

condition, each year about 54,000 will die; another 1.3 million will live but could greatly benefit from hospice and palliative care.

Historically, hospice reimbursement guidelines, in Medicaid and most private plans, have required that patients forego all life-saving care before they can be admitted to hospice. They have also required the patient to be within the last 6 months of life. However, this does not work with pediatric patients for whom aggressive treatment is sought and life-expectancy cannot be estimated.

Families should not be expected to give up on hope for a cure in order to receive that help. Because of the unpredictable course of many serious childhood illnesses, it is often very difficult for doctors to know when a child is within 6 months of death. Parents should not have to choose between hospice care and the hope for a cure. Parents should not have to keep their child in a hospital or other facility simply because insurance will not pay for the child to receive the same care, at a lower cost, at home.

The most critical time for children and family members is at the point of diagnosis—when they need the intensive support and guidance that hospice and palliative care programs can provide.

Since 1997, CHI has worked with the Centers for Medicare and Medicaid Services, CMS, to set up the Program for All-Inclusive Care for Children and their Families, CHI PACC. CHI PACC programs provide a continuum of care for children and their families from time of diagnosis, with hope for a cure, through bereavement, if needed.

With Congressional support, a total of 18 States are already benefiting from this initiative through CHI PACC programs in six States and two regions. States currently implementing CHI PACC are Colorado, Florida, Kentucky, New York, Virginia, and my home State of Utah, which will be among the first to implement this model.

Utah has been one of the leaders in this effort. Utah's Department of Health has spearheaded the effort in Utah, and the Primary Children's Medical Center in Salt Lake City, UT has been a central point of developing these pediatric palliative services to assist families from the point of diagnosis.

The New England Region is also preparing to implement CHI PACC to serve six States—Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont. The Colorado program extends to patients in six additional States—Kansas, Montana, Nebraska, New Mexico, South Dakota and Wyoming. In Pennsylvania, the Department of Defense is working to adopt the CHI PACC model for its health care system. The goal of all of these efforts is to prove the effectiveness of the CHI PACC model so that it can be adopted universally through Medicaid, S-SCHIP and private insurers.

As we approach Memorial Day, it should be noted that Children's Hospice International is a living memorial to Ensign Alan H. Armstrong and his shipmates lost aboard the U.S.S. Frank E. Evans during the conflict in Vietnam. Armstrong is the brother of CHI Founder Ann Armstrong-Dailey. I deeply appreciate Ensign Armstrong's service to our country.

I commend Children's Hospice International on its 22nd anniversary as it seeks to remove the roadblocks in private and public insurance programs that prevent these children and their families from receiving the care and support they need.

I too believe in the vision that Ann Armstrong-Dailey, along with original honorary board members Barbara Bush, and Senators Claiborne Pell and Robert Dole, put forth 22 years ago when they launched this very important effort to provide dignified care and support to children with life-threatening conditions and their families.●

NATIONAL HISTORY DAY 2005

● Mr. CONRAD. Mr. President, today I wish to say a few words about National History Day. For the past 25 years, National History Day has provided students in grades 6–12 with opportunities to study different periods or trends in American history. National History Day is a year-long educational opportunity for students to examine a period of American history closely through extensive research, development of exhibits and presentations, and multimedia documentaries. This year's national competition topic is "Communication in History," and the competition will be held on the campus of the University of Maryland in June.

I am especially proud of the students from my State of North Dakota who have been selected to participate in this program this year. These students participated in the North Dakota State competition and were selected to represent the State in the national competition. They include Edward Gallegos, Kelbi Clarke, Lyndsie Cossel, Sejal Parikh, Sarak Shirek, Amirah Ahmed, Amber Guseman, Annah Klamm, Meghan Graham, Katie Sanner and Amanda Malm from Grand Forks. They also include Erin Droske, Aaron Christianson, Jessica King, Micah Gilleshammer and Sarah Lunde of St. Thomas. These students represent the Schroeder Middle School and Red River High School in Grand Forks and the St. Thomas Public School in St. Thomas, ND. I congratulate them and wish them much success in the national competition.●

Whereas Congress authorized a new round of the Base Realignment and Closure process to occur this year, which has the potential to affect the 179th Airlift Wing, Ohio National Guard, and the community of Mansfield that supports the unit; and

Whereas the 179th Airlift Wing is active in the community through various events and organizations, employs approximately 1,000 individuals, and provides economic support and benefits to the city of Mansfield and the surrounding communities; now therefore be it

Resolved, That the 126th General Assembly of the State of Ohio supports the 179th Airlift Wing, Ohio Air National Guard, at the Mansfield Lahm Airport and firmly believes that the unit and base should not be included in the Defense Base Closure and Realignment Commission's list of proposed bases to be closed, as it is a valuable asset to the state of Ohio and the defense of our nation, and memorializes Congress to take appropriate action so that this base is not included in the Commission's list; and be it further

Resolved, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the President of the United States, the Secretary of Defense of the United States, the members of the Ohio Congressional delegation, the Speaker and Clerk of the United States House of Representatives, the President Pro Tempore and the Secretary of the United States Senate, and the news media of Ohio.

Whereas in addition to working to protect our nation by sending unit members to participate in engagements around the world, the 178th Fighter Wing works in the community, participating in such activities as the Adopt-A-Family program, the Combined Federal Campaign, Help-A-Needy Family program, and Red Cross blood drives, as well as other activities; and

Whereas Congress authorized a new round of the Base Realignment and Closure process (BRAC) to occur this year, which has the potential to affect the 178th Fighter Wing, the base, and the community of Springfield that supports the base; and

HOUSE RESOLUTION 108

Whereas our entire nation owes our coal miners a great deal more than we could ever repay them for the difficult and dangerous job which they perform so that we can have the fuel we need to operate our industries and to heat our homes; and

Whereas coal mining is as much of a culture as it is an industry; and

Whereas coal miners sacrifice life and limb for little recognition, and it would be proper and fitting for our nation to recognize our coal miners, past and present, for their contributions; therefore be it

Resolved, That the General Assembly of the Commonwealth of Pennsylvania memorialize the Citizens' Stamp Advisory Committee of the United States Postal Service to issue a commemorative stamp honoring our coal miners and their contributions to our nation and its citizens; and be it further
