A BILL

To amend the Public Health Service Act with respect to immunizations against vaccine-preventable diseases, including influenza, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Vaccine Access and
5 Supply Act”.

1 **SEC. 2. CERTAIN AUTHORITIES REGARDING INFLUENZA**
2 **AND OTHER VACCINES.**

3 (a) IN GENERAL.—Part B of title III of the Public
4 Health Service Act (42 U.S.C. 243 et seq.) is amended—

5 (1) by redesignating section 317A as section
6 317A–1; and

7 (2) by inserting after section 317 the following
8 section:

9 **“SEC. 317A. CERTAIN AUTHORITIES REGARDING INFLU-**
10 **ENZA AND OTHER VACCINES.**

11 **“(a) PURCHASE OF UNSOLD DOSES OF PERIODIC-**
12 **CHANGE VACCINES.—**

13 **“(1) PRODUCER-SPECIFIC NEGOTIATION ON**
14 **SUPPLY FOR SEASON.—**In the case of influenza vac-
15 cine and each other periodic-change vaccine, the Sec-
16 retary shall, for each applicable vaccine season, ne-
17 gotiate with each producer of the vaccine to reach an
18 agreement on the number of doses of the vaccine
19 that the producer will manufacture for such season.
20 The Secretary is not required under the preceding
21 sentence to enter into such an agreement with any
22 producer.

23 **“(2) PURCHASE OF PERCENTAGE OF UNSOLD**
24 **DOSES.—**With respect to the number of doses of a
25 periodic-change vaccine manufactured for an appli-
26 cable vaccine season by a producer in accordance

1 with an agreement under paragraph (1), the Sec-
2 retary shall purchase from the producer 50 percent
3 of such doses that are unsold for the season.

4 “(3) PRICE PER DOSE.—

5 “(A) AVERAGE SALES PRICE.—Subject to
6 subparagraph (B), the price per dose paid by
7 the Secretary in a purchase of periodic-change
8 vaccine under paragraph (2) shall be the aver-
9 age sales price for the vaccine for the applicable
10 vaccine season, as determined by the Secretary.

11 “(B) AUDITS; ADJUSTMENTS.—The Sec-
12 retary may enter into an agreement under para-
13 graph (1) with a producer regarding a periodic-
14 change vaccine only if the agreement includes a
15 provision that permits the Secretary to conduct
16 audits of sales of such vaccine at wholesale by
17 the producer. The average sales price deter-
18 mined under subparagraph (A) for a dose of
19 the vaccine for an applicable vaccine season
20 shall be adjusted by the Secretary as deter-
21 mined necessary by the Secretary on the basis
22 of such audits and on the basis of any other in-
23 formation available to the Secretary on sales of
24 the vaccine at wholesale.

1 “(4) DEFINITIONS.—For purposes of this sec-
2 tion:

3 “(A) The term ‘periodic-change vaccine’
4 means a federally recommended vaccine (as de-
5 fined in subsection (g)) that is designed only for
6 a single applicable vaccine season due to char-
7 acteristics of the etiologic agent or agents for
8 the disease involved, or due to characteristics of
9 the vaccine, that adversely affect the extent to
10 which the vaccine is safe and effective after
11 such season. Such term includes influenza vac-
12 cine.

13 “(B) The term ‘producer’ means a person
14 who—

15 “(i) manufactures an approved vac-
16 cine (as defined in subsection (g)); or

17 “(ii) who intends to manufacture such
18 a vaccine and is determined by the Sec-
19 retary to have the capacity to meet legal
20 requirements applicable to such manufac-
21 turing.

22 “(C)(i) The term ‘vaccine season’, with re-
23 spect to a periodic-change vaccine, means a
24 consecutive number of months, not exceeding
25 24 months, during which the Secretary rec-

1 ommends that the public in general, or par-
2 ticular populations, as the case may be, receive
3 immunizations against the disease involved.

4 “(ii) The term ‘applicable vaccine season’,
5 with respect to a periodic-change vaccine,
6 means the vaccine season that is applicable to
7 such vaccine.

8 “(5) DIRECT SPENDING.—The requirement
9 under paragraph (2) that the Secretary make pur-
10 chases of doses of periodic-change vaccine con-
11 stitutes budget authority in advance of appropria-
12 tions Acts, and represents the obligation of the
13 United States to make outlays for such purchases in
14 accordance with this subsection.

15 “(b) IMMUNIZATION PROGRAM FOR ELIGIBLE
16 ADULTS.—

17 “(1) IN GENERAL.—The Secretary shall by reg-
18 ulation establish a program for the distribution of
19 qualified adult vaccines through States with ap-
20 proved applications under paragraph (4)(C), under
21 which program—

22 “(A) each vaccine-eligible adult, in receiv-
23 ing an immunization with a qualified adult vac-
24 cine from a program-registered provider on or
25 after October 1, 2006, is entitled to receive the

1 immunization without charge for the cost of
2 such vaccine; and

3 “(B)(i) each program-registered provider
4 who administers such a vaccine to a vaccine-eli-
5 gible adult on or after such date is entitled to
6 receive such vaccine under the program without
7 charge either for the vaccine or its delivery to
8 the provider; and

9 “(ii) no vaccine is distributed under the
10 program to a provider unless the provider is a
11 program-registered provider.

