20               subsection:

21               “(h) *RETURNS RELATING TO MORTGAGE INSURANCE*

23               “(1) *IN GENERAL.*—The Secretary may pre-

**SEC. 305. SENSE OF THE SENATE ON USE OF NO-BID CON-  
TRACTING BY FEDERAL EMERGENCY MAN-  
AGEMENT AGENCY.**

*(a) FINDINGS.—The Senate finds that—*

*(1) on September 8, 2005, the Federal Emer-  
gency Management Agency announced that it had  
awarded 4 contracts for emergency housing relief fol-  
lowing Hurricane Katrina to The Shaw Group of  
Baton Rouge, Louisiana, Fluor Corporation of Aliso  
Viejo, California, Bechtel National of San Francisco,  
California, and CH2M Hill of Denver, Colorado;*

1           (2) *these contracts were awarded with no com-*  
2           *petition from other capable firms, and up to*  
3           *\$100,000,000 in taxpayer funds were authorized for*  
4           *each of these contracts;*

5           (3) *in the midst of concerns about abusive and*  
6           *irresponsible spending of taxpayer funds, the Federal*  
7           *Emergency Management Agency pledged to re-bid*  
8           *these noncompetitive contracts, with Acting Under*  
9           *Secretary of Emergency Preparedness and Response,*  
10          *R. David Paulison, stating before the Committee on*  
11          *Homeland Security and Government Affairs of the*  
12          *Senate that “[a]ll of these no-bid contracts, we are*  
13          *going to go back and re-bid”;*

14          (4) *the Federal Emergency Management Agency*  
15          *has yet to reopen these 4 contracts to competitive bid-*  
16          *ding, and declared on November 11, 2005, that these*  
17          *contracts would not be reopened for bidding until*  
18          *February 2006;*

19          (5) *by February 2006, the majority of the con-*  
20          *tracts will have been completed and the majority of*  
21          *taxpayer funds will have been spent;*

22          (6) *large and politically-connected firms con-*  
23          *tinue to benefit from no-bid and limited-competition*  
24          *contracts, and contracts are not being awarded to ca-*  
25          *pable, local companies;*

1           (7) according to an analysis in the *Washington*  
 2       *Post*, companies outside the States most affected by  
 3       *Hurricane Katrina* have received more than 90 per-  
 4       cent of the Federal contracts for recovery and recon-  
 5       struction;

6           (8) the monitoring of Federal contracting prac-  
 7       tices remains difficult, with a report by the *San Jose*  
 8       *Mercury News* stating “The database of contracts is  
 9       incomplete. Information released by Federal agencies  
 10      is spotty and sporadic. And disclosure of many no-  
 11      bid contracts isn’t required by law”; and

12          (9)(A) there is currently no Chief Financial Offi-  
 13      cer charged with monitoring the flow of all funds to  
 14      the affected areas; and

15          (B) the task of financial management is spread  
 16      across disparate Federal departments and agencies  
 17      with inadequate oversight of taxpayer funds.

18      (b) *SENSE OF THE SENATE.*—It is the sense of the Sen-  
 19      ate that the Federal Emergency Management Agency  
 20      should—

21          (1) immediately rebid noncompetitive contracts  
 22      entered into following *Hurricane Katrina*, consistent  
 23      with the commitment of the Agency made on October  
 24      6, 2005, before millions of taxpayer dollars are wasted  
 25      on irresponsible and inefficient spending;

1           (2)(A) *immediately implement the planned com-*  
 2           *petitive contracting strategy of the Agency for recov-*  
 3           *ery work in all current and future reconstruction ef-*  
 4           *forts; and*

5           (B) *in carrying out that strategy, should*  
 6           *prioritize local and small disadvantaged businesses in*  
 7           *the contracting and subcontracting process; and*

8           (3) *immediately after the awarding of a con-*  
 9           *tract, publicly disclose the amount and competitive or*  
 10          *noncompetitive nature of the contract.*

11 **SEC. 306. SENSE OF CONGRESS REGARDING DOHA ROUND.**

12          (a) *FINDINGS.*—*The Congress makes the following*  
 13          *findings:*

14               (1) *Members of the World Trade Organization*  
 15               *(WTO) are currently engaged in a round of trade ne-*  
 16               *gotiations known as the Doha Development Agenda*  
 17               *(Doha Round).*

18               (2) *The Doha Round includes negotiations aimed*  
 19               *at clarifying and improving disciplines under the*  
 20               *Agreement on Implementation of Article VI of the*  
 21               *General Agreement on Tariffs and Trade 1994 (Anti-*  
 22               *dumping Agreement) and the Agreement on Subsidies*  
 23               *and Countervailing Measures (Subsidies Agreement).*

24               (3) *The WTO Ministerial Declaration adopted*  
 25               *on November 14, 2001 (WTO Paper No. WT/MIN(01)/*

