing home, and would spotlight preventive health clinics, adult day care programs, and other customized wellness programs that meet local community need; and

Whereas the second week in May is an appropriate week to establish as National Visiting Nurse Association Week: Now, therefore, be it

- 1 *Resolved by the House of Representatives (the Senate*
- 2 *concurring)*, That it is the sense of the Congress that there
- 3 should be established an annual National Visiting Nurse
- 4 Association Week.