12 “(2) RELATIONSHIP TO PROGRAM FOR DIS-
13 TRIBUTION OF PEDIATRIC VACCINES.—The provi-
14 sions of the program under section 1928 of the So-
15 cial Security Act (including provisions taking effect
16 on or after the effective date of this section) apply
17 with respect to immunizations for vaccine-eligible
18 adults under the program under paragraph (1) to
19 the same extent and in the same manner as such
20 provisions apply with respect to immunizations for
21 vaccine-eligible children under the program under
22 such section 1928, except to the extent that such a
23 provision conflicts with this subsection. The pre-
24 ceding section may not be construed as having any
25 effect on the program under title XIX of the Social

1 Security Act, or as having the effect that, in the pro-
2 gram under paragraph (1), State plans comparable
3 to State plans under section 1902 of such Act are
4 required.

5 “(3) VACCINE-ELIGIBLE ADULT.—

6 “(A) IN GENERAL.—For purposes of this
7 subsection, the term ‘vaccine-eligible adult’
8 means a federally vaccine-eligible adult or a

15 “(ii) An adult who—

16 “(I) is administered a qualified
17 adult vaccine by a Federally-qualified

20 Act), by any other entity that is a cov-
21 ered entity under section 340B(a)(4),
22 or by any public clinic; and

23 “(II) is not insured with respect
24 to the vaccine.

25 “(iii) An adult who—

1 “(I) is administered a qualified
2 adult vaccine while incarcerated in a
3 Federal, State, or local penal or cor-
4 rectional institution, including an
5 adult who is held pending judicial or
6 administrative proceedings; and

7 “(II) is not insured with respect
8 to the vaccine.

9 “(C) STATE VACCINE-ELIGIBLE ADULT.—

10 For purposes of this subsection, the term ‘State
11 vaccine-eligible adult’ means, with respect to a
12 State and a qualified adult vaccine, an adult
13 who is within a class of adults for which the
14 State is purchasing the vaccine pursuant to
15 provisions that apply pursuant to paragraph
16 (2).

17 “(4) PARTICIPATION OF STATES.—

18 “(A) IN GENERAL.—In the case or each
19 State with an approved application under sub-

23 on behalf of the State, without charge to the
24 State, of such quantities of qualified adult vac-
25 cines as may be necessary for the administra-

1 tion of such vaccines to all vaccine-eligible
2 adults in the State on or after October 1, 2006.

9 only if the State submits to the Secretary an
10 application for such participation. The Sec-
11 retary shall approve any such application
12 that—

13 “(i) is submitted in such form and
14 such manner as the Secretary may require;
15 and

16 “(ii) demonstrates that the State is in
17 compliance with criteria under subpara-
18 graph (B).

19 “(5) ADDITIONAL DEFINITIONS.—For purposes
20 of this subsection:

21 “(A) The term ‘adult’ means an individual

24 “(B) The term ‘adult vaccine’ means a fed-
25 erally recommended vaccine for adults.

1 “(C)(i) The term ‘insured’, with respect to

8 “(ii) An adult is not insured with respect
9 to a qualified adult vaccine if the adult is enti-

13 “(D) The term ‘qualified adult vaccine’
14 means an adult vaccine with respect to which a
15 contract is in effect pursuant to provisions that
16 apply pursuant to paragraph (2).

17 “(6) DIRECT SPENDING.—The requirement
18 under paragraph (1) that the Secretary carry out a
19 program constitutes budget authority in advance of
20 appropriations Acts, and represents the obligation of
21 the Federal Government to make outlays to provide
22 for immunizations of vaccine-eligible adults in ac-
23 cordance with this subsection, including with respect
24 to program-registered providers and with respect to

1 the purchase and delivery of qualified adult vaccines
2 on behalf of States.

3 “(c) INFORMATION ON LOCATION OF SUPPLIES OF
4 VACCINES; EMERGENCY AUTHORITY OF SECRETARY.—

5 “(1) IN GENERAL.—If the Secretary publishes
6 in the Federal Register a declaration that there is
7 a shortage of an approved vaccine that constitutes a
8 public health emergency, each person who is a man-
9 ufacturer or distributor of the vaccine shall provide
10 to the Secretary such information as the Secretary
11 may require with respect to the location of supplies
12 of the vaccine, including supplies in the possession
13 of the person, supplies scheduled to be received by
14 the person, and supplies sold by the person. Any
15 such person who fails to comply with an order of the
16 Secretary under the preceding sentence is liable to

23 under paragraph (1) that relates to the State.

24 “(d) EMERGENCY RESPONSE PLAN REGARDING
25 SHORTAGES.—The Secretary shall develop and maintain

1 a plan for the response of the Secretary to potential short-
2 ages in supplies of vaccines that would constitute public
3 health emergencies. The plan shall include provisions with
4 respect to communication among the relevant entities; dis-
5 tribution of available supplies of the vaccine involved; the
6 designation of populations to be given priority for immuni-
7 zations; interactions with State and local governments; use
8 of the vaccine stockpile; and special considerations for spe-
9 cific vaccines. The initial plan shall be completed not later
10 than 12 months after the date of the enactment of the
11 Vaccine Access and Supply Act.

12 “(e) RESEARCH.—For the purpose of carrying out re-
13 search toward the development of new vaccines for human
14 use, including vaccines to prevent or control pandemic in-
15 fections, there are authorized to be appropriated
16 \$250,000,000 for fiscal year 2006, and such sums as may
17 be necessary for each of the fiscal years 2007 through
18 2010. Such authorization is in addition to any other au-
19 thorizations of appropriations for such purpose.

20 “(f) EDUCATION PROGRAM REGARDING ADULT IM-
21 MUNIZATIONS.—