1       *DEC/1) specifically provides that the Doha Round ne-*  
2       *gotiations are to preserve the “basic concepts, prin-*  
3       *ciples and effectiveness” of the Antidumping Agree-*  
4       *ment and the Subsidies Agreement.*

5               *(4) In section 2102(b)(14)(A) of the Bipartisan*  
6       *Trade Promotion Authority Act of 2002, the Congress*  
7       *mandated that the principal negotiating objective of*  
8       *the United States with respect to trade remedy laws*  
9       *was to “preserve the ability of the United States to*  
10       *enforce rigorously its trade laws . . . and avoid agree-*  
11       *ments that lessen the effectiveness of domestic and*  
12       *international disciplines on unfair trade, especially*  
13       *dumping and subsidies”.*

14              *(5) The countries that have been the most per-*  
15       *sistent and egregious violators of international fair*  
16       *trade rules are engaged in an aggressive effort to sig-*  
17       *nificantly weaken the disciplines provided in the*  
18       *Antidumping Agreement and the Subsidies Agreement*  
19       *and undermine the ability of the United States to ef-*  
20       *fectively enforce its trade remedy laws.*

21              *(6) Chronic violators of fair trade disciplines*  
22       *have put forward proposals that would substantially*  
23       *weaken United States trade remedy laws and prac-*  
24       *tices, including mandating that unfair trade orders*  
25       *terminate after a set number of years even if unfair*

1        *trade and injury are likely to recur, mandating that*  
2        *trade remedy duties reflect less than the full margin*  
3        *of dumping or subsidization, mandating higher de*  
4        *minimis levels of unfair trade, making cumulation of*  
5        *the effects of imports from multiple countries more*  
6        *difficult in unfair trade investigations, outlawing the*  
7        *critical practice of “zeroing” in antidumping inves-*  
8        *tigations, mandating the weighing of causes, and*  
9        *mandating other provisions that make it more dif-*  
10       *ficult to prove injury.*

11            *(7) United States trade remedy laws have al-*  
12        *ready been significantly weakened by numerous un-*  
13        *just and activist WTO dispute settlement decisions*  
14        *which have created new obligations to which the*  
15        *United States never agreed.*

16            *(8) Trade remedy laws remain a critical re-*  
17        *source for American manufacturers, agricultural pro-*  
18        *ducers, and aquacultural producers in responding to*  
19        *closed foreign markets, subsidized imports, and other*  
20        *forms of unfair trade, particularly in the context of*  
21        *the challenges currently faced by these vital sectors of*  
22        *the United States economy.*

23            *(9) The United States had a current account*  
24        *trade deficit of approximately \$668,000,000,000 in*  
25        *2004, including a trade deficit of almost*

1       \$162,000,000,000 with China alone, as well as a  
2       trade deficit of \$40,000,000,000 in advanced tech-  
3       nology.

4           (10) United States manufacturers have lost over  
5       3,000,000 jobs since June 2000, and United States  
6       manufacturing employment is currently at its lowest  
7       level since 1950.

8           (11) Many industries critical to United States  
9       national security are at severe risk from unfair for-  
10      eign competition.

11          (12) The Congress strongly believes that the pro-  
12      posals put forward by countries seeking to undermine  
13      trade remedy disciplines in the Doha Round would  
14      result in serious harm to the United States economy,  
15      including significant job losses and trade disadvan-  
16      tages.

17      (b) SENSE OF CONGRESS.—It is the sense of Congress  
18      that—

19           (1) the United States should not be a signatory  
20      to any agreement or protocol with respect to the Doha  
21      Development Round of the World Trade Organization  
22      negotiations, or any other bilateral or multilateral  
23      trade negotiations, that—

24           (A) adopts any proposal to lessen the effec-  
25      tiveness of domestic and international disciplines

1           on unfair trade or safeguard provisions, includ-  
2           ing proposals—

3                   (i) mandating that unfair trade orders  
4                   terminate after a set number of years even  
5                   if unfair trade and injury are likely to  
6                   recur;

7                   (ii) mandating that trade remedy du-  
8                   ties reflect less than the full margin of  
9                   dumping or subsidization;

10                  (iii) mandating higher de minimis lev-  
11                  els of unfair trade;

12                  (iv) making cumulation of the effects of  
13                  imports from multiple countries more dif-  
14                  ficult in unfair trade investigations;

15                  (v) outlawing the critical practice of  
16                  “zeroing” in antidumping investigations; or

17                  (vi) mandating the weighing of causes  
18                  or other provisions making it more difficult  
19                  to prove injury in unfair trade cases; and

20                  (B) would lessen in any manner the ability  
21                  of the United States to enforce rigorously its  
22                  trade laws, including the antidumping, counter-  
23                  vailing duty, and safeguard laws;

24                  (2) the United States trade laws and inter-  
25                  national rules appropriately serve the public interest

1       by offsetting injurious unfair trade, and that further  
 2       “balancing modifications” or other similar provisions  
 3       are unnecessary and would add to the complexity and  
 4       difficulty of achieving relief against injurious unfair  
 5       trade practices; and

6               (3) the United States should ensure that any new  
 7       agreement relating to international disciplines on un-  
 8       fair trade or safeguard provisions fully rectifies and  
 9       corrects decisions by WTO dispute settlement panels  
 10      or the Appellate Body that have unjustifiably and  
 11      negatively impacted, or threaten to negatively impact,  
 12      United States law or practice, including a law or  
 13      practice with respect to foreign dumping or subsidiza-  
 14      tion.

