21 worst air disaster in Australian history.

22 (4) Due to wartime censorship rules related to
23 the movement of troops, the tragic crash and loss of
24 life were not reported to the Australian or United
25 States public.

1 (5) Many family members of those killed did
 2 not learn the circumstances of the troops deaths
 3 until they were contacted by the Bakers Creek Me-
 4 morial Foundation beginning in 1992.

5 (6) As of May 2005, the Bakers Creek Memo-
 6 rial Foundation had contacted 36 of the 40 families
 7 that lost loved ones in the tragic crash, and was con-
 8 tinuing efforts to locate the remaining four families
 9 to inform them of the true events of the crash at
 10 Bakers Creek.

11 (7) The Australian people marked the tragic
 12 crash at Bakers Creek with a memorial established
 13 in 1992, but no similar memorial has been estab-
 14 lished in the United States.

15 (b) SENSE OF CONGRESS.—It is the sense of Con-
 16 gress that the Secretary of the Army may establish an
 17 appropriate marker, at a site to be chosen at the discretion
 18 of the Secretary, to commemorate the 40 members of the
 19 United States Armed Forces who lost their lives in the
 20 air crash at Bakers Creek, Australia, on June 14, 1943.

 4 viding for such payment, compensation from any holder

 12 **FENSE BASE CLOSURE AND REALIGNMENT.**

13 (a) IDENTIFICATION OF ENVIRONMENTAL CONDI-
 14 TION OF PROPERTY.—

15 (1) IN GENERAL.—Not later than May 31,
 16 2007, the Secretary of Defense, in consultation with
 17 the Administrator of the Environmental Protection

9 Comprehensive Environmental Response,
10 Compensation, and Liability Act of 1980
11 (42 U.S.C. 9605(a)(8)(B)), the date on

1 **SEC. 2894. SENSE OF CONGRESS ON LIMITATION ON TRANS-**
2 **FER OF UNITS FROM CLOSED AND RE-**
3 **ALIGNED MILITARY INSTALLATIONS PEND-**
4 **ING READINESS OF RECEIVING LOCATIONS.**

5 (a) FINDINGS.—

6 (1) The Commission on Review of Overseas
7 Military Facility Structure of the United States, also
8 known as the Overseas Basing Commission, trans-
9 mitted a report to the President and Congress on
10 August 15, 2005, that discussed considerations for
11 the return to the United States of up to 70,000
12 service personnel and 100,000 family members and
13 civilian employees from overseas garrisons.

14 (2) The 2005 Base Closure and Realignment
15 Commission released a report on September 8, 2005,
16 to the President that assessed the closure and re-
17 alignment decisions of the Department of Defense,
18 which would affect 26,830 military personnel posi-
19 tions.

20 (3) Both of these reports expressed concerns
21 that massive movements of units, service personnel,
22 and families may disrupt unit operational effective-
23 ness and the quality of life for family members if not
24 carried out with adequate planning and resources.

25 (4) The 2005 Base Closure and Realignment
26 Commission, in its decision to close Fort Monmouth,

1 included a provision requiring the Secretary of De-
2 fense to provide a report that “movement of organi-
3 zations, functions, or activities from Fort Monmouth
4 to Aberdeen Proving Ground will be accomplished
5 without disruption of their support to the Global
6 War on Terrorism or other critical contingency oper-
7 ations, and that safeguards exist to ensure that nec-
8 essary redundant capabilities are put in place to
9 mitigate potential degradation of such support, and
10 to ensure maximum retention of critical workforce”.

11 (5) The Overseas Basing Commission found
12 that “base closings at home along with the return of
13 yet additional masses of service members and de-
14 pendents from overseas will have major impact on
15 local communities and the quality of life that can be
16 expected. Movements abroad from established bases
17 into new locations, or into locations already in use
18 that will be put under pressure by increases in popu-
19 lations, will impact on living conditions.”

20 (6) The Overseas Basing Commission notes
21 that the four most critical elements of quality of life
22 as they relate to restructuring of the global defense
23 posture are housing, military child education,
24 healthcare, and service member and family services.

1 (7) The Overseas Basing Commission rec-
2 ommended that “planners must take a ‘last day-first
3 day’ approach to the movement of units and families
4 from one location to another”, meaning that they
5 must maintain the support infrastructure for per-
6 sonnel until the last day they are in place and must
7 have the support infrastructure in place on the first
8 day troops arrive in the new location.

9 (8) The Overseas Basing Commission further
10 recommended that it is “imperative that the ‘last
11 day-first day’ approach should be taken whether the
12 movement is abroad from one locale to another, from
13 overseas to the United States, or from one base in
14 CONUS [the continental United States] to yet an-
15 other as a result of base realignment and closures”.

16 (b) SENSE OF CONGRESS.—It is the sense of Con-
17 gress that the Secretary of Defense should not transfer
18 any unit from a military installation closed or realigned
19 due to the relocation of forces under the Integrated Global
20 Presence and Basing Strategy or the 2005 round of de-
21 fense base closure and realignment until adequate facili-
22 ties and infrastructure necessary to support the unit’s

- 1 mission and quality of life requirements for military fami-
- 2 lies are ready for use at the receiving location.

Passed the Senate November 15, 2005.

Attest:

Secretary.
