18	SEC. 2006. SENSE OF THE SENATE REGARDING WTO AGRI-
19	CULTURE NEGOTIATIONS.
20	It is the sense of the Senate that—
21	(1) the goals of the United States in the Doha
22	Round of the World Trade Organization agriculture
23	negotiations are to achieve significantly increased
24	market access, harmonize allowed levels of trade-dis-
25	torting domestic support for all countries, and achieve

1	a more level planing field for United States farming
	a more level playing field for United States farmers,
2	ranchers, and agricultural producers;
3	(2) the proposed modalities framework recently
4	released by the Chairman of the World Trade Organi-
5	zation Agriculture Negotiations Committee fails to
6	meet the goals described in paragraph (1) because—
7	(A) the framework accepts the European
8	formulation of equal percentage reductions from
9	unequal levels of support that locks in place the
10	European Union's current advantage on trade-
11	distorting domestic support levels;
12	(B) while the framework recognizes that
13	high tariff levels should be reduced more quickly,
14	it nevertheless fails to sufficiently open export
15	markets for United States products by allowing
16	countries to maintain prohibitively high tariffs;
17	(C) while the framework eliminates trade-
18	disrupting export subsidies, it phases out the
19	elimination of export subsidies over too long a
20	period of time;
21	(D) the framework contains a potentially
22	unlimited tariff reduction loophole that would
23	disadvantage United States agricultural prod-
24	ucts exported to developing countries, and would

1	also	limit	trade	between	developing	countries;
2	and					

3 (E) the framework preserves trade-distorting 4 direct payments under production-limiting programs that are not subject to commitments to re-5 6 duce domestic support under the Agreement on 7 Agriculture annexed to the World Trade Organi-8 zation Agreement (as described in section 9 101(d)) of the Uruguay Round Agreements Act; 10 and

11 (3) the United States should not agree to the pro-12 posed framework unless and until it is significantly 13 improved and will result in significantly greater 14 market access and harmonization of allowed levels of 15 trade-distorting domestic support, and achieve a more 16 level playing field for United States farmers, ranch-17 ers, and agricultural producers.