15   **SEC. 307. MODIFICATION OF BOND RULE.**

16       In the case of bonds issued after the date of the enact-  
 17      ment of this Act and before August 31, 2009—

18               (1) the requirement of paragraph (1) of section  
 19      648 of the Deficit Reduction Act of 1984 (98 Stat.  
 20      941) shall be treated as met with respect to the securi-

 22      securities or obligations are held in a fund the annual  
 23      distributions from which cannot exceed 7 percent of  
 24      the average fair market value of the assets held in

 2        *essary to pay debt service on the bond issue,*

3            *(2) paragraph (3) of such section shall be ap-*  
 4        *plied by substituting “distributions from” for “the in-*  
 5        *vestment earnings of” both places it appears, and*

6            *(3) paragraph (4) of such section shall be ap-*  
 7        *plied by substituting “March 1, 1985” for “October 9,*

21        *(b) APPLICABLE FOREIGN OPTION PLANS.—For pur-*  
 22        *poses of subsection (a)—*

23            *(1) IN GENERAL.—The term “applicable foreign*  
 24        *option plan” means a plan providing for the issuance*  
 25        *of employee stock options—*

1           (A) which is established under the laws of  
2           a foreign jurisdiction, and

3           (B) which, under such laws or the terms of

7           (2) by the end of the decade, the alternative  
8           minimum tax will ensnare more than 30,000,000  
9           taxpayers, the majority of which will have adjusted  
10          gross incomes below \$100,000, and the National  
11          Taxpayer Advocate has thus identified it as the most  
12          serious problem facing individual taxpayers;

13          (3) the alternative minimum tax is often por-  
14          trayed as a tax that is most problematic for resi-  
15          dents of States such as New York, California, Mas-  
16          sachusetts, and New Jersey, but the truth is that  
17          many other States have a significant percentage of  
18          taxpayers affected by the alternative minimum tax,  
19          including Oregon, Maryland, Virginia, Minnesota,  
20          Ohio, Maine, Georgia, North Carolina, and Pennsyl-  
21          vania, so the problem is of national importance;

22          (4) a family with 2 children will become subject  
23          to the alternative minimum tax at about \$67,500 of  
24          income in 2006, and a family with 5 children will

1 start owing the alternative minimum tax at about  
2 \$54,000 of income, if Congress fails to act;

3 (5) the year 2006 is the “tipping point” for the  
4 alternative minimum tax, as the number of tax-  
5 payers affected nationally will explode from  
6 3,600,000 to 19,000,000 if Congress fails to act;

7 (6) in 2004, only 6.2 percent of families earn-  
8 ing \$100,000 to \$200,000 a year were subject to the  
9 alternative minimum tax, and that number will ex-  
10 plose to nearly 50 percent if Congress fails to act;

11 (7) if alternative minimum tax relief is extended  
12 through 2006, about two-thirds of the benefits will  
13 be realized by families earning under \$200,000, with  
14 more than half of the total benefits going to families  
15 with incomes between \$100,000 and \$200,000;

16 (8) starting in 2008, the average married cou-  
17 ple with 2 children earning \$75,000 or more will  
18 find that more than half of the tax cuts they have  
19 been expecting from the various laws passed since  
20 2001 will be “taken back” via the alternative min-  
21 imum tax; and

22 (9) the temporary relief from the alternative  
23 minimum tax (provided in 2001 and extended twice  
24 in 2003 and 2004) expired at the end of 2005, but  
25 the tax reductions on dividends and capital gains do

1 not expire until the end of 2008, making immediate  
2 action on those provisions a less urgent matter.

3 (b) SENSE OF THE SENATE.—It is the sense of the  
4 Senate that protecting middle-class families from the al-  
5 ternative minimum tax should be a higher priority for  
6 Congress in 2006 than extending a tax cut that does not  
7 expire until the end of 2008.

3           such transaction and the transaction is  
4           a reasonable means of accomplishing  
5           such purpose.

6           In applying subclause (II), a purpose of  
7           achieving a financial accounting benefit  
8           shall not be taken into account in deter-  
9           mining whether a transaction has a sub-  
10          stantial nontax purpose if the origin of such
