

H. Res. 276

In the House of Representatives, U.S.,

October 6, 2005.

Whereas over 31,860 people will be diagnosed with pancreatic cancer this year in the United States;

Whereas the mortality rate for pancreatic cancer is 99 percent, the highest of any cancer;

Whereas pancreatic cancer is the 4th most common cause of cancer death in the United States;

Whereas there are no early detection methods and minimal treatment options for pancreatic cancer;

Whereas when symptoms of pancreatic cancer generally present themselves, it is too late for an optimistic prognosis, and the average survival rate of those diagnosed with metastasis disease is only three to six months;

Whereas pancreatic cancer does not discriminate by age, gender, or race, and only four percent of patients survive beyond five years;

Whereas the Pancreatic Cancer Action Network (PanCAN), the first national patient advocacy organization serving the pancreatic cancer community, focuses its efforts on public policy, research funding, patient services, and public awareness and education related to developing effective treatments and a cure for pancreatic cancer; and

Whereas the Pancreatic Cancer Action Network has requested that the Congress designate November as Pancreatic Cancer Awareness Month in order to educate communities across the Nation about pancreatic cancer and the need for research funding, early detection methods, effective treatments, and prevention programs: Now, therefore, be it

Resolved, That the House of Representatives supports the goals and ideals of Pancreatic Cancer Awareness Month.

Attest:

Clerk.
