A BILL

To authorize the Secretary of Health and Human Services to promulgate regulations for the reimportation of prescription drugs, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Pharmaceutical Mar-
5 ket Access Act of 2003”.

1 **SEC. 2. FINDINGS.**

2 Congress finds that—

3 (1) Americans unjustly pay up to 1000 percent
4 more to fill their prescriptions than consumers in
5 other countries;

6 (2) the United States is the largest market for
7 pharmaceuticals in the world, yet American con-
8 sumers pay the highest prices for pharmaceuticals in
9 the world;

10 (3) an unaffordable drug is neither safe nor ef-
11 fective;

12 (4) allowing and structuring the importation of
13 prescription drugs ensures access to affordable
14 drugs, thus providing a level of safety to American
15 consumers that consumers do not currently enjoy;

16 (5) according to the Congressional Budget Of-
17 fice, American seniors alone will spend
18 \$1,800,000,000,000 on pharmaceuticals over the
19 next 10 years; and

20 (6) allowing open pharmaceutical markets could
21 save American consumers at least \$635,000,000,000
22 each year.

23 **SEC. 3. PURPOSES.**

24 The purposes of this Act are—

25 (1) to give all Americans immediate relief from
26 the outrageously high cost of pharmaceuticals;

1 (2) to reverse the perverse economics of Amer-
2 ican pharmaceutical markets;

3 (3) to allow the importation of drugs (excluding
4 pharmaceutical narcotics) only if the drugs and the
5 facilities in which the drugs are manufactured are
6 approved by the Food and Drug Administration; and

7 (4) to require that imported prescription drugs
8 be packaged and shipped using counterfeit-resistant
9 technologies approved by the Bureau of Engraving
10 and Printing, similar to the technologies used to se-
11 cure United States currency.

12 **SEC. 4. IMPORTATION OF PRESCRIPTION DRUGS.**
