

109TH CONGRESS

S. 4033

To provide for Kindergarten Plus programs.

IN THE SENATE OF THE UNITED STATES

SEPTEMBER 29, 2006

Mr. DODD (for himself, Mr. KENNEDY, Mr. KERRY, Mr. LIEBERMAN, Mr. DURBIN, Mr. SCHUMER, and Mrs. CLINTON) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To provide for Kindergarten Plus programs.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Kindergarten Plus Act
5 of 2006”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) Kindergarten has proven to be a beneficial
9 experience for children, putting children on a path
10 that positively influences their learning and develop-
11 ment in later school years.

1 (2) Kindergarten and the years leading up to
2 kindergarten are critical in preparing children to
3 succeed in elementary school, especially if the chil-
4 dren are from low-income families or have other
5 risks of difficulty in school.

6 (3) Disadvantaged children, on average, lag be-
7 hind other children in literacy, numeracy, and social
8 skills, even before formal schooling begins.

9 (4) For many children entering kindergarten,
10 the achievement gap between children from low-in-
11 come households compared to children from high-in-
12 come households is already evident.

13 (5) Eighty-five percent of beginning kinder-
14 gartners in the highest socioeconomic group, com-
15 pared to 39 percent in the lowest socioeconomic
16 group, can recognize letters of the alphabet. Simi-
17 larly, 98 percent of beginning kindergartners in the
18 highest socioeconomic group, compared to 84 per-
19 cent of their peers in the lowest socioeconomic
20 group, can recognize numbers and shapes.

21 (6) Once disadvantaged children are in school,
22 they learn at the same rate as other children. There-
23 fore, providing disadvantaged children with addi-
24 tional time in kindergarten, in the summer before
25 such children ordinarily enter kindergarten and in

1 the summer before first grade, will help schools close
2 achievement gaps and accelerate the academic
3 progress of their disadvantaged students.

4 (7) High quality, extended-year kindergarten
5 that provides children with enriched learning experi-
6 ences is an important factor in helping to close
7 achievement gaps, rather than having the gaps con-
8 tinue to widen.

9 **SEC. 3. DEFINITIONS.**
