IN THE SENATE OF THE UNITED STATES

APRIL 27, 2006

Mr. CRAPO (for himself and Mrs. LINCOLN) introduced the following bill; which was read twice and referred to the Committee on Agriculture, Nutrition, and Forestry

A BILL

To authorize the Secretary of Agriculture to enter into partnership agreements with entities and local communities to encourage greater cooperation in the administration of Forest Service activities on and near National Forest System land, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the
5 “Forest Service Partnership Enhancement Act of 2006”.

6 (b) TABLE OF CONTENTS.—The table of contents for
7 this Act is as follows:

- Sec. 1. Short title; table of contents.
- Sec. 2. Findings and purposes.
- Sec. 3. Definitions.
- Sec. 4. Authority for Forest Service agreements with cooperators.
- Sec. 5. Cost sharing under agreements.
- Sec. 6. Treatment of funds received under agreements.
- Sec. 7. Repeal of superseded authorities.
- Sec. 8. Regulations.
- Sec. 9. Relation to agreements otherwise authorized by law.
- Sec. 10. Extension of National Forest Foundation.

1 **SEC. 2. FINDINGS AND PURPOSES.**

2 (a) FINDINGS.—Congress finds the following:

3 (1) The Forest Service, managing national for-
4 ests and grasslands covering 192,000,000 acres,
5 plays an integral role in the protection, enhance-
6 ment, and conservation of the natural resources of
7 the United States.

8 (2) The Forest Service has a long history of
9 successful cooperation with non-Federal entities in
10 fulfilling all mission areas and responsibilities of the
11 Forest Service.

12 (3) Such cooperation is becoming increasingly
13 more important in the research and development
14 mission area of the Forest Service as the number of
15 staff research scientists has declined from 985 sci-
16 entists in 1985 to only 486 scientists in 2005. To
17 accomplish its research mission to meet current for-
18 estry challenges and ensure that forest managers
19 have the latest science and technology to manage the
20 National Forest System sustainably over the long-

1 term, it is critical that the Forest Service cooperate
2 with other research organizations, including forestry
3 schools, land-grant colleges and universities, and
4 1890 institutions.

5 (4) By expanding and clarifying Forest Service
6 authorities to work with cooperators, the Forest
7 Service can improve the ability of the Forest Service
8 to administer National Forest System lands by in-
9 creasing local community involvement in collabo-
10 rative restoration and building the capacity of rural
11 public land communities in fulfilling the Forest
12 Service's mission.

13 (5) The Forest Service can benefit from maxi-
14 mizing use of existing authorities and establishing
15 new authority to improve local community involve-
16 ment in, and support of, fulfilling the Forest Serv-
17 ice's mission.

18 (6) Encouraging conservation education will in-
19 crease public awareness of Forest Service programs
20 and activities, will heighten public understanding of
21 the need to sustain natural and cultural resources,
22 and will promote public participation in the con-
23 servation of these resources.

24 (7) Encouraging partnerships with public land
25 communities will expedite the implementation of pri-

1 ority restoration projects on National Forest System
2 lands.

3 (b) PURPOSES.—The purposes of this Act are—

4 (1) to encourage agreements between the For-
5 est Service and cooperators to promote public aware-
6 ness and participation in the restoration and man-
7 agement of the resources and programs of the For-
8 est Service;

9 (2) to affirm Congress' support for agreements
10 between the Forest Service and cooperators that fur-
11 ther the Forest Service's mission by assisting the
12 Forest Service in the administration of all Forest
13 Service programs;

14 (3) to clarify and create additional authority for
15 the Forest Service to work with cooperators; and

16 (4) to leverage Forest Service resources with
17 the resources of cooperators.
